identity checks are continuing, with foot patrols of combined police and military personnel touring the city. All roads to Jerusalem still are blocked by armored patrols.

There still was no official word as to when, or if, Dov Bela Gruner, condemned member of Irgun Zvai Leumi, would hang, but the respite granted him last week apparently still was in effect. Most informed persons believe that the execution of Gruner will touch off new violence.

Uncle Says Gruner Is Innocent.

St. Petersburg, Fla., Feb. 5 (A. P.).—Frank Gruner, 71-year-old winter visitor to St. Petersburg, and uncle of Dov Bela Gruner, Jewish underground member now under sentence of death in Palestine, said today he did not believe his nephew guilty.

Dov wrote a letter to his sister, Mrs. Helen Friedman of Lancaster, Pa., maintaining his innocence after his arrest, Frank Gruner said, explaining that the letter was smuggled out of prison.

"Dov had studied electrical engineering while in the British Army," Gruner said. "He said in the letter to his sister that he had gone into a building to ask for a job as an electrical technician. There, he became involved in an argument of some sort with a British soldier who shot him in the face. He said he was thrown into prison, tried and convicted. I think he was made a scapegoat."

Gruner said that he never had seen Dov but had corresponded with him for several years.

The elder Gruner retired as assistant superintendent of mails in New York city two years ago after forty-two years with the Post Office Department. He has been a resident of New York city for sixty years.

Previous Proposal Described

Prior partition proposals envisaged the creation of independent Arab and Jewish states in Palestine.

The Jewish Agency spokesman said "we do not anticipate tht Britain's final offer will represent much advance." Government spokesmen maintained silence over specifications.

The British Cabinet was in session for the third time in three days on details of the projected settlement.

No Known Notes To U.S.

A Foreign Office spokesman said he knew of no recent exchanges with the United States of views on Palestine.

Dr. J. Jamali, spokesman for Arabs attending the Palestine conference, said he could see little use of continuing the talks "unless Bevin produces some alternative proposals which may overcome the vital points of difference" between the Arabs and Jews.

ZIONIST COUNCIL CALLS MEETING IN WASHINGTON

NEW YORK, Feb. 5.—(AP) Dr. Abba Hillel Silver, chairman of the American Zionist Emergency Council, said today the Council has called a national extraordinary session of all Zionist leaders in America for Feb. 17 in Washington, D. C., to make plans to cope with the present Palestine emergency.

2 BILLION ASKED BY DENMARK FOR NAZI WAR DAMAGE

LONDON, Feb. 5. — (AP) Denmark claimed today that she suffered $2,300,000,000 worth of war damages at the hands of the Nazis and asked the Deputy Foreign Ministers conference to see to it that she was repaid in surplus German goods.

A Danish memorandum, submitted to the ministers, warned that Germany should not be stripped down to an "economic vacuum," but that her industry should be supervised so that it could supply other countries with "badly needed goods.

The note said that Denmark would be content to receive her reparations "from current production when surplus goods become available."

Get New Zealand Note

The deputies, meeting here to prepare draft treaties for Germany and Austria, also received a recommendation from New Zealand that careful study be given to determine whether the allies should help Austria to get on her feet economically.

New Zealand suggested that Austria might have to be established in a larger economic framework than after the first world war, and that neighboring lands might have to make some adjustment to Austrian needs.

The New Zealand note recommended that Austrian borders be retained as they were before the union with Germany in 1938. New Zealand thus joined several other nations in opposing Yugoslavia's claim to part of the Austrian province of Carinthia.

Dr. Karl Gruber, Austrian foreign minister, told the deputies that his country had purged 135,000 Nazi-tainted government employes, launched an education program designed to wipe out the last traces of fascism, and had tried 2,730 persons for war crimes. All but 400 of those tried were convicted and sentenced, he said.

The Polish delegation to the conference read a statement to newsmen renewing Poland's claim to 40,000 square miles of German territory up to the Oder and Neisse rivers and declaring that Poles had built "new life" into the war-devastated area.

Poland, backed by Russia, has anticipated possible American and British objections to the claim.

Stefan Wierblowski, member of the Polish delegation, said in response to questions that Poland "does not foresee at the moment" any new Polish alliances to guarantee the frontier. He added, however, that existing Polish-Russian and Polish-Yugoslav treaties "have a bearing" on the question.

135,000 Nazis Purged, Austria Tells Deputies

London, Feb. 5 (AP)—Austria's Foreign Minister told deputies of the four-power Foreign Ministers today that Austria had purged 135,000 Nazi-tainted Government employés and undertaken democratic education to wipe out the last traces of Fascism.

Prodded by Soviet Deputy Feodor T. Gousev for a strict accounting of de-Nazification and war-criminal prosecutions, the Austrian Foreign Minister, Dr. Karl Gruber, also reported 2,730 persons already tried for war crimes and 2,307 convicted and sentenced.

Meanwhile, the deputies, continuing the writing of an Austrian peace treaty, heard New Zealand recommend re-establishment of Austria's prewar frontiers. New Zealand thus joined several other powers in opposing Yugoslavia's claim to a part of the Austrian province of Carinthia.

HAIL LAMONT'S GIFT

London, Feb. 5 (A. P.).—Announcement that Thomas W. Lamont of New York city had donated $500,000 toward restoring Canterbury Cathedral was acclaimed by the London press today as new evidence of British-American friendship.

The Daily Telegraph said in an editorial that "no plainer proof of the immutable bonds of common heritage that tie the British and American people could be wanted than this magnificent gift."

The Times said the American financier's gift was "an act of overflowing generosity for which the English people will be profoundly grateful."

CABINET ROW IN PARIS

Paris, Feb. 5 (A. P.).—The French Cabinet was today threatened with rupture over a Communist-proposed plan for nationalizing the merchant marine. Authoritative spokesmen said the finance minister, Robert Schuman, a member of the Popular Republican Movement (M. R. P. party), threatened to resign if the cabinet approved such a step.

No decision was taken, and the cabinet failed to issue its usual communique on the session. Another meeting was scheduled for Friday.

France To Buy Grain In U.S., Canada

Paris, Feb. 5 (AP)—The Agriculture Ministry announced that Pierre Tanguy-Prigent, Minister for Agriculture, and two aides would leave tonight by plane for the United States and Canada to negotiate the purchase of wheat and secondary grains.

Despite an excellent harvest last year, metropolitan France lacks 622,000 tons and North Africa 401,000 tons of necessary grains, the ministry said.

British Deny Blame in Death Of Yugoslav Aide

Rome, Feb. 5 (AP).—British army officials denied tonight a Yugoslav charge that they were to blame for the fatal beating of Yugoslav repatriation officer at a Chetnik camp near Naples on January 25.

The British said Visko Glumchich, a Yugoslav Consular representative, went to the camp after he had been warned his life would be in danger. The Chetniks are bitter enemies of the present Yugoslav regime.

Referring to charges that the British remained idel while the Chetniks forced their way into a camp office and beat Glumchich and an aide with iron bars, the British said: "On the contrary, both they and the Chetnik officers present made every effort to restrain the assailants. The whone incident was only a matter of minutes, and before the British armed party hastily summoned could reach the scene, the Yugoslav representative had already been seriously hurt."

activities foreshadow a bitter struggle yet to come for economic domination of the free state.

The ill feeling between the Communist pro-Yugoslav elements and the rightist pro-Italians had subsided somewhat since last summer, when it frequently caused rioting and bloodshed.

But now the pro-Italian press has called upon the residents of Trieste and Italian-speaking Istria to express their Italianism and their grief over separation from Italy by displaying black-creped Italian flags in all windows Monday.

Economic Disaster Predicted

Pro-Italians' pessimism over the economic future of the free state is reflected in their press, which predicts stagnation and astronomic budget deficits unless the area is closely allied to Italy. But the pro-Yugoslav organs forecast a golden age for a free state closely linked economically with Yugoslavia.

Previously Rasmussen had told the Danish parliament that the government was considering ending the agreement, which provided for termination when the "peace and security of the American continent was no longer endangered."

The newspaper Berlingske said the Danish foreign office had received an application for a Czech polar expedition to go to Greenland next summer. The expedition's 10 members will be scientists, the report said.

U. S. Food to Germans Rises

BERLIN, Feb. 5 (AP). — The American Military Government announced today that food imports from the United States to feed Germans in United States-occupied territory amounted to 193,500 tons in January. This was the highest monthly total since the beginning of the occupation. Most of the January receipts were flour and grains.

Greenland Not for Sale, Danish Official Asserts

COPENHAGEN, Feb. 5—(AP) Foreign Minister Gustav Rasmussen told a news conference tonight that Denmark has no intention of selling Greenland to "any foreign power." Moscow newspapers have reported that the United States wants to purchase Greenland for a military base. The reports have been denied officially in Washington.

Rasmussen added, however, that the time has come for abolition of the agreement under which the United States placed war-time installations in Greenland, and "negotia-

Frankfurt, Feb. 5 (A. P.).—Sixteen United States Army prisoners escaped from the American military prison at Mannheim last night and seven are still at large, the Third Army provost marshall's office reported tonight. The prisoners cut their way through the stockade wall with a pneumatic drill which had been used for inside construction work. Nine were soon recaptured.

Autonomy Demanded If Palestine Is Split

London, Feb. 5 (AP)—A Jewish Agency spokesman said today that the Jews would reject a reported new British plan for a federalized-partitioned Palestine if it withheld from them effective autonomy or control over immigration.

Spokesmen for the Arabs, who outnumber Jews in Palestine two to one, flatly rejected the plan which a Government source said the British Cabinet had decided to

WEATHER AGAIN DELAYS TRIP OF GRUNER'S SISTER

NEW YORK, Feb. 5. — (AP) Continued bad weather forced a second postponement today of the departure of Mrs. Helen Friedman, of Lancaster, Pa., who plans to fly to Palestine to aid her brother, Dov Bela Gruner, under sentence to hang as an Irgun terrorist.

Prague, Feb. 5 (A. P.).—The Soviet Government asked and received permission today to move troops from Hungary across the eastern tip of Slovakia from now until April 1. The agreement stirred speculation here that this might be the forerunner of a large-scale withdrawal of Red Army forces from Hungary and neighboring Austria.

Greek Probe Plans 4-Nation Liaison

Athens, Feb. 5 (AP)—The United Nations commission investigating Greece's complaint that her northern neighbors were aiding leftist Greek guerrillas decided today to permit liaison of all four nations involved to take part in all discussions at the commission's open meetings.

However, they will not be allowed to vote. The nations involved, in addition to Greece, are Albania, Yugoslavia and Bulgaria.

Bierut Elected President By Polish Bloc

Warsaw, Feb. 5 (AP)—Boleslaw Bierut, who had headed the Moscow-born provisional Polish government for sixteen months, was elected President of Poland for a seven-year term by the bloc-controlled Parliament today.

The only candidate nominated for the presidency, Bierut received 408 votes.

Deputies of Stanislaw Mikolajczyk's Polish Peasant party, which has contended that the election forming the Parliament was neither free nor unfettered, cast 25 negative votes. Four votes were invalid and seven deputies were absent.

Peasant Members Silent

The deputies wrote their votes on slips of paper and dropped them in a box before the Parliament rostrum. The announcement of the tally brought most of the deputies to their feet cheering. The Polish Peasant party members remained seated.

Bierut, the son of a peasant, is 54 years old, unobtrusive and hard working. He rode from Belvedere Palace to Parliament in an open automobile in a heavy snowstorm to take the oath.

He and his entire provisional regime resigned yesterday to open the way for the formation of the new Government.

Bierut was expected to ask the secretary-general of the Socialist party, Josef Cyrankiewiez, to form a new cabinet.

BIERUT TAKES OATH AS HEAD OF POLAND

WARSAW, Feb. 5—(AP) Boleslaw Bierut, who had headed the Moscow-born provisional Polish regime the last 19 months, was sworn into office today as president of Poland, following his reelection to a seven-year term by the new parliament.

Thousands of Poles lined the streets in a blinding snowstorm to cheer the 54-year-old Bierut as he drove in an open automobile from Belvidere palace to parliament to take the oath. He arrived there amid a blare of trumpets and a 21-gun salute, while a cavalry regiment bearing beflagged lances stood guard.

Vote Is 408 to 25

The new president, elected by a vote of 408 to 25, pledged himself to maintain the dignity of the nation, and ended with "so help me God." Former Vice Premier Stanislaw Mikolajczyk and other deputies of his opposition Polish Peasant party stood silent in the cheering chamber.

All of the negative votes were cast by the Polish Peasant deputies. Four votes were declared invalid and seven deputies were absent. The Polish Peasant party holds 28 of the 444 seats in the new parliament elected last month in balloting criticized by the United States and Britain as unfair and fettered.

Bierut is expected to name 35-year-old Josef Cyrankiewiez as premier and ask him to form a new cabinet. Cyrankiewiez is secretary-general of the Socialist party and former minister without portfolio.

The new president, son of a peasant and once a printer's apprentice, was the only candidate placed before parliament.

Ethridge Didn't Act To Save 5 Greeks

Denies Intervening With Foreign Minister

ATHENS, Feb. 5 (AP).—Mark Ethridge, publisher of "The Louisville (Ky.) Courier-Journal" and United States member of the United Nations Security Council Commission investigating border trouble in the Balkans, said tonight he did not intervene in the scheduled execution of five Greeks.

A report given correspondents with the commission said Ethridge called on Foreign Minister Constantin Tsaldaris of Greece and discussed the matter for two hours.

However, Ethridge said today that he did not even know Tsaldaris and would meet him for the first time tonight at a dinner given for the commission.

Colonel A. Roscher-Lund of Norway, United Nations secretary to the commission, received a plea for clemency for four Greek guerrillas and a Greek orphan sentenced to die before a firing squad, Ethridge said. The publisher said Roscher-Lund mentioned it to him and that he advised Roscher-Lund the plea should be referred to Alexis Kyrou, Greek liaison officer and not to the commission.

(An official of the United Nations press section at Lake Success, N. Y., said that a message received from the press officer sent with the commission had declared that "Lund routed Etheridge out of bed and both saw Tsaldaris at 1 o'clock in the morning. After a two-hour talk Tsaldaris promised that all deaths would be postponed.")

SOVIET ORDERS CUT IN ARMED FORCES

Fifth Demobilization Since End of War to Affect Older Men.

MOSCOW, Feb. 5. — (AP) Russia announced today her fifth demobilization of troops since the end of the war in Europe, ordering that several hundred thousand men in older age brackets be mustered out of the army, navy and air force between March and June.

Informed foreign sources said there would be very few soldiers over 22 years of age in the Russian army, when the new demobilization order was carried out.

Officers Not Affected

The fifth demobilization, which does not affect officers, was another step toward getting the Soviet back to a peacetime basis and furnishing manpower to meet the production goal of the post-war five-year plan.

There was no accurate indication of how many men would remain in the Soviet armed forces after the order becomes effective, but the new demobilization appeared to be even larger than the preceding one when the equivalent of 20 divisions, not including others at home and in eastern occupied areas, were demobilized.

Primes Minister Stalin said in a statement at that time that Russia had 60 divisions in the west, outside the Soviet Union, and that after the fourth demobilization she would have but 40 incomplete divisions in the west. The fourth demobilization took place last November and December.

Further Orders Hinted

Additional demobilization can be expected in the future unless complications arise in the international field, because of Russia's avowed desire to return to normal conditions and the great need for industrial man power.

Like other nations, the Soviet Union is continuing to bring younger men into the armed forces, but thousands of young Russians of military age apparently are going into industry rather than the army.

The latest demobilization order, signed by Nikolai Shvernik, chairman of the Supreme Soviet, does not specify the ages of the men affected, beyond mentioning "older" troops. It said merely that two age groups of the ground forces, one of the air force and three of the navy would be mustered out.

Russia issued her first demobilization order June 23, 1945, returning 13 upper age groups of officers and men to civilian life. Subsequent orders, including today's, mean that a total of 32 age groups have been singled out to return to civilian life.

MORE RED TROOPS TO BE DEMOBILIZED

Moscow, Feb. 5 (A. P.).—The Government today issued its fifth demobilization order since June 23, 1945, singling out several hundred thousand more Russian armed force personnel for return to civilian life in another step toward getting the Soviet Union back to a peacetime basis and furnishing man power for field and factory.

This latest demobilization appears to be even larger than the preceding one announced last October. Signed by the chairman of the Supreme Soviet, Nikolai Shvernik, it goes into effect between March and June. It affects older personnel in the ground forces, air force and navy, but not officers. The order did not specify age groups beyond mentioning "older" troops.

Russia is continuing to bring younger age groups into the army as older personnel is demobilized. But the best indications here are that thousands of young Russians of military age have not been called into the army since the war's end. Instead they have gone into factories or specialized jobs in civilian life.

It is difficult to say with certainty just how many men will remain under arms in the U.S.S.R. after this demobilization. Prime Minister Stalin, in a statement on the armed forces last October, said Russia had 60 divisions in all in the West (outside the Soviet Union).

He added at the time that after the next demobilization—which was the fourth—Russia would have but 40 divisions in the West. The fourth demobilization came between November 1 and January 1, mustering out an unspecified age group.

Civilian Workers Needed

In the light of Stalin's statement this meant that twenty divisions were affected in the West by the fourth demobilization. The Prime Minister's figures did not include men demobilized at home and in the East and Far East.

The demobilization orders are in keeping with Russia's expressed desire to get as many men out of the armed forces as possible to return to civilian work.

Officers Little Affected

Some foreign sources said that after this fifth demobilization is completed, the Soviet Union would have relatively few soldiers in the army over the age of 22. Officer personnel, however, has not been greatly disturbed.

have to have dollars.

"To sell. By all means to sell. By all means you've got to force the purchaser to put his money on the counter or he leaves it with your competitor. For the sake of this, a firm will do anything."

Blames Rent Control.

Discussing the housing shortage, he said: "The United States has building fever. . . . Hammers are rattling everywhere. Twenty to thirty-story houses made of steel are constructed in two or three months. But what's amazing is that I did not see in New York a single new house finished, although 750,000 persons do not have living space, according to Gov. Dewey. And it is almost impossible to get a place to live.

"Why aren't the new houses finished? Very simple. The control of apartment prices has not yet been removed."

Atomic Bomb Practice.

Zhukov said the meat shortage of last October was ended quickly when price controls were removed. "Meat appeared everywhere next morning," he said, "but at double the price."

Describing Times Square as a place of "concrete, asphalt and stone, with not a tree nor any grass," he declared that the advertisements, "which pitilessly hypnotize a man in letters that dance and change, demand that you throw all your business away, give your dollars to those who do business here." He quoted the signs as saying: "Our hats will make you elegant." "Practice your ability to aim and throw the atomic bomb."

Then, turning to wages, Zhukov declared: "The savings fathered by a rich part of the population in the years of war, when one could earn well, are greatly spent already. And the wages of the laboring people do not even provide a living minimum. Eighty per cent of the workers of the United States of America don't have a living minimum. If one thinks deeply about these figures it is not hard to understand that the legend about the inexhaustible purchasing ability of the American consumer, on which the business men of the United States make their calculation by blowing up prices, has dispersed like smoke."

Izvestia Sees Rise Of 'Would-be Duce'

Moscow, Feb. 5 (A. P.).—Izvestia, Soviet Government newspaper, said today that Guglielmo Giannini, Italian political leader, was a "would-be Duce" and his Uomo Qualunque (Common Man) party was a "band of Fascists who have exchanged black shirts for ordinary citizens' jackets."

B. Ilin, Izvestia political writer, declared that reactionary groups in search of a new Mussolini had found Giannini.

"They are beginning to publicize their find," he added, "with silence on the part of British and American occupation authorities."

Writer Says It Causes Housing Shortage in New York—Cites Meat Shortage End.

Moscow, Feb. 5 (A. P.).—Yuri Zhukov, writing in Pravda, the Communist party official newspaper, described New York today as a city where a merchant will do anything to get a customer's dollar and where the housing shortage could be relieved by the simple expedient of removing rent controls.

Describing Times Square, he said: "Here at the center of the city, they sell 'Play at Atomic War' the clock around. You can buy a cane at 4 A. M., have breakfast at 8 P. M., and go to a movie at 7 A. M. You just

LONDON, Feb. 5 (AP).—Yuri Zhukov, correspondent for "Pravda" who recently returned from the United States, wrote tonight that climbing American production and increasing inventories "constitute the beginning of a dreadful economic crisis."

Zhukov's report, distributed by the Russian news agency Tass, said inventories had risen to $34,000,000,000 "to which another billion is added each month."

"In the very near future American capitalists might have to close down their factories as they see no practical possibility of selling their stored-up supplies," Zhukov said.

YANKS PROMISED SAFE DEPARTURE BY CHINESE REDS

PEIPING, Feb. 5 (AP)—The Chinese Communists promised today to give Americans evacuating Peiping Truce headquarters safe passage to Tangku port.

Simultaneously, they strengthened their attack toward Fenyang in Shansi province, but themselves faced the possible loss within a few days of their big southern Shantung province base, Lini.

The Communist commissioner at Truce headquarters told the Associated Press his party's chiefs at Yenan had ordered Communist troops to cease their attacks on the Peiping-Tientsin railroad as soon as the Americans announce their departure date. The date is expected to be announced tomorrow.

2,000 Americans Involved

The departing Americans—nearly 2,000 officers, civilians and dependants at headquarters—depend upon the railroad for transportation to Tangku, their embarkation port, near Tientsin. They were ordered out of China—to be followed by some 10,000 U. S. Marines—when U. S. Secretary of State Marshall last week announced the closing of the American branch of headquarters.

At that time, the American commissioner, Lt. Gen. Alvan C. Gillem, Jr., guaranteed the safe return of Communist truce team personnel to Yenan or other party controlled areas.

Communist guerrillas long have made sporadic hit-run attacks on the railroad, often interrupting service for days. Only last weekend they tore up 100 yards of rail, since restored, and burned three small stations.

Mine Blows Up Train

The Communists had not yet made their Peiping area truce effective, however. A mine blew up several cars of a coal train 27 miles southeast of Peiping and harassing activities continued.

Gen. Chou Chih-Jou, commander of China's air force, meantime joined other military leaders in predicting Lini would be captured quickly. He told the Nanking newspaper, Hsin Min Pao:

"The Communists have fallen into a fatal situation in southern Shantung which might result in the clarification of the whole war within a week."

Chou just had returned to Nanking from Suchow, big government base 90 miles southwest of Lini. Chiang Kai-Shek himself visited Suchow Sunday. Government forces immediately spurred their offensive against the city, one spearhead advancing within six miles of Lini and three columns to wi[illegible]les.

Chinese Reds To Let Yanks Use Railroad

To Cease Railroad Attacks

PEIPING, Feb. 5 (AP).—The Communist commissioner at Executive (truce) Headquarters said today that Communist headquarters at Yenan has ordered its troops to cease attacking the Peiping-Tientsin railroad when the American branch at headquarters begins to withdraw.

Communist guerrillas long have harassed the railway and frequently have interrupted service for several days at a time by cutting rails.

The railway is the communications link with Tientsin and its port, Tangku, from which nearly 2,000 American personnel and dependents at headquarters will sail soon. Evacuation of all American personnel was ordered last week, to be followed by the withdrawal of United States marines. The Americans expect to receive tomorrow the announcement of their departure date.

In Shansi Province, government press dispatches conceded today, the Communists appeared to be isolating Fenyang, seventy miles southwest of Taiyuan, the provincial capital. "Hsin Min Pao" called the situation critical.

[A Communist news broadcast from Yenan, recorded in San Francisco by The Associated Press, reported: "In less than ten minutes fighting, the 8th Route Army in Middle Shansi retook the county town, Wenshui, fifty miles southwest of Taiyuan, and the important strong point, Kaicha, north of Wenshui, following the repulse of a major attack of 20,000 Yen Hsi-shan's troops. Two thousand of Yen Hsi-shan's troops, including one regiment commander, were captured." General Yen is the war-lord governor of Shansi.]

Fall Of Line Believed Near

Nanking, Feb. 5 (AP)—The commander of China's air force announced today that "the Communists have fallen into a fatal situation" in Shantung province "which might result in the clarification of the whole war within a week."

The commander, Gen. Chou Chih-jou, made his remarks to the influential newspaper *Hsin Min Pao*, which reported that Government troops were within six miles of Lini and that the city might fall today.

Elsewhere, increasing Chinese Communist presure on the Shansi province domain of warlord Governor Yen Shi-shan was reported in Government press dispatches today.

The Communists were said to be isolating the big city of Fenyang, 70 miles southwest of the Shansi capital of Taiyuan.

Wtshington, Feb. 5 (A. P.).—Heeding a recommendation of its Foreign Affairs Committee, the House shelved today a resolution calling upon Secretary of State Marshall to furnish full information on the withdrawal of American troops from China.

China Granting 100% Subsidy To Exporters

50% Surcharge on Value of Imports to Finance Plan to Boost Foreign Trade

NANKING, Feb. 5 (AP).—Premier T. V. Soong announced today that the Chinese government is granting a 100 per cent subsidy to Chinese exporters in an effort to give immediate stimulus to the nation's faltering foreign trade.

The subsidy, he said, will be financed through an ad valorem surcharge of 50 per cent on selected categories of imports, effective tomorrow. It will apply to all cargo moving from China except that originating in Manchuria and Formosa, which already have internal currency favorable to exporters.

Under the program, those forced to sell all foreign exchange to government banks at the official rate (3,350 Chinese dollars for one American dollar) will henceforth receive double that amount. This is still under the black market rate, which made one United States dollar worth more than 9,000 Chinese dollars in Shanghai today.

The announcement said the surcharge will cover about 40 per cent of the total value of imports.

[Certain key imports including agricultural and electrical machinery, wheat, rice and raw cotton will be exempted from the new 50 per cent surcharge, it was reported by the British Broadcasting Corporation, heard by the National Broadcasting Company.]

CHINA SEIZES RADIO OF BISHOP YUPIN

Nanking, Feb. 5 (A. P.).—Forty soldiers entered Bishop Paul Yupin's Catholic Mission headquarters before midnight on Monday, seized an unlicensed radio transmitting station and arrested two operators, it was learned today.

The bishop's secretary said the station was the property of the Catholic newspaper, Social Welfare, which used it to communicate with branches in Shanghai, Peiping, Tientsin, Chungking and Sian "with the tacit approval of Chiang Kai-shek." The Government ordered all unauthorized stations to close, and the Nanking garrison's military radio control section spent four days tracing the station. Bishop Yupin had left for Shanghai two days before the incident.

NAVY OFFICER EXPLAINS SINKING OF PRINZ EUGEN

PEARL HARBOR, Feb. 5—(AP) A high ranking Navy officer said today the Prinz Eugen was a victim of atomic power, ending speculation on the cause of the sinking of the trim Nazi heavy cruiser.

The officer, who declined use of his name, gave this explanation:

Hammering underwater blows from the second Atomic bomb explosion at last summer's Bikini tests loosened the Eugen's plates and caused the cruiser to spring leaks in compartments that naval personnel could not enter because of danger from radioactivity.

The Eugen had been taken to Kwajalein lagoon and anchored with other survivors of the Bikini atomic fleet. It sank at Kwajalein in mid-December.

Yesterday, a navy salvage officer speculated that perhaps someone accidentally had opened seacocks, causing the Eugen to go down.

ARMY OFFICER HELD IN JAP GEM PROBE

Colonel's Arrest Is Ordered After $210,000 in Diamonds Are Found.

SAN FRANCISCO, Feb. 5—(AP) Seizure of more than $210,000 worth of Japanese diamonds and the arrest of an Army colonel on orders of Gen. MacArthur, was announced today by U. S. Customs.

Col. Edward Murray was in technical custody at his home in Palo Alto, Calif., Customs Collector Paul Leake said, after a report on discovery of the gems had been cabled to General MacArthur at Tokyo.

Leake said General MacArthur was informed the diamonds were found when Col. Murray arrived here Monday aboard the Westminster Victory from Japan.

The technical arrest order was immediately radioed back to San Francisco.

Leake said customs agents made an initial discovery of $10,000 worth of diamonds in Murray's watch pocket when the ship docked at the Oakland army base Monday. In the questioning that followed, Leake said, Murray surrendered a safe deposit box key in which 500 more diamonds, valued at approximately $200,000, were found.

An army spokesman said the arrest was made on MacArthur's request in order to enable the Army to make its investigation. He said if the Army did not try Col. Murray, his case would be turned over to the customs service.

Murray is a former California State Highway engineer. He commanded units of the 40th division, which participated in the American operations in the Philippines. Later he commanded American forces at Panay island.

Colonel Had Charge Of Bank of Japan

TOKYO, (Thursday), Feb. 6—(AP) Col. Edward J. Murray, held in San Francisco after the seizure of $210,000 in Japanese diamonds by U. S. Customs officials, was the officer in charge of the Bank of Japan, the U. S. Eighth Army said today.

In the vaults of the bank were millions in gold and silver bullion and diamonds held in occupation custody, army authorities said, and Murray was selected for the job because of his excellent record.

Huk Chief Says Only U. S. Help Sustains Roxas

Hunted Filipino Guerrilla Boasts in Hide-Out That He Could Defeat 'Fascist'

The following dispatch reports the first interview obtained with Luis Taruc, leader of rebellious Filipino peasants, since he went into hiding five months ago after attempts at reconciliation with the government broke down. James Halsema, of the The Associated Press staff in Manila, reached Taruc's camp after a fifteen-mile night march escorted by 200 armed peasants.

By James Halsema

SOMEWHERE IN CENTRAL LUZON, Feb. 5 (AP).—Luis Taruc, leader of central Luzon's armed peasants, boasted today that his Hukbalahap forces could overthrow President Manuel A. Roxas' government if the United States withdrew its support.

Taruc made the statement in an interview at his temporary hideout in the rice fields thirty-five miles north of Manila.

"The Roxas regime," the thirty-three-year-old leader of an estimated 7,000 armed peasant guerrillas said, "is dependent on the help of the United States Army. Without American aid to the Fascist government of Roxas, we could take the initiative in this struggle if we wanted, but we do not want to."

Asked how the Americans were aiding Roxas, the slim, smooth-faced Filipino replied that the United States armed and trained the 10,000 Filipino military police who are engaged in a campaign to capture him and his followers. They were supplied, he said, by United States Army surplus equipment.

Urges Land Reform

Taruc referred sarcastically to Roxas' recent state of the nation speech to Congress, in which the President said the worst problem in central Luzon when he took office was restoring peace and order.

"The most pressing problem is, and has been for centuries, the ending of the feudal land tenure system," Taruc said. "Once the land problem is solved, peace will return to our blood-soaked fields."

Taruc declared that Roxas' administration promised a "fine program of land reform applauded by every one of us" among the central Luzon peasants, but failed to carry it out.

Taruc has been a fugitive since the end of August, when a wave of violence ended an uneasy truce between the Huks and the government. He took to the field, fearing assassination, and since then has been repeatedly reported cornered, but he said he had never been so much as scratched in five months of skirmishes.

Denies Foreign Aid

"This is a rough life we lead," Taruc observed, "but the country air has restored me to health after an illness I had when I lived in the cities."

Taruc expressed confidence that his cause would be successful, said he hoped to see the central Luzon revolt spread throughout the Philippines, and branded as "lies" reports in the Manila press that he had received either Russian or Chinese aid. Taruc declared his group is a "native nationalist organization" with no foreign ties, and hopes to attain its ends by negotiation while resisting to the death any attempt to put it down by force.

I met Taruc in a tiny village among the terraced rice fields on the western edge of the Sierra Madre Mountains. Only a few miles from us on a concrete highway, Philippine military police in armored cars and light tanks patrol night and day.

Taruc keeps on the move. He had just returned, he said, from a 200-mile inspection trip afoot through four provinces swarming with government troops.

Taruc said he had "tightened discipline" on his journey and "purged" units of weaker members. He said he was leaving for Laguna Province, in southern Luzon, to check on an "expeditionary force" which is trying to place that rich cocoanut-growing area under Huk control.

Siam Foreign Minister Quits

BANGKOK, Feb. 5 (AP).—Nai Direk Chainam resigned today as Siam's Foreign Minister and said he was going to write a book on diplomacy.

Gift for Princess Worth $64,000

Cape Town, Feb. 5 (A. P.).—Prime Minister Jan C. Smuts told a questioner in Parliament today that the diamonds the South African Government is presenting to the Princess Elizabeth on her twenty-first birthday are valued at £16,000 ($64,000). Elizabeth will be 21 on April 21.

The gifts include two half-moon and three emerald cut diamonds for mounting in a brooch and twenty-one graduated brilliants with baguettes for a necklace.

OPPOSES U. S. BASES

Manila, Feb. 5 (A. P.).—The Philippine Lawyers Guild adopted a five-point resolution today vigorously opposing the establishment of United States bases in the Philippines as "highly improper and most detrimental to international peace efforts." The guild declared that it was the natural wish of the Filipino people, "having just lately survived a most destructive and paralyzing war not of their own making, to escape involvement in the event of a future war of extinction."

The guild asked that the current negotiations for United States bases be suspended and steps taken in the United Nations for early formulation of an international policy on acquisition by any Power of bases outside its territorial boundaries.

Meantime, Provincial Governors and city Mayors in a meeting with President Roxas assured the President that the Filipino people were in favor of retaining United States naval, military and air bases now existing in the islands.

Favor Collaborator Amnesty

MANILA, Feb. 5 (AP).—Majority Floor Leader Vicente J. Francisco told news men today that most of the Senators of President Manuel A. Roxas's Liberal party are in favor of outright amnesty for Filipino political collaborators and predicted they will pass a resolution to that effect now before Congress.

Philippine Loan Speeded

WASHINGTON, Feb. 5 (AP).—Secretary of the Treasury John W. Snyder indicated today that the Philippine Republic soon may get the $75,000,000 loan voted for it by the last Congress. Mr. Snyder said the money will be advanced after "details" have been worked out. "We all want to help the Philippines," he told a news conference.

TRUMAN PROPOSES CONGRESS CHANGE SUCCESSION LAW

Speaker of the House Would Be Second in Line for Presidency Under Plan.

QUICK ACTION SEEN

Republicans, However, Appear Divided on Merits of Suggestion.

WASHINGTON, Feb. 5. — (AP) President Truman asked Congress again today to change the 60-year-old law of succession for the presidency, and Republican leaders, though undecided on the best formula, promised quick congressional action.

Under Mr. Truman's proposal, the succession would fall first to the vice president—if that office were not vacant as it is now—then to the speaker of the house. Third in line would be the presiding officer of the senate.

Martin Now Next in Line

If the president's recommendations are approved, the no. 1 heir to the White House now would be 62-year-old Rep. Joseph W. Martin, Jr., of Massachusetts, speaker of the Republican-controlled house.

Thus, in effect, Mr. Truman proposed that the White House mantle should fall outside his own party in case anything happened to him, but the Republicans themselves appeared to be divided about the merits of the President's suggestion.

Chairman Taft (Ohio) of the Senate Republican policy committee—himself widely regarded as a potential candidate for the 1948 G.O.P. presidential nomination—told reporters that the committee decided today to push legislation dealing with the subject, but, he said, there is no agreement among G.O.P. leaders on the form the legislation should take.

Offers Two Theories

Taft said he "wavered around" between two theories:

1. The same party that won the last presidential election should be represented in the line of succession after the vice president moves up to fill a vacancy in the White House.

2. The speaker of the House perhaps represents a more recent mandate from the people than the Secretary of State, who under present law is next in line for the White House.

Taft added that he does not believe "personalities" will influence congressional action on the matter.

Senator Bricker (R-Ohio), also frequently mentioned as a 1948 candidate, termed Mr. Truman's proposal a "constructive suggestion."

"It would always give you a man elected by the people and would preclude the possibility of appointment of a successor by the President," he said.

Favors Present Law

On the other hand, Senator Knowland (R-Calif) said that while he has made no final decision, "I am inclined to favor the present presidential succession law."

Senator Brewster (R-Me) commented: "I very much prefer congressional succession to Cabinet selection. It is nearer to our democratic principles of securing an elected official selected on a nation-wide basis."

Chairman Michener (R-Mich) of the House Judiciary committee promised, however, that the committee would call prompt hearings if and when the formal legislation is introduced.

Made First Appeal in 1945

Renewing his appeal of June 19, 1945, for a break in tradition, Mr. Truman said he asked the change in the belief that "so far as possible, the office of the President should be filled by an elective officer."

Under the 1886 law of succession, Secretary of State Gen. George C. Marshall would take over the White House if a vacancy should occur before the 1948 elections. Since Marshall, like all Cabinet officers, is a presidential appointee, he would not be an elective officer.

Mr. Truman's proposal was made in a letter to Martin and Senator Arthur H. Vandenberg (R-Mich) and again emphasized that "the present law gives me the power to nominate my immediate successor in the event of my own death or inability to act." He held that this was an undesirable condition.

The chief executive made his original proposal shortly after he succeeded Franklin D. Roosevelt in the White House.

At that time, Edward R. Stettinius, Jr. was secretary of state but seven days after Mr. Truman made his suggestion to Congress, Stettinius resigned to become United States delegate to the United Nations conference in San Francisco.

Bill Passed, Shelved

Two days after Stettinius resigned, the House passed a bill along the lines of Mr. Truman's proposal, but shortly thereafter, on July 2, 1945, the veteran James F. Byrnes, former senator, was named secretary of state and the House-approved bill was shelved by the Senate.

Two explanations for the Senate's failure to pass the bill were current at the time:

1. The Senate wanted the succession to go to a Senate member rather than to a House member.

2. Various Senators felt that while Stettinius might have lacked the necessary experience as a government executive, the appointment of Byrnes as secretary of state removed any such apprehensions.

'Communism vs. Americanism'

McKellar Tells Senate Atomic Commission Nominations Raise Issue.

Washington, Feb. 5 (A. P.).—Senator McKellar (D.-Tenn.) asserted today that Senate consideration of President Truman's nominees for the Atomic Energy Commission raises the issue of "Russian Communism" versus "pure unadulterated Americanism."

McKellar, who has fought particularly the appointment of David E. Lilienthal as commission chairman, told the Senate:

"Those who believe in Russian Communism over pure Americanism will no doubt vote for these nominees. Those of us who believe that any of these nominees are tinctured with Communism will vote against the confirmation of such nominees."

McKellar did not mention by name of the nominees.

Lilienthal Charges Smirching.

The nominations are before the Senate Atomic Committee. Lilienthal, former Tennessee Valley Authority head, told the committee today that TVA employees are being "besmirched" by McKellar's "unsubstantiated" charges that they are communists. McKellar has called Lilienthal the "No. 1 communist" in Tennessee.

Lilienthal objected to what he said seemed a "clear tendency" by McKellar "in making accusations of Communism against people who are not present, or, being present, do not have the protection of counsel."

This type of questioning, Lilienthal said, is "not among democratic traditions."

McKellar Reads List.

McKellar read a list of TVA employees he said the House Un-American Activities Committee has been told are Communists.

Lilienthal said he knew of no proof that these persons are Communists. It is not fair, he continued, to accuse people without giving them a chance for a hearing.

One of the tenets of democracy, he added, is that the individual's "right of good name and right not to be besmirched by charges that are not substantiated" should not be violated.

Lilienthal assured the committee that the Atomic Commission will follow a policy of hiring no Communists and asserted that no one could question the complete loyalty of Herbert Marks, who has been named commission counsel.

McKellar had noted that Mrs. Kenneth Malcolm testified before another Senate committee last week that she attended a Communist meeting at which Marks was present.

Lilienthal replied that McKellar was crediting the statement of "an avowed Communist" in accepting Mrs. Malcolm's testimony.

McKellar commented that Mrs. Malcolm, at the time of the meeting, was an employee of the TVA. He also contended that the TVA had kept Communists in its employ and at the same time "discharged some of the finest young Americans that could be found anywhere."

Lilienthal said he personally had had little to do with TVA hiring and firing.

Today's exchange between McKellar and Lilienthal followed the trend of yesterday's session, when the Senator sought to learn whether Lilienthal has "leftist sympathies."

Truman in New Succession Plea

Asks Congress for Law Which Would Put Martin First in Line for Presidency.

Washington, Feb. 5 (A. P.).—President Truman today asked Congress for legislation which would place Republican Speaker Joe Martin first in line of succession to the presidency.

The President, in a letter to Martin, and to Senator Vandenberg (R.-Mich.), president pro tempore of the Senate, renewed his appeal for a change in the traditional line of succession.

Secretary of State George C. Marshall currently would advance to the White House if a vacancy should occur prior to the 1948 elections.

Mr. Truman's first proposal that the Speaker of the House be put in line after the Vice-President was made shortly after he succeeded Franklin D. Roosevelt. It was directed to a Congress controlled by his own Democratic party and would have made former Speaker Sam Rayburn President in the event of his own incapacitation.

Mr. Truman wrote today:

"I said then, and I repeat now, that in a democracy the President should not have the power to nominate his immediate successor."

McCormack Accuses Republicans.

At the time the President's letter arrived, Democratic whip McCormack of Massachusetts was accusing the Republicans in the House of "playing politics" with the issue of limiting presidential tenure to a maximum of two terms. He took the floor shortly after Republican Leader Halleck of Indiana announced plans to bring the legislation to the floor for a vote tomorrow.

The measure, calling for a constitutional amendment subject to ratification by thirty-six States, would bar any person from serving more than all or any part of two presidential terms. McCormack demanded at least two days' debate on the issue. His cry of "party politics" drew from Halleck the retort that "The overwhelming majority of the people" favor the amendment.

The Truman Letter.

The text of President Truman's letter follows:

My dear Senator Vandenberg: (Speaker Martin)

On June 19, 1945, I sent a message to the Congress of the United States suggesting that the Congress should give its consideration to the question of the presidential succession.

In that message, it was pointed out that under the existing statute governing the succession to the office of President, members of the Cabinet successively fill the office in the event of the death of the elected President and Vice-President. It was further pointed out that, in effect, the present law gives to me the power to nominate my immediate successor in the event of my own death or inability to act.

I said then, and I repeat now, that in a democracy, this power should not rest with the Chief Executive. I believe that, in so far as possible, the office of the President should be filled by an elective officer.

In the message of June 19, 1945, I recommended that the Congress enact legislation placing the Speaker of the House of Representatives first in order of succession and if there were

30. 24 - 7731

no, Speaker, or if he failed to qualify, that the President Pro Tempore of the Senate should act until a duly qualified Speaker was elected.

A Bill HR-3587 providing for this succession, was introduced in the House of Representatives and was passed by the House on June 29, 1945. It failed, however, to pass the Senate.

Renews Earlier Proposal.

The same need, for a revision of the law of succession, that existed when I sent the message to Congress on June 19, 1945, still exists today.

I see no reason to change or amend the suggestion which I previously made to the Congress, but if the Congress is not disposed to pass the type of bill previously passed by the House, then I recommend that some other plan of succession be devised so that the office of the President would be filled by an officer who holds his position as a result of the expression of the will of the voters of this country.

It is my belief that the present line of succession as provided by the existing statute, which was enacted in 1886, is not in accord with our basic concept of government by elected representatives of the people.

I again urge the Congress to give its attention to this subject.

BRITISH AGREE TO U. S. PROTEST OVER LOAN PACT

Chancellor of Exchequer Gives Promise as to

"advise" the Department of State concerning British operation of United States vessels in "direct competition" with the American merchant marine, at rates more favorable to foreign operators.

Smith testified that, although commission members "unanimously favored seeking immediate return" of ships lend-leased to the British, his agency had no authority in the matter.

He disclosed that the British and Russians were operating the bulk of United States vessels lent out to foreign nations during the war. Some 229 Liberty ships were among those sent to Britain, he said.

Russia, he testified, "has ninety-six ships belonging to this country, including many pre-war type vessels, thirty-eight Liberty ships, five Liberty tankers and five pre-war tankers.

Return of U. S. Ships Asked

Maritime Commission Head Wants Back 306 Merchantmen Lent to Britain.

Washington, Feb. 5 (A. P.).—Rear Admiral W. W. Smith, chairman of the United States Maritime Commission, testified today that his agency has recommended that the United States seek the immediate return of 306 merchant ships now being operated by the British Government.

Smith appeared before the House Committee on Merchant Marine and Fisheries.

Under questioning by Representative Alvin Weichel, Ohio Republican, he told the committee:

1. The Maritime Commission lacks jurisdiction to ask the British to return the ships given them under lend-lease agreements.

2. The commission can only

Future Trade Accords.

Washington, Feb. 5 (A. P.).—Secretary Snyder of the Treasury said today that Britain has given assurances that it does not intend to include in future trade agreements a provision which the United States considers a violation of the $3,750,000,000 loan agreement. Snyder released the text of four letters exchanged with Britain's Chancellor of the Exchequer, Hugh Dalton, concerning the provision.

Incorporated in an Anglo-Argentine trade agreement last September 17, the provision required that in any year when Argentina buys more than it sells to Britain, sufficient blocked sterling will be released to Argentina to make up the difference, but Argentina will have to spend it within Britain's sterling area.

Frank Exchange.

The United States contends that this violates a clause of Britain's loan agreement by which it stipulated that it would not require such sterling balances to be spent in the sterling area only. The latest communication from Dalton, dated yesterday, thanked Snyder for having written frankly in setting out the American complaint and said, in part:

"In your letter, you asked me for an assurance that, in future agreements about sterling balances, we have no intention of including such a clause as (appears in) the Anglo-Argentine agreement. I am happy to give you this assurance."

Dalton's note added:

"I also note that, if and when, there is reasonable probability that Argentina would incur a current deficit with respect to the sterling area, the United States Government would expect the United Kingdom to make appropriate adjustments with the Argentine Government, so that no discrimination at variance with the U. S.-U. K. financial agreement would in fact arise.

Theoretical Contingency.

"I can readily assure you that it would always be our desire to avoid such discrimination, though I feel bound to say once more that I think that this is a theoretical, but not a practical contingency."

Dalton was referring to the British contention that, as a practical matter, nothing would come of the provision in the Anglo-Argentine agreement, because it is virtually impossible that Argentina will buy more from Britain than it sells to it. Snyder, in a note to Dalton on January 27, said that while the provision may prove to have little practical significance, the provision "itself may furnish an incentive to Argentina to incur a payments deficit vis-a-vis the sterling area."

"Moreover," Snyder said, "I must confess that I am unable to reconcile with the spirit of the United States-United Kingdom agreement any commitment which, under certain contingencies, even though remote, might require action at variance with the agreement. I have spoken frankly because of my fear that instances of this kind, if permitted to recur, may make more difficult the mainenance and further development of those close and friendly relationships between our two countries, which, I am sure, both of us wish to foster."

Recall Of Ho Explained

Washington, Feb. 5 (AP)—The breakdown of Chinese peace negotiations was reported today to have prompted Generalissimo Chiang Kai-shek to recall his top military leader, Gen. Ho Ying-chin, from the United States.

Chinese officials said that General Ho, China's representative on the United Nations Staff Committee, will probably leave for home this month.

Ho and Ambassador Wellington Koo paid what they termed a courtesy call on Secretary of State Marshall earlier this week.

Uncompromising Red Foe

China's wartime chief of staff, Ho is rated an uncompromising foe of the Communists. He has long been identified with the extreme right wing of the Nanking Nationalist regime which Marshall has blamed, along with Communist extremists, for the failure of his efforts to effect a settlement of China's civil strife.

The General's transfer to the United States last year was viewed at the time partly as a means of giving Marshall a free hand in trying to bring the moderates together.

Thus his recall is viewed by some diplomatic authorities as a further indication that the two rival factions in China are squaring off to resume full-scale warfare in the spring or summer.

Work In U.S. Nearly Finished

Chinese officials say only that Ho's work in this country is nearing completion. He heads a military mission as well as serving on the United Nations committee, and officials said the mission's work is nearly finished.

There is no hint whether Ho will resume the post of chief of staff which he held for nine years. This has been filled since his departure by Gen. Cheng Chen.

EISENHOWER'S GOLF AND HEALTH SOUND

Washington, Feb. 5 (A.. P.).—Gen. Dwight W. Eisenhower's doctors and golf cronies think both his health and his game are good, for his age. These associates and medical advisers to the Army Chief of Staff summed up their answer this way:

Eisenhower has undergone three general physicial examinations during the last few months. All three reports agreed that Eisenhower is in first class physical condition for a man of 56 years, perhaps even a little better than many others of the same age who are tied down to their desks as Eisenhower is now. He weighs today exactly what he did on the day of his graduation from West Point. That 172 pounds, say the doctors, is ideal for his height and age.

About his golf: He played nine holes last Sunday. Score: 46. That's not bad for 56 years and for a Sunday golfer playing the long Chevy Chase course, where the ball doesn't get much of a run in the sticky fairways of winter play.

'Red Leader' to Face House Probers Today

WASHINGTON, Feb. 5—(AP) "Sensational developments" were promised today by Chairman Thomas (R.-N. J.) for tomorrow's formal opening of hearings by the House un-American Activities committee on communistic operations in this country.

Still declining to reveal the identity of "a dozen or so important witnesses," Thomas said he was certain of one thing:

"Gerhard Eisler will be on hand to testify despite his arrest yesterday in New York by a United States marshal."

The committee, Thomas said, was not surprised by Eisler's arrest on a warrant charging violation of the Enemy Aliens Act, since it had requested the FBI on Jan. 31 to keep Eisler under 24-hour surveillance.

Eisler was identified at a committee hearing last year as the topman for the Communist International in the United States.

G.O.P. IN AGREEMENT ON END TO WAR POWERS

WASHINGTON, Feb. 5 — (AP) Chairman Taft (Ohio) of the Senate Republican policy committee said today that GOP leaders are agreed the second war powers act should be permitted to expire, despite President Truman's request this week for extension of limited authority in that field.

Anyone seeking to continue such powers, Taft said, will have to prove his case individually.

But, he said, there seems little doubt that sugar and rubber controls will be extended.

In his message to Congress on Monday, Mr. Truman asked for continued controls over sugar and other scarce items. He also requested continued powers to deal with any "national emergency that we do not now foresee"—perhaps such as a new strike emergency.

Bipartisan Policy Periled: Pepper

Washington, Feb. 5 (AP)—Senator Pepper (D., Fla.) told the Senate today he fears that Republican leaders are abandoning the "bipartisan foreign policy" and "proposing to rearm Germany."

He said his concern was aroused by speeches by John Foster Dulles, "famed Republican adviser on foreign policy," and statements by Senator Vandenberg (R., Mich.) and Gov. Thomas Dewey of New York.

Vandenberg is chairman of the Senate Foreign Relations committee.

"Implies No Breach Of Policy"

Only last night, when announcing he would not attend initial sessions of the Moscow Big Four Conference in March, Vandenberg declared:

"This implies no breach in our unpartisan pursuit of United States foreign policy. I expect it to continue."

(Senator Connally, of Texas, ranking Democrat on the foreign relations group, announced also that he would not attend the first meetings in Moscow. Both senators said they would go later if needed.)

"Nullify" Potsdam Pact

Pepper told the Senate that Dulles, with approval of Vandenberg and Dewey, "obviously proposes to nullify the spirit and letter of the Potsdam Agreement."

This agreement, Pepper said, was intended to strip Germany of any powers to stage another war.

Pepper said Dulles recently proposed that the industrial resources of the Rhineland and the Ruhr be revived, that these be "integrated in some unspecified fashion into the economy of . . . France, Belgium, and Holland and a federal form of government for Germany."

Says Vandenberg Disagrees

Pepper said that Vanderberg had openly disagreed with the policy of General George Marshall, new Secretary of State, regarding China, and with former Secretary of State Byrnes regarding Argentina.

"So now, in the short space of a few weeks," Pepper continued, "in a series of declarations backing reaction in China and Argentina, trying to reverse our trade agreements program for international economic collaboration, repudiating Potsdam, the Republican Party has emerged from the cloak of a bi-partisan foreign policy and is causing more concern to people who ask whether it is the same Republican Party with the same policy which undermined the foundations of peace and prosperity after the first World War."

KNUTSON ORDERS REVIEW OF U. S. TRADE PROGRAM

WASHINGTON, Feb. 5 — (AP Chairman Knutson (R.-Minn.) of the House Ways and Means committee today ordered a review of the administration's reciprocity program for boosting world trade, a field in which President Truman says bi-partisan attitudes are needed.

Knutson's announcement came after the committee's Republican members met with Speaker Martin (R.-Mass.) behind closed doors.

Acts After UN Report

The meeting followed by several hours a United Nations report from the President in which Mr. Truman said:

"Our policy of supporting the United Nations 'with all the resources that we possess' must be given effective practical application on a genuinely national, bi-partisan basis in every activity of the United Nations.

"This is just as necessary in the

economic and social field as it is in the political field.

"We must pursue without hesitation bi-partisan polices of economic cooperation with the rest of the world in such matters as economic reconstruction and development and the expansion of world trade and employment."

Sets Hearing Date

When this report hit Capitol hill, there was speculation that Mr. Truman's remarks on bi-partisan handling of world trade might reflect concern over some Republican criticism of the State department's reciprocal trade program.

Knutson set the hearing for Feb. 24, and said representatives of the State department—presumably led by Under Secretary Will Clayton—will be called in to explain the operations of the program.

"We can't determine our course until we get their reports," said the Minnesota legislator.

Pending before the committee are at least two resolutions calling on President Truman to halt further reciprocal trade pacts until the Tariff commission has reviewed those already in operation and reported back to Congress.

Both are aimed at delaying—at least temporarily — a 19-member trade conference in April at Geneva called under State department sponsorship to write a multilateral trade agreement.

LILIENTHAL VOWS FLAT BAN ON REDS IN ATOMIC BOARD

WASHINGTON, Feb. 5. — (AP) David E. Lilienthal promised senators today a flat ban against the employment of Communists in the Atomic Control commission he has been named to head.

He laid down that policy before the Senate Atomic committee under a series of questions from Senator McKellar (D-Tenn), longtime foe of the former Tennessee Valley Authority chairman.

McKellar Not Satisfied

This pledge, however, apparently failed to satisfy McKellar, who has assailed Lilienthal as the "No. 1 Communist" in Tennessee. He arose in the Senate later to assert that President Truman's nominations of Lilienthal and five other commission members means "a fight between Russian Communism on one side and pure, unadulterated Americanism on the other."

"Those who believe in Russian Communism over pure Americanism on the other."

"Those who believe in Russian Communism over pure Americanism will no doubt vote for these nominees," he said. "Those of us who believe that any of these nominees are tinctured with Communism will vote against the confirmation of such nominees."

Previously Lilienthal had testified before the committee that no one could question the complete loyalty to the United States of Herbert Marks, former TVA attorney who has been named as general counsel for the Atomic commission.

Defends Marks

Marks' qualifications came up after McKellar noted that Mrs. Kenneth Malcolm had testified before another Senate committee that she attended a Communist meeting at which Marks was present.

Obviously angered, Lilienthal said if the committee wanted to know about Marks, it ought to call some reputable business and professional men who have associated with him.

"There is no possible basis for anyone to claim the slightest flaw in Mr. Herbert Marks' loyalty to the United States," the witness said firmly, adding: "That covers communism, Communist leanings, leftist and all of the other smear words."

He insisted that McKellar was crediting the statement of an "avowed Communist" in accepting Mrs. Malcolm's word.

"She was working for the TVA at the time," the Tennessee Senator retorted.

McKellar has contended that while Lilienthal was chairman of TVA it retained some employes who were Communists while it "discharged some of the finest young Americans that could be found anywhere."

DECRIES GIVING RUSSIA IDEAS

Navy Man Says Exchange Is One-way Street.

Washington, Feb. 5 (A. P.).—A House sub-committee today approved a bill authorizing the Navy to build nine large experimental submarines after hearing testimony that exchanging new ideas with Russia on submarines is a "one-way street."

The armed services sub-committee, headed by Representative Hess (R.-Ohio), deferred action on another Navy-recommended bill—to authorize the Navy to sell, lend, give or exchange naval ordnance secrets with foreign Governments.

The postponement was taken on motion of Representative Vinson (D.-Ga.) after testimony indicated the exchange would be "primarily with Great Britain." Vinson said that this might lead to charges that the United States is drifting into a bloc against certain other friendly nations.

The submarine bill was amended at Vinson's request to limit the cost of each experimental ship to $15,000,000, although the Navy had estimated the cost at only $11,000,000 each.

The ships will be around 2,000 tons each with double the present underwater conventional speed of eight knots.

Under questioning by Representative Bishop (R.-Ill.), vice Admiral E. W. Mills, chief of the Navy Bureau of Ships, said American co-operation with Britain and France in exchanging submarine secrets has been very good.

"How about Russia?" asked Bishop.

"One-way street," Mills replied.

Other officers testified that Russia has the advantage over the United States now in submarine improvements because she not only got an equal division among the Allies of seized enemy underwater craft, but also the German yards in which they were built.

Moreover, it was testified that Russia is using German submarine experts.

Exchanging Data with Reds Like A 'One-Way Street,' Navy Asserts

WASHINGTON, Feb. 5 — (AP) High U. S. Naval officers testified today that Russia has an advantage over her war allies in building new submarines because any exchange of information with Moscow is on a "one-way street."

Vice Admiral E. W. Mills, chief of the Navy Bureau of Ships, told a House Armed Services subcommittee that efforts to elicit information from the Soviets ran into a stone wall.

Britain, France Aiding

Questioned by Rep. Bishop (R-Ill) about cooperation among the allies in development of new underseas craft, Mills said the results had been "very good" with Britain and France.

"How about Russia?" Bishop asked.

"One-way street," Mills replied.

Vice Admiral R. B. Carney, deputy chief of naval operations, told the lawmakers that the "greatest threat" to the allies at the end of the war was the fast new submarines the Germans had ready to launch.

Carney told the committee that anti-submarine methods are now "inadequate" to cope with such underseas raiders.

The congressional group approved a navy-recommended bill authorizing construction of two 2,000-ton experimental submarines utilizing ideas gained from allied war experience and from seized German U-boats.

Proposal on Secrets Tabled

The committee deferred action, however, on another navy request for authority to exchange ordnance secrets with friendly powers.

Rear Admiral Malcolm F. Schoeffel, assistant chief of the Ordnance Bureau, said the authority was needed primarily to deal with Britain, but Rep. Vinson (D-Ga) declared it might lead to assertions that the United States "is drifting into a bloc" against certain friendly powers.

Under an amendment to the submarine bill offered by Vinson, the cost of each ship would set at a top of $15,000,000 each.

Naval officers said in building the new craft the aim will be to double the conventional under-water speed of eight knots and to incorporate all the latest offensive, detection and communication equipment.

Vice Admiral Mills said they have been given the "highest priority" in naval building plans.

Relief No. 1 on Marshall List

Balkan Pact Approval Is No. 2 Among 27 Proposals Submitted to Congress.

Washington, Feb. 5 (A. P.).—Secretary of State Marshall today put legislation for international relief at the top of twenty-seven proposals which he said will be submitted to Congress.

He outlined the proposals in a letter to Senator Vandenberg (R.-Mich.), chairman of the Senate Foreign Relations Committee.

As the No. 2 "urgent item," he listed Senate approval of the Balkan peace treaties, to be signed in Paris on February 10.

The United Nations Relief and Rehabilitation Administration, which has handled the job of helping famine areas abroad, is scheduled to end its operations on March 31. Congressional action will be necessary if further assistance is to be provided by the United States Government.

Awaits Hoover Report.

Vandenberg told reporters that he believes the Republican-controlled Congress recognizes American responsibility for aiding the world's needy "under our own management and auspices so as to protect us from exploitation and mismanagement."

"We've got to take over in certain sectors when UNRRA expires," he said. He added that Congress needs time to "do a job of this nature and must get started soon."

Vandenberg indicated, however, that his committee, before acting, will await a report from former President Herbert Hoover, who is now studying food conditions in Germany. He said Hoover's findings are likely to have considerable bearing on what Congress does.

WASHINGTON, Feb. 5.—(AP) The list of subjects for congressional action which Secretary of State Marshall sent to Congress today were said at the State department to be the department's basic proposals for this session.

However, news items may arise. Also, one piece of legislation which was not included, although it was proposed by President Truman to the previous Congress, is authorization for an arms standardization program in this hemisphere.

Proposals Listed

Among the proposals listed by Marshall, with explanations of them available from official sources tonight were:

Urgent items in order of priority.

Legislation to continue foreign relief programs after the expiration of the United Nations Relief and rehabilitation administration. UNRRA is to die within a few months and President Truman has recommended basic foreign relief appropriations of $250,000,000.

Treaties of peace with Italy, Romania, Hungary and Bulgaria along with implementing legislation—the treaties are to be finally signed in Paris Feb. 10 and sent to the Senate for ratification immediately thereafter. Some legislation will be needed to permit the United States to carry out their provisions.

Legislation for U. S. membership on the International Refugee organization. President Truman told Congress in a letter today he would ask an appropriation to help aid "a million victims of war and racial political or religious oppression."

Petroleum Agreement

Senate consent to ratification of the Anglo - American petroleum agreement.

Legislation for using left-over UNRRA funds and any additional funds made available for international aid to needy children in war-devastated lands.

Legislation for entry of displaced persons into the United States. Mr. Truman has stated that he would recommend lifting immigration quotas to allow thousands of both Jewish and Christian displaced persons to come here from Europe.

Adherence to the constitution of the World Health organization. This is part of the general program of aligning the United States with United Nations efforts toward improving the conditions of the world's peoples.

Action by Congress to grant diplomatic immunities to United Nations delegates and staff members.

Legislation to permit tax exempt gifts to the United Nations. The principal such gift to date is that of $8,500,000 by John D. Rockefeller, Jr., for the purchase of the United Nations site in New York City. The amendment would relieve donors of income taxes on their UN gifts.

Items listed as important for this session of congress without regard to priority included:

Congressional action on the long-standing Canadian-American agreement on the St. Lawrence waterway and power project. It is designed to permit extensive development of the St. Lawrence river.

Senate ratification of the treaty of friendship and navigation signed with China last fall.

Legislation for authority for the control of exportation and importation of arms, ammunition, and implements of war. This control is exercised by the State, War and Navy departments under a law which expires this year.

Appropriations for completion of the Inter-American highway.

Legislation to authorize the government to operate international broadcasting facilities through a publicly chartered corporation. Under this proposal, worked up by Assistant Secretary of State William Benton, Congress would create an international broadcasting foundation financed either entirely or principally with federal funds, to take over the foreign broadcasts now operated by the State department to most of the countries of the world. Control would be vested in a board of 15 members made up of educators and other leading private citizens with the Secretary of State or his nominee as the only government member.

TALMADGE URGES 'WHITE PRIMARY'

ATLANTA, Feb. 5 — (AP) Governor-Claimant Herman Talmadge appealed to the Senate's special judiciary committee today to give its approval to his "white primary" bill which will permit the Democratic party to prevent negroes from voting in primaries.

James S. Peters of Manchester, State Democratic committee chairman, and Agriculture Commissioner Tom Linder also argued for passage of the house-approved bill.

Sees Nothing 'Radical'

Talmadge's committee appearance followed a house victory for his forces who won reconsideration of a resolution demanding that the great seal of Georgia be affixed to his gubernational documents. Reconsideration wiped out a tie vote yesterday which gave the Talmadge bloc its first defeat in the lower chamber. The resolution itself will come up for another vote next week.

Taking his theme from his father, the late Eugene Talmadge who had promised a law to curb Negro voting, young Talmadge told the committee that the people had expressed themselves.

He added that there was nothing radical in "white primaries" since Georgia counties and communities had been holding them for 100 years.

Answers Critics

Answering critics of the bill who claim it removes statutes governing fraud, Talmadge denied the charge and said the same provi-

sions would be retained in the "white primary" bill. He added that there is no more danger in the system than in the national democratic process where nomination is by convention.

Roy Harris, author of the bill which wipes out primary laws and leaves the Democratic party free to bar negroes under regulation; already adopted, told newsmen that he regretted the committee had decided not to hear testimony from negroes.

"If I were chairman of the committee I would allow them to appear," Harris said. "They are citizens and people and they ought to be heard."

Navy Unveils New Jet Plane

'Supersonic Test Tube' Is Expected to Make 600 to 700 Miles an Hour.

El Segundo, Cal., Feb. 5.—The Navy unveiled here today a new jet-propelled plane designed to fly at least as fast as sound. The plane remained on the ground, for it is not due to have its first flight test until spring, probably some time in May, at Muroc Dry Lake.

Known as the D-558 Skystreak and built by Douglas Aircraft, this "supersonic test tube" is a scarlet projectile-like craft of conventional type, except for its wings, which have a stubby appearance. The wing span is only 25 feet, while the fuselage, filled by the General Electric TG-180 turbo jet, measures 35 feet 1½ inches in length. The plane's height is a little over 12 feet, and the gross weight is 9,750 pounds.

On the 600- to 700-mile-an-hour flights which the Skystreak is expected to make, its turbo-jet will produce horsepower equivalent to the four engines of a Boeing B-29 bomber or the combined power of 75 automobiles. It will carry aloft 500 pounds of test and recording equipment to help answer some of the questions which are troubling engineers and pilots. Four hundred tiny openings on wings, tail and fuselage will be used to record changing air pressures on automatic instruments.

Due to the violent and unpredictable behavior of air in the speed-of-sound range, the Skystreak has been made by Douglas to be 60 per cent or more stronger than any combat-type airplane yet built and the entire forward section is jettisonable to safeguard the pilot.

In case of emergency, the plan is for the pilot to break the nose compartment clear from the rest of the plane. When the released section slows down in its fall earthward, the pilot is expected to bail out in a relatively normal fashion. Should he try to bail out directly from the D-558 at speeds of 600 to 700 miles an hour, it is figured that the impact of the air or sudden deceleration might prove fatal.

The pilot's compartment is equipped with special harnesses and pads to protect the occupant's head and body against the violent sharp jolts of the turbulent air. In addition, the pilot will wear a pressure-type G-suit, inflated like a deep-sea diver's, to keep him from blacking out on sharp turns or pull-outs, which drag the blood from the head through enormous pressure on the body. The cockpit is pressurized for high altitudes, and oxygen is also provided.

An air-conditioning system makes it possible to cool the cockpit when high temperatures exist, due to the desert heat and friction at high speeds, and to heat it when the low temperatures of high altitudes predominate.

The Douglas Skystreak is painted a brilliant scarlet, to facilitate identification at high speeds. Coat after coat of lacquer has been rubbed down to give its metal skin the sheen and smooth surface of a mirror. Since the plane's power plant fills the fuselage, the wings handle the fuel load, with 230 gallons in integral tanks plus 100 in two wing-tip tanks, which are to be jettisoned with powder charges in order to get them clear of the plane.

U.S., REDS YIELD ON POSITIONS FOR ARMS LIMITATION

Several Major Points Still Unsettled Despite Reported Concessions.

MEETING SLATED TODAY

Informal Committee Adjourns, Failing to Agree on Final Resolution.

NEW YORK, Feb. 5—(AP) The United States and Soviet Russia were reported tonight to have yielded considerably on stubbornly-fought positions in the United Nations Security Council jam on arms limitation.

Despite these concessions, however, an informal committee of six delegates failed to agree on a final resolution and adjourned after six hours discussion until 11 a. m. tomorrow.

Major Points Listed

The major points remaining to be settled, it was said authoritatively, were:

1. The relationship between the proposed Arms Limitation commission and the already-functioning UN Atomic Energy commission.

2. Just who will draw up the rules of procedure for the proposed Arms commission.

Earlier, the six delegates were said to have accepted a French resolution as a working paper and plunged into a drafting session.

Delegates and observers said that a "considerable area of agreement" had been reached.

Andrei A Gromyko, Soviet Russian delegate, told newsmen that "the preliminary stage had been completed." He would not comment further.

Compromise Bill Studied

Warren R. Austin, chief United States delegate, who with Gromyko has taken principal part in the debate, was in frequent consultation with Washington as the closed session progressed.

It was reported from the committee room that Austin was seriously considering a compromise by Fernand Van Langenhove, Belgian delegate and Council president, on the rules impasse.

Thus the commission would draw up its own rules, subject to Council approval, without having a committee of the whole created to make them. The United States has been insisting on a committee making the rules for the arms body.

Calls For Instructions

Austin was said to have called the State department for instructions on the rules provision.

On the other difference, Austin was reported to feel strongly that the final resolution must stipulate that the commission's work would not infringe on the work of the atomic energy commission.

Gromyko, it was reported, pointed out this stipulation was not necessary.

The United States has been adamant throughout all arms discussion on the position that the work of the Atomic Energy commission must continue unhampered.

Gromyko, it was said, was not standing too strongly on his previous position that the atomic energy commission's report be considered when it comes up on the council agenda instead of immediately, as the United States has demanded.

The Russian delegate, one informant said, accepted the major portions of the French compromise as a working base. This carried a provision for fast action on the stymied atomic report.

Objects to French Plan

Gromyko did object, it was added, to a French suggestion that the council order the military staff committee, comprising representatives of the chiefs of staff of the five great powers, to submit a report within three months. The French were said to have dropped that suggestion.

The main points of the French compromise provide for creation of an Arms Limitation commission to draw up proposals for the Security Council and for the Council to take quick action on the Atomic Energy commission report so that it may instruct the Atomic commission on its next phase. The atomic commission presently is marking time.

Vigorous Complaints Heard

Vigorous complaints have been heard in the United Nations against the lack of action by the military staff committee but the United States and Russia agree that it would not be wise to order such a report now.

With this new Russian position made known to five other Security Council delegates in a closed meeting today, prospects of an agreement on a final resolution setting up an Arms Limitation commission were heightened considerably, it was said.

The delegates met at the suggestion of Paul Hasluck of Australia. The other nations represented were the United States, Colombia, and Belgium.

The delegates must reconcile five resolutions, submitted by the U. S., Russia, France, Colombia and Australia, all of which agree that an 11-member Arms Limitation commission should be formed. However, they disagree on what some delegates have termed non-essential points.

The commission would be instructed to frame proposals for arms limitation for the Security Council, which in turn must submit them to the U.N. member states.

Soviet Reported Accepting Most Of Compromise

New York, Feb. 5 (AP)—Andrei A. Gromyko, Soviet delegate, was reported today to have agreed with one reservation to a French solution of the United Nations Security Council dilemma on how to start work on the arms-limitation program.

An informed source said Gromyko, speaking at a closed meeting of six delegates to the Security Council, declared that he would accept the French proposal except for a paragraph calling in the United Nations military staff committee to report within three months.

The French have suggested that the Council form an eleven-member arms limitation commission and that the Council expedite consideration of the report of the Atomic Energy Commission so it can instruct the commission on further work.

Austion, Gromyko Confer

Gromyko also has proposed an arms commission, but has insisted previously that the atomic report be taken up in due order of the Council's work.

Warren R. Austin, United States delegate, and Gromyko, principal antagonists in a struggle over the best way to tackle the arms question, conferred privately at the United Nations headquarters before entering the closed session called to tackle that problem.

There was no indication as to whether or not the United States and Russia delegates had made any progress toward agreement.

Determined On Accord

The six delegates met at the mid-town offices of the United Nations in the Empire State Building. They showed determination to stay in session until they agree on a plan to put the arms reduction study into motion.

On the subcommittee were representatives of Australia, Belgium, Colombia, France, the United States and Soviet Russia. All except the Belgian delegate, Fernand van Langenhove, were named because they wrote the five resolutions now before the Council. Van Langenhove is Council chairman.

Unity Is Main Task

Although the delegates were expected to consider all five resolutions, their main task was to seek agreement between Russia and the United States. The other resolutions were offered as compromises, but were accepted by neither.

At yesterday's Security Council meeting several delegates expressed belief there really were no major differences between the Soviet and American positions. This view was advanced by van Langenhove, British Delegate Sir Alexander Cadogan and Australian Delegate Paul Hasluck.

Main Point At Issue

The main point at issue appeared to be how to define the scope of the work of the proposed eleven-nation commission which will draft a general arms-reduction plan.

Session Is Suggested

The United States held that the Council should meet as a committee of the whole to consider the terms of reference of the commission, while Russia argued that this would mean a delay of possibly three months.

Hasluck suggested today's meeting to try to work out a compromise. Austin accepted the proposal and said he hoped the delegates would stay in session until they reach an agreement.

Gromyko said he had no objection to attending the meeting, but thought the Council already had discussed the proposals sufficiently.

U.S. Plan "Unnecessary"

Earlier, Gromyko had attacked the United States resolution as "unnecessary," declaring that all of it except the proposal to create a committee of the whole was a duplication of his own resolution of December 27 and the General Assembly resolution of December 14.

Van Langenhove proposed that the Security Council meet again tomorrow, if the subcommittee reached an agreement by that time, but no definite hour was set for the next Council session.

LONDON, FEB. 5—(AP)—A JEWISH MEDICAL ORDERLY WAS KILLED AND SEVERAL JEWISH AND ARAB INMATES AND MEMBERS OF THE STAFF INJURED DURING A RIOT IN THE CENTRAL PRISON OF JERUSALEM JAN. 27 AND 28, COLONIAL MINISTER ARTHUR CREECH JONES TOLD COMMONS TODAY.

CREECH JONES SAID THE IMMEDIATE CAUSE OF THE RIOT, IN WHICH "CONSIDERABLE" DAMAGE WAS DONE, APPEARED TO HAVE BEEN "PROVOCATIVE INSULTS SHOUTED BY JEWISH PRISONERS" WHEN NEWS WAS GIVEN OF THE KIDNAPING OF THE BRITISH JUDGE, RALPH WINDHAM. THE DISTURBANCE FINALLY WAS QUELLED WITH TEAR GAS ON THE SECOND DAY, HE SAID.

SECOND NIGHT LEAD PALESTINE (270)
BY ARTHUR GAVSHON

LONDON, FEB.5-(AP)-AUTHORITATIVE JEWISH SOURCES DECLARED TONIGHT THERE WAS "NOT THE SLIGHTEST CHANCE" OF THEIR ACCEPTING THE PALESTINE GOVERNMENT'S SEVEN-DAY ULTIMATUM CALLING FOR OFFICIAL JEWISH COOPERATION IN SUPPRESSING THE HOLY LAND'S TERRORISTS.

A JEWISH AGENCY SPOKESMAN ALSO SAID THE JEWS WOULD REJECT BRITAIN'S REPORTED NEW PLAN FOR PALESTINE IF IT DID NOT GIVE THEM EFFECTIVE CONTROL OF IMMIGRATION.

THE PLAN THUS APPEARED HEADED FOR OPPOSITION FROM BOTH JEWS AND ARABS EVEN BEFORE IT HAS BEEN OFFICIALLY ANNOUNCED. ARAB SPOKESMEN ALREADY HAD DECLARED THEY WOULD NOT ACCEPT PARTITION OF PALESTINE OR ANY PLAN WHICH FAILED TO GIVE THEM CONTROL OF ALL PALESTINE AND POWER TO END JEWISH IMMIGRATION.

GOVERNMENT INFORMANTS SAID YESTERDAY THE BRITISH CABINET HAD DECIDED TO IMPOSE A SETTLEMENT WHICH WOULD DIVIDE PALESTINE INTO ARAB AND JEWISH STATES WITH BRITAIN RETAINING AT LEAST TEMPORARILY OVERALL CONTROL. THE NEW PLAN WAS DESCRIBED AS BEING A HALF-WAY SOLUTION BETWEEN THE DISCARDED MORRISON PLAN, WHICH CALLED FOR DIVISION OF THE HOLY LAND INTO ARAB, JEWISH AND BRITISH ZONES WITH BRITAIN RETAINING MOST OF THE AUTHORITY, AND OUTRIGHT PARTITION INTO INDEPENDENT ARAB AND JEWISH STATES.

TODAY, THE JEWISH AGENCY SPOKESMAN DECLARED HIS BELIEF THE NEW PLAN WOULD BE "EVEN WORSE" THAN THE MORRISON PLAN.

DESCRIBING THE ULTIMATUM BY GEN.SIR ALAN CUNNINGHAM, PALESTINE HIGH COMMISSIONER, AS A "CLEAR PRELUDE TO ACTION" BY THE BRITISH ARMY, JEWISH SOURCES SAID IT WAS AN EFFORT TO JUSTIFY IN ADVANCE MILITARY OPERATIONS WHICH "HAVE ALREADY BEEN PLANNED."

THESE SOURCES SAID NEITHER THE JEWISH AGENCY NOR THE VAAD LEUMI (JEWISH NATIONAL COUNCIL IN PALESTINE) WOULD ACCEPT THE ULTIMATUM DUE TO EXPIRE MONDAY, AND THAT THE JEWISH AGENCY IN PALESTINE WOULD FORMALLY CONVEY ITS REFUSAL TO BECOME "INFORMERS AND SPIES" AGAINST FELLOW JEWS ON BEHALF OF "A SELF-CONFESSED ALIEN GOVERNMENT."

FOREIGN EXECRETARY ERNEST BEVIN AND COLONIAL SECRETARY ARTHUR CREECH JONES REMAINED IN CONSULTATION WITH THE CABINET ON DETAILS OF THE PLAN WHICH NOW MAY BE CONVEYED TO JEWS AND ARABS AT THE END OF THE WEEK OR EARLY NEXT WEEK. IT WAS STATED YESTERDAY THAT THE PLAN WOULD BE ANNOUNCED WITHIN 48 HOURS.

INFORMED SOURCES SAID BRITAIN'S ANNOUNCEMENT MAY BE SYNCHRONIZED WITH COMPLETION OF THE EVACUATION OF BRITISH WOMEN AND CHILDREN FROM PALESTINE, WHEN ALL IS IN READINESS TO DEAL WITHOUT ANY OUTBURST OF DISSATISFACTION, AND POSSIBLY WITH RECEIPT OF THE JEWISH AGENCY'S ANSWER TO THE SEVEN-DAY ULTIMATUM CALLING FOR JEWISH COOPERATION IN THE DRIVE TO SUPPRESS VIOLENCE. THE ULTIMATUM IS DUE TO EXPIRE MONDAY.

THE JEWISH AGENCY SPOKESMAN SAID IT WAS "STILL IN THE REALM OF PROPHECY" AS TO WHAT THE AGENCY WOULD DO TO IMPLEMENT ITS REJECTION OF ANY PLAN DENYING JEWS AUTONOMY OR CONTROL OVER IMMIGRATION.

LONDON, FEB.5-(AP)-ECONOMIC UNIFICATION OF THE BRITISH AND AMERICAN ZONES OF GERMANY IS GETTING UNDERWAY "VERY SATISFACTORILY" AND SHOULD PUT BOTH AREAS ON THEIR FEET ECONOMICALLY "WITHIN THREE OR FOUR YEARS," A BRITISH GOVERNMENT SPOKESMAN SAID TODAY.

JOHN B.HYND, MINISTER RESPONSIBLE FOR THE BRITISH ZONE, PREDICTED IN A HOUSE OF COMMONS DEBATE THAT SIGNS OF "GREATER SUCCESS" IN PULLING WESTERN GERMANY OUT OF THE ASHES OF WAR WOULD BEGIN TO SHOW "WITHIN TWO OR THREE MONTHS."

HYND REJECTED CATEGORICALLY A CHARGE BY CONSERVATIVE RICHARD LAW THAT "MUDDLE" AND "MISMANAGEMENT" BY HIS STAFF OF 25,000 IN THE BRITISH ZONE WERE "PILING UP THE SEEDS OF A THIRD WORLD WAR." HE SAID LAW'S ACCUSATIONS OF "CORRUPTION AND MALPRACTICES" BY BRITISH PERSONNEL IN GERMANY WERE "WILD ALLEGATIONS."

THE UNIFIED ZONES HOPE TO BUILD UP TRADE WITH ALL COUNTRIES, HE SAID, NOTING THAT NEGOTIATIONS ALREADY ARE IN PROGRESS WITH THE NETHERLANDS, AND BUSINESS MEN WILL BE WELCOME.

REPORTS THAT THE AREA ALREADY IS "FLOODED" WITH BRITISH AND AMERICAN BUSINESS MEN ARE INCORRECT, HE SAID --APPARENTLY REFERRING TO MOSCOW RADIO CHARGES PUBLISHED HERE-- BUT COMMERCIAL VISITORS WILL BE ENCOURAGED "NOT ONLY FROM THE UNITED KINGDOM AND AMERICA BUT OTHER COUNTRIES, TOO."

BELGRADE, YUGOSLAVIA, FEB 5-(AP)-COL.GEN.ALEXANDER LEHR, WHO DIRECTED THE BOMBING OF BELGRADE AND WARSAW, AND SEVEN OTHER GERMAN GENERALS WERE ACCUSED IN A WAR CRIMES TRIAL TODAY OF BURNING VILLAGES AND SLAUGHTERING CIVILIANS, PRISONERS AND WOUNDED PARTISANS.

LEHR, CONQUEROR OF CRETE, TESTIFIED HE HAD MET WITH ADOLF HITLER, 30 TIMES AND THAT HERMANN GOERING DIRECTLY ORDERED BELGRADE BOMBED.

LEHR SAID HE ORDERED FLIERS TO ATTACK ONLY MILITARY OBJECTIVES.

GEN.HANS FORTNER, DIVISIONAL COMMANDER IN SARAJEVO, WAS CHARGED WITH INSPIRING THE WAR-TIME USTASHA TO "COMMIT CRIMES AND START A FRATRICIDAL WAR."

ANOTHER DEFENDANT, GEN.FRITZ NEUTHOLD, WAS SAID BY THE PROSECUTOR TO HAVE BEEN MILITARY ADVISOR TO CHIANG KAI-SHEK. DURING THE OCCUPATION OF YUGOSLAVIA, HE FORMED A "DEVIL DIVISION" OF CROATIAN SOLDIERS WHICH THE PROSECUTOR SAID BURNED 600 TO 700 HOMES IN VILLAGES AND KILLED 360 PRISONERS OF WAR.

GEN.ADALBERT LONTSCHAR WAS ACCUSED OF ORDERING THE SLAYING OF THE ENTIRE POPULATION OF THE SERBIAN TOWN OF KRAGUJEVAC. YUGOSLAV AUTHORITIES SAID THEY FOUND 2,600 BODIES THERE.

FRANKFURT, FEB 5-(AP)-A FOOD EXPERT FROM HERBERT HOOVER'S MISSION CONSULTED TODAY WITH AMERICAN MILITARY GOVERNMENT OFFICERS OF THE STATE OF HESSE PREPARATORY TO DEPARTURE BY TRAIN FOR BERLIN TONIGHT.

HOOVER DINED LAST NIGHT WITH GEN.JOSEPH T.MCNARNEY, RETIRING AMERICAN MILITARY GOVERNOR, AND WAS EXPECTED TO LUNCH WITH HIM AT U.S. ARMY HEADQUARTERS IN FRANKFURT.

MEMBERS OF THE MISSION WERE RELUCTANT TO DISCUSS THEIR FINDINGS UNTIL MORE INFORMATION HAD BEEN GATHERED ON THE SUBJECT OF REDUCING FUTURE AMERICAN EXPENDITURES FOR FEEDING GERMANY.

A RUSSIAN-FRENCH-BRITISH-AMERICAN COMMISSION HAS BEEN HERE SEVERAL WEEKS EXAMINING THE FINANCIAL PROSPECTS FOR THE FREE STATE AND ITS PROBABLE COST TO THE UNITED NATIONS. ALL FACTIONS HAVE BOMBARDED IT WITH DAILY PRESS ARTICLES IN ATTEMPTS TO SWAY ITS DELIBERATIONS. THE COMMISSION'S REPORT, DUE TO BE PRESENTED SOON TO THE COUNCIL OF FOREIGN MINISTERS, WILL COVER ONLY THE FREE STATE'S ECONOMIC PROBLEMS.

PROVIDING ADDITIONAL AMMUNITION FOR A RENEWED PROPAGANDA WAR IS THE CONTINUED INFLUX OF REFUGEES FROM AREAS TO BE TURNED OVER TO YUGOSLAVIA. THOUSANDS OF ITALIAN FAMILIES FROM FUTURE YUGOSLAV CITIES SUCH AS POLA ARE LEAVING THEIR HOMES OR HAVE EXPRESSED THE INTENTION OF DOING SO.

THE PRO-ITALIAN "VOCE LIBERA" SAID THOUSANDS OF SLAVS, "PREFERRING EMIGRATION TO THE YOKE OF TITO'S DESPOTS, ARE FILTERING INTO ITALY FROM THAT PART OF THE GORIZIA AREA WHICH IS TO BECOME PART OF YUGOSLAVIA."

THE COMMUNISTS, HOWEVER, ATTRIBUTE THE EXODUS TO ANTI-YUGOSLAV PROPAGANDA, AND DECLARE THAT THOUSANDS OF ITALIAN WORKERS, UNEMPLOYED IN MONFALCONE AND OTHER CENTERS, ARE EMIGRATING TO YUGOSLAVIA.

ATHENS, FEB. 5-(AP)- IN APPARENT DEFIANCE OF A POLICE ORDER BANNING AN EAM (LEFTIST NATIONAL LIBERATION FRONT) DEMONSTRATION SCHEDULED FOR SUNDAY, THE COMMUNIST NEWSPAPER RIZOSPASTIS PUBLISHED AN ARTICLE TODAY HEADLINED: "NOBODY CAN STOP BIG DEMONSTRATION SUNDAY."

THE ARTICLE, WHICH OCCUPIED THE MOST PROMINENT PLACE ON THE FRONT PAGE, DECLARED: "THE GOVERNMENT MUST RECALL THE POLICE BAN IF IT DOESN'T WANT TO ASSUME RESPONSIBILITY THAT EVEN NOW IS UNDER THE EYES OF AN INVESTIGATING COMMISSION, IT FORBIDS RECONCILIATION OF THE PEOPLE."

THIS WAS A REFERENCE TO THE UNITED NATIONS COMMISSION NOW INVESTIGATING WARFARE IN GREECE.

IN SALONIKA, A PRINTED PROCLAMATION SIGNED BY "KIKITSAS," A GUERRILLA LEADER, PROMISED THAT AUTHORITIES WOULD "PAY DEARLY" IF PROSECUTION OF MEMBERS OF GUERRILLA BANDS WAS NOT STOPPED.

THE NEWEST DEMOBILIZATION ORDER CALLS FOR THE FOLLOWING PERSONNEL TO RETURN TO CIVILIAN LIFE: TWO AGE GROUPS OF GROUND FORCES; ONE AGE GROUP OF THE AIR FORCE; THREE AGE GROUPS OF THE NAVY.

RUSSIA BEGAN DEMOBILIZING WITH A GENERAL ORDER IN JUNE, 1945, WHEN 13 UPPER AGE GROUPS OF OFFICERS AND MEN WERE ORDERED MUSTERED OUT. THIS WAS FOLLOWED ON SEPT. 25, 1945, WITH A DEMOBILIZATION ORDER AFFECTING 10 MORE OLDER AGE GROUPS, BUT NOT OFFICERS. THE THIRD ORDER WAS ON MARCH 21, 1946. WHEN SIX MORE CLASSES, EXCLUDING OFFICERS WERE DEMOBILIZED.

INCLUDING THOSE MENTIONED TODAY, THIS MEANS A TOTAL OF 32 AGE GROUPS WERE ORDERED DEMOBILIZED SINCE THE FIRST DECREE.

RUSSIA'S AGE GROUPS ARE EXCEEDINGLY LARGE BY AMERICAN AND BRITISH STANDARDS, AND THE NEW ORDER MEANT SEVERAL HUNDRED THOUSAND MORE MEN.

MOSCOW, FEB 5-(AP)-TASS, SOVIET NEWS AGENCY, REPORTED RUMORS FROM NORTH CHINA TODAY THAT UNITED STATES TROOPS BEING TRANSFERRED FROM THERE WERE RETURNING NOT TO THE U.S. BUT TO TSINGTAO ON THE COAST.

THE SHANGHAI DISPATCH ATTRIBUTED THE REPORTS TO TRAVELERS ARRIVING THERE. IF THE QUESTION OF ALLIED TROOPS IN CHINA IS RAISED AT THE FOUR-POWER FOREIGN MINISTERS' MARCH MEETING IN MOSCOW, TASS SAID, OBSERVERS POINTED OUT THAT "PARTIAL TRANSFER OF AMERICAN TROOPS FROM POINTS IN NORTH CHINA TO OTHER POINTS" WILL ENABLE U.S. REPRESENTATIVES TO "ASSERT THAT THEY HAVE BEGUN FULFILLING THE DECISION OF THE MOSCOW CONFERENCE OF 1945 ON WITHDRAWAL OF TROOPS FROM CHINA."

THE DISPATCH REPORTED THAT FAMILIES OF AMERICANS SERVING IN CHINA STILL WERE ARRIVING IN PEIPING FROM THE UNITED STATES.

(IN WASHINGTON A WEEK AGO, THE STATE DEPARTMENT ANNOUNCED THAT THE U.S. HAD DECIDED TO TERMINATE ITS CONNECTION WITH A PEACE COMMITTEE AND TRUCE HEADQUARTERS WORKING TO END THE CIVIL WAR IN CHINA. OFFICIALS SAID OVER 9,000 MARINE AND ARMY PERSONNEL WOULD BE WITHDRAWN FROM CHINA PROMPTLY.)

MOSCOW, FEB. 5-(AP)-THE GOVERNMENT ANNOUNCED TODAY THE MERGER OF THREE SEPARATE AGRICULTURAL MINISTRIES AND THE ESTABLISHMENT OF A NEW MINISTRY OF STATE FARMS IN A MOVE DESIGNED TO "REMOVE ORGANIZATIONAL DEFECTS" AND ELIMINATE DUPLICATION OF EFFORT.

THE MINISTRIES AFFECTED BY THE MERGER ARE THOSE OF AGRICULTURE, TECHNICAL CROPS AND LIVESTOCK BREEDING. IVAN ALEXANDROVICH BENEDIKTOV, FORMER AGRICULTURE MINISTER, WILL HEAD THE NEW COMBINED MINISTRY, WHICH WILL SUPERVISE ALL BRANCHES OF AGRICULTURE IN THE SOVIET UNION. HE WILL RETAIN THE TITLE OF MINISTER OF AGRICULTURE.

SIMILAR REORGANIZATIONAL MOVES WERE PLANNED ALL DOWN THE LINE IN THE VARIOUS CONSTITUENT REPUBLICS AND IN PROVINCIAL MINISTRIES.

THE NEWLY CREATED MINISTRY OF STATE FARMS WILL TAKE OVER SUPERVISION OF STATE FARMS PREVIOUSLY IN CHARGE OF THE THREE MERGED MINISTRIES. NIKOLAI ALEXANDROVICH SKVORTSOV, FORMER MINISTER OF TECHNICAL CROPS, WAS APPOINTED HEAD OF THE NEW STATE FARM MINISTRY.

STATE FARMS IN THE SOVIET AGRICULTURAL SYSTEM ARE LARGE SCALE AGRICULTURAL ENTERPRISES DIRECTLY OWNED AND OPERATED BY THE STATE AS DISTINGUISHED FROM COLLECTIVE FARMS, WHICH ARE PEASANT COOPERATIVES WITH LAND IMPLEMENTS COOPERATIVELY OWNED BY THE MEMBERS.

THERE ARE ABOUT 4,000 STATE FARMS IN THE SOVIET UNION TILLING ABOUT 30,000,000 ACRES OF LAND.

MOSCOW, FEB. 5-(AP)-EARLY RATIFICATION BY FINLAND OF A RUSSIAN-FINNISH AGREEMENT AND TREATY ON THE USE OF 6,000,000,000 FINNISH MARKS ONCE THE PROPERTY OF GERMANY IS EXPECTED BY RUSSIA.

DECISIONS GOVERNING THE USE OF THE MONEY WERE CONCLUDED FEB. 3 AND MADE PUBLIC LAST NIGHT BY THE MOSCOW RADIO.

(THE LAST AVAILABLE QUOTATION FOR THE FINNISH MARK LISTED IT AT .84 OF A CENT.)

THE MONEY, GERMAN FUNDS IN FINNISH BANKS, WAS AWARDED TO THE SOVIET UNION AT POTSDAM. UNDER THE NEW AGREEMENT IT IS TO BE USED TO BUY FINNISH COMMODITIES, MAINTAIN THE SOVIET NAVAL BASE AT PERKKALA AND AS REPAYMENT FOR WAR DAMAGES.

THE MOSCOW RADIO SAID 3,000,000,000 MARKS WOULD BE USED TO PAY FOR COMMODITIES SHIPPED TO RUSSIA THIS YEAR AND NEXT YEAR.

THERE WAS NO IMMEDIATE EDITORIAL COMMENT IN THE SOVIET PRESS ON FINNISH NEGOTIATIONS WHEREBY THE SOVIET UNION WOULD ACQUIRE NEW TERRITORY IN NORTHERN FINLAND, ALONG WITH A CONSIDERABLE LIST OF NEW REPARATIONS--A WARSHIP, REAL ESTATE IN RUSSIA AND AN INTEREST IN A JOINT STOCK COMPANY MAKING ARTIFICIAL FIBER.

"AN AMERICAN NEWSPAPER PUBLISHED IN ROME CONSIDERS IT POSSIBLE TO PUBLISH ON THE EVE OF SIGNING THE PEACE TREATY THIS INSOLENT DECLARATION OF MILITANT NEO-FASCIST 'IDEOLOGY,'" ILIN WROTE.

"IN THIS CONNECTION IT IS QUITE PERTINENT TO RECALL THAT THE PEACE TREATY'S TEXT CONTAINS A CLAUSE FORBIDDING THE EXISTENCE OF FASCIST ORGANIZATIONS IN ITALY."

AT THE SAME TIME THE SOVIET ARMY ORGAN RED STAR PUBLISHED A DISPATCH FROM VIENNA ASSERTING THAT HUNDREDS OF THOUSANDS OF FORMER NAZIS AND FASCISTS ARE RESIDING IN THE AMERICAN AND BRITISH ZONES IN AUSTRIA UNDER THE GUISE OF DISPLACED PERSONS FROM OTHER COUNTRIES.

PEIPING,THURSDAY,FEB.6-(AP)-THE AMERICAN BRANCH OF TRUCE HEADQUARTERS SENT URGENT ORDERS TODAY TO ITS SEVEN FIELD TEAMS IN NORTH CHINA AND MANCHURIA TO REPORT TO BASES FOR AN EXPECTED EARLY RETURN TO THE UNITED STATES.

THE FIRST OFFICIAL ORDERS TO BEGIN THE PROCESS OF WITHDRAWAL FROM NORTH CHINA WENT OUT SHORTLY AFTER CHINESE COMMUNISTS HAD PROMISED TO GIVE THE AMERICANS SAFE PASSAGE FROM PEIPING TO THE PORT OF TANGKU.

FOUR TEAMS STILL IN THE FIELD IN MANCHURIA WERE DIRECTED TO REPORT TO CHANGCHUN, THE MANCHURIAN CAPITAL, AND THREE IN NORTH CHINA WERE ORDERED TO RETURN TO PEIPING.

THE MANCHURIAN TEAMS, BASED AT ANSHAN, MUKDEN, HAILUNG AND SZEPINGKAI, ARE EXPECTED TO ARRIVE BY RAIL AT CHANGCHUN WITHIN A FEW DAYS.

THE MARINE AIR FORCE AND THE NANKING AIR DIVISION OF THE U.S. ARMY ADVISORY GROUP WILL HELP THE 53RD TROOP CARRIER SQUADRON EXPEDITE THE MASS MOVEMENT OF AMERICANS FROM CHANGCHUN TO PEIPING.

MELBOURNE, AUSTRALIA, FEB. 5-(AP)-A COMMITTEE OF THE PROVISIONAL INTERNATIONAL CIVIL AVIATION ORGANIZATION (PICAO) AGREED TODAY TO ABIDE BY BOUNDARIES PROPOSED BY THE ORGANIZATION'S COUNCIL FOR THE SOUTH PACIFIC REGIONAL AIR NAVIGATION AREA.

THE DECISION WAS EXPECTED TO BE ACCEPTABLE TO THE GENERAL COMMITTEE OF THE 14-NATION ORGANIZATION. THE UNITED STATES HAD GIVEN GENERAL SUPPORT TO THE PICAO PLAN, WHICH HAD BEEN OPPOSED BY BRITAIN.

ACCEPTANCE OF THE RECOMMENDATION BY THE DELEGATES WILL END A DISPUTE BLOCKING THE OPERATIONS OF PICAO. THE GENERAL COMMITTEE ALSO IS EXPECTED TO ACCEPT ANOTHER SUBCOMMITTEE RECOMMENDATION THAT THE FIVE TECHNICAL COMMITTEES OF THE CONFERENCE BE INSTRUCTED TO SUBMIT REQUIREMENTS ON TRANS-PACIFIC FLYING OPERATIONS WITHOUT REGARD TO REGIONAL BOUNDARIES. THUS THE TECHNICAL COMMITTEES NOW CAN MAKE RECOMMENDATIONS RELATING TO SAFETY AIDS AND OTHER FACILITIES FOR COMPLETION OF LONG OCEAN FLIGHTS EXTENDING OUTSIDE THE SOUTH PACIFIC REGION.

DENNIS PEEL, BRITISH DELEGATION CHIEF, OBJECTED THAT THE PICAO-PROPOSED BOUNDARIES WERE UNREALISTIC AND CONTENDED THAT SUCH PLACES AS THE CHINA SEABOARD SHOULD BE INCLUDED IN THE NORTH PACIFIC AREA WHILE THE PHILIPPINES AND MOST OF THE DUTCH EAST INDIES SHOULD COME IN THE SOUTHEAST ASIA AREA.

THE U.S. DELEGATION HEAD, GLEN GILBERT, SAID THE UNITED STATES OPPOSED THIS VIEW AND SUPPORTED THE PICAO PLAN IN A GENERAL WAY, BELIEVING THAT HONG KONG, CANTON, SAIGON, SINGAPORE AND BATAVIA SHOULD BE INCLUDED IN THE SOUTH PACIFIC AREA.

THE NATIONS PARTICIPATING ARE THE UNITED KINGDOM, NEW ZEALAND, THE NETHERLANDS, CHINA, THE PHILIPPINES, THE UNITED STATES, AUSTRALIA, FRANCE, CANADA, SWITZERLAND, CZECHOSLOVAKIA, GREECE, EL SALVADOR AND PORTUGAL. DELEGATES FROM BOLIVIA AND BELGIUM ARE ENROUTE.

WASHINGTON,FEB.5-(AP)-PRESIDENT TRUMAN TOLD CONGRESS TODAY THAT HASTY DISARMAMENT WOULD BE DANGEROUS.

HE SAID THE NATIONS OF THE WORLD "CAN SAFELY LAY ASIDE THEIR ARMS ONLY INSOFAR AS THEIR SECURITY IS PROTECTED BY OTHER MEANS."

THIS ASSERTION, MADE IN A REPORT ON THE UNITED STATES ROLE IN THE UNITED NATIONS, EMPHASIZED THE DEVELOPMENT OF A BROAD AMERICAN POLICY ON DISARMAMENT.

IN CONTRAST TO RUSSIAN DEMANDS FOR A DIRECT AND SPECIFIC ATTACK ON THE DISARMAMENT PROBLEM BY ITSELF, THE EMERGING AMERICAN VIEW IS

30.24 - 7741

THAT THE PROBLEM CAN ONLY BE SOLVED AS OTHER UNITED NATIONS MEASURES ARE TAKEN TO PRESERVE PEACE AND PREVENT AGGRESSION.

"IN THE LAST ANALYSIS," MR.TRUMAN WROTE IN HIS REPORT, "CONTROL AND REDUCTION OF ARMAMENTS CAN BE EFFECTIVE ONLY SO FAR AS GENUINE COLLECTIVE SECURITY AND A PEACEFUL POLITICAL ATMOSPHERE ARE FIRMLY ESTABLISHED."

AT THE SAME TIME, THE PRESIDENT SAID THAT THE ACHIEVEMENT OF LASTING PEACE "WILL DEPEND IN LARGE PART UPON THE ABILITY OF THE UNITED NATIONS" TO PUT OVER WORLD ECONOMIC RECOVERY AND COOPERATION.

HE URGED "BI-PARTISAN POLICIES OF ECONOMIC COOPERATION WITH THE REST OF THE WORLD IN SUCH MATTERS AS ECONOMIC RECONSTRUCTION AND DEVELOPMENT AND THE EXPANSION OF WORLD TRADE AND EMPLOYMENT."

HIS DECLARATIONS ON THIS POINT POSSIBLY REFLECTED CONCERN OVER SOME REPUBLICAN CRITICISM OF THE STATE DEPARTMENT'S RECIPROCAL TRADE TREATY PROGRAM. THIS PROGRAM IS AIMED AT PROMOTING INTERNATIONAL TRADE THROUGH REDUCING TARIFFS.

THE REPORT ON THE UNITED NATIONS SUMMED UP THE ORGANIZATION'S FIRST YEAR, AND SAID:

"THE JUSTIFIABLE HOPE AND CONFIDENCE, TO WHICH THE GREAT PROGRESS OF THE UNITED NATIONS IN THE PAST YEAR HAS GIVEN RISE, CAN BE BETRAYED AND LOST. THE DIFFICULTIES AND DANGERS THAT LIE BEFORE US ARE MANY AND SERIOUS."

1947

"ONE OF THE MAIN TASKS OF THE UNITED NATIONS THIS YEAR, THE PRESIDENT SAID, IS THE DEVELOPMENT AND APPLICATION OF THE PRINCIPLES OF INTERNATIONAL CONTROL OF ATOMIC ENERGY. HE ADDED:

"TO SUCCEED, WE MUST AT THE SAME TIME BUILD THE OTHER ESSENTIAL FOUNDATIONS OF A GENERAL SYSTEM OF COLLECTIVE SECURITY. THE NATIONS CAN SAFELY LAY ASIDE THEIR ARMS ONLY INSOFAR AS THEIR SECURITY IS PROTECTED BY OTHER MEANS."

THE PRESIDENT SPOKE FAVORABLY OF VIRTUALLY ALL UNITED NATIONS ACTIVITIES. HE SAID, HOWEVER, THAT THE PROGRESS OF THE SECURITY COUNCIL'S MILITARY STAFF COMMITTEE TOWARD ORGANIZATION OF ARMED FORCES TO PREVENT AGGRESSION HAD BEEN "DISAPPOINTINGLY SLOW."

AS FOR CONTROL OF ATOMIC ENERGY, HE SAID:

"THERE IS GOOD REASON TO HOPE THAT IF THE IMPERATIVES OF THE PROBLEM ARE GIVEN THE WEIGHT THEY DESERVE THE POLITICAL OBSTACLES THAT STILL STAND IN THE WAY OF ARRIVING AT A SOUND SOLUTION CAN BE OVERCOME AND THAT THE NATIONS REPRESENTED ON THE ATOMIC ENERGY COMMISSION (INCLUDING AMERICA, RUSSIA AND THE OTHER POWERS) WILL BE ABLE TO REACH UNANIMITY ON A FULLY EFFECTIVE INTERNATIONAL SYSTEM OF CONTROL OF ATOMIC ENERGY."

(ADVANCE)...WASHINGTON, FEB 5-(AP)-PRESIDENT TRUMAN TOLD CONGRESS TODAY THAT THE UNITED NATIONS HAS MADE "GREAT PROGRESS" IN THE PAST YEAR BUT THAT WORLD HOPES FOR PEACE CAN YET "BE BETRAYED AND LOST."

"THE DIFFICULTIES AND DANGERS THAT LIE BEFORE US ARE MANY AND SERIOUS," MR. TRUMAN SAID IN A LETTER TRANSMITTING TO BOTH THE SENATE AND HOUSE A REPORT ON UNITED STATES ACTIVITIES IN THE WORLD ORGANIZATION DURING 1946.

HE DECLARED IN THE REPORT ITSELF THAT PROGRESS MADE ON INTERNATIONAL CONTROL OF ATOMIC ENERGY IS "HEARTENING," DUE CHIEFLY TO INCREASING RUSSIAN AGREEMENT WITH AMERICAN PROPOSALS FOR A WORLD CONTROL SYSTEM.

ON THE OTHER HAND, THE CHIEF EXECUTIVE DESCRIBED AS "DISAPPOINTINGLY SLOW" THE WORK OF THE MILITARY STAFF COMMITTEE. THAT U.N. AGENCY HAS THE TASK OF ORGANIZING THE FORCES WHICH THE SECURITY COUNCIL IS AUTHORIZED TO USE AGAINST ANY FUTURE AGGRESSOR.

MR. TRUMAN SAID, HOWEVER, "THERE ARE ALREADY SIGNS OF GREATER SPEED AND IT IS HOPED THAT THE PACE OF THE COMMITTEE'S WORK WILL CONTINUE TO ACCELERATE."

THE PRESIDENT LISTED AS ONE OUTSTANDING ACCOMPLISHMENT OF THE PEACE AGENCY DURING ITS FIRST YEAR THE UNANIMOUS AGREEMENT BY THE 54 MEMBER NATIONS, INCLUDING RUSSIA, ON THE PRINCIPLE OF INTERNATIONAL CONTROL AND INSPECTION OF ATOMIC ENERGY, "ESTABLISHED BY TREATY AND NOT SUBJECT TO ANY VETO IN ITS OPERATIONS." BUT HE ADDED:

"MANY MONTHS OF HARD WORK AND DIFFICULT NEGOTIATION IN THE SECURITY COUNCIL AND THE ATOMIC ENERGY COMMISSION LIE AHEAD. NOT ALL THE ESSENTIAL PRINCIPLES HAVE BEEN AGREED UPON. THE PROBLEM OF ENFORCEMENT MUST STILL BE RESOLVED.

"ALL THE PRINCIPLES MUST BE GIVEN SPECIFIC AND PRACTICAL APPLICATION IN TREATIES AND CONVENTIONS UNANIMOUSLY AGREED UPON.

"THIS IS ONE OF THE MAIN TASKS BEFORE THE UNITED NATIONS IN THE COMING YEAR. TO SUCCEED, WE MUST AT THE SAME TIME BUILD THE OTHER ESSENTIAL FOUNDATIONS OF A GENERAL SYSTEM OF COLLECTIVE SECURITY.

"THE NATIONS CAN SAFELY LAY ASIDE THEIR ARMS ONLY INSOFAR AS THEIR SECURITY IS PROTECTED BY OTHER MEANS."

MR. TRUMAN SAID ONE OF THE "IMPORTANT LONG RANGE ACHIEVEMENTS OF THE GENERAL ASSEMBLY'S FIRST SESSION, WHICH WAS HELD PARTLY IN LONDON AND PARTLY IN NEW YORK, WAS THE ADOPTION OF RESOLUTIONS FOR "CODIFICATION AND DEVELOPMENT OF INTERNATIONAL LAW."

1947

A56WX

DEVELOPMENTS TOWARD THE APPLICATION OF INTERNATIONAL LAW TO INDIVIDUALS--AS IN THE CASES OF THE NAZI LEADERS TRIED AT NUERNBERG--AS WELL AS TO STATES "ARE OF PROFOUND SIGNIFICANCE," THE PRESIDENT SAID, BECAUSE:

"WE CAN NOT HAVE LASTING PEACE UNLESS A GENUINE RULE OF WORLD LAW IS ESTABLISHED AND ENFORCED." HE CONTINUED:

"THE JUSTIFIABLE HOPE AND CONFIDENCE TO WHICH THE GREAT PROGRESS OF THE UNITED NATIONS IN THE PAST YEAR HAS GIVEN RISE CAN BE BETRAYED AND LOST.

"THE DIFFICULTIES AND DANGERS THAT LIE BEFORE US ARE MANY AND SERIOUS. THEY ARE STREWN ACROSS THE ROAD THAT LEADS TO THE FINAL PEACE SETTLEMENTS, TO THE ESTABLISHMENT AND MAINTENANCE OF COLLECTIVE SECURITY, TO THE CONTROL OF ATOMIC ENERGY AND REGULATION AND REDUCTION OF OTHER ARMS, TO THE ATTAINMENT OF ECONOMIC RECOVERY AND AN EXPANDING WORLD ECONOMY AND TO THE WIDER REALIZATION OF HUMAN

RIGHTS."

MR. TRUMAN REITERATED THAT THIS COUNTRY'S POLICY IS TO SUPPORT THE UNITED NATIONS WITH ALL ITS RESOURCES AS A "PERMANENT PARTNERSHIP."

"THAT POLICY--IN SEASON AND OUT--IN THE FACE OF TEMPORARY FAILURE AS WELL AS IN MOMENTS OF SUCCESS--HAS THE SUPPORT OF THE OVERWHELMING MAJORITY OF THE AMERICAN PEOPLE," HE SAID. "IT MUST CONTINUE TO HAVE THIS SUPPORT IF THE UNITED STATES IS TO FULFILL ITS APPOINTED ROLE IN THE UNITED NATIONS, IF THE UNITED NATIONS IS TO FULFILL ITS PURPOSES AND IF OUR LAND IS TO BE PRESERVED FROM THE DISASTER OF ANOTHER AND FAR MORE TERRIBLE WAR."

HIGHLIGHTING SOME OF THE PROBLEMS IMMEDIATELY AHEAD IN ADDITION TO THOSE OF ARMAMENT AND ATOMIC CONTROL, THE PRESIDENT MADE THESE OTHER POINTS:

"IT IS NOT TOO MUCH TO SAY THAT THE ESTABLISHMENT AND MAINTENANCE OF LASTING PEACE WILL DEPEND IN LARGE PART UPON THE ABILITY OF THE UNITED NATIONS TO CARRY THROUGH TO A SUCCESSFUL CONCLUSION THE WORK IT HAS BEGUN TOWARD WORLD ECONOMIC RECOVERY AND COOPERATION. X X X

"I SHALL RECOMMEND TO THE CONGRESS PROMPT ACCEPTANCE OF THE CONSTITUTION OF THE INTERNATIONAL REFUGEE ORGANIZATION AND APPROPRIATION OF OUR SHARE OF THE EXPENSES OF ITS PROGRAM. X X X

"PREPARATIONS ARE NOW GOING FORWARD FOR A WORLD CONFERENCE ON FREEDOM OF INFORMATION BEFORE THE END OF THIS YEAR X X X.

THE PROVINCE DENIED INDIAN NATIONALS THE RIGHT TO VOTE. AS A RESULT, THEY ALSO WERE BARRED IN THE FEDERAL ELECTIONS BECAUSE DOMINION RULES ENFRANCHISE ONLY THOSE ALLOWED BY THE PVOINCES TO VOTE.

INDIA'S DISSATISFACTION WAS UNDERSTOOD TO BE ONE OF THE REASONS FOR THE DELAY IN EXCHANGING HIGH COMMISSIONERS. INDIA AND CANADA ANNOUNCED INTENTIONS TO MAKE THE EXCHANGE MORE THAN A YEAR AGO, BUT ONLY LAST DECEMBER DID CANADA NAME JOHN KEARNEY TO THE POST.

OTTAWA, FEB. 5-(AP)-RESOURCES MINISTER J.A. GLEN OF THE HOUSE OF COMMONS ANNOUNCED LATE TODAY PASSAGE OF AN ORDER-IN-COUNCIL WHICH WOULD ALLOW FOUR ADDITIONAL CLASSES OF IMMIGRANTS TO ENTER THE DOMINION.

HE SAID THESE PERSONS HAD BEEN ADDED TO THE ADMISSIBLE CLASSES:

THE WIDOWED DAUGHTER OR SISTER (WITH OR WITHOUT UNMARRIED CHILDREN UNDER 18 YEARS OF AGE) OF A LEGAL RESIDENT OF CANADA WHO IS IN A POSITION TO RECEIVE AND CARE FOR SUCH RELATIVES.

AN AGRICULTURIST ENTERING CANADA TO FARM WHEN DESTINED TO A FATHER, FATHER-IN-LAW, SON, SON-IN-LAW, BROTHER, BROTHER-IN-LAW, UNCLE OR NEPHEW ENGAGED IN AGRICULTURE AS HIS PRINCIPAL OCCUPATION WHO IS IN A POSITION TO RECEIVE SUCH IMMIGRANT AND ESTABLISH HIM ON A FARM.

A FARM LABORER ENTERING CANADA TO ENGAGE IN ASSURED FARM EMPLOYMENT.

A PERSON EXPERIENCED IN MINING, LUMBERING OR LOGGING ENTERING CANADA TO ENGAGE IN ASSURED EMPLOYMENT IN ANY ONE OF SUCH INDUSTRIES

THIS LATEST AMENDMENT TO THE REGULATIONS IS THE THIRD MAJOR STEP IN OPENING CANADA'S IMMIGRATION BARS SINCE THE END OF THE WAR AND OBSERVERS BELIEVE IT MAY BE THE FORERUNNER TO A BROAD SELECTIVE PROGRAM.

THE FIRST SUCH MOVE WAS LAST MAY WHEN THE GOVERNMENT ANNOUNCED THAT EUROPEAN RELATIVES OF CANADIANS WOULD BE ALLOWED TO ENTER THE DOMINION IF THEIR CANADIAN RELATIVES UNDERTOOK TO HOUSE AND SUPPORT THEM.

LATER, IT WAS ANNOUNCED THAT 4,000 POLISH SOLDIERS WHO HAD SERVED BESIDE CANADIAN TROOPS IN ITALY AND DID NOT WISH TO RETURN TO THE COMMUNIST-DOMINATED HOMELAND WOULD BE ALLOWED TO COME TO CANADA AS FARM LABOR, WITH A PROMISE OF EVENTUAL CITIZENSHIP.

CHICAGO,FEB 5-(AP)-AN ARMY MAJOR WAS ACCUSED IN COURT TODAY OF SEEKING DISMISSAL OF HIS DIVORCE SUIT AGAINST HIS FRENCH WAR BRIDE BECAUSE THE FRENCH GOVERNMENT HAD BECOME INTERESTED IN THE SUIT.

THE ACCUSATION WAS MADE IN SUPERIOR COURT AGAINST MAJ.DANIEL E. GALLAGHER, BY LLOYD A.FAXON, ATTORNEY FOR MRS.NOELLE JAMMET GALLAGHER. FAXON SAID THE MAJOR SOUGHT DISMISSAL OF HIS SUIT BECAUSE MRS.GALLAGHER CAME FROM A PROMINENT FRENCH FAMILY AND "THE FRENCH GOVERNMENT HAS TAKEN AN INTEREST IN THE CASE TO THE EXTENT OF ASKING THAT THE FRENCH EMBASSY HAVE A REPRESENTATIVE PRESENT AT THE HEARINGS."

MAJ.GALLAGHER, 28, NOW STATIONED AT CLARKSBURG, W.VA., HAD FILED A DIVORCE CHARGING HIS 21-YEAR-OLD WIFE WITH MISCONDUCT. MRS.GALLAGHER FILED A CROSSBILL FOR SEPARATE MAINTENANCE, CHARGING DESERTION. TODAY, MAJ.GALLAGHER ASKED THAT HIS DIVORCE SUIT BE DISMISSED AS WELL AS MRS.GALLAGHER'S SEPARATE MAINTENANCE BILL.

FAXON THEN TOLD THE COURT THE MAJOR HAD "COLD FEET" AND "WANTED TO BACK OUT."

MRS.GALLAGHER NOW LIVES WITH HER PARENTS AND FIVE-MONTHS-OLD SON AT AUXERRE, FRANCE.

THE FRENCH CONSUL ROGER LONDON, SAID A CONSULAR REPRESENTATIVE WAS ATTENDING THE HEARINGS "AS AN OBSERVER, TO PROTECT THE INTERESTS OF A FRENCH NATIONAL." HE SAID THE EMBASSY IN WASHINGTON ASKED THE CONSULATE "TO FOLLOW THE MATTER THROUGH AS OBSERVERS, AND REPORT TO THE FOREIGH OFFICE IN PARIS."

"HOWEVER, WE ARE NOT TAKING PART IN ANY WAY," LONDON SAID.

HYMAN ABRAMS THE MAJORS ATTORNEY SAID HE REQUESTED THE DISMISSAL BECAUSE THERE APPEARED TO BE "A REMOTE CHANCE OF RECONCILIATION."

JUDGE FISHER, REMARKING, "THIS IS AN UNUSUAL CASE," DENIED THE MOTION TO STRIKE THE COUNTERBILL FOR SEPARATE MAINTENANCE, LEFT THE MOTION TO DISMISS THE DIVORCE SUIT PENDING, AND CONTINUED THE SUPPORT QUESTION TO FEB.14.

IN ACCEPTING THE FRENCH RESOLUTION, GROMYKO AGREED TO A PARAGRAPH ASKING THAT THE COUNCIL EXPEDITE CONSIDERATION OF THE REPORT OF THE U.N. ATOMIC ENERGY COMMISSION SO IT CAN INSTRUCT THE COMMISSION ON ITS NEXT PHASE.

WARREN R.AUSTIN, FORMER U.S. SENATOR AND CHIEF OF THE U.S. DELEGATION, PROPOSED YESTERDAY THAT THE COUNCIL TAKE UP THE ATOMIC REPORT AT ITS NEXT MEETING. GROMYKO HAD OBJECTED THAT THIS WAS NOT NECESSARY, THAT THE REPORT WOULD BE CONSIDERED IN THE COUNCIL'S REGULAR ORDER OF WORK.

AUSTIN EXPLAINED TO THE DELEGATES TODAY THAT HIS RESOLUTION, CALLING FOR AN ARMS COMMISSION AND FOR A COMMITTEE TO FRAME RULES FOR IT, WOULD NOT MEAN DELAY. HE SAID THE COMMISSION WOULD BE CONSTITUTED IMMEDIATELY, AND THAT THE RULES COMMITTEE COULD MEET EVEN WHILE THE COMMISSION WAS AT WORK.

GROMYKO HAS OBJECTED THAT THE RULES COMMITTEE WOULD MEAN DELAY.

THE WHOLE ARMS SUBJECT WAS TURNED OVER TO THE SECURITY COUNCIL BY THE GENERAL ASSEMBLY WHICH ADOPTED A RESOLUTION IN DECEMBER ASKING FOR A REDUCTION OF ARMED FORCES IN THE WORLD AND FOR DRASTIC CUTS IN WORLD ARMAMENTS.

ELSEWHERE IN THE UNITED NATIONS, SIR ALEXANDER CADOGAN, BRITISH DELEGATE, ATTACKED WHAT HE CALLED THE LACK OF PROGRESS IN THE MILITARY STAFF COMMITTEE AND DEMANDED THE U.N. PROBE THE DELAY. HE SPOKE AT TOWN HALL. THE MILITARY COMMITTEE HAD NO COMMENT.

NEW YORK, FEB.5-(AP)-GREAT BRITAIN DEMANDED TODAY THE UNITED NATIONS INVESTIGATE THE YEAR-LONG DELAY IN SETTING UP AN INTERNATIONAL MILITARY FORCE.

SIR ALEXANDER CADOGAN, BRITISH DELEGATE TO THE SECURITY COUNCIL, SAID IN A TOWN HALL ADDRESS THAT A FULL REPORT SHOULD BE CALLED FOR FROM THE U.N. MILITARY STAFF COMMITTEE "SHOWING EXACTLY HOW AND WHY THEY HAVE BEEN OBSTRUCTED."

THE MILITARY STAFF UNIT, COMPRISED OF ADMIRALS AND GENERALS FROM RUSSIA, GREAT BRITAIN, UNITED STATES, FRANCE AND CHINA, WAS SET UP TO ORGANIZE A GLOBAL FORCE TO BE PLACED AT THE DISPOSAL OF THE

COUNCIL FOR THE MAINTENANCE OF PEACE.

CADOGAN DID NOT SPECIFICALLY MENTION THE SOVIET UNION, BUT IT WAS RECALLED THAT RUSSIA DELAYED NEARLY SIX MONTHS IN SUBMITTING TO THE COMMITTEE EVEN A DRAFT OF PRINCIPLES.

THE BRITISH THUS BROUGHT INTO THE OPEN THE DISSATISFACTION OVER COMMITTEE PROGRESS THAT HAS BEEN GOING AROUND U.N. CIRCLES FOR MONTHS. ONE DELEGATE EVEN HAD SAID PRIVATELY THAT NOT A SINGLE GUN COULD BE SCRAPPED IN ANY DISARMAMENT PLAN UNTIL SECURITY WAS ASSURED THROUGH AN INTERNATIONAL ARMY.

DECLARING THAT THERE WAS AN INESCAPEABLE LINK BETWEEN DISARMAMENT AND SECURITY, CADOGAN SAID THAT "NATIONS WILL BE FOUND WILLING--EVEN EAGER--TO DISARM IN PROPORTION AS THEY FIND SOME ALTERNATIVE FORM OF SECURITY IN WHICH THEY CAN TRUST."

HE NOTED THAT SETTING UP OF THE MILITARY FORCE WAS JUST AS IMPORTANT TO A BROAD DISARMAMENT PROGRAM AS ATOMIC ENERGY CONTROL AND ARMS LIMITATION AND ADDED THAT THE MILITARY COMMITTEE "HAS AS YET MADE LAMENTABLY LITTLE PROGRESS."

THE MILITARY COMMITTEE, WHICH OPERATES IN HIGHEST SECRECY, HAD NO COMMENT.

SINCE THE COMMITTEE RECEIVED THE SOVIET PRINCIPLES LAST FALL, THE ADMIRALS AND GENERALS HAVE BOGGED DOWN IN MINOR DETAILS OVER PRELIMINARY PHASES OF THE PROBLEM. DISCUSSIONS NEVER HAVE APPROACHED THE DEFINITE STAGE OF LAYING DOWN HOW MANY TROOPS, SHIPS OR PLANES ANY COUNTRY SHOULD FURNISH, WHERE THEY SHOULD BE BASED OR WHO SHOULD BE IN COMMAND.

SOME COMMITTEE MEMBERS EXPECT LITTLE PROGRESS UNTIL POLITICAL CONSIDERATIONS HAVE BEEN CLEARED UP THROUGH DEFINITE INSTRUCTIONS FROM THE PARENT SECURITY COUNCIL.

NIGHT LEAD COAL (350)

PLAN

LONDON, TODAY AND TOMORROW, FEB 4--(AP)--COAL SHORTAGES CLOSED MORE BRITISH INDUSTRIAL 1947

THE GOVERNMENT GRAVELY FACED A SITUATION THAT COULD--AND MAY--THROW THE INDUSTRIALIZED NATION INTO ECONOMIC CHAOS BEFORE SPRING.

WITH HUNDREDS OF FACTORIES CLOSED AND AT LEAST 50,000 WORKMEN THROWN INTO ID

LENESS, THE NUB OF THE PROBLEM WAS THIS:

WINTER COAL CONSUMPTION EXCEEDS PRODUCTION BY NEARLY 150,000 TONS PER WEEK--A DEEP DIG INTO STOCKS THAT ALREADY HAVE DWINDLED TO LESS THAN TWO WEEKS SUPPLY.

HOW TO STRETCH SUPPLIES AND PREVENT FURTHER DETERIORATION OF INDUSTRIAL PRODUCTION WAS GIVEN TOP PRIORITY AT A SPECIAL CABINET MEETING ORIGINALLY CALLED TO STUDY THE PALESTINE SITUATION.

PARLIAMENT DISCUSSED THE CRISIS FOR THE SECOND CONSECUTIVE DAY AND RECEIVED FROM MINISTER OF WORKS GEORGE ISAACS THE ASSURANCE THAT "EVERY POSSIBLE ATTENTION IS BEING GIVEN TO IT."

REAL IMPROVEMENT, HOWEVER, MUST WAIT UNTIL WARMER WEATHER HALTS THE DRAIN ON STOCKS AND PRODUCTION AGAIN EQUALS OR EXCEEDS CONSUMPTION.

WHILE OFFICIALS CONSIDERED MODIFICATION OF THE COAL ALLOCATION SYSTEM TO PERMIT INCREASED SUPPLIES FOR PARTICULAR INDUSTRIES, ADDITIONAL FACTORIES EMPLOYING THOUSANDS ANNOUNCED PLANS TO INSTITUTE A FOUR-DAY WORK WEEK OR SHUT DOWN TEMPORARILY.

HUNDREDS OF TEXTILE MILLS, SOME OF THEM SMALL ONES, WERE CLOSED IN THE NORTH OF ENGLAND AND THE AUSTIN MOTOR COMPANY LAID OFF 15,000 EMPLOYES AT HIS BIRMINGHAM LONGBRIDGE PLANT, LARGEST IN THE COUNTRY.

CADBURY'S, A BIRMINGHAM CONFECTIONERY FIRM, ANNOUNCED IT WOULD CLOSE DOWN ITS BOURNVILLE COCOA WORKS, EMPLOYING 8,000, FOR A TEN-DAY PERIOD.

MAY AND BAKER, MAKERS OF DRUGS AND EMPLOYING 3,000 SAID THEY WOULD INSTITUTE A FOUR-DAY WEEK NEXT TUESDAY. 1947

FOUR HUNDRED EMPLOYES OF A TIN STAMPING WORKS AT PONT NEWYDD, MONMOUTHSHIRE, WERE LAID OFF BECAUSE OF THE FUEL SHORTAGE.

THE DUNLOP TIRE AND RUBBER COMPANY SAW LITTLE CHANCE OF REOPENING ITS BIRMINGHAM FACTORY FOR SEVERAL DAYS.

IMPERIAL CHEMICAL INDUSTRIES CLOSED ITS BIRMINGHAM PLANT, EMPLOYING 6,000, FOR A WEEK.

THE TROUBLESOME COAL SHORTAGE HAS BEEN DEVELOPING FOR YEARS WITH CONSUMPTION ALWAYS EXCEEDING PRODUCTION IN WINTER MONTHS. THIS YEAR, WITH A REDUCED LABOR FORCE, SUPPLIES STOCKPILED DURING THE WARM MONTHS AMOUNTED TO LESS THAN 10,000,000 TONS, ABOUT HALF THE AMOUNT STORED FOR WINTER CONSUMPTION IN NORMAL YEARS.

Eisler Faces Four-Fold Charges in Red Probe; Linked with Spy Ring

NAMED IN PLOT TO OVERTHROW U.S. GOVERNMENT

Also Accused of Perjury, Tax Evasion and Passport Falsification.

DEFIES PROBERS

Alleged No. 1 Communist in America Linked to Canadian Atom Espionage.

WASHINGTON, Feb. 6—(AP) Gerhard Eisler, alleged secret overlord of all U. S. Communists, defied the House Committee on un-American Activities today and the committee promptly moved to prosecute him on charges of plotting to overthrow the government.

Spluttering in anger, the bespectacled little man described as Moscow's No. 1 agent in this country, refused to testify under oath.

First the committee cited him for contempt. Then Chairman J. Parnell Thomas (R-NJ) announced that the committee had decided to turn over to the Justice Department, for "appropriate action," the following charges:

Four Charges

1. Conspiracy to overthrow the government.
2. Perjury.
3. Income tax evasion.
4. Passport falsification.

From his own bitterly-scornful sister, the committee heard that Eisler was the top American worker for the Communist International, "a dangerous terrorist" who did his "dirty work" on orders straight from Moscow.

For the moment, Eisler was hustled to Ellis Island where he faces charges of breaking the immigration laws. He left the committee room, shouting in the accents of his native Germany, that he is an "anti-Nazi political prisoner."

Bit by bit, the committee pieced together accounts of his alleged operations. The story was told by:

Ruth Fischer, the sister, who testified under oath that he had been sent to the United States in 1933 "to take over Communist activity" in this country, and that he was once praised in a report to Moscow for his "excellent achievements."

William Odel Nowell, a Georgia-born Negro who said he broke with the Communist party in 1936. Nowell identified Eisler as a man whom he first met in Moscow and later in Detroit—an agent with powerful influence in the inner council of the Communist International.

Accused by Hoover

A statement from FBI Director J. Edgar Hoover—originally given the immigration service in October, 1946, in seeking Eisler's deportation—that Eisler "controlled and directed American Communist activities" that he was a "figure of primary importance with almost unlimited authority."

Committee Counsel Robert Stripling, who said that Eisler "has been shuttling back and forth" between the Soviet Union and the United States "despite repeated oaths to the contrary" with the help of fraudulent passports and forged documents.

These were the top developments in a day which got off to a turbulent start when Eisler defiantly and firmly refused to take an oath after Chairman Thomas announced that evidence would be produced that American Communism is being directed from abroad.

The packed committee room was hushed temporarily as Eisler, brought from Ellis Island where he has been held the last two days, was called and was ordered to take the oath to testify truthfully.

Creates Stir

Eisler rose slowly and served notice: "You will not swear me in before you hear a few remarks."

In the hubbub that followed, Thomas again and again instructed Eisler to take the oath, telling him: "You are a guest of this country."

Drumming his forefinger on the committee table, Eisler retorted: "I am an anti-Nazi political prisoner. I am not a guest of this country." Again he refused to take the oath. "Now, I have my will," he said.

"Step aside," shouted Thomas. "Step aside."

Eisler pushed to the side of the room.

Minutes later, the committee voted unanimously to institute contempt proceedings.

Outside, in the corridor of the house office building, Eisler munched a candy bar and talked with Carol King, his attorney and his wife. Before they left, the attorney passed out copies of the statement which Eisler had attempted to read.

Issues Statement

In it, Eisler declared:

"As the new season of Red-hunting has opened today, let me tell you, or try to tell you, at the beginning: I am not a spy, not a foreign agent; not the 'boss' of all the Reds in this or any other country, and that I never did anything to harm the American people for which I have a great deal of sympathy. I am a German Communist, a political refugee, wanting to go home."

Inside the committee room, as the turmoil ended, Stripling went ahead with presentation of his case, first reading Hoover's statement which declared that Eisler had served as the "liaison" agent between the Comintern in Russia and Communists in this country. It declared that he associated with persons "strongly suspected of Soviet espionage."

From Ruth Fischer came additional charges of Eisler's connection with the Communist International. She acknowledged that she, herself, had once been a party leader, serving as chairman of the Berlin organization and as a member of the Moscow presidium, the party's ruling body.

A dark-haired woman, she testified in cold tones of her break first with the Communist party over policy matters, and later with her brother whom she described as "the perfect terrorist type."

She testified that she met him in 1933 in Paris "on his way to this country," and that he had told her then that "I will change the policy of the Communist party there completely and entirely."

Accused by Sister

She accused him of betraying former friends of the OGPU, the Soviet secret police, and denied that he had ever fought the Nazis. Between puffs as she chain-smoked cigarettes, the sister declared that it was she who was instrumental in bringing Eisler into the Communist party when the family was living in Austria.

While the immigration charges pending against Eisler might end in deportation, the committee asked the Justice Department to see that Eisler stays in the United States. It called him a "dangerous" alien.

Rep. Mundt (R-SD) noted alleged connections with persons accused of trying to steal atomic bomb secrets from Canada for Russia, and said:

"It is of the utmost importance from the standpoint of national defense that Eisler be retained in this country."

Louis Budenz, former Communist editor and now a professor at Fordham University (Catholic), testified that Eisler was linked to Samuel Carr and Fred Rose, who he said were figures in the Canadian spy investigation.

It was Budenz who months ago named Eisler as the No. 1 Communist in America.

BRITISH CABINET SPLIT ON PLAN FOR HOLY LAND

Seeks to Present Completed Proposals to Arabs, Jews Today.

PALESTINE TENSE

Military on Alert; Tuesday Seen 'Day of Decision' for City.

ARTHUR GRAYSON

LONDON, Feb. 6 — (AP) The British cabinet was split tonight on a solution to the critical Palestine problem, authoritative sources said, but hoped to present completed proposals to Arab and Jewish representatives here by tomorrow.

Foreign Secretary Ernest Bevin and Colonial Secretary Arthur Creech Jones were reported at odds over the formula for the Holy Land as the cabinet met for the third successive day on the problem, but government sources said the two cabinet ministers were ready now to convey "many agreed aspects" of a compromise to Jewish Agency leaders.

Cabinet Meets Today

The Jewish representatives were summoned to an unscheduled conference tonight and another cabinet session was announced for tomorrow.

Creech Jones' compromise formula would partition Palestine within five years, with the Arabs and Jews having the right to secede at the end of the period, informed sources said.

The colonial secretary also sought to apportion a more generous area of the Holy Land to the Jews than that envisioned in the so-called Morrison plan for provincial autonomy; to abolish the Palestine police force and to remove all limitations on immigration in the Jewish area.

Bevin, said by some government sources to be "fearful of a holy Arab war against Britain," was opposing these details in Creech Jones' plan. The foreign secretary's view, which the informants said was supported by Prime Minister Attlee and Defense Minister A. V. Alexander, was that a settlement should not go beyond a modified version of the Morrison plan.

R. H. S. Crossman, young labor legislator who led the House of Commons revolt against Bevin's foreign policy last fall, described Creech Jones' plan as "partition on the instalment system" and as having an excellent chance of success if adopted.

Not an Ultimatum

Creech Jones told the House of Commons the Palestine government's demand for Jewish cooperation in Palestine against terrorists was not an ultimatum but a request "for an answer to a specific question" within seven days. Jewish leaders in Palestine have rejected the demand, holding that it would turn the Jewish community into informers.

Creech Jones said the letter of the Palestine chief secretary, Sir Henry Gurney, to the Jewish leadership "referred to the refusal of the agency and the Jewish community to cooperate with the authorities and invited their attention to the extreme gravity of the situation."

The colonial secretary said prospects for Jewish cooperation were not encouraging, and added:

"The authorities have no desire to impose military repression on Palestine, but the terrorist organization (Irgun Zvai Leumi) have themselves stated there will be further outrages and that they will turn Palestine into a bloodbath if the sentence of Dov Bela Gruner is carried out."

Prospects Not Encouraging

The Colonial Secretary said prospects for Jewish co-operation were not encouraging, and added:

"The authorities have no desire to impose military repression on Palestine, but the terrorist organization (Irgun Zvai Leumi) have themselves stated there will be further outrages and that they will turn Palestine into a blood bath if the sentence of Dov Bela Gruner is carried out."

Asked by a member whether Britain would withdraw recognition from the Jewish Agency, the Colonial Secretary replied that "under the mandate, certain obligations were placed on the agency to co-operate with the administration. The agency now has been requested to declare its attitude toward rooting out of terrorism."

Official Jewish Authority

The agency was designated in Britain's League of Nations mandate as the official Jewish authority representing Palestine's Jews.

Informed Government sources said the Colonial Secretary personally favored going as far as possible toward a Palestine settlement without having to refer the matter to the United Nations. He was reported to have the support of the "Left Wing" members of the Cabinet in the view that Britain could win Jewish Agency acceptance of his proposals.

However, Bevin was said to be insisting upon a limit to Jewish immigration, and to disagree to the idea of eventual secession. Bevin, apparently with the support of the Prime Minister, is said to have urged that if the Jewish Agency rejected his plans, Britain should hand over the mandate to the United Nations.

British Confer With Jews.

London, Feb. 6 (A. P.).—British leaders summoned Jewish Agency representatives into an unscheduled conference today, apparently to disclose details of a Cabinet plan on Palestine.

The Cabinet discussed the Holy Land this morning for the third successive day before Foreign Secretary Ernest Bevin called the Jewish leaders together.

Whitehall informants gave this picture:

There were two distinct plans when British Ministers tackled the subject Tuesday. One was Colonial Secretary Arthur Creech Jones's formula for partitioning the country into independent Jewish and Arab States immediately. The second was Bevin's scheme to modify the so-called Morrison plan for creating semi-autonomous Arab and Jewish provinces in the Holy Land. A compromise settlement was reached in principle but details were still being hammered out.

Creech Jones changed his partition "immediately" proposal to partition "within five years." He also called upon the Cabinet not to impose any ceiling on immigration into the Jewish zone and to abolish the Palestine Police Force.

Bevin, supported by Prime Minister Clement Attlee and Defense Minister A. V. Alexander, demanded a maximum Jewish immigration figure. He urged that if the Jewish Agency rejected his settlement, Britain should hand over the mandate to the United Nations.

TOMMIES OCCUPY JERUSALEM AREA AS SECURITY MOVE

Palestine Tension Rises —Prospect of Martial Law Increases.

CARTER L. DAVIDSON

Jerusalem, Feb. 6 (A. P.).—British troops moved into security "Area B" of Jerusalem when the zero hour for the departure of nearly 1,000 Jews from their homes arrived at noon today. Only about half the Jews had left and the soldiers helped move those who tarried.

Palestine was tense and bitter. The prospect for martial law increased after the Jewish National Council (Vaad Leumi) rejected a British ultimatum to help stamp out extremist activities.

The removal of Jews proceeded in confusion in four formerly peaceful residential areas which will be converted into barbed wire compounds in anticipation of bloodshed in the promised British drive against the underground. British wives and children and other non-essential civilians were being moved out of Jerusalem, Tel Aviv and Haifa.

Escape Confirmed.

Troops who will guard the "Area B" security sectors will be billeted there with Government officials and other essential persons they must protect.

Yesternitzky Escape Confirmed

A police communiqué confirmed the escape last month from a detention camp in Eritrea of Itzhak Yesternitzky, second in command of the Stern Gang, the most extreme of the underground forces. He was one of five who escaped. He had been captured in Tel Aviv, disguised as a rabbi, during a four-day screening last August.

The British demanded last Tuesday that the National Council (Vaad Leumi) and the Jewish Agency help suppress underground violence.

Promises To Fight

One underground organization, Irgun Zvai Leumi, expressed defiance last night in a note handed to newspaper correspondents which declared Irgun would "fight to the last breath" against British authority and called upon "the peoples of the world to come to our help."

Speakers at a National Council meeting last night unanimously opposed compliance with the ultimatum's terms, and the council then adopted a resolution directing its fourteen-man Executive to draft a full answer to the British, "in accord with the sentiments" of the speeches.

A usually reliable informant said that if the Jewish Agency also rejected the ultimatum Britain might issue a White Paper next Tuesday—the day the ultimatum expires—withdrawing official recognition from the agency.

[Jewish sources in London last night said there was "not the slightest chance" that the agency would accept the ultimatum.]

Tuesday may be the day of doom for Dov Bela Gruner, condemned Irgun member upon whose fate Palestine's future now seems to depend. There has been no official announcement as to when the respite granted him would expire, but executions usually occur on Tuesdays in Palestine.

1,000 OUSTED IN JERUSALEM

British Take Over New Areas As Tension Mounts

DAVIDSON

Jerusalem, Feb. 6 (AP)—A rumble of British military traffic echoed ominously tonight throughout all Palestine, tense and waiting for the culmination of three chains of events which in the next few days may erupt into a violent climax.

British lorries moved into new security compounds in this Holy City as nearly 1,000 embittered Jews moved out. Barbed wire barricades sprung up in anticipation of a decision which many believe will cut this ancient land into Arab and Jewish states.

Next Tuesday may be the day of decision for the Holy Land. It is then, according to highly placed informants, that an announcement may come from London lopping off part of Palestine for Eretz Israel (the Land of Israel) and keeping the rest of it Arab.

Gruner May Be Executed

It is then, also, that bushy-haired Dov Bela Gruner, condemned for terrorism, may walk to the gallows for an execution which may be the signal for violent reprisals from his underground organization, Irgun Zvai Leumi.

And finally, Tuesday is the first day after the deadline for the seven-day ultimatum given Jewish leaders by the Palestine Government to cooperate in bringing terrorists to book. Last night the Jewish leadership, holding that the order was tantamount to asking the Jews to become informers and spies, rejected the demand.

The result may be a general crackdown by the British mandatory Government and Army against terrorism in general, probably accompanied by some form of martial law, curfews and even a possible dissolution of official Jewish bodies such as the Jewish Agency and the Jewish National Council. The agency represents Palestine Jewry in matters pertaining to a national home.

"Cannot Remain Idle"

A veteran Palestine observer said that when the seven-day British ultimatum ended with a negative reply from the Jews, "the Palestine Government cannot in conscience remain idle."

"It must move," he said, "and there is every reason to expect it will move against official Jewry, whose co-operation it sought but did not get. There are many who believe the Jewish Agency's actual existence depends on its wilingness to co-operate with the Government in removing the terrorist cancer."

This informant, who cannot be identified by name, said it was widely expected that the Government would issue a White Paper indicting the Jewish Agency for failure to help in curbing terror, and would issue the document during a suddenly imposed curfew which would paralyze the entire country.

Irgun May Arise

During such a period, he said, Gruner may go to his death on the gallows and Irgun Zvai Leumi may rise to avenge him. Thirty-three-year-old Gruner has been living only day to day since he failed to appeal to Britain's highest court.

Both Jews and Arabs are looking with trepidation upon the flurry of British military activity which obviously has been designed to prepare for a showdown.

British civilians by the thousands already have been sent out of the country. New troops, units of the 3d Infantry Division, now are on the scene.

Four formerly peaceful residential areas of Jerusalem were being emptied of their Jewish residents and turned into barbed wire compounds. Their homes will make up "Area B" of the new security sectors of the City.

Troops To Be Billeted

Troops who will guard the area will be billeted there, along with a number of Palestine government officials, who, having sent away their wives and children, now are ordered to move to places where the military can guarantee their safety.

A Cairo dispatch said British from Palestine, mostly women and children, were arriving in a steady flow from Palestine, and that about 1,000 now were housed in a bleak desert camp on the outskirts of the suburb of Maadi.

Police, meanwhile, confirmed reports that Itzhak Yesternitsky, arrested last August during the screening of residents in the all-Jewish city of Tel Aviv, had escaped with four others from a detention camp in Eritrea a month ago. Yesternitsky once was second in command of the Jewish underground organization known as the Stern Gang.

FRENCH CLAIM POST IN HANOI

Street Fighting Is Reported Raging In Hue

Paris, Feb. 6 (AP)—French forces claimed to have seized a command post in embattled Hanoi as bitter street fighting raged in the coastal town of Hue, in central Indo-China, dispatches from the Orient said tonight.

In Hanoi, attacking Viet Nam troops still were holding the isolated Chinese-Annamite quarter of the city. The insurgent command post taken by the French was destroyed.

These latest military developments in Indo-China came as European representatives of President Ho Chi-minh's Viet Nam Government put out peace feelers in Paris and London.

D'Argenlieu Recalled

At the same time the pro-Socialist newspaper in Paris, *Libre Soir*, reported that Socialist Premier Paul Ramadier had summoned Admiral George Thierry d'Argenlieu, high commissioner, home from Indo-China.

This report, coupled with the Viet Nam gesture, gave impetus to rumors that both sides were about ready to make some concessions in the hope of ending the 48-day Indo-Chinese war.

(A Viet Nam broadcast heard by the Associated Press in Manila declared the French lost 3,000 killed or wounded in four attacks on January 3, 15, 20 and 24 in an effort to drive the Viet Nam forces out of Hanoi, Indo-China capital. The broadcast conceded that Viet Nam troops had lost 1,500 soldiers in killed and wounded, and said thirteen French tanks had been destroyed.

Suicide Volunteer Corps

[It reported an oath-taking ceremony at which members of a suicide volunteer corps were handed "special weapons" with the words "you shall give up your life so that the fatherland may live 1,000 years."]

Marius Moutet, Colonial Minister, while on his recent trip to Indo-China, refused to take seriously the Viet Nam radio invitations to meet President Ho. This did not prevent Ngoc Danh, chief of the Viet Nam delegation in France, from outlining today a five-point program which he said his Government offered in the interests of peace.

The points included an armistice on all fronts, appointment of armistice commissions to execute an armistice order, redeployment of troops to positions defined in agreements of March 6 and April 3, 1946, an immediate stop to reinforcements from France and the starting of negotiations for a permanent peace.

Letter To The Times

Dang Chan Lieu, Viet Nam press attaché in London, in a letter to the *Times* also declared "the only thing to be done is to resume negotiations."

Libre Soir said the Cabinet had decided to replace d'Argenlieu. His critics have declared there could be no peace as long as he remained in Indo-China. The paper said General Leclerc, recently returned from an Indo-China inspection trip; Gen. Pierre Koenig and Henri Hoppenot, French Ambassador to Switzerland, were among possible successors to d'Argenlieu, an appointee of Gen. Charles de Gaulle.

Indo-China War Peace Feelers Reported

Paris, Feb. 6 (AP)—European representatives of the Viet Nam Republican Government of Indo-China put out peace feelers today in Paris and London.

The French Government, for its part, was reported to have asked Admiral Georges Thierry d'Argenlieu, High Commissioner for Indo-China and a target of Viet Nam critics, to return home.

Both moves indicated an effort to end the 48-day Indo-China war.

Ngoc Danh, president of the permanent Viet Nam delegation in France, said the Government of President Ho Chi Minh had offered a peace plan providing for an armistice on all fronts, the redeployment of all troops to positions defined in previous French and Viet Nam agreements and immediate cessation of the movement of French reinforcements to the colony. He proposed that negotiations begin.

The Viet Nam press attaché in London, Dang Chan Lieu, said "mistakes have been committed by the Viet Nam as well as the French."

3,000 French Loss Cited

Manila, Feb. 6 (AP)—The Viet Nam high command, in a broadcast heard here today by the Associated Press, claimed the French had lost 3,000 men killed or wounded in the Indo-China fighting since December in four heavy drives to capture Hanoi from the Viet Nam.

The Viet Nam Resistance Committee at the same time conceded they had lost 1,500 regulars and "self defense youths" killed and wounded, with more than 50 villages set afire and several thousand homes destroyed.

13 Tanks Destroyed

Reciting French losses in the Hanoi fighting, the Viet Nam also claimed 13 tanks destroyed, 40 others heavily damaged, 32 armored vehicles destroyed or damaged, 120 jeeps and trucks destroyed, 4 fighting planes destroyed and 3 others damaged, 3 reconnaisance planes forced down and 1 transport plane burned.

Summarizing the four blows at Hanoi, the resistance committee said the first occurred January 3 with an unspecified number of French troops supported by twenty tanks, armored cars and planes.

One thousand troops and heavy equipment were said to have been involved in each of the three following attacks January 15, 20 and 24.

"Suicide Volunteers"

Radio Hanoi at the same time reported an oath-taking ceremony by a suicide volunteer corps which pledged itself to defend the Chinese and Viet Nam quarter of Hanoi to the last man.

The broadcast said the commanding officer handed each volunteer a "special weapon" with the words: "You shall give up your life so that the Fatherland may live 1,000 years."

Each man was then reported to have pledged: "When a suicide volunteer dies, numbers of French troops must be exterminated. When a volunteer dies, one French arms depot must be exterminated or one French tank must be destroyed or one French post must be reduced."

Fanatics In Action

A January 17 dispatch from Hanoi said French troops had encountered a Viet-Namese suicide cult called "Can Tnu," or "Volunteers of The Dead."

French officers said this cult was patterned on the Japanese wartime suicide squads and that its members stayed in their positions and fought to the death after members of the Tu-Ve, a youth group, had retreated.

250 More British Evacuees Reach Cairo

Cairo, Feb. 6 (AP)—Another 250 British evacuees arrived by air today from Palestine, raising to about 1,000 the number now quartered in the bleak desert camp on the outskirts of the fashionable suburb of Maadi. Most of them were women and children.

They were placed in three and four-room hut barracks which New Zealand forces used during the war. Most appeared in good spirits.

LAND CLAIMS DEBATE SET

Deputies To Head Austrian And Yugoslav Argument

London, Feb. 6 (AP)—The four-power Deputy Foreign Ministers Council agreed today to invite Austria and Yugoslavia to argue their territorial dispute in a debate, probably Tuesday.

In a meeting characterized by unusual speed and good will, the deputies also decided that Austria will be obliged to recognize Trieste as a free port and recognize all the Allied treaties with defeated European states.

Yugoslavia claims a narrow strip of about 1,000 square miles and a population of 190,000 in Austrian Carinthia. Austria insists the population decided in a plebiscite in 1920 to cast its lot with her, but Yugoslavia contends that the population is largely Slovene and that

30.24-7749

the plebiscite was unfair.

Agrees Conditionally

Feodor T. Gusev, Soviet deputy, consented to the debate on condition that the issue be referred to a committee in case the deputies, sitting as judges, were unable to agree.

The deputies decided to raise tomorrow the question of when occupation troops will be withdrawn from Austria. The Americans favor a time limit of 90 days after the treaty becomes effective. The Americans also favor creation of an international body, possibly the heads of diplomatic missions in Vienna, to replace the Allied Control Council at that time.

Denied New State Planned

A British Foreign Office spokesman described as "pure fantasy" British press reports from Germany that the British and American governments were planning to create a new and independent western German state out of their economically merged zones with a capital at Frankfurt.

Another Foreign Office spokesman admitted in reply to a question that Ernest Bevin, Foreign Secretary, had secret talks last week with Stanislaw Grabski, a special Polish envoy.

Informed Polish sources said Grabski urged Bevin to "reconsider" Britain's negative attitude toward granting Poland the German territory up to the Oder and Neisse rivers. The British spokesman said he could not comment on what the talks were about.

French Support Small Nations

London, Feb. 6 (AP)—France aligned herself with Britain and the United States today in supporting demands of small Allied nations for a more active part in drafting peace treaties for Germany and Austria.

The Big Four Foreign Ministers' deputies, laying groundwork for the ministers' meeting in Moscow next month, were advised of France's views in a proposal submitted yesterday by Maurice Couve de Murville.

Under his proposal, the deputies would create consultation committies of the four big powers and other "states concerned" and, while proceeding with treaty drafting, would supply full information to the little nations through these committees and would seek their advice when their interests were involved.

Move By Gousev

Feodor T. Gousev, of Russia, who has maintained all along that the Big Four bore the brunt of the war and should make the peace decisions, moved the proposal be tabled for future debate.

London newspapers, meanwhile, featured unconfirmed Berlin reports that Britain and the United States were planning to create a separate "western German state" out of their two occupation zones if the Moscow talks failed to produce a peace settlement. This state, the reports said, would have an elected government with diplomatic powers and the capital would probably be Frankfurt.

Million Offered Churchill, Report

London, Feb. 6 (AP)—The British Press Association reported today that "very satisfactory" progress had been made in negotiations between Winston Churchill and Henry Luce, publisher of *Time* and *Life* magazines, for serial rights to Churchill's war memoirs.

"A sum in the neighborhood of $1,000,000 has been mentioned as the figure which Luce has agreed to pay," the news agency report stated.

It quoted Walter Graebner, European director for *Time* and *Life*, as saying: "I have been in touch with Churchill on the matter and a great deal has been done."

Lord Camrose, publisher of the London *Daily Telegraph*, said on January 2 that "negotiations are pending" for publication of a history of the war as Churchill saw it, but there was no confirmation from Churchill or his secretary at that time, either.

Churchill Sees British 'Sad and Disillusioned'

Says Labor's Policy Baffles and Obstructs Industry

LONDON, Feb. 6 (AP).—Winston Churchill described the British people as "sad and disillusioned" today, and attributed it to "the hollowness of Socialist pretensions, the fallacies of their (the Labor government's) doctrines and the incapacity of their management."

In a letter to a Conservative candidate for Parliament, Churchill said the government's "whole conduct has been to baffle, obstruct and exasperate industry" with "no sign of having any plan or policy to stimulate production."

He said the Conservative party offers "an orderly process of reconstruction" and progress toward "that property-owning democracy without which individual freedom cannot be enjoyed by the mass of the people."

Princesses Attend Dance On Warship

London, Feb. 6 (AP)—Princess Elizabeth and her sister had a taste of shipboard nightlife tonight as H.M.S. Vanguard cruised southward toward South Africa through equatorial waters, an Exchange Telegraph Agency dispatch from the ship reported.

The occasion was a dance on the moonlit deck of the warship to which the Princesses invited ship's officers.

The King and Queen visited the ship's galley during the day and were fascinated by a machine that sliced and buttered bread in one operation.

Red M. P. Found Guilty of Contempt

London, Feb. 6 (A. P.).—The House of Commons Committee on Privileges found Phil Piratin, Communist member of Parliament, guilty of "gross contempt of the House" today for striking a newspaper man after an argument in the House cafeteria.

The committee held that the reporter, T. D. Lucy of the British Press Association, was guilty of contempt of the House for accosting Piratin nearly two hours after the argument last December 20 "to demand an explanation of his conduct."

Since both men have apologized, the committee said, the dignity of the House would be vindicated by the House recording its displeasure over the incidents.

French Reds Favor Alliance With Britain

Paris, Feb. 6 (A. P.).—France's Communist party endorsed today the principle of a Franco-British alliance, but called for an understanding on Germany first so that France would not be deprived "of important bargaining points in future negotiations on German affairs."

Assembly Is Convinced

ROME, Feb. 6 (A.P.)—The Constituent Assembly committee on treaties announced today that Premier Alcide de Gasperi and Foreign Minister Carlo Sforza had convinced it that, "in the interests of the country," Italy should sign the Italian peace treaty at Paris Feb. 10. The announcement said the whole Assembly must decide as a "free and sovereign body" on the question of ratification.

BRITISH DENY CHARGE

Rome, Feb. 6 (A. P.).—British Army officers recorded a denial today of responsibility for the killing of a Yugoslav repatriation officer at a displaced-person camp under their control.

Visko Glumchic, consular representative of Marshal Tito's Government, and his assistant, Josip Engel, went to the camp near Naples January 25 and were beaten by inmate Chetniks, foes of the Tito regime. Glumchic later died.

In reply to a Yugoslav note, the British last night denied a charge that "British officers stood by while angry Chetniks forced their way into the camp office and removed the Tito men."

"On the contrary," said the announcement, citing findings of a military court of inquiry, "both they and the Chetnik officers present made every effort to restrain the assailants."

The British said that Glumchic and Engel went to the camp in defiance of a British warning.

M'NARNEY URGES JEWISH DP'S BE SENT TO PALESTINE

FRANKFURT, Germany, Feb. 6 —(AP) Gen. Joseph T. McNarney said today that 95 per cent of the displaced Jews in the American zone of Germany "are determined to resettle in Palestine" and that the only solution was to let them go there.

The American commander in Europe said he expressed this view yesterday in an interview with former president Herbert Hoover, here on a tour for President Truman to study the problem of feeding Germany. RICHARD A. O'REGAN

Favors Resettlement

"The only way we can settle the Jewish problem, in view of the Jews' determination to make Palestine their homeland, is to permit resettlement," McNarney told a news conference.

"Ninety-five per cent of the Jews who are given haven in the U. S. zone are determined to resettle in Palestine."

McNarney, who will leave his post as theater commander March 15, said he did not doubt that "Zionist organizations have taken steps to indoctrinate individuals that Palestine is the place they want to go."

He added that the influx of Jews fleeing Poland had dropped almost to nothing, and said that 480,000 Jews in Romania and Hungary "probably will go eastward to Palestine if and when a movement starts from those countries."

There are about 150,000 Jewish victims of Nazi persecution among approximately 525,000 displaced persons in the American zone of Germany.

McNarney said he and the former president "thoroughly discussed the problem of maintaining the displaced persons population in Germany, and the ways and means the problem might be liquidated."

He said the U. S. Army was prepared to care for and feed all the displaced persons in dozens of camps throughout the zone if the international relief organization was not ready to take over from the United Nations Relief and Rehabilitation Administration on July 1.

McNarney said he seriously doubted that the IRO would be ready to take over by that time, and that the army would carry on "even though we have no money in the 1948 budget for that purpose."

The commander disclosed that recent screening of displaced persons had eliminated 28,000 who were receiving care without being entitled to it.

He also gave assurance that displaced persons would not be repatriated forcibly unless they were war criminals wanted by Allied powers. His assurance, he said, was prompted by a "prevalent feeling of insecurity and fear" among the displaced persons during the screening programs of UNRRA and the Army.

Von Papen Continues His 'Silence Strike'

Nuernberg, Feb. 6 (AP)—Franz von Papen, master of words in a long career of diplomacy, continued his "silence strike" at his de-Nazification trial today.

The white-haired Prussian refused to speak in court yesterday after being placed under arrest Tuesday because the court said it had lost confidence in his veracity.

"They will not believe anything I say, anyhow," von Papen explained, "so why speak at all." He said he would stick to his silence.

Under German law, he is within his rights.

VON PAPEN ACCUSED BY FORMER FLYER

Nuernberg, Feb. 6 (A. P.).—Paul Rengers, a German airplane pilot, testified at Franz von Papen's de-Nazification trial today that the defendant once "intended by all means to bring Turkey into the war against the Allies." Von Papen was Germany's wartime Ambassador to Turkey. He undertook his campaign when the German Army invaded Russia in 1941, but dropped it after the German defeat at Stalingrad, which convinced him that Germany had lost the war, the witness said.

Rengers said that he had fled from the eastern front to Turkey, telling both Turkish and German officials that he had made a "forced landing," and that he had had ample opportunity after that to observe Von Papen's policies. He described himself as an enthusiastic anti-Nazi, now employed by the American Military Government at Nuernberg.

Hoover Discusses Reich Food Needs

Berlin, Feb. 6 (AP)—Former President Herbert Hoover arrived today on his tour of Germany to study food problems and went into an hour-long conference with high-ranking British and American occupation authorities.

Hoover, assigned to the study by President Truman, discussed the food situation and its economic phases with Lieut. Gen.. Lucius D. Clay, United States deputy military governor; Col. Hugh Hester, United States chief of food and agriculture; Hester's British opposite number, C. A. Hughes, and W. H. Draper, Jr., director of the United States economic division.

The former president showed interest in the availability and yield of homegrown food in the American and British zones and in the problem of food collection on a bizonal basis.

Hoover, who arrived from Frankfurt by rail, was greeted by General Clay at the Station. Commenting on his arrival, the Berlin newspaper *Der Abend* said:

"The greatest city of ruins in the world will greet you, Mr. Hoover thankfully and with very, very much love."

Colonel Durant On Way To D.C.

Frankfurt, Germany, Feb. 6 (AP)—After seven months' detention in Frankfurt, Col. Jack W. Durant was flown out of this army headquarters city tonight en route to Washington, where his trial for the alleged theft of the Hesse family jewels will be resumed.

The colonel, whose wife received five years' imprisonment for her part in the theft, left by army transport plane under escort of a military police officer, Capt. John Flynn, of South St. Paul, Minn.

Durant's trial in Germany was interrupted and is being shifted to the United States because, officials said, it would be easier than bringing witnesses here. The collection of recovered jewels is already in vaults of the Pentagon.

The 36-year-old colonel was accompanied by his special defense counsel, Capt. Glenn V. Brumbaugh.

Austria Gets Anti-Nazi Laws

VIENNA, Feb. 6 (AP).—The Austrian Parliament today passed unanimously, but under protest, a de-Nazification law as amended by the Allied Council. The statute had been under consideration since July 26. Sponsors of the measure complained the amendments made it difficult to distinguish between Nazi leaders and followers and imperiled a quick and final solution of the Nazi problem.

POLISH PREMIER SPEEDS CREATION OF HIS CABINET

WARSAW, Feb. 6—(AP) President Boleslaw Bierut designated 35-year-old Josef Cyrankiewicz, former underground resistance leader and inmate of Nazi concentration camps, as premier of Poland today, and asked him to report to Parliament by Saturday on the formation of a cabinet. ALLEN

Cyrankiewicz, secretary-general of the Socialist party and former minister without portfolio, summoned leaders of political parties into conference on formation of Poland's first regular government

since 1939.

Active Socialist

The new premier, native of Tarnow in southern Poland and son of an engineer, has been active in Socialist circles since his law student days in Krakow. He fought the German invasion in 1939 as an artillery officer, was captured and escaped. In Krakow he became a leader of the underground. He was arrested in 1941 and was interned in Oswiecim (Auschwitz) concentration camp. Later he was sent to the equally infamous Matthausen camp, where American troops liberated him.

Bierut received greetings today from foreign diplomats, including U. S. Ambassador Arthur Bliss Lane and British Ambassador Victor Cavendish-Bentinck.

One of Bierut's first acts as president was to pardon Col. Jan Rzepecki and four others sentenced to imprisonment as members of the high command of the underground organization WIN, whose initials stand for "freedom and independence."

WIN leaders were accused of giving state secrets to a "foreign ambassador" who was identified by a witness during the trial as Cavendish-Bentinck.

The president also reduced the sentences of four others and commuted the death sentence of Marian Golebiowski, former army officer condemned as an agent of Lt. Gen. Wladyslaw Anders, wartime commander of the Polish forces which fought in Italy. Golebiowski had been accused of organizing espionage for an unnamed foreign power.

Bierut Names New Premier

Warsaw, Feb. 6 (AP)—Boleslaw Bierut, newly re-elected President of Poland, today chose Socialist Josef Cyrankiewicz Premier and asked him to form a new government. Cyrankiewicz will report to Parliament Saturday.

Parliament yestetrday chose Bierut, Provisional President fourteen months, to serve a regular seven-year term. The vote was 408 to 25. The government bloc backed Bierut. Polish Peasant party delegates were in opposition. Bierut, 54, was sworn in a little later.

His selection of Cyrankiewicz followed a series of conferences with leaders of political parties. The new Premier, only 35, is Secretary General of the Socialist party. In his war career, he was an artillery officer, an underground leader and an inmate of the Oswiecim and Mauthausen concentration camps.

Frees Underground

Bierut today pardoned Col. Jan Rzepecki and four others sentenced to imprisonment Tuesday as members of the high command of the Polish underground.

The President also reduced the sentences of four others and commuted to imprisonement the death sentence pronounced against Marian Golebiowski, former Polish army officer, condemned as an agent of Lieut. Gen. Wladyslaw Anders, wartime commander of Free Polish Forces, for the purpose of organizing espionage for an unnamed foreign power.

Bulgaria Says Greeks Covet Her Lands

Athens, Feb. 6 (AP)—Bulgarian Liaison Officer George Koulischev told the United Nations Investigating Commission today that Greek charges against his country were aimed at seizure of Bulgarian territory.

The commission was hearing defenses against Greek charges that Bulgaria, Yugoslavia and Albania were hatching grounds for revolutionary plots against the Greek Government.

"To Transfer Attention"

Koulischev asserted the purposes of the Greek charges were "first, to transfer the world's attention from the real causes of the chaotic situation in Greece, second, to create the impression that the danger of the disturbance of order and peace in the Balkans was due not to the present regime in Greece but to her northern neighbors; and third, to stimulate again the anti-Bulgarian campaign of the Greek Government to facilitate their attempts to seize new parcels of Bulgarian land."

Greece (the only one of the nations involved not considered in the Russian bloc) asked the Paris Peace Conference to rectify the Greek-Bulgar border for strategic reasons. Bulgaria, with Russian backing, demanded that Greece cede her Western Thrace, although Bulgaria fought alongside the Axis.

"New Grabs" Seen

"We know that until recently," Koulischev testified, "the Greek Government made desperate efforts in connection with the proposed peace treaty for Bulgaria to make possible the new grabbing of parcels of Bulgarian land. This was not an isolated instance of the permanent aggressive attitude of the Greek chauvinistic circles against Bulgaria."

He asserted that the Greek charges "boil down to fi[illegible]ier incidents . . . and only two of them are of purely political character."

The Bulgar spokesman said the Greek-Bulgar border extended for more than 300 miles through rugged terrian and at "some sections along the frontier, there were very likely individual illegal crossings of the frontier, such as crossings of persons sought by Bulgarian authorities."

Refugees Over Border

He said that since the Summer of 1945 10,000 "refugees, mainly of Slavic origin," had crossed into Bulgaria. He said 5,000 of these requested co-operation of the Bulgarian Government to leave for Yugoslav Macedonia to join relatives.

Koulischev asserted in another statement that last August 27, "a plane bearing American marks and coming from Greece flew over the villages of Elhovets and Smilian and then returned to Greece." The statement listed 33 instances in which Bulgaria said her border had been violated.

Post Raided

Meanwhile, press reports from Ioannina, in Northwest Greece, quoting military authorities, said that a Leftist band, 300 strong, attacked a Greek border post on the Albanian frontier, captured 29 soldiers and forced the other 38 to abandon their position.

The reports said the band that attacked the post—northwest of Nestorion and about twenty miles southwest of Kastoria—was organized in Albania and returned there with its captives. Snow and difficult terrain prevented relief forces from reaching the garrison in time, the reports said, adding that the band was heavily armed.

Another press dispatch said that 37 guerrillas were killed or wounded in a ten-hour fight west of Lamia, in central Greece.

Romania Not Persecuting Catholics, Bishop Says

Bucharest, Romania, Feb. 6 (AP). Bishop Gerald P. O'Hara, of Savannah-Atlanta diocese, recently appointed regent of the Apostolic Nunciature in Romania, said today he had found no persecution of Catholics in Romania.

"In spite of the exceedingly difficult times, the Catholic Church generally is free to function and the position seems to be improving daily," he said in an interview. "The Romanians not only tolerate but respect religion. They are, in fact, a deeply religious people."

Hungary Concern Of U.S. And Russia

Budapest, Feb. 6 (AP)—A high Hungarian authority said today both the United States and Russia had become directly concerned with Hungary's complicated situation growing out of a reported plot to overthrow the year-old republic.

The United States has let it be known that any attempt forcibly to invalidate the results of the elections of November, 1945, would encounter American disfavor, he said. He said he and most other anti-Communist Hungarians believed Communists had exaggerated the recently exposed plot and had purposely attempted to involve many members of the Small Holders party in Parliament in an effort to reduce the party's hold on 57 per cent of the parliamentary seats.

At the same time he said Russia was negotiating for a new trade treaty with Hungary and therefore had become concerned with Communists-Small Holders bickering. He said that Russia apparently needed even the little trade it could get from Hungary because he had it on high authority that, if the Small Holders majority would agree to a treaty granting Russia monopolies in oil and bauxite, "the Communists will be ordered to stop their attacks on the Small Holders party."

REDS CONDEMN 2 U. S. OFFICERS

Blandy and Kenney Scored as Warmongers.

Moscow, Feb. 6 (A. P.).—The navy newspaper Red Fleet asserted today that recent speeches of Vice-Admiral W. H. P. Blandy and Major-Gen. George C. Kenney were warmongering support for United States "claims" on Greenland and Pacific bases.

The newspaper said that Blandy, commander of the United States Atlantic Fleet, spoke to a woman's patriotic conference and "did not spare color in describing the 'mortal danger' which is threatening the U. S. A."

The Soviet Navy organ continued: "Describing a fantastic picture of future attack on America 'by the shortest air route through the North Pole basin,' Gen. Kenney stated: 'This attack may involve 25,000,000 American victims in the course of twenty-four hours.'

Reds Explain Aims.

"From which actual direction such an invasion was expected, Kenney, of course, did not say because it was clear to him, as to every one, that no danger threatens the U. S. A.

"The aims of frightening the average American by mythical invasion is entirely clear. It is exactly that way by which certain circles in the U. S. A. depend upon receiving public support for their claims of Greenland and Pacific bases."

Red Fleet, commenting on Blandy, asserted that "from further words of the Vice-Admiral, it is clear that he is not at all opposed to the dependency of small countries on American military might."

These circles note particularly the ever-increasing efforts of independent American representatives to interrupt the development and strengthening of friendly relations between the Soviet Union and Iran."

Soviet economist F. Bystrov, writing in the Government newspaper Izvestia, today reported what he termed sure signs of coming economic crisis in the United States and added: "Many American economists expect the break to come in 1947."

Says Reds Will Admit But 20 U. S. Newsmen

Moscow, Feb. 6 (A. P.).—An informed foreign spokesman said today that Soviet Russia would probably admit about twenty American correspondents, radio men, photographers and magazine writers and about the same number from Britain for the Moscow conference of the Big Four Foreign Ministers in March.

The United States embassy had given the Soviets a list of seventy-one American correspondents seeking visas.

Report by Tass Says Americans Meddle in Iran

Charges 'Diplomats' of U.S. Try to Balk Friendly Relations With Soviets

MOSCOW, Feb. 6 (AP).—A Tass News Agency dispatch from Tehran today said American diplomats in Iran are interfering in the country's internal affairs and trying to turn Iranian sentiment against Russia.

"Recently," the dispatch said, "some reactionary Tehran newspapers have been trying ardently to create the impression that the Americans in Iran are conducting a neutral mission, standing aside from political events and not interfering in Iran's affairs. However, the behavior of some American representatives is appraised entirely differently by broad circles of Iranian opinion. These circles note particularly the ever increasing efforts of American representatives to interrupt the development and strengthening of friendly relations between the Soviet Union and Iran."

Tass said it was well known in Tehran that some American diplomats had made speeches among the Iranians, contending that Russian policies were directed against the independence of Iran and that the Soviet Union wanted to obtain a port on the Persian Gulf.

"These men," the agency added, "are not above direct slander and gross prevarication. In this 'neutral' activity these American representatives exploit some links of the Iranian state apparatus—particularly the gendarmerie, at the head of which is the American adviser, General Schwarzkopf."

[H. Norman Schwarzkopf, formerly head of the New Jersey State Police, directs the training of Iran's gendarmerie.]

U.S. Reporters Renew Soviet Zone Entry Plea

Berlin, Feb. 6 (AP)—American correspondents in Berlin today formally renewed a request to Russian authorities for permission to visit the Soviet zone of Germany.

Newsmen of the western Allied nations last visited the Russian zone in mid-September to observe local elections. Since then their repeated requests have encountered one formal rejection on the ground that it would be dangerous to travel in the zone while the Soviet Army was conducting redeployment operations. These operations are believed to have been concluded several weeks ago.

The American letter assured the Russians that "our cordial invitation to your correspondents to tour the United States zone is still open and we shall be most happy to arrange a tour or tours at your request."

Russian Writer Predicts Economic Crisis in U. S.

Economist Says Many Here Expect It This Year

MOSCOW, Feb. 6 (AP).—Soviet Economist F. Bystrov, writing in the government newspaper "Izvestia," reported today what he termed sure signs of coming economic crisis in the United States and added: "Many American economists expect the break to come in 1947."

He listed as such signs price increases, growth of monopolies and cuts in wages and in mass purchasing power. He said American economists and the press already are "unable to conceal their apprehension."

Too optimistic predictions were made in the United States during the war, he said, citing in particular the forecast that production would be at such a level as to provide 60,000,000 jobs. (Henry A. Wallace, while Secretary of Commerce, set forth this pro-war economic goal.)

U.S. Chinese Move Expected In March

Nanking, Feb. 6 (AP)—The American guarantee to help Chinese Government and Communist representatives get back to their own territory expires March 5. Dr. J. Leighton Stuart, United States Ambassador, informed both sides today, thus indicating that the Americans themselves expect to quit China about that time.

The American branch of the now-defunct tripartite executive headquarters in Peiping already was calling in the last seven of its truce teams from Manchuria and North China.

Fewer than 10,000 United States Marines and 2,000 American service personnel and their dependents

30.24-7751

in Peiping and North China are to leave the country shortly in line with abandonment of American efforts to mediate the Chinese civil war.

Gillem Guaranteed Safety

When this step was announced in Washington last week, Lieut. Gen. Alvan C. Gillem, Jr., American commissioner in Peiping, guaranteed the safe return of Communist officials and truce team members to Yenan or other Communist areas, as promised when the headquarters was set up a year ago. The same guarantee applied to Government representatives with truce teams in Communist areas, though few if any remain.

Stuart informed Chiang Kai-shek and Wang Ping-nan, Communist spokesman, of the March 5 deadline, which he said applied to Communist personnel in Nanking, Shanghai and Chungking as well as in Peiping and in the field.

Want To Keep Nanking Office

Wang said the Communists wished to keep their Nanking office open if the Government would permit it. Peng Hsueh-pai, Government Minister of Information, said policy on that point had not been determined.

The Chinese press meanwhile reported 70,000 Communists were forming around Paoting, 90 miles southwest of Peiping, for a new attack on that Peiping-Hankow railway city. Another 20,000 Communists were reported massing around Shihchiachuang, 172 miles southwest of Peiping.

Along the Peiping-Tientsin railway, which the Communists have promised not to molest during the American evacuation, there were no reports of fresh fighting. Late dispatches reported, however, that on Tuesday three daring gunmen killed the fireman of a Peiping-Tientsin train and robbed the passengers of thousands of dollars in a Wild West style raid.

China Truce Units Begin To Leave

Peiping, Feb. 6 (AP)—United States Army forces took another official step today toward getting out of China, sending urgent orders to seven truce teams in the field to return to base at once.

The first group to return from the field, six officers stationed at Changchun, already have arrived in Peiping.

When all are assembled, the 2,000 officers, enlisted men, civilians and dependents will depart for Tangku, the port from which they will sail.

At Nanking, United States Ambassador J. Leighton Stuart notified the Government and the Communists that the United States would furnish assistance until March 5 for the return to "reasonably accessible Communist areas" of Communist executive headquarters personnel and some 150 Communists of the Nanking, Shanghai and Chungking offices.

The same deadline has been set for returning Government personnel to their point of origin.

Stuart warned that any personnel of either side remaining in present locations after March 5 "would do so at their own responsibility as far as the United States Government is concerned."

An embassy spokesman said the action "places the American Government on record regarding responsibility."

The Government gave a cocktail party yesterday for the Communist branch of truce headquarters, which also will be leaving shortly.

Communist Gen. Yeh Chien-ying told the Associated Press that while United States mediation had failed, relations at executive headquarters had been friendly and he wanted to make sure the Americans reached their embarkation point safely.

Life In Tokyo 1947

Black Market

Tokyo, Feb. 6 (AP)—J. Z. Reday, chief of General MacArthur's industry division, told a Japanese Council for Economic Rehabilitation today that until the black market is eliminated "Japan presents a poor case before the world for allocation of food and other scarce commodities."

He declared that "no reconstruction is possible" in Japan until this country stops the black market, which he said had grown so tremendously that "vast numbers not only make a living from it but depend upon it as a source of commodities."

Japan, with proper diversion of her natural resources and with importations effected by the Allied powers, could produce exports sufficient for a self-supporting economy, Reday said.

Cost Of Living

Tokyo, Feb. 6 (AP)—The Japanese Government Price Board released a black-market survey today, showing that food prices had risen as much as 106 per cent in the last year. A single egg costs 10 yen (67 cents).

JAP THIEF SHOWS SCORN FOR POLICE

Tokyo, Feb. 6 (A. P.).—Remember how the Japanese feared their police in wartime?

Well, today a thief climbed through a second-story window of the Tsurumi police station and walked away with a revolver from a detective's desk.

Japan Textile Output Up

TOKYO, Feb. 6 (Thursday) (AP).—Japanese producers expect to turn out more than 600,000,000 pounds of textiles this year, against only 260,000,000 last year, the Japanese Textile Association reported today. This was still far below the pre-war annual peak of 2,270,000,000 pounds.

Co-Operate Or Get Out, Moslem League Urged

New Delhi, Feb. 6 (AP)—Reliable Congress party sources said today the Congress high command had communicated to Viceroy Lord Wavell a demand that the Moslem League co-operate fully in India's independence plan or get out of the interim government.

Any move to oust the league ministers was considered almost certain to meet strong resistance, and it was difficult to tell what might follow. WALTER J. MASON

Up to now, the league has pursued a half-and-half policy, keeping five ministers in the fourteen-man interim cabinet but refusing to participate in the Constituent Assembly which has the taks of drafting a constitution for an independent India. The league adopted this course although the British have made it plain they regarded participation in both as a part of their plan for independence.

11 Are Hanged In Kurdistan

Tehran, Iran, Feb. 6 (AP)—Eleven persons were hanged yesterday in the Kurdistan province town of Saghez. They were supporters of the Ghazi Mohammad Kurdish National Republic.

"They disturbed Kurdistan province last year and killed many innocent people, looted many villages and raided against the central government with arms," Chief of Staff General Razmara said.

U. S. Envoy Signs South Seas Pact

Canberra, Feb. 6 (A. P.).—United States Ambassador Robert Butler today signed, and praised the provisions of the South Seas Conference agreement to promote the welfare of native peoples through a South Pacific Commission.

Australia, New Zealand, France and the Netherlands were other participants in the conference. The pact will be subject to approval by the member governments.

Russian Irritants Pile Up As Moscow Parley Nears

WASHINGTON, Feb. 6 — (AP) Difficulties are piling up between the United States and Russia prior to the Moscow Foreign Ministers conference on Germany.

As Secretary of State Marshall studies the problems coming up at Moscow, officials said today the accumulation of Russian-American differences may considerably influence the course of the meeting.

Chairman W. W. Smith of the Maritime Commission told the House Merchant Marine Committee today the Russians had ignored since last March American efforts to get them to return 95 Lend-lease ships. JOHN M. HIGHTOWER

Other Irritants

Here are some other things disturbing good feeling:

1. The Russians have ignored notes asking negotiation of a final lend-lease settlement.

2. Acting in a manner which the United States considered contrary to pledges made at Potsdam and Yalta, the Russians rejected a Washington appeal to join with Britain and America in getting "free and unfettered" elections in Poland. Marshall may seek to bring this up at Moscow.

3. The Russians have ignored an American note urging them and the Chinese to work out arrangements for the withdrawal of Soviet troops from the important port of Dairen and its return to Chinese civilian administration.

4. Authorities here report the Russians constantly ignore requests to send outstanding professors and others to the Soviet Union on cultural missions and cold shoulder invitations for their people to come here.

5. The Moscow press and radio are continually lambasting "American imperialism" and "war mongering" in a manner which American authorities consider deliberately designed to distort American aims and policies.

6. In Eastern Europe, where many American citizens were caught by the war, the State Department has sought to obtain information on individuals and American property. They usually meet with silence on the part of Soviet authorities.

Over and above these specific irritants is the continuing conflict between Russia and the western powers in the United Nations and in every area where western leaders consider themselves acting to stop Soviet expansion—as in eastern Europe, the Middle East, and Spitzbergen.

May Spring Proposal

Some diplomats believe the Russian technique may be to spring a sensational proposal early in the Moscow conference for maximum propaganda effect on the German people. It is considered certain they will drive for a powerful centralized German government and that the United States will fight for a weak one, dependent on a federal system of separate German states.

Even the possibility that the Russians might throw out a demand that the four powers occupying Germany should all evacuate the country and give it back to the Germans in the early future is not being overlooked by American policy planners, although there is no evidence that any such move will be made.

Russ Lend-Lease Account

Washington, Feb. 6 (AP)—A personal appeal by Ambassador W. Bedell Smith, in Moscow, to Vyacheslav M. Molotov, Soviet Foreign Minister, for negotiations to settle Russia's $11,260,000,000 lend-lease account has brought no result, the Senate Appropriations Committee learned today.

Senators said Chester T. Lane, Lend-Lease Administrator, reported the failure of Smith's appeal and of earlier notes asking the Soviets to discuss a settlement.

W. W. Smith, chairman of the Maritime CSoccission, told a House Merchant Marine subcommittee at the same time that the Soviets have ignored since last March 18 American efforts to get them to return 95 lend-lease ships. The group asked the State Department for the correspondence.

Seek To Ship Equipment

Lane and Willard Thorp, Assistant Secretary of State for Economic Affairs, appeared before the appropriations group to ask congressional approval of a plan by which $25,094,925 in equipment in storage or on order in this country could be shipped to Russia.

William L. Clayton, Under Secretary for Economic Affairs, explained in a letter that the Russians put up the cash when President Truman ended lend-lease in September, 1945.

Clayton noted that Congress had provided that none of the $5,500,000 it appropriated last year to liquidate lend-lease operations could be spent for the shipment of supplies after December 31, 1946.

Asked To Post Percentage

For that reason, he said, the State Department and Treasury had asked the governments involved to post 2½ per cent of their total contracts to cover the cost of shipping the equipment to them. Clayton said Lindsay Warren Comptroller General, indicated approval but wanted the Seate and House Appropriations Committee to pass on "the propriety of the proposed course of action."

Diplomatic officials said the accumulation of Russian-American differences may influence the course of the Moscow foreign ministers conference on Germany next month. Some of the matters disturbing good feeling:

1. The lend-lease account and the related amtter of the ships.

2. Acting in a manner which the United States considered contrary to pledges made at Potsdam and Yalta, the Russians rejected a Washington appeal to join with Britain and America in getting "free and unfettered" elections in Poland. Marshall may seek to bring this up at Moscow.

3. The Russians have ignored an American note urging them and the Chinese to work out arrangements for the withdrawal of Soviet troops from the port of Dairen and its return to Chinese civilian administration.

Ignore Cultural Exchanges

4. Authorities here report the Russians constantly ignore requests to send outstanding professors and others to the Soviet Union on cultural missions and cold shoulder invitations for their people to come here.

5. The Moscow press and radio are continually lambasting "American imperialism" and "war mongering" in a manner which American authorities consider deliberately designed to distort American aims and policies.

6. In eastern Europe, where many American citizens were caught by the war, the State Department has sought to obtain information on individuals and American property. They usually meet with silence on the part of Soviet authorities.

Continuing Conflict

Over and above these specific irritants is the continuing conflict between Russia and the western powers in the United Nations and in every area where western leaders consider themselves acting to stop Soviet expansion—as in eastern Europe, the Middle East and Spitzbergen.

Some diplomats believe the Russian technique may be to spring a sensational proposal early in the Moscow conference for maximum propaganda effect on the German people. It is considered certain they will drive for a powerful centralized German Government and that the United States will fight for a weak one, dependent on a Federal system of separate German states.

Even the possibility that the Russians might throw out a demand that the four powers occupying Germany should all evacuate the country and give it back to the Germans in the early future is not being overlooked by American policy planners, although there is no evidence that any such move will be made.

Firmness In Policy On Russia

Washington, Feb. 6 (AP)—Gov. Dwight H. Green of Illinois said tonight America's hope for peace lies in the "preservation of every military and economic resource of our national strength," including full development of atomic weapons.

He struck out at what he called "the futile policy of appeasement"

of Russia and asked:

"Are we weaker today than in the darkest days of the War between the States, when Lincoln defied the mighty British Empire on the issue of its interference in behalf of the Confederacy?"

1948 GOP Possibility

Green, who has been mentioned as a possible GOP national contender in 1948, was the principal speaker at a Lincoln Day dinner sponsored by Republican members of Congress. Similar dinners will be held over the country through February 12 to raise funds for the next campaign.

Green outlined six "fundamentals for an approach to an American policy for world reconstruction" and as many proposals for solving domestic problems.

"We shall need the firmness of Lincoln," in settling each group of problems, he said.

Lists Six Proposals

The foreign policy proposals he enumerated, and which he said are the guiding principles of Republicans in Congress:

1. Full development of atomic weapons "until the world has reached a condition of security far beyond what confronts us today."

2. Prompt acquisition and full equipment "of every essential naval and air base to protect the continent of America from attack by any conceivable instruments of modern warfare."

3. Maintenance and advancement of American air supremacy established during the war.

Would Conserve Assets

4. Conservation and protection of economic assets to fit possible military needs. This would include "full protection of our world trade" to guarantee supplies of basic materials not produced in this country, and development of American lines of world air commerce. We must not permit the British to "monopolize international air lines" with money borrowed from America, he said.

5. We must help relieve starvation abroad, but it is "high time to quit wasting the American people's tax dollars in vain attempts to buy international good will and in financing the experiments of government founded on philosophies we believe to be false and sustained by actions we know to be morally wrong."

6. The first objective should be policies to "restore justice, order and decency" abroad so that American soldiers will not be required to stand guard "one day longer than is necessary over smoldering tinderboxes of hatred and despair."

Against Lincoln's Spirit

Green said it is impossible to "imagine the Lincoln who believed in the letter and spirit of the Constitution doing what was done at Yalta and Potsdam."

He said America "throws out the window all the things Lincoln held sacred when it gives secret or tacit consent to the permanent enslavement of prisoners of war," and subscribes to the "abolition of national freedom, the suppression and persecution of religion, and mass exile and starvation of peoples in Poland and the other countries which have been overrun by agents of the Red empire."

Green said speedy fulfillment of the party pledge to reduce income taxes twenty per cent is the "cornerstone" of the Republican domestic program.

Outlines Domestic Aims

He also listed as domestic party aims:

Repeal of remaining Government controls, firing of bureaucrats from "offices no longer functioning," effective means to "prevent the arbitrary action of ruthless men from causing the paralysis of our system of transportation, communications, lighting and heating," driving Communists from "every hiding place in the Government," and extending all GI Bill of Rights benefits to those who entered the armed services after the firing ceases.

There were two other addresses, by Speaker Martin, of Massachusetts, and Mrs. Mabel S. Fraser, vice chairman of the Indiana State Republican Committee.

Reaffirms Tax-Cut Pledge

Martin reaffirmed the party pledge to cut taxes, asserting:

"Our tax burdens must not continue to grow unchecked, as they have the past several years. We must not let the Government, feeding on excessive taxes, continue to expand its powers and impose more and more controls upon us.

"No true American would give up free speech for a free lunch."

Martin also said the Republicans intended to examine the "entire Federal Government to determine which functions can be dispensed with and which ones can be administered better and cheaper by the states and private interests."

Mrs. Fraser said there can be no misjudging the voters' sentiments in the last election.

"They called upon the party of Lincoln for a change," she said, "not just the unscrambling of countless errors, but . . . a drastic unmistakable change of Government attitude and Government spirit. They, to be sure, did not ask to go back to anything, but they demanded the right to march forward with more honesty, more self-respect and more individual freedom."

Russia Ignores U. S. Request To Return 95 Lend-Lease Ships

Washington, Feb. 6 (A. P.).—W. W. Smith, chairman of the Maritime Commission, said today that Russia has ignored for nearly a year an American effort to regain ninety-five ships turned over to the Soviets under lend-lease.

Testifying before the House Merchant Marine Committee, he said:

1. The Russian embassy was requested on Mahch 18, 1946, to begin negotiations for the redelivery of the vessels.

2. The United States has received no acknowledgment of its request.

3. Thus far, no arrangements have been made nor discussions begun with the Russians regarding the lend-lease vessels.

4. Russia is operating the vessels, and eso far as he knows is not paying any fees whatever to the United States for their use.

5. Russia at one time was operating 125 American lend-lease ships, of which twenty-six were returned. Four were lost during the war.

Note Sent to Embassy.

Smith testified that the Maritime Commission suggested that the State Department begin immediate steps for the disposition of the vessel in a letter dated Februaryl 12, 1946.

Smith said that the State Department dispatched a note to the Russian embassy, asking that negotiations begin for the disposition of the vessels.

Representative Fred Bradley (R.-Mich.) interjected that Under-Secretary of State William L. Clayton told him the Russians never had acknowledged receipt of the communication.

Huntington Morse, special assistant to Smith, testified that when the ships were delivered "Russia understood fully and completely that the ships were to be returned."

Some Floating Canneries.

Bradley asked how many of the ships had been converted to canneries and were currently being used to fish in United States waters off the Northwest coast.

Morse said he lacked complete information, but that the War Shipping Administration, acting on orders from the Foreign Economic Administration, early in 1943 converted "a number of Russian vessels" into floating crab and fish canneries.

He said that the conversion was done under lend-lease and was paid for with FEA funds. He said he did not know the exact number of ships, but believed they had been Russian vessels.

Smith told the committee that the Maritime Commission was not aware of the use to which the ninety-five ships are being put.

CITIZENSHIP ASKED FOR 40,000 JAPS NOW LIVING IN U. S.

WASHINGTON, Feb. 6 — (AP) Dillion S. Myer, wartime head of the Japanese-American relocation camps, proposed today that congress consider granting citizenship to 40,000 Japanese who have lived in this country for a long time.

He suggested such action as partial compensation for the exlusion of 110,000 Japanese-Americans from the West Coast during a spy scare at the outset of World War II.

Attacking the mass removal as unjustified, Myer declared in a report to Interior Secretary Krug that congress also should repay the Japanese for loss of "several million dollars" worth of property they were to leave behind.

Desire Citizenship, He Says

Myer said the 40,000 Japanese, most of them residents of the United States for more than 25 years, desired even more than the money "to be declared eligible for American citizenship."

"The War Relocation Authority recommends," he said, "passage of legislation which would extend the privilege of naturalization equally to members of all races of the world.'

(Under a 1924 act, no Japanese immigrants are permitted to enter the United States. Those already here in 1924 remained aliens.)

(But while citizenship was denied to first-generation "Issie" (immigrant) Japanese, the privilege was granted to their "Nisei" children and their "Sanei' children's children.)

The government, Myer said, spent more than $250,000,000 for the evacuation and relocation programs. WRA beleives, he said, that some people of Japanese descent probably should have been moved from the west coast military area.

Raps Mass Evacuation

But, he said, "it does not believe that a mass evacuation was ever justified."

The Supreme Court ruled on Dec. 18, 1944, that the army had the right to exclude Japanese from the west coast a safety measure immediately after the attack on Pearl Harbor.

Simultaneously, the high tribunal said there was a difference between excluding the Japanese and detaining them at relocation centers in the interior. The court unanimously ordered the release of an American citizen of Japanese ancestry from a relocation center in Utah.

Myer, now serving as Federal Housing Authority commissioner, said 54,000 of the evacuees never returned to the West Coast and are still scattered throughout the country—chiefly in the Chicago, Denver and Salt Lake City areas. Congress, he declared, should "soften existing injustices."

U.S. COUNTERPART OF BBC PROPOSED

Would Take Over State Department Foreign Broadcasts

Washington, Feb. 6 (AP)—An American counterpart of the British Broadcasting Company is proposed by the State Department to take over the shortwave broadcasts to foreign countries which are now directed by the department itself.

Officials thus explained today the request of Gen. George C. Marshall, Secretary of State, to Congress for legislation to authorize an international broadcast foundation financed largely by Federal funds.

It would differ from the BBC, however, by limiting its operations to overseas broadcasts. It would not broadcast to the United States, as the BBC does to Britain.

Drafted By Benton

Marshall included the proposal for the publicly chartered corporation in a list of 27 matters on which he asked action by Congress. It was submitted yesterday to Senator Vandenberg (R., Mich.), chairman of the Foreign Relations Committee.

The new international broadcasting plan was drafted by William Benton, Assistant Secretary. His aides viewed its inclusion in Marshall's list as evidence the new Secretary backs the overseas information and educational operations which Benton directs.

Plans for the foundation call for control by a board of fifteen trustees nominated by the President, with a chairman who would serve as salaried operating executive. Others would represent domestic radio concerns, educational institutions and other interests.

Could Allot Time On Air

Through this arrangement officials hope the programs would fully reflect American life and would be free of suspicion of Government propaganda. It also is designed to promote operating efficiency and assure co-operation from private domestic radio interests.

The foundation would be authorized to allot some of its time on the air to institutions whose purposes are in accord with the State Department's aims, and thus add to its income.

Congress voted approximately $19,000,000 for the Office of International Information and Cultural Affairs, which Benton heads, in the fiscal year ending June 30. Of this, about $8,300,000 is for the broadcasts.

'Voice Of America' To Start

President Truman's budget for the next fiscal year allots $25,000,000, with about $10,000,000 for the overseas programs.

From studios in New York, some 400 program-hours a week are being beamed abroad in 24 languages. On February 17, the "Voice of America" is to start Russian-language broadcasts to the U.S.S.R. and the Balkans through three transmitters at Munich, Germany.

Vannevar Bush For Lilienthal As Atom Chief

Starnes, of Alabama, Also Indorses Him, Rebuts Charge of Reds in T.V.A.

WASHINGTON, Feb. 6 (AP).—Scientist Vannevar Bush described David E. Lilienthal today as "a great American" and former Representative Joe Starnes, Democrat, of Alabama, termed him "a man of character, vision and realism."

The testimonials were given to Senate members of the Senate-House Atomic Energy Committee. They are considering whether to recommend confirmation of Mr. Lilienthal as chairman of the Atomic Energy Commission and have listened at length to condemnation of him by Senator Kenneth McKellar, Democrat, of Tennessee.

Dr. Bush is director of the Office of Scientific Research and Development; Mr. Starnes conducted a 1940 inquiry into alleged Communism in the Tennessee Valley Authority, which Mr. Lilienthal formerly headed.

Dr. Bush gave his blanket indorsement to Mr. Lilienthal, four other nominees to the Atomic Energy Commission and to Carroll Wilson, his former executive assistant in the O. S. R. D., who has been nominated as general manager for the commission.

He also told the committee that "the hue and cry over civilian versus military control" of the commission is "absurd." What is required, he said, is a smoothly operating organization that will emphasize, not diversity of interests but community of interests.

Mr. Starnes was called to testify at the request of Senator McKellar, who has been attempting to prove that there were Communists in the T. V. A. and that Mr. Lilienthal must have known of them. He has referred to Mr. Lilienthal as "the No. 1 Communist of Tennessee."

Mr. Starnes said he functioned as a one-man subcommitte of the House Committee on Un-American Activities when he looked into the T. V. A. in 1940. He said he found definite evidence of only three Communists among the T. V. A.'s 18,200 employees, one of whom was dismissed, another resigned and a third, described as a misguided youth, was kept on after he had renounced Communism.

"At no time during the investigation was a charge made that Mr. Lilienthal was a member of the Communist party, active in its councils or sympathetic to its program," Mr. Starnes testified. He added that the same could be said of Gordon Clapp, the T. V. A.'s general manger, now nominated to succeed Mr. Lilienthal as director, and of Herbert S. Marks and other high officials.

Jennings Backs Clapp Against 'Red' Label

Washington, Feb. 6 (AP)—Representative Jennings, Knoxville Republican today labeled as "not true" testimony to a Senate committee that it is "common knowledge" in the Tennessee Valley Authority that Gordon Clapp, nominee for director of the TVA had communist sympathies.

He told the Public Works Committee, considering the Clapp nomination:

'If I, for one minute, thought that Mr. Clapp was a Communist, or had sanctioned or protected it, I would be against the nomination."

Jennings said he knew Clapp personally and by reputation and thought him "a remarkably able man, useful and a fine American citizen."

"That Is Not True"

Jennings said he never had heard Clapp referred to as having Communist sympathies until the hearings began.

Asked by Senator Watkins (R., Utah) about testimony by several Knoxville citizens that it was "common knowledge" that Clapp had Communist leanings, Jennings replied:

"I would say that that is not true."

In one exchange with Senator McKellar (D., Tenn.), questions and answers by Jennings and the Democratic Senator became so heated that Acting Chairman Cooper (R., Ky.) requested them to be calm.

Asked by McKellar if he had seen a Knoxville *Journal* article including Clapp's name in a list of witnesses once summoned by the Dies Committee, Jennings replied:

"I'm used to weighing evidence as a lawyer, Senator, and I would not put any probity in a newspaper article."

Digs At Earlier Witness

Jennings said he had studied previous testimony to the committee and had "no hesitancy at all in testifying to the integrity, lo yalty and Americanism of Mr. Clapp."

Of one witness who had testified to Clapp's communist sympathies, Jennings said: "When a man loses a good position he naturally isn't happy about it." He did not name the witness.

Senator Hill (D., Ala.) urging the committee to approve Clapp's nomination, declared, he gives "no credence to charges of communistic activity on his part."

F. D. Roosevelt Jr. Named

WASHINGTON, Feb. 6 (AP). — Franklin D. Roosevelt jr. was named today as a vice-chairman of the committee set up by President Truman to help protect the civil rights of racial and religious minorities. The son of the late President and John S. Dickey, president of Dartmouth College, were designated vice-chairmen under Chairman Charles E. Wilson, president of the General Electric Company. The appointments were announced by Mr. Wilson as the President's committee on civil rights concluded its second two-day meeting at the White House and undertook a general exploration of the civil liberty problem.

Colonel Admits Getting Gems

Says He Acquired $200,000 in Diamonds at Tokyo, but Won't Tell How.

San Francisco, Feb. 6 (A. P.).—Col. Edward J. Murray calmly said today that he had acquired about $200,000 in Japanese diamonds while serving with the occupation army in Tokyo, but declined to say how the stones had come into his possession.

Held under technical arrest at Fort Mason, here, pending his return to Tokyo to face possible charges, the 55-year-old much-decorated officer told interviewers: "I considered the diamonds souvenirs, and when I called them 'loot' yesterday I used an unfortunate word. There is nothing in Army regulations that you can't buy merchandise."

Asked if he had bought them from a Japanese, Murray refused to say.

He also said that he had disposed of some gems here, but declined to say to whom or how much he had received.

Admits Customs Violation.

"I am not wringing my hands," he said calmly. "But I do realize that I am in a jam. I can't say that I did nothing wrong. Let's put it this way—I don't feel that I stole those diamonds."

"Then you do not feel that you have violated any law?" an interviewer asked.

"Well, yes," the officer replied with a tight smile. "The customs law."

Asked how he got the diamonds into this country he explained: "I brought them in in my pocket last April."

He said that customs inspectors did not ask him if he had any valuables in his possession.

"Where did the stones come from?" he was asked.

"Well, I'm not telling anybody. There is a reason."

He declined to say whether he would reveal the diamonds' origin when returned to Tokyo.

He mentioned that he once had entertained Gen. MacArthur, but said "I don't believe the General would remember that."

MacArthur issued direct orders that Murray whose home is in Palo Alto, Cal., be placed under technical arrest upon Murray's arrival here from Tokyo for reassignment.

Murray, Tokyo dispatches said, was officer in charge of the Bank of Japan, in the vaults of which were millions in gold and silver bullion and diamonds held in occupation custody.

He arrived here on Monday aboard the Westminster Victory. Collector of Customs Paul Leake said that customs agents seized $10,000 worth of Japanese diamonds in Murray's watch pocket and $200,000 more from his deposit box.

Traced Through a Sale.

Leake said that Murray was traced through a previous sale here of $20,000 worth of smuggled diamonds. He said that the officer, while being questioned, had intimated that he considered the diamonds "legitimate loot."

Told that the Army had ordered plane priorities to fly him to Tokyo for an investigation, Murray said: "I am pleased to go back to Tokyo, since I am sure my side of the story will be given full and just consideration."

The Customs Service has been working on the case, Leake said, since it was discovered some time ago that some diamonds had been unloaded in the San Francisco market.

When Murray was stopped and searched upon arrival, agents told Leake that they found two diamonds worth $10,000 in his watch pocket. Murray gave them a key to a safe deposit box where they found 528 diamonds valued at $200,000.

Diamonds Weren't Set.

Leake said that the diamonds were not set, but had been cut, and they ranged from a fifth of a carat to ten carats. The official said the Customs Service would take no action until the Army decides on its course. Meanwhile, an investigation was being made here by port security officers and MacArthur ordered an investigation in Japan.

Murray was a bridge engineer for the State Department of Public Works for twenty-five years before the war.

Army authorities in Tokyo said Murray was selected for the Bank of Japan custodial job because of his excellent record. Major-Gen. Clovis E. Byers, chief of staff of the Eighth Army, said that Washington agents only recently inspected the bank and found everything in order.

"This is a surprise," he said. "There has been nothing against Murray. We felt he did an excellent job. He passed every inspection. Naturally, if anything is wrong, he must be returned to Japan for trial. Meanwhile, we are making a thorough investigation."

Army Officer Says His $200,000 Jap Jewels Are Just 'Souvenirs'

SAN FRANCISCO, Feb. 6—(AP) An army colonel with an excellent record in both world wars declared today that $200,000 worth of diamonds, emeralds, a big ruby and pieces of jade he acquired in Tokyo last winter were souvenirs.

The officer, 55-year-old Col. Edward J. Murray of Palo Alto, Calif., had been in charge of vaults in the Bank of Japan where gold, diamonds and other valuables have been stored during the occupation.

In an unusual interview at Fort Mason, Murray said the dazzling collection of jewelry had not come from the bank's vaults, but added with tight lips: "I'm not telling anybody where they came from. There is a reason."

'Souvenirs,' He Says

He talked freely after learning General MacArthur had ordered him placed under technical arrest.

"Jewels and precious metals were found all over Japan," he said. "They were hidden and tucked away in warehouses and many other places. Whoever had valuables just took off with them when they learned we were coming, and buried them."

He said service personnel had found many valuables.

"Just like a big Easter Egg hunt" someone asked.

"Well, yes," the colonel replied.

He readily conceded he was "in a jam," but declared "I had no criminal intent."

"I considered the diamonds souvenirs and when I called them 'legitimate loot' yesterday I used an unfortunate word."

He said army regulations were specific on weapons as souvenirs but added "there is nothing in army regulations that you can't buy merchandise."

He refused, however, to say that he had purchased the gems.

"I can't say I did anything wrong. Let's put it this way—I don't feel that I stole those diamonds," he explained.

Murray served in France in the First World War. He reentered the service for the Second World War after obtaining a leave as civil engineer with the California highway department.

In the Philippines he was commander of an assault regiment, the 160th Infantry, 40th Division, and won the silver star, the bronze star, the legion of merit and the prized combat infantryman's badge.

His wife and 22-year-old daughter live at Palo Alto.

He said he acquired the gems so he would have them "if I needed money." He sold some diamonds here, but declined to say for how much.

Paul Leake, veteran collector of customs, said Murray was taken into custody as the result of a tip but declined details.

Diamonds in Pocket

The officer had two diamonds, worth $10,000, in his watch pocket as he left the troopship SS Westminster Victory last Monday. He then gave customs men the key to a safe deppsite box where they found the collection of gems.

Leake said the collection comprized 532 pieces, including a blue white diamond of 10 1-2 karats, worth about $8,400; another of more than nine karats, several above seven karats: several yellow diamonds, beautiful green emeralds, a big ruby and pieces of jade.

"An expert has informed us that the collection is almost perfect," a customs man commented.

Murray said he had not been informed when he would be flown back to Japan, but remarked "I'm not under any charges and do not know what charges might be preferred."

In Tokyo, General MacArthur requested Murray's return.

Leake said that if the Army did not prosecute Murray, the customs service would do so on smuggling charges.

HANNEGAN OPENS BOOM FOR TRUMAN

'Ready to Call Upon President Again,' Says Democratic Chairman.

NEW YORK, Feb. 6—(AP) Democratic Chairman Robert E. Hannegan, in an apparent plea for the reelection of President Truman in 1948, said tonight that "we are ready to call upon our President again."

Hannegan, who is also postmaster general, eulogized Mr. Truman in a speech prepared for a dinner of postal supervisors. Praising the President's handling of perplexing foreign and domestic problems, he concluded:

"We have gone far and fast, but the task of leading us to peace and plenty is not accomplished in a day nor a year.

Sounds Truman Call

"Until that work is done, we are ready to call upon our President again as the man who has proved himself fit for the job. America will give him the support and loyalty that he deserves of us all, through the years ahead."

In Washington, Carroll Reece, Republican National Committee, commented briefly:

"It is again the voice of Hannegan but the hand of Pendergast."

The allusion was to the so-called Pendergast political "machine" in Missouri which gave Mr. Truman his start in politics.

It was Hannegan's first speech since he went to Florida for two months to recover his health. He has been suffering from high blood pressure. The testimonial dinner in his honor was given by the postal supervisors of New York.

At Washington, Presidential Press Secretary Charles G. Ross said in reply to reporters' queries that the President had no advance knowledge of the contents of Hannegan's speech.

Mr. Truman only knew that Hannegan was making a speech, Ross said.

"Did the President know that Mr. Hannegan was launching his boom, if you can call it that?" one newsman asked.

Ross said the President did not, that he did not discuss the speech with Hannegan.

Saw Truman Monday

Hannegan conferred with the President for 90 minutes Monday afternoon and later talked with Matthew J. Connelly, a presidential secretary. Later he told reporters he had discussed postoffice as well as political problems with the Chief Executive.

In his speech tonight, Hannegan said that with Mr. Truman, it was never been a question of "right or left" but "only between right and wrong."

"From the course that is best for America as he sees it—and that is the only 'right' that Harry Truman knows—he has never deviated," Hannegan continued. "And he never will."

Despite what he called Republican opposition, he said the President is being proved right on keeping luxury taxes up, in opposing "across the board" reduction of individual income taxes, and in calling for continuance of the reciprocal trade program.

Hannegan said many Americans in the beginning "did not know the abilities of this man who had become president. From the day he took over, voices were raised against him by men long-embittered, men who were blinded by their own narrow political bias. Without waiting for the test of office, they spoke in belittlement of his stature.

"They do not do so today. The people of America have learned that Harry Truman wears well. At all times when the good of the country was at stake, they have seen him set an example for these critics by rising above political animosities.

ARMS CHECK STILL FACES IMPASSE

U.S. And Russia Urged To Seek Private Accord On Working Rules

New York, Feb. 6 (AP)—The United States and Russia failed to agree again tonight on the working rules for a proposed United Nations arms commission.

This impasse blocked once more all efforts by the United Nations Security Council to write a resolution creating the armaments commission.

Six delegates adjourned their second day of closed meetings at 7.30 P.M. They will meet tomorrow afternoon for another attempt to find a common ground.

Urge Private Discussion

Meanwhile, they urged the United States and Russian delegates to meet privately during the morning and try to reconcile their positions.

There was no indication tonight whether the two would meet, however.

The six delegates, representing the United States, Russia, France, Colombia, Australia and Belgium, were asked Tuesday by the Security Council to draw up an acceptable resolution creating an arms commission after it became apparent that the United States and Russia were at odds over the method of approach to the problem.

Warren R. Austin, United States delegate, was reported standing his ground on the United States demand that the projected arms commission must not infringe on the work of the already-existing United Nations Atomic Energy Commission.

Opposed As Unnecessary

Andrei A. Gromyko, Soviet delegate, was reported insisting that the mandate laid down by the Assembly for the atomic commission and the whole arms program states the case clearly and it is not necessary to write such a stipulation into the Security Council's resolution.

The delegates were said to have agreed on virtually every other section of the proposed resolution.

Austin was reported to have offered during the afternoon a proposal setting up an eleven-member organization known as the "commission for conventional armaments." This would deal with all arms not coming under the atomic or weapons of mass-destruction categories specified for the atomic commission.

Six Points Listed

His proposal, it was reported, included the following points:

1. Practical measures for arms control shall be taken.

2. The commission shall set up machinery for inspection and control or regulations.

3. Atomic weapons and other weapons of mass destruction shall be excluded from the scope of this commission.

Commission To Draft Rules

4. The new commission shall draft its rules and refer them to the Security Council for approval. This paragraph repeats that there shall be no infringement on the atomic commission.

5. The commission shall implement an Assembly resolution envisioning a troop and armaments count by taking a census of armaments under its jurisdiction. This would, again, exclude atomic weapons.

6. The commission shall submit recommendations within three months.

New Compromise Offered

As a compromise for that latest Austin proposal, Dr. Eduardo Zaleta Angel, of Colombia, was said to have presented a proposal referring to infringement on the atomic commission only once instead of three times as stated in the Austin paper.

Austin said he would study this idea before the meeting tomorrow. Gromyko did not comment.

As the delegates departed, it was reported authoritatively that Austin would discuss the Colombian compromise with Gromyko if it appeared Gromyko was willing to accept it in principle.

The impasse this afternoon and evening came after an optimistic morning session.

The delegates made considerable progress at a secret two-hour meeting this morning, it was reported authoritatively. They completed action on the final draft of the preamble and two paragraphs of the resolution, designed to go to the Security Council.

The preamble and first paragraph were said to deal in general terms with the necessity for practical measures to implement the arms reduction resolution adopted unanimously by the United Nations General Assembly here last December 14.

The second paragraph, it was added, provided that the Security Council take up as quickly as possible the atomic commission's report of December 31, on which the United States has been calling for expedited consideration. This paragraph alone would have the Security Council make suitable decisions to facilitate the atomic body's work.

Schuschnigg Says He Has Quit Politics

Hoboken, N.J., Feb. 6 (AP)—Former Austrian Chancellor Kurt Schuschnigg said today on his arrival aboard the Belgian freighter Houffalize that he had "no intention to return to politics" but hoped to return to Austria, possibly at the end of the Allied occupation.

Schuschnigg said he felt any attempt to return to his native land now might cause "a political movement" and added he believed every age "has its own politicians and I think it is past for me." He was Chancellor of Austria when Hitler invaded that country and spent seven years in concentration camps.

Austria's present coalition Government is the best his country could have at the present time, Schuschnigg said.

He was accompanied on his visit to this country by his wife, whom he married by proxy during his years of Nazi imprisonment.

He plans to lecture in this country, he said, going to New Orleans later this month and fulfilling lecture engagements in the mid-West and on the Pacific Coast during March and April.

TRUSTEESHIP

WASHINGTON,FEB 6-(AP)-RUSSIA, BRITAIN AND AUSTRALIA TODAY WERE REPORTED TO HAVE ADVISED THE UNITED STATES TO DELAY ITS PLAN FOR AMERICAN CONTROL OF STRATEGIC PACIFIC ISLANDS UNDER A UNITED NATIONS TRUSTEESHIP UNTIL AFTER A JAPANESE PEACE TREATY.

HOWEVER, BOTH BRITAIN AND AUSTRALIA ACCEPTED WITHOUT OBJECTION THE IDEA OF SUCH AMERICAN CONTROL, ACCORDING TO INFORMATION GIVEN PRIVATELY TO A REPORTER.

RUSSIA, WHICH HAS BEEN OBJECTING TO EXTENSION OF AMERICAN INTERESTS OR RESPONSIBILITIES AT ANY POINT, IS EXPECTED TO FIGHT THE PROJECT EVENTUALLY AS "AMERICAN IMPERIALISM." BUT AN AMERICAN-RUSSIAN SHOWDOWN OVER THE PACIFIC ISLANDS HAS NOT YET TAKEN FORM IN OFFICIAL NOTES.

THE BRITISH, RUSSIAN AND AUSTRALIAN COMMENTS ON THE AMERICAN TRUSTEESHIP PLAN WERE GIVEN THE STATE DEPARTMENT AFTER COPIES OF THE TRUSTEESHIP PROPOSAL WERE CIRCULATED AMONG MEMBERS OF THE UNITED NATIONS SECURITY COUNCIL.

THE PACIFIC ISLANDS INVOLVED ARE THE MARIANAS, CAROLINES AND MARSHALLS, WHICH WERE MANDATED TO JAPAN UNDER LEAGUE OF NATIONS AUTHORITY AFTER WORLD WAR I.

THEY WERE WRESTED FROM JAPANESE FORCES BY AMERICAN TROOPS AND THE UNITED STATES HAS MADE PLAIN THAT IT INTENDS TO HOLD ON TO THEM ONE WAY OR ANOTHER.

IN ITS TRUSTEESHIP PROPOSAL, THE U.S. OFFERS TO PLACE THEM UNDER U.N. AUTHORITY WHICH WOULD MEAN SWITCHING THEM FROM THE OLD BASIS OF LEAGUE OF NATIONS MANDATES.

(ADVANCE)..WASHINGTON, FEB 6-(AP)-ERIC JOHNSTON, CALLING FOR CONTINUATION OF THE RECIPROCAL TRADE PROGRAM, SAID TODAY "THE TARIFF IS NO LONGER THE CHIEF REGULATOR OF INTERNATINAL TRADE."

JOHNSTON, PRESIDENT OF THE MOTION PICTURE ASSOCIATION, OUTLINED HIS VIEWS IN A STATEMENT PREPARED FOR THE COMMITTEE ON RECIPROCITY INFORMATION WHICH IS ASSEMBLING DATA ON TRADE AND RECIPROCAL AGREEMENTS.

"DEVICES EVEN MORE DRASTIC THAN THE TARIFF HAVE BEEN INVOKED TO RESTRICT TRADE IN ITS FLOW BETWEEN NATIONS," HE SAID.

"AN EXPANDING WORLD TRADE WITH A MINIMUM OF GOVERNMENTAL INTERFERENCE IS ESSENTIAL TO OUR SYSTEM OF COMPETITIVE CAPITALISM. WE MUST RECOGNIZE THAT FREER TRADE IS ENDANGERED BY THE TREND TOWARD THE SOCIALIST STATE."

JOHNSTON SAID THE ALTERNATIVE TO FOREIGN TRADE IS "ECONOMIC ISOLATION" WHICH MEANS "FEWER JOBS, LOWER WAGES, REDUCED STANDARDS OF LIVING AND EXPANDED GOVERNMENT CONTROL OVER ECONOMIC LIFE."

ASSERTING THAT FOREIGN TRADE INVOLVES IMPORTS AS WELL AS EXPORTS, HE SAID THIS COUNTRY IN THE PAST SOMETIMES "WENT HOG WILD" IN PROTECTIVE TARIFFS ON SOME COMMODITIES.

"WE DON'T WANT TO RETURN TO A SYSTEM OF TARIFF-MAKING UNDER WHICH RATES WERE TOO OFTEN DETERMINED BY LOG-ROLLING AND BACK-SCRATCHING."

LOS ANGELES, FEB.6-(AP)-A REPRESENTATIVE OF OIL WORKERS IN VENEZUELA TOLD THE INTERNATIONAL LABOR ORGANIZATION'S LABOR-MANAGEMENT-GOVERNMENT CONFERENCE ON PETROLEUM HERE THAT VENEZUELA OIL WORKERS MUST LABOR THREE TIMES AS LONG TO BUY AS MUCH AS AN AMERICAN WORKER.

"VENEZUELA WORKERS ARE VICTIMS OF THE PETROLEUM INDUSTRY," SAID ANGEL BRAVO. "DESPITE THE DECLARATION OF EMPLOYERS THAT THEY ARE DEVELOPING AND PROMOTING NATIVE WORKERS, THE RESULTS ARE NIL."

FRANCISCO ARRECHANDIETA, WORKERS' REPRESENTATIVE OF MEXICO, DECLARED THAT UNIONIZATION OF VENEZUELAN PETROLEUM WORKERS WAS MADE EASIER BY THE EXPERIENCE OF THE PETROLEUM INDUSTRY IN MEXICO.

"THE COMPANIES REBELLED AGAINST THE ORDERS OF MEXICO'S SUPREME COURT," HE SAID, "AND THE RESULT WAS EXPROPRIATION OF THE INDUSTRY BY THE GOVERNMENT." ARRECHANDIETA LAUDED GOVERNMENT OPERATION OF THE PETROLEUM INDUSTRY AS GIVING PERMANENCE OF EMPLOYMENT AND ELIMINATION OF DISCRIMINATION.

E.R.C.BEARD, EMPLOYERS' REPRESENTATIVE OF THE UNITED KINGDOM, SAID EMPLOYERS WERE NOT AGREEING BY THEIR SILENCE TO THE STATEMENTS OF THE VENEZUELAN AND MEXICAN WORKERS' REPRESENTATIVES.

CANADA'S GOVERNMENT REPRESENTATIVE, R.H.HOOPER, SAID THAT IN REFINING INDUSTRIES, MOST COMPANIES HAD COLLECTIVE AGREEMENTS. HE SAID CANADA HAD NOT HAD A STRIKE IN THE PETROLEUM INDUSTRY IN 25 YEARS.

LUIS HERNANDEZ ROVATTI, VENEZUELAN GOVERNMENT REPRESENTATIVE, INDORSED AN EARLIER PROPOSAL OF V.LOMBARDO POLEDANO THAT A CHECKUP BE MADE OF GOVERNMENT FIGURES ON THE PETROLEUM INDUSTRY AND WORKING CONDITIONS. HE SAID VENEZUELA WOULD WELCOME SUCH A CHECK; THAT HIS COUNTRY HAD 627 UNIONS OF WHICH 50 WERE IN THE PETROLEUM INDUSTRY, WHERE HE SAID WORKERS' RIGHTS WERE PROTECTED AND THEY SHARE IN PROFITS.

A.G.DAGLEISH, WORKERS' REPRESENTATIVE FROM THE UNITED KINGDOM, ASKED FOR A FULL PROGRAM OF EDUCATION AND INFORMATION BY ALL COUNTRIES PRODUCING PETROLEUM. HE STRESSED THE NEED OF EDUCATION OF THE WORKERS FOR ADVANCEMENT WITHIN THE INDUSTRY.

NEW YORK, FEB.6-(AP)-RUSSIAN-AMERICAN DISAGREEMENT OVER THE PLACE OF ATOMIC ENERGY CONTROL IN A WORLDWIDE ARMS REDUCTION PROGRAM LOOMED TODAY AS THE MAJOR STUMBLING BLOCK TO DRAFTING A BROAD ARMS RESOLUTION ACCEPTABLE TO THE 11-NATION SECURITY COUNCIL.

AFTER SIX HOURS OF BRISK DEBATE MARKED BY CONCESSIONS ON BOTH SIDES, A SPECIAL SIX-NATION COMMITTEE REPORTED "A CONSIDERABLE AREA OF AGREEMENT" ON ITS OVERALL WORK AND ADJOURNED TO 11 A.M. (EST) TODAY.

THE BIGGEST ISSUE STILL STANDING WAS UNITED STATES INSISTENCE ON A CLAUSE DECLARING THAT A PROPOSED ARMS REDUCTION COMMISSION COULD NOT INFRINGE ON THE WORK OF THE ALREADY-FUNCTIONING ATOMIC ENERGY COMMISSION.

THE WORD INFRINGE WAS UNDERSTOOD TO MEAN THAT THE TASK OF ATOMIC CONTROL SHOULD GO AHEAD SPEEDILY REGARDLESS OF ANY NEW BODY AND THAT ALL WEAPONS OF MASS DESTRUCTION SHOULD BE GROUPED WITH THE STUDY OF THE BOMB ITSELF.

THIS STAND WAS IN KEEPING WITH THE REPEATED AMERICAN POSITION THAT NOTHING SHOULD BE ALLOWED TO SIDETRACK COUNCIL CONSIDERATION OF THE ATOMIC ENERGY REPORT, WHICH WAS ACCEPTED BY THE COMMISSION ITSELF 10 TO 0, WITH RUSSIA AND POLAND ABSTAINING.

ANDREI A. GROMYKO, SOVIET DELEGATE, OPPOSED THE AMERICAN CLAUSE IN YESTERDAY'S CLOSED SESSION, ARGUING THAT IT WAS NOT NECESSARY AND THAT IT CAST DOUBTS ON THE BASIC ARMS RESOLUTION LAID DOWN BY THE GENERAL ASSEMBLY.

WARREN R. AUSTIN, UNITED STATES DELEGATE, IN TURN CONTENDED THAT THE ASSEMBLY RESOLUTION WAS ONLY A RECOMMENDATION AND THAT IT WAS UP TO THE COUNCIL TO MAKE THE SPECIFIC PLANS.

ON ANOTHER POINT AT ISSUE, AUSTIN AGREED TO CONSIDER A COMPROMISE SUGGESTION THAT THE PROPOSED ARMS COMMISSION DRAFT ITS OWN TERMS OF REFERENCE. THE ORIGINAL AMERICAN PROPOSAL THAT THE COUNCIL SET UP A SPECIAL COMMITTEE TO DO THIS WORK WAS FOUGHT BY GROMYKO ON THE GROUNDS THAT SUCH A PROCEDURE WOULD DELAY THE WHOLE PROGRAM.

AUSTIN WAS IN REGULAR COMMUNICATION WITH WASHINGTON THROUGHOUT THE MEETING AND AWAITED FINAL INSTRUCTIONS BEFORE GIVING WAY ON THIS POINT.

THE DRAFTING COMMITTEE, INCLUDING REPRESENTATIVES OF RUSSIA, UNITED STATES, FRANCE, AUSTRALIA, BELGIUM AND COLOMBIA, ACCEPTED A FRENCH RESOLUTION AS A WORKING BASE AFTER BOTH FRANCE AND RUSSIA YIELDED SOMEWHAT.

NO VOTES WERE TAKEN AT ANY STAGE AND A MEMBER OF ONE DELEGATION EMPHASIZED THAT ALL AGREEMENTS REACHED WERE AS OF THE DRAFTING STAGE.

A25

THE SOVIET UNION FIRST OBJECTED TO A CLAUSE IN THE FRENCH RESOLUTION ORDERING THE MILITARY STAFF COMMITTEE, CHARGED WITH ORGANIZING AN INTERNATIONAL MILITARY FORCE, TO REPORT WITHIN 90 DAYS. THE FRENCH THEN AGREED TO TONE DOWN THE PHRASE TO SAY THAT THE COMMITTEE SHOULD BE CALLED UPON TO REPORT AS SOON AS POSSIBLE.

IN A TOWN HALL ADDRESS HERE YESTERDAY SIR ALEXANDER CADOGAN, BRITISH DELEGATE, DEPLORED THE LACK OF PROGRESS IN THE MILITARY COMMITTEE AND DEMANDED A REPORT "SHOWING EXACTLY HOW AND WHY THEY (THE COMMITTEE) HAVE BEEN OBSTRUCTED."

MEANWHILE, A REGULAR MEETING OF THE COUNCIL TENTATIVELY SCHEDULED FOR TODAY WAS CANCELLED PENDING CONCLUSION OF THE DRAFTING COMMITTEE'S WORK. IT WAS EXPECTED THAT THE COUNCIL WOULD CONVENE TOMORROW AGAIN AT LAKE SUCCESS.

ARANHA, FORMER FOREIGN MINISTER OF BRAZIL, POINTED TO THE PAN AMERICAN UNION AS AN ASSOCIATION OF FREE PEOPLES AND AS AN EXAMPLE FOR THE FRAMERS OF THE WORLD ORGANIZATION.

HE SAID, HOWEVER, THAT THE AMERICAN ORGANIZATION, "THE RESULT OF A CENTURY OF GROWTH," WAS PRACTICALLY "LAID ASIDE" IN THE EFFORT TO SECURE THE SUCCESS OF THE WORLD SYSTEM.

Arabs Threaten Fight If Britain Opens Gates Of Palestine to Jews

COMPROMISE PLAN REPORTED TO SEEK ENTRY OF 100,000 (N)

Holy Land Jews Warned Army Will Act if New Violence Flares.

GRUNER APPEAL LOOMS

London Legal Move Aimed at Easing Tension Over Scheduled Hanging.

LONDON, Feb. 7—(AP) The British government delivered its compromise plan for Palestine to Arab leaders tonight and Emile Ghoury, a Palestine Arab representative, said that if the proposal resulted in the entry of one more Jew into Palestine "it will mean war."

The compromise plan apparently was not delivered to Jewish representatives here tonight.

Provisions Not Revealed

Jamal Husseini, leader of the Palestine Arab delegation, said he and his colleagues had decided not to look at the proposal until tomorrow morning because "I'm sure it would ruin our night's rest."

Husseini's statement indicated he took some stock in earlier reports from informed Whitehall sources that the new formula called for the immediate movement of 100,000 Jews from Europe's displaced persons camps into a Jewish area of federalized Palestine.

Colonial Secretary Arthur Creech Jones summoned Moshe Shertok, the Jewish Agency's political chief, to an unscheduled conference tonight to discuss the present situation in Palestine.

British sources said Creech Jones warned Shertok that the army in Palestine "would take the initiative" if any serious violence followed announcement of the British proposals.

The British cabinet earlier in the day met and considered the plan, but did not announce the result of its deliberations on the proposals which, one reliable informant said, would admit 100,000 Jews immediately into a semi-autonomous Jewish province in the Holy Land.

The compromise was proposed to the cabinet by Creech Jones, who wanted no restrictions on the number of Jews that could be permitted in a Jewish area, and Foreign Secretary Ernest Bevin, who feared an Arab "holy war" against the British if unrestricted immigration were permitted.

More than 10 months ago the American-British committee of inquiry into Palestine recomended that 100,000 Jews be admitted at once to the Holy Land. Bevin, in rejecting that recommendation, said it would be necessary to put another division of troops in Palestine if immigration bars were dropped.

Seek Appeal for Gruner

During the day private attorneys here announced plans for an appeal for Dov Bela Gruner, convicted Palestine underground youth, a step which might have the effect of staying one element in an explosive situation. Palestine reports had said unless an appeal were made, Gruner might be executed Tuesday.

The Arabs have been steadfast in their opposition to any additional immigration of Jews into the Holy Land, and the informants predicted that the talks between the British and Arabs would end immediately if the cabinet adopts a plan embracing admission of 100,000 Jewish immigrants.

The Jews, who have refused to participate in the current Palestine conference, want to settle more than 1,000,000 Jews in the Holy Land in the near future. The Jewish population is now 600,000.

One of the decisions the cabinet must make is whether the British government will impose the compromise plan for Palestine regardless of Jewish or Arab reaction, informed sources said. A government source said earlier in the week the cabinet had agreed to the principle of imposing a settlement regardless of its acceptance by Jews or Arabs.

Jewish leaders were told by President Truman in July that the United States was willing to assume technical and financial responsibility for transportation of 100,000 Jews to Palestine. Gen. Joseph T. McNarney, U. S. army commander in Europe, told reporters only yesterday that 95 per cent of the displaced Jews in the American zone in Germany were determined to resettle in Palestine and the only solution he could see was to let them go there.

Bevin's Arguments

Bevin produced arguments of his Middle East experts in expressing the fear that unrestricted Jewish immigration might lead to a "holy war" by Arabs against the British. Creech Jones accepted the 100,000 figure for immediate purposes, while Bevin agreed to revise the present limit of 1,500 Jews a month.

Britain's proposals were said to envisage an amended "Morrison Plan" under which control over immigration would be vested in a central administration. The Morrison plan called for dividing Palestine into Arab and Jewish provinces with limited powers, "neutral" Jerusalem, and a British zone in the strategic Nageb Desert.

Britain Retains Control

Under the proposed compromise plan overall control of Palestine would be retained by Britain for at least five years, after which the position would be reviewed.

A demand by Creech Jones that the Arabs and Jews be given the right to secede was rejected, informants said. His claim to a more generous area for the Jews than the estimated 1,500 square miles set aside for them under the Morrison plan was reported accepted. The total area of Palestine is 10,429 square miles.

British officials said last August that Britain would ask the United States to give economic help to both the Jews and Arabs if a settlement of Holy Land problems is achieved. The British-American inquiry commission had recommended that the United States grant $250,000,000 for the Arab community in Palestine for cultural and national development and President Truman was reported to have agreed, provided the Holy Land was divided into independent Jewish and Arab states.

A London legal firm announced that it was carrying to the Privy Council, highest tribunal in the British Empire, the fight to save Gruner convicted member of Irgun Zvai Leumi, from the gallows.

Refuses To Sign Appeal

Gruner has refused to sign any appeal. The legal firm said a petition on behalf of Frank Gruner, the condemned man's uncle, will be filed asking special leave to appeal on grounds of irregularities in the Palestine court which sentenced Gruner to hang for his part in an attack on a police station.

The London firm, which declined use of its name, said it was acting for Max Seligman & Co., Tel Aviv attorneys. Seligman, now in London, said he had sent a cable to the Palestine High Commissioner advising him of the petition and asking postponement of the execution.

Britain Ponders Admitting Jews To Palestine (AP)

London, Feb. 7 (AP)—Informed sources said today that the British Cabinet was considering a compromise Palestine formula which would allow 100,000 Jews from European displaced-persons camps to enter immediately a semi-autonomous Jewish province in the Holy Land.

This plan was attributed to Foreign Secretary Ernest Bevin and Colonial Secretary Arthur Creech Jones.

There was no immediate indication from No. 10 Downing Street whether the Cabinet had accepted it.

President Truman told Jewish leaders in Washington last July that the United States Government was willing to assume technical and financial responsibility for the transportation of 100,000 immigrants from Europe to Palestine.

No Approaches To U.S.

A Foreign Office spokesman said today that no British approaches had been made to the State Department on a Palestine settlement.

Government sources said after the Cabinet meeting that it was almost certain the new British proposals for Palestine would be conveyed to Arab and Jewish leaders in London over the week end. They added that it was likely that Arab delegates to the official Palestine Conference would meet Bevin and Creech Jones once again Monday, and, because of their "uncompromising opposition" to further Jewish immigration, the talks probably would dissolve immediately.

Differences Explained

Informants gave this account:

Bevin and Creech Jones differed on immigration policy.

Creech Jones, favoring "partition on the installment system," urged there should be no limitation on the number of Jews to be allowed into their area.

But Bevin, producing arguments of his Foreign Office Middle East experts, expressed fear that unrestricted Jewish immigration might lead to an "Arab holy war" against Britain.

Bevin, apparently won, with Creech Jones accepting the compromise figure of 100,000 for immediate purposes.

Immigration as a whole would be subject to final control by the central authority projected for a federalized Palestine, once the 100,000 mark had been reached.

Qualified informants said that Bevin was alarmed at the possibility of an Arab outbreak if the Palestine Arabs should be dissatisfied with a partition of the Holy Land into Arab and Jewish provinces, the most likely plan under consideration.

Bevin and Creech Jones met with Jewish Agency leaders last night, but the agency's political chief, Moshe Shertok, said after the two-hour meeting that "we were allowed to see none of the features of the British Government's newest unborn child"—the new Palestine plan. INS

Jewish and Government sources both said Shertok discounted the possibility of an Arab outburst in the event of partition.

Gruner Appeal Planned

A London legal firm announced today it would seek to carry to the Privy Council, Britain's highest court, an appeal from the death sentence imposed upon Dov Bela Gruner, convicted member of the Palestine underground organization, Irgun Zvai Leumi.

The attorneys said that authorization to seek a Privy Council hearing was given by the doomed man's uncle, Frank Gruner, but that Dov Gruner himself had not signed any request

Filing Petition Tomorrow

Gruner is living on a day-to-day reprieve in Palestine, and informed sources there said his execution might have been set for next Tuesday.

The attorneys said the petition would be filed with the Council tomorrow, asking leave to appeal the sentence on the grounds of irregularities in the court which imposed it.

The London firm is acting for Max Seligman & Co., Tel Aviv attorneys. Seligman, now in London, said he had cabled the Palestine High Commissioner, Lieut. Gen. Sir Alan Cunningham, advising him of the petition and requesting postponement of Gruner's execution. Gruner was condemned last April for taking part in a raid on a Palestine police station, and has persistently refused to appeal.

Evacuation of Civilians In Palestine Completed (AP)

JERUSALEM, Feb. 7—(AP) An official announcement said today the British army had completed the compulsory evacuation of British women and children from Palestine.

The statement said 1,396 members of civil and military families had a "small number of non-essential males" had been evacuated. This did not include members of some families moved by air to the United Kingdom.

The Jewish Agency announced the founding of three more agricultural settlements in southern Palestine's strategic Nageb Desert, bringing the total in that area to 18. The land is owned by the Jewish National Fund.

Under the Morrison Plan for federalization of Palestine the Nageb Desert would be placed under British supervision and control.

British Women, Children Out Of Palestine (AP)

Jerusalem, Feb. 7 (AP)—The evacuation of British women, children and "nonessential" male residents from Palestine has been completed, an official announcement said today.

A total of 1,396 members of civilian and military families and a "small number of nonessential males" were evacuated by the army during this operation, which began Tuesday. These figures did not include families sent to Britain by plane.

A small number now in Palestine hospitals will be moved out as soon as they are able to travel.

New Farm Settlements

Meanwhile, formal establishment of three new Jewish agricultural settlements in the Negeb area of the southern Palestinian desert was announced this morning by a spokesman for the Jewish Agency. Jewish settlements in this territory now total eighteen, of which twelve were founded in the last six months.

A major problem in colonization of the southern desert is irrigation. More than 100 miles of water pipelines are being laid from Gaza to southern Palestine. The project, which has Government approval, is one fourth complete.

Condemned Jew Quoted On Britain

Philadelphia, Feb. 7 (AP)—Irving Wolfson, executive director of the American League for a Free Palestine, said today he had a hitherto unpublished statement from Dov Bela Gruner, Jewish underground member sentenced to death by a British military court in Palestine.

Wolfson said the message had been addressed to him and apparently had passed unnoticed through what he termed the tight Palestine censorship.

The statement, which Gruner directed to the British court, was prepared in mimeographed form by the Irgun Zvai Leumi, Jewish underground organization to which the condemned man belonged. The

letter was mailed from Tel Aviv.

Challenges Court Authority

The statement, addressed to "officers of the British Army," challenged the authority of the court, citing the mandate of the League of Nations calling for the reconstruction of a Jewish homeland in Palestine.

"You trod upon the international treaty which you signed with our people and the nations of the world," Gruner was quoted as writing. "Nothing has remained of the legal basis of your rule, and it is now based on one principle only, brute force, the bayonet, and a reign of terror in the disguise of so-called laws."

Defending his role in the Irgun, Gruner said:

"A rule existing in any country when transformed into a rule of oppression, ceases to be lawful. It is the right of its citizens, moreover, it is their duty to fight against this rule and to overthrow it.

Wolfson Former GI

"This is what the Hebrew youth is doing and will continue to do until you evacute this country and return it to its lawful owners—to the people of Israel."

Wolfson, a former soldier in the United States Army, said he came in contact with the Jewish underground while stationed in Germany and expressed the belief that this was the reason why the letter was addressed to him by name.

He said the letter would be turned over to New York officials of the American League for a Free Palestine for possible [illegible]

MURRAY IN PLEA TO BEVIN

Warns Against Use of Martial Law in Palestine

PITTSBURGH, Feb. 7 (AP)—President Philip Murray of the CIO appealed today to British Foreign Secretary Ernest Bevin to avoid use of martial law in Palestine, saying that "such a policy would be dangerous in its reaction on American public opinion."

In a cable to Mr. Bevin in London, Mr. Murray added:

"The steadily deteriorating situation (in Palestine) requires action in accord with British Labor's promises to the Jews. The threat of martial law and evacuation of British women and children increases tension and does irreparable harm."

American Proposes Full Roles For Small Nations On Treaties

JACK SMITH

London, Feb. 7 (AP)—Robert Murphy, the United States representative at the Big Four deputy foreign ministers' conference, presented today an American proposal designed to meet, in part, demands from the smaller nations for full participation in drawing up peace-treaty recommendations.

Under the plan the smaller nations would get four seats on the deputies' committees now and in future deputies' meetings. Those nations which were active belligerents in the war would be permitted to ask questions or present views to the committees. Competent German authorities and experts would be invited to present views at committee level.

Ukraine Plan For Germany

Murphy's action came as the Soviet Ukraine, apparently reflecting the Russian viewpoint, proposed to the deputies the establishment of a partly decentralized German Government, with the Big Four retaining control "for a prolonged period" over all German heavy industry, including that in the Ruhr.

The Ukrainian republic, in a cautiously phrased note to the four-power deputy foreign ministers, said also that it "emphasizes its interest" in reparations through factory removals from the Reich's western zones, now halted. It asked reparations "to the greatest possible extent."

Salient Points In Note

Salient points in the note were:

1. It estimated the Ukraine's war-caused material losses at 285,000,000,000 rubles at 1941 state prices (approximately $57,000,000,000 at present exchange rates), said the Nazis "exterminated and tortured to death millions of Soviet people" and destroyed 714 towns and 28,000 hamlets and villages.

2. It urged liquidation of "the entire German war industry."

3. The note indirectly renewed Soviet charges of slow deNazification in western zones and of protection there for war criminals.

4. The note declared that "Prussian Junkerdom" and "the magnates of German monopolistic capital" must be eradicated.

Safeguards Demanded

"As regards the future state structure of Germany," the note said, "the Government of the Ukraine considers that Germany must be a single democratic state, with self-governing states. At the head of the German state must be a central government elected by the people."

The note did not define functions of the central government in relation to the self-governing states.

The Ukraine, where existence of an anti-Communist movement often has been rumored, demanded safeguards against any Germany-based organization of expatriate Ukrainians.

In the strongest language of the memorandum the Ukraine said it "insists that in the future on the territory of Germany there should be forbidden forever the existence of any organizations of persons of Ukrainian origin, and equally of persons of other nationalities, whose activity would be directed against their people, its freedom, territorial integrity and sovereignty."

GEN. MORGAN IN PLEA FOR DP'S IN GERMANY

LONDON, Feb. 7—(AP) Lt. Gen. Sir Frederick Morgan, former UNRRA head in Germany, declared today that all the 250,000 displaced persons in the British zone in Germany, particularly Jews, be admitted to Britain to save them from being lost "behind the iron curtain."

Addressing a meeting of notables sponsored by the magazine, News Review, Morgan said displaced persons should not be forced to go home and "take their medicine" and added: "For many of the DP's—Balts, Ukrainians, Yugoslavs and Poles—there is the shadow of the iron curtain. And believe me it is indeed a substantial phenomenon that can and does throw the shadow of the pit upon these homeless souls.

Concerning the 500,000 displaced persons in all zones of Germany, Sir Frederick asked: "Can't London do better than merely speculate about the future possibilities in the Antipodes (on the opposite side of the earth)? Can't Washington do more than consider the receptiveness of South America?"

"Unscrupulous parties may seek to exploit the displaced persons for nationalistic purposes, for these people constitute expatriated minorities," he added.

Sir Frederick lost his UNRRA job and was retired from the British Army after he had made controversial statements about "Soviet agents" among displaced persons and an "organized exodus" of Jews from Europe.

Poles Seeking Court Rule On Army 'Status'

London, Feb. 7 (AP)—Poland obtained a habeas corpus writ today and raised what the court described as the question of the "status of the so-called Polish Army," long a sore spot in British-Polish relations.

The legal action, filed by the Polish consul will be heard next Tuesday. It seeks the release of Eugeninsz Zytomirski, a Pole who, the consul declared, was unlawfully detained in a Polish military hospital in this country.

The Lord Chief Justice, Lord Goddard, directed that Foreign Secretary Ernest Bevin and War Secretary F. J. Bellinger be notified so they could give the court any information they might have "as to the status of this Polish Army."

Unarmed Branch Of Army

The second Polish army, under Lieut. Gen. Wladyslaw Anders, ended the war in Italy.

Britain set up a Polish resettlement corps for soldiers who did not wish to return to their homeland. The resettlement corps is an unarmed branch of the British Army whose members are scheduled to be employed in various domestic activities, including agriculture and mining, after demobilization.

Approximately 30,000 of perhaps 120,000 men in Anders' army have joined the resettlement corps.

Royal Family Tours Ships On Africa Trip

London, Feb. 7 (AP)—The Royal Family toured the four naval vessels escorting the battleship Vanguard today while en route to South Africa, Exchange Telegraph reported.

The British Princesses appeared most impressed by the aircraft carrier Implacable, questioning carrier pilots and watching them take off and land.

The Vanguard was passing the bulge of Africa and moving into the last leg of its voyage to Capetown.

Princesses To Miss Cold 'Bath' At Equator

London, Feb. 7 (AP)—Because of their royal birth, Princesses Elizabeth and Margaret Rose will probably be spared the traditional dunking in cold water when the battleship Vanguard, carrying them and their parents to South Africa, crosses the equator next Monday.

An Exchange Telegraph message from the vessel, now well past the 2,000-mile mark on the long voyage, said the princesses would take part in the hazing ceremony with others aboard who have never crossed the equator before, but would not go through the ducking bath.

Yugoslavian Reaffirms Stand Against Treaty

Paris, Feb. 7 (AP)—A Yugoslav spokesman reaffirmed today his country's intention of refusing to sign the Italian peace treaty here on Monday, and in Rome the powerful Italian General Labor Confederation called for a ten-minute work stoppage at the hour of signing in national mourning over the treaty's terms.

Representatives of twenty Allied nations will gather in Paris on Monday for the formal conclusion of treaties with envoys of five defeated Axis satellites—Finland, Romania, Bulgaria, Hungary and Italy.

Call For 10-Minute Display

The Italian treaty is scheduled to be signed at 10 A.M. A spokesman for the Yugoslav Embassy told a *Stars and Stripes* correspondent that his country's delegates would participate only in the afternoon signing with Hungary and Bulgaria.

Yugoslavia declared at the Paris peace conference that she would refuse to sign the Italian treaty because of objections to territorial adjustments, particularly Trieste, and reparations payments.

In Rome, associations of war veterans, war wounded, former partisan fighters and inmates of concentration camps joined with the labor organization in the call for a ten-minute display of "national sorrow."

Cabinet To Sign Treaty

The Italian Government announced tonight the Cabinet had agreed that Italy would sign the treaty and that the Constituent Assembly would be called upon later to ratify it.

Lupi Disoragna, 61-year-old Italian career diplomat who holds the rank of ambassador, left Rome for Paris tonight and Italian Foreign Ministry sources said he had been empowered to sign the treaty. However, the Italian Government was reported drafting a protest of treaty terms which Disoragna will attempt to make public at the ceremony.

The treaty, which strips Italy of her colonies, takes away territory on her northern frontier, greatly reduces her army and navy and assesses reparations, has been under constant attack by most Italian newspapers, which have called it a "dictate."

"Slavs Won't Sign"

Paris, Feb. 7 (AP)—The United States Army newspaper *Stars and Stripes*, quoting a Yugoslav Embassy spokesman, said today that Yugoslavia would not sign the Italian peace treaty here Monday.

Yugoslav officials in the Paris Peace Conference said they would abstain from signing the Italian pact unless it was made satisfactory to Premier Marshal Tito's regime. The action presumably will delay transfer of Italian territory and reparations to Yugoslavia.

Leclerc Confers With Ramadier

Paris, Feb. 7 (AP)—General Leclerc, French military leader sent to Indo-China in December as a "trouble shooter," conferred with Premier Paul Ramadier tonight as unconfirmed rumors circulated in Paris that Admiral Georges Thierry D'Argenlieu, French high commissioner in Indo-China, had resigned.

Neither Ramadier nor Leclerc would comment on the purpose of the conference and Ramadier refused either to confirm or deny a report that D'Argenlieu's resignation already had been acted upon.

The high commissioner now is en route from the Far East to Paris, where he was summoned previously "for consultation."

A communiqué from French headquarters in Tonkin said fighting continued with Viet Nam reinforcements in the northwest sector of that Indo-Chinese province. The Viet Nam forces, the communiqué said, were stiffening their resistance there and also were showing renewed activity south of Hanoi.

A dispatch from Saigon said Lt. Vinh Khuong, leader of the Viet Nam propaganda campaign in the Saigon area, was under arrest, climaxing the detention of a number of his sympathizers by federal police.

Col. Durant Begins Flight to U. S.

Frankfurt, Feb. 7 (A. P.).—Col. Jack W. Durant, accused of participating in the theft of the $1,500,000 Hesse crown jewels, left Frankfurt in an Army transport plane today for Washington, where his military trial is scheduled to be resumed.

The plane was scheduled to refuel at Paris, the Azores and Bermuda, reaching Washington in thirty hours.

D. P.'S MAY RUN CAMPS

Frankfurt, Feb. 7 (A. P.).—Plans to permit 525,000 homeless displaced persons to take over their own camps in the United States zone of Germany are being prepared by UNRRA, it was disclosed here today.

UNRRA's American zone director, Paul Edwards, said that the plans were being formulated "in case neither the proposed International Relief Organization nor the American Army is ready or has the funds" to administer the camps when UNRRA terminates operations on June 30.

UNRRA has been administering the camps, where displaced persons await resettlement or repatriation since the war's end. Food has been mainly supplied through the United States Army.

Edwards told a news conference that the I. R. O. proposed by the United Nations was scheduled to take over the camps on July 1, but there was no assurance the organization would be in operation by that date.

Reparations Held 'Too Slow'

Brussels, Feb. 7 (AP)—Nigel Sutton, secretary general of the Inter-Allied Reparations Agency, said today the program for German reparations was unsatisfactory thus far and speed would be necessary if the aims envisioned by the Potsdam Declaration were to be carried out.

Sutton said that only a sharp increase in the rate of release of German assets by the Allied Control Authority in Berlin would make it possible to avoid falling far behind the reparations timetable set by the Potsdam conference.

A report, summing up the agency's work since its inception at headquarters a year ago, stressed difficulties in obtaining release from the Allied Military Government in Germany of adequate amounts of industrial equipment

30.24-7763

needed in countries ravaged by the war.

Amount Unsatisfactory

The report said that although the amount of reparations thus far released had been unsatisfactory, the agency had worked out relatively rapid agreements for dividing German assets made available for the purpose. To date, it said, the following assets have been released or promised for release by the occupying powers:

Merchant Shipping — 686,000 gross tons.

Machines—About 75,000 in plants located primarily in the United States occupation zone. Much of this equipment already has been allocated and currently is being shipped to agency members.

General Purpose Machine Tools —To the value of 90,000,000 marks ($9,000,000 at United States military rate of exchange). About 80 per cent of these tools are from the British zone and the remainder from the French zone.

Italy Protest Work Stoppage Urged

Rome, Feb. 7 (AP)—The powerful General Labor Confederation early today called upon all Italians to stop work for ten minutes at 11 A.M. Monday, the hour of the signing of the Italian peace treaty at Paris, in token of "national sorrow" at its terms.

Associations of war veterans, war wounded, former partisan fighters and ex-inmates of concentration camps joined in the summons for the display of mourning at the treaty, which strips Italy of her colonies, takes territory on her northern frontiers, greatly reduces her army and navy and assesses her for reparations.

Meanwhile, Premier Alcide de Gasperi's Government hemmed and hawed about the politically ticklish question of signing the document, termed "Diktat" by all Rome papers except those of the extreme left.

A brief communiqué issued early today after an uninterrupted seven-hour Cabinet session, much of it devoted to discussing the treaty, said it had been decided to submit "the procedure to be followed to a conference de Gasperi will have this morning at the presidency of the Constituent Assembly."

De Gasperi and other ministers refused to elaborate on the communiqué.

Reds Disrupt U.N. Probe In Greece (AP)

Athens, Feb. 7 (AP)—A Communist-dominated demonstration today broke up the afternoon session of the United Nations commission investigating Greece's border troubles.

A crowd of about 1,500 supporters of the leftist EAM (National Liberation Front) gathered outside the hotel where the commission was meeting and shouted protests against the continued presence of British troops in Greece.

The crowd apparently gathered at a prearranged signal. Banners read "No More Blood" and "A Government with EAM." The noise outside the hotel forced the commission's adjournment.

Albania Blames Monarchists

Nexti Kerenxhi, Albanian liaison officer with the commission, had told it earlier that Greece's "Monarcho-Fascist regime" was the cause of her border troubles.

Kerenxhi quoted newspapers and individuals inside and outside Greece which charged that rightist terrorists operated in the country with the sanction of the authorities. He also quoted the secretary general of the Greek Communist party as saying a conspiracy had been organized in Greece to act against neighboring countries.

The Albanian representative recommended that the commission summon former Premiers Themistokles Sophoulis and Emmanuel Tsouderos, former Foreign Minister John Sophianopolos and UNRRA authorities to support Albania's case. (INS)

Greece May Protest

A well-informed source said the Greek Government intends to protest to the United Nations against intervention by members of the investigating commission, in death sentences pronounced by Greek courts.

This informant said the Government had instructed Vassili Dendramis, delegate with the rank of Ambassador, to present to the United Nations the Government view that commission members have no right to intervene for clemency in death sentences pronounced by Greek courts, because such matters are domestic affairs.

ATHENS BANS ALL RALLIES

Action Taken After Leftists Halt U.N. Session (N)

Athens, Feb. 7 (AP)—Demonstrations in Athens were banned by the Government tonight after a crowd of more than 1,000 Leftist supporters of the EAM (National Liberation Front) created such a clamor in the street that it broke up a meeting of the United Nations commission investigating Greece's border troubles.

The crowd gathered, apparently at a prearranged signal, outside the hotel where the commission is holding its sessions and shouted protests against continued presence of British troops in Greece.

The Government edict tonight prohibited demonstrations in order to prevent "rekindling of passions and infraction of public order at this critical moment."

The commission had been hearing a statement by Nexti Kerenzhi, Albanian liaison officer, who asserted that the Greek border troubles, which Greece has blamed on her northern neighbors, were the consequence of the Greek "monarcho-Fascist regime."

Women and Children Freed

ATHENS, Feb. 7 (AP).—Panayotis Kanellopoulos, acting Minister of Public Order, ordered today the immediate release of all women and children who are being held as political prisoners, and directed that arrangements be made to return them to their homes. The move was generally interpreted as an effort to appease Leftist opposition and strengthen the position of the government.

Post With Tito Is Taken By Slav Prince

C. CARUTHERS

Belgrade, Feb. 8 [AP—Delayed]. The first of the old Yugoslav royalty to join Marshal Tito's Communist regime is Prince Michael Petrovitch Niegoch, of Montenegro, who turned down an Italian offer of the throne during the occupation.

The Government asked the Prince to return from France "as a Yugoslav patriot" to work in the Foreign Affairs Ministry. He arrived a month ago with his French-born wife. They have been living quietly at the Partisan-controlled Moskva Hotel.

Refused To Be Puppet

Captured by the Nazis in Paris in 1941, Prince Michael spent two terms in prison camps because he refused German and Italian offers to put him at the head of a puppet government. He is a nephew of Queen Elena of Italy, now exiled.

"I have no politics and only return to my country as a patriot who believes the real history of Yugoslavia lies in the future," said the Prince, who speaks fluent English, French and Italian but almost no Slavic.

He declared the Yugoslavs had made no offer in connection with his return but only "indicated they'd like my services—to which I agreed without reservation."

Hopes To Come To U.S.

He said he had not yet been given his assignment in the Foreign Ministry, but hoped it would take him to the United States.

Although between his two Nazi internments he spent most of the time in Paris, Michael said he had never taken an active part in the exile London Government of Yugoslavia. He once offered his services to King Peter but received no reply, he explained.

Warsaw, Feb. 7 (AP)—Premier Josef Cyrankiewicz announced today the formation of a new Polish Government which retains the key figures of the Communist-backed provisional regime but excludes Stanislaw Mikolajczyk and members of his Polish Peasant party.

The new ministers were presented to President Boleslaw Bierut today and are scheduled to go before the new Parliament tomorrow.

They are:

Vice Premier and Minister of Western Territories — Wladislaw Gomulka.

Second Vice Premier—Antoni Korzycki.

Ministers Without Portfolio—Wincenty Rzymowski and Wincenty Baranowski.

Defense Minister — Marshal Michal Rola-Zymierski.

Foreign Minister—Zygmunt Modzelewski.

Around The World: Stalin's 'Lone Wolf' Strategy Told

Moscow, Feb. 7 (AP)—A new biography of Prime Minister Stalin, released today, says the Soviet leader had a plan of strategy in 1944 for Russia, with her own forces and without the aid of her allies, to occupy all Germany and accomplish the liberation of France.

"This circumstance compelled the former Prime Minister of England, Churchill, who up to then was against the opening of a second front in Europe, to undertake the invasion in western Europe," the biography says.

"In June, 1944, the Allies conducted the successful landing of large forces in the north of France.

"Hitlerite Germany, as Comrade Stalin foresaw, was caught in a pincers between two fronts."

New Cabinet Formed By Polish Premier

Firing Heard In Balkans

Istanbul, Feb. 7 (AP)—Diplomatic sources at Edrine, in the northwest tip of Turkey near the Greek-Bulgarian frontier, said today they had heard cannon fire all yesterday and last night.

The newspaper *Vatan* commented that "it appears the rebels are on the attack again" in Greece.

Other reports said Greek guerrillas tore up about a mile and a quarter of the Istanbul-Salonika railway track near Soufli Wednesday, but no rolling stock was damaged and the line was relaid.

3 American Generals Get Indian Decorations

New Delhi, Feb. 7 (AP)—The Viceroy announced tonight on behalf of King George VI the award of decorations to three American generals who left India many months ago.

Lieut. Gen. Raymond A. Wheeler, deputy to Admiral Lord Louis Mountbatten in the wartime Southeast Asia Command and for a time commander of the India-Burma Theater, was made an honorary knight commander of the Order of the Indian Empire.

Maj. Gen. Frank D. Merrill, commander of Merrill's Marauders in Burma, and Maj. Gen. William E. R. Covell, services of supplies, were made honorary companions of the same order.

Yankee Dollar Reaches New High In China

Shanghai, Feb. 7 (AP)—The American dollar reached a new high on the Chinese black market today being quoted at 10,000 to 1 as Chinese currency spiralled to a new low.

Prices immediately were marked up to meet the depreciation with some quotations rising as much as 50 per cent over night.

FIRST AMERICANS QUIT CHINA FOR RETURN TO U. S

J. RODERICK (N)

PEIPING, Feb. 7—(AP) Escorted by U. S. Marine planes overhead and Marine guards aboard train, the first party of Americans from the disbanding executive headquarters has safely reached the sea today and boarded ship for home.

Nearly 1,700 others from the headquarters, plus about 10,000 Marines, are to leave shortly in carrying out the American decision to abandon mediation efforts and leave China.

Aboard the seven car special train on the 115-mile trip from Peiping to Tangku were 303 army and civilian personnel and dependents and 20 Marine guards.

Party Closely Guarded

Two Marine planes overhead kept in radio touch with a fighter squadron which was ready to take off instantly if needed.

The precautions proved unnecessary, Chinese Communists kept their promise to leave the railway alone while the Americans were using it.

Until two days ago the route was the scene of constant skirmishes ing between government troops and Communists, but the only incident of today's 8-hour trip was a one-hour breakdown of the locomotive just outside Peiping.

The Americans went immediately aboard the transport General Weigel, which was expected to sail for the United States within 24 hours.

Lt. Gen. Alvan C. Gillem, Jr., the American commissioner, said he expected the bulk of his group would return to the United States by early March and that the entire operation would be completed within three months.

The general told correspondents the mediation effort was "the most unique mission during the long history of the United States army," and with an emotion-choked voice added, "I am very sorry we were not successful. Like many another American soldier, we did not succeed in attaining our final objective; we are going down with our colors around us."

Fighting Continues

While the Chinese guns were

silent along the route the Americans took, fighting in the civil war continued on the Peiping-Hankow railway at points from 70 to 170 miles southwest of Peiping.

The Chinese press said the government was preparing a determined effort to clear this line and would soon bring in troops from Manchuria.

In Shansi province, Communist attackers were reported within 33 miles west of the provincial capital, Taiyuan, where a state of emergency was declared.

General Election In Japan Ordered

Tokyo, Feb. 7 (AP)—General MacArthur took indirect note today of the increasingly insistent and widespread opposition to the Conservative Government of Premier Shigeru Yoshida and ordered another general election for Japan.

The supreme commander's edict was delivered to Yoshida in a politely couched letter expressing the belief that "the time has come for another election" to "once more advance the process of democracy which now governs the state."

It left scant doubt that the doom of the ultra-Conservative Cabinet had practically been sealed.

The Liberal party, which Yoshida heads, and the Progressive party, both ultra-Conservative, have a majority in the Diet, but recent newspaper polls show a definite trend away from them, with the indication that any future election would see the Conservatives deposed and the more liberal Social Democrats voted to power.

PLAN TO QUIT KOREA IS DENIED BY LERCH

SEOUL, Korea, Feb. 7 (AP)—American troops will stay in southern Korea until a provisional government has been established for the entire country, including the Russian-occupied northern half, Maj. Gen. Archer L. Lerch, Military Governor, declared today.

A companion statement by Lieut. Gen. John R. Hodge, commanding United States military forces in southern Korea, reiterated his frequent explanation of the American aim to insure "stable, democratic self-government" and national independence for Korea.

The Americans have been stressing both points to Koreans ever since American-Soviet joint commission negotiations broke down last May.

General Lerch's statement was presented as a reply to what he called "irresponsible American columnists and news commentators" who have "persisted in spreading a rumor that United States troops were soon to withdraw from Korea."

General Hodge's statement said recent discussion with Korean leaders had indicated that some south Koreans "do not understand completely" the functions of the United States-Russian Joint Commission.

GI's Not Leaving Korea Soon

Seoul, Feb. 7 (AP)—"Irresponsible columnists and news commentators" who have spread rumors that United States troops soon will leave Korea were rapped today in a statement released by Maj. Gen. Archer L. Lerch, American military governor of southern Korea.

Lerch and Lieut. Gen. John R. Hodge, commander of United States troops in Korea, issued companion statements to the press in which they stressed that Korea's future independence is assured, but that United States troops will remain in the country until a provisional government is established and functioning.

Awaits Provisional Government

Lerch reiterated the announced United States policy that the troops will remain until such time as Russian-occupied northern Korea and American-occupied southern Korea can be joined and the provisional Korean Government established.

The columnists and commentators were not identified.

Both the American leaders frankly admitted their statements were the first step in a campaign to explain and "sell" to the Korean people the aims of the trusteeship provided in the Big Four agreement in Moscow in 1945.

Anti-trusteeship sentiment has been increasingly strong in the Korean press, prompting Hodge to stress his two oft-repeated points—the certainty of Korean future independence and the determination of American forces to see the provisional government set up.

Jiko-san, Self-Styled Sun Goddess, Evicted

Kanazawa, Japan, Feb. 7 (AP)—The self-styled Sun Goddess Jiko-san, pdector of tremendous disasters which didn't happen, was hit today by a disaster she didn't predict.

Her landlord announced he was evicting her. Jiko-san whose Sun Goddess business has fallen off since she was arrested for spreading false reports, says she hasn't any place to go.

Jap Admiral Talked His Neck Into Guam Hangman's Noose

Pearl Harbor, Feb. 7 (AP)—Vice Admiral Koso Abe literally talked his neck into a hangman's noose, Rear Admiral John D. Murphy, Washington (D.C.) director of war crimes trials on Guam, said today.

Abe is awaiting execution on Guam.

Murphy said Abe called on him in a Tokyo hotel after the surrender and was passed on to Commander George Murphy, of Detroit, brother of Supreme Court Justice Frank Murphy.

"We had a story from a native of Kwajalein that the Japanese had executed nine Americans," Murphy said. "This puzzled us, for we had no record of any Americans being captured on Kwajalein.

"We finally assumed that some American flyers might have been shot down there, so Commander Murphy asked Abe, 'What about those nine flyers who were executed on Kwajalein?'

"Abe looked puzzled and then replied, 'I don't know anything about nine flyers on Kwajalein. You must mean those nine Marines we captured on Makin.'"

That was the first word of what had happened to members of a Marine raiding party who failed to return to their submarine in 1942.

HAWAII GRAFT TERMED HUGE

Vice Ring Paid Millions During War, Official Charges

Honolulu, Feb. 7 (AP)—A territorial tax collector asserted today that vice and gambling interests paid out $1,000.000 annually for police protection in Honolulu during the lush war years.

The collector, Jack Bell, deputy territorial tax commissioner, declared the territory, as well as the Federal Government, had an income-tax claim against William K. Clark, former Honolulu vice squad sergeant, whose safe-deposit box contained nearly $135,000.

When Federal internal revenue agents took possession of the money at a bank yesterday, Clark told them: "I pass this box to you for the United States Government and Hawaii."

Will Collect Income Tax

Later, Bell said that the territory also had an income-tax claim against Clark and "we are going to collect it."

Bell disclosed that beginning last March territorial investigators checked every island bank, trust company, building and loan association, and real estate office looking for Clark's assets.

After the Bishop National Bank reported Clark had a safe-deposit box, the prosecutor's office placed a man on guard at the vault until last November 4, when Federal agents seized the box.

Uranium Discovery Reported By Argentina

Buenos Aires, Feb. 7 (AP)—The Directorate of Mines reported today the discovery of uranium in San Luis province in west central Argentina.

Uranium, raw material of the atomic bomb, was reported last December 1 to have been found in Mendoza province, just west of San Luis province on the Chilean froniter.

Argentina banned export of the element October 3, 1945, a few months after President Truman had announced that the United States had developed the bomb.

Chile To Accept Refugees

Santiago, Chile, Feb. 7 (AP)—Chile today consented to accept 2,000 European refugee families, provided the men were chosen from the ranks of skilled workers. The agreement was signed with the intergovernmental refugee committee, whose headquarters is in London.

UN GROUP GIVES UP IN ARMS DEADLOCK

Informal Committee Returns Controversial Issue to Security Council

New York, Feb. 7 (AP)—An informal committee of the United Nations Security Council tonight gave up its efforts to reconcile conflicting United States and Russian views on arms reduction machinery and sent the controversial question back to the Council unsettled.

After three days of debate behind closed doors, the delegates decided it was futile to make further efforts. The final decision was to send two draft resolutions to the Security Council, one embodying Russia's views and the other expressing the position of the United States.

Efforts to resolve the differences between the two big powers were finally dropped after it became clear that a question of principle was involved and that the conflict could not be removed by compromise.

New Dispute Indicated

The debate will be resumed in open meeting of the Security Council next week, probably Tuesday. Unless either the United States or Russia alters its stand over the week end, the issues may have to be resolved by a formal vote.

This brings up the question of the big power veto. It appeared that a new dispute might arise over whether the one major point, which blocks agreement, would be subject to the veto, or whether it was a question of procedure, on which the veto does not apply.

The United States delegation was reported to feel that the veto would not apply, but some other delegates were known to hold that a question of substance was involved.

Hasluck's Efforts Fail

The final effort to bring about a compromise, in today's three-hour meeting, was made by Paul Hasluck, Australian delegate, but his proposal was not acceptable to either the United States or Russia. The delegates then decided to draft two separate resolutions to go to the Security Council.

Hopes for an immediate agreement had faded earlier when the United States and Russia failed to iron out their differences by direct consultation this morning.

The committee—composed of representatives of the United States, Russia, France, Australia, Colombia and Belgium — had pinned its final hopes on a private talk between Warren R. Austin, United States delegate, and Andrei A. Gromyko, Soviet delegate.

Austin and Gromyko decided, however, after a five-minute telephone conversation this morning that it would be useless for them to meet since they were disagreed over a point of principle and not merely a question of phraseology.

Gromyko Firm In Opposition

The question at issue was how to define the relationship between the proposed disarmament commission and the present Atomic Energy Commission. Throughout the long debate, Austin has insisted that the Security Council must make it absolutely clear that the new commission will not encroach on the field already assigned to the atomic body. Gromyko has just as firmly opposed any declaratino to this effect on the ground that it is unnecessary.

Until this morning, some of the delegates believed that a clause, dealing with this question, might be worded in such a way as to be acceptable to both the United States and Russia.

Informed quarters said, however, that this belief was dispelled by the telephone conversation between Austin and Gromyko. Austin was reported to have asked the Soviet delegate if there was any wording acceptable to him on the disputed clause and Gromyko was said to have replied in the negative.

Key Paragraph Blocked

On the basis of this exchange, both delegates agreed that no worth while purpose would be served by private discussions.

While this was the only major point of conflict in the entire draft resolution setting up arms-reduction machinery, it blocked approval of the key paragraph—the one providing for creation of an eleven-nation disarmament commission.

The other sections of the resolution included a broad declaration in favor of a general arms reduction, a provision that the Security Council should take up the report of the Atomic Commission as soon as possible and a request that the military staff committee make an early report on its plans for a world police force.

Gromyko, it was added, replied there was none acceptable.

Thus the impasse was to be taken up again later today by an informal committee of the Security Council with no agreement in prospect. Austin and Gromyko conferred in a last-minute attempt to settle the differences.

Members of a six-nation Security Council committee suggested a private talk after they had sought unsuccessfully for two days to reconcile the views of the two big powers as to how the Council should approach the arms-reduction program.

The committee decided to meet again late today, leaving the morning free for the private talk.

Yesterday's seven-hour closed session of the committee left the delegates agreed on a number of major points, but still far apart on one big issue—how to define the relationship between the proposed arms commission and the present Atomic Energy Commission.

The United States took a firm position that the Security Council's resolution setting up the new arms commission must state clearly that it cannot encroach on the field already assigned to the Atomic Commission. Russia insisted such a statement was unnecessary. The fight was almost exclusively between the United States and Russia.

United Nations Group Faces Budget Troubles

Lake Success, N.Y., Feb. 7 (AP)—The United Nations has its budget troubles, too.

Those troubles caught up with the United Nations Commission on Human Rights tonight just a few hours short of finishing up its work and forced the eighteen-member body to take a recess until Monday.

Reason: The secretariat announced that it did not have funds to pay for overtime which could be claimed by the interpreters, translators, stenotypers and other employés used by the commission if it worked after 6 P.M. today or any time tomorrow.

Adrian Pelt, assistant secretary general who holds the United Nations purse strings, announced to the commission, which had sent an urgent plea to Trygve Lie, secretary general, for permission to work tonight or tomorrow, that his funds were "so limited that it will be impossible to grant this request."

"Why," P. C. Chang of China wanted to know, "can't we request an addition to the budget for this vital work? Is money the whole thing? Is the commission going to be asked to raise that amount?"

"It's not up to the commission but the Assembly to raise the money," Pelt replied. "And the Assembly doesn't meet until September."

U.S.-Russ Phone Conference Is Failure

New York, Feb. 7 (AP)—Warren R. Austin, United States delegate, and Andrei A. Gromyko, Soviet representative, conferred by telephone today without reaching an agreement on a deadlock over arms reduction machinery, it was reported authoritatively.

Austin, it was said, called Gromyko and talked with him about five minutes. The United States delegate to the United Nations Security Council was reported to have inquired if there was any form of words acceptable to Gromyko on the disputed clause in a proposed arms-limitation resolution.

MARSHALL URGES ARMY TRAINING

J. HIGHPOWER

Must Back Up Foreign Policy with Real Power, Says New Secretary.

WASHINGTON, Feb. 7—(AP) In his first major policy declaration as secretary of state, Gen. George C. Marshall today called for universal military training to back up American foreign policy with real power.

He said there can be no disarmament until effective international security is worked out through the United Nations based on "solutions acceptable to the great powers of the tremendous issue" involved.

To Fight Red Propaganda

Furthermore, Marshall virtually declared a great counter-campaign of truth against Russian propaganda. He did not actually identify the propaganda as Russian, but other State Department leaders have been assailing Soviet propaganda.

Backing up the international broadcasting program of Assistant Secretary of State William Benton, Marshall said that somehow the United States has to build up a credit for truth and accuracy in the world and that truth has to be made to prevail against what he called the riot of propaganda.

Marshall, who took office Jan. 21, held a news conference in the State Department's largest conference room. At times he lapsed into military lingo as when he opened his discussion by explaining that he did not intend to answer questions about the European theater. The room, a product of 19th century overdecoration, had gold trimmings, marble panels, tan walls, and four bronze angels bearing lights, two of which flanked Marshall.

The conference was unprecedented in the memory of veteran State Department reporters in that Marshall talked about virtually every outstanding diplomatic topic in the world. Sometimes he spoke for direct quotation, sometimes for indirect attribution, and sometimes off the record.

He made clear that he intends to follow the foreign policy of former Secretary James F. Byrnes, and hit these high points of great issues he faces in his own career:

Urges Army Training

Universal training—Marshall said the United States will not have any real, positive military power to back up its foreign policy unless it has universal military training. He called the present system impractical and ineffective. President Truman has a commission studying the question and probably will send recommendations to Congress in April.

Disarmament—Marshall said it is difficult to see how "any real disarmament," or even any substantial reductions of armament can take place until peace treaty solutions acceptable to the great powers have been reached. Marshall sharply disagreed with the Russian view that atomic energy control can be taken up as a part of disarmament.

Moscow conference—Marshall revealed the Soviet government has said it can not admit more than 15 or 20 American correspondents for the conference although 73 have applied. He is asking the Soviets to increase the number and "we are also endeavoring to obtain broadcasting facilities for correspondents."

Poland—While emphasizing the United States intends to maintain its diplomatic mission in Warsaw although it disapproves the election which produced the present Polish government, Marshall announced that Ambassador Arthur Bliss Lane "will be returning in the near future" to report.

No Change On Argentina

Argentina—The tough insistence that Argentina rid itself of Nazi influence and refugees as stated by Byrnes a year ago remains in effect, Marshall announced.

Economic policy—Changes in the reciprocal trade program to be made by the administration rather than by Congress were suggested today by Senators Vandenberg (R-Mich.) and Millikin (R-Colo.). Marshall said their statement indicates a bipartisan attitude in economic as well as political foreign policy. He declared the modification they suggested will receive very careful consideration.

State Department—Marshall disclosed he had rejected the resignations of assistant secretaries, Benton, Spruille Braden and Willard Thorp and those offered by all other top officials. He knocked down reports of any drastic reorganization of the department. He made clear he wants no major personnel changes until after the Moscow conference.

Pacific Islands—The United States sees no reason to postpone creating a United Nations trusteeship under American administration. A postponement until after the Japanese peace settlements has been suggested by Russia, Britain and Australia. Marshall said Ambassador Austin will present the plan to the UN about Feb. 17.

China—Marshall reaffirmed the policy he developed as President Truman's special envoy. He said the withdrawal of Marines from China was automatic after it was decided to end mediation efforts.

Palestine—Marshall said he hopes the very delicate and critical discussion going on in London will result in a peaceful settlement. He indicated he does not believe the British are trying to arrange strong military measures there. He did not go into detail.

In discussing disarmament, Marshall said that "the goal we are all seeking is peace with a dependable basis for collective security. The United States government will work with other nations to attain this goal as rapidly as possible. That is the first essential, I think, on the road to disarmament. It will not be a short road or an easy one."

The international control of atomic energy with effective safeguards is of first importance. It is not a problem of disarmament in the conventional sense. Mankind can never feel secure so long as this great destructive force remains uncontrolled. That is why we are giving primary emphasis to solving the problems it presents.

Also essential to the establishment of real security are solutions acceptable to the great powers of the tremendous issues which the peace settlement poses. It is difficult to see how any real disarmament, or even any substantial reduction of armaments, can take place until such solutions have been found.

The United States government, I am sure, will avoid with care a repetition of the tragic consequences of unilateral disarmaments and the limitation of armament as was done in 1921. The problem cannot be solved on an emotional basis. This time it has to be on a practical basis.

Marshall Foreign-Policy Text

WASHINGTON, Feb. 7 (AP).—Following is the complete text of the foreign-policy statement by George C. Marshall, Secretary of State, at his news conference today:

GENERAL

It has been the President's and Mr. Byrnes's policy, as it will be mine, to make the influence of this country felt in international affairs by doing all that can be done to strengthen and perfect the United Nations as an instrument for the discussion of international problems and the maintenance of international peace. Along with this policy goes that of taking a full and active part in the working out of peace settlements which will form a lasting basis upon which the United Nations can perform its functions.

DISARMAMENT

The statement which Senator Austin made in the Security Council on Feb. 4 regarding the regulation of armaments represented, as he said, "a well settled, thoroughly considered opinion of the government of the United States."

The goal we are all seeking is peace with a dependable basis for collective security. The United States government will work with other nations to attain this goal as rapidly as possible. That is the first essential, I think, on the road to disarmament. It will not be a short road or an easy one.

MOSCOW

A. Membership of U. S. group. I will be accompained by approximately the same group which attended Secretary Byrnes in New York and in Paris. In other words, I am going to join a team, I might say, of veterans. It is expected that my deputy will be Mr. Robert Murphy and that General Clay may consult with the United States group at times.

B Participation of the Senators. You have already had a statement by Senator Vandenberg and Senator Connally as to their position. That was reached after a lengthy discussion with me on the same day it was issued. I thoroughly understand their position and have complete confidence in their support on the general basis of a bi-partisan foreign policy.

C. The press. The Soviet Embassy has now informed us officially that no more than fifteen to twenty American correspondents could be accommodated. We are asking the Soviet government to increase this figure. We are also endeavoring to obtain broadcasting facilities for correspondents, which you will recall has already been discussed with Mr. Molotov. Ambassador Smith has previously been pressing for admission of broadcasters.

Since there is a problem of selection from among the seventy-three correspondents who have applied to go to Moscow, it is obvious that the Department of State cannot itself undertake to select from among all those who have applied. Mr. McDermott will advise or consult any committee which the correspondents themselves, or their papers, may care to appoint to make this selection.

ARGENTINE POLICY

There has been no change in the policy announced by Secretary Byrnes on April 8, 1946, in his statement, which speaks for itself. There are no United States restricitions on trade with the Argentine except in respect to exportation of arms and implements of war. With regard to the status of the compliance issue, I refer you to the department's self-explanatory statement of Jan. 25.

REORGANIZATION

The most important thing that has been done was the amalgamation of the various coordinating and administrative bodies now directly serving the office of the Secretary into a single secretariat. This will be an expediting and co-ordinating organization, and in no way a policy making group. As the organization develops, the necessary revisions, regulations and procedures will be announced.

Carlisle H. Humelsine, director of the office of departmental administration, has been detailed to organize the secretariat.

Stanley T. Orear is named acting director of the office of departmental administration.

POLAND

The text of Secretary Marshall's remarks concerning Poland:

This government's position with respect to the recent elections in Poland was made clear in the statement issued by the Department of State on Jan. 28. As explained at that time, this government intends to continue to follow closely the situation in Poland, and, while maintaining its interest in the welfare of the Polish people, it will retain full liberty of action to determine its future attitude toward the government of Poland and will continue to keep itself informed of developments in Poland through its diplomatic mission in Warsaw.

In this connection it is expected that the Ambassador to Poland will be returning in the near future for consultation in order that the department may receive a first-hand account of recent developments.

GOP NEAR DECISION ON BUDGET SLASH

$5,500,000,000 Cut Sought to Permit Income Tax Reduction.

WASHINGTON, Feb. 7—(AP) Republican congressman working on fiscal problems were reported virtually agreed today on a $5,500,000,000 slash in President Truman's budget.

They hope to hold spending in the fiscal year starting July 1 to $32,000,000,000 and they anticipate revenue of $38,000,000,000. This, if realized, would permit an income tax cut of $3,500,000,000 and a payment on the national debt of a like amount.

Report Agreement Reached

A number of Republican members of the Senate-House Budget Committee, meeting in secret, were reported to have agreed tentatively on these estimates. The full committee is to report by Feb. 15.

Senator Taft (R-Ohio), a committee member, told a reporter he hopes the committee will not set a budget figure so low that it will have to be raised later. He said that while he would like to see expenditures pegged at $32,000,000,000, it might not be possible to do so.

Those mentioning the $32,000,000,000 figure proposed to reach it largely by eliminating more than 550,000 federal employes for a saving of $1,500,000,000 and trimming $2,000,000,000 off national defense and $1,000,000,000 off public works. Other smaller savings would be calculated to bring the total reductions to $5,500,000,000 below the President's $37,500,000,000 estimates.

Meanwhile the House Ways and Means Committee voted to hold closed hearings on the 20 percent income tax cut starting Feb. 19, bringing a cry of "steamroHer tactics" from Rep. Forand (D-RI), a committee member.

"It looks like the public is being denied an opportunity to be heard on the Knutson Bill," he commented. "This is steamroller tactics to put that bill through."

The measure by Chairman Knutson (R-Minn) proposes a 20 percent "across the board" cut in income taxes.

Moreover, Rep. Engel (R-Mich), leading a revolt in Republican ranks against the Knutson measure, declared "this is the height of unfairness." He is supporting legislation to give the most relief to small income taxpayers.

"The public has a right to testify, and the people—especially the small income people—should be permitted to come in and testify," he told newsmen.

Hearings Start Feb. 19

The committee voted 15 to 6 to begin consideration of the Knutson measure "and kindred bills" on Feb. 19 and to limit the hearings to executive sessions with government witnesses appearing. In the vote 14 Republicans were joined by one Democrat, to support the proposition while six Democrats voted no.

Knutson told reporters "the chances for my bill are good" and predicted tax legislation would be ready for a House vote early in March.

Senator Morse (R-Ore) served notice meanwhile that he will oppose any 20 percent across-the-board tax slash and will insist on a substantial payment on the national debt.

"Some Republicans who are talking of that kind of a devastating tax reduction do not speak for all of the Republicans in this Congress," he said in a Senate speech.

"I want to know what services they propose to dispense with. I want to know where the cuts are going to come.

"Now is no time to make a substantial cut in the defense program of this country."

Senators O'Mahoney (D-Wyo) and Langer (R-ND) complimented him on his speech.

G.O.P. COMPROMISE OFFERED TO SAVE TRADE PROGRAM

WASHINGTON, Feb. 7 — (AP) Two leading Republican senators—Vandenberg of Michigan and Milli-

kin of Colorado—proposed a compromise today in an effort to save the administration's reciprocal trade program from being riddled by Congress.

Under their plan, President Truman would take upon himself authority to overrule any tariff cuts that damage American industry.

Secretary of State Marshall, at a news conference, said he welcomed the suggestion and would examine it very carefully.

He said it indicated the development of a bi-partisan economic foreign policy paralleling the bi-partisan approach to international political affairs.

Confident on Compromise

Vandenberg, foreign relations chairman, and Millikin, chairman of the Republican conference (consisting of all Republican senators), indicated confidence that President Truman will agree to the compromise.

They acted to forestall a move by a number of their G.O.P. colleagues to change the trade program by legislation. Leading House Republicans have signified their intention to try to reclaim some of the broad authority given to the State Department.

Under existing law, the department can cut tariffs as much as 50 percent in return for concessions from other nations. Backers of the program fear that if it is ever thrown open to congressional amendments it may be so changed as to be unrecognizable.

In a formal statement, the two Republican senators said their proposal had been discussed with undersecretaries of state Dean Acheson and William Clayton.

They added they were "encouraged to hope that improvements by executive order along the lines suggested will be seriously considered by the President and the State Department."

Their Proposals

Specifically, the senators proposed:

1. That the Tariff Commission be directed to review all proposed concessions and make "direct recommendation to the President as to the point beyond which reductions and concessions cannot be made without injury to the domestic economy." The commission would hold public hearings on its own motion, at the request of Congress, the President or "any aggrieved party."

2. That every future trade agreement include an "escape clause" under which the President could withdraw or modify any tariff order "if in practice it develops that such reduction or concession has imperiled any affected domestic interest."

3. That procedures be tightened so that nations which do not give reciprocal benefits to the United States shall not share in American tariff cuts through unconditonal use of the "Most favored nation" clause. (Under this clause, concessions granted to one nation are extended to others also).

Noting that the reciprocal trade agreements act does not expire until June 12, 1948, Vandenberg and Millikin said if there are to be any "important basic changes in the system" they could be considered more appropriately by the next session of Congress.

To Fight Law Change

In effect, they thus served notice they will attempt to block any measure the house might approve to change the law. Even a small group of Republican senators, joining with a majority of the Democrats, could defeat any such bill.

The two senators, who in the past have been on opposite sides of the reciprocal trade fence, contended the President has "ample authority" under existing law to carry out their suggestions. Vandenberg has supported the reciprocal program in the past and Millikin has opposed it.

The recognized that many "fears" have been raised under present state department procedures. They said that, among other things, "our proper domestic concern in tariffs adequate to safeguard our domestic economy may be subordinated to extraneous and overvalued diplomatic objectives."

Meanwhile, Senator Butler (R-Neb) criticized the "most favored nation" clause of the reciprocal trade agreements.

Butler, who has demanded that the whole program be suspended said in a Senate speech:

"I am opposed to one-sided disarmament of our economic protection, just as I am opposed to one-sided disarmament on the military side."

Butler declared that he was not opposed "to any and all tariff reductions." he added:

"Reductions, judiciously applied to tariffs on non-competitive products, could undoubtledly serve a useful purpose in making bargains with other countries.

"But I am opposed to wiping out, almost at one blow, the system that has made America great."

Warren Demurs On Shipments

Washington, Feb. 7 (AP)—Comptroller General Lindsay Warren testified today that he will not approve a financial deal for shipping $25,000,000 of supplies to Russia unless Congress specifically authorizes.

Warren appeared before the Senate Aprpopriations Committee. Afterward, Chairman Bridges (R., N.H.) told reporters it appeared to him that a majority of the members are "hostile" to a State Department proposal to clear the way for shipment of supplies originally contracted for under lend-lease. Russia has put up cash for them.

Bridges said he asked the State Department for a legal ruling on the contract responsibility of the United States toward Russia and other foreign governments involved, as well as this Government's responsibility to the contractors who produced the equipment.

Stored Since V-J Day

Much of the equipment has been manufactured and stored since V-J day, when President Truman cut off lend-lease shipments. Under existing low, it was necessary to ship all materials—even those paid for by the foreign governments, as in the current case—by last December 31.

To insure delivery, the State Dement asked the foreign governments to pay for the shipping costs, but Warren said even this could not be done until Congress specifically approves the deal.

Russia Offered 90%

The committee made public transcriptions of testimony at a previous closed hearing, disclosing that Russia had agreed to pay 90 per cent of the cost of the $25,000,000 in supplies.

Senator Ferguson (R., Mich.) demanded to know whether any of the more than $9,000,000 in electrical equipment and machine tools consigned to Russia could be used "in making an atomic bomb."

Willard L. Thorp, Assistant Secretary of State, said he didn't know specifically. He reminded committee members that the War Department, which had charge of the wartime atomic-bomb project, had approved the contracts.

Moscow has met with silence all American requests to set a date for talks on how to settle for the $11,260,000,000 worth of mutual-aid shipments to Russia.

Bridges has contended that, even though the Kremlin has put up cash for the new supplies, the proposed deal by the State Department and Treasury would bypass last year's Lend-Lease Liquidation Act.

Goods Described

The goods involved, including $12,483,345 in oil-refinery equipment and $12,345,000 worth of machine tools, electrical equipment, production-control devices and mining machinery, was in storage or on order for Russia when lend-lease ended.

William L. Clayton, Under Secretary of State for Economic Affairs, advised the committee that Russia was required to put up cash because Congress provided that none of the $5,500,000 it appropriated last year to liquidate lend-lease could be spent for supply shipments after December 31, 1946.

Questioned Propriety

Clayton said Warren made no objection to the deal, but suggested that Senate and House Appropriations committees pass on "the propriety of the proposed course of action."

Bridges said a request for informal approval of the arrangement was laid before the committee yesterday by Chester T. Lane, lend-lease administrator.

Lend-Lease Ships And The Soviet

Washington, Feb. 7 (AP)—Chairman Weichel (R., Ohio) of a House Merchant Marine subcommittee called today for full disclosure—through subpoenaing Gen. George C. Marshall, Secretary of State, if necessary—of how Russia replied to futile efforts by the United States to get back 95 lend-lease ships.

Weichel said he will first ask Marshall for contents of the note in question, and if that fails, he intends to compel the appearance of Marshall by issuing a subpoena.

[Subpoena powers for the committee are pending before the House.]

Clayton Testifies

William L. Clayton, Under Secretary of State, testified today that under diplomatic customs he was not permitted to reveal its contents. He added, "I can tell the committee that the reply we received was unsatisfactory."

Clayton said that when the ships were turned over to Russia it was stipulated that those not destroyed in the war should be returned to the United States at the demand of the President upon termination of the emergency declared by him.

Last March 18, Clayton continued, the United States informed Russia that if she did not want to buy the ships, they should be returned within 60 days. The "unsatisfactory" note was the reply, he said.

Seeks Contents Of Note

He related that in 1942, when American flag vessels were barred from Japanese waters, the United States transferred some 125 merchant vessels to Russia "for the purpose of improving the flow of lend-lease war supplies to Russia via the Pacific." He said 26 have been returned and four were lost.

Weichel said as the hearing broke up:

"I will ask the Secretary of State to disclose before this committee, in open session, the contents of this 'unsatisfactory' note from Russia relating to the 95 ships.

"He cannot refuse to give to the Congress this information."

GREEN DECRIES APPEASEMENT

Illinois Governor Urges Keeping U. S. Strong.

Washington, Feb. 7 (A. P.).—Gov. Dwight H. Green of Illinois said last night that America's hope for peace lies in the "preservation of every military and economic resource of our national strength," including full development of atomic weapons.

He struck out at what he called "the futile policy of appeasement" of Russia, and asked: "Are we weaker today than in the darkest days of the war between the States, when Lincoln defied the mighty British Empire on the issue of its interference in behalf of the Confederacy?"

Green, who has been mentioned as a possible Republican national contender in 1948, gave the principal address at a Lincoln Day dinner sponsored by Republican members of Congress. Similar dinners will be held over the country through February 12, to raise funds for the next campaign.

There were two other addresses, by Speaker of the House Martin of Massachusetts and Mrs. Mabel S. Fraser, vice-chairman of the Indiana State Republican Committee.

Pledges Cut In Taxes.

Martin reaffirmed the party pledge to cut taxes, asserting: "Our tax burdens must not continue to grow unchecked, as they have the past several years. We must not let the Government, feeding on excessive taxes, continue to expand its powers and impose more and more controls upon us. No true American would give up free speech for a free lunch."

Martin also said that the Republicans intend to examine the "entire Federal Government to determine which functions can be dispensed with, and which ones can be administered better and cheaper by the States and private interests.

Mrs. Fraser said that there can be no misjudging the voters' sentiments in the last election.

"They called upon the party of Lincoln for a change," she said, "not just the unscrambling of countless errors, but . . . a drastic unmistakable change of Government attitude and Government spirit. They, to be sure, did not ask to go back to anything, but they demanded the right to march forward with more honesty, more self-respect and more individual freedom."

Relief Fund Diversions

Washington, Feb. 7 (AP)—UNRRA agreed today, at the insistence of the United States, to divert up to $35,000,000 of its remaining funds to meet urgent food needs of Austria, Poland and Greece in the next two months.

Maj. Gen. Lowell W. Rooks, director general, said that whether more than half this amount actually becomes available depends, however, upon settlement of a long-standing dispute among UNRRA, the United States and Great Britain over the terms of the sale of surplus military supplies in the Mediterranean area.

Mostly Wheat And Flour

The additional food, consisting mostly of American wheat and flour plus smaller amounts of meat, fats and beans, is to be bought and shipped before March 31 or soon thereafter to meet needs which Rooks termed "critical."

If the arrangement is carried out fully, Austria will get an additional share of about $20,000,000, Poland $11,000,000 and Greece $4,000,000. Rooks said UNRRA had determined these had the most urgent needs, followed by Yugoslavia, Italy and Hungary.

Italy, however, was granted credits by the United States last month calculated to tide it over until the United States and other countries with surplus food take over individually from UNRRA the relief task.

U.S. Urging Diversion

Under the new arrangement other countries, which Rooks declined to identify, will fail to receive some of the industrial and farm equipment earmarked for them.

The United States had been urging a diversion to supply more food since early December. The proposal was opposed then by representatives of Russia and some other countries. Rooks said there was some opposition to the plan as finally worked out with UNRRA's central committee.

EISLER GETS WRIT FOR COURT TEST

Self-Styled Communist Challenges Detention By U.S.

New York, Feb. 7 (AP)—Gerhardt Eisler, described before a congressional committee as the straw boss of Communist activities in the United States, obtained a Federal Court order today which will test the validity of his detention by the Immigration Service.

After hearing a plea by Eisler's attorney, Mrs. Carol King, that his recent arrest as an enemy alien on a presidential warrant violated the Constitution, Judge John Bright granted a writ of habeas corpus directing that Eisler be brought into court next Friday.

Mrs. King challenged the legality of her client's arrest, contending the warrant issued under a proclamation by the late President Roosevelt for control of enemy aliens was invalid, since "the war was declared terminated" last December 31 by President Truman.

Self-Styled Communist

The real purpose of the Attorney General's warrant, the attorney asserted, was not "the protection of the United States" but to insure Eisler's appearance yesterday before the House Committee Investigating Un-American Activities.

John F. X. McGohey, United States attorney, did not oppose issuance of the writ, although he asked that it be made returnable February 17 instead of next Friday. Mrs. King had requested that Eisler be produced immediately.

In his petition for the writ, the self-described German Communist said he was born in Leipzig, Germany, of Austrian parentage and had sought to go to Austria since last October.

"Active Anti-Nazi"

"No showing," the petition declared, "has been made that he adhered to any enemy government or the principles of government thereof, but on the contrary every effort has been made to establish that he has adhered to a friendly government and the principles thereof, to wit, the Union of Social-

30.24-7767

ist Soviet Republics, and has been a well-known and active anti-Nazi."

At the tumultuous House committee session in Washington yesterday, Eisler was described as a representative of the Communist International and Russian secret police who cracked the whip over leaders in the Communist party in the United States.

Called Terrorist By Sister

His sister, Mrs. Ruth Fischer, a Communist who had split with her brother, called him a terrorist and instigator of political murders.

After Eisler had declined to testify, the committee recommended that he be tried on charges of conspiring to overthrow the United States Government, perjury, passport falsification, income-tax evasion and contempt of Congress.

Representative Karl E. Mundt, of South Dakota, said he believed Eisler was linked to members of a Soviet spy ring in Canada.

McGohey announced after the Federal Court hearing that immigration officials had moved Eisler from Ellis Island to the Federal House of Detention in Manhattan because he was a "disturbing element."

Russell (D-Ga) joined the other committeemen.

McKellar resumed questioning L. B. Bolt, Jr., a former TVA attorney who was discharged last year. Bolt had opened his testimony in a morning session by describing Lilienthal as "a wirepuller and manipulator behind the scenes" who had begun to "sing a hymn of hate against the private power companies" when he first joined TVA in 1933. Lilienthal later became TVA chairman and was vigorously opposed by McKellar throughout his tenure.

Bolt testified that John M. Frantz, a member of TVA's legal department, was "an avowed Communist" who once told him he could think of "no more glorious death than leading some workers' revolution."

Didn't Report Conversation

McMahon asked him if he had ever reported the conversation to TVA authorities, or to the Dies Committee when it made an investigation of Communism in TVA. Bolt said he had not.

He said three other members of the TVA legal staff, while not admitted Communists, "set themselves up as consultants to the avowed

M'Keller, M'Mahon in Tilt At Hearing on Lilienthal

WASHINGTON, Feb. 7—(AP) Senator K. D. McKellar (D-Tenn) demanded today that senators turn out in greater strength to hear his witnesses oppose confirmation of David E. Lilienthal as chairman of the Atomic Energy Commission.

Only two members of the Senate Atomic Energy Committee—Chairman Hickenlooper (R-Iowa) and Senator McMahon (D-Conn)—were on hand for the scheduled opening of an afternoon hearing.

"The full committee was present when witnesses for the nominee were heard, and I would like to have them present to hear my witnesses," the 78-year-old Tennesseean told Hickenlooper, adding that he was "sure" that McMahon already had made up his mind in favor of Lilienthal.

M'Mahon Admits It

McMahon said he wouldn't deny that, and that McKellar would have to present evidence "of far more probative value" than anything thus far put in, to change his mind about Lilienthal's fitness for the position.

The hearing finally got under way, more than an hour late, when Senators Edwin C. Johnson (D-Colo), Knowland (R-Calif) and

Communists" and held frequent conferences with them. He named them as Joseph C. Swindler, now TVA general counsel; Herbert S. Marks, now general counsel for the Atomic Energy Commission, and Melvin Siegel.

All, he declared, were close friends of Lilienthal, on a first-name basis.

"On one occasion," he testified, "I heard Marks tell somebody that 'if you don't do as I say, I'll tell Dave and he'll tell Felix and Felix will tell Sam and Sam will tell the skipper.'"

He identified "Dave" as Lilienthal; Felix as Associate Supreme Court Justice Felix Frankfurter; "Sam" as Judge Samuel Rosenman, presidential advisor; and "the skipper" as the late President Roosevelt.

HIGGINS PROBE FINDS NO BASIS FOR CHARGES

Federal Investigation Of Wartime Boat Builder Is Wound Up

New Orleans, Feb. 7 (AP)—A Federal investigation into the war contracts of Andrew J. Higgins, who built more than 20,000 small boats for the United States armed forces, was ended today and the United States attorney said the grand jury had "concluded there is no basis for criminal prosecution."

United States Attorney Herbert W. Christenberry announced that the Federal Grand Jury for the Eastern District of Louisiana, which has been hearing evidence since last May on Higgins's wartime activities, had completed its investigation.

Judge Wayne G. Borah dismissed the grand jury.

Informed of Christenberry's statement, the New Orleans industrialist declared:

"The fact that the grand jury has found no basis for criminal prosecution in its investigation of Higgins Industries, Inc., was not a surprise. The result is most pleasing.

Special Attorney Sworn In

No specific announcement had ever been made that the grand jury was investigating Higgins. Last August, however, J. Frank Cunningham, of the Department of Justice War Frauds Division, was sworn in here as a special United States attorney to aid in the probe.

Cunningham's oath of office was filed in Federal Court, with a letter of appointment from Tom C. Clark, United States Attorney General. The letter named Higgins, three of his companies, and three of the companies' officers.

It stated that the Department of Justice had been "informed" of violations consisting of "causing to be made and presented for payment or approval, false claims against the Government of the United States."

Documents Called "Routine"

The following day the Department of Justice issued a statement in Washington saying the documents filed here were "routine," and Cunningham's appointment was "not to be construed as a charge of criminal misconduct."

No charges have ever been filed in the proceedings, against Higgins, his corporations, or his associates.

Higgins, big, beetle-browed, 60-year-old native of Columbus, Neb., with a reputation for forthright speech and action, has been building boats here for more than twenty years.

His factories, which turned out work and pleasure craft, were modified and expanded during the war to manufacture landing craft, patrol, and PT boats, as well as rocket ships and small cargo vessels.

TRUMAN BOOM BY HANNEGAN IS ATTACKED

Senator Bridges Calls Postal Workers Subject To Hatch Act

Washington, Feb. 7 (AP)—Senator Bridges (R., N.H.) protested today against Robert E. Hannegan launching a 1948 Truman renomination campaign before a group of Federal employés.

Meanwhile, Hannegan reported that while President Truman had not known of the speech in advance, he had not rebuked him for it.

Hannegan, the Democratic national chairman and Postmaster General, after a Cabinet meeting, in which the second term was discussed, said he was "just expressing my own views" in his address last night before New York postal supervisors.

Workers Subject To Hatch Act

Bridges told the Senate:

"The Truman-Hannegan boom for 1948 is being started with a group of postal civil service employés who are subject to the Hatch Act and who should not, by law, participate in politics.

"With a (Post Office) deficit of over $350,000,000 in the current year, it looks to me as if, instead of Hannegan booming Truman for the job, Truman had better be searching around the country to find a more competent Postmaster General."

The Hatch Act prohibits political activity by Federal employés, but officers of the Democratic National Committee, commenting on the Bridges remarks, said there was nothing in the Act barring Government workers from attending or listening to a political speech.

Not Rebuked By Truman

Some of those attending today's Cabinet meeting said the Hannegan speech came up and that James V. Forrestal, Secretary of the Navy, and Tom C. Clark, Attorney General, congratulated the Postmaster General on it.

When asked whether the President also offered his congratulations, Hannegan said Mr. Truman made no mention of the speech.

"Did he rebuke you?" he was asked.

"No sir!" was the reply.

Forrestal said he thought Hannegan made a "good speech."

Cabinet Members Smile

Most of the Cabinet members left the meeting smiling. When asked whether they "talked about '48," Robert P. Patterson, Secretary of War, good-naturedly replied:

"Yes, and about '52. It was long-range planning."

President Truman, who has brushed aside queries about his second-term intentions with "No comment" at recent news conferences, will get another chance to affirm, deny or parry at his meeting with the press next week. This week's interview was passed up because, the White House explained, of the dearth of news. That was before Hannegan spoke.

The Hannegan address, in which he said "We are ready to call upon our President again" until the task of "leading us to peace and plenty" is accomplished, occasioned little surprise among congressional Democratic leaders.

Not New To Democrats

Representative Rayburn, of Texas, House minority leader, commented he had "already said 100 times" that Mr. Truman would be the Democratic nominee next year. Representative Sabath (D., Ill.) said Mr. Truman is "making good notwithstanding the activities of the reactionary Democrats and the solid Republican gang that started after him."

GEMS AND $28,000 DUG UP IN VIRGINIA

Story Of Hesse Crown Jewels Recovery Told At Alexandria

Washington, Feb. 7 (AP)—Two quarts of diamonds and a third quart jar containing $28,000 cash were dug up beside a Virginia highway in the recovery of the $1,500,000 Hesse crown jewels, the Army disclosed today.

The story was told in Federal Court at near-by Alexandria, Va., where two civilians challenged the Army's right to subpoena them as witnesses for the court-martial of Col. Jack W. Durant, one of the chief defendants in the theft case.

The civilians are James E. Durant, of Falls Church, Va., brother of the colonel, and Mrs. Martha Orwig Evans, of Arlington, Va., a former United Nations secretary in London.

Moves To Quash Subpoenas

Major Joseph S. Robinson, of the judge advocate general's department, the chief prosecutor, told the court both are wanted to testify at Durant's trial because of statements they signed in connection with the case.

Robinson said that James Durant's statement dealt with the cache of diamonds and cash found buried in the quart jars beside the Leesburg pike near Falls Church. Mrs. Evans's statement, the prosecutor added, concerned her acquaintance with Colonel Durant.

Frank J. Bell, Sr., attorney for James Durant and Mrs. Evans, moved to quash the subpoenas. He contended a military court cannot subpoena civilians. He also argued that the court-martial is without authority after leaving the jurisdiction of the European commander who convened it at Frankfurt, Germany, in December.

Judge Reserves Decision

Federal Judge Robert N. Pollard reserved a decision until next week, when he will be sitting in Richmond.

Whatever his ruling, however, Robinson said the Army will proceed with the court-martial Monday at the Pentagon Building. Trial officials and the jewels themselves already have arrived here by plane and Colonel Durant left Frankfurt today by plane and is due here tomorrow.

The trial was shifted here to take the testimony of James Durant, Mrs. Evans and a number of other civilian witnesses. After hearings at the Pentagon here it may be moved to Chicago for further testimony, and then will return to Frankfurt where the verdict will be returned.

Officials said the proceedings here may last three weeks.

SENATE GETS NEW RENT BILL

Extension Of Control For Year Is Proposed

Washington, Feb. 7 (AP)—Senators Wagner (D., N.Y.) and Murray (D., Mont.) introduced a bill today to continue rent controls another year with no general increase.

They acted as the Senate Banking Committee concluded eight days of rent-control hearings with testimony from Ivan D. Carson, deputy OPA commissioner, that landlords' net operating income in 1946 was 21 per cent above 1939 for apartments and 39 per cent higher for small homes despite increased costs.

Subcommittee To Act

A subcommittee headed by Senator Buck (R., Del.) will set to work at once on legislation to replace the present controls expiring June 30. Buck said he did not expect the recommendations to be ready for "a couple of weeks."

Wagner and Murray declared that any general rent increase would "tend to increase industrial strife" by prompting new wage demands. They also said that "owners of rental property have enjoyed greater returns under rent control than they did before the wartime emergency."

Carson particularly assailed a proposal by Senator McCarthy (R., Wis.), a committee member, to eliminate OPA control over evictions. Carson protested this would make "millions of families" subject to eviction within a month and would be "tantamount to ending effective rent control."

Answers Advisory Group

Carson also delivered OPA's first answer to its own rent advisory committee, made up of a score of property - owner representatives, which suggested last fall that a fifteen per cent increase be granted to landlords who give a year's lease in exchange. The rent director said this would mean no ceilings at all as soon as a lease expired or a leased house was vacated, and would make the administration of rent control virtually impossible.

Officials of consumers and veterans' organizations told the committee that a flat increase in ceilings would bring a "wave of evictions" and, possibly, new wage demands from labor.

But the opposite view was presented by a builders association spokesman as the committee held its final hearing on rent-control extension.

Cites Effect On Market

"The cold fact is that OPA rent control has driven properties off the market by the tens of thousands," said Edward R. Carr, of Washington, housing chairman for the builders association.

"Everything about rent control has worked to eliminate the supply of rental housing. The landlord derives an attractive price from selling instead of being stuck with a poor investment. Only the tenant loses."

Retain Rubber Control, Plea Of Truman

1947

Washington, Feb. 7 (AP)—President Truman today renewed his plea to Congress for authority to continue rubber controls in order to assure synthetic production sufficient to meet any emergency.

The President declared in a message to Congress that natural-rubber production would increase by late 1947 or early 1948 to the point "where it will be possible to satisfy world needs largely from natural rubber."

Meanwhile, he said, "it is imperative that the Congress extend authority to continue controls over rubber under the Second War Powers Act, as I requested in my previous message."

Urges National Policy

He asked Congress to adopt a resolution also making it a national policy "to maintain a synthetic rubber industry in the United States adequate to the minimum needs of national security."

"With an adequate world supply of natural rubber, and a free choice of materials by industry, the use of synthetic rubber in the United States might fall substantially below the permanent production goals considered to be minimum for the needs of national security," the message said.

"This would be even more likely if at some time in 1948 the world supply of natural rubber should begin to exceed the total world demand for all rubber."

Fulton Lewis Socked in Dispute With Elliott Roosevelts, Friend

NEW YORK, Feb. 7 (AP)—Elliott Roosevelt, in a broadcast terminating in fisticuffs and apologies between radio commentator Fulton Lewis, Jr., and a friend of the late president's son, said tonight the possibility he would support President Truman for reelection "depends on the position of Truman in '48 and on the policies and positions of the Republicans" next year.

Lewis said he was struck on the jaw by "a friend of Elliott Roosevelt" after the radio commentator, Elliott and Elliott's wife exchanged words at the broadcast's conclusion.

The commentator said the blow was struck by Dick Harrity, of the publishing house of Duell, Sloan and Pearce, publishers of Roosevelt's new book about his father.

Elliott Roosevelt, he added, had accused him of insulting his wife, former movie actress Faye Emerson.

Later, apologies were exchanged, Lewis said.

Interviewed by newsmen on Mutual network "Meet the Press" program, the son of the late president expressed a liking for statements made by Republican Harold E. Stassen, avowed candidate for the Republican presidential nomination.

"There are many public statements of one of the GOP candidates that I like," Roosevelt said, "but I think it would be very unfair to that gentleman to ask me to come out and say I like him. I don't want to hurt his chances."

One of the interviewers then asked whether the one G.O.P. candidate was Stassen and Roosevelt replied "that's a pretty good guess."

Asked by a newsman whether America had violated pledges to China, Roosevelt replied, "early in the war we broke many pledges to China."

At that point he was asked by Lewis:

"Well, Mr. Roosevelt who was head of the United States government at that time and during the war?"

"I can tell you," Elliott answered, "that Franklin D. Roosevelt made many mistakes. But we did win the war and I think he did a really good job."

The Lewis-Harrity incident occurred shortly after the broadcast interview.

Harrity and Roosevelt left after the incident and could not be reached immediately for comment.

The commentator said that following Harrity's blow the audience leaving the studio stepped in and separated them.

Lewis said Roosevelt later apologized to him and that he in turn apologized.

Lewis said the altercation started after Roosevelt questioned him concerning a broadcast Lewis made in 1945 in connection with the Texas state radio network, of which Roosevelt was then a stockholder.

The commentator said Mrs. Roosevelt then entered the discussion and that he (Lewis) told her, "you weren't in the picture at that time. You weren't too close to Elliott at that time."

Roosevelt then asked, Lewis said, "are you insinuating that my wife is a liar?"

Lewis said that at that point, Harrity, who had come to the broadcast as a guest of the Roosevelts, stepped in and hit him. Lewis said a few moments later apologies were exchanged.

LONDON, FEB. 7-(AP)-LT.GEN.SIR FREDERICK MORGAN, FORMER HEAD OF UNRRA IN EUROPE, URGED TODAY THAT ALL THE 250,000 DISPLACED PERSONS IN THE BRITISH ZONE OF GERMANY BE BROUGHT TO BRITAIN IMMEDIATELY TO SAVE THEM FROM GOING "BACK BEHIND THE IRON CURTAIN."

MORGAN LOST HIS UNRRA JOB AND WAS RETIRED BY THE BRITISH AFTER HE MADE SEVERAL CONTROVERSIAL STATEMENTS ABOUT "SOVIET AGENTS" AMONG THE DPS AND AN ORGANIZED "JEWISH EXODUS" FROM EUROPE.

HE SPOKE TODAY BEFORE A LUNCHEON AUDIENCE OF GOVERNMENT OFFICIALS, PEERS, FOREIGN AMBASSADORS AND PUBLICISTS.

"I APPLY MY REMARKS," MORGAN SAID, "PARTICULARLY TO JEWISH DPS. IT IS INCONCEIVABLE THAT THEY SHOULD BE EXPECTED TO STAY ON THE SCENE OF THEIR DECIMATION AMONG THE PEOPLE WHO HAVE BUTCHERED THE NEAREST AND DEAREST."

MORGAN TOLD THE MEETING, SPONSORED BY THE MAGAZINE NEWS REVIEW, THAT DISPLACED PERSONS SHOULD NOT BE FORCED TO "TAKE THEIR MEDICINE."

"WE KNOW FROM THE EXPERIENCE OF MANY OF OUR OWN PEOPLE WHAT THAT WOULD MEAN," HE SAID. "WE KNOW THE PENALTY THAT ATTACHES TO THE OFFENSE OF BEING CAUGHT OUT OF BOUNDS WITHOUT PROPER AUTHORITY FOR THOSE DEEMED CITIZENS OF THE SOVIET UNION."

HE SAID THAT "FOR MANY OF THE DPS--BALTS, UKRAINIANS, YUGOSLAVS AND POLES--THERE IS THE SHADOW OF THE IRON CURTAIN."

"AND BELIEVE ME," HE ADDED, "IT IS INDEED A SUBSTANTIAL PHENOMENON THAT CAN AND DOES THROW THE SHADOW OF THE PIT UPON THESE HOMELESS SOULS."

MORGAN SUGGESTED THAT THE PROBLEM OF DISPLACED PERSONS PRESENTED A "VERY REAL DANGER" TO THE SECURITY OF EUROPE.

"UNSCRUPULOUS PARTIES MAY SEEK TO EXPLOIT THE DISPLACED PERSONS FOR NATIONALISTIC PURPOSES," HE SAID, "FOR THESE PEOPLE CONSTITUTE EXPATRIATED MINORITIES AND WE HAVE BEEN RECENTLY REMINDED OF HOW SUCH BODIES CAN BE USED BY THOSE WHO SEE ADVANTAGE IN SO DOING. ON THIS SCORE ALONE IT BEHOOVES US TO DEAL QUICKLY FOR THIS PROBLEM."

LONDON, FEB.7-(AP)-ARGENTINE AND BRITISH OBSERVERS SAID TODAY THAT UNITED STATES MISGIVINGS ABOUT ANY POSSIBLE VIOLATION OF THE AMERICAN LOAN CONDITIONS BY THE ANGLO ARGENTINE FINANCIAL AGREEMENT MAY BE DISPELLED BY THE OUTRIGHT PURCHASE OF BRITISH RAILWAYS IN

THEY POINTED OUT THAT THE PURCHASE, WHICH THE ARGENTINE GOVERNMENT WISHES TO BE CONSUMMATED BY MARCH 15, WOULD PRACTICALLY WIPE OUT ALL THE SPECIFIC OBLIGATIONS WHICH THE BRITISH HAVE ASSUMED TO BE FULFILLED BY THE LOAN AGREEMENT.

30.24-7769

A CLAUSE OF THE ANGLO-ARGENTINE FINANCIAL AGREEMENT OF SEPT. 17, 1946, SAID THAT, IF IN ANY YEAR ARGENTINA HAD AN UNFAVORABLE TRADE BALANCE WITH BRITAIN SHE COULD PAY THE DEFICIT WITH HER BLOC FUNDS. THE UNITED STATES TREASURY OBJECTED THAT SUCH A CLAUSE VIOLATED THE LOAN CONDITIONS WHICH SAID BLOCKED STERLING ACCOUNTS WOULD BE FREELY DISPOSABLE IN ANY CURRENCY.

ARGENTINE SOURCES SAID TODAY THAT IT WAS SAFE TO ASSUME--AS CHANCELLOR HUGH DALTON OF THE BRITISH EXCHEQUER SAID IN A LETTER TO THE UNITED STATES TREASURY SECRETARY--THAT ARGENTINA WOULD CONTINUE TO HAVE FAVORABLE TRADE BALANCES WITH BRITAIN.

BUT, THEY SAID, THE PURCHASE OF THE RAILWAYS WOULD MEAN THE OUTRIGHT DISPOSAL OF BETWEEN $120 AND $140 MILLION, WHICH WAS APPROXIMATELY THE ESTIMATED FIGURE FOR ARGENTINE FROZEN CREDITS, BUILT UP DURING THE WAR YEARS THROUGH EXPORTS TO BRITAIN.

THE ANGLO-ARGENTINE FINANCIAL ACCORD, THEY ADDED, CLEARLY STIPULATED THAT ARGENTINA WOULD BE ENTITLED TO CONVERT INTO ANY CURRENCY HER FUTURE SUPPLIES OF STERLING PRODUCED BY CURRENT TRANSACTIONS.

WHILE THE ARGENTINE EMBASSY, THE COMMITTEE OF BRITISH RAILWAYS IN ARGENTINA AND THE BRITISH GOVERNMENT SOURCES SAID THAT NO DEFINITE AGREEMENT COULD BE MADE ON THE BUENOS AIRES RAIL NEGOTIATIONS, THE FINANCIAL TIMES INSISTED TODAY THAT THEY WERE PRACTICALLY CONCLUDED AND THE FIGURE MOST FREQUENTLY MENTIONED FOR THE PURCHASE WAS $124,000,000.

THAT FIGURE, THE PAPER SAID, DID NOT INCLUDE ANCILLARY PROPERTIES OF THE RAILWAYS IN ARGENTINA, WHICH WERE THE SUBJECT OF A SEPARATE DEAL.

BELIEF THAT THE NEGOTIATIONS WOULD BE SUCCESSFUL AND THAT THE PRICE PAID BY THE ARGENTINE GOVERNMENT WOULD PROVE "REASONABLE" EVOKED A NEW RISE OF ARGENTINA RAILWAY STOCKS IN THE LONDON EXCHANGE.

"IT WOULD PREVENT UNEMPLOYMENT AND A DEPRESSION IN AMERICA AND WOULD MAKE FOR UNDERSTANDING BETWEEN THE TWO COUNTRIES."

PARIS, FEB.7-(AP)-THE FRENCH CABINET HAS REACHED AGREEMENT ON A PLAN FOR STRICTER GOVERNMENT CONTROL OF THE MERCHANT MARINE, FINANCE MINISTER ROBERT SCHUMAN SAID TODAY.

HE TOLD REPORTERS, AFTER A SPECIAL MEETING OF PART OF THE CABINET, THAT THE PLAN ENVISAGED "A NEW TYPE" OF CONTROL, BUT IMPLIED THAT IT DID NOT CALL FOR FULL NATIONALIZATION OF FRANCE'S FOUR MAJOR COMPANIES.

THESE ARE THE TRANSATLANTIC LINE, "COMPAGNIE GENERALE TRANS-ATLANTIQUE," THE FAR EASTERN LINE KNOWN AS "MESSAGERIES MARITIMES," THE "COMPAGNIE PAQUET" AND "CHARGEURS REUNIS."

HE SAID A SPECIAL COMMITTEE OF DIRECTORS WOULD BE SET UP TO CONTROL THE LINES, WHICH FOR YEARS HAVE BEEN PARTIALLY SUBSIDIZED BY THE GOVERNMENT. HE WAS NOT EXPLICIT ON HOW THE COMMITTEE WOULD FUNCTION.

SCHUMAN HAD THREATENED TO RESIGN EARLY IN THE WEEK IF THE CABINET APPROVED FULL-SCALE NATIONALIZATION, WHICH HAD BEEN ASKED BY THE COMMUNISTS AND SOME SOCIALISTS.

PARIS,FEB.7-(AP)-OFFICIALS OF THE AMERICAN JOINT DISTRIBUTION COMMITTEE SAID TODAY EMIGRATION OFFERED THE ONLY REAL HOPE FOR THE APPROXIMATELY 250,000 DISPLACED JEWS IN GERMANY, AUSTRIA AND ITALY.

DIRECTORS OF THE COMMITTEE, MEETING TO PLAN A $122,000,000 RELIEF AND REHABILITATION PROGRAM FOR 17 EUROPEAN COUNTRIES DURING 1947, GAVE THIS VIEW OF THE SITUATION AT A NEWS CONFERENCE:

GERMANY--186,000 DISPLACED JEWS, MOSTLY IN THE AMERICAN ZONE. THESE JEWS CONSIDER GERMANY IS STILL HOSTILE TO THEM, AND 95 PERCENT WANT TO LEAVE, MOST OF THEM FOR PALESTINE.

AUSTRIA--30,000 DISPLACED JEWS, PRACTICALLY ALL OF WHOM HOPE TO GET OUT BEFORE THE AMERICAN OCCUPATION ARMY IS WITHDRAWN.

ITALY 42,500 JEWS, WHO FIND ITALIANS FRIENDLY AND SYMPATHETIC BUT UNABLE TO OFFER THEM JOBS BECAUSE ITALY NOW HAS 2,000,000 UNEMPLOYED.

LEO SCHWARZ OF NEW YORK, THE COMMITTEE'S REGIONAL DIRECTOR FOR THE AMERICAN OCCUPATION ZONE OF GERMANY, SAID THAT "JEWS CANNOT LIVE IN GERMANY IN FULL SYMPATHY WITH THOSE WHO SLAUGHTERED THEIR RELATIVES." HE ADDED THAT, "TO MANY OF THEM, PALESTINE AND THE HOPE OF GETTING THERE IS THEIR LIFE."

"THE GERMANS BY AND LARGE ARE STILL ANTI-SEMITIC," SCHWARZ ASSERTED "ALTHOUGH FOR TWO REASONS THEY DO NOT OFTEN SHOW IT OPENLY. ONE REASON IS THE FACT THEY LOST THE WAR AND THEIR POWER. THE OTHER REASON--AT LEAST IN THE AMERICAN ZONE--IS THE PRESENCE OF THE AMERICAN ARMY."

JOSEPH SILBER, COMMITTEE DIRECTOR FOR AUSTRIA, SAID AMERICAN MILITARY AUTHORITIES IN BOTH GERMANY AND AUSTRIA HAD BEEN "EXTRAORDINARILY SYMPATHETIC" TO DISPLACED JEWS.

JACOB TROBE OF EAST ORANGE,N.J., NATIONAL DIRECTOR FOR ITALY, SAID THAT COUNTRY WAS PRACTICALLY FREE OF ANTI-SEMITISM.

MOSCOW, FEB 7-(AP)-IZVESTIA, SOVIET GOVERNMENT NEWSPAPER, SAID TODAY THAT UNITED STATES "MILITARY MEASURES" IN THE ARCTIC WERE "IN CONTRADICTION TO THE INTERESTS OF PEACE."

"THE REACTIONARY CIRCLES OF THE U.S.A., UNDERSTANDING THIS FULL WELL," ADDED THE COMMENTARY, "TRY IN EVERY WAY TO CAMOUFLAGE THESE AMBITIONS BEFORE THE BROAD MASSES."

IZVESTIA SAID THAT THE U.S. HAD TAKEN STEPS TO STRENGTHEN BASES IN ICELAND AND GREENLAND, SENT THE CARRIER MIDWAY AND SUBMARINES TO THE ARCTIC AND DISPATCHED BOMBERS TO FLY OVER ARCTIC REGIONS.

SUCH MEASURES, IT DECLARED, BROUGHT "DISAPPROVAL ON THE PART OF THE PRESS, NOT ONLY OUTSIDE THE UNITED STATES BUT IN THE COUNTRY TOO. THE WARNINGS OF SUCH LEADERS AS WALLACE, PEPPER, ICKES AND OTHERS ALSO ARE WELL KNOWN."

"ACTIVITY OF THE WAR DEPARTMENT IN THE ARCTIC HAS GREATLY INCREASED LATELY," HOWEVER, THE PAPER CONCLUDED. "THE AIMS OF ITS MEASURES ARE IN DIRECT CONNECTION WITH THE DESIRE OF IMPERIALISTIC CIRCLES IN THE UNITED STATES TO GAIN A DOMINATING POSITION IN THE NORTH ATLANTIC, PENETRATE POSSIBLY DEEPER INTO THE CANADIAN ARCTIC AND BECOME SECURE THERE."

IZVESTIA REFERRED TO "ALARM IN DEMOCRATIC CIRCLES OF CANADA" AT U.S. ACTIVITY AND SPECULATED ON CANADIAN AUTHORITIES' REACTION. IT CITED A UNITED STATES NEWS ARTICLE ASSERTING, IT SAID, THAT THE U.S. AND CANADA WERE PLANNING "CLOSEST COOPERATION" IN THE ARCTIC.

THE PAPER SAID THE DANISH NEWSPAPER EXTRABLADET RECENTLY HAD PUBLISHED A DOCUMENT "WHICH GAVE EVIDENCE THAT THE WAR DEPARTMENT THIS YEAR WAS INCLINED TO ACCOMPLISH ADDITIONAL MEASURES FOR IMPROVING

AND EXPANDING BASES" IN ICELAND AND GREENLAND.

EXTRABLADET'S ARTICLE, CZVESTIA SAID, DISCOUNTED REPORTS THAT THE U.S. WAS SYMPATHETIC TO A DANISH DEMAND FOR LIQUIDATION OF A 1941 AGREEMENT GIVING THE U.S. A PROTECTORATE OVER GREENLAND AND REPORTS THAT THE U.S. WAS "INCLINED TO CONSIDER THE DEMANDS OF ICELAND'S PEOPLE FOR WITHDRAWAL OF AMERICAN TROOPS FROM ICELAND."

Buenos Aires, Feb. 7-(ap)-A foreign office spokesman said today ~~that~~ major now believed elias belmonte, former bolivian army ~~officer~~ enroute from europe, where he spent six years ~~in close touch with nazi leaders~~, would be refused permission to enter argentina.

1947.

Belmonte is believed to be a passenger on the spanish liner monte albertia, expec ted here feb. 17.

a letter attributed to belmonte was intercepted by allied intelligence early in the war and led the bolivian foreign office to request the withdraw al of the german minister from la paz. An official statement at the time sa id the letter disclosed a plot to overthrow the bolivian government was being hatched in berlin.

The argentine spokesman said argentina's action was taken in compliance with her obligations u nder the chapultepec charter, signed in mexico city and pledging the american nations ~~who were~~ signatories to eliminate nazi influences within their borders. The bolivian government

NEW YORK,FEB.7-(AP)-A SIX-NATION COMMITTEE OF THE UNITED NATIONS SECURITY COUNCIL WAS REPORTED LATE TODAY TO HAVE GIVEN UP ITS THREE-DAY ATTEMPT TO RECONCILE UNITED STATES AND SOVIET VIEWS ON ARMS REDUCTION MACHINERY.

EARLIER U.S. DELEGATE WARREN R.AUSTIN AND SOVIET DELEGATE ANDREI A.GROMYKO HAD CONFERRED BRIEFLY ON THE TELEPHONE IN A LAST-MINUTE TO SETTLE THEIR DIFFERENCES, BUT WERE SAID TO HAVE FAILED.

AUSTIN XXX SECOND GRAF FIRST LEAD.

AS THE SITUATION STOOD THIS MORNING, THE BEST CHANCE FOR AN AGREEMENT SEEMED TO REST ON A COLOMBIAN COMPROMISE PROPOSAL, WHICH STATED THAT THE GENERAL ARMS COMMISSION MUST NOT INFRINGE ON THE WORK OF THE ATOMIC COMMISSION, BUT DID NOT GO INTO DETAIL ON THIS POINT AS MUCH AS AN EARLIER U.S. PROPOSAL.

NEITHER AUSTIN NOR GROMYKO ACCEPTED THE COLOMBIAN DRAFT IMMEDIATELY, BUT NEITHER REJECTED IT. GROMYKO SAID IT WAS AN IMPROVEMENT ON OTHER PROPOSALS AND AUSTIN AGREED TO CONSIDER IT OVERNIGHT AND DISCUSS IT WITH GROMYKO IF HE APPEARED WILLING TO ACCEPT THE PRINCIPLE INVOLVED.

POINTS AGREED ON BY THE COMMITTEE SO FAR WERE:

1. THAT THE SECURITY COUNCIL SHOULD TAKE PRACTICAL MEASURES TO IMPLEMENT THE DEC. 14 RESOLUTION OF THE GENERAL ASSEMBLY CALLING FOR THE REDUCTION AND REGULATION OF ARMAMENTS AND ARMED FORCES.

2. THAT THE COUNCIL SHOULD CONSIDER AS SOON AS POSSIBLE THE ATOMIC CONTROL PLAN RECOMMENDED BY THE ATOMIC COMMISSION DEC. 31 AND TAKE STEPS TO FACILITATE THE WORK OF THE COMMISSION.

3. THAT THE MILITARY STAFF COMMITTEE BE ASKED TO REPORT AS SOON AS POSSIBLE ON RECOMMENDATIONS FOR THE CREATION OF AN INTERNATIONAL POLICE FORCE.

THERE ALSO WAS AGREEMENT THAT AN 11-NATION COMMISSION SHOULD BE CREATED TO TAKE UP THE QUESTION OF A GENERAL ARMS REDUCTION, BUT THIS PROVISION WAS INCLUDED IN THE CONTROVERSIAL SECTION ON WHICH THE DELEGATES WERE DEADLOCKED.

INFORMED QUARTERS SAID THE WHOLE PROBLEM PROBABLY WOULD BE REFERRED BACK TO THE SECURITY COUNCIL AFTER TODAY'S MEETING REGARDLESS OF THE OUTCOME. IN THE EVENT THE COMMITTEE FAILED TO REACH AN AGREEMENT, THE CONTROVERSY THEN WOULD BE FOUGHT OUT AT THE COUNCIL TABLE.

(330) MARSHALL-MOSCOW CONFERENCE

WASHINGTON, FEB.7-(AP)-SECRETARY OF STATE MARSHALL DISCLOSED TODAY THE SOVIET GOVERNMENT PROPOSED TO LIMIT THE NUMBER OF AMERICAN CORRESPONDENTS AT THE FOREIGN MINISTERS CONFERENCE AT MOSCOW TO ABOUT A FOURTH OF THE NUMBER WHO HAVE APPLIED TO ATTEND.

HE TOLD HIS NEWS CONFERENCE THAT THE RUSSIAN GOVERNMENT THROUGH THE EMBASSY HERE HAD ADVISED OFFICIALLY THAT THERE WOULD BE ACCOMODATIONS FOR ONLY 15 OR 20 AMERICAN CORRESPONDENTS.

SEVENTY-THREE HAVE FILED APPLICATIONS WITH THE STATE DEPARTMENT TO REPORT THE SESSIONS OPENING MARCH 10. THE CONFERENCE IS TO TAKE UP A PEACE TREATY FOR GERMANY.

FOREIGN MINISTER MOLOTOV GAVE ASSURANCES TO THE FOREIGN MINISTERS COUNCIL AT NEW YORK THAT EVERYTHING WOULD BE DONE, DESPITE MOSCOW'S HOUSING DIFFICULTIES, TO ACCOMMODATE CORRESPONDENTS AND TO CREATE THE MOST FAVORABLE CONDITIONS FOR THEIR WORK.

MARSHALL, IN ANNOUNCING THE SOVIETS'S PROPOSED LIMIT OF 15 OR 20, SAID THE STATE DEPARTMENT IS ASKING THAT THE NUMBER BE INCREASED. EFFORTS ALSO ARE BEING MADE TO OBTAIN BROADCASTING FACILITIES. AMBASSADOR W. BEDELL SMITH, HE NOTED, ALREADY HAS BEEN PRESSING FOR THE ADMISSION OF BROADCASTERS.

IN THE MEANTIME HE SAID THE STATE DEPARTMENT COULD NOT UNDERTAKE TO MAKE SELECTIONS FROM THE LIST OF APPLICANTS AND ASKED THAT THEY SUBMIT PROPOSALS TO MICHAEL J.MCDERMOTT, HIS PRESS ASSISTANT.

TONIGHT MCDERMOTT ANNOUNCED THAT HE HAD CONSULTED WITH THE STANDING COMMITTEE OF CORRESPONDENTS, REPRESENTING THE CONGRESSIONAL PRESS GALLERIES, AND WITH THE EXECUTIVE COMMITTEE OF THE STATE DEPARTMENT CORRESPONDENTS ASSOCIATION. HE SAID THEY HAVE AGREED TO HAVE REPRESENTATIVES MEET WITH HIM AT NOON TOMORROW TO SEEK A SOLUTION OF THE PROBLEM.

THE STANDING COMMITTEE DESIGNATED AS ITS REPRESENTATIVE WILLIAM L.THEIS OF INTERNATIONAL NEWS SERVICE, SECRETARY OF THE COMMITTEE, AND THE STATE DEPARTMENT CORRESPONDENTS DESIGNATED THOMAS F.REYNOLDS OF THE CHICAGO SUN, ASSOCIATION PRESIDENT.

MARSHALL SAID HE WAS TAKING TO MOSCOW APPROXIMATELY THE SAME GROUP OF ADVISERS WHICH ACCOMPANIED BYRNES TO THE NEW YORK AND PARIS CONFERENCES, AND THUS WAS JOINING A "TEAM OF VETERANS."

HE SAID HE EXPECTED THAT AMBASSADOR ROBERT MURPHY, HIS DEPUTY AT THE CURRENT PRELIMINARY CONFERENCE AT LONDON ON THE GERMAN TREATY, WOULD SERVE AS DEPUTY AT MOSCOW. HE EXPECTED FURTHER THAT LT. GEN. LUCIUS D. CLAY, AMERICAN OCCUPATION COMMANDER IN GERMANY, ALSO WOULD CONSULT WITH THE U.S. DELEGATION AT TIMES.

MARSHALL SAID HE "THOROUGHLY UNDERSTOOD" THE DECISION OF SENATORS VANDENBERG (R-MICH) AND CONNALLY (D-TEX) NOT TO ATTEND THE OPENING SESSIONS AT MOSCOW BECAUSE OF THE PRESS OF THEIR CONGRESSIONAL DUTIES.

HE ADDED HE HAD COMPLETE CONFIDENCE IN THEIR SUPPORT ON THE GENERAL BASIS OF THE BI-PARTISAN CONDUCT OF AMERICAN FOREIGN AFFAIRS.

UNAMERICAN (350)

BY DOUGLAS B. CORNELL

WASHINGTON, FEB.7-(AP)-THE HOUSE COMMITTEE ON UNAMERICAN ACTIVITIES TOOK UP THE TRAIL OF COMMUNIST SPY ACTIVITIES TODAY AFTER CHECKING TO THE JUSTICE DEPARTMENT WHETHER TO DEPORT COMMUNIST GERHARDT EISLER OR TRY HIM AS A CONSPIRATOR.

THE COMMITTEE ITSELF URGED PROSECUTION WHEN IT HEARD EISLER DESCRIBED BY VARIOUS WITNESSES YESTERDAY AS THE TOP COMMUNIST IN AMERICA AND BY HIS OWN SISTER AS A "DANGEROUS TERRORIST."

"THAT IS JUST THE BEGINNING," A COMMITTEE MEMBER TOLD A REPORTER PRIVATELY. "IT IS MERELY THE FIRST CHAPTER ON COMMUNIST ESPIONAGE ACTIVITIES. SOME OF THE SUCCEEDING CHAPTERS WILL BE LINKED CLOSELY TO OPERATIONS OF A SOVIET SPY RING IN CANADA."

THIS MEMBER SAID THAT AN AMERICAN ON WHOM THE COMMITTEE HAS HAD ITS EYE, WAS IN CANADA IN JUNE, 1944, "AND WE WANT TO KNOW WHY."

IT MAY BE TEN DAYS, THOUGH, BEFORE THE COMMITTEE RELATES THE ADDITIONAL CHAPTERS IN OPEN HEARINGS.

THE GROUP HAS NO MEETING SCHEDULED UNTIL MONDAY WHEN IT PLANS TO ASK THE HOUSE TO ADOPT A RESOLUTION FORMALLY CITING EISLER FOR CONTEMPT. THEN IT WOULD BE UP TO THE JUSTICE DEPARTMENT TO BRING A CONTEMPT CASE AGAINST HIM IN COURT.

IN A FLARING SESSION YESTERDAY THAT PRODUCED SHOUTING, RAW TEMPERS AND FLUSHED FACES, EISLER FIRMLY REFUSED TO TAKE AN OATH TO TELL THE TRUTH WITHOUT FIRST MAKING A PRELIMINARY STATEMENT. THE COMMITTEE PROMPTLY VOTED TO CITE HIM FOR CONTEMPT.

SECURITY OFFICERS OF THE IMMIGRATION SERVICE BUSTLED HIM OFF TO ELLIS ISLAND. HIS ATTORNEY, CAROL KING, REMAINED AND HANDED AROUND A STATEMENT IN WHICH EISLER PROCLAIMED THAT HE IS NEITHER A SPY, FOREIGN AGENT NOR BOSS OF THE REDS IN ANY COUNTRY.

BUT ON THE STRENGTH OF EVIDENCE IT DUG UP, AND ON THE BASIS OF WHAT WITNESSES SAID, THE COMMITTEE DECIDED THERE IS A CASE AGAINST EISLER ON FIVE POINTS:

(1) CONSPIRING TO OVERTHROW THE GOVERNMENT OF THE UNITED STATES, (2) PERJURY, (3) PASSPORT FALSIFICATION, (4) INCOME TAX EVASION AND (5) CONTEMPT OF CONGRESS.

A RECOMMENDATION THAT THESE CHARGES BE PRESSED WAS HANDED TO THE JUSTICE DEPARTMENT.

WHILE THE DEPARTMENT HAS TAKEN PRELIMINARY STEPS TOWARD DEPORTING EISLER, REP. MUNDT (R-SD) DECLARED IT IS OF THE "UTMOST IMPORTANCE FROM THE STANDPOINT OF NATIONAL DEFENSE THAT EISLER BE DETAINED IN THIS COUNTRY."

READING AT TIMES FROM A REPORT OF THE ROYAL COMMISSION ON RUSSIAN ESPIONAGE IN CANADA, MUNDT SAID EISLER WAS LINKED WITH SAMUEL CARR AND FRED ROSE, WHO WERE DESCRIBED IN THE REPORT AS TWO OF THE MAIN LINKS IN THE SPY CHAIN IN CANADA.

CARR IS A FUGITIVE AND ROSE, MUNDT TOLD THE COMMITTEE, WAS ARRESTED BY THE CANADIANS FOR TURNING OVER ATOMIC BOMB SECRETS TO THE RUSSIANS.

"WE'VE GOT TO FOLLOW THROUGH," MUNDT DECLARED, "AND FIND OUT THROUGH THE FBI WHAT INFORMATION EISLER COULD CONVEY TO THE SOVIETS IF HE WERE PERMITTED TO LEAVE THIS COUNTRY."

ALL EISLER SAYS IS THAT HE IS A GERMAN COMMUNIST, AND A POLITICAL REFUGEE WHO WANTS TO GO BACK HOME.

BUT COMMITTEE INVESTIGATORS PUT INTO THE RECORD INFORMATION THAT EISLER HAD TOLD THE IMMIGRATION SERVICE IN 1941 THAT HE WAS NOT A

30.24-7775

COMMUNIST NOR A COMMUNIST SYMPATHIZER.

HIS SISTER, RUTH FISCHER, ALSO HAD A DIFFERENT STORY. SHE SAID SHE GOT EISLER INTO COMMUNISM IN AUSTRIA IN 1918 AND THEN BROKE WITH HIM AND THE COMMUNIST PARTY SEVERAL YEARS LATER.

SHE SAID SHE SAW HIM IN PARIS IN 1933, ON THE WAY FROM MOSCOW TO "TAKE OVER COMMUNIST ACTIVITY" IN THE UNITED STATES.

COLDLY, BITTERLY, SHE ACCUSED HER BROTHER OF BEING "THE PERFECT TERRORIST TYPE, MOST DANGEROUS FOR THE PEOPLE OF BOTH AMERICA AND GERMANY."

INTO THE RECORDS WENT ADDITIONAL STATEMENTS:

FROM J. EDGAR HOOVER, FBI CHIEF, THAT EISLER CONTROLLED AND DIRECTED AMERICAN COMMUNIST ACTIVITIES AS A "FIGURE OF PRIMARY IMPORTANCE AND ALMOST UNLIMITED AUTHORITY."

FROM LOUIS BUDENZ, ONE-TIME MANAGING EDITOR OF THE COMMUNIST NEWSPAPER, THE NEW YORK DAILY WORKER, THAT EISLER WAS SO STRONG IN THE PARTY HE "SLAPPED DOWN POLITICALLY" WILLIAM Z. FOSTER, NOW HEAD OF THE PARTY IN AMERICA.

BUDENZ, WHO GAVE UP COMMUNISM AND BECAME A PROFESSOR AT NOTRE DAME AND FORDHAM UNIVERSITIES, FIRST PUT THE COMMITTEE ON EISLER'S TRACK LAST NOVEMBER.

PRECEDE FRANKFURT

WASHINGTON,FEB 7-(AP)-THE ARMY ANNOUNCED TODAY THAT THE TRIAL OF COL.JACK W.DURANT, ACCUSED OF PARTICIPATING IN THE THEFT OF THE HESSE CROWN JEWELS, WILL BE RETURNED TO FRANKFURT IN GERMANY AFTER "CERTAIN VITAL WITNESSES" HAVE BEEN QUESTIONED IN THIS COUNTRY.

DURANT IS EXPECTED TO ARRIVE HERE TOMORROW FROM FRANKFURT, WHERE THE TRIAL HAS BEEN UNDERWAY SINCE DECEMBER. PROCEEDINGS WILL BE RESUMED HERE MONDAY WITH THE POSSIBILITY THAT IN SOME PHASES OF THE TRIAL WILL BE CONDUCTED LATER IN CHICAGO.

THE TEMPORARY TRANSFER OF THE TRIAL WAS ARRANGED, THE WAR DEPARTMENT EXPLAINED, BECAUSE THE LAW DOES NOT PERMIT SUBPOENA OF UNITED STATES CITIZENS TO TESTIFY OUTSIDE THIS COUNTRY.

ARMY OFFICIALS SAID THERE IS A LONG LIST OF WITNESSES AND THAT THE PROCEEDINGS HERE MAY LAST AS LONG AS THREE WEEKS.

THE ARMY DID NOT IDENTIFY THOSE CALLED AS WITNESSES. TWO OF THEM, HOWEVER, WENT INTO FEDERAL DISTRICT COURT TODAY AT ALEXANDRIA,VA., TO CHALLENGE THE RIGHT OF THE MILITARY COURT TO SUBPOENA THEM. THEY WERE DURANT'S BROTHER, JAMES, AND MARTHA ORWIG EVANS OF FALLS CHURCH,VA.

COUNSEL FOR THE TWO CONTENDED THAT UNDER THE ARTICLES OF WAR, A MILITARY COURT CAN NOT SUMMON CIVILIANS OR PUNISH THEM FOR REFUSING TO APPEAR. THEIR ARGUMENTS WERE OPPOSED BY ARMY LAWYERS WHO INSISTED THE ARTICLES OF WAR DID GRANT THAT RIGHT.

WESTFIELD, N.J., FEB.7-(AP)-HUNGARIAN-BORN MRS. LOLA HESSE DE CONCHA, WIFE OF A STOCK CLERK, TODAY CLAIMED OWNERSHIP OF THE $1,500,000 HESSE CROWN JEWELS, BUT SHE SAID SHE WOULD NOT PRESS FOR POSSESSION.

ON THE BASIS OF A YELLOWED DEATHBED STATEMENT BY HER FATHER MADE IN 1926 IN HUNGARY, SHE SAID SHE WAS THE GREAT GRANDDAUGHTER OF GRAND DUKE GEORG HESSE VON HESSEN, ONCE HEIR TO THE KRONBERG DUCHY.

"IT ALL GOES BACK TO 1818," SHE TOLD NEWSMEN. "THE GRAND DUKE GEORG THEN 18, GOT INTO A DISPUTE WITH THE ADJUTANT FROM WHOM HE WAS TAKING MILITARY LESSONS. THE ADJUTANT SLAPPED HIM. MY GREAT GRANDFATHER STRUCK HIM WITH A SILVER CANDLESTICK, AND THE ADJUTANT DIED."

SHE SAID GEORG WAS SENT TO PRISON, ESCAPED, SETTLED DOWN AND MARRIED AND FINALLY DIED IN SELMECBANYA, HUNGARY.

"MY FATHER'S ONLY WISH," SHE SAID, "WAS THAT MY BROTHER KAROLYI AND I REGAIN OUR RIGHTFUL RANK AND POSITION. MY BROTHER IS DEAD, AND IT'S UP TO ME."

MRS. DE CONCHA SAID SHE HAD FOUND THE GRAND DUKE'S GRAVE IN DARMSTADT, BUT THAT SHE WAS "AN AMERICAN CITIZEN, AND I DON'T WANT TO CLAIM ANY TITLE OR CASTLE IN EUROPE."

U.S. ARMY COL. JACK W. DURANT IS CHARGED WITH THEFT OF THE FABULOUS COLLECTION OF JEWELS FROM KRONBERG CASTLE DURING THE AMERICAN OCCUPATION. THE MAJOR PORTION OF THE COLLECTION HAS NEVER BEEN RECOVERED SINCE THEIR DISAPPEARANCE DURING THE WAR, THE WAR DEPARTMENT HAS SAID.

(750) AP SPECIAL WASHINGTON SERVICE
WASHINGTON, FEB.7-(AP)-JAPANESE EVACUATED FROM THE WEST COAST AFTER THE PEARL HARBOR ATTACK HAVE RESETTLED IN EVERY STATE IN THE UNION EXCEPT SOUTH CAROLINA, THE FINAL REPORT OF THE WAR RELOCATION AUTHORITY DISCLOSED TODAY.

ABOUT HALF OF THE 106,925 JAPANESE AND JAPANESE AMERICANS WHO LEFT WAR RELOCATION CENTERS RETURNED TO THEIR FORMER HOMES ON THE PACIFIC COAST, THE REPORT SAID, BUT THOUSANDS SETTLED IN THE INDUSTRIAL CITIES OF THE MIDWEST AND EAST AND IN THE ROCKY MOUNTAIN STATES.

"WHILE THE EVACUATION CAUSED SOME EVACUEES GREAT FINANCIAL LOSS AND MENTAL SUFFERING, IT WAS NOT WITHOUT COMPENSATION FOR SOME EVACUEES," THE REPORT SAID.

"IN THE PROCESS OF RESETTLEMENT, CERTAIN ADVANTAGES ACCRUED TO THE GROUP ESPECIALLY TO THE NISEI (AMERICAN BORN) IN OTHER SECTIONS OF THE COUNTRY AND EVEN ON THE WEST COAST. THEY FOUND A WIDER VARIETY OF OCCUPATIONS OPEN TO THEM THAN HAD BEEN AVAILABLE PRIOR TO EVACUATION. MOST OF THEM ESCAPED FROM SEGREGATION IN HOUSING AND WERE OTHERWISE ABLE TO MERGE INTO THE GENERAL SOCIAL LIFE OF NEW COMMUNITIES TO A GREATER DEGREE THAN THEY HAD PREVIOUSLY BEEN ABLE TO DO." 1947

SOME RESULTS, THE REPORT SAID, WERE:

NEARLY 12,000 OF THE 18,000 JAPANESE WHO WENT TO THE NORTH CENTRAL STATES SETTLED IN CHICAGO. THERE THEY ARE EMPLOYED BY THOUSANDS OF COMPANIES AND INDIVIDUALS REPRESENTING A NORMAL CROSS-SECTION OF EMPLOYMENT AND ARE HOUSED IN ALMOST EVERY NEIGHBORHOOD IN THE CITY.

CLEVELAND, WHICH ATTRACTED ABOUT 3,000, WAS THE FAVORITE SPOT IN THE GREAT LAKES AREA.

THE NORTHERN EAST COAST STATES ALSO WERE POPULAR WITH THE RESETTLERS. ABOUT 2,000 WENT TO NEW YORK CITY.

SEABROOK FARMS, NEAR BRIDGETON, N.J., WAS THE ONLY RURAL PLACE OUTSIDE THE INTERMOUNTAIN STATES AND THE WEST COAST TO ATTRACT ANY SUBSTANTIAL NUMBER OF EVACUEES. BY DECEMBER 1945, THERE WERE 1,769 JAPANESE AT SEABROOK, MOST OF THEM EMPLOYED IN FOOD PROCESSING PLANTS.

ONLY 800 JAPANESE RESETTLED IN THE SOUTHERN STATES, ALTHOUGH THOSE "ARE MAKING AN EXCELLENT ADJUSTMENT BOTH SOCIALLY AND ECONOMICALLY."

THE AUTHORITY ATTRIBUTED THE LAG IN THE SOUTH PARTLY TO "RELUCTANCE" OF THE ARMY TO PERMIT RESETTLEMENT ALONG THE GULF COAST AND TO "RESENTMENT AND PREJUDICE" IN ARKANSAS, WHICH SPREAD TO SURROUNDING STATES OVER THE ESTABLISHMENT OF TWO RELOCATION CENTERS IN ARKANSAS.

"THE AUTHORITY IS CONVINCED THAT BECAUSE OF THE INDUSTRY AND INTEGRITY OF THE JAPANESE AMERICANS, THEY WILL QUICKLY BUILD FOR THEMSELVES A BETTER SOCIAL AND ECONOMIC PATTERN THAN THEY HAD BEFORE THE WAR," THE REPORT CONCLUDED.

HERE IS THE AUTHORITY'S BREAKDOWN BY STATES, AND IN SOME INSTANCES BY CITIES, ON WHERE THE JAPANESE WENT WHEN THEY LEFT THE RELOCATION CENTERS: (THE AUTHORITY NOTED THAT SOME HAVE MOVED AGAIN AND THAT CITY ADDRESSES INCLUDE THOSE WHO WENT TO NEARBY RURAL AREAS).

U. S. Dooms China Subsidy Plan; Chiang Facing Economic Collapse

Consular Warning Falls Like Atomic Bomb on Shanghai

CITES OUR TARIFF PROVISIONS

Says This Country Will Impose Tax Equal to Bonus Paid for Exports to America.

Shanghai, Feb. 8 (AP)—China's four-day-old export-subsidy plan, already under heavy black-market pressure, collided with the United States tariff law today, leading gloomy business circles to express fears that the Chiang Kai-shek regime was in imminent danger of economic collapse.

Business men, necessarily anonymous, bitterly remarked that every Government effort to stabilize the shaky situation seemed to produce the opposite effect.

A Mimeographed Notice

The latest blow was a mimeographed notice today to shippers from the American Consulate advising, that under United States law, good imported under any form of subsidy were subject to additional tariff equal to the subsidy.

The American-owned Shanghai *Evening Post and Mercury* said this news "blasted into 'fine powder" the 100 per cent subsidy plan announced Wednesday by Premier T. V. Soong.

The Soong plan would have granted Chinese exporters, 6,700 Chinese dollars for every United States dollar they collected, financing the subsidy by a 50 per cent levy on various imports. At that time, this would have approximated the black market rate for United States dollars. The official exchange rate is 3,350 to 1.

Many Firms Face Closure

Responding immediately, the black-market rate rose steadily to 11,000 to 1, making success of the subsidy plan doubtful even without the application of the United States tariff law.

All observers agree that the present slump in Chinese currency cannot continue wtihout grave consequences. Most business men say that an open rather than an artificially pegged exchange is the only answer.

Many firms face the likelihood of closure, with consequent unemployment, and cocktail party conversation revolves around fears of resulting riots or even uprisings.

Hope Of Foreign Loans Wanes

Some Chinese, whose number is growing, say a sweeping purge in the Government would help, provided it went high enough.

Others say a compromise between the Government and the Communists is the only way out, but this is not in sight, and in fact the Communists long have said they were counting on Government economic collapse as an aid in their struggle for power.

It is generally considered that hope of foreign loans—meaning American loans—is out of the question while the economic decline continues.

U.S. Hits China's Export Plans; Collapse Seen

Shanghai, Feb. 8 (AP)—An American consular announcement blasted Chinese Premier T. V. Soong's abortive 100 per cent export subsidy program as Chinese currency continued its dizzy descent and the complete economic collapse of Generalissimo Chiang Kai-shek's Nationalist China loomed as a very real possibility.

The developments apparently played directly into the hands of the Communists, who count heavily on Nationalist China's economic fall in their struggle for power.

Export Bonus Barred

The consular notice, which was considered to have sounded the death knell for Chinese exports to the United States under present conditions, advised exporters that for every cent paid as a subsidy by the Government on Chinese exports an equal amount would be collected by the United States as tax, in addition to normal duties.

The skidding Chinese currency dropped another $1,000 in value overnight, so that today one American dollar would bring 11,000 Chinese dollars.

Dissatisfaction Grows

Dissatisfaction with the Government's policies mounted in business circles, which bitterly contend that every step taken by the Government to stabilize the economic situation seems inevitably to develop a reverse effect.

Soong Wednesday decreed exporters who are paid in foreign exchange should surrender their holdings to the Government, which in return would give them double the present official rate of American dollars. The official exchange is pegged at 3,350 Chinese dollars to $1 American.

The export "bonus" or subsidy would be financed by a 50 per cent ad valorem surcharge on selected imports.

Prices Up Sharply

The immediate effect of the export measure was a sharp upward swing in prices, many of which have doubled since Wednesday.

To the Chinese exporters, who already were reeling from the chaotic conditions of their business, the United States consular notice today was a knockout punch in so far as commerce with the United States is concerned.

The notice, based on privisions of the United States Tariff Act of 1930 and on customs regulations, was issued "for the information and guidance" of shippers by United States Consul General Kernel.

Run On Gasoline

The notice said:

"Any dutiable goods imported into the United States on which any form of subsidy is granted in the country of origin is liable to an additional duty equal to the full amount of such bounty."

The American-owned *Evening Post and Mercury* observed that the notice dropped like an atomic bomb on the export subsidy plan and in so far as trade with the United States was concerned "blasted it into fine powder."

Today, fearing increased prices or strict rationing, hoarders started a run on gasoline which caused huge traffic jams around the filling stations, the voluntary rationing by gasoline companies of three gallons to a customer and emergency police action to straighten out the stampede.

Dollar Control Hit

Most business circles believe the Chinese dollar should be on an open instead of on a controlled market. The Government by opening the dollar could best achieve its aim of increasing exports and discouraging imports, they contend.

All observers agree that the present downward spiral of the Chinese dollar cannot continue indefinitely without grave consequences, resulting in the bankruptcy of many businesses and widespread unemployment.

An increasingly large segment of both foreign and Chinese business men see as the only effective medicine for debilitating China a sweeping purge, which would be effective only if it included some of the more "exalted" figures in Chinese public life.

Compromise Sought

One argument quoted for the purge is that "you can save 500,000,000 people at the cost of 100."

Business circles generally would like to see a coalition government formed through compromise between the Nationalists at Nanking and the Yenan Communists, for only then can China regain its economic feet, they say. Without foreign loans, they say, the situation is hopeless and the prospect for loans is nil so long as the country is torn by civil strife.

303 Americans Of Truce Staff Sail From China

1,700 Others to Follow at Intervals; Date for Marine Return Uncertain

PEIPING, Feb. 8 (AP).—A first group of 303 Americans from the disbanding executive truce headquarters here sailed from the port of Taku for home today aboard the Army transport General William Weigel. Nearly 1,700 others are to follow at intervals, but a few are expected to be transferred to Nanking, where a United States Army advisory mission is remaining.

Departure time for some 10,000 United States marines has not been announced.

American field teams, implementing the American decision to abandon mediation of the Chinese civil war, were arriving today at Peiping. A total of ten teams is due here on Feb. 15. Those from advance headquarters at Changchun, Manchuria, are expected by Feb. 28.

Communist members of headquarters are to be flown by the Americans to Hantan, on the Peiping-Hankow railway 275 miles southwest of Peiping.

Desultory fighting was reported continuing today on that railway, about fifty miles southwest of Peiping.

Yanks Pulling Out.

Peiping, Feb. 8 (A. P.).—The United States Army transport Gen. Weigel sailed from Taku for the United States today with 303 American personnel of the disbanding Peiping Executive Headquarters. Other Americans connected with the unsuccessful effort to mediate the Chinese civil war were gathering here for departure soon.

Ten American field teams were scheduled to arrive by February 15, and those from advance headquarters at Changchun, Manchuria, by February 28. Americans arranged to fly the Communist headquarters representatives to Hantan, 200 miles south of Peiping, on Tuesday. Meanwhile, Major-Gen. John P. Lucas, commanding the United States Army advisory group which is remaining in Nanking, came to Peiping to confer on transferring some of the Americans here to his command.

Trial Biased, Jap General Charges

Nanking, Feb. 8 (AP)—Lieut. Gen. Hisao Tani charged today that his trial on war-atrocity charges was biased and the facts twisted after spectators in the courtroom had applauded a prosecutor's demand that the Japanese defendant pay with his life for the rape of Nanking.

Standing in the prisoner's box, the mustached General demanded the right to summon Japanese and Chinese defense witnesses and charged that facts were distorted in making it appear that troops under his command were responsible for more than 3,000 atrocities committed after Japanese soldiers had stormed Nanking's South Gate.

Hisao Tani complained, during a general uproar in the court, that not a single Japanese witness had been summoned and demanded that the court summon other commanders in the campaign against Nanking.

Maj. Gen. Shih Min-yu, presiding justice, finally obtained order by recessing the trial and declaring that the court would set a later date for final arguments.

Reds Ask Share In Ruhr Control

LONDON, Feb. 8 (AP).—The White Russian Soviet Republic proposed today that the Kremlin be given a hand in ruling Germany's industrial Ruhr valley, now occupied by British forces.

The White Russian memorandum, submitted to deputies of the four-power Foreign Ministers Council which is considering the German peace treaty, said a special British-American-French - Russian control authority should take charge of the Ruhr although it should remain a part of Germany.

2D SOVIET PLAN

For the second time, a Soviet state also proposed that the Germany of the future should be a "unified state" with the provincial governments exercising "broad democratic rights."

The White Russian memorandum, submitted by Foreign Minister K. V. Kiselev, followed one submitted yesterday by the Soviet Ukraine which proposed a central German government with "self governing" states.

These views, presumably reflecting the views of the Soviet government itself, caused some surprise in British and American quarters, since they appeared to be an approach to their own views favoring a Federal form of government with considerable state rights.

The White Russian suggestion, the most specific from any Russian source yet to be put in writing, left no doubt, however, that the Russians were still strong for a powerful central German government, as against French proposals for an extremely weak central government.

OTHER DEMANDS

The White Russians also asked:

1. Complete disarmament and demilitarization of Germany and supervision by the Allies for 40 years.

2. Military and economic disarmament of the industrial Ruhr.

3. $1,500,000,000 reparations from Germany. This was modest beside the demand of her sister Russian Republic, the Soviet Ukraine, which has asked $57,000,000,000.

White Russians List Demands On Reich

London, Feb. 8 (AP)—White Russia asked today for $1,500,000,000 reparations from Germany and 40 years of Allied supervision for the country. It said the Ruhr area, now in the British zone, should be placed under four-power control.

These views were presented in a memorandum to the Big Four Deputy Foreign Ministers, who earlier agreed that Allied troops should withdraw from Austria within 90 days after a treaty is signed with that country.

The agreement also accepted the principle that control authority over Austria should end when the treaty comes into force, British sources reported.

The deputies also considered an American proposal to give small nations a bigger voice in drafting recommendations for the German and Austrian peace treaties.

Small Nation Demands

Some of these nations have demanded that they be allowed full participation in the work of the deputies, making drafts for their chiefs, who will meet in Moscow on March 10. The United States proposal would meet them part way on this demand.

Presented yesterday by Robert Murphy, the American plan would give the little nations four seats on the deputies' committees; let active wartime belligerents among them give their views in committee and invite "competent German authorities and experts" likewise to present their views.

LABOR REGIME HELD IN PERIL

Shawcross Predicts Fall If Coal Production Fails

T. Wilhelms

London Feb. 8 (AP)—Britain prepared tonight for a major industrial shutdown amid warnings by a Labor spokesman that the coal crisis threatened an end to the Labor Government and "socialism in our time."

While Emanuel Shinwell, Fuel Minister, declared "complete disaster" awaited Britain, if industry and the public failed to carry out his sweeping conservation measures, almost chaotic conditions were reported among industries in the huge industrial belts about London, Manchester and Birmingham where 4,000,000 will be thrown out of work beginning at midnight Sunday. (INSERT)

Seek To Reduce Effect

Shinwell's order halting electric power to industry in the biggest export-producing areas of England and cutting off current from domestic users — including homes, theaters, stores, offices and restaurants—for five hours daily, sent puzzled factory managers into hurried conferences. Their worry was to find some way, if possible, to minimize the effect of the power blackout.

NIGHT

There were similar hurried conferences in Whitehall, where the Government offices are concentrated, as officials tussled with their gravest crisis since the Labor Government came to power.

Prime Minister Attlee promised a statement to Perliament on Monday, and many political forecasters said the Conservative chieftain, Winston Churchill, might pick that day as the time to pelt the Government with his long-threatened motion of censure.

Forecast By Shawcross

Sir Hartley Shawcross, attorney general, speaking in Lancashire, center of Great Britain's giant cotton industry which will be closed, solemnly declared:

"Certainly if we don't succeed in overcoming this situation and improving coal production the Labor Government will fail and there will be an end to any idea of socialism in our time."

"The whole situation is just as serious as it was in 1939 and 1940," when Britain waged almost unarmed defense against Hitler, he said.

Shinwell, under fire from Laborites as well as Conservatives, told a news conference the Government had to have public co-operation on the conservation measures or "in the next ten days we shall find ourselves in a position of complete disaster."

Defies Calls To Resign

By "complete disaster," he said he meant "we should not have any fuel or electricity at all."

The small Liberal party at a local meeting in London called upon Shinwell to resign and make room for a "business man."

But Shinwell said: "I would no more think of resigning than I would think of letting myself be knocked out of the ring by a punch on the jaw."

Three Conservative provincial papers, the *Press and Journal*, of Aberdeen; the *Morning News*, of Plymouth, and the Cardiff *Western Mail*, declared in effect that "Shinwell must go" from the Cabinet.

London Papers Critical

London newspapers also were critical, even the Labor paper, *Daily Herald*, declaring that several of Attlee's Cabinet "deceive themselves."

Most criticism dealt with Shinwell's alleged failure to forestall the crisis with effective action in time, and with failure to properly acquaint the public of the situation.

While householders sought candles and oil lamps—in most cases impossible to find—to bridge the five-hour daily gap in electric supply for heating and lighting, Shinwell faced an hour-long barrage from nearly 100 reporters.

Might Last Two Weeks

He declined to estimate how long the power blackout would last, although yesterday he said it might be three or four days. At one point today he indicated it might be a week. Reporters left the conference in the belief it might be two weeks.

Shinwell said he was dismissing for the present any question of punitive action against non-co-operators.

He said rail companies were "losing ground in their fight" to move coal from the mines as the result of the prolonged cold.

Explaining that London power stations were the worst hit because of storms which have prevented the delivery of seaborne supplies, he said shipping dislocations were likely "to take a turn for the worse" and even a thaw would likely bring complications of its own.

Seeks To Build Up Stock

He said the aim of the power cut was to build up an extra week's stock of fuel at generating stations, and "if that could be done we should be able to get through."

Some coal mines were closed down entirely, he reported, because of frozen machinery and snowbound railroads unable to get their loaded cars away from the pits. In some areas, he added, miner absenteeism was as high as 50 per cent due to blizzard conditions.

The industrial power cuts will go into effect in some cases by the pulling of switches at generating plants. In others conservation will depend upon voluntary consumer co-operation.

Hospitals, water plants, sewage services, telephone companies, transport and food processes, laundries and newspapers (but not periodicals) will continue to get current. Brewers will get enough for maintenance but not for production. Matinee theater performances are banned. The British Broadcasting Corporation announced plans to reduce its schedules. Morning and afternoon television transmissions were canceled.

British Coal Crisis Long Building Up

1947

B. Hewett

DAY

London, Feb. 8 (AP)—A widespread press attack was loosed today against Fuel Minister Emanuel Shinwell as Prime Minister Attlee's Labor Government faced a severe storm of public and parliamentary criticisms over the coal crisis, which will force a major shutdown of England's industries Monday.

"Shinwell must go," three Conservative provincial papers proclaimed, and even the Laborite London *Daily Herald* took to task Shinwell and other members of Attlee's Cabinet, accusing them of failure to keep the public informed of the developing crisis which has been aggravated by the severe cold wave that has gripped Europe for eleven days.

Two-Week Curb Indicated

Meanwhile, Sir Hartley Shawcross, Britain's Attorney General, said in a speech today that the Labor Government would "fail and there will be an end to any idea of socialism in our time" unless the present coal-power situation is overcome.

Shinwell told a news conference today that he could not estimate how long the blackout on many industrial plants would last—but newspaper men left the conference with the impression that it would be for at least two weeks.

Shinwell had said earlier that he hoped power supplies could be restored in three or four days, or a week at most.

Reich Plants To Close

On the Continent, the spreading coal crisis caused a drastic industrial shutdown in the American Zone of Occupation in Germany, leaving some 250,000 workers virtually idle.

About 80 per cent of the factories in the state of Wuerttemberg-Baden began slowing down production of heavy equipment this morning in preparation for a total halt ordered for Monday.

The United States zone shutdown was ordered last night by the American and German authorities, as coal and power shortage also began to affect the states of Bavaria and Hesse. Wuerttemberg-Baden officials said the shutdown would last about ten days.

In Bavaria, the Ministry of Economics said a catastrophe impended if more coal was not delivered soon.

Political tension mounted in Britain amid speculation on whether Winston Churchill, Conservative leader, would choose Monday, the day of the industrial shutdown in the London, Manchester and Birmingham areas, as the psychological moment to offer a motion of censure, a move he recently announced that he planned to make in February.

Few thought such a move would upset the big Labor majority, but the newspapers have hinted for several weeks that growing economic difficulties might put pressure on the Laborites to form a coalition to win the united support of Britain's flagging postwar recovery drive.

4 Million To Be Idle

A Board of Trade spokesman estimated that 4,000,000 workers would be temporarily jobless as a result of the Government's drastic decision late yesterday to shut off electric power Monday to all factories in the country's biggest industrial areas to keep fuel-shortened generating plants going.

Electricity to domestic users—including homes, stores, offices, cinemas and restaurants—will be ordered cut off five hours daily.

Shinwell announced the decision to make the biggest shutdown in Britain's history during a bitter House of Commons debate that found both Socialists and Tories attacking the Government for not meeting the crisis sooner.

Week Only, Shinwell Hopes

Shinwell said he hoped the cut would last no more than a week.

He told the House: "If we don't keep large power stations running with such coal as we get within the next week, then there will be a collapse."

He said the sudden decision had been taken because the three-week cold wave and snowstorms had cut mining production and blocked the transport of coal to the seriously depleted power plant stock piles.

Shinwell branded as a "classic example of Tory brazen effrontery" an assertion by Conservative Anthony Eden that the Labor Ministers had "completely misjudged" the gravity of the coal crisis and asserted that the nation was "confronted with the greatest industrial crisis that has faced us in the last twenty years."

Eden was joined in his criticism by Socialist Raymond Blackburn, *Daily Herald* columnist, and Douglas Jay, who until his election to Parliament was Attlee's special economic adviser. (ADD)

Royal Family Warship Draws Sightseers at Sea

Many Vessels Alter Courses for Look at Vanguard

LONDON, Feb. 8 (AP).—The British battleship Vanguard, steaming southward with the British royal family, is attracting ocean-going sightseers.

An Exchange Telegraph News Agency dispatch from the Vanguard today said many passenger ships, cargo vessels and tankers have altered their own courses to get a glimpse of the South Africa-bound battleship. Among the sightseers yesterday was the Walter A. Luckenbach.

King George VI, Queen Elizabeth and the two Princesses attended a concert last night on board ship. They are to have a two-months state visit to the Union of South Africa.

Synagogue Fire Protest

DAY

Bristol, England, Feb. 8 (AP)—Ivor Worth, former artillery officer, was placed on probation for three years today after he pleaded guilty to placing inflammable material near the entrance to a Bristol synagogue.

In a statement to police introduced as evidence, Worth admitted he had placed gasoline-soaked rags near the building and set them afire because "I felt that a demonstration should be made."

"As far as I can see," the statement added, "we are at war with Jewry. The Jews in Palestine are getting aid from outside, probably from Jews here or in America."

"I felt that it was time we hit back. We seem to be taking it lying down. By that I mean the atrocities committed on British troops."

French Make Gains Near Hanoi

Paris, Feb. 8 (AP)—French tanks and motorized forces surprised and routed a concentration of Viet Nam troops during a French advance clearing areas north and west of Hanoi, a French communiqué from Indo-China announced today.

DAY

The communique said French killed and wounded in the fighting since the outbreak of fighting at Hanoi December 19 totaled 1,853.

The advance widened French-held territory outside the Indo-China capital at only slight cost to the troops, the communiqué said. In most cases the Viet Nam withdrew, deserting villages and fields where they had dug fortifications.

The French occupied the north bank of the Rouge river north of Hanoi and siezed the Hoai Buc Phu fort, 4 miles west of the city. An important Viet Nam concentration was wiped out at Les Rezieres, west of Hanoi, when surrounded by tanks, the communiqué said.

U.S. REPORTER SHOT BY SNIPER IN HANOI

Hanoi, Indo-China, Feb. 8 (A. P.).—Michel S. Moutschen, Associated Press correspondent and photographer, was wounded dangerously by a sniper's bullet today as he accompanied French troops in a crossing of the Rouge River outside Hanoi.

Moutschen, two correspondents of the French Press Agency and another for the Paris newspaper, L'Epoque, were with the troops when the unit came under Viet-Namese sniper fire.

A bullet entered Moutschen's neck, injuring his spine and causing a severe throat hemorrhage. He was taken to the Lanessan Hospital in Hanoi, where doctors said his condition was critical.

Moutschen, a Belgian who became an A. P. correspondent last June, has been covering the fighting between French and Viet-Nam nationalists in Northern Indo-China since last December 19. French Government officials, visiting him in the hospital, awarded him the Croix de Guerre. (ADD)

France Cuts Prices Another 5 Percent

PARIS, Feb. 8 (AP).—France's war against inflation went into its second stage tonight when Premier Paul Ramadier announced in a broadcast to the nation a second 5 percent cut in all prices and fees, effective "during the course of the coming week."

The first such price cut was decreed by the government during the administration of Interim Premier Leon Blum little more than a month ago.

Widow Accepts Medal for F.D.R.

PARIS, Feb. 8 (AP).—Mrs. Eleanor Roosevelt, on behalf of the late President, has accepted the posthumous award of the Medaille Militaire, highest French military decoration, to her husband, French Government circles reported today.

Mrs. Roosevelt's acceptance was sent to French Ambassador Henri Bonnet, expressing appreciation of the tribute to her husband's memory.

DAY

At the same time, Generalissimo Chiang Kai-shek notified the French Government of his acceptance. Britain's former Prime Minister Winston Churchill had previously accepted the honor.

Durant Flown Back for Trial

PARIS, Feb. 8 (AP)—The plane carrying Col. Jack Durant from Frankfort On the Main to Washington to resume his trial on charges of stealing the Kronberg jewels left Paris early today after a refueling stop.

Yugoslav Indicates He Will Sign Treaty

Paris, Feb. 8 (AP)—Marko Ristic, Yugoslav Ambassador, indicated tonight that, despite reports to the contrary from Belgrade, his country's delegation would sign the peace treaty with Italy here on Monday, but he refused to make a flat statement on Yugoslav intentions.

Ristic conferred today with Stanoje Simic, Yugoslav treaty delegation, who arrived in Paris yesterday, but in replies to queries about reports that Yugoslavia would refuse to sign, he said only:

"Maybe yes and maybe no, you will see on Monday."

The Belgrade reports said Yugoslav officials maintained they would not sign unless the treaty provisions regarding Triese weer altered to Yugoslavia's satisfaction, but since no nation can receive benefits from the treaty unless it signs, Yugoslavia would be deprived of territorial accessions and reparations if it refused.

War Guilt Laid To Five German Industrialists

U. S. Says Friederich Flick and 4 Associates Gave Aid to Nazi's Worst Acts

NUERNBERG, Feb. 8 (AP).—Five German industrialists were charged by the United States today with complicity in the worst deeds of Adolf Hitler's politicians and generals and with profiting enormously from Nazi aggression.

In the first attempt by any single Allied nation to fasten war guilt on German industrialists, Brigadier General Telford Taylor, chief American prosecutor, served a fourfold indictment against Friederich Flick, sixty-three, and four men associated with him in a steel and iron enterprise second only to that once controlled by Hermann Goering.

The indictment charged the five men with participating in and profiting from a slave-labor program in which conscripted workers were killed and tortured, plundering the industry of occupied countries, using Nazi racial policies as an excuse for squeezing Jews out of business and appropriating their holdings and financing the S. S. (Elite Guard).

Flick was said by American investigators to have had even more power than members of the Krupp family. The four named with him are Otto Steinbrinck, Konrad Kaletsch, Bernhard Weiss and Hermann Terberger. These were names known throughout Germany but seldom mentioned outside its borders. Steinbrinck was indicted also as an S. S. general. All are in jail.

Flick, who was described as the "mystery man" of the Nazi economic setup, was accused of aiding Hitler as early as 1932. His group joined what was called the "Friends of Himmler" and supported the S. S. in all its activities under the direction of the former Gestapo chief, Taylor said.

Flick, 4 Other Industrialists Accused Of War Crimes

Nuernberg, Feb. 8 (AP) — The United States formally charged five German industrialists with war crimes today in an indictment linking the business brains of the Third Reich with the worst deeds of the politicians and generals.

Brig. Gen. Telford Taylor, chief American prosecutor, served the indictment against Friedrich Flick, 63-year-old industrialist who had vast power, and four men associated with Flick in a farflung iron and steel enterprise.

Named with him were Otto Steinbrinck, Konrad Kaletsch, Bernhard Weiss and Hermann Terberger—names known throughout Germany but seldom if ever heard beyond the borders.

Second Largest Concern

These five ran the "Flick concern," biggest private enterprise of its kind in Europe and second only to the Hermann Goering Works.

The indictment charges them with:

1. Participating and profiting by the slave labor program, torturing and killing conscripted workers.

2. Plundering industry of occupied countries.

3. Using the Nazi racial policy to squeeze Jews out of business and seize their holdings.

4. Financing the SS, the Elite Guard terror organization.

Steinbrinck also is indicted as an SS general.

All Now In Jail

All the accused are in jail and probably will be brought to trial in March—the first effort by any of the Allied nations to fix guilt on industrialists.

It will be entirely an American venture. Charles S. Lyon, of Alvord and Alvord, New York and Washington law firm, is in charge of the prosecution, aided by Joseph Stone, of the Labor Department, and Paul Gantt of the Interior Department.

The indictment charged Flick, a magnate who always stayed in the background, with helping Hitler from as early as 1932.

Financed Himmler SS

He and his group joined what was called the "Friends of Himmler" and practically supported Himmler's SS and all its inhuman activities, General Taylor asserted.

Flick contributed as much as 100,000 marks a year to the SS, the prosecution contended. (This would be $40,000 at prewar rates.)

The slave-labor problem was linked directly with the Nazi war effort in the bill of particulars. Mistreatment of workers and use of prisoners of war in armament plants were listed as violations of international law.

"In the course of these activities hundreds of thousands of persons were enslaved, deported, ill treated, terrorized, tortured and murdered," the bill stated.

"Inhumane Conditions"

"Flick participated in the formulation and execution of repressive and cruel policies. Between September, 1939, and May, 1945, tens of thousands of slave laborers and prisoners of war were sought and utilized by the defendants. The workers were exploited under inhumane conditions . . . armed guards, watchdogs, barbed wire . . . cruel beatings."

The group was charged with conspiring also to pillage all Europe, moving into control of foreign industry as soon as the German armies had captured an area.

The Flick concern was specifically accused of "plundering" plants in Lorraine, the Dnepr works in Soviet Russia and railroad car factories in Riga.

Got Jews' Property

"They used their connections," Taylor further contended, "to force Jews to transfer all or part of their property to non-Jews. Examples of Aryanization projects in which Flick, Steinbrinck and Kaletsch were involved included the extensive brown coal properties in Central and Southeastern Germany owned by the Petschek family."

Taylor asserted that about 30 German business leaders formed an inner circle of support to the SS and that Flick and his group were members from the beginning.

Others within the circle were leaders in I. G. Farben, Wintershall Chemicals, North German Lloyd, Hamburg-American Shipping Lines and the Dresdener Bank.

Suggested By Hitler

This was formed "early in 1932 at Hitler's suggestion," Taylor said, and "it participated in effecting Hitler's rise to power.

"The circle met regularly up to early 1945 and was a means of maintaining close co-operation between the largest business and industrial enterprises and the German Government, the Nazi party and the SS.

"Each year the circle contributed about 1,000,000 marks ($400,000 prewar) to Himmler."

New Nuernberg Volume

WASHINGTON, Feb. 8 (AP).—The War Department said tonight that its publication of documents on the trial of Nazi war criminals at Nuernberg should "leave no grounds for skepticism of 'atrocity propaganda" such as developed after the first war."

The Army's statement accompanied issuance of another of the series of eight volumes detailing Hitler's scheme of conquest.

The department said the treachery and barbarism of National Socialism is not only proved "but admitted in the abundance of methodical records with which the Nazis convicted themselves" and which are contained in the series.

The latest volume includes new details concerning the vain effort of the United States to have Alfried Krupp indicted as a major war criminal with his father, Gustav Krupp von Bohlen und Halbach. Action against the elder member of the great German armaments firm was suspended when doctors told the court he was neither physically or mentally capable of standing trial.

The text of the motion by the American prosecution shows the trial of the younger Krupp was sought because he was the active head of the firm producing Hitler's armaments, not as a substitute for his father.

Alfried Krupp, the motion contended, became sole owner of the Krupp enterprises in 1943 by agreement between the family and the Nazi government and after the elder Krupp, "getting on in years," had become chairman of the board and had made way for his son in the presidency.

The Krupps, father and son, "led German industry in violating treaties and international law by employing enslaved laborers . . . and by compelling prisoners of war to make arms and munitions for use against their own countries," the motion said.

Prince Philip Von Hessen Interned 41 Months

Darmstadt, Germany, Feb. 8 (AP). Queen Victoria's great-grandson ate a meal of watery soup from a tin pail today and counted himself luckier than most of the 11,240 hungry former Nazis in "Camp Despair."

"After 20 months imprisonment under Hitler and 21 months under the Americans," said frail, wizened Prince Philip von Hessen, "I have learned how to take it."

Former Coal Bin

In a crowded former coal bin of the headquarters of the Darmstadt German civil internment enclosure, dubbed "Camp Despair" by its inmates, the 50-year-old nobleman sat on his wooden bunk and listed these gifts of fortune:

1. Because of his seniority as a prisoner, he sleeps with a few score others in the warm basement of a building instead of in an icy canvas tent like thousands.

2. Called as a witness at the Dachau trial of Flossenburg concentration camp guards, he spent a month in the Dachau hospital, "where the food was very good, for a change."

3. United States Ambassador Robert Murphy recently relayed a letter to him from his parents-in-law, former King Vittorio Emanuele of Italy and his ex-Queen, now living in exile in Alexandria, Egypt. It was the first news he had received from them in many months.

Ringed By Barbed Wire

The Darmstadt enclosure, ringed by barbed wire and armed outposts, is a grim answer to claims by anti-American propagandists that "de-Nazification is a farce" in the United States zone.

Operated by the State of Greater Hesse, with 570 poorly paid German guards, the enclosure, for men only, is entirely dependent on the German economy and its food ration theoretically is supposed to equal the outside scale of 1,550 calories daily.

The inclosure got its nickname, "Despair," when inmates discovered its nine de-Nazification courts had completed only 658 cases in five months and reckoned it would take eight years, at this rate, to give all a hearing.

Wears Prewar Clothes

Neatly groomed in prewar clothes—he had washed himself with a precious bit of ersatz soap—Prince Philip said he hoped his turn for a de-Nazification hearing might come before the end of 1947.

Although he joined the Nazi party in 1930, the law will allow him to request leniency, for he ultimately was persecuted by the Nazi Government.

"Hitler had me thrown into solitary confinement in Flossenberg in September, 1943, because of the Italian capitulation and my connection with the royal family," he said.

Wife Lured By Gestapo

"But the cruel thing was when Gestapo kidnappers lured my wife, Princess Mafalda; from the Vatican to the German Embassy in Rome, pretending I was telephoning her from Germany. She had just seen our four children on her return from the funeral of my brother-in-law, King Boris of Bulgaria.

"I was still in solitary confinement when she was killed by a bombing at Buchenwald in 1944. A slanderous lie has been spread that I betrayed her to save myself. It is a shocking lie."

On a shelf above his bunk, the Prince keeps a photograph of his dead wife, wearing a tiara from the $1,500,000 collar collection of Hesse crown jewels, the ones stolen after the war.

"Most of the jewels are still missing," the Prince said matter-of-factly.

Ritter von Epp, Nazi Governor Of Bavaria, Dies

General Aided Hitler From 1923, Fled Munich After Brief Defense in 1945

MUNICH, Feb. 8 (AP).—General Franz Ritter von Epp, seventy-eight, former Nazi Governor for Bavaria and one of Adolf Hitler's first military supporters, died here, German newspapers reported today.

Epp, who commanded a Royal Bavarian Infantry regiment in World War I, led the brief defense of Munich in 1945 but fled before American troops entered the city. His last leading role was as the self-appointed leader of a separate Bavarian government which tried to reach an armistice with the Americans. His offer was rejected.

Acquired "von" in 1906

Born in Munich as plain Franz Epp, the general acquired the "von" in 1906 when he became a company chief of the Bavarian Infantry Life Guards, in which all the other officers were noblemen. The "Ritter" indicated knighthood won for gallant conduct before Verdun in World War I. The title accompanied the highest Bavarian military distinction, Max Joseph's order.

Perhaps because of his commoner beginnings, Epp was among the first Prussian officers to interest himself in Hitler. Captain Ernst Roehm introduced the two in Munich in 1920, when the Reichswehr was more worried about the threat of Bolshevism than anything else and Epp was in command of the Munich garrison.

He supplied Hitler with funds to purchase a little newspaper, the "Voe'kischer Beobachter," which later became the Nazis' official organ. He also interceded with the army in 1923 to get Hitler permission to hold the Munich rally which developed into the unsuccessful Beer Hall Putsch.

Earlier the general had organized his own "free corps" to throw a Communist government out of Munich. He became a professed Nazi in 1925. He was the first Nazi member of the Bavarian Parlia-

ment, being elected in 1928.

When Hitler came to power in 1933, Epp was made Governor of Bavaria, a position he held until he fled before the advancing American armies.

One vision Hitler and Epp shared was that of a colonial empire for Germany. As a young lieutenant Epp had served in China during the Boxer Rebellion and in German Southwest Africa. As soon as he had Bavaria firmly in hand for his chief, he turned his efforts to the regaining of Germany's "stolen empire."

As head of the German Colonial Bund he trained young Nazis in Germany's colonial history, in the economic advantages of colonies and in the reasons behind Germany's demands for the return of its colonial possessions.

Assailed 'Chains of Versailles'

He thundered out speech after speech about "throwing off the chains of Versailles," which, he said, meant "expanding our colonial territory which has been limited by our enemy."

However, when the fall of Munich was imminent, he finally turned against his leader and took to the radio to proclaim himself "provisional leader of the Bavarian Freedom Movement."

In an announcement read to the panic-stricken Bavarians, he said he had decided "in the name of humanity as well as common sense" to throw off the yoke of Nazism so "this senseless slaughter will cease," and he called on "all those throughout the German Reich or foreigners who join the ranks of liberty" to enter the fight.

Soldier Acquitted In Shooting of Girl

Berlin, Feb. 8 (A. P.).—A United States Army court martial acquitted today Corporal Donald L. Johnson, 26 years old, of De Kalb, Ill., of a murder charge growing out of the fatal shooting of a Berlin girl during a quarrel.

Johnson testified that the girl was shot accidentally in the head when he tussled with her for possession of a pistol with which she was threatening to commit suicide.

TO SIGN PACT, ITALY IS TOLD

De Gasperi Hopes Treaty Terms Will Be Softened

Rome, Feb. 8 (AP)—Premier Alcide de Gasperi told the Constituent Assembly tonight that his Government "took upon its poor shoulders" responsibility for signing the Italian peace treaty in Paris on Monday in the hope that its terms might be softened between the period of signing and ratification.

He expressed confidence that the victors of World War II would await the Assembly's ratification before starting to apply the treaty, and suggested that the United Nations might be a court of appeal.

"Who tells you that the Parliament of the United Nations, each one of which is so sensible to public opinion, will remain permanently deaf to the appeals coming from this, our popular representation (the assembly)?" he asked.

Officials in the Foreign Ministry said strong diplomatic protests against the treaty terms would be sent to Washington, London, Paris and Moscow at the hour of signing. This procedure was decided upon when the Italian representative in Paris was advised that he was expected to sign the treaty in silence.

To Sign Italian Treaty.

Rome, Feb. 8 (A. P.).—Marchese Antonio Meli di Soragna, Italian Ambassador to France, was en route today to Paris, where he will sign the Italian peace treaty on Monday and, if possible, will protest against its terms.

The Government already has agreed to placing Italy's signature on the new treaty—subject to later ratification by the constituent assembly—but was drafting a message of protest for presentation at Monday's ceremony.

News from Paris that only Foreign Minister Georges Bidault of France, as the host, would be permitted to speak at the ceremony put a damper on this idea, but Foreign Office functionaries discussed the possibility of holding a special session of the assembly on Monday as a sounding board for Italian disapproval of the treaty.

Italian Assembly Elects Red

ROME, Feb. 8 (AP)—The Italian Constituent Assembly chose Communist Umberto Terracini tonight as its new president to replace Socialist Giuseppe Saragat, who resigned after his party split over opposition to cooperation with the Communists.

8 Shot in Attack On Bus in Spain

VALENCIA, Spain, Feb. 8 (AP).—A band of about 15 men attacked a Madrid-Valencia bus on the main highway last evening and eight passengers were wounded as the result of sub-machine gun fire when the driver refused to obey signals to stop, bus line officials reported today.

The bus was riddled near Bunol, 25 miles from Valencia. Most of the passengers were slightly injured by flying glass.

Albania Charges Border Violation

Athens, Feb. 8 (AP)—A United Nations Commission, here to investigate Greece's complaint of border violations by Albania, Bulgaria and Yugoslavia, was told by Albanians today that Greeks had violated Albania's border 172 times since liberation.

They said six persons had been killed and much livestock stolen. The commission postponed till Monday a meeting scheduled for this afternoon.

Meanwhile, dispatches said today that four soldiers and seven members of a band were killed and a number wounded on both sides when a band 300 strong attacked a military unit at Sperghias, about 30 miles west of Lamia.

Red Writer Raps War Apprehension

MOSCOW, Feb. 8 (AP).—Pravda's international affairs commentator, David Zaslavsky, turned his editorial wrath today upon persons he said were trying to inflame Canada against the Soviet Union and attempting "to plant alarm, uncertainty and apprehension over war amid broad circles of people."

He said Randolph Churchill, lecturer and son of the wartime British Prime Minister, was among these.

"The American journalist White" also was included in Zaslavsky's attack. The journalist was not further identified.

The article also singled out Premier George A. Drew, of Ontario, and Beverley Baxter, British member of Parliament, as among those guilty of "anti-Soviet slander."

7 USSR Republics Set For Vote

Moscow, Feb. 8 (AP)—Seven of the U.S.S.R.'s sixteen republics will elect delegates tomorrow to their respective supreme soviets. Balloting in the other nine republics will take place soon.

These elections roughly correspond to the state elections in the United States, but one feature of Russian voting is that more than 90 per cent of the registered electorate are expected to cast ballots.

Voting is scheduled in the Russian Soviet Federated Socialist Republic and the Azerbaijan, Armenian, Lithuanian, Ukrainian, White Russian and Georgian republics.

All members of the Politburo have been nominated in several places on a ticket that includes members of the Communist party and nonmembers.

There is no likelihood that the nominees will not be elected. It is only a question of what percentage of the votes cast they will receive.

The Russian citizen can either vote for his candidate or cross out his name, just as he did in the elections last year for the supreme soviet of the U.S.S.R.

There is no compulsion for anyone to vote.

There are relatively few military persons among the candidates.

Egypt Senators Bar New British Parley

Cairo, Feb. 8 (AP)—The Egyptian Senate's Foreign Relations Committee rejected today a suggestion by former Premier Ismail Sidky Pasha that direct negotiations be renewed with Britain for revision of the 1936 British-Egyptian treaty.

Premier Mahmoud Fahmy Nokrashy Pasha informed the Chamber of Deputies January 27 that negotiations had collapsed and that the problem would be submitted to the United Nations.

British Seal Off Jerusalem Roads

JERUSALEM, Feb. 8 (AP).—British troops sealed off approximately three-fourths of Jerusalem to civilian traffic today in what the military described as part of a "master plan" to bulwark the Holy Land against fresh outbreaks of terrorism.

In London Arab delegates to the Palestine Conference studied the latest British proposal for settling the Holy Land problem. The plan was reported to call for admission of 100,000 European Jews to Palestine—a step one Arab statesman said would "mean war."

4 COMPOUNDS ROPED OFF

British troops, moving swiftly in heavy mid-day traffic, closed in with barbed wire four "security compounds" established in some cases by the earlier eviction of 1000 Jewish residents of Jerusalem from their apartments.

Sealing off of the traffic lanes leading into the main part of the city made the whole of New Jerusalem, including modern residential and shopping districts, inaccessible to all but military traffic.

Said one military observer: "Whatever you Americans think of it I'd like to point out that this town is now secured. I defy anyone to pull a job and get away with it."

He described the whole scheme of security measures as one of "segmentation" in which each of the various sections of modern Jerusalem was isolated from the others.

GRUNER FATE AWAITED

Tension in the Holy Land continued to grow to the highest pitch in months with two impending decisions contributing to the situation.

Jews awaited word on the fate of Dov Bela Gruner, Irgun Zvai Leumi member under sentence of death. Many feared that his hanging would touch off new violence, to be met by the British with stern reaction, perhaps martial law.

Both Jews and Arabs awaited formal British announcement of their plan for splitting Palestine into semi-autonomous Arab and Jewish states.

Arabs Weighing British Palestine Plan

London, Feb. 8 (AP)—A new British Cabinet plan for the Holy Land faced the scrutiny today of Palestine Arab leaders.

Jewish Agency leaders were expected to be given the formula possibly today.

Jamal Husseini, head Palestine Arab delegate here, was handed the plan last night but put off its consideration until this morning because, "I'm sure it would ruin our night's rest."

The Cabinet plan was based on a compromise between Foreign Secretary Ernest Bevin and Colonial Secretary Arthur Creech Jones.

Informed sources said it called for the immediate entry of 100,000 displaced European Jews, in place of the current 1,500 a month.

Other Provisions

Informants said the Bevin-Jones compromise also envisaged:

1. An amended 'Morrison plan.' [This plan would have divided Palestine's 10,429 square miles into a British zone in the strategic Nageb desert, Arab and Jewish provinces with limited authority and a neutral Jerusalem.]

2. British supervisory control for at least five years, with reconsideration of the situation at the end of that time.

3. Immigration authority in the hands of a central administration.

Bevin Fears "Holy War"

Creech Jones was said to have proposed that no limit be put on the number of Jews to be let into the Jewish parts of Palestine. Bevin was represented as fearing an Arab 'holy war" if this proposal were adopted.

Creech Jones, informants reported, contended that the Jews should be given more than the 1,500 square miles allowed them in the Morrison plan—and won his point.

No indication was given as to how much the United States would be called upon to help.

Russians Blame British For Palestine Trouble

Moscow, Feb. 8 (AP)—An *Izvestia* writer said today that the real meaning of the suggested partitioning of Palestine is the continued British domination of that country.

The commentary said the British press was seeking to justify delay in winding up the Palestine talks on the grounds of the old struggle between the Arabs and Jews.

The commentator added that "it is not a mere accident that many observers connect the plan of dividing Palestine with the British project of a so-called Near-Eastern bloc."

"A regrouping of states is going on in the Near East," *Izvestia* continued, "in accordance with the strategical and political plans of England in this part of the world. The national interests of the peoples in the Arabian East are being sacrificed to imperialistic ambitions."

Burma Freedom Plan Labeled 'Sellout'

Rangoon, Burma, Feb. 8 (AP)—Opponents of Britain's plan to bring independence to Burma, asserting that they had been "sold out" by U Aung San, will meet tomorrow to attempt to form a united front against the proposal.

Some sources predicted outbreaks of violence prior to April's election of delegates to a Constituent Assembly which will write a constitution for this nation of approximately 262,000 square miles.

U Aung San, head of a six-man Burmese delegation which conferred in London with British officials on terms of the new agreement, returned Sunday and quickly obtained approval of the plan by his party, the Anti-Fascist People's Freedom League, which is Burma's dominant party. The proposal also was approved by the governor's executive council.

Seek Retaining Control

Most observers believe that U Aung San will retain his political control despite opposition outside his party and will win a vote of confidence from the AFPFL supreme council at a meeting scheduled February 15.

Leader of the opposition has been Thakin Ba Sein; one of the two dissenting members of the London delegation, who has asserted that "U Aung San and his AFPEL are washed up."

Among the parties which he hopes to bring into the opposition camp are the Thein Pe-Than Tun White Flag Communists, said to be the second strongest political gronp in Burma. He claims to have support of former Premiers U Saw, head of the Myochit party, and Dr. Ba Maw, who headed the Burma Government during the Japanese occupation.

Under terms of the agreement, Burma will decide whether to remain in the British Commonwealth as a dominion or whether to sever all ties. An interim Government was authorized to govern the country while a new constitution is being drafted.

Jap Assassination Of Premier Foiled

TOKYO, Sunday, Feb. 9 (AP).—An assassination plot against Premier Shigeru Yoshida was reported foiled today and a Japanese arrested as the arch-conspirator was described to police as mentally unsound.

NIGHT

Kyodo News Agency, without any official confirmation, asserted that a well-laid plot had been foiled with the arrest of 25-year-old Asao Yamakawa, at Matsuyama, on the southern island of Shikou.

The agency said Yamakawa was armed with a pistol and quoted him as saying 10 others were in the conspiracy, including three already in Tokyo.

Plot To Kill Yoshida Is Reported Foiled

Tokyo, Feb. 8 (AP)—Plans for the assassination of Premier Shigeru Yoshida were frustrated today with the arrest of a would-be assassin by police in Matsuyama on Shikoku Island, Kyodo news agency reported.

The prisoner, identified as Asao Yamakawa, 25, of Matsuyama, was reported to have had on his person when arrested a pistol and complete plans for carrying out the assassination.

AX

Yamakawa reportedly asserted he had ten comrades in the plan, three of whom were already in the Tokyo area. Tokyo metropolitan police force began an immediate investigation.

United States 8th Army headquarters at Yokohama and 1st Corps headquarters at Kyoto, which has control of the area of the arrest, said they had no knowledge of the reported plot.

Troops Honor Retiring Major.

Tokyo, Feb. 8 (A. P.).—Seventeen hundred General Headquarters troops paraded in the Imperial Plaza today in honor of Major Walter Estes, headquarters adjutant, who will leave Tokyo next week to retire after twenty years in the United States Army. Estes, from Providence, R. I., joined the Army as a private in 1917.

Hospital Ship to Sail for U. S.

TOKYO, Feb. 8 (AP).—The hospital ship Comfort will sail from here for San Francisco via Manila on Monday, it was announced today. The ship will carry 260 patients and will take on board 100 more at Manila.

Germans Leaving Japan

TOKYO, Feb. 8 (AP).—German internees in Japan will be returned home aboard the United States ship Marine Journal, which will sail from Yokohama Feb. 14, it was announced today. The internees are being assembled by the relief board at Uraga, near Yokohama.

3 Soviet Fishing Boats Safe

Frozen Hands and Blood Poisoning Suffered by Many Aboard

YOKOHAMA, Feb. 8 (AP).—Three small Russian fishing vessels which had been caught in a storm for ten days in the Sea of Japan and blown far off their course made port today at Wajima, on the west central coast of Honshu. The Russians reported that one ship had been sunk in a collision in the storm, but that all crew members had been rescued.

Several of the thirty-seven men and women on the three vessels were in urgent need of medical treatment, two with frozen hands and two from blood poisoning. They were sent to a military government hospital.

Vandenberg Says He Is Not '48 Candidate

'I Don't Expect To Be and Have No Wish To Be,' He Tells Newspapermen

Specifies U. S. Price For Yielding Bomb

Would Outlaw Strikes Against Government or Against the Public

By The Associated Press

GRAND RAPIDS, Mich., Feb. 8.—While appreciative of the "compliment," Senator Arthur H. Vandenberg, Republican, of Michigan, emphasized to newspaper men today that he was not a candidate for the Republican Presidential nomination.

Michigan's senior Senator said: "I am not a candidate for the Republican Presidential nomination, I don't expect to be and I have no wish to be, but a man would be entirely numb if he were insensible to the compliment the suggestion implies."

Later, leaders at the Michigan spring Republican state convention sidetracked a resolution indorsing Senator Vandenberg for President. There were reports, however, that the leadership intended to keep the Michigan delegation committed sub-rosa for Mr. Vandenberg and place him in position for Presidential maneuvering.

Senator Vandenberg's statement on the Presidential question preceded his address to the convention in which he made his first speech on domestic issues in two years.

Atom Bomb Condition

He also spoke out emphatically on world issues saying: "We shall not disarm alone. We shall take no sweetness and light for granted behind the iron curtain which still blacks out great sectors of the earth. . . . But we will joyfully match the utmost limits of disarmament to which other great powers will go, if there be summary disciplines which guarantee against bad faith.

"In the greatest exhibition of international good will since time began, America is prepared to abandon the advantage of the atom bomb if, as and when this renunciation is protected by totally and provable competent inspections and controls, if, as and when the world in general—and Soviet Russia in particular—agrees to swift and conclusive punishment ress in the law respecting labor-management relationship."

which shall stop treachery at its source.

"This is our price; and the price must be paid. We shall not trust alone to fickle words. Too many words, as at Yalta and at Potsdam and in Poland at this very hour, have ben distorted out of all pretense of integrity. We ask nothing for ourselves. We ask everything for peace."

He emphasized to newspaper men that his return to the domestic stage after long attention to foreign affairs did not mean a switch of interest.

"I can't be the senior Senator from Michigan and president of the Senate and continue intimate day-to-day labor with the peace mission," he said. "A man in my position is not needed on routine matters but at the major points, and I'll still be there at the major points."

In his address the Senator said: "The success of the Republican party is my only interest in 1948. I charge you to ignore all considerations of localized allegiance, if such there generously be, and when the time appropriately comes, to join freely in the nation-wide Republican quest for the best available next President of the United States."

Senator Vandenberg declared in his address that "international peace is not likely unless America can achieve domestic peace.

"It is sheer suicide," he asserted, "for labor and capital to ever be at each other's throats; and it is wanton neglect of the public welfare, including the true welfare of every man who toils, to longer ignore the need for rational prog-

Suggesting the need for "some new law" to strengthen labor-management co-operation, the President of the United States Senate proposed that:

"Strikes against the government, or summary strikes against public health and safety, like any other civil rebellion, cannot be tolerated;

"Jurisdictional strikes and secondary boycotts must stop;

"Unions must be made as effectively resonsible for the integrity of contracts as are their employers;

"The new monopoly-power of labor leadership must be tempered with greater rank-and-file democracy;

"Violence and force must be as illegal here as in every phase of life under law in America."

The Republican Congress, Senator Vandenberg said, intends "to do something about this scandalous portal-to-portal outrage, which violates every American concept against ex-post-facto laws; which abuses the legislative intent of Congress, not a man of whom remotely contemplated such a perversion when the wages-and-hours act was passed; which threatens the solvency of many a business and the jobs of its employees, to say nothing of the Treasury of the United States."

"Imagine," Senator Vandenberg asked, "what labor would say if the courts, in a reverse situation, were to find some excuse for employers to go back over the years and recapture some of the wages paid upon jobs long since finished and forgotten. The principle of the thing cannot be allowed to stand if any sort of stable economy is to save America."

Vandenberg Talk to His State Party

GRAND RAPIDS, Mich., Feb. 8 (AP)—Following is the text of Senator Vandenberg's address tonight before the Michigan Republican Convention:

I am happy to greet the militant, forward-looking, forward-marching Republicans of Michigan at a moment of both triumph and dedication. It is my first opportunity to thank you for your generous support throughout the last campaign when I was unavoidably absent on business for the nation and for peace. The result required no recount. I thank you from a very grateful heart; and I pledge you every effort within my power to vindicate your faith.

This is also my first opportunity to present my compliments to Michigan's new, hard-riding, hard-fighting Republican leader for whom the honor and integrity of the people's government takes priority over every other trust. I salute him with complete conviction that Governor Sigler will brilliantly serve the Commonwealth which has so spectacularly acclaimed him its first citizen.

This also is my chance to pay tribute to my Republican colleagues from Michigan in the Congress at Washington. Michigan, indeed, has come into her own. Five important chairmanships out of nineteen in the streamlined House of Representatives are held by Republicans from Michigan as is also the Republican Conference leadership; and, in the Senate, I am proud to report that the junior Senator from Michigan, Mr. Ferguson, has made a more powerful place for himself in four years than any first-termer I have ever seen. He comes pretty close to being the keeper of the Senate's conscience. At any rate, it is in the best of hands when he walks sentry post.

I feel sure, Mr. Chairman, that Republicanism will justify their new responsibilities and thus, by deserving works, will assure America's final and complete achievement of sane, sound, solvent Republican administration in 1948. I hasten to add that this is my only interest in 1948. I charge you to ignore all consideration of localized allegiance, if such there generously be, and, when the time appropriately comes, to join freely in the nation-wide Republican quest for the best available next President of the United States.

But having thus set the long-range sights, I prayerfully suggest that we forget 1948 for the time being; that we concentrate on the critical tasks at hand; that we undertake to "deliver the goods"; and that we proceed on the invincible theory that "the best service we can render" is the "best politics we can play."

Calls for Full Freedom

In these perilous times which require all the vision and all the courage we can muster, we are once more at Gettysburg with Lincoln as he pleads that government of the people, for the people and by the people shall not perish from the earth. Republicanism—now as then—is not an end within itself. It is the means to an end.

The end is the healthy preservation here in the United States of free institutions, free enterprise and free men, amid a disorganized and distraught world not yet recovered from the shock and wreckage of total war. The end is the restoration of those stabilities which shall rekindle the hopes of all Western democracy everywhere that here is the true way of life, liberty, happiness and peace.

The end is the maintenance of this bulwark against all the sinister forces of subversion, no matter how plausible their guise, which thrive upon chaos and treachery and confusion, and which threaten not only the freedoms but the very souls of men.

The American people have turned to the Republican party as the means to these ends. We must not let them down. The task is bigger than any party. It is as big as destiny itself. It forecasts not only the kind of a country but also the kind of a world in which we shall live.

If we concentrate upon this task, we shall find that we have raised standards to which men and women of all parties will repair. And, so, my fellow Republicans, let this be our grand strategy. Let us plan to win because we deserve to win, and because America "wins" with us.

This should not be too difficult for men of good will, common sense, Lincoln tradition and constitutional fidelity. Indeed, here at home, there probably is no reason why the people of the United States should not right now be upon the threshold of their greatest era of sustained, mass prosperity.

If we quit abusing our illimitable opportunities; if we quit making senseless war against each other here at home; if we quit false theories of fake economics, still dished up by the repudiated peddlers of yesterday's nostrums; if we quit corruption including corruption of the spirit; if we quit shackling initiative and stifling thrift; if we quit the tyranny of bureaucrats and pressure groups and special interests; in a word, if we quit aborting the American way of life the future is rich with cheer. I take it, Mr. Chairman, that we have a mandate from the American people not to quit ourselves until all the rest of the "quitting" is accomplished.

"America Has the Resources"

America has the resources. It has every element for a great and wholesome prosperity. It has this great chance. I sometimes wonder if our people fully realize their relative blessings, particularly when they allow themselves even temporarily to flirt with alien lures or with the phobias of some of our high-faluting domestic crackpots and fellow travelers or with the melancholy nonsense of such distinguished, so-called "liberals" as the top agitator of them all who warned us in 1945 that we would have from six to eight million unemployed in 1946. Let me give you an exhibit which points a moral to adorn this tale.

At the last General Assembly of the United Nations, we had to allocate to each of the fifty-five member nations its share of the annual budget on the basis of relative capacity to pay. Experts presented an intensive study of the subject and said the United States has 50 per cent of the total income capacity of all these fifty-five nations.

I fought the accuracy of this study as a basis for assessments. But I said to my Soviet colleague and his satellites: "If our economic system is so good that 5 per cent of the people of the earth have anything like 50 per cent of all its income capacity, then our economic system ought to be made mandatory for all members of the United Nations so they can catch up with us."

Soviet Reply Is Quoted

That rankled for about ten days. Then I got this public answer from my Soviet colleague: "You have put the wrong interpretation on these statistics; they do not testify to the superiority of your economic system; they simply reflect the fact that not one bomb

fell on America in World War I and not one bomb fell on America in World War II."

Mr. Chairman, we both were right. On the one hand, it is very necessary for us to remember that, despite all our tremendous sacrifice and loss in the war, we were mercifully spared the physical destruction which made a tragic shambles of countless Allied areas—and we are not through with our war responsibilities until we have cooperated in their recuperation.

On the other hand, if, even in the presence of these dislocations, the United States, with 5 per cent of the earth's population, has even 40 per cent of the world's income capacity (and that is the temporary figure finally certified), our system of free enterprise and free men is demonstrated to be the best on earth. We would be fools to desert it in any respect. It must be faithfully nourished and maintained. And that is what the American people said with their ballots last November. And that is our Republican job.

Peace at Home Held Vital

Now, my fellow countrymen, this calls, first of all, for peace—and I mean peace at home. With this tremendous heritage, it is sheer public suicide for labor and capital to be ever at each other's throats; and it is wanton neglect of the public welfare, including the true welfare of every man who toils, to longer ignore the need for rational progress in the law respecting labor-management relationships. I hasten to say that the surest improvements will be those which flow from voluntary agreements and from mutual acceptance of the axiom that in the long run capital and labor will sink or swim together. Their destiny is indivisible.

But some new law seems unavoidably required—not in a punitive spirit of revenge because of recent threats to the whole national life, but in a spirit of prudent preparedness against a repetition of evils which must end for the common good, including the good of healthy organized labor itself.

I am thinking, for example, that strikes against the Government or summary strikes against public health and safety, like any other civil rebellion, cannot be tolerated; that jurisdictional strikes and secondary boycotts must stop; that unions must be made as effectively responsible for the integrity of contracts as are their employers; that the new monopoly—power of labor leadership—must be tempered with greater rank-and-file democracy; and that violence and force must be as illegal here as in every other phase of life under law in America.

I would protect labor's total right to free collective bargaining—on a two-way, fair-play basis—to the last ditch. I would not retrogress one inch. But free, collective bargaining will be the more impregnable when it is reasonably mutualized and when it is purged of the excesses which cost it so heavily and so dangerously in popular good-will.

I would seek for labor the highest practicable wage. Our national economy requires it. But I would recognize the fact that high wages must be accompanied by high production or high prices will continue to nullify the net gain and will pyramid to ruin for all concerned—despite reliance too often on fanciful, deceptive, self-serving statistics to the contrary.

I should like to hear an authentic labor voice in the United States saying what the seasoned president of the British Trade Union Congress recently said: "We shall have to re-examine many union trade practices where they tend toward restriction on production."

"If high real wages—high purchasing power for workers—is the goal, our own leadership must preach the gospel of high production."

In view that way lies high wages, low prices and a minimum of friction. Then if you will add a constant study of the flexible "profit-sharing principle"—despite its complications and its difficulties—and if we may reduce work stoppages to a minimum, we may find the greatest good for the greatest number, and we can here perpetuate free enterprise for free men under an economic system which is the envy of the "common man" all round the globe.

The advantage, to say nothing of the joy, flowing from the current lull in industrial strife—compared with 113,000,000 man-days of idleness from this source last year—is a stimulating sample of the universal importance of pursuing these objectives to the last attainable degree.

End of War Controls Urged

Now, Mr. Chairman, let me repeat my theme. The people have told us with their ballots that they want this system nourished and maintained, and this is our Republican job. There can be no doubt this means the earliest possible termination of all war controls—with rare and temporary exceptions where supply lags far behind demand.

It means the utmost voluntary restraint in pricing lest shortsightedness invite consumer reprisals. It means the maximum demobilization of bureaucrats and overlords. It means that "red tape" must be fought as relentlessly as "red ink." It means aggressive social progress without State socialism—and nowhere has this possibility been better demonstrated, as in public health, than right here in Michigan.

It means the vigilant preservation of free competition against monopoly. It means a chance for "little business" as well as "big" and certainly it means sleepless battle against the poison of imported subversion which gnaws not only at our livelihoods but also at the very foundation timbers of the republic.

It means also an end to waste and extravagance in Government; and end to the morass of deficit spending; a beginning of sound fiscal policy which reduces expenditures, public debts and taxes—each in its own time and place.

The President's budget of 37½ billion dollars is timid medicine. It requires major surgery. It would mean that in our third post-war year we shall be spending 38 per cent of our wartime maximum.

By contrast, in the third post-war year after World War I, expenditures had fallen to 19 per cent of the wartime level. Further, the proposed 37½ billion expenditure compares with only 13 billions in the last pre-war budget of 1940 and is four times our budget in 1939.

New Deal Recklessness Hit

Such comparisons make a mockery of the President's budget, and suggest a congenital hangover from the reckless New Deal yesterdays when a dollar too often was just something to print instead of something to earn.

The Republican pruning knife is out and sharpened. It must not cut at the expense of adequate national defense during this critical era when there are still great powers which think only in terms of force. It cannot cut at the expense of our veterans. It must not be Shylock's knife.

But it can and it must cut at the expense of every dispensable expenditure in the vast and still swollen Federal machine. The benefits must go, first, to a reasonable reduction in the public debt which is a priority mortgage upon everything that any of us own or hope to own; and then it must go to reasonable relief for the hard-pressed taxpayer particularly in the lower brackets where the increased costs of living have imposed a particularly cruel burden.

Republican administration cut the national debt 40 per cent in ten years after World War I. Republican administration also cut the people's taxes. Yes, and it is significantly worth remembering that every time the rates went down the resultant revenues went up.

I venture the belief that the country this year will enjoy sound fiscal management for the first time in fourteen prodigal years.

Now, Mr. Chairman, I should like to submit a few swift paragraphs on a few other matters before coming to my final and most important theme of all.

I should like to say that the Republicans in the Senate have insisted upon maintaining the famous "Truman Committee" for the impartial and implacable investigation of war frauds despite the united opposition of our political opponents who sought to detour this chastening justice into other hands.

It is my view that the American people want a complete and relentless audit of the 400 billions spent in the war years; and one of their mandates to us is to see that the guilty, if such there be, shall not escape the retribution due those who took illicit toll of our sacrificial flesh and blood. That's what jails are for.

Then I should like to say, Mr. Chairman, that we intend to do something about this scandalous "portal-to-portal" outrage which violates every American concept against ex-post-facto laws; which abuses the legislative intent of Congress, not a man of whom remotely contemplated any such perversion when the Wages and Hours Act was passed; which threatens the solvency of many a business and the jobs of its employes—to say nothing of the Treasury of the United States.

Imagine what labor would say if the courts, in a reverse situation, were to find some excuse for employers to go back over the years and recapture some of the wages paid upon jobs long since finished and forgotten. The principle of the thing cannot be allowed to stand if any sort of a stable economy is to save America.

Again, Mr. Chairman, I should like to say that it is the Republican purpose at this session to initiate studies which shall lead to a liberalization of coverage and benefits in old-age insurance on a pay-as-we-go basis. This involves elementary, humane and decent fair-play for those who are passing into sunset years which must not be poor-house years.

Housing Program to Fore

I should like to say that we are urgently seeking ways and means to straighten out the housing mess.

Also I have no doubt that we shall enthusiastically give the Michigan Legislature a chance to enthusiastically approve a constitutional amendment enthusiastically limiting the Presidency to two terms.

Then, Mr. Chairman, I should like to take this opportunity to make one other suggestion to the Legislature. I wish it might make it a little more dangerous for irresponsible mud-slingers to rape the truth in our political campaigns. I speak out of personal experience.

Last fall, the CIO-PAC put out a vicious, race-baiting circular in Detroit which accused me of being a leader against anti-poll tax legislation, against anti-lynching legislation, and against the FEPC—although I have consistently supported all of this legislation, without a break, from start to finish.

It was an unmitigated lie. Probably it did no harm. That is beside the point. It was a filthy fraud upon the electorate. To the credit of some CIO leaders with whom I have discussed the matter, I hasten to say they agree that any such bald perversion of facts ought to be stopped.

I do not mean these were the only offenders. There are plenty of others on all sides. Nor would I for an instant curb free speech. Nor would I fail to realize that certain latitudes of the imagination are a traditional part of our campaigns. But for the sake of decency and honest elections I wish you could find a way to put deliberate, self-confessed political libel and slander out of business.

And now, Mr. Chairman, I come finally to the subject dearest to my heart and to the heart of the nation and the world. I speak of something which utterly transcends politics. I speak of peace. I speak of stopping World War III before it starts. I speak with what I hope is justified pride in a record of Republican cooperation which has done its full part in making possible united American foreign policy in pursuit of peace with justice in a free world of free men.

If republicanism is true to its best instincts this cooperation will continue to the last, practicable degree.

None of us can face the facts of life and deny to science the grim and sanguinary credit for such progress in the bitter arts of cruel mass destruction that another total war—measured perhaps in minutes instead of months—would almost literally consume the earth. Time and space and distance no longer matter. Pearl Harbor ended one era. Hiroshima began another. Therefore, none of us can face the facts of life and deny that no nation hereafter can defend its peace alone. The peaceful nations of the world must defend their peace together.

Upholds the United Nations

They must covenant in advance against the aggressor of tomorrow. In our own enlightened self-interest, we have helped to build the United Nations, and, for the sake of our own children, we must give it all our strength and all our prayers.

I have no illusions regarding its sufficiency. It needs growth, improvement and power. But neither have I any illusions regarding its indispensability.

Already it has tempered many a situation which, under the old order, could have flamed into the raging prairie fires of conflict. It is the world's "safety valve." so long as it works, the world's boilers will not blow up. So long as we keep controversy in the council chamber it will not gradeuate to battlefields.

Under the auspices of the United Nations we hopefully approached the beginnings of world disarmament. Our own American position of international good-will in behalf of peace with justice in this tion is clear. We shall not disarm alone. We shall trust no example. We shall not repeat our mistakes of twenty-five years ago.

We shall take no "sweetness and light" for granted behind the "iron curtain" which still blacks out great sectors of the earth. We do not intend to be at anybody's mercy nor do we intend to emasculate our authority with those who still think in terms of force. But we will joyfully match the utmost limits of disarmament to which other great powers will go, if there be summary disciplines which guarantee against bad faith.

I repeat, however, that this cannot happen in ambush or on a one-way street.

Our Atom Stand Hailed

So, too, with atomic bombs. We monopolize the secret for yet a few more years. In the greatest exhibition of international good-will since time began, we are prepared to abandon this advantage, if, as and when all the world is prepared to outlaw the destructive use of atomic energy for keeps; if, as and when this renunciation is protected by totally and provable competent inspections and controls; if, as and when the world in general—and Soviet Russia in particular—agrees to swift and conclusive punishment which shall stop treachery at its source. This is our price; and the "price" must be paid. We shall not trust alone to fickle words. Too many words, as at Yalta and at Potsdam and in Poland at this very hour, have been distorted of all pretense of integrity. We ask nothing for ourselves. We ask everything for peace.

The record, Mr. Chairman, stands clear. We plan no conquests against any other power on earth. We are no shadow of a threat to any peace-loving land. We shall no longer condone or appease the conquests of others. We shall maintain maximum national defense until alternative reliances prove their dependability.

There are deadlines or our ideals which all the world must come to know we shall never again desert. To this end, we must always say what we mean and mean what we say. We will live in this world of rival ideologies, if we are allowed to do so.

For the sake of all these objectives, Mr. Chairman, we must faithfully sustain all sound efforts, both economic and political, to make collective security succeed through international cooperation, international law and wrecked and mangled world.

Our Leadership "Craved"

Anything less would be treason to our own self-interest. I hope we shall make it plain to an earth which craves our moral leadership that no change in American administrations will dilute these fidelities. As an American first, and, then, as a Republican, for myself, I take this pledge.

Ladies and gentlemen of the convention, it has been a great joy for me to have been able at long last to come back to home, sweet home with these greetings to my fellow citizens who have been so generous to me in my absence. I congratulate Republicanism upon its reborn vigor and vitality. I congratulate you particularly upon your magnificent sweep of victory in Michigan. I congratulate Republicanism upon its opportunities and then upon its destiny when we "make good."

Soon we shall be celebrating our dedication to the memory of the greatest of all Republicans, the immortal Lincoln, on the approaching anniversary of his birth. If we may catch some measure of his spirit, of his dedication, and of his pattern, we can deserve the good opinions of mankind. God willing, it is our great chance.

'LINCOLN DAY' IS CENTER OF GOP INTEREST

Work To Lag In Congress This Week As Oratory Takes Precedence

Washington, Feb. 8 (AP)—Republicans opened a week of "Lincoln Day" oratory today, keyed to the presidential prospects of 1948. So many speeches are scheduled over the country that Congress is laying off virtually all work this week. While Senator Vandenberg, (R., Mich.), declared he was not a presidential candidate, Senator Ives (R., N.J.) in a New York speech struck a blow for Gov. Thomas E. Dewey as a man who can lead the way to labor-management peace at home and who "promulgated in 1944" the United States' bi-partisan

30.24-7783

foreign policy.

Among the Democrats, the speech of party chairman Robert E. Hannegan putting President Truman's hat in the ring for 1948 still was the headliner. Mayor Edward J. Kelley, of Chicago indorsed it and called President Truman "the strongest leader the American people have today."

Rates Ahead Of Lawmaking

Representative McCormack (D., Mass.), the party whip in the House, also praised it and said:

"I don't see any reason why the Republicans get excited over Postmaster General Hannegan's speech. He expressed his own opinion, and I am in agreement with his views."

Senator Bridges (R. N.H.) had objected on the grounds that Hannegan's audience was made up of postal employés.

The speech-making lined up by the Republicans rates ahead of all lawmaking in Congress next week. Senate Republican Leader White, of Maine announced the Senate will meet briefly Monday, recess to Tuesday and then quit until Friday with another recess to the following Monday. House leaders arranged a similar schedule. Neither chamber will consider any legislation.

Ives Describes GOP Path

Under a gentleman's agreement, the Democrats will have time off likewise for Jefferson Day speeches in April.

Ives, in a speech before the Queens Village Republican Club, said the Republicans intend to follow a path "somewhere midway" between the extremes of too much and too little government. He recalled Lincoln's admonition against the Government trying to do things for the people that they can do for themselves.

In addition to crediting Dewey with promulgating the nation's bipartisan foreign policy in 1944, when he was the GOP presidential nominee, Ives said:

"Under the leadership of Governor Dewey, Democrats and Republicans, labor and management, working together, have removed from partisan politics issues of this kind [labor-management relations.]

Saltonstall In Denver

"If this can be done in New York State, with all our variations in interests, in industries and in population, it can be done in the nation."

Senator Saltonstall (R., Mass.), in a speech for a Republican dinner at Denver, said GOP chances for winning the presidency in 1948 are good. Then he added:

"But, to win it we must live up to our responsibilities and make good our promises in the next two years . . . We cannot rely, as we did last November, on negative issues."

Reds Ignore Requests To Pay Lend-Lease Debt

WASHINGTON, Feb. 8 (AP).—Undersecretary of State William L. Clayton told newsmen today the Russians have ignored four U. S. requests to begin settling their Lend-Lease debts. Clayton said even a call by Ambassador Walter Bedell Smith on the Moscow Foreign Office last month produced nothing but "conversation."

Clayton had testified at a House merchant marine subcommittee hearing that three formal diplomatic requests for settlement of accounts had, at best, received an "unsatisfactory reply."

OBJECTS TO SECRECY

When Clayton declined to disclose contents of the Russian note yesterday, Alvin F. Weichel (R-Ohio), subcommittee chairman, threatened to subpoena Secretary of State George C. Marshall.

Clayton contended that custom and protocol prevented the U. S. from making public formal diplomatic notes it receives from foreign governments. Weichel objected to what he called "secrecy of the dealings" and told reporters he would ask Marshall to disclose the Russian reply.

95 SHIPS INVOLVED

Clayton said notes were sent to the Russian Embassy here last March 18, again on Sept. 14, and a third note on Oct. 31. The first dealt with the return of 95 ships now held by Russia under Lend-Lease. The other two asked immediate appointment of negotiators to discuss settlement of Lend-Lease.

Clayton testified under questioning that Russia had not been given titles to the vessels. The original request for their return, he said, specified that the ships should be back in American ports in 60 days.

Taft Opposes Any Tax Cut Before July 1

Six-Month Delay Is Urged to Avert Piling Up of Deficit

WASHINGTON, Feb. 8 (AP).—Senator Robert A. Taft (R., Ohio) tossed a monkey wrench into plans of House Republicans for a quick reduction of income tax rates with an announcement today he would oppose making any cut effective before July 1.

This would halve the $3,500,000,000 reduction which the proposed 20-percent slash would make over a full calendar year.

Taft told a reporter that while he remains convinced income taxes can be slashed a net of 20 percent, he thinks individuals ought to continue paying at the present rate until the new Government fiscal year begins next July.

WITHHOLDING TAXES

This would keep payroll withholding taxes at their present level for the first half of 1947. After July 1 they would drop by whatever percentage Congress decided.

For persons who pay their full year's taxes in advance March 15, the Senator proposed rebates later covering the last six months of the year.

This stand by Taft, chairman of the Senate Republican Policy Committee and a member of the Finance Committee, collided directly with the announced intention of Chairman Harold Knutson (R., Minn.) of the House Ways and Means Committee to rush through a tax bill making reductions retroactive to Jan. 1. Knutson's committee has ordered hearings beginning Feb. 19.

FILING OF BRIEFS URGED

These will be limited to Treasury and Internal Revenue officials, but Knutson invited all persons "interested in the question of tax reduction" to file briefs with the committee outlining their arguments.

In explaining the decision to limit the hearings, Knutson said his measure, calling for a 20-percent across-the-board tax slash, except in the brackets above $300,000, is retroactive to Jan. 1 and added:

"To prolong the hearings indefinitely might make it necessary to defer reductions on withholding tax to May 1 or even later."

Taft has not committed himself to any particular method of attaining the 20-percent cut.

DEFICIT PILING UP

The Ohio Senator said he does not believe the Republican-controlled Congress can afford to increase the Government's anticipated deficit of $2,300,000,000 for the financial year ending June 30. A 20-percent tax reduction, carried back to Jan. 1, would pile an estimated $1,250,000,000 or more on this deficit.

"By cutting the budget for the year's expenditures after July 1, we are going to have some room to reduce taxes," Taft said. "But if we put in tax reductions before then, we'll merely be increasing the deficit that the Government piles up this year."

In any event, Taft added, he does not look for any final action by Congress until late in May or June. He apparently foresaw the possibility of a Presidential veto which might slow up, if not defeat, any tax reduction.

By that time, the Senator noted, Congress will have cleared many of the major appropriation bills and will know more surely whether expenditures will fall within revenues.

Taft's proposal for a delayed-action tax slash seemed likely to give new hope to House Republicans who have been demanding that some action be taken to balance Government outgo with receipts in the present financial year.

Chairman John Taber (R., N. Y.) of the House Appropriations Committee contends this can be accomplished if the sale of war assets can be speeded up to bring in an additional $1,000,000,000 over the amount President Truman has estimated.

Taber argues that revenues will be $1,000,000,000 more than the Treasury has calculated for the 12 months ending June 30. He holds the rest of the deficit can be made up by a cutback in appropriations made by the last Congress.

But any such plan apparently would go by the boards if income taxes were cut as of Jan. 1, so there may be strong support among House members for Taft's proposal.

Taft Drops Hope Of Trade Bill

Washington, Feb. 8 (AP)—Senator Taft (R., Ohio) said today the Republicans may as well give up hope of changing the Administration's reciprocal trade program at this session of Congress.

The Ohioan, who is chairman of the Senate GOP Policy Committee, said he is sure President Truman would veto any bill to limit the tariff-lowering authority of the State Department.

And he said there is no possibility that the necessary two-thirds vote could be mustered in both House and Senate to override a veto.

"For practical purposes," Taft said, "we can't do anything about the reciprocal trade program until next year when the present law expires Enough Democrats are certain to go along with the President to prevent repeal of the law or any material change in it."

Against Compromise Plan

Nevertheless, Taft made it clear he does not subscribe to the compromise trade proposals put forward yesterday by Senators Vandenberg (R., Mich.), chairman of the Senate Foreign Relations Committee, and Millikin (R., Col.) chairman of the Senate GOP conference.

In brief, Vandenberg and Millikin proposed that the President exercise the power they said he already has to overrule inclusion in trade pacts of tariff cuts that threaten damage to American industry.

They proposed also that "escape" clauses be put in agreements with foreign nations, by which the President could modify or wipe out cuts that "peril" business at home.

Clause In Future Pacts

Paul H. Nitze, deputy director of the State Department's office of international trade policy, said in Denver that the Administration has decided to include such an escape clause in all future reciprocal trade agreements.

In an address for delivery to the Colorado Mining Association, Nitze said the escape clause will be similar to that in the trade agreement with Mexico which permits either Government to cancel any tariff concession if "serious injury to domestic producers threatens to result."

Sees Bipartisan Policy

Secretary of State Marshall told a news conference yesterday the proposals indicated the development of a bipartisan economic policy paralleling the bipartisan approach to international political affairs. He said the suggestions will be studied very carefully by the State Department.

But Taft said he thinks the Vandenberg-Millikin compromise doesn't offer much to those who feel that Congress ought to take back part of the tariff authority it has delivered to the executive branch.

Taft Cites Objections

"Even if the President puts into effect all of the suggestions made to him," the Ohio Senator said, "I don't think they will remove any of the substantial objections to the reciprocal trade agreements program."

When the issue comes up for a decision next year, he said he will propose that the fixing of rates be turned over to the Tariff Commission under specific limits fixed by Congress.

ESCAPE CLAUSE DUE IN FUTURE TRADE PACTS

State Department Official Reveals Decision at Miners' Meeting.

PROTECTS U. S. PRODUCERS

Taft, at Capital, Warns G. O. P. to Give Up Hope of Changing Reciprocal Program.

Denver, Feb. 8 (A. P.).—A State Department official told the fiftieth annual Colorado Association convention today that the administration has decided to include an escape clause in all future reciprocal trade agreements.

Paul H. Nitze, deputy director of the Office of International Trade Policy, declared the escape clauses would be similar to that included in the trade agreement negotiated with Mexico.

"It provides in substance that either Government may cancel any tariff concession provided by the agreement, if, as a result of unforseen developments, serious injury to domestic producers threatens to result," Nitze declared.

He assured the mine operators that the inclusion of such a clause should help dispel fears of an unknown future. While the domestic mining industry must remain strong, Nitze said, "we must also preserve freedom of access to those foregn reserves that are essential to the economic strength of the United States not just for a decade or two, but for the longer future."

He declared that contrary to expectations, the United States was consuming the war-expanded production of its mines and approaching a situation of scarcity in certain minerals.

Nitze asserted that while the United States has made great progress in freeing business from wartime controls, the trend has been less rapid and even in the opposite direction in almost all other countries. He added that wage rates and costs have risen more rapidly in other countries, and that the foreign demand for minerals has exceeded expectations.

As a result, he contended, the problem of the United States today is not one of finding a market for minerals but a shortage of developed reserves, and in many minerals even a shortage of indicated commercial reserves.

ATOMIC-POST CAMPAIGN LAID TO LILIENTHAL

2 Former TVA Employes Contradict Nominee At Senate Hearing

Washington, Feb. 8 (AP)—Senator McKellar (D., Tenn.) presented two witnesses today who testified that David E. Lilienthal campaigned actively for the chairmanship of the Atomic Energy Commission despite his avowal that he did his "damnest" to avaid the assignment.

Jack Comer, who referred to himself as "an East Tennessee hillbilly" and labor lawyer, backed up testimony of L. B. Bolt, Jr., that Lilienthal waged an active campaign for the atomic appointment while serving as chairman of the Tennessee Valley Authority.

Bolt was discharged last year as a TVA lawyer. Comer said he worked eight years for the TVA.

The witnesses appeared before the Senate section of the joint congressional Committee on Atomic

Energy.

Nominations Before Committee

The senators are weighing the qualifications of Lilienthal, four other choices of the commission, and Carroll Wilson, nominated for general manager of the atomic organization, preliminary to a vote on confirmation.

Bolt declared that for nearly a year preceding his appointment to the atomic group, Lilienthal "campaigned very actively" for the post, "in a TVA plane, on TVA time, and at TVA expense." He said Lilienthal made a series of speeches on atomic energy throughout the East and mid-West, and was planning a tour of the Far West when his appointment came through.

Lilienthal has testified he did not seek the job and even gave President Truman reasons for not picking him.

"Controlling Power" Forecast

Comer testified that Lilienthal had recommended two other nominees to the commission (he did not specify which two), as well as Gordon R. Clapp as his successor on the T.V.A.

"Which means," he said, "that if confirmed he would have controlling power over the Atomic Energy Commission, and through Mr. Clapp will also control the T.V.A.

Bolt told the committee that TVA was controlled by "a vicious personal political clique" composed of Lilienthal, Clapp, Joseph C. Swidler, the general counsel, and other department heads.

Chairman Hickenlooper (R., Iowa) asked Bolt whether, at the time he was discharged, he made any statement to anybody that he would "get" anybody. Bolt replied that he was "embittered" when he was fired, but said he didn't recall making "any such flat statement."

Testimony On "Communism"

Comer said that he and most other employés did not take the reported Communist element in the TVA very seriously, although they used to joke about joining the Communist party in order to get a good job with the TVA.

It has been McKellar's contention that there was a significant amount of Communism in the TVA and that Lilienthal and Clapp failed to stamp it out.

Clapp, testifying before the Senate Public Works Committee in hearings on his nomination, said today that "not one shred of evidence" has been developed to support the charges.

SAYS COMMUNISTS HAVE U. S. SCHOOLS

Negro, 'Trained With Eisler in Moscow,' Tells House Group of Activities in Big Cities

WASHINGTON, Feb. 8 (AP)—Evidence that Communist schools are operating in Detroit and other large cities has been obtained by the House Committee on Un-American Activities from a former Communist party organizer.

William Odel Nowell, Georgia-born Negro, also told the committee that he believed the race riot in Detroit in the Thirties was "in large part due to Communist agitation."

Mr. Nowell testified at hearings this week at which the committee looked into the activities of Gerhard Eisler, who was described by several witnesses as the chief Communist in this country.

Mr. Nowell, who said he turned against the Communist cause in 1936, told the committee that he and Mr. Eisler were students together at a school in Moscow where 2,000 persons from eighteen countries were training for Communist activities.

Representative Herbert C. Bonner, Democrat, of North Carolina, asked whether there were "any schools like it in America."

Mr. Nowell replied that one was organized in Detroit in 1933 and one was established in New York and another in Chicago. He said he believed they still were in existence.

In fact, he said, it was Communist party policy to maintain such schools in all large cities.

The institution in Detroit was called The Workers School, Mr. Nowell said. A large building was leased for the Detroit school and its 300 students, he added. Some courses were open to non-party members, Mr. Nowell stated.

The school, he said, issued bulletins, as did colleges, outlining its courses and circulated them among unions and among "organizations sympathetic to us." He said about thirty-three students had been graduated up to the spring of 1934.

Some of the instructors were trained in Moscow and other places abroad, Mr. Nowell said.

Representative John E. Rankin, Democrat, of Mississippi, inquired whether there was any system of selecting professors in institutions throughout the country to carry on Communist propaganda.

"Well," Mr. Nowell answered, "one of our purposes was to secure instructors from State and other schools to help us in our work. We made some progress."

Mr. Rankin wanted to know whether any funds were set up to subsidize Communist agents in schools in America.

That was kept secret, the witness said, but party work was subsdized from Moscow.

MARTIN BACKS DRIVE TO END 'RED MENACE'

WASHINGTON, Feb. 8 (AP)—Speaker Martin pledged House Republicans today to drive to "remove the Red menace from America." He said in an interview that his party would cooperate fully with the House Committee on un-American activities in its campaign against what Chairman J. Parnell Thomas called a Communist "conspiracy."

He reiterated his belief that "a powerful and strategically placed minority has set out to destroy the American system and replace it with Communism," and added:

"They are the enemy within our gates. They have wormed their way into posts of power from which they try to shape Government policies and influence public opinion."

Representative Thomas said the encounter Thursday with Gerhard Eisler was "only the first chapter in the committee's drive" and he indicated that new hearings might be called within ten days. While he did not detail the nature of the forthcoming hearings another committee source called them "dynamite—more so than the Eisler case."

"We are just getting into this thing," he added. "Eisler is a key figure, but he is far from the only one."

Marshall Seen Countering Russia's Propaganda Effort

Washington, Feb. 8 (AP)—Diplomatic officials today viewed Secretary Marshall's first major policy statement as a guarantee of determined countermeasures against Soviet world propaganda and attempts to link atomic-energy control with disarmament.

Marshall declared the United States must back up its foreign policy with real military power until there is "peace with a dependable basis of collective security."

That, he said, means there must be a universal military training program to supply the armed services with manpower.

"Blanket Earth With Truth"

He told a press conference he did not agree with the Russian view that atomic-energy control could be dealt with as a part of the disarmament question. In any case, there can be no disarmament until there is international security, Marshall said.

Without mentioning Russia by name, he said the State Department must blanket the earth with truth in the midst of a riot of propaganda. If the United States continues to give the world an accurate statement of its position, Marshall declared, others will accept the truth in the end.

The State Department is preparing to beam its first broadcasts of news and other programs to Russia on February 17.

Gurney Backs Him Up

Chairman Gurney (R., S.D.) of the Senate Armed Services Committee, commenting on Marshall's remarks about military power, said:

"Universal military training on a basis that provides actual protection for this country is a prime necessity at once."

He expects the Administration to send the enabling legislation to Congress soon, he added.

A civilian commission has been appointed by President Truman to study the whole training problem.

To Consult On Palestine

Chairman Mundt (R., S.D.), of the House Foreign Affairs subcommittee on near eastern policy, said Marshall had agreed to consult with members on the situation in Palestine before leaving for Moscow.

"Up to now," Mundt said, "foreign policy has been too much a matter of executive planning. We think Congress is in a better position than the State Department to analyze the thinking of the American public generally on foreign affairs."

Marshall Questioned On Polish Immigration

Washington, Feb. 8 (AP)—Senator McMahon (D., Conn.) today asked Gen. George C. Marshall, Secretary of State, why eligible immigrants from Poland are unable to enter the United States.

The Connecticut Senator said in a letter he made public that many of the 40,000 Connecticut residents of Polish birth had been appealing to him for eighteen months to aid their relatives in Poland.

McMahon said that "no consular officials are yet at work in Poland to issue visas so that Polish people can come here to join their families. I cannot understand why."

U. S. BANKS' LENDING TO GERMANY STUDIED

WASHINGTON, Feb. 8 (AP)—The Government is considering allowing American banks to make short-term loans to Germany. Assistant Secretary of War Howard C. Petersen, disclosing this tonight, said:

"Personally, I firmly believe in the policy of encouraging commercial banks to make these business loans under Governmental control and supervision."

In a radio address for the National Broadcasting Company, Mr. Petersen explained that the United States has not financed the importation of raw materials into Germany with appropriated funds, but that the Reconstruction Finance Corporation has paid about $9,000,000 in inventory advances to Germany. The aim is to aid German exports and thus reduce expenses to the United States for feeding the German people.

"Our occupation of Germany is going to continue for a very long time," Mr. Petersen said in regard to the possibility of private loans. "That means that we shall be able to control the way the loans are used."

To Head Prosecution of Nazis

WASHINGTON, Feb. 8 (AP).—Dr. Robert M. W. Kempner, of Landsdowne, Pa., will return to Germany to direct the war crimes prosecution of former officials of the Nazi Foreign Office and judicial system, the War Department said today. Mr. Kempner was in Germany for fifteen months as a member of the prosecution staff of Supreme Court Justice Robert H. Jackson at the Nuernberg trials, returning to this country last October. He will leave for Germany immediately.

Atomic Bombsight For Smithsonian

Washington, Feb. 8 (AP)—The bombsight used to aim the first atomic bomb dropped on Japan is to become a museum piece in the Smithsonian Institution.

The Army announced tonight that Norden bombsight No. 4120, originally mounted in the B-29 which released the bomb on Hiroshima on August 6, 1945, will be presented to the Institution tomorrow. Presentation will be by A. C. Buehler, of Chicago, president of the Victor Adding Machine Company, which made bombsig

Truman Calls For Aid In Heart-Disease War

Washington, Feb. 8 (AP)—President Truman, expressing "paramount concern" over the health of American citizens, today appealed for co-operation in "fighting the present-day national peril—heart disease."

The President said the health problem arises out of the "increased tempo" of American life, and said it is alarming to contemplate that 400,000 Americans will die of heart disease this year.

ARMY DROPS WELKER CASE

Ex-Military Government Chief at Bremen Returning to U. S.

WASHINGTON, Feb. 8 (AP)—The Army said today that court-martial charges against Col. Bion C. Welker of Mountainside, Pa., have been withdrawn and that the officer presumably is en route from Germany for hospitalization in the United States.

[Colonel Welker formerly was United States Military Government director of the Bremen enclave.]

The War Department did not have the record of specific charges that were preferred originally, except that they involved an alleged breach of the Articles of War.

Colonel Welker, the Department said, had been in a hospital in Bremen, Germany, and was scheduled to sail for the United States aboard the hospital ship Charles Stafford on Tuesday.

Finance Reports To OPA To Be Kept Confidential

Washington, Feb. 8 (AP)—Financial reports furnished the OPA will continue to be held in strict confidence, the Advisory Council on Federal Reports said tonight.

The Budget Bureau has provided such assurance, the council said, to "dispel confusion" on the part of some business men.

The Federal Trade Commission will resume collection of financial data which the OPA took over during the war, but there will be no duplication of effort with the Securities Commission, which also assembles financial data.

Veto Possible On U.N. Arms Plan

New York, Feb. 8 (AP)—The still-unsolved problem of devising machinery for world-wide arms reduction was tossed back to the United Nations Security Council today, raising the prospect that a veto might be exercised either by Russia or the United States.

After three days of debate behind closed doors, a six-nation committee gave up efforts to reconcile American-Russian differences and drafted two separate resolutions. One set forth the United States position and the other the Soviet stand.

Both the United States and Russia stood firm to the end on their basic difference—the place of atomic control in any overall disarmament plan. Thus, when a showdown vote comes, the one in the minority will have to give in or veto.

Substantive Question

This forecast was based on the assumption that the Council would hold the matter substantive and thus subject to veto. The American delegation felt that it could be ruled procedural and not open to veto, but admitted this was unlikely.

Regardless of the parliamentary outcome, all persons close to the problem agreed it would be virtually useless to adopt an arms resolution which was opposed flatly by a great power—veto or no veto.

Warren R. Austin, United States delegate, was said to be confident that he could muster the necessary seven out of eleven votes when the Council meets again—probably next Tuesday. However, he was reported hesitant about "driving" a nation to the veto.

Compromise Attempt

Committee efforts to solve the differences were abandoned after a last-minute attempt at a wording compromise by Paul Hasluck, Aus-

30. 24- 7785

tralian delegate. His idea found favor with neither Austin nor Andrei A. Gromyko, Russian delegate.

Before the closing session, Austin conferred with Gromyko by telephone and both agreed it was useless to extend private conferences as they remained at odds over principles.

The core of the dispute is American insistence that the terms of reference of a proposed arms reduction commission state clearly that the new body would not infringe on the work of the already functioning Atomic Energy Commission. Gromyko held that such wording was not necessary and would cast doubts on the basic General Assembly resolution.

Two Jet 'Flying Wings' Being Built for Army

LOS ANGELES, Feb. 8 (AP).—Northrop Aircraft, Inc., is building for the Army two jet-powered versions of its famous Flying Wing bomber that are scheduled to be test-flown here about midsummer, a company spokesman said today.

The two jet jobs are part of 15 flying wing planes being built for the Army Air Forces. The remainder will be conventionally powered.

172-FT. WING SPAN

The great planes, with 172-feet wing span and weighing more than 200,000 pounds gross, will be driven by eight jet developing engines, an aggregate of 32,000 horsepower. The planes will have the same general appearance as the present Flying Wing, the B-35, except for the substitution of jet engines for the conventional type.

The B-35 employs four 3000 horsepower engines and is known as one of the longest range aircraft in the world.

QUARTERS FOR CREW OF 13

The big jet wing of the new plane, seven feet thick at the center, will provide comfortable crew quarters for 13 men, the Northrop spokesman said, which include seven on duty—pilot, co-pilot, navigator, radio operator, flight engineer, bombardier and gunner.

Northrop made no mention of the estimated new speed of the new craft, but did say it would not be as long-ranging as the B-35, which can carry a 10,000 pound bomb load more than 10,000 miles of nonstop flight.

Landing gear will be of the tricycle type. Northrop-designed elevons, performing the functions of both elevators and ailerons, will be located on the trailing edges of the wing. The trip flap and rudder assembly will be on the wing tips.

Fight Story Inaccurate, Elliott Roosevelt Says

NEW YORK, Feb. 8 (AP).—Elliott Roosevelt today termed "unimportant and completely inaccurate" an account by Fulton Lewis, Jr., radio commentator, of an angry broadcasting studio episode last night in which Lewis said he was struck by a friend of Roosevelt.

The son of the late President did not, however, give his own version of the affair. None of the other principals could be reached for comment.

QUIZZED BY NEWSMEN

Lewis said he received a mild blow on the jaw from Dick Harrity, a literary agent and friend of Roosevelt.

The fracas followed a Mutual network "Meet the Press" program during which Lewis and other newsmen quizzed Roosevelt on world affairs and related subjects.

The commentator said the altercation started when Roosevelt questioned him about a broadcast he (Lewis) made in 1945 concerning the Texas State Radio Network, of which Roosevelt was then a stockholder.

Lewis said Mrs. Roosevelt, former movie actress Faye Emerson, entered the discussion.

Lewis asserted he told her:

"You weren't in the picture at that time. You weren't too close to Elliott at that time."

Lewis then quoted Roosevelt as asking:

"Are you insinuating that my wife is a liar?"

SEPARATED BY GUARDS

The two men exchanged other angry words, the commentator said, and at this point Harrity stepped in and punched Lewis lightly on the jaw.

A guard separated them and Lewis said that apologies were exchanged all around.

Harrity is an agent for Duell, Sloane and Pierce, publishers of Roosevelt's recent book about his late father.

DELAY IN MEAT HOPE FORESEEN

Large Beef Offering Not Due Until June, Analysts Say

Chicago, Feb. 8 (AP)—The days of high-priced meat may last until June—and possibly into next year, in the opinion of some cornbelt farm and market analysts.

For a long time it had been apparent pork, lamb, and mutton would be in short supply because breeding stock had been sold off last year, but a near-record production of beef was expected to make up the deficit.

This week, however, there were increasing indications that large beef output would not reach butcher shops before the latter half of the year.

Reasons Basing Forecast

The reasons cited: Low priced corn, marketing of cattle at light weights, foot-and-mouth-disease danger from Mexico, and high current market prices for beef animals.

This was how opinion and statistics were shaping up:

H. M. Conway, market analyst for the National Livestock Producers Association, said there would not be as much beef as had been expected only a couple of weeks ago—"not enough to offset the decline in pork this spring, especially after April 1."

"Relatively cheap corn," Conway said, "means the farmer will turn to long-feeding programs. He will hold calves and yearlings and sell off short-fed steers and heifers at lighter weights than normal."

Department of Agriculture figures show that although the number of cattle being marketed is running well ahead of a year ago, their average weight is markedly lower.

Last week, the number of cattle slaughtered under Federal inspection was seven per cent above the comparable week a year ago. Yet the total dressed-beef tonnage was the same, 127,000,000 pounds.

In December the average weight of live cattle slaughtered under Federal inspection throughout the country was 922 pounds. In the previous December the average was 950 pounds.

Foot-And-Mouth Disease

Referring to the danger of foot-and-mouth disease, Dr. R. C. Klussendorf, assistant executive secretary of the American Veterinary Medical Association, said infected cattle in Mexico had been found within 350 miles of the Texas border and there was strong possibility that when the birds now wintering down there start flying north, they may bring the disease along with them.

Mark W. Pickell, executive secretary of the Corn Belt Livestock Feeders Association, said, "If the Mexican outbreak reaches United States cattle and many are destroyed, the aftermath must cause higher prices through scarcity rather than lower prices."

COAL BACKGROUNDER (500)
BY GLENN WILLIAMS

LONDON, FEB.8-(AP)-BRITAIN'S FUEL CRISIS, FORCING MILLIONS OUT OF WORK AND SAPPING THE NATION'S ECONOMIC RECUPERATION FROM WAR, HAS BEEN A BUILDING FOR A THIRD OF A CENTURY.

WAR AND A COLD WAVE HAVE SO AGGRAVATED THE LONG-DETERIORATING POSITION THAT THE COUNTRY MIGHT EASILY BE THRUST INTO ECONOMIC CHAOS FOR YEARS TO COME.

ON PAST RECORDS OF CONSUMPTION AND PRODUCTION OF COAL DURING THE WINTER MONTHS THERE IS LITTLE TO SHOW THE SITUATION CAN BE IMPROVED MUCH BEFORE SPRING ENDS THE HEAVY DRAIN ON FUEL SUPPLIES. EVEN SUMMER MAY BRING ONLY TEMPORARY RESPITE.

DOUGLAS JAY, RECENTLY ELECTED LABOR MEMBER OF PARLIAMENT WHO FORMERLY WAS AN ECONOMIC ADVISOR TO PRIME MINISTER ATTLEE, PUT IT THIS WAY IN THE COMMONS:

"WE SHALL FINISH THIS WINTER WITH A LEVEL OF STOCK WHICH IS ABSOLUTELY DISASTROUS AND IF WE DO NOT BUILD UP STOCKS AND HAVE MUCH MORE THAN THE NORMAL RATE OF PRODUCTION IN THE SUMMER X X X INDUSTRY WILL COME TO AN ALMOST COMPLETE STOP IN NOVEMBER AND DECEMBER OF THIS YEAR."

BUT WHAT CAUSED THIS SITUATION?

IN 1913, BRITAIN PRODUCED A RECORD 287,000,000 TONS OF COAL WITH 1,107,000 MINERS.

THE LABOR FORCE IN THE MINES CONTINUED TO RISE FOR SEVEN YEARS, TO A 1920 HIGH OF 1,227,000-- BUT INEFFICIENCY OF THE AGING MEN AND THEIR HAND METHODS ALREADY WAS ENTRENCHED.

THE HIGHEST MINER FORCE IN BRITISH HISTORY FAILED BY 57,000,000 TONS TO REACH THE 1913 RECORD OF PRODUCTION.

WAGES AND WORKING CONDITIONS WERE A PART OF THE REASON-- AND THE LABORITES INSIST THEY WERE THE MAJOR FACTOR-- IN KEEPING YOUNG MEN, MAINLY MINERS' SONS, FROM ENTERING THE MINES.

YEAR BY YEAR THE TOTAL TONNAGE SAGGED TO A 1945 LOW OF 182,000,000 TONS AND THE NUMBER OF MINERS FELL TO FEWER THAN 700,000.

A83

VAST COMPLICATIONS ENTERED THE SCENE WITH THE WAR. OLDTIMERS READY TO RETIRE WERE HELD ON UNDER ESSENTIAL WORK ORDERS AND YOUNGSTERS WHO OBJECTED TO MILITARY SERVICE COULD PICK THE MINES AS AN ALTERNATIVE. SEVERAL THOUSANDS OF THEM DID SO.

WHEN THE WAR ENDED, THE AGED AND THE YOUNG CONSCRIPTS LARGELY FLED THE PITS. DEMOBILIZED EX-MINERS AND NEW YOUTHS DID NOT FILL THE GAP.

THE COUNTRY WENT INTO THIS WINTER-- WHICH TURNED OUT TO BE THE SEVEREST IN NEARLY 70 YEARS-- WITH ONLY HALF ITS NORMAL STOCKS.

MEANWHILE, DOMESTIC CONSUMPTION BOTH TO TURN THE WHEELS OF REVITALIZED INDUSTRY AND TO HEAT BOMB-CRACKED HOMES, ROSE TO ITS HIGHEST POINT IN HISTORY-- MUCH OF THE INCREASE DEMAND GOING INTO THE MAKING OF GAS AND ELECTRICITY.

THE TWAIN OF LOW STOCKS AND RISING CONSUMPTION COULD ONLY MEET AT CRISIS POINT.

THE LABOR PARTY HAS AGITATED FOR 20 YEARS THAT SOMETHING BE DONE ABOUT THE COAL MINES. ITS OWN ANSWER: PUBLIC OWNERSHIP.

THE MINES WERE THE FIRST INDUSTRY ON THE PARTY'S NATIONALIZATION PROGRAM AND THE GOVERNMENT TOOK EFFECTIVE CONTROL LAST NEW YEAR'S DAY. IN THE FIRST THREE WEEKS OF PUBLIC OWNERSHIP, PRODUCTION WENT 723,000 TONS OVER THE SAME PERIOD A YEAR EARLIER-- BUT IT WAS STILL FAR BELOW PREWAR AVERAGES. CONSUMPTION IN THOSE THREE WEEKS WAS 750,000 TONS ABOVE PRODUCTION.

THE BLIZZARD BEGINNING TWO WEEKS AGO BISECTED THE COUNTRY'S TRANSPORTATION SYSTEM, STOPPED MANY COAL DELIVERIES AND FORCED SOME MINES TO CLOSE FOR LACK OF ABILITY TO DISPOSE OF THEIR COAL.

THE CONSEQUENCE WAS IMMEDIATE DISASTER.

LONDON, FEB. 8-(AP)-BRITAIN'S TWO MAJOR AUTOMOBILE MAKERS ARRANGED TONIGHT TO SEE THEIR LABORERS THROUGH THE CURRENT WORK STOPPAGE WITH FULL WAGES.

THE NUFFIELD ORGANIZATION ANNOUNCED THAT IT PLANNED TO PAY 25,000 WORKERS IN BIRMINGHAM, COVENTRY, OXFORD AND SOUTH WALES THROUGH FEB. 22, ALTHOUGH ITS FACTORIES MAY BE ABLE TO OPERATE ONLY TOKEN PERIODS.

AUSTIN MOTORS RESCINDED ITS DISMISSAL NOTICE TO 148,000 PRODUCTION WORKERS AND SAID THE UNION CONTRACT WAGE WOULD BE PAID TO ALL EMPLOYES, WHETHER WORKING OR NOT, AT LEAST THROUGH FEB. 22.

BOTH FIRMS HAVE UNION CONTRACTS FOR MINIMUM PAY OF 34 HOURS WEEKLY--LESS THAN A FULL WEEK'S WORK.

"IN TIMES OF CRISIS, IT IS UP TO PRIVATE ENTERPRISE TO BE ENTERPRISING IN REGARD FOR THE WELFARE OF THOSE DEPENDENT UPON THEM," SAID SIR MILES THOMAS, VICE CHAIRMAN OF NUFFIELD.

THE AUTO FACTORIES HAVE BEEN FORCED TO SUSPEND OPERATION BY BRITAIN'S CRITICAL FUEL AND POWER SHORTAGE.

BERLIN, FEB.8-(AP)-R.D.W.HARRISON, DEPUTY INSPECTOR GENERAL IN THE BRITISH CONTROL COMMISSION'S PUBLIC SAFETY BRANCH, SAYS THE BRITISH PLAN TO FINISH DENAZIFICATION OF THEIR GERMAN OCCUPATION ZONE "SOME TIME IN 1948" IF THE GERMANS "REFRAIN FROM ANY FURTHER WICKED DENUNCIATIONS AND IRRESPONSIBLE WITCH HUNTING."

HE MADE THIS STATEMENT YESTERDAY IN DISCLOSING A NEW DIRECTIVE WHICH PROVIDES FOR TRIAL OF WAR CRIMINALS, SETS UP MACHINERY FOR CLASSIFYING AND DISPOSING OF GERMANS NOW IN INTERNMENT AND LAYS DOWN PROCEDURE FOR GERMAN DENAZIFICATION PANELS TO CLASSIFY OVER 1,500,000 GERMANS GENERALLY INTO FIVE CATEGORIES:

WAR CRIMINALS; NON-CRIMINAL NAZIS REGARDED AS DANGEROUS TO DEMOCRACY AND PEACE; NAZIS SEEMINGLY SO DANGEROUS AS TO MERIT CLOSE SURVEILLANCE; NAZIS WHO SEEM LEAST DANGEROUS, AND FINALLY THOSE CLEARED OF ACTIVE CONNECTION WITH NAXISM. PENALTIES WOULD BE LIGHT OR NON-EXISTENT FOR THE LOWER CLASSIFICATIONS.

"THIS PLAN IS OUR FINAL SOLUTION TO THE PROBLEM OF DESTRUCTION OF NAZISM AND MILITARISM," HARRISON SAID. "IT WILL ENSURE THAT CRIMINALS ARE PUNISHED. IT IS SEVERE ON THOSE WHO ARE A REAL DANGER TO THE REVIVAL OF DEMOCRACY AND THE MAINTENANCE OF PEACE, BUT PERSONS AFFECTED WILL BE GIVEN A CHANCE TO MAKE GOOD BY HARD WORK AND GOOD BEHAVIOR AND THUS RETURN TO THE STATUS OF FULL CITIZENSHIP.

"THOSE WHO ARE COMPARATIVELY INNOCUOUS ARE GIVEN AN OPPORTUNITY OF BEGINNING LIFE AFRESH FREE FROM ALL STIGMA."

BERLIN, FEB.8-(AP)-OFFICIALS OF THE AMERICAN MILITARY GOVERNMENT'S INFORMATION CONTROL DIVISION SAID TODAY THEY WOULD TRANSMIT TO THE RUSSIANS REQUESTS FROM GERMAN JOURNALISTS IN THE U.S. OCCUPATION ZONE THAT THEY BE PERMITTED TO ATTEND THE MARCH CONFERENCE OF FOREIGN MINISTERS IN MOSCOW WHICH WILL DEAL WITH THE GERMAN PEACE.

AMERICAN OFFICIALS SAID THEY WERE SYMPATHETIC TOWARD THE REQUESTS, WHICH CAME FROM THE AMERICAN JOURNALISTS' UNION IN HESSE.

(ADVANCE)..MANNHEIM, GERMANY, FEB 8-(AP)-TOSSING THEIR VICTIMS INTO THE RHINE IN A YEAR-LONG REIGN OF MURDER, SMUGGLING AND SEX CRIME, LAWLESS GANGS OF INTERNATIONAL HOODLUMS HAVE TURNED THIS RUINED CITY INTO POST-WAR GERMANY'S "CRIME CAPITAL."

VIOLENCE AND ROBBERY RIVALING CHICAGO'S BOOTLEG ERA, AMERICAN AND GERMAN POLICE SAID, HOLD MANNHEIM IN TERROR -- ALTHOUGH AT LEAST 12 GANGS OPERATING AMID THE RUBBLE HAVE BEEN SMASHED.

GANGMEN -- GERMANS, POLES, RUSSIANS AND MEN WITHOUT COUNTRIES -- ARE COSTING THE U.S. GOVERNMENT THOUSANDS OF DOLLARS A DAY BY ORGANIZED LOOTING OF AMERICAN ARMY DEPOTS, AND AMERICAN TROOPS HAVE NOT BEEN LEFT UNCORRUPTED. WHITE AND NEGRO TROOPS ALSO HAVE ROBBED AND ASSAULTED.

HUNDREDS OF CRIMINALS ARE IN JAIL. HUNDREDS MORE ARE SOUGHT BY AMERICAN AND GERMAN AUTHORITIES.

MANNHEIM'S CRIME, AMERICAN OFFICIALS SAID, CENTERS AROUND A SMOKY, DIRTY HARBOR AREA KNOWN AS RHEINAU AND DUBBED "LITTLE CICERO" BY AMERICANS.

GANGS WHICH KILL, CAROUSE AND CLASH AMONG THEMSELVES IN RHEINAU USE THE AREA AS A BASE TO PLUNDER MANNHEIM'S DOZENS OF AMERICAN SUPPLY DEPOTS -- THE MOST CONCENTRATED IN GERMANY. THREE THOUSAND FREIGHT CARS DAILY CARRY FOOD AND EQUIPMENT FROM THE HARBOR AND FREIGHT YARDS TO ALL PARTS OF THE U.S. ZONE.

IN THE PAST FEW MONTHS, AMERICAN AND GERMAN POLICE, TOGETHER WITH FRENCH GENDARMES ACROSS THE RHINE, HAVE:

FOUND 10 BODIES NUDE AND BOUND IN THE RHINE -- APPARENT VICTIMS OF THE GANGS;

HANDLED FOUR REPORTED MURDERS IN A MONTH, INCLUDING AX SLAYINGS AND STREET KILLINGS AND INVESTIGATED A NUMBER OF ASSAULTS OF GERMAN POLICE AND DEPOT GUARDS;

FOUGHT GUN BATTLES ON THE RHINE WITH ARMED SMUGGLERS SHIPPING U.S. GOODS ACROSS THE STREAM TO THE FRENCH ZONE;

BROKEN UP A MOB HIJACKING CARLOADS OF ARMY SUPPLIES, SMASHED DOPE RINGS, BLACK MARKET GANGS AND ORGANIZED PROSTITUTION RACKETS.

A121

UP TO 1,280 CRIMINAL CASES A MONTH -- MORE THAN A THIRD OF ALL THE CASES FOR THE STATE OF WUERTTEMBERG-BADEN -- HAVE PASSED THROUGH THE MANNHEIM COURTS, BUSIEST IN THE U.S. OCCUPATION ZONE.

LAST MONTH MORE THAN 1,900 GIRLS WERE PICKED UP FOR PROSTITUTION. OF THESE 638 HAD VENEREAL DISEASE.

THE TRIALS SHOWED, AMERICAN OFFICIALS SAID, THAT CRIMINALS WERE FOUND IN EVERY GROUP IN MANNHEIM'S MELTING-POT -- AMONG THE CITY'S 205,000 GERMAN POPULATION, ITS 8,000 POLISH GUARDS, ITS 4,000 AMERICAN TROOPS AND ITS UNCOUNTED "RENEGADES"-- PEOPLE WITHOUT NATIONALITY AND WITHOUT REGISTRATION.

"THE LAW-ABIDING CITIZEN," SAID A GERMAN POLICE OFFICIAL," IS NOT AFFECTED BY THE CRIMINALS UNLESS HE INNOCENTLY GETS INVOLVED. THEN, ACCORDING TO UNDERCOVER AGENTS' REPORTS, THE GANGS ARE RUTHLESS AND DISABLE EVERY ONE WHO STANDS IN THEIR WAY, REGARDLESS OF WHOEVER HE IS."

THE GENERAL DECLARED THAT THE GROUP, CONSISTING OF 30 MEMBERS, WAS FORMED EARLY IN 1932 AT HITLER'S SUGGESTION, AND "IT PARTICIPATED IN EFFECTING HITLER'S RISE TO POWER. THE CIRCLE MET REGULARLY UP TO EARLY 1945 AND WAS A MEANS OF MAINTAINING CLOSE COOPERATION BETWEEN THE LARGEST BUSINESS AND INDUSTRIAL ENTERPRISES AND THE GERMAN GOVERNMENT, THE NAZI PARTY AND THE SS. EACH YEAR THE CIRCLE CONTRIBUTED ABOUT 1,000,000 MARKS ($400,000 AT THE PREWAR EXCHANGE RATE) TO HIMMLER." ADD Nuernberg (IVL war Crimes) XXX-SAID

THE PROSECUTION SAID FLICK HIMSELF CONTRIBUTED AS MUCH AS 100,000 MARKS ($40,000) EACH YEAR TO THE SS.

THE BILL OF PARTICULARS LINKED THE SLAVE LABOR PROGRAM DIRECTLY WITH THE NAZI WAR EFFORT, AND MISTREATMENT OF WORKERS AND USE OF PRISONERS OF WAR IN ARMAMENTS PLANTS WERE LISTED AS VIOLATIONS OF INTERNATIONAL LAW.

FLICK'S GROUP WAS CHARGED WITH CONSPIRING SYSTEMATICALLY TO PILLAGE ALL OF EUROPE, MOVING INTO CONTROL OF FOREIGN INDUSTRY ON THE HEELS OF THE GERMAN ARMY. THE FLICK ORGANIZATION WAS ACCUSED SPECIFICALLY OF "PLUNDERING" PLANTS IN LORRAINE, THE HUGE DNEPER WORKS IN SOVIET RUSSIA, AND RAILROAD CAR FACTORIES IN RIGA.

"IN THE COURSE OF THESE ACTIVITIES HUNDREDS OF THOUSANDS OF PERSONS WERE ENSLAVED, DEPORTED, ILL TREATED, TERRORIZED, TORTURED AND MURDERED," THE INDICTMENT SAID.

IN CHARGE OF THE PROSECUTION IS CHARLES S.LYON OF ALVORD AND ALVORD LAW FIRM IN NEW YORK AND WASHINGTON. HE WILL BE AIDED BY JOSEPH STONE, OF THE LABOR DEPARTMENT, AND PAUL GANTT, OF THE DEPARTMENT OF THE INTERIOR.

ATHENS,FEB. 8-(AP)-THE GREEK GOVERNMENT ANNOUNCED TODAY IT HAD POSTPONED THE EXECUTION OF 11 ALLEGED GUERRILLAS, PENDING CLARIFICATION BY THE UNITED NATION SECURITY COUNCIL OF THE SCOPE OF AN INVESTIGATION NOW BEING CONDUCTED IN GREECE BY A SPECIAL U.N. COMMISSION.

THE RIGHTIST NEWSPAPER KATHEMRMIMI SAID, HOWEVER, THAT THREE OF THE 11 ALREADY HAD BEEN KILLED.

THE COMMISSION, HERE TO STUDY THE DISCORD BETWEEN GREECE AND HER LEFTIST BALKAN NEIGHBORS W

1947

HER LEFTIST BALKAN NEIGHBORS WHICH HAS PRODUCED A NEAR CIVIL WAR ON THE BORDER, HAS BEEN BOMBARDED WITH PETITIONS DEMANDING INTERVENTION ON BEHALF OF PERSONS SENTENCED TO DEATH FOR ANTI-GOVERNMENT ACTIVITY. THE INTERNATIONAL BODY RECENTLY CABLED THE UNITED NATIONS SECURITY COUNCIL AT LAKE SUCCESS, N.Y., FOR INSTRUCTIONS AND GUIDANCE ABOUT WHETHER IT SHOULD INTERVENE BY ACTING ON THESE PETITIONS.

(THE SECURITY COUNCIL WILL MEET MONDAY TO DISCUSS THE QUESTION.)

THE GREEK GOVERNMENT HAS TAKEN THE STAND THAT THE PURPOSE OF THE COMMISSION IS TO CONSIDER THE BALKAN SITUATION, AND NOT TO INVESTIGATE GREECE'S INTERNAL AFFAIRS.

SEVERAL MEMBERS OF THE COMMISSION EXPRESSED FEARS THAT THE BODY WAS BEING MADE INTO A "PROPAGANDA SOUNDING BOARD."

~~A.A.LAVRISCHEV, SOVIET REPRESENTATIVE, TOLD THE COMMISSION~~ TODAY HE HAD RECEIVED A LETTER FROM EMPLOYES OF THE GREEK MINISTRY OF SUPPLY SAYING THEY HAD BEEN PREVENTED FROM PRESENTING A PETITION TO THE COMMISSION AND THAT SEVERAL EMPLOYES HAD BEEN ARRESTED.

MOST OF THE PETITIONS HAVE ASSERTED THAT OPPRESSION PREVAILS IN GREECE, AND HAVE FOLLOWED CLOSELY THE LINE OF ARGUMENT PRESENTED TO THE COMMISSION BY ALBANIA, YUGOSLAV AND BULGARIA.

GREEK AUTHORITIES EXPRESSED FEARS THAT THE COMMUNIST-DOMINATED EAM (NATIONAL LIBERATION FRONT) INTENDED TO CREATE DISORDERS IN ATHENS TO INFLUENCE THE COURSE OF THE COMMISSION INVESTIGATION. THE NUMBER OF POLICEMEN PATROLLING THE STREETS IN THE CITY WAS INCREASED SHARPLY FOLLOWING AN UNAUTHORIZED EAM DEMONSTRATION LAST NIGHT WHICH FORCED THE COMMISSION TO ADJOURN BECAUSE OF THE NOISE.

POLICE AND TROOPS HAVE BEEN ORDERED TO PREVENT ANY SIMILAR DEMONSTRATIONS, AND A GOVERNMENT ANNOUNCEMENT SAID THAT ANY EAM ATTEMPT "AT DEMONSTRATING AND CREATING DISTURBANCES FOR EXPLOITING THE HUMARNITARIAN INSTINCTS OF THE COMMISSION CANNOT BE TOLERATED."

POLICE EXPRESSED FEARS THAT THE LEFTISTS MIGHT ATTEMPT TO DEFY A BAN, EFFECTIVE SINCE LAST SUMMER, AGAINST ALL MASS MEETINGS. A COMMUNIST NEWSPAPER MAN SAID, HOWEVER, THAT THE EAM HAD ISSUED ORDERS TO CANCEL A DEMONSTRATION SCHEDULED FOR TOMORROW.

WARSAW, FEB.8-(AP)-RELIABLE SOURCES HERE REPORTED TODAY THAT RUSSIA HAD REDUCED THE NUMBER OF SOVIET TROOPS INSIDE POLAND ALONG COMMUNICATION LINES TO THE OCCUPATION ZONE IN GERMANY TO BETWEEN 30,000 AND 40,000.

THERE HAS BEEN INCREASING EVIDENCE RECENTLY THAT THE NUMBER OF SOVIET TROOPS THROUGHOUT POLAND IS BEING GRADUALLY REDUCED. THE RUSSIANS ALSO HAVE BEEN TURNING BACK TO POLES THE MILITARY INSTALLATIONS, BARRACKS, PORTS AND TERMINALS WHICH THEY HAVE OCCUPIED SINCE THE END OF THE WAR.

POLAND NOW IS ESTIMATED TO HAVE 20,000 POLISH OFFICERS IN HER ARMY AND ABOUT 600 RUSSIANS, WHO HAVE ASSISTED THE ESTABLISHMENT AND TRAINING OF THE NEW OFFICER CORPS. MOST OF THE RUSSIAN FORCES STILL IN POLAND ARE ATTACHED TO AIRFORCE AND ARMORED UNITS.

MOSCOW, FEB. 8-(AP)-THE SOVIET NEWSPAPER IZVESTIA TODAY BRANDED AS "CHEAP FABRICATION" AN ARTICLE IT SAID WALTER TROHAN HAD WRITTEN FOR THE WASHINGTON TIMES-HERALD ABOUT THE AMTORG BOOK, "AMERICAN CONSTRUCTION."

IZVESTIA SAID THE ARTICLE WAS "DESIGNED TO FRIGHTEN AMERICANS WITH THE IMMINENCE OF 'SOVIET DANGER'." IN IT, SAID THE PAPER, THE BOOK PUT OUT BY AMTORG--SOVIET TRADING ORGANIZATION WITH UNITED STATES OFFICES--IS SPOKEN OF AS NOTHING MORE NOR LESS THAN A MANUAL OF BOMBING AND WRECKING FOR REDS. THE BOOK IS IN RUSSIAN.

"IT IS SUITABLE TO REMEMBER," SAID IZVESTIA, "THAT IT WAS THIS SAME MCCORMICK-PATTERSON PAPER WHICH DURING THE WAR WAS TWICE CALLED TO TRIAL BY THE GOVERNMENT FOR PUBLISHING REALLY SECRET INFORMATION ABOUT THE ARMY AND NAVY." THIS, IT CONTINUED, "PROVED VERY VALUABLE FOR THE COUNTRIES OF THE AXIS."

IZVESTIA SCOFFED AT THE IDEA, WHICH IT SAID WAS SET OUT IN THE ARTICLE, THAT PUBLICATION IN THE RUSSIAN LANGUAGE OF DETAILS OF AMERICAN CONSTRUCTION MIGHT BE SOME SOVIET EFFORT TO EVADE PAYMENT FOR U.S.PATENTS AND INVENTION.

1947

TROHAN, IT REPORTED, POINTED OUT THAT PUBLICATION OF MAPS SHOWING THE TOWN OF NORRIS, TENN., AND THE TENNESSEE VALLEY MIGHT SERVE AS A GUIDE FOR RUSSIAN ENGINEERS AS WELL AS A CHART FOR RUSSIAN BOMBERS.

"THERE IS NOT A SINGLE PHOTOGRAPH NOR ONE MAP IN THE BOOK WHICH HAS NOT BEEN PUBLISHED IN AMERICAN MAGAZINES OR NEWSPAPER ADVERTISEMENTS OF AMERICAN FIRMS," IZVESTIA SAID.

"ON THE BIG MAP OF NORRIS ARE SHOWN SUCH IMPORTANT OBJECTIVES FOR BOMBERS AS A 10-CENT STORE, BARBER SHOP, STABLE AND POULTRY YARD."

NIGHT LEAD PALESTINE (350)

BY JACK SMITH

LONDON, FEB. 8-(AP)-ARAB DIPLOMATS TURNED A COLD SHOULDER TODAY TO THE LATEST PLAN OF THE BRITISH FOR PALESTINE AND THEIR REACTION RECALLED THE LONG-STANDING THREAT OF THE ARABS TO WAGE A HOLY WAR IF THEY CONSIDER THEIR POSITION IN PALESTINE IMPERILLED.

AN AUTHORITATIVE INFORMANT CONFIRMED THAT THE BRITISH PLAN, WHICH WILL BE PUBLISHED OFFICIALLY PROBABLY NEXT WEEK, PROVIDES FOR THE IMMEDIATE ADMISSION OF 100,000 EUROPEAN JEWS TO PALESTINE. AN ARAB STATESMAN HERE SAID "IT WILL MEAN WAR" IF ONE MORE JEW SETS FOOT LEGALLY IN THE HOLY LAND. Fold Jerusalem

THE PLAN WAS GIVEN TO BOTH ARAB AND JEWISH LEADERS IN LONDON. THERE WAS NO JEWISH COMMENT.

IT APPEARED THAT IN ORDER TO AVOID CONFLICT ONE SIDE MUST YIELD. ARAB LEADERS NEGOTIATING HERE, AND THE FULL WEIGHT OF ARAB PROPAGANDA FOR MONTHS BACK, WERE SOLIDLY AGAINST ANY ARAB CONCESSIONS.

WHILE THE BRITISH PLAN WAS BY NO MEANS REPRESENTED AS AN ULTIMATUM, IT APPEARED THAT BRITAIN COULD NOT BACK DOWN COMPLETELY ON LARGE-SCALE IMMIGRATION WITHOUT JEOPARDIZING HER PRESTIGE IN THE UNITED STATES AND LAUNCHING AN ALL-OUT MILITARY CAMPAIGN AGAINST JEWISH VIOLENCE IN PALESTINE.

ONE TOP-RANKING ARAB DIPLOMAT, WHO REFUSED TO BE QUOTED BY NAME, SAID THE ARAB WORLD EXPECTED NO SATISFACTORY SETTLEMENT TO EMERGE EITHER FROM THE PRESENT PALESTINE CONFERENCE OR FROM THE UNITED NATIONS, IF THE PROBLEM IS TOSSED TO THAT INTERNATIONAL AGENCY.

BRITAIN'S NEW PLAN, FASHIONED BY FOREIGN SECRETARY ERNEST BEVIN IN A COMPROMISE WITH COLONIAL SECRETARY ARTHUR CREECH JONES, WAS GIVEN TO ARAB AND JEWISH LEADERS LAST NIGHT. ARAB OFFICIALS SAID THEIR FORMAL REPLY WOULD BE HANDED TO THE BRITISH ON MONDAY.

PRECISE DETAILS OF THE PLAN WERE NOT DIVULGED. IT WAS BELIEVED TO CALL FOR A FEDERALIZED STATE WITHIN THE FRAMEWORK OF THE BRITISH MANDATE, WITH JEWISH IMMIGRANTS ENTERING A "SEMI-AUTONOMOUS" JEWISH REGION.

AS THUS OUTLINED THE PLAN WOULD PRESERVE BRITAIN'S ROLE IN A STATE INCREASINGLY IMPORTANT IN HER STRATEGIC CONCEPTS. WITH BRITISH TROOPS WITHDRAWING FROM EGYPT AND THE FUTURE OF THE ANGLO-EGYPTIAN SUDAN IN DOUBT, PALESTINE BECAME MORE VITAL AS A BASE FOR DEFENSE OF THE SUEZ CANAL, AND BRITISH OIL INTERESTS IN THE MIDDLE EAST.

1947

B6

SINCE BRITAIN'S POSITION IN THAT REGION CANNOT BE MAINTAINED WITHOUT ARAB FRIENDSHIP THERE WAS A DISPOSITION AMONG SOME BRITISH SOURCES TO BELIEVE THE NEW PLAN MIGHT BE PRIMARILY A PLAY FOR TIME.

THESE SOURCES SAID IT WOULD SERVE BRITISH INTERESTS TO POSTPONE A DECISION UNTIL IT CAN BE MADE IN THE UNITED NATIONS ON THE THEORY THAT A DECISION UNFAVORABLE TO THE ARABS WOULD DIRECT ARAB WRATH AGAINST A LARGE GROUP OF NATIONS AND NOT THE BRITISH ALONE.

AGAINST BRITAIN'S NEED FOR ARAB FAVOR BRITISH STATESMEN HAD TO WEIGHT THEIR NEED FOR U.S. SUPPORT. BY PROHIBITING IMMIGRATION SHE WOULD COURT THE ARABS BUT FLOUT PRESIDENT TRUMAN'S CALL FOR IMMEDIATE, LARGE-SCALE MOVEMENT OF JEWS INTO PALESTINE.

"THOSE JEWS WHO WANT TO GO TO PALESTINE HAVE THE RIGHT TO DO SO AND OUGHT TO BE PERMITTED TO IMMIGRATE UP TO THE CAPACITY OF PALESTINE TO ABSORB THEM," ICKES SAID.

"THEY NOT ONLY SHOULD BE PERMITTED TO GO, THEY SHOULD BE PROTECTED IF NECESSARY, BY GREAT BRITAIN AND THE UNITED STATES," ICKES ADDED.

THE FORMER CABINET MEMBER SAID "LOANS SHOULD BE PROMPTLY AND GENEROUSLY FORTHCOMING, PRINCIPALLY FROM THE UNITED STATES, NOT AS CHARITY, BUT TO HELP THEM DEVELOP THEIR LAND."

HE SAID THAT "LEGAL OBLIGATION, AS WELL AS CONSCIENTIOUS SCRUPLE, REQUIRES THE LITERAL FULFILLMENT OF THE BALFOUR DECLARATION," WHICH PROMISED TO PERMIT JEWISH IMMIGRATION BUT WAS LATER RESCINDED BY A BRITISH WHITE PAPER.

1947

ICKES CRITICIZED THE BRITISH GOVERNMENTS HEADED BY WINSTON CHURCHILL AND CLEMENT ATTLEE FOR NOT HONORING THE BALFOUR DECLARATION AND ADDED THAT "IF THE POLICY OF SUCCESSIVE BRITISH GOVERNMENTS IS DIFFICULT TO UNDERSTAND, THAT OF THE UNITED STATES IS COMPLETELY INEXPLICABLE."

HE SAID PRESIDENT TRUMAN HAD "GIVEN LIP SERVICE TO THE INSISTENT DEMAND FOR OUR DISAVOWAL OF THE WHITE PAPER" AND DECLARED THAT "WHILE THE VOICE OF AMERICA HAS MUTTERED FAIR WORDS, WE HAVE DONE LITTLE MORE THAN THIS."

ICKES URGED INCREASED JEWISH IMMIGRATION TO THE UNITED STATES BE PERMITTED BUT SAID THAT WAS NOT A SOLUTION TO THE PALESTINE PROBLEM. HE SAID ANY PARTITION OF THE HOLY LAND "SHOULD BE MADE ON THE BASIS OF THE TOTAL ORIGINAL AREA OF PALESTINE, INCLUDING TRANSJORDAN, SO THAT PALESTINE MAY HAVE A SUFFICIENT ECONOMIC BASE FOR A HEALTHY GROWTH."

HE DECLARED THAT THE ARAB LEAGUE, WHICH IS OPPOSED TO JEWISH IMMIGRATION INTO PALESTINE, SHOULD NOT "BE LISTENED TO, ESPECIALLY IF IT SPEAKS WITH THE TRAITOR'S VOICE OF THE MUFTI OF JERUSALEM." #

A U.S.-BRITISH COMMISSION OF INQUIRY OVER 10 MONTHS AGO URGED IMMEDIATE ADMISSION OF 100,000 JEWS INTO THE HOLY LAND. (100,000 Jews Palestine) XXX help

SUBSEQUENTLY, PRESIDENT TRUMAN INDICATED THAT THE U.S. WAS WILLING TO ASSUME FINANCIAL AND TECHNICAL RESPONSIBILITY FOR TRANSPORTING THIS NUMBER OF JEWISH IMMIGRANTS THERE AND WAS REPORTED TO HAVE AGREED TO THE COMMISSION'S PROPOSAL THAT HIS GOVERNMENT GRANT PALESTINE ARABS $250,000,000 FOR CULTURAL AND NATIONAL DEVELOPMENT, ON CONDITION THAT INDEPENDENT ARAB AND JEWISH STATES BE SET UP.

IN SUPPORT OF HIS ROLE IN THE IRGUN, GRUNER SAID:

SYDNEY, SUNDAY, FEB. 9-(AP)-GEN. MACARTHUR'S POLICY OF REBUILDING JAPANESE ECONOMY WAS ATTACKED LAST NIGHT BY BARRY J.MCDONALD, FEDERAL PRESIDENT OF THE AUSTRALIAN LEGION OF EX-SERVICEMEN, WHO DECLARED, "AUSTRALIA MUST PAUSE BEFORE TAKING THE BLOODSTAINED HAND OF JAPAN AS A TRADE NEIGHBOR."

"NO MILITARY CZAR OR FRIENDLY POWER MUST FORCE AUSTRALIA TO SHARE IN ANY PLAN TO REVIVE JAPAN--JACKAL NATION OF THE PACIFIC," MCDONALD DECLARED.

HIS STATEMENT WAS PROVOKED BY THE ANNOUNCEMENT BY PRIME MINISTER CHIFLEY THAT HIS GOVERNMENT AND MACARTHUR'S STAFF EXPECTED TO SIGN AN AGREEMENT BY WHICH AUSTRALIA WOULD SUPPLY JAPAN 120,000 BALES OF WOOL AT A COST ESTIMATED AT 3,500,000 AUSTRALIAN POUNDS TO BE PAID PARTLY IN JAPANESE GOODS.

MCDONALD'S STATEMENT CONTINUED:

"MACARTHUR'S PLEA FOR WOOL TO SAVE JAPAN'S MILLS FROM CLOSING WILL NOT STIR COMPASSION IN THE HEARTS OF AUSTRALIANS. AUSTRALIA'S TRADE BEFORE THE WAR WAS RAPIDLY DWINDLING TO THE POINT AT WHICH SHE WAS BECOMING A DEBTOR NATION TO JAPAN.

MOSCOW-NEWS TEXT (530)

WASHINGTON, FEB.8-(AP)-THE TEXT OF THE STATE DEPARTMENT'S ANNOUNCEMENT ON ARRANGEMENTS FOR NEWS COVERAGE OF THE MOSCOW FOREIGN MINISTERS' CONFERENCE FOLLOWS:

THE SECRETARY OF STATE ANNOUNCED YESTERDAY THAT THE LATEST WORD THE DEPARTMENT HAD FROM THE SOVIET AUTHORITIES WAS THAT NO MORE THAN 15 TO 20 AMERICAN CORRESPONDENTS COULD BE ACCOMODATED AT THE MOSCOW MEETING OF THE COUNCIL OF FOREIGN MINISTERS. THE SECRETARY ADDED THAT THE DEPARTMENT WAS ASKING THE SOVIET GOVERNMENT TO INCREASE THIS FIGURE AND THAT THE DEPARTMENT WAS ALSO ENDEAVORING TO OBTAIN BROADCASTING FACILITIES FOR RADIO CORRESPONDENTS. THE SECRETARY POINTED OUT THAT THERE WAS A PROBLEM OF SELECTION FROM AMONG THE 73 CORRESPONDENTS WHO HAD APPLIED TO GO TO THE MEETING AND THAT IT WAS OBVIOUS THE DEPARTMENT COULD NOT ITSELF UNDERTAKE TO SELECT FROM AMONG ALL THOSE WHO HAD APPLIED. MR. M.J. MCDERMOTT, SPECIAL ASSISTANT TO THE SECRETARY FOR PRESS RELATIONS, WAS INSTRUCTED TO ADVISE OR CONSULT ANY COMMITTEE WHICH THE CORRESPONDENTS THEMSELVES, OR THEIR PAPERS, CARED TO APPOINT TO MAKE THIS SELECTION.

THE CONGRESSIONAL STANDING COMMITTEE OF CORRESPONDENTS AND THE STATE DEPARTMENT CORRESPONDENTS ASSOCIATION APPOINTED REPRESENTATIVES TO SIT AS A COMMITTEE WITH MR. MCDERMOTT TO PROPOSE PRINCIPLES ON WHICH A SYSTEM OF PRIORITY COULD BE APPLIED.

THE COMMITTEE MET AT 12:15 P.M. TODAY AT THE DEPARTMENT OF STATE AND UNANIMOUSLY AGREED ON THE FOLLOWING STATEMENT:

"1. THE COMMITTEE DEPORES THE FACT THAT RUSSIA HAS CONSENTED TO GRANT VISAS TO ONLY 20 PRESS AND RADIO CORRESPONDENTS AND PHOTOGRAPHERS TO ATTEND THE CFM MEETING IN MOSCOW. THE COMMITTEE RECOMMENDS THAT CONTINUED STRONG REPRESENTATIONS BE MADE FOR ADDITIONAL VISAS FOR AMERICAN CORRESPONDENTS AND ENDORSES THE REPRESENTATIONS ALREADY MADE BY THE SECRETARY OF STATE.

"2. WHILE THESE NEGOTIATIONS ARE PROCEEDING, THE COMMITTEE PROPOSES AS A TENTATIVE RULE THAT THE PRIORITY BE GRANTED ORGANIZATIONS WHICH DEMONSTRATED THEIR CONCERN IN CFM (COUNCIL OF FOREIGN MINISTERS) NEWS BY COVERAGE OF CFM MEETINGS BOTH AT PARIS AND NEW YORK. THE COMMITTEE INTERPRETS SUCH COVERAGE TO MEAN ASSIGNMENT OF AN AMERICAN REPORTER TO THESE TWO MEETINGS FOR THE MAJORITY OF DAYS THEY WERE IN SESSION.

B20WX

"3. WIRE SERVICES, NEWSPAPERS, NEWS MAGAZINES AND RADIO ORGANIZATIONS WHICH CAN QUALIFY UNDER PARAGRAPH 2, BUT HAVE AMERICAN CORRESPONDENTS CURRENTLY STATIONED IN MOSCOW, ARE REQUESTED TO STAND UPON THEIR PRESENT AMERICAN REPRESENTATION IN THE INTEREST OF EXTENDING THE RIGHTS OF COVERAGE TO AS LARGE AN ADDITIONAL SEGMENT OF THE AMERICAN PRESS AND RADIO AS POSSIBLE. LIMITED EXCEPTION IS PROPOSED FOR THE THREE MAJOR WIRE SERVICES BECAUSE OF THE WIRE SERVICES' DAY, NIGHT AND OVERNIGHT PROBLEMS.

"4. IT IS RECOGNIZED THAT EVEN BY ADHERENCE TO THE ABOVE RULE OF PRIORITY, MANY NEWSPAPERS AND OTHER MEDIA MIGHT NOT BE INCLUDED. IN THE EVENT THAT ADDITIONAL UNITED STATES REPRESENTATION IS GRANTED BY RUSSIA, IT IS RECOMMENDED THAT PRIORITY BE BASED UPON THE FOLLOWING CONSIDERATIONS.

"A. THOSE ORGANIZATIONS WHICH COVERED BOTH CONFERENCES BUT WERE

NOT REPRESENTED IN PARIS AND NEW YORK FOR THE MAJORITY OF DAYS THE COUNCIL WAS IN SESSION.

"B. THOSE ORGANIZATIONS WHICH COVERED THE PARIS CONFERENCE OF 21 NATIONS."

THE COMMITTEE WILL MEET AGAIN AT 3:00 P.M. MONDAY TO APPLY THESE PRINCIPLES TO THE LIST OF APPLICANTS FOR VISAS AND RECOMMEND A LIST OF PRIORITIES IN TERMS ONORGANIZATIONS TO THE SECRETARY OF STATE.

BY LARRY HAUCK

NEW YORK, FEB. 8-(AP)-THE UNITED STATES MOVED CAUTIOUSLY TODAY IN SEEKING TO AVOID A VETO SHOWDOWN WITH RUSSIA IN THE UNITED NATIONS OVER THE DEADLOCKED ISSUE OF GENERAL ARMS REDUCTION.

WHILE REPORTED CONFIDENT OF WINNING IN AN EVENTUAL VOTE, THE AMERICAN DELEGATION WAS READY TO GO TO ANY LENGTHS SHORT OF RETREAT FROM ITS BASIC POSITION TO AVOID A WIDE-OPEN SPLIT.

THIS FEELING OF U.S.DELEGATE WARREN R.AUSTIN WAS SHARED BY SEVERAL OTHER COUNCIL MEMBERS, WHO POINTED TO THE FUTILITY OF "PASSING" ANY ARMS RESOLUTION WHICH WAS OPPOSED FLATLY BY A GREAT POWER.

WHETHER SOVIET DELEGATE ANDREI A.GROMYKO WOULD CHOSE TO INVOKE THE VETO IN THE EVENT OF AN AMERICAN MAJORITY WAS NOT KNOWN, NOR WAS IT CLEAR AT THIS STAGE WHETHER THE SECURITY COUNCIL WOULD HOLD THE QUESTION TO BE SUBSTANTIVE AND THUS SUBJECT TO VETO.

ONE DELEGATE PRIVATELY EXPRESSED THE OPINION THAT HE DID NOT BELIEVE THAT GROMYKO WOULD RISK WORLD PUBLIC OPINION BY VETOING ANY ARMS RESOLUTION WHICH WAS SHOWN TO HAVE VIRTUALLY COMPLETE SUPPORT.

THE COUNCIL SET A MEETING FOR TUESDAY TO HEAR A REPORT FROM THE SIX-NATION COMMITTEE WHICH DEBATED THREE DAYS BEHIND CLOSED DOORS IN FRUITLESS EFFORTS TO RECONCILE THE AMERICAN AND RUSSIAN VIEWS. THE COMMITTEE FINALLY DRAFTED SEPARATE RESOLUTIONS EMBODYING THE TWO OPPOSING STANDS.

THE CORE OF THE DISPUTE WAS AMERICAN INSISTENCE THAT THE TERMS OF REFERENCE OF A PROPOSED 11-NATION ARMS REDUCTION COMMISSION SHOULD STATE SPECIFICALLY THAT SUCH A BODY SHOULD HANDLE ONLY CONVENTIONAL WEAPONS AND NOT INFRINGE ON THE WORK OR DUTIES OF THE ALREADY FUNCTIONING ATOMIC ENERGY COMMISSION.

AUSTIN REITERATED THE AMERICAN POSITION IN A SPEECH TODAY BEFORE THE AMERICAN ASSOCIATION FOR THE UNITED NATIONS.

WD412PES

NEW YORK, FEB.8-(AP)-THE WORLD IS CLOSER TO REAL SECURITY AND DISARMAMENT THAN EVER BEFORE, DESPITE APPARENTLY "IRRECONCILABLE" DIFFERENCES BETWEEN THE UNITED STATES AND RUSSIA ON AN INTERNATIONAL PROGRAM FOR DISARMING AND CONTROLLING ATOMIC ENERGY, WARREN R.AUSTIN, U.S.REPRESENTATIVE ON THE UNITED NATIONS SECURITY COUNCIL, DECLARED TODAY.

ADDRESSING A CONFERENCE ON "THE UNITED NATIONS IN 1947" SPONSORED BY THE AMERICAN ASSOCIATION FOR THE UNITED NATIONS AND SEVERAL OTHER ORGANIZATIONS, AUSTIN TOLD AN AUDIENCE OF 700:

"HOW NEAR ARE WE TO REAL SECURITY AND DISARMAMENT? I CAN SAYS WE ARE NEARER THAN WE EVER HAVE BEEN BEFORE."

HE ADDED, "WE CANNOT THINK OF DISARMAMENT WITHOUT COLLECTIVE SECURITY" AND SAID THAT PRINCIPLE HAD BEEN "FORGED ON THE ANVIL OF DEBATE." HE THEN QUOTED A SPEECH BY SOVIETY SECURITY COUNCIL DELEGATE ANDREI GROMYKO WHICH TERMED DISARMAMENT "AN INSEPARABLE PART" OF THE ESTABLISHMENT OF COLLECTIVE SECURITY.

"THERE YOU HAVE THE HEART OF AGREEMENT ALREADY ARRIVED AT BETWEEN EAST AND WEST. I THINK IT IS AN ELEMENT OF ENCOURAGEMENT AT A TIME WHEN WE NEED IT," AUSTIN COMENTED.

HE LISTED AS PREREQUISITES FOR A TRUE BEGINNING OF WORLD-WIDE SECURITY AND DISARMAMENT:

1. THE EARLY CONCLUSION OF PEACE TREATIES WITH GERMANY AND JAPAN AND THE SETTLEMENT OF ISSUES INVOLVED ON THE BASIS OF THE UNITED NATIONS CHARTER.

2. PROMPT ACTION BY THE U.N. SECURITY COUNCIL TO "ACCELERATE AS MUCH AS POSSIBLE THE ESTABLISHMENT OF AN INTERNATIONAL ARMED FORCE SO THAT THE SECURITY COUNCIL HAS AT ITS DISPOSAL THE MEANS FOR ENFORCING ITS DECISIONS."

3. IMPLEMENTATION BY THE SECURITY COUNCIL OF A U.N. GENERAL ASSEMBLY RESOLUTION VOTED ON DEC. 14, 1946, POINTING OUT THAT IT IS ESSENTIAL TO ESTABLISH INSPECTION SAFEGUARDS TO PROTECT NATIONS AGAINST THE VIOLATION OF ANY DISARMAMENT AGREEMENT.

PS&SN1OPES

BEHIND THE WHOLE QUESTION WAS THE UNITED STATES DRIVE FOR EARLY CONSIDERATION OF THE ATOMIC COMMISSION'S REPORT AND THE FEAR THAT IT MIGHT BE SIDETRACKED OR EVEN SCRAPPED. THE AMERICAN CONTROL PLAN WAS ADOPTED BY THE COMMISSION AS ITS REPORT, 10 TO 0, WITH RUSSIA AND POLAND ABSTAINING. SO FAR THE REPORT HAS NOT BEEN DISCUSSED BY THE PARENT SECURITY COUNCIL, WHERE RUSSIA WOULD HAVE TO TAKE A FORMAL STAND.

DURING ITS THREE-DAY DELIBERATIONS, THE COMMITTEE SUCCEEDED IN COMBINING FIVE RESOLUTIONS INTO A SINGLE DRAFT EXCEPT FOR THE ATOMIC ISSUE. IN CLARIFYING THE MORE OR LESS MINOR POINTS SEVERAL NATIONS MADE CONCESSIONS, INCLUDING THE UNITED STATES AND RUSSIA.

ONE CHANGE ON WHICH GROMYKO INSISTED WAS ELIMINATION OF A 90-DAY DEADLINE ON A REPORT FROM THE MILITARY STAFF COMMITTEE, THE GROUP OF ADMIRALS AND GENERALS FROM THE FIVE GREAT POWERS CHARGED WITH ORGANIZING AN INTERNATIONAL FORCE. THE REVISED VERSION READ THAT THE COMMITTEE, WHICH HAS MADE VIRTUALLY NO PROGRESS AFTER A YEAR OF MEETINGS, SHOULD REPORT AS SOON AS POSSIBLE.

NEW YORK, FEB.8-(AP)-A GRANT OF $25,000 BY THE ROCKEFELLER FOUNDATION TO THE AMERICAN-SOVIET SCIENCE SOCIETY WAS REVEALED YESTERDAY.

"AMERICAN SCIENTISTS RECEIVED FROM RUSSIA A CONSIDERABLY LARGER VOLUME OF MATERIAL THAN THEY SENT TO RUSSIA," HE DECLARED.

THE GRANT-MADE IN THE INTEREST OF KEEPING OPEN THE AVENUE OF INTERCHANGE OF SCIENTIFIC DATA AND THOUGHT--HAS BEEN INEFFECTIVE SO FAR BECAUSE TAX AUTHORITIES IN WASHINGTON HAVE WITHHELD CERTIFICATION THAT THE SCIENCE SOCIETY IS A NON-PROFIT ORGANIZATION. APPROVAL WITHIN A FEW DAYS NOW IS EXPECTED, IT WAS STATED YESTERDAY.

LOS ANGELES, FEB.8-(AP)-OIL WORKERS REPRESENTATIVES PROPOSED TODAY A PROGRAM OF MINIMUM WAGES SUFFICIENT TO PROVIDE "A DECENT LIVING" BUT IN EACH CASE GEARED TO THE RESPECTIVE ECONOMIES OF THE PETROLEUM-PRODUCING NATIONS.

THE RESOLUTION, WHICH SIGNIFICANTLY CONTAINED NO ACTUAL WAGE FIGURES, CAME BEFORE A SUBCOMMITTEE ON GENERAL SOCIAL AND LABOR CONDITIONS OF THE INTERNATIONAL LABOR ORGANIZATION'S PETROLEUM COMMITTEE CONFERENCE.

UPON ITS INTRODUCTION, A.DALGIEISH, BRITISH WORKERS' REPRESENTATIVE, SAID HE HOPED THE COMMITTEE WOULD ACCEPT THE PRINCIPLE THAT MINIMUM WAGES SHOULD BE FIXED.

"WE ARE NOT SUGGESTING THAT THIS SHOULD BE AN INTERNATIONAL FIGURE BUT THAT THE MINIMUM WAGE SHOULD BE FIXED IN EVERY COUNTRY WHERE PETROLEUM IS PRODUCED," HE SAID. "WE DEEM IT PROPER THAT THERE SHOULD BE RATES BELOW WHICH NO WORKER SHOULD BE EXPECTED TO LABOR, AN THAT SUCH RATES SHOULD TAKE INTO ACCOUNT THE ECONOMIC SITUATION OF THE COUNTRY CONCERNED.

"WE CONTEND THAT THE MINIMUM RATE SHOULD BE BASED UPON A 40-HOUR WEEK."

DALGLEISH ADDED THAT THE SUBCOMMITTEE COULD PROBABLY ARGUE INDEFINITELY AS TO WHAT CONSTITUTES A DECENT STANDARD OF LIVING, BUT IN THE WORKERS' VIEWPOINT SUCH A WAGE WOULD PROVIDE EVERY EMPLOYE WITH THE MEANS TO LIVE IN DECENCY AND COMFORT.

DELEGATES SPECULATED THAT THE MINIMUM WAGE PROPOSAL WOULD BE AS CONTROVERSIAL AS DISCUSSION OF A 40-HOUR OR 48-HOUR WORK WEEK, EXCEPT THAT NO SPECIFIC WAGE LEVEL WAS MENTIONED.

THE WORK WEEK SUBJECT WAS DROPPED YESTERDAY AND POSTPONED TO THE NEXT MEETING OF THE PETROLEUM COMMITTEE 15 MONTHS AWAY, AFTER JOHN FOX, REPRESENTING THE ILO SECRETARY-GENERAL, SAID HE SAW NO PROSPECT OF AGREEMENT, AT THIS MEETING, BETWEEN MANAGEMENT AND LABOR.

SUBCOMMITTEE WORK CONTINUES TODAY. THE DELEGATES PLANNED TO ATTEND A BARBECUE GIVEN BY AN OIL COMPANY TOMORROW, VISIT LOS ANGELES AREA OIL FIELDS MONDAY AND RECOVENE FOR FINAL CONFERENCE BUSINESS TUESDAY AND WEDNESDAY. THE MEETING BEGAN LAST MONDAY.

British Industry Halts As Power Is Shut Off To Save Coal Supplies

DRASTIC ACTION CRIPPLES VITAL EXPORT CAMPAIGN

4,000,000 Idled by What Press Calls 'Country's Industrial Dunkerque.'

CABINET MEETS TODAY

Shops, Homes Face 5 Heatless Hours Daily Under Sweeping Order.

LONDON, Monday, Feb. 10—(AP) Britain's labor government threw the switches cutting off electric power to thousands of industries today in order to hoard the nation's dangerously depleted coal stocks against the winter's end.

Industrial wheels stopped turning at midnight in 44 of the 64 counties in England and Wales, crippling Britain's vital export campaign in what newspapers described as the country's "Industrial Dunkerque."

5 Currentless Hours Daily

While the first real thaw in a month began last night shattering winter's hold on the British Isles, millions of shops and homes faced five currentless hours daily — between 9 a.m. and noon and again between 2 and 4 p.m.

Bewildered businessmen and harassed power company officials, confused by the varying restrictions prescribed for essential and non-essential industries, awaited Prime Minister Clement R. Attlee's statement in the House of Commons this afternoon to clarify the situation.

Preceding the House of Commons session, Attlee will meet his ministers in a hastily called cabinet meeting before deciding whether to make a nationwide broadcast appealing for fuel economies and explaining the electricity stoppages which will leave an estimated 4,000,000 workers temporarily unemployed.

Winston Churchill, opposition leader of the House, has threatened to introduce a motion of censure against the labor government.

Coal miners, pressed for even greater production efforts, heard their spokesman, Arthur Horner, general secretary of the National Union of Mine Workers, warn last night against "enemies of the government" and their "exploitation of the present crisis (which) can bring ruin to our country."

Bombing Threat Made

As the government sought to clear last-minute obstacles to its power conservation order, Scotland Yard announced the receipt of a telegram saying that the home of Emanuel Shinwell, fuel and power minister, would be blown up by a time bomb. Police investigated but found no bomb.

There was some confusion over the power conservation plan and no government official would state how long the power cuts would stay in effect. Shinwell's original announcement set no limit beyond "possibly a week."

Power company officials complained that the close intermingling of non-essential and exempted essential industries in the metropolitan areas meant that current could not be shut off at the power houses. They said voluntary cooperation would be required of consumers receiving electricity which they were not entitled to use.

In Birmingham and parts of London, two of the four largest manufacturing areas affected, power companies said they were unable to devise adequate shutoff plans and therefore would not stop electricity supplies. Public utilities, health services, food processing establishments, daily newspapers and the British Broadcasting system were exempted from the cuts.

Thousands of queries challenging the feasibility of the government's plan or seeking fuller information poured into the unheated offices of the ministry of fuel and power, where Emanuel Shinwell, fuel minister, conferred with associates concerning implementation of the vast electricity blackout.

Sir Hartley Shawcross, attorney general in the labor government, said in a speech that Britain's miners "hold the country's future in their hands. But prospects dimmed for substantially increased coal production this week as heavy weekend snow kept many Welsh miners from the pits.

Business observers, surveying the consequences of the shutdown, agreed that the fuel shortage was a disastrous setback to the nation's "economic salvation" drive.

Some thought the crisis might mean a shift in the use of the American loan, now being spent largely for food, tobacco, gasoline and movies, and going at the rate of over $100,000,000 a month.

These observers predicted increases in "austerity" living by reducing so-called "luxury" items and a corresponding increase in spending on industrial re-equipment and mining tools with which Britain could dig for its own salvation.

ARABS TO REJECT BRITISH PROPOSAL FOR PALESTINE

Jews Expected to Turn Down Request to Act Against Underground.

SHIP IS SEIZED

Brought into Haifa After Would-Be Immigrants Battle Boarders.

LONDON, Feb. 8—(AP) A spokesman for the Palestine Arab delegation to the British-Arab conferences on Palestine's future said tonight a letter formally rejecting the new British proposal for the Holy Land would be delivered tomorrow to the British government.

The spokesman said the Arab delegation had not yet made plans for leaving London "because we expect to meet with the British again."

An authoritative informant confirmed yesterday that the British plan provides for the immediate admission of 100,000 European Jews to Palestine. An Arab statesman said here that "it will mean war" if the proposal allows one more Jew to set foot in Palestine.

To Meet Again

The Arab delegation spokesman said the date for the expected meeting with the British had not been decided. Earlier, however, a British colonial office spokesman said no further talks on Palestine were expected to take place tomorrow.

The spokesman's report followed a declaration by Haj Amin el Husseini, exiled mufti of Jerusalem, in Cairo that the Arab delegates in London soon would withdraw "after rejecting all the British proposals."

"The decision to reject the British proposal already has been taken," the Arab spokesman here said. "The letter has been drafted and it will go tomorrow."

He did not indicate what would be the subject of a final meeting of the Arab delegation with the British but presumably it would be to reassert their counter-proposals for Palestine. Arabs have insisted on an Arab state in Palestine, with minority rights for the Jews.

The reported British proposal would admit 100,000 Jews from European displaced persons camps immediately into a semi-autonomous Jewish province in Palestine.

Palestine Jews Refuse To Act 'as Informers'

JERUSALEM, Feb. 9. — (AP) Jewish Agency leaders announced tonight that their formal reply to a British request for cooperation against underground violence in the Holy Land would be delivered tomorrow and that it probably would reiterate the agency's stand that Jews would not act as "informers."

Sir Alan Cunningham, high commissioner of Palestine, told the Jewish leaders who had indicated fear the British would impose martial law in some areas, that "no substitution for civil administration in Palestine is contemplated at present."

C. L. DAVIDSON

Battle Aboard Ship

The announcement coincided with receipt of dispatches here telling of the subduing of 650 Jewish would-be immigrants by British sailors who boarded their schooner off the Palestinian coast and brought it to Haifa today.

The reports received here said the 100 sailors braved a barrage of iron bars and bottles in the boarding operation and that one Jewish immigrant was shot in the leg.

At Haifa, British soldiers herded the passengers from the schooner to the transport Empire Heywood. It was believed that the transport would transfer the immigrants to Cyprus detention camps. A number of the passengers displayed minor injuries, indicating a struggle with the British had occurred aboard the schooner, although Haifa officials claimed the boarding was "completely without opposition."

Some hysterical women among the immigrants were taken to hospitals for treatment.

Gen. Cunningham summoned Mrs. Golda Myerson and Eliezer Kaplan of the Jewish Agency to his headquarters and told them "quite clearly in the situation created by terrorist action preparation had to be made for all eventualities."

Cunningham "regretted" the recent requisitions of areas in Jerusalem, but said they were necessary "purely as a security measure." Approximately 1,000 Jews were evicted from their apartments in the setting up of four "security" compounds.

He "sincerely hoped the Jewish community could maintain tranquility while efforts were being made to find a solution to the Palestine problem."

One of the offices evacuated from the four security areas was that of the American Jewish joint distribution committee.

New rigid security plans went into full force, with all four areas strictly cordoned off and all but military traffic diverted. Sandbag machinegun emplacements were thrown up to guard the entrances to all areas. British troops worked with Palestine police to check identities of those entering and leaving.

The Hadassah hospital on Mt. Scopus outside Jerusalem, which is American endowed and Jewish-operated, started to fly an American flag instead of the blue and white Star of David. "We are an American institution in Palestine," hospital officials said.

BRITISH MOVE 650 JEWS OFF EMIGRE SHIP

Group Placed On Transport After Battle In Which One Is Wounded

Haifa, Palestine, Feb. 8 (AP)—British soldiers herded approximately 650 Jewish refugees from Europe aboard the transport Empire Heywood tonight after British sailors braved a barrage of iron bars and bottles to board the emigres' battered two-masted schooner and take it under control.

Although the destination of the Empire Heywood was not made known officially, that ship has made a number of previous trans-shipments of would-be Jewish immigrants to detention camps on the island of Cyprus.

The immigrants' schooner Merica, of Naples, which they had renamed La Negev (to the south) during its Mediterranean passage, was sighted last night off the Jewish fishing village of Kiodot Yam and early today 100 sailors boarded her.

One Jew On Ship Shot

Although officials here said the boarding operation was conducted "completely without opposition," a British official in Jerusalem said one Jew was shot in the leg and several others were injured before the vessel was taken under control.

Tear-gas bombs were used in an effort to board the ship, the Jerusalem official said, and when this failed, warning shots were fired. One bullets struck a passenger in the leg and several other Jews received minor injuries in a melee when the boarding party reached the deck.

The 350-ton La Negev was brought to Haifa and tonight airborne artillerymen, armed with pickhandles rather than firearms and wearing steel helmets, goggles and heavy arm coverings, went aboard to start the debarkation.

Screaming Women Removed

The first passenger off was a man on a stretcher with his leg in splints. The next twenty were women, many of them screaming and hysterical. Some of the more emotionally disturbed women were taken to hospitals.

Although most of the 650 passengers appeared to be in much better physical and mental condition than encountered in the usual trans-shipment operation, some young men left the ship with bloody heads, evidence they had tussled with the soldiers.

The Jews were all warmly clad and many of them strolled quietly through lanes of troops to quayside booths for baggage checking, delousing and first aid. Most of the passengers were young people—many of them women and girls.

The condition of their ship, however, was less prepossessing. The La Negev displayed a number of rotton planks in its decks and sides and its sail canvas was torn and frazzled. Jewish sources said the emigres had come from Le Havre, France, and had recently been detained by French port officials.

During the trans-shipment operation Haifa citizens remained in their homes and the Jewish section of the city was cordoned off, as was the port area and the adjoining business district.

Newsmen were taken to the port in an army convoy and were permitted to move to the shipside only in small groups because of crowded conditions and the narrowness of the quay, which was lined with troops and armored cars.

Officials termed the trans-shipment "the quietest similar operation to date," and said the immigrant schooner had plenty of food and water for its passengers during the voyage.

Cairo, Feb. 9 (AP)—Haj Amin el Husseini, the exiled Mufti of Jerusalem, declared today it was useless to try to solve the Holy Land problem through conferences with the British "as long as Britain insists upon Judaizing Palestine."

Addressing 250 members of the Palestine Arab armies Najada and Futuwah who visited him here, the Mufti asserted that, "It's up to the Arabs to try and force Britain to forget this plan, before it tries to solve the Palestine question through negotiations."

He said the Palestine Arab delegation would withdraw soon from the current Palestine conference in London after rejecting all of the British proposals.

Mufti Cabling Arab Chiefs

The British were reported to have recommended creation of semi-autonomous Jewish and Arab states, and immediate admission of 100,000 Jews. The Palestine Arabs conferred here with the Mufti before going to the London conference.

An informant said the Mufti on behalf of the Arab Executive Committee of Palestine would send cables to the kings and presidents of the seven Arab States tomorrow announcing that "all British proposals had been rejected by the committee, as they contradict the Palestine national charter which insists on independence and halting of Jewish immigration."

Members of the Arab armies are here to help in the observance Tuesday of King Farouk's twenty-seventh birthday anniversary. In a birthday message to the Egyptian King, who granted him refuge in Egypt after he fled from Allied custody in Paris, the Mufti said:

"While greedy and hideous zionism is working to destroy the Arabs of Palestine, King Farouk has managed to unite Arab kings and presidents to stand firm against any threat of Zionist imperialism."

2-ROUND BOUT TO BE DECIDED BY COMMONS

M.P.'s To Hear Account Of Fight Between Member And Reporter

London, Feb. 9 (AP)—The House of Commons will give a decision tomorrow in the most publicized fight of the year—the two-round go between Phil Piratin, Communist member of Parliament, and a newspaperman named Thomas Daniel Lucy.

Before the asembled M.P.'s will be a blow-by-blow account compiled by the Committee of Privileges, with Winston Churchill, a member of the committee, taking a prominent role in the questioning of both combatants—and demonstrating that he knows a left hook from an uppercut.

It was Churchill who insisted that the House take a hand in the matter since the December 20 slugfest occurred within the House precincts—round one in the cafeteria, where Piratin hit the journalist, and round two on a stairway, where Lucy hit Piratin.

A Left-Hand Crosscounter

Testimony at the hearings that followed has been published in a Government white paper that quickly reached the best-seller list, largely because of passages like this:

Churchill—Was it a hard blow that you struck him or not a hard blow? Was all your force behind it?

Piratin—Not all my force. . . . I was not in the right position. . . . I put the tray down on the table there, you see, and swung on him what we call a left hook, like that. Now the point is that my foot—.

Churchill—A left-hand crosscounter?

Piratin—Precisely.

How They Weigh In

Another passage went:

Churchill—Mr. Piratin, would you mind telling me how old you are? Could you tell me your weight, if that has entered into it?

Piratin—I am 39 . . . let me see, the last time I weighed myself—do you mean stripped or dressed?

Churchill—Stripped.

Piratin—Stripped I could not say, but the last time I weighed myself in clothes I weighed about 11 stone 10 (164 pounds).

Churchill—Mr. Lucy, what is your age? What is your weight when you are in boxing trim?

On Basis Of Medical Evidence

Lucy—I am 40. I have never been in boxing trim, sir . . . I have never been as much as nine stone (126 pounds.) I am a lithe but rather a small-built man.

On the basis of medical evidence the decision clearly went to the outweighed Lucy, a reporter for the British Press Association. He was unmarked, while Piratin had two bruises on the face and, a doctor said, scratches "too numerous to mention."

But tomorrow's decision will not deal with who won but rather which man committed the greater offense against the dignity of the House. The committee found Piratin guilty of "gross contempt" and his opponent guilty of "contempt," recommending that the House express displeasure with both of them.

As to what they were fighting about—Piratin said Lucy shoved him from behind and then insulted him. Lucy denied shoving and said Piratin started the argument. The committee found that "offensive remarks" were uttered by each contestant.

Both men apologized to the House—but not to each other.

Royalty Attends Services In Rain

London, Feb. 9 (AP)—King George VI, Queen Elizabeth and the Princesses Elizabeth and Margaret Rose attended divine services today on the quarterdeck of the British battleship Vanguard, despite a heavy rain which splashed the deck and awnings, an Exchange Telegraph dispatch said.

The King, like all officers aboard the battleship which is taking the royal family to South Africa, wore a tropical uniform. The Queen and the Princesses wore summer pastel dresses.

The Vanguard later slowed to ten knots for refueling.

Russia O.K.'s Debt Delay

London, Feb. 9 (AP)—The Moscow radio said tonight that Russia had agreed to a six-to-eight-year postponement of Romania's reparations payments of $300,000,000.

Five Defeated Nations to Sign Peace Treaties in Paris Today

PARIS, Feb. 9—(AP) Peace treaties will be signed tomorrow for Italy, Romania, Bulgaria, Hungary and Finland, all sadly disillusioned satellites of Germany in World War II.

But even the signing in the famous clock room of the French foreign ministry will not finally bring peace to these vanquished states. Before the long-debated treaties are brought into force, they must be ratified by each of the major powers—by the U. S. Senate, for instance—and instruments of ratification must be deposited with the foreign ministry here.

Italy, Romania, Hungary and Finland all lose territory in the treaties although Romania recovers Transylvania from Hungary. Bulgaria survived territorially intact and coveting a part of Greece.

A total of $1,330,000,000 reparations were asked of which $900,000,000 was granted to Russia. Armed forces of all five states were reduced and all were prohibited from using atomic energy, rockets bombers, submarines or torpedo boats.

Silent and attended by only one advisor, the Italian plenipotentiary, Marquis Antonio Meli Lupi di Soranga, arrived today to affix his signature to the Italian treaty at 11 a.m. (5 a.m. Eastern Standard Time.) The treaties for Romania, Bulgaria, Hungary and Finland will be signed later.

The treaties first were drafted by the Big Four Foreign Ministers a year ago, disputed all last summer in the Paris peace conference and finished by the foreign ministers in New York last fall.

They have made the rounds of the capitals and bear the signatures of former secretary of state James F. Byrnes, Russian Foreign Minister V. M. Molotov and British Foreign Secretary Ernest Bevin. French Foreign Minister Georges Bidault will sign tomorrow for France and serve as master of ceremonies. Jefferson Caffery, U. S. ambassador to France, will countersign the documents for the United States, as will the ambassadors of Great Britain and Russia.

The signatories will vary according the the nations which were officially at war with the former enemy states. The United States, which never was at war with Finland, will be missing from that treaty. France will sign only the Italian treaty.

Romania In Protest

Georges Tatarescu, Romanian foreign minister, assailed sections of the Romanian treaty as "excessive and unjust" but said in a statement he would sign the document in a spirit of "international cooperation."

He singled out the clause obliging Romania to waive claims against Germany as "particularly unjust" and said his government intended to open negotiations with certain nations to "adapt treaty clauses to actual possibilities." He did not name the nations, but said Romania was glad to recover Transylvania from Hungary.

Some interest attached to the Yugoslav delegation, whose government frequently has said it would not sign a treaty with Italy which left the Adriatic port of Trieste outside Yugoslavia. Trieste is established as a free city, a decision also grievous to Italy.

There was no assurance Yugoslavia ambassador to Paris, Marko Ristic that Marshal Tito's country might sign with a preface of protest.

Preparing Other Treaties

Conclusion of the treaties still will leave similar work to be done to terminate the war with Germany and Austria, Japan and Korea. Deputy Foreign Ministers now are preparing the German and Austrial treaties for the forthcoming Moscow Conference.

Twenty Allied nations will sign from one to five of the Paris treaties and each signatory, including delegates from the defeated countries, will be allowed to speak briefly as he signs.

Besides the Big Four, Allied signers will be Australia, White Russia, Canada, India, New Zealand, Czechoslovakia, Ukraine, South Africa, Greece, Brazil, Belgium, China, Ethiopia, The Netherlands, Poland and Yugoslavia.

Saddest and most humiliated of all the defeated countries to sign on the dotted line is Italy, which before Mussolini's great gamble was rated as a first-rate power.

Must Be Ratified

The Italian signature will be qualified, in the eyes at least of the Italian Government, for it can become operative in Italy only by ratification of the Constituent Assembly. Premier Alcide de Gasperi has assured Italy he will petition the victor states for amelioration of the treaty terms and look to the United Nations "for revision."

Italy was shorn in her treaty of her African colonies of Eritrea, Somaliland and Libya, lost Trieste and other land in Venezia Giulia, the Dodecanese Islands, and a fragment on her western frontier to France. She also was assessed $350,000,000 reparations and her armed forces were cut to a total of 97,500 men and her once proud navy was reduced to 67,500 tons.

Dutch Signature Is Longest

PARIS, Feb. 9 (AP)—The longest name to be signed to the Axis satellite peace treaties tomorrow will be that of the Netherlands delegate, Jonkheer A. W. L. Tjarda van Starkenborgh Stachouwer, Netherlands Ambassador to France. China's delegate has the shortest name, Tsien Tai.

SNIPER KILLS AP REPORTER

Viet Nam Follower Shoots Belgian In Indo-China

Paris, Feb. 9 (AP)—Michel Moutschen, Belgian-born correspondent for the Associated Press, died last night from a spinal wound inflicted by a Viet Nam sniper during an ambush of a French armored column outside Hanoi in Indo-China.

A sub-machine gun bullet tore into his spine while Moutschen and other reporters attached to the French force dived for a ditch on orders of the French commanding officer.

Although Moutschen shouted "don't take risks on my account," his comrades pulled him to cover within five minutes while the Viet Nam snipers still were firing. Taken to a Hanoi hospital, he was decorated with the Croix de Guerre by the French commander in northern Indo-China. He died a few hours later.

To Be Buried Today

He will be buried Monday afternoon at services attended by representatives of the French Government and the French Newspaper Association.

Moutschen, 22, had fought in Belgium as a member of the underground during the war. He was born in Liege, where his mother and two brothers live. Maurice Negre, general manager of the French Press Agency, and several French correspondents in Indo-China, sent condolences to the Associated Press in Paris.

Negre forwarded a telegram he received from his correspondents in Indo-China, addressed to the Associated Press, saying:

"Your colleagues in the French Press Agency in Indo-China wish to express to the Associated Press their sorrowful sentiments on the death of their colleague, Moutschen. He has fallen courageously in the exercise of his duty. We shall keep unforgettable memories of his loyalty, courage, audacity and his high conception of his profession in furnishing public information."

Hue Is Center Of Operations

Another telegram from Gaston Soulie, president of the Syndicate of Journalists of Cochin-China, said:

"The death of M. Moutschen was the cause of deep sorrow among the professional journalists of Cochin-China. As president of their syndicate, I wish to present our sincere condolences."

A French communiqué said the main military operations in Indo-China were centered around Hue, capital of Annam, whose citadel was invested by French troops advancing from the port of Tourane on the central coast. The bulletin said only reconnaissance activities took place in the Hanoi sector. It added that numerous villages were set afire by the Viet Nam south of Hanoi.

Wounded Flown Back

The Viet Nam radio said French troops advanced northeast of Hanoi Friday but were under strong attack. Viet Nam successes were claimed elsewhere in Indo-China. The radio report, heard by the Associated Press at Manila, asserted that Viet Nam troops "in the very center of Hanoi" had trapped a number of French troops and that Viet Nam forces had thwarted every French attempt to escape.

Gen. Louis Morliere, commander of French forces in Tonkin, arrived in Paris to confer with Government leaders. More badly wounded French troops were flown to the capital.

The French press speculated about the forthcoming return of Admiral Georges Thierry d'Argenlieu, high commissioner for Indo-China, who has been the target of Leftist newspaper attacks for an asserted "lack of understanding" toward the Viet Nam forces.

Empty City For Tito

Pola, Italy, Feb. 9 (AP)—Marshal Tito's Yugoslav troops will find this port city virtually emptied of Italians when they enter under terms of the peace treaty to be signed by Italy tomorrow.

A surging exodus is under way from this naval base and the 25 square miles at the tip of the Istrian Peninsula which have been awarded to Yugoslavia. The population is 98 per cent Italian. Since June of 1945, the area has been part of the American-British occupied zone of disputed Venezia Giulia, enclosed entirely on the landward side by Yugoslavian occupation troops.

Over 28,000 of the 33,000 citizens of Pola were on the evacuation list. The Vatican and Italian Government have assisted 5,000 to move by sea already. Few have gone overland because the trip entails passage through Yugoslav territory. When the Italian peace treaty is ratified, the Allied Military Government will close down on practically a dead city.

Even Moving Thei Dead

The fleeing Italians were taking with them all their movable possessions, their pets, their hospital patients and even their dead.

"Nothing like this has ever happened before in peacetime," said British Lieut. Col. E. S. Orpwood, occupation commissioner. "The people have made up their minds that life is not going to be good enough if they stay. It looks as though all will go."

3024-7799

Italian Communists who favor the Slavs have been trying strenuously but with little or no effect to discourage the exodus.

Scores of departing Italians were questioned and none mentioned Communism as the reason for leaving. All spoke of "the Slavs" and told of alleged tyrannies and murders which they attributed to Yugoslav authorities beyond the Morgan Demarkation Line.

Bitter Toward Allies

Even avowed Communists were among those evacuating. A number, led by Eduardo Dorrigo, joined the flight after publicly branding the Yugoslav Communists as "Slav National Extremists and traitors to the international ideology of Marxism."

An exhausting search disclosed only two Italians, who said they were not Communists, who preferred to remain. One was a blacksmith who said he was too old to leave and "might as well die here." Another was a professor of literature who blamed all the city's misfortunes on the way the Italians treated the Slav minorities before the war.

"The people here are terrified that the Slavs will wreak vengeance," the professor said. "We have to pay for Fascism and for losing the war. But some of us must remain to preserve Italian culture."

The people of Pola were bitter against the Allies, especially the British, because of asserted "betrayal of promises made during the war" that Italy would receive an "honorable peace."

ing America in the occupation of Venezia Giulia and will be called "The Blue Devil Brigade."

According to reliable reports, negotiations are in progress for a combined American-British command, to be headed by Maj. Gen. Bryant E. Moore, commanding the 88th Division, Maj. Gen. Charles F. Loewen, commanding the British 1st Armored Division in Venezia Giulia, or Maj. Gen. Lawrence C. Jaynes, deputy commander, M.T.O. U.S.A.

A senior British officer, conceding the probability of joint Anglo-American command, discounted a tripartite command for "language, if for no other reason."

British Contingent

The British contingent will call itself BETFOR (British Element Trieste Force). It will be the 24th Guards Brigade, under Brig. Malcolm Erskine, until recently holding the Allied enclave at Pola.

Two thirds of the area of the future free state, but outside Trieste itself, is now under Yugoslav occupation, and it appears likely the Yugoslavs will remain where they are, avoiding disturbances possible if they came into the city.

Some Allied officers here fear that this may result in a division of the free state into "zones" dislocating communications and commerce.

The Government next must select his provisional "council of government." The provisional statute provides that the council shall be selected "after consultation with the Governments of Italy and Yugoslavia." If pro-Italian and pro-Yugoslav factions collaborate, this should not be a great difficulty.

Trouble Awaits Governor

However, until now, the chief pro-Slav faction, the Union of Anti-Fascist Italians and Slovenes (UAIS), has refused to co-operate in existing area councils despite repeated Allied Military Government invitations.

The governor also must appoint the provisional director of public security—the free state police chief—who will reorganize the area police force. The police until now have been a cause of dissention, with Slavs consistently charging it has a pro-Italian bias.

Trouble awaits the Governor in the fact that the treaty calls for election of a constituent assembly within four months after the governor takes office and for occupation forces to retire within four months and two weeks—unless the governor decides otherwise.

All To Accept Free State

The proximity of the provisional dates for elections and troop withdrawals is likely to raise bitter argument over which should take place first—each faction accusing the other of trying to influence the outcome.

Economic problems tower in the Free State's future.

An outstanding economic question is the currency. Pro-Italians want it based on the Italian lira, pro-Yugoslavs say it should be backed by the Yugoslav dinar.

Although on the surface all sides have accepted the Free State, both sides make no secret of their intention to work for "the closest possible ties" between Trieste and Italy or Yugoslavia.

New Trieste Problems

Trieste, Feb. 9 (AP)—Signing of the Italian peace treaty tomorrow brings to life a multitude of unsolved questions for Trieste.

Foremost is the future governor of the free state—who he will be, of what nationality, of what political bent, and how he will use his wide powers to cut through the many knotty problems he will face.

Among the governor's first tasks will be arrangements for the location and administration of the American, British and Yugoslav occupation contingents that will stay on. These contingents, each 5,000 strong, are to "assist in the maintenance of order during the initial period," according to the Trieste statute. Preliminary arrangements for accommodation of British and American contingents are in progress.

THREE BERLIN GANGS CAPTURED WITH BOOTY

BERLIN, Feb. 9 — (AP) Berlin criminal police announced today the capture of three organized robbery gangs having in their possession black market booty worth many thousands of dollars.

The police said the bands, each composed of five members, had burglarized scores of shops and lodgings near the center of the city.

One group, which included a woman who made masks for her male accomplices, operated with a stolen American jeep. With this gang police seized 150,000 marks ($15,000) in cash, several hundred thousand marks' worth of jewelry, and an automobile stolen from the Count von Schwerinof Lankwitz.

Hoover Goes to Hamburg

BERLIN, Feb. 9 (AP)—Former President Herbert Hoover left tonight for Hamburg to continue in the British occupation zone his survey of Germany's food situation. He is due on Tuesday in Stuttgart, in the American zone.

THYSSEN REPORTED FREE

Americans Said to Have Released German Industrialist

MUNICH, Germany, Feb. 9 (AP)—German officials here reported today that Fritz Thyssen, pre-war German industrial magnate, had been released from American custody after a decision not to try him before a war-crimes court.

The American war-crimes tribunal in Nuremberg had held Thyssen as a likely witness in the trial of five German industrialists indicted yesterday and as a possible defendant. The German informants said the fact that he left Germany in 1938, before the war broke out, influenced the decision not to try him.

They said that the industrialist, aged and ailing, had been freed on Jan. 30 from a hospital where he had been under guard and had gone to his home in the British zone.

Raid on Regensburg Camp of Nazis Nets Papers, Currency

MUNICH, Germany, Feb. 9 (AP)—German authorities said today that large quantities of identification papers and German currency were seized Friday in a raid on a civilian interment camp at Regensburg housing 8,000 suspected Nazis.

Sixteen persons arrested in the raid, which was carried out by 900 German police, later escaped. The camp was turned over recently to German administrators by the American Military Government.

The German camp commander denied the documents were produced within the camp.

Forged Identity Papers Seized

MUNICH, Feb. 9 (AP)—German officials disclosed today that large quantities of forged identification papers and German currency had been seized in a raid by 900 German police on a civilian internment camp at Regensburg containing 8,000 suspected Nazis. They said sixteen persons arrested in the raid Friday all later escaped through a police line.

Poles Plan Charter Change

Name Committee to Modernize Government Set-Up

WARSAW, Feb. 9 (AP)—A special committee was appointed by the Polish Parliament today to draft the framework of a new "little constitution" which is to bridge changes in the governmental organization since the writing of the 1921 constitution.

The changes include nationalization of industry and agrarian reforms enacted during the provisional regime. Writing of a complete new constitution is expected to require four months.

Reds Accuse U. S., Britain Of Big Reparations 'Grab'

MOSCOW, Feb. 9—(AP) Russian economist D. Melnikov declared today that the United States and Britain already had received more than $10,000,000,000 worth of German reparations—a sum equaling Soviet claims against Germany.

In an article published in the magazine New Times and the Communist newspaper Pravda, Melnikov also asserted that the two western nations had hampered shipment of German materials to Russia and were seeking "to obtain key positions in the economy of western Germany and make her permanently dependent on Anglo-American monopolies."

The economist said that the $10,000,000,000 figure did not include assets seized by the Americans and British from "so-called neutral countries."

"Ridiculous," Says Clay

(In Berlin, Lt. Gen. Lucius D. Clay, U. S. Deputy military governor, called the allegations "too ridiculous to be worthy of comment."

(James F. Byrnes, then secretary of state, said last July that the Russians had received directly or indirectly $14,000,000,000 in reparations from Germany. He said that under the Yalta agreement Russia received land east of the Curzon line for which it compensated Poland with German territory having a taxable property value of $11,500,000,000; and that Russia received land in the Koenigsberg area worth $2,500,000,000. In addition Russia has received many German factories, including plants in the American zone of occupation which were transferred intact to the Soviet Union).

Melnikov said the United States and Britain had blocked the "just claims" of countries "which suffered German occupation," even though these claims were agreed on at Potsdam.

"It is well known that the reparations claims of the Soviet Union—$10,000,000,000—are not equal to one-tenth of the damage caused in this country by invasion," he said.

Reparations demands of Poland, Czechoslovakia and Yugoslavia also are "extremely modest," Melnikov added.

"It is true that England and the United States have not declared the sum of their reparations claims, but in reality the Anglo-Saxon countries have already taken from Germany in value a sum significantly more than $10,000,000,000," he continued.

He said while the two western nations "hindered" sending plants and equipment to Russia from the western zones of Germany, they shipped such material to their own countries with the "greatest dispatch."

Charges 'Secret Reparations'

"The most important enterprises, incidentally, were dismantled in the American zone," Melnikov said.

"An important source for satisfying the claims of the Anglo-Saxons are so-called 'secret reparations.' Not only plant equipment but current production is included in this."

The economist said that the United States and Britain express themselves as opposed to taking reparations from current production, but that this opposition was merely aimed at Russia and apparently did not apply to the western nations themselves.

Citing foreign press reports as his authority, Melnikov gave these examples of what he termed "reparations" seized by the two countries from current German production:

Sent to Britain—300,000 tons of lumber in the second half of 1946; "many million tons of coal" during January; fountain pens manufactured in 20 factories; machine equipment manufactured at the Printz-Mueller works during the second half of 1946; almost all turbines and parts produced toward the end of last year by the Siemens-Shukket plant.

Sent to the United States—small parts valued at $26,200,000, 12,000 tons of aluminum, 95 percent of the cameras made by Agfa. He said that both countries had seized German patents, removing about 200 from the western zones, and also had taken about 170 tons of gold from Germany.

"Finally, the United States, Britain with her dominions, and France have received 470,000 tons of the German merchant fleet," Melnikov said.

SOVIETS SEEK RECORD VOTE

Delegate Slates Elected In 7 Of 16 Russ Republics

Moscow, Feb. 9 (AP)—Millions of Russians in seven of the Soviet Union's sixteen socialist republics voted today for delegates to their respective supreme soviets (parliaments), highest organ of state authority in the land. Despite the coldest weather of the year, indications were that a record vote might be achieved.

Prime Minister Stalin was among the voters. He was also the country's first candidate, having been nominated in all seven republics—the Russian Federated Socialist Republic, which includes Moscow and is the largest in the Soviet Union, and the republics of Azerbaijan, Armenia, Lithuania, Ukraine, White Russia and Georgia. Fifteen autonomous republics also held elections.

[The Moscow radio, heard in London, said that by midnight 94.87 per cent of the electorate had voted in the Georgian Soviet, "according to preliminary data."]

No Opposition Slate

The balloting was for a group of candidates made up of members of the Communist party and nonparty members who were nominated in special rallies throughout the nation. There was no opposition slate, but citizens who did not want to vote for a certain candidate could draw a line through the candidate's name on the ballot.

Each citizen was handed a ballot after his name was checked. He could drop the ballot into a sealed box or go into a screened booth and scratch the name of a candidate.

The polls opened at 6 A.M. and officials appeared anxious to get all the voters into the polls before the midnight closing.

Elections in the other nine republics of the Soviet Union will be held soon.

Housing May Limit Big Four Retinue

Moscow, Feb. 9 (AP)—Limited housing facilities may force the Soviet Government to ask a reduction in the number of delegates

assigned to attend the four-power Foreign Ministers Conference next month, an informed source said today.

Apparently there was no objection to the American delegation of 100 members, but, the source said, there may be some suggestions made to the British who expected to send more than that number.

Housing also was termed the reason for a reported Soviet request that the American press delegation be confined to about twenty correspondents.

One has to live in Moscow really to understand what is meant by "housing problem." As it is, the Soviets are clearing out an entire Moscow hotel—Moscow's newest—for the delegates. They also are taking rooms in the Metropole, National and Savoy hotels for delegates and correspondents.

Foreign correspondents, who maintain regular offices at the Metropole, are moving to other rooms in the hotel so the Russians may give their rooms to incoming delegates. Scores of Russian residents in these hotels are being asked to give up their rooms to make way for the foreigners.

Wholesale cleaning and redecorating now is going on in the hotels, new furniture and lighting fixtures are being installed in some.

$250,000 Relief Goods Burned

Manila, Feb. 9 (AP)—Approximately $250,000 in United Nations Relief and Rehabilitation food and clothing, intended for Philippine relief, was destroyed last night in a fire which razed the UNRRA warehouse in north Manila.

ANTI-AMERICA RALLY ENDS IN SHANGHAI RIOT

China Faces Government Shakeup As Economic Crisis Tightens

Shanghai, Feb. 9 (AP)—China's deepening economic crisis resulted today in an anti-American rally, which broke up in a riot and brought a prediction from a high quarter of an imminent Government reorganization.

In Nanking, Generalissimo Chiang Kai-shek ordered a new five-year economic plan started immediately, but its nature was not disclosed.

The Shanghai mass meeting was called by employés of various Chinese department stores to instigate a boycott against American imports as a means to "save Chinese industry from bankruptcy."

Speakers Estape In Melee

Kuo Mo-jo, a prominent leftist writer, who last year was received with great honors on a visit to Moscow, was billed as the principal speaker.

The meeting had barely gotten under way, however, when a signal from an unidentified man in the crowd started a riot.

Kuo and the other speakers escaped in the melee, but at least ten persons were injured.

Mayor K. C. Wu subsequently told correspondents he had no objections to encouragement of domestic industry but could not agree with a boycott of American goods, as this obviously would have undesirable political implications.

Symptomatic Of Economic Ills

Observers regarded the incident as symptomatic of the growing unrest of the country's steadily deteriorating economic condition, which has sent prices to new heights and the exchange value of Chinese currency to record lows.

The American boycott idea grew out of a Chinese Government plan to tax imports 50 per cent and use the money to subsidize exports 100 per cent. This subsidy, announced Wednesday, would have given Chinese exporters 6,700 Chinese dollars for each American dollar's worth of goods, approximately the black-market rate of that time, compared with the official Government rate of 3,350 to 1.

Quick Black-Market Reaction

The black market reacted immediately, however, and yesterday was offering more than 11,000 Chinese dollars to $1 United States. The United States consulate also sent shippers an informative notice that American tariff law required that subsidized goods pay additional levies equal to the subsidy.

Business men and the press agreed that this overlooked fact knocked the subsidy plan on the head.

Since Wednesday, retail prices have doubled and there has been a rush of speculative buying, with gasoline a prized item. Motorists in Shanghai and Nanking quickly drained filling stations, even though operators said supplies were adequate to meet true needs.

Government Shakeup Imminent

What the Government's five-year plan would be remained to be seen, but Lei Chen, a prominent member of the Kuomintang, Government party, declared a general reorganization of the regime was imminent.

Lei said it would be completed before the next session of the Kuomintang Executive Committee, scheduled tentatively for mid-February, and that certain Government posts would be reserved for Communists and the third-party Democratic League if they wanted to participate. He admitted, however, that there was no possibility at present of resuming peace parleys with Communists.

There have been many reports of Government reorganization which has not yet materialized. It is believed possible that the Government actually may offer a few positions to prominent Liberals with an eye to giving an appearance of broadening its base, but observers generally agree that the practical effect would be small.

Now Multiplied By 4,000

[In an interview in Nanking two weeks ago, Gen. Wu Ting-chang, secretary general of the Central Planning Board, said the five-year economic program—apparently the same as the one the Generalissimo has ordered implemented—was first drafted in 1944.

[Wu said it was estimated to cost 220,000,000,000 Chinese dollars, but that was when three Chinese dollars were worth $1 United States. At present rates, this would have to be multiplied by nearly 4,000.

[Wu said the largest item in the program was 38 per cent for communication, including a new national railway network; industrial rehabilitation, with 27 per cent, and the remainder going to power production, mining, agriculture and water conservation.

[Government appropriation, public contribution and foreign investors were expected to contribute one third each to the financing, but Wu admitted that "much depends on the future of the political situation, as foreigners will not risk investment where they think there is danger of losing their capital.]

CHINESE MAY GET DAIREN

Agreement With Russia Reported In Peiping

Peiping, Feb. 9 (AP)—The independent Chinese paper *Shih Chieh Jih Pao* reported today that, by agreement with the Russians, Chinese Government troops had advanced to positions within 4 miles of Russian-occupied Dairen.

The report, not confirmed from any source, said the Chinese and Russians met and agreed at Chinchou, midway between Dairen and Pulantien. The Chinese have been camped for months at Pulantien, 45 miles northeast of Dairen, while awaiting diplomatic clarification of the status of Dairen.

Was To Be Free Port

The paper did not say exactly what the reported agreement covered.

Under the 1945 Soviet-Chinese treaty, Dairen, on the Kwantung Peninsula of Manchuria, was to be a free port under Chinese administration, but the Russians have garrisoned the place since the Japanese surrender.

In China proper, Government troops were reported making determined campaigns to free the country's two main north-south railways, portions of which are Communist-held.

Communist sources said that Government planes had dropped more than 100 bombs on Lini, creating havoc in that southern Shantung city which is headquarters of the Communist new 4th Army. The city is one of the keys to the Tientsin-Pukow railway.

Pro-Government reports four days ago said a Government column was within 6 miles of Lini and predicted its early capture. Similar dispatches today from Suchow, 90 miles southwest of Lini, said five Government columns were driving toward the city and expected to take it within 48 hours.

Suchow is a Government arsenal city where Gen. Chen Cheng, Government chief of staff, is reported personally directing the Shantung campaign.

The other railway which the Government is struggling to reopen is the Peiping-Hankow line. Government reports said the Communists had been driven out of Yihsien, 60 miles south of Peiping on a spur of the railway and that a general campaign to free the route was imminent.

Shanghai Italian Chief Convicted

SHANGHAI, Feb. 9 (AP)—G. Bordandini, former deputy commander of Italian naval forces in Shanghai, was sentenced to life imprisonment yesterday by Shanghai's high court on two counts of aiding the Japanese. Bordandini was convicted of assigning 100 Italian sailors to the Japanese-held Kiangnan dockyard of Shanghai and supplying goods to the Japanese in the early days of the Japanese aggressions in China long before Italy went to war.

Japs' Agent To Die

Nanking, Feb. 9 (AP)—Ting Mochun, 45, who was chief of secret service for the Japanese puppet government during the occupation, was sentenced to death late Saturday by the Nanking High Court.

DIVORCEE A TOKYO SUICIDE

Woman, Facing Repatriation, Uses U. S. Officer's Revolver

TOKYO, Monday, Feb 10 (AP)—Mrs. Paula Schneider, German divoreee ordered repatriated to Germany, telephoned her young daughter this morning to "be a good girl," then went to the room of an American officer acquaintance and killed herself.

She used the service revolver of an American colonel who is now in Manila. He was transferred from here some time ago.

United States Eighth Army authorities declined comment, saying the case was "still under investigation."

Mrs. Schneider was the former wife of a one-time high official in a German industrial firm here. A long-time resident of Japan, she obtained her divorce last summer.

The German colony here said Mrs. Schneider had told friends she expected to marry the American colonel whose revolver she used, and become an American citizen.

Allies And Japs Calm On Assassination Tale

Tokyo, Feb. 9 (AP)—Allied and Japanese Government authorities alike refused to get excited today over a reported plot to assassinate Premier Shigeru Yoshida.

The police in Matsuyama, on Shikoku Island, reported Saturday that they had arrested an armed man who said he was one of eleven persons in on a plot to kill the conservative Premier.

The Tokyo police arrested one alleged accomplice, who told them his friend in Matsuyama was mentally unbalanced.

American and British occupation authorities said they did not know anything about it and were not particularly impressed. The Japanese Home Ministry expressed only mild interest and promised that the metropolitan police, who are responsible for the Premier's safety, would check up on the story, maybe tomorrow.

Native Princes Agree to Indian Assembly Talks

Negotiate With Nehru for Representation in Further Step Toward Independence

NEW DELHI, Feb. 9 (AP).—The maharajahs and nawabs of India moved a step closer to possible participation in this country's independence effort by agreeing today to discuss proposals for representation in the Constituent Assembly.

The Nawab of Bhopal, chancellor of the Chamber of Princes, and Pandit Jawaharlal Nehru, leader of the All-India Congress (Nationalist party), said in a joint statement they had reached a "general understanding" for further negotiations. Nehru acted as head of the negotiating group for the Constituent Assembly, whose task is writing the charter for Indian independence.

Thus far both the princes and the Moslem League, chief rival of the predominantly Hindu Congress, have remained outside the Assembly, created under the British Labor government's plan for giving India her freedom. The Princely States for the most part have always made treaties direct with the British Crown, and have never been concerned with British India.

The princes have taken the stand that the British had shown it was for the states to decide whether they wanted to oe part of any Indian Union, and that the ultimate decision was up to the individual states. Apparently the Constituent Assembly's negotiating committee accepted preliminary premises laid down by the princes.

The joint statement said the secretaries of the Assembly and Chamber of Princes were "asked together to draw up detailed proposals for allocation of 93 seats allotted to the states" in the Assembly. The proposals will be presented at the next meeting of the negotiating committees on March 1.

Mass Indonesian Migration Planned

Jogjakarta, Java, Feb. 9 (AP)—Migration of from 15,000,000 to 20,000,000 Indonesians from teeming Java to underpopulated Sumatra will be sponsored by the Republic of Indonesia after the signing of the final Indonesian political settlement with the Netherlands, the Indonesian president and vice president disclosed in a joint interview today.

President Soekarno and Vice President Mohammed Hatta, indicating a belief that the blood-letting phase of the Indonesian fight for independence was ended, said they had postrevolution plans by which they hoped to build the Republic into one of Asia's most prosperous powers.

15 Arrests Balk Cairo Rally

CAIRO, Feb. (AP).—Fifteen students of Faud I University were arrested today when they tried to stage a demonstration on the anniversary of a clash last year between students and police.

Butler To Visit McNutt

Canberra, Feb. 9 (AP)—United States Ambassador Robert Butler left Australia by plane today for a week's visit to Ambassador Paul V. McNutt in Manila. Accompanying Butler were his wife and daughter, Catherine; Mrs. James Lyons, of Portland, Ore., and Mrs. George Tweed, of Duluth, Minn.

U.S. Plan to Give Russia Rebate On Aid Revealed

Senators Are Told of State Department's Deal to Escape Congress' Intent

WASHINGTON, Feb. 9 (AP).—A State Department plan to send $35,000,000 of American industrial equipment to Russia without requiring actual payment of shipping charges stipulated by Congress came to light today.

E. L. Fisher, assistant general counsel of the Lend-Lease Administration, agreed with Senator Richard B. Russell, Democrat, of Georgia, that the deal "would

clearly have been a subterfuge to escape the intent of Congress."

The material—oil field, electrical and machine tool equipment, among other items—was ordered by Russia before President Truman stopped lend-lease on V-J Day, but has not been delivered. Congress required that Russia and other nations receiving goods in such cases should pay 2½ per cent of their value to cover shipping costs.

Mr. Fisher told the Senate Appropriations Committee, however, that the Lend-Lease Administration, operating under the State Department, had agreed to give the Soviet Union a subsequent 2½ per cent rebate. His testimony, taken at a closed session Friday, was made available by the committee today.

Provokes New Opposition

It produced fresh Senatorial opposition to the deal. Chairman Styles Bridges, Republican, of New Hampshire, told a reporter he thinks the Appropriations Committee will refuse to approve it.

This would stop the State Department's arrangement, for Comptroller General Lindsay Warren told the committee he will not approve the vouchers unless Congress passes legislation making it legal.

A provision inserted by Congress in legislation last year to liquidate lend-lease prohibited the payment of any administrative expenses to ship supplies after Dec. 31, 1946. The State Department then arranged for interested governments to pay the cost of the materials they had ordered under lend-lease contracts, plus 2½ per cent to meet the expense of shipping them.

"With Russia," Mr. Fisher said, "the State Department started out by saying they figured the administrative expenses would be about 2½ per cent of the goods. If Russia would contribute 2½ per cent of the value for these administrative expenses now, 2½ per cent would be knocked off of what Russia owed when they negotiated the final settlement."

Russia Only Instance

Senator Russell asked whether similar arrangements were made with other countries.

"Russia is the only one," Mr. Fisher replied. "The others were assuming the burden."

"In the case of taking the 2½ per cent from Russia and deducting it in the final settlement," asked Senator Russell, "that would clearly have been a subterfuge to escape the intent of Congress?"

"Yes," Mr. Fisher replied.

Senator Bridges said that in the case of Russia that would mean "taking 2½ per cent from nothing, because they have not paid anything on lend-lease."

"That is true," Mr. Fisher said.

The committee previously had received testimony that Russia had ignored all American requests for a settlement of $11,260,000,000 in war-time lend-lease aid.

There had been testimony that some of the equipment was built to Russian specifications, but Senator Russell said much of it is farm equipment, tractors, telephone and telegraph poles. Mr. Warren agreed that the government ought not to have much loss in disposing of such items if they were taken over and sold as surplus.

When Mr. Fisher testified that the Russians would have thirty years to pay the $35,000,000, Senator Millard E. Tydings, Democrat, of Maryland, said he thought it was "an awfully bad contract." Even so, however, he questioned the wisdom of breaking the contract because of international implications.

The committee expects to receive tomorrow a statement from the State Department's legal division on the responsibility of the government to foreign nations and to American contractors in connection with the arrangement. Bridges said the group then will decide what to do.

BRIDGES WOULD BAR LILIENTHAL AS LEFT-WINGER

Calls Nominee for Head of Atomic Commission 'Appeaser of Russia.'

ASKS SENATE ACTION

Krug Backs Ex-TVA Head, Citing Statement on His Democratic Beliefs.

WASHINGTON, Feb. 9—(AP) Senator Bridges (R-NH) called today for senate rejection of David E. Lilienthal as chairman of the Atomic Energy Commission, terming the nominee an "extreme left-winger" and "appeaser of Russia."

Secretary of the Interior Krug at the same time demonstrated his endorsement of Lilienthal's views in an unusual manner. He had posted throughout the Interior Department building large placards quoting Lilienthal's conception of "democracy" as he outlined it in testimony last week.

Backed by Krup

"I commend to every man and woman of the Interior department this moving and eloquent statement of his democratic belief by Mr. David E. Lilienthal," said the posters over Krug's signature.

Thus the controversy over Lilienthal's nomination to head the powerful new commission which controls the domestic development and use of atomic energy intensified sharply as the senate atomic energy committee headed into a third week of hearings.

Bridges' statement said the committee's study so far "has gone on side issues," principally the "personal objection" to Lilienthal voiced by Senator McKellar (D-Tenn), his old foe from the days when Lilienthal headed the Tennessee Valley Authority.

"Mr. Lilienthal is an extreme New Dealer," Bridges declared. "In part, I base my objection to his confirmation upon that fact. As with all left-wingers, it is indicated Lilienthal is sympathetic toward Russia which is Communist controlled."

Bridges contended that Lilienthal's personal belief in public ownership is "so profoundly strong as to tend towards socialism."

In addition, he continued, Lilienthal 'has a domineering personality. He has displayed it frequently, particularly in his ousting of Arthur Morgan from TVA. There is every reason to conclude that he might deal with this atomic power of life and death by the same New Deal method of stretching statutory powers into complete government, if not personal, domination."

Assailed by Bridges

"The senate is asked to confirm extreme left-winger, New Dealer Lilienthal in a position which would give him almost unlimited power over all atomic energy and many other phases of American life," Bridges said.

The senator further contended that the so-called Acheson-Lilienthal report "proposed to turn over the atom bomb and secret to the United Nations, including Communist Russia, without the safeguards later insisted upon by Mr. (Bernard M.) Baruch." This report, on which Lilienthal collaborated, was drafted for the State Department and was used as a basis for Baruch's official proposals to the United Nations for international control.

Undersecretary of State Dean Acheson, who participated in the report, is to testify before the committee tomorrow. The senators plan to question him about his former special assistant, Herbert S. Marks, appointed general counsel of the Atomic Energy Commission.

L. B. Bolt, Jr., a discharged TVA attorney, testified Friday that an FBI man whose name he could not remember told him last year that Marks was on the point of being discharged from the State Department.

The Lilienthal statement on democracy which Krug placarded was delivered to the committee under questioning of McKellar. Lilienthal said he conceives the constitution to rest upon "the fundamental proposition of the integrity of the individual."

"Any form of government, therefore," he continued, "and any other institutions which make men means rather than ends, which exalt the state or any other institutions above the importance of men, which place arbitrary power over men as a fundamental tenet of government are contrary to that conception, and therefore I am deeply opposed to them.

"The Communistic philosophy as well as the Communistic form of government fall within this category x x x."

'Push-Button' Congress Urged in an Atom Attack

Wiley Would Have It Function by Television if Dispersed

WASHINGTON, Feb. 9 (AP).—Senator Alexander Wiley, Republican, of Wisconsin, proposed today a "push-button" emergency government to function by television in case "one atomic flash" killed the President, his Cabinet and Congress.

The chairman of the Senate Judiciary Committee sent his suggestions to President Truman in an "open letter," terming Mr. Truman's own proposal for a new line of succession to the Presidency "inadequate" in an atomic age. The President asked Congress last week to make the Speaker of the House next in line when there is no Vice-President, instead of Cabinet members.

"We know that in an atomic war it would be practically impossible for the Congress to assemble in any given spot," Senator Wiley said, but television, radio and other inventions "would make an assembly possible even though legislators were separated by great distances."

"It would be vital to constantly have a legislature in session to an emergency of this kind to operate as a check and balance against any would-be dictator-minded executive," he continued.

Even if all Senators and Representatives were "eliminated by an atomic attack on the Capitol," Mr. Wiley said, many states could immediately replace them through appointments by governors. He urged that states which do not now allow this, but require special elections, should amend their constitutions "to provide for such an emergency."

Amplifying his views in a broadcast, Senator Wiley said there was a need "for more immediate push-button plans for the push-button warfare that will come" unless nations agree upon an effective organization to do away with all warfare.

"But, Mr. President," Senator Wiley said, "we must plan for government by remote control and for a continuity of succession if the central government, including you and members of Congress, are wiped off the map by atomic attack on our nation's capital."

NEW 4-ENGINE BOMBER IS SHOWN BY THE NAVY

WASHINGTON, Feb. 9 (AP)—The Navy today exhibited its newest heavy patrol bomber, the Martin XP4M-1, which has dazzling bursts of speed in its pair of extra jet engines and a cruising range of more than 3,000 miles. It is a four-engined craft with the jets mounted directly behind two of the largest 3,000-horsepower conventional engines in existence.

Capable of cruising at more than 200 miles an hour, the bomber can raise its top speed to "well over 350 miles per hour" with a flick of the jet power, the Navy announcement said. It was disclosed last October that the new land plane was being tested, but no details were given out.

The craft is equipped with tricycle landing gear, has a wing spread of 114 feet and is "very heavily armed." The Navy added that it is "one of the most completely electronically equipped aircraft ever made." A normal crew of eight is carried.

Simultaneously, the Army Air Forces announced a new high-altitude breathing apparatus capable of supplying eight men with oxygen up to six hours at altitudes as high as 40,000 feet. The equipment was developed jointly by the AAF, the National Bureau of Standards and the Bendix Aviation Corporation.

World Rice Gains 11%; Still Is Below 1937-42

WASHINGTON, Feb. 9 (AP)—The Department of Agriculture reported today the world's 1946-47 rice crop totaled about 7,100,000,000 bushels, an increase of about 11 per cent over the previous crop.

Production still was about 4 per cent below the pre-war, 1937-42 average of about 7,400,000,000 bushels.

The largest production increase was in the Far East, where normally about 95 per cent of the world's rice is grown. The Department said substantial increases in production in China, India and Japan should help to relieve food shortages in those countries.

Production in the Asiatic surplus-producing countries continued much below pre-war, however, and export supplies this year are expected to be only slightly above last year's low level.

Welles Declares Truman Is Evasive on Palestine

Says U. S. and Britain Could Have Prevented 'Crisis'

WASHINGTON, Feb. 9 (AP).—Sumner Welles, former Under Secretary of State, assailed President Truman's Palestine policy tonight as "timorous, evasive, and completely lacking in any practical recognition of the interests of the American people in the solution of the problem."

Mr. Welles said for his weekly broadcast that the political situation in the Holy Land "is moving inexorably toward a tragic crisis." The crisis "could have been prevented," . . . he declared, "by enlightened statesmanship" on the part of the United States and Great Britain.

Mr. Welles called upon Great Britain to turn over its Palestine mandate to the United Nations. He said the sooner this is done "the sooner a solution can be found to the problem."

Mr. Welles declared the American government had "failed to insist that a final and fair solution could best be found through the agency of the United Nations Organization."

HOUSE GROUP ASKS CUT IN FERTILIZER EXPORTS

WASHINGTON, Feb. 9. — (AP) A House agriculture subcommittee demanded tonight that the administration cut down the export of fertilizer, especially to occupied countries, saying the supply for this country is 20 per cent below the demand.

The subcommittee reported that the need for fertilizer this year "is acute in some sections," and declared at one point:

"The United States beet and cane sugar producers, who are under pressure to produce all they can of a crop of which there is a world wide shortage, report that they will need about 45,000 tons more fertilizer than they now appear to have any prospect of getting.

"Throughout the United States, the lack of adequate fertilizer for grazing and cover crops may result in erosion that will wreak permanent damage to our soil resources."

POLISH IMMIGRATION SNAG HIT BY M'MAHON

WASHINGTON, Feb. 9 — (AP) Senator McMahon (D.-Conn.) yesterday asked Secretary of State Marshall why eligible immigrants from Poland are unable to come to the United States.

The Connecticut Senator said in a letter he made public that many relatives of the 40,000 Connecticut residents born in Poland had been appealing to him for 18 months to aid in the immigration of their polish relatives.

McMahon said he now learns that "no consular officials are yet at work in Poland to issue visas so that Polish people can come here to join their families. I cannot understand why."

The Senator asked the new Secretary of State "if it is possible to correct this condition so that the flow of immigration can be resumed and thousands of American citizens of Polish descent made happy by having their loved ones brought to peace and safety in this country."

Arms Issue May Be Shelved For a 'Cooling-Off' Period

LARRY HAUCK

NEW YORK, Feb. 9. — (AP) The United Nations program for worldwide arms limitation, firmly deadlocked by a basic American-Russian disagreement, may be sidetracked temporarily for a cooling-off period, authoritative sources said today.

The Security Council meanwhile could plunge into discussions of the Greek case and the long-hanging British complaint against Albania.

The council will meet in closed session tomorrow to debate activities of its investigating commission in Greece and on Tuesday will receive a report of a six-nation arms committee, which failed in three meetings to bring together the United States and the Soviet Union.

Cooling-off Period Talked

With neither Warren R. Austin nor Andrei A. Gromyko ready to give in on their opposing stands, the Tuesday meeting was expected to contribute little to an immediate solution. The council thus would face a decision on either forcing a vote or temporarily laying aside the major problem.

With this thought in mind, high sources believed the council might hear the closing arguments on the arms question and then decide on a cooling-off period. During that time, it was conjectured, some method might be found to reconcile American and Russian views over the place of atomic energy control in the overall program.

Such a step would be in line with the general opinion of delegates that veto or no veto it would do little good to pass any resolution on a subject so momentous as arms cutting which did not carry the full support of every major power.

The latest moves in the arms dilemma found Austin reiterating the firm American position in a speech here and the newspaper Pravda in Moscow assailing the United States stand.

Pravda said Austin's attitude did not coincide with the interests of securing peace and security, that it appeared he was opposing the general assembly arms resolution, and that the United States still was attempting to force adoption of its atomic control plan.

(The American atomic control plan was accepted 10 to 0 in the atomic energy commission with Russia and Poland abstaining and had not been taken up by the parent council.)

U. S., Reds Deadlocked

Austin stands on his demand that instructions to a proposed 11-nation arms limitation commission definitely state that it handle only conventional weapons and not infringe on the work of the already-functioning atomic commission. Gromyko flatly rejects this.

On the Greek case the council must decide whether its commission, sent to the Balkans to investigate border incidents, has a right to request postponement of executions of Greek guerrillas. Such a step was taken informally by commission members and the Greek government countered with a protest that the group was interfering in its internal affairs.

Secretary-General Trygve Lie in an unusual move then requested the Athens government to delay the executions until the council had acted on a commission appeal for guidance.

The commission, now sitting in Athens, is scheduled later to tour Greece and the border areas within Bulgaria, Yugoslavia and Albania in efforts to determine responsibility for a series of incidents.

British charges that Albania was responsible for sowing mines in the Corfu Channel have been on the council table nearly a month awaiting the arrival of a representative from Albania. Two British destroyers struck mines in the channel off the Albanian coast last Oct. 22 with 44 deaths.

It was understood that Hysni Kapo, the Albanian envoy, left Paris today by plane and with good weather would get here tomorrow. His arrival would remove the last obstacle to opening of the debate under which Great Britain seeks an apology and compensation for loss of life and property.

Phone Service To U.S. Zone In Reich To Open

New York, Feb. 9 (AP)—The American Telephone and Telegraph Company said today that, begining Wednesday, calls may be made from this country to United States military and other personnel in the American zone of Germany.

Callers, however, must place their calls 24 hours in advance in order to give the company time to locate the person desired and bring him to one of nine "calling centers." The charge is $12 for three minutes.

American personnel in Germany have been able to put through calls to this country.

THIRD LEAD POWER (110) 1947

BY ROBERT WEIL

LONDON, MONDAY, FEB.10-(AP)-BRITAIN'S LABOR GOVERNMENT--HARASSED BY A DANGEROUS COAL SHORTAGE--SHUT OFF ELECTRIC POWER IN THOUSANDS OF INDUSTRIES TODAY AS THE NATION GRAPPLED WITH AN "INDUSTRIAL DUNKERQUE."

THE ELECTRICITY STOPPAGES WHICH WENT INTO EFFECT SHORTLY AFTER MIDNIGHT WERE EXPECTED TO LEAVE 4,000,000 WORKERS TEMPORARILY UNEMPLOYED AND FORCE LESSER CHANGES ON THE LIVES OF 22,000,000 OF ENGLAND'S 38,000,000 POPULATION.

THE ORDER WENT INTO EFFECT IN AN ATMOSPHERE OF CONFUSION. BEFORE THE STOPPAGES THE MINISTRY OF FUEL AND POWER RECEIVED MORE THAN 10,000 TELEPHONE CALLS FROM WORRIED INDUSTRIALISTS AND BUSINESSMEN SEEKING TO DETERMINE HOW THEY WERE TO COMPLY WITH THE BAN.

OVERSHADOWING THE IMMEDIATE RESULTS OF THE ORDER WERE THE POLITICAL IMPLICATIONS INVOLVED. CONSERVATIVE PARTY LEADER WINSTON CHURCHILL, AS THE LEADER OF THE OPPOSITION IN THE HOUSE OF COMMONS, HAS THREATENED TO INTRODUCE A MOTION OF CENSURE AGAINST PRIME MINISTER ATTLEE'S LABOR CABINET.

BRITAIN WAITED FOR ATTLEE TO MAKE A STATEMENT IN THE HOUSE THIS AFTERNOON TO CLARIFY THE SITUATION--INCLUDING SOME INDICATION OF HOW LONG THE ELECTRICITY STOPPAGES WILL LAST. ATTLEE WAS EXPECTED TO MEET WITH HIS CABINET BEFORE THE PARLIAMENTARY SESSION.

LABORITES HAVE DECLARED THAT THE PRESENT FUEL CRISIS MIGHT MEAN THE END OF THE LABOR GOVERNMENT AND OF BRITISH "SOCIALISM IN OUR TIME."

COAL MINERS, PRESSED FOR EVEN GREATER PRODUCTION EFFORTS, HEARD THEIR SPOKESMAN, ARTHUR HORNER, GENERAL SECRETARY OF THE NATIONAL UNION OF MINE WORKERS, WARN LAST NIGHT AGAINST "ENEMIES OF THE GOVERNMENT" AND THEIR "EXPLOITATION OF THE PRESENT CRISIS (WHICH) CAN BRING RUIN TO OUR COUNTRY."

THE CONSERVATIVES THUS FAR HAVE LARGELY WITHHELD THEIR FIRE. ON ALL SIDES THERE WAS CONCERN THAT THE STOPPAGE OF INDUSTRIAL WHEELS IN 44 OF THE 64 COUNTIES IN ENGLAND AND WALES WOULD CRIPPLE BRITAIN'S VITAL EXPORT CAMPAIGN.

AS MILLIONS OF SHOPS, HOMES AND OFFICES FACED FIVE CURRENTLESS HOURS DAILY--BETWEEN 9 A.M. AND NOON AND AGAIN BETWEEN 2 AND 4 P.M.--THE NATION TOOK HEART FROM A CHANGE IN THE WEATHER. FOR THE FIRST TIME IN A MONTH A REAL THAW BEGAN SHATTERING WINTER'S HOLD ON THE BRITISH ISLES.

THE CHANGE CHEERED WORKERS LABORING TO FREE SNOW-HINDERED COAL TRAINS. LACK OF AN ADEQUATE COAL SUPPLY WAS THE KEY TO THE NEED FOR ELECTRIC POWER CONSERVATION.

1947

A176

SEVERAL HOURS AFTER THE MIDNIGHT DEADLINE POWER STILL HAD NOT BEEN CUT OFF IN MANY AREAS. THIS WAS BECAUSE THE TURNING OF MASTER SWITCHES WOULD HAVE ENDANGERED HOSPITALS AND OTHER PUBLIC SERVICES ON THE SAME LINES WITH FACTORIES.

R.A.S.THWAITES, CHIEF ENGINEER OF THE PUBLICLY-OWNED MANCHESTER POWER SYSTEM SAID: "WE FIND IT TECHNICALLY IMPOSSIBLE TO SEPARATE ESSENTIAL FROM NON-ESSENTIAL USERS. WE SHALL THEREFORE SUPPLY CONTINUOUS CURRENT.'

POWER CONCERNS IN COVENTRY, LIVERPOOL AND BIRMINGHAM ISSUED SIMILAR STATEMENTS SAYING THEY WERE RELYING ON BRITONS TO CARRY OUT THE CONSERVATION PROGRAM BY TURNING OFF THEIR OWN SWITCHES.

SINCE THE MIDNIGHT ORDER APPLIED TO INDUSTRIES AND LATER TO HOUSEHOLD USERS, THERE WAS NO EFFECT ON STREET LIGHTING AND OTHER PUBLIC SERVICES. BECAUSE FEW FACTORIES IN BRITAIN ORDINARILY WORK SHIFTS SUNDAY NIGHT THE FULL EFFECT ON INDUSTRY WAS YET TO BE JUDGED.

VARIOUS QUARTERS HAVE SUGGESTED SEVERAL CAUSES FOR THE DISASTER. EMANUEL SHINWELL, MINISTER OF FUEL AND POWER, HAS BLAMED THE COLD WEATHER OF THE PAST MONTH.

BUT BRITAIN HAS BEEN LOSING GROUND IN COAL PRODUCTION SINCE 1913 WHEN A HIGH OF 287,000,000 TONS OF COAL WAS PRODUCED. HAND METHODS OF MINING, THE REFUSAL OF MANY YOUNGER MEN TO ENTER THE MINES AND POOR WAGES AND WORKING CONDITIONS HAVE BEEN BLAMED FOR THE DECLINE.

3024-7803

WHEN THE LABOR PARTY CAME TO POWER ITS ANSWER TO THE COAL PROBLEM WAS PUBLIC OWNERSHIP. THE MINES WERE THE FIRST INDUSTRY ON THE PARTY'S NATIONALIZATION PROGRAM AND THE GOVERNMENT TOOK EFFECTIVE CONTROL LAST NEW YEAR'S DAY.

PRODUCTION INCREASED IN THE FIRST THREE WEEKS OF PUBLIC OWNERSHIP BUT IT STILL WAS FAR BELOW PRE-WAR AVERAGES AND CONSUMPTION OF COAL WAS CLIMBING EVEN MORE RAPIDLY. THEN THE COLD WAVE HIT, AGGRAVATING THE PROBLEM.

SHORTLY BEFORE THE NATION SOUGHT TO ADJUST ITSELF TO THE NEW ORDER SCOTLAND YARD ANNOUNCED RECEIPT OF A TELEGRAM SAYING THAT THE HOME OF SHINWELL WOULD BE BLOWN UP BY A TIME BOMB. POLICE INVESTIGATED BUT FOUND NO BOMB.

NEWSPAPERS ALMOST WITHOUT EXCEPTION BLAMED SHINWELL AND OTHER GOVERNMENT MINISTERS FOR LETTING STOCKS GET SO DANGEROUSLY LOW THAT A COLD WAVE PARALYZED INDUSTRY.

THE TELEGRAPH AND DAILY MAIL JOINED SEVERAL SUNDAY PAPERS IN CALLING FOR SHINWELL'S RESIGNATION, A DEMAND THAT IS SURE TO BE ECHOED BY SOME CONSERVATIVES IN COMMONS LATER TODAY.

THE GOVERNMENT ESTIMATES UNEMPLOYMENT RESULTING FROM THE SHUTDOWN AT 4,000,000, ONE-FIFTH OF BRITAIN'S 20,000,000 WORKING POPULATION.

THE MAN IN THE STREET REACTION APPEARS TO BE ONE OF RESIGNATION--REGARDING THE CRISIS AS ONE MORE UNWELCOME LOAD ON THE AUSTERITY-BURDENED BRITONS.

A DAILY EXPRESS CARTOON SHOWED A HUMAN CHAIN OF WORKERS DRAGGING "INDUSTRY" OUT OF AN ABYSS WITH THE CAPTION: "GET HIM OUT FIRST--THEN ARGUE AFTERWARDS."

LONDON, FEB.10-(AP)-BRITAIN'S PARALYZING COAL SHORTAGE STOPPED THE WHEELS IN MORE THAN HALF OF ENGLAND'S FACTORIES TODAY AND CUT DOWN THE USE OF ELECTRICITY IN MILLIONS OF FROSTY HOMES.

THE SUDDEN GOVERNMENT ORDER LIMITING THE USE OF CURRENT WENT INTO EFFECT A MINUTE AFTER MIDNIGHT.

ALL INDUSTRIES, SAVE A FEW VITAL TO PUBLIC HEALTH AND WELFARE, WERE HALTED IN ALL OR PART OF 38 OF THE 64 COUNTIES OF ENGLAND AND WALES. IT WAS ESTIMATED THAT 4,000,000 PERSONS WERE THROWN TEMPORARILY OUT OF WORK.

DOMESTIC CONSUMERS--INCLUDING HOMES, STORES, OFFICES AND RESTAURANTS--WERE FORBIDDEN TO USE ELECTRICITY FIVE HOURS DAILY--FROM 9 A.M. TO NOON AND FROM 2 TO 4 P.M. IN ALL, 22,000,000 PEOPLE WERE BELIEVED AFFECTED.

LABORITE CHIEFS AND THE CONSERVATIVE PRESS JOINED IN APPEALS TO AUSTERITY-BURDENED BRITONS TO MAKE ANOTHER SACRIFICE TO AVOID A COMPLETE BREAKDOWN OF THE NATION'S ECONOMY.

THE FIRST RESULT OF THE POWER SHUTOFF WAS PUZZLEMENT IN MANY POWER COMPANIES UNABLE TO CUT CURRENT TO INDUSTRY AND HOUSEHOLDS WITHOUT ALSO SHUTTING OFF ESSENTIAL USERS LIKE HOSPITALS AND FOOD PRODUCERS.

THE MINISTRY OF FUEL AND POWER PUT USERS OF ELECTRICITY "ON THEIR HONOR" TO OBSERVE THE EMBARGO UNTIL THE CRISIS WAS OVER--FUEL MINISTER EMANUEL SHINWELL SAID IT WOULD LAST "THREE OR FOUR DAYS, POSSIBLY A WEEK."

SHINWELL TOLD THE HOUSE OF COMMONS FRIDAY THAT A MONTH-LONG COLD WAVE HAD BEEN EATING FAST INTO THE NATION'S ALREADY SCANTY COAL PILES AND THE SHUTDOWN WAS IMPERATIVE TO AVOID OUTRIGHT DISASTER. HOWEVER, THE COLD WAVE BEGAN BREAKING YESTERDAY.

POLITICAL REPERCUSSIONS OF THE CRISIS WERE SCHEDULED TO BE AIRED IN THE HOUSE OF COMMONS TODAY WHEN PRIME MINISTER ATTLEE WAS EXPECTED TO REVIEW THE DESPERATE FUEL SITUATION.

WINSTON CHURCHILL, FORMER PRIME MINISTER, CALLED A MEETING OF THE "SHADOW CABINET" OF CONSERVATIVE EX-MINISTERS, PRESUMABLY TO CONSIDER WHETHER TO PICK THE COAL SITUATION AS A CRISIS ON WHICH TO SEEK A MOTION OF CENSURE AGAINST THE GOVERNMENT.

ATTLEE, UNDER THE SHARPEST FIRE SINCE HE WAS FORCED TO OUST FOOD MINISTER SIR BEN SMITH BECAUSE OF RATIONING COMPLAINTS LAST SUMMER, WAS EXPECTED TO MUSTER A SOLID LABOR MAJORITY BEHIND HIM, HOWEVER, IN EVENT THE CONSERVATIVES CHOSE TO MAKE A FORMAL ATTACK ON THE GOVERNMENT.

VIRTUALLY EVERY NEWSPAPER IN THE COUNTRY DENOUNCED THE ATTLEE CABINET FOR NOT ACTING BEFORE WINTER AGGRAVATED THE COAL SHORTAGE AND THREATENED TO SHUT DOWN POWER GENERATING PLANTS. FOUR LONDON PAPERS ADVOCATED SHINWELL'S OUSTER.

GRUMBLES FROM BRITAIN'S RATION-RIDDEN POPULATION AND IN PARTICULAR FROM THOSE SUDDENLY MADE IDLE WERE THE LOUDEST SINCE THE LABOR GOVERNMENT WON A BIG MAJORITY 18 MONTHS AGO.

A SUDDEN THAW THAT MELTED SNOWDRIFTS IN SOUTHERN ENGLAND MOVED NORTHWARD YESTERDAY AND GAVE HOPE THAT MINE PRODUCTION WOULD INCREASE AND RAILROADS AND SHIPS COULD RESUME NORMAL MOVEMENTS OF COAL. BUT SOME INFORMED CIRCLES SAID THAT THE FUEL MINISTRY WAS PREPARING FOR AS MUCH AS TWO WEEKS OF POWER RESTRICTIONS.

THE ESTIMATED 22,000,000 AFFECTED DOMESTIC USERS WERE TO TURN OFF AT 9 A.M. ELECTRIC COOK STOVES AND WATER HEATERS AND THE ELECTRIC HEATING UNITS ON WHICH MANY HOMES DEPEND FOR WARMTH BECAUSE OF THE SCARCITY OF COAL. THE AVERAGE BRITON'S COAL RATION IS 100 POUNDS A WEEK; MOST HOMES HEAT ONLY ONE ROOM AND THE KITCHEN.

LIGHTS AND ELEVATORS IN OFFICE BUILDINGS WERE SCHEDULED FOR SHUTDOWN. MOVIES WERE DELAYED UNTIL 4 P.M. RESTAURANTS USING ELECTRIC STOVES HAD TO COOK THE NOON MEAL BETWEEN NOON AND 2 P.M.

MANY POWER COMPANIES, TERMING THE PLAN UNWORKABLE, SAID THEY COULD NOT PUT IT INTO EFFECT BY THEMSELVES. THEY SAID THEY WOULD HAVE TO MAINTAIN FULL SERVICE AND LEAVE IT TO THE CONSUMER'S CONSCIENCE WHETHER HE WOULD USE CURRENT DURING THE HOURS WHEN IT WAS FORBIDDEN.

AT LEAST FOUR INDUSTRIAL CENTERS IN THE MIDLANDS--BIRMINGHAM, MANCHESTER, COVENTRY AND LIVERPOOL--DECLINED TO CUT POWER AT MIDNIGHT. OFFICIALS OF SOME LONDON COMPANIES ALSO SAID IT WAS IMPOSSIBLE TO CUT OFF INDUSTRIES WITHOUT AFFECTING VITAL SERVICES.

"I HAVE TAKEN THE RESPONSIBILITY ON MYSELF OF NOT CARRYING OUT THE ORDER AS IT APPLIES TO COMMERCIAL UNDERTAKINGS IN THE CITY," DECLARED R.A.S.THWAITES, CHIEF ENGINEER OF THE MANCHESTER CORPORATION AUTHORITY.

JA325AES

LONDON, FEB. 9-(AP)-GOVERNMENT OFFICIALS AND HEADS OF INDUSTRY LABORED TODAY TO PUT INTO EFFECT AN ELECTRIC POWER BLACKOUT COVERING HALF OF ENGLAND-- A FUELSAVING PLAN DESCRIBED AS UNWORKABLE BY SOME OF THE COUNTRY'S LEADING POWER EXPERTS.

ELECTRICITY SUPPLIES WILL BE SHUT OFF AT MIDNIGHT FROM MOST OF NATION'S INDUSTRIES. IT WILL BE SHUT OFF FROM MILLIONS OF HOMES FOR FIVE HOURS A DAY BEGINNING TOMORROW. AN ESTIMATED 4,000,000 PERSONS WILL BE THROWN OUT OF WORK.

SIR JOHN DALTON, WARTIME FUEL CONTROLLER FOR SOUTHEAST ENGLAND, SAID THE POWER BLACKOUT, WHICH DEPENDS IN LARGE MEASURE ON VOLUNTARY COOPERATION BY INDUSTRIES, WAS "TECHNICALLY UNWORKABLE," AND OFFICIALS OF SEVERAL LARGE ELECTRICAL SUPPLY COMPANIES AGREED.

MEANWHILE, A HEAVY FALL OF SNOW IN MOST PARTS OF ENGLAND OVERNIGHT CAUSED FURTHER DISRUPTION OF COAL MINING AND TRANSPORT, GIVING RISE TO THE POSSIBILITY THAT THE POWER CURTAILMENT MIGHT HAVE TO BE EXTENDED.

FUEL MINISTER AMANUEL SHINWELL SAID EARLIER THAT THE BLACKOUT, WHICH HE DESCRIBED AS THE ALTERNATIVE TO COMPLETE DISASTER, MIGHT NOT LAST MORE THAN A WEEK.

LONDON, FEB. 9-(AP)-THE CONFERENCE OF BIG FOUR DEPUTY FOREIGN MINISTERS, WITH APPROXIMATELY TWO WEEKS REMAINING FOR NEGOTIATION, NEARED THE END OF ITS SESSION TONIGHT STILL A LONG WAY FROM ATTAINING ITS TWIN MAJOR GOALS--DRAFTING A TREATY TO RE-ESTABLISH AUSTRIAN INDEPENDENCE AND THE PREPARATION OF RECOMMENDATIONS FOR THE GERMAN PEACE TREATY.

THE CONFERENCE'S AUSTRIAN DIVISION APPARENTLY HAS MADE GREATER PROGRESS. IT ACTUALLYHAS WRITTEN A PREAMBLE FOR THE TREATY, FOUR-NINTHS OF WHICH HAVE BEEN APPROVED BY REPRESENTATIVES OF THE UNITED STATES, GREAT BRITAIN, RUSSIA AND FRANCE. THE PREAMBLE, AS PRESENTLY FORMULATED, CONTAINS NINE CLAUSES AND FOUR OF THEM HAVE BEEN ACCEPTED.

THE GERMAN DIVISION WAS STILL BOGGED DOWN IN DISAGREEMENTS OVER THE PARTICIPATION OF THE SMALLER ALLIES IN THE FORMULATION OF TREATIES.

BUT, WHILE THE ACCOMPLISHMENTS OF THE DEPUTIES SINCE THE SESSION OPENED JAN. 14 HAVE NOT BEEN IMPRESSIVE, IT WAS EMPHASIZED IN AMERICAN QUARTERS THAT MANY TIME-WASTING PRELIMINARIES NOW HAVE BEEN BRUSHED ASIDE AND THAT THE FOREIGN MINISTERS MEETING NEXT MONTH IN MOSCOW WILL BE ABLE TO START WORK IMMEDIATELY ON THE MAJOR DIFFICULTIES.

THE CONFERENCE WILL RESUME TUESDAY.

BERLIN, FEB 9-(AP)-GEN.JOSEPH T.MCNARNEY SAID TODAY THAT THE FOUR-POWER ALLIED CONTROL AUTHORITY FOR GERMANY HAD BEEN REDUCED TO WORKING ON MINOR MATTERS UNTIL THE COUNCIL OF FOREIGN MINISTERS SETTLES DISAGREEMENTS ON MAJOR ISSUES.

THE CHIEF UNSOLVED ISSUE IS THE BASIC QUESTION OF UNIFYING THE ECONOMY OF GERMANY, STILL PARTITIONED INTO OCCUPATION ZONES 21 MONTHS AFTER V-E DAY.

MCNARNEY, THE AMERICAN MILITARY GOVERNOR, REPORTED THAT GERMAN OFFICIALS HAD SPEEDED UP DENAZIFICATION PROCEEDINGS IN THE U.S. ZONE AFTER A SCOLDING FROM AMERICAN AUTHORITIES. LATEST FIGURES SHOWED THAT 146,161 CASES HAVE BEEN COMPLETED OUT OF 219,344 DENAZIFICATION PROCEEDINGS ON FINE.

HIS MONTHLY REPORT ALSO SAID THAT SHIPMENTS OF INDUSTRIAL REPARATIONS HAD BEEN ACCELERATED IN THE U.S. ZONE, WITH THE BULK OF THE MATERIAL GOING TO RUSSIA. UNDER THE POTSDAM AGREEMENT, RUSSIA IS ENTITLED TO 25 PERCENT OF ALL MATERIAL REMOVED FROM WESTERN GERMANY.

30.24-7805

THE MILITARY GOVERNOR SAID FIGURES--EVEN BEFORE THE SEVERE WINTER FORCED SHUTDOWNS--SHOWED THAT 493,722 OF THE ZONE'S 19,000,000 PERSONS WERE UNEMPLOYED, AND 1,130,638 WERE RECEIVING RELIEF.

MCNARNEY REPORTED NARCOTICS AND BLACK MARKET GOODS WORTH $750,000 WERE SEIZED IN WUERTTEMBERG-BADEN, AND A 50-MAN RING SMASHED.

ATHENS, FEB. 9-(AP)-GEORGE PAPENDREOU, MINISTER OF THE INTERIOR, SAID TODAY THE UNITED NATIONS INVESTIGATING COMMISSION HAD EXCEEDED ITS AUTHORITY IN INTERVENING IN SCHEDULED GREEK EXECUTIONS "INSTEAD OF INVESTIGATING."

HE SAID, HOWEVER, HE "FULLY SHARED THE HUMANITARIAN MOTIVES WHICH INSPIRED THE COMMISSION IN ITS PROPOSAL ASKING THE SUSPENSION OF EXECUTIONS OF GREEK MILITARY COURT SENTENCES."

THE COMMISSION OF 11 NATIONS, INCLUDING THE UNITED STATES AND RUSSIA, CAME HERE TO INQUIRE INTO GREEK CHARGES THAT REVOLUTIONARY PLOTS AGAINST GREECE WERE AIDED AND ABETTED BY YUGOSLAVIA, BULGARIA AND ALBANIA.

THE U.N. SECURITY COUNCIL WILL MEET MONDAY IN NEW YORK TO CONSIDER INTERVENTION INTO SCHEDULED GREEK EXECUTIONS.

SOME QUARTERS SAID INTERVENTION MIGHT CAUSE A CABINET CRISIS.

SOME QUARTERS SAID INTERVENTION MIGHT CAUSE A CABINET CRISIS. 1947

VICE PREMIER SOPHOCLES VENIZELOS COMMENTED:

"UNILATERAL INTERVENTION OF THE SECURITY COUNCIL IIN GREECE'S DOMESTIC AFFAIRS IS INADMISSABLE AND INTOLERABLE. GREECE WOULD ACCEPT INTERVENTION IN HER INTERNAL AFFAIRS WITH A VIEW TO PACIFICATION OF THE BALKAN DISPUTE ONLY ON CONDITION THAT THIS INTERVENTION BE EXTENDED TO ALL FOUR BALKAN STATES."

PAPENDREOU SAID INTERVENTION WOULD NOT PACIFY ARMED BANDS BUT WOULD ENCOURAGE THEM TO INCREASE ATTACKS AGAINST THE STATE. HE URGED THE U. N. SECURITY COUNCIL TO USE ALL ITS "MORAL AND POLITICAL INFLUENCE" TO PERSUADE THE ARMED BANDS TO ABANDON THEIR ATTACKS AND ACCEPT THE AMNESTY WHICH IS BEING OFFERED THEM.

THE GREEK PRESS MINISTRY ADDRESSED A LETTER TO THE U. N. INVESTIGATING COMMISSION STATING THAT "WHILE THE GREEK GOVERNMENT DOES NOT WISH TO THROW OBSTACLES BEFORE THE COMMISSION'S WORK, IT IS, HOWEVER, NOT WILLING TO SPONSOR ANY COMPROMISE ON THE FREEDOM OF THE PRESS."

A26

THE LETTER ASKED THE COMMISSION TO CONSIDER "LIFTING SUCH RESTRICTIONS AS LIMITATION OF THE NUMBER OF OFFICIALLY ACCREDITED CORRESPONDENTS AND CONFINEMENT OF THEIR DISPATCHES TO THE COMMISSION'S ACTIVITIES ONLY." THE LETTER SAID SUCH RESTRICTIONS WERE "CONTRARY TO THE DEMOCRATIC SPIRIT AND INSTITUTIONS OBTAINING IN GREECE."

SQUADS OF POLICE PATROLLED ATHENS TODAY TO PREVENT ANY DEMONSTRATION BY THE LEFTWING E A M, AFTER PERMISSION HAD BEEN ASKED AND REJECTED LAST NIGHT.

PRESS REPORTS TOLD OF CONTINUED FIGHTS BETWEEN GOVERNMENT FORCES AND REBELS IN WHICH 13 PERSONS WERE KILLED AND MORE THAN 20 WOUNDED. GREEK FIGHTER PLANES WERE USED SOUTHWEST OF SALONIKA TO ASSIST IN MOPPING UP OPERATIONS.

MOSCOW, FEB 9-(AP)-RUSSIAN NEWSPAPERS CRITICIZED ANEW TODAY CERTAIN ASPECTS OF THE UNITED STATES FOREIGN POLICY, AND PUBLISHED WITHOUT COMMENT A DISPATCH THAT SECRETARY OF STATE MARSHALL PLANNED TO FOLLOW THE GENERAL COURSE OF HIS PREDECESSOR, JAMES F.BYRNES.

COMMENTATOR ALEXANDER LEONTIEV, WRITING IN THE COMMUNIST NEWSPAPER PRAVDA, SAID THE UNITED STATES ATTITUDE ON DISARMAMENT, AS EXPRESSED AT MEETINGS OF THE UNITED NATIONS SECURITY COUNCIL, DID NOT "COINCIDE WITH THE INTERESTS OF SECURING PEACE."

LEONTIEV'S ARTICLE, PROBABLY THE MOST OUTSPOKEN TO DATE ON THE DISARMAMENT SUBJECT, QUOTED SEN.BRIEN MCMAHON (D-CONN) AS SAYING IN THE SENATE THAT THE UNITED STATES SHOULD "UNDER NO CIRCUMSTANCES REALLY DISARM" UNTIL A SYSTEM OF INTERNATIONAL ATOMIC ENERGY CONTROL HAD BEEN EFFECTIVELY OPERATING FOR SOME TIME.

"ACTUAL DISARMAMENT--THIS IS APPARENTLY WHAT FRIGHTENS CERTAIN AMERICAN CIRCLES," LEONTIEV SAID. "REPRESENTATIVES OF THE UNITED STATES APPEAR IN FACT, OPPOSED TO (ARMS REDUCTION) DECISIONS OF THE GENERAL ASSEMBLY ADOPTED WITH THE DEFINITE PARTICIPATION OF THE UNITED STATES."

UNITED STATES NEWSPAPERS ALSO ARE OPPOSING ARMS REDUCTION, THE COMMENTATOR SAID, AND ARE "MOANING AS IF THE UNITED STATES ALMOST GOT CAUGHT IN A TRAP" BY AGREEING TO THE PRINCIPLE OF SUCH REDUCTION.

THE ARTICLE ON MARSHALL, A TASS DISPATCH FROM WASHINGTON, RECEIVED PROMINENT DISPLAY IN MOSCOW NEWSPAPERS.

SMASH PLAY WAS GIVEN TO SENATOR CLAUDE PEPPER'S RECENT SENATE SPEECH ON FOREIGN AFFAIRS, AND THE SPEECH ALSO WAS BROADCAST ON THE RADIO FOR CONSUMPTION HERE AND ABROAD.

(THE FLORIDA DEMOCRAT TOLD THE SENATE LAST WEDNESDAY THAT REPUBLICAN LEADERS WERE "PROPOSING TO REARM GERMANY" AND DROP THE UNITED STATES "BIPARTISAN FOREIGN POLICY.")

ANOTHER PRAVDA ARTICLE, REFERRING TO THE UNITED NATIONS INVESTIGATING COMMISSION NOW IN GREECE, SAID "THE FACTS SHOW CONVINCINGLY THAT THE GREEK PEOPLE X X X HAVE BEEN DELIBERATELY ISOLATED IN THE FIELD OF POLITICAL AND ECONOMIC TIES FROM THE DEMOCRATIC COUNTRIES OF EASTERN AND CENTRAL EUROPE."

"THE SOVIET PEOPLE CANNOT FAIL TO MAKE A DISTINCTION BETWEEN THE PEOPLES OF GREECE, FOR WHICH IT HAS RESPECT AND AFFECTION, AND THE REGIME ESTABLISHED IN GREECE AT THE PRESENT TIME," PRAVDA SAID. "THE PEOPLE OF THE SOVIET UNION DO NOT LOSE FAITH IN THE BELIEF THAT WHEN THE GREEK PEOPLE WILL AT LAST HAVE THE POSSIBILITY FREELY TO EXPRESS THEMSELVES THEY WILL ELECT A DEMOCRATIC FORM OF GOVERNMENT."

PALESTINE

JERUSALEM, FEB. 10-(AP)-THE JEWISH AGENCY WAS REPORTED READY TO REPLY TODAY TO A BRITISH PLEA FOR HELP AGAINST JEWISH UNDERGROUND VIOLENCE, EVEN AS THE BRITISH AT HAIFA HELD SOME 650 JEWS CAUGHT TRYING TO ENTER PALESTINE WITHOUT PERMITS.

LEADERS OF THE AGENCY SAID LAST NIGHT THAT THE REPLY PROBABLY WOULD ADVISE BRITISH AUTHORITIES AGAIN THAT JEWS WOULD NOT TURN "INFORMERS."

THE BRITISH A WEEK AGO GAVE THE JEWISH AGENCY, THEIR ADVISOR IN THE GOVERNMENT OF PALESTINE, AND THE JEWISH NATIONAL COUNCIL, ADMINISTERING JEWISH AFFAIRS, UNTIL TOMORROW TO ANSWER THE REQUEST FOR COOPERATION. THE COUNCIL ALREADY HAS TURNED DOWN THE REQUEST.

THE UNAUTHORIZED JEWISH IMMIGRANTS YESTERDAY WERE TAKEN OFF THE 350-TON TWO-MASTED SCHOONER MERICA OF NAPLES--RENAMED BY THEM LA NEGEV ("TO THE SOUTH")--AND PUT ON THE BRITISH TRANSPORT EMPIRE HEYWOOD AT HAIFA, PRESUMABLY TO BE SENT TO INTERNMENT ON CYPRUS.

ONE JEW WAS REPORTED SHOT IN THE LEG AND SEVERAL OTHERS WOUNDED IN A FIGHT AT SEA WITH A BOARDING PARTY OF 100 BRITISH SAILORS. A BRITISH OFFICIAL HERE SAID THE IMMIGRANTS, MOST OF THEM YOUNG AND MANY OF THEM WOMEN AND GIRLS, THREW BOTTLES AND IRON BARS AND THE SAILORS USED TEAR GAS AND WARNING SHOTS.

HOWEVER, AIRBORNE ARTILLERYMEN CARRYING ONLY PICKAXES HAD NO TROUBLE GETTING THEM ABOARD THE EMPIRE HEYWOOD ONCE THEY WERE BROUGHT TO HAIFA. OFFICIALS TERMED THE OPERATION THE QUIETEST SUCH YET. THE SCHOONER, WHICH JEWISH SOURCES SAID HAD COME FROM LE HAVRE, FRANCE WAS SPOTTED SATURDAY NIGHT IN THE MEDITERRANEAN.

BRITISH AUTHORITIES HERE AWAITED WORD FROM LONDON ON THE FATE OF A BRITISH CABINET PLAN REPORTED TO CALL FOR SETTING UP SEMI-AUTONOMOUS JEWISH AND ARAB PROVINCES IN PALESTINE UNDER OVERALL BRITISH CONTROL.

IRGUN ZVAI LEUMI, JEWISH UNDERGROUND ORGANIZATION, IN A BROADCAST LAST NIGHT TERMED THE PLAN UNACCEPTABLE. THE GROUP URGED HAGANAH, THE JEWISH AGENCY'S ARMED FORCE, TO JOIN IN "THE COMMON FIGHT AGAINST THE OPPRESSOR." HAGANAH, IN ANOTHER BROADCAST, REFUSED.

HAGANAH MEN WERE REPORTED TO HAVE CLASHED WITH IRGUN ZVAI LEUMI MEMBERS TRYING TO POST ANTI-BRITISH BILLS AT NATHANYA, JEWISH DIAMOND POLISHING CENTER BETWEEN HAIFA AND TEL AVIV.

IN JERUSALEM THE BRITISH, PUTTING INTO EFFECT NEW SECURITY REGULATIONS, KEPT ALL BUT MILITARY TRAFFIC OUT OF FOUR NEW "SECURITY" COMPOUNDS YESTERDAY, GUARDED THE AREAS WITH MACHINEGUNS AND STATIONED TROOPS AND POLICE TO CHECK IDENTITIES OF THOSE GOING IN AND OUT.

HOWEVER, LT. GEN. SIR ALAN G. CUNNINGHAM, BRITISH HIGH COMMISSIONER, SET AT REST SPECULATION ABOUT IMMEDIATE DECLARATION OF MARTIAL LAW.

HE TOLD MRS. GOLDA MYERSON AND ELIEZER KAPLAN OF THE JEWISH AGENCY "NO SUBSTITUTION FOR CIVIL ADMINISTRATION IN PALESTINE IS CONTEMPLATED AT PRESENT."

JERUSALEM, FEB.9-(AP)-OFFICIALS SAID TODAY THAT A REFUGEE SHIP BEARING 600 JEWS WITHOUT PERMITS TO ENTER PALESTINE HAD BEEN TAKEN INTO CUSTODY BY A BRITISH DESTROYER IN THE MEDITERRANEAN AND WAS BEING ESCORTED TOWARD HAIFA.

THEY EXPRESSED BELIEF THE SHIP, FIRST SPOTTED YESTERDAY BY A ROYAL AIR FORCE RECONNAISSANCE PLANE, MIGHT BE THE SWEDISH VESSEL UNNA, REPORTED TO HAVE LEFT A FRENCH PORT A FORTNIGHT AGO.

AT THE SAME TIME, THEY ANNOUNCED THAT 750 JEWISH IMMIGRANTS TAKEN OFF SIMILAR SHIPS MONTHS AGO AND DEPORTED TO CYPRUS WOULD BE RETURNED TO PALESTINE TOMORROW IN THE GOVERNMENT'S PROGRAM OF GRADUAL ENTRY.

RH817AES

THREE SMALL BOATS WERE SIGHTED OFF THE PALESTINEM COAST DURING THE DAY NEAR THE ANNCIENT ROMAN RUINS OF CAESAREA SOUTH OF HAIFA AND NINE JEWS WERE TAKEN INTO CUSTODY. THERE WAS UNOFFICIAL SPECULATION THAT THE BOATS MAY HAVE BEEN ASSIGNED TO TRY AND ASSIST PASSENGERS ABOARD THE NEGEV.

A CLASH WAS REPORTED AT NATHANYA, JEWISH DIAMOND POLISHING TOWN MIDWAY BETWEEN HAIFA AND TEL AVIV, WHEN MEMBERS OF IRGUN ZVAI LEUMI, JEWISH UNDERGROUND GROUP, TRIED TO PASTE UP ANTI-BRITISH PAMPHLETS AND MET RESISTANCE FROM HAGANA, THE ARMED FORCE OF THE JEWISH AGENCY.

THERE WAS NO NEW WORD ON THE FATE OF DOV BELA GRUNER, CONVICTED MEMBER OF IRGUN, WHO HAS REFUSED TO SIGN AN APPEAL FROM HIS SENTENCE OF DEATH. HIS SISTER, MRS. HELEN FRIEDMAN OF LANCASTER, PA., HAS NOT YET ARRIVED, DUE TO BAD WEATHER. PLANS FOR HIS EXECUTION, POSSIBLY ON TUESDAY, MAY BE HELD UP PENDING HER ARRIVAL, IT WAS BELIEVED.

IT WAS DISCLOSED THAT 750 JEWISH IMMIGRANTS DEPORTED SEVERAL MONTHS AGO TO CYPRUS AFTER TRYING TO ENTER THE HOLY LAND WOULD BE GIVEN ENTRY TOMORROW IN ACCORD WITH THE PALESTINE GOVERNMENT'S PROGRAM OF GRADUAL ABSORPTION OF THE DETAINEES IN THE COUUNTRY UNDER PRESENT QUOTA LIMITATIONS.

OSAKA, JAPAN, FEB. 9-(AP)-THE WORKING PEOPLE IN JAPAN'S BIG CITIES MAY PUSH THIS COUNTRY TOWARD SOCIALISM IN THEIR QUEST FOR A MIDDLE-OF-THE-ROAD REGIME.

GENERAL MACARTHUR RECOGNIZED THE GROWING REACTION AGAINST THE PRESENT EXTREMELY CONSERVATIVE GOVERNMENT LAST WEEK WHEN HE ORDERED A NEW GENERAL ELECTION TO BE HELD WITHIN A FEW MONTHS.

THIS FEELING IS MOST ARTICULATE IN TOKYO, BUT IT IS REFLECTED IN CITIES SUCH AS OSAKA.

"THE PEOPLE HERE," SAID A MILITARY GOVERNMENT OFFICIAL TODAY, "ARE LOOKING FOR A MIDDLE GROUND. THE CONSERVATIVES ARE TOO SLOW FOR THEM AND THE EXTREME LEFTISTS ARE TOO WILD."

MANY AMERICAN MILITARY OBSERVERS PREDICT THAT THE VOTERS WILL TURN IN LARGE NUMBERS TO THE SOCIAL DEMOCRATIC PARTY, NOW THIRD IN INFLUENCE. THE PARTY IS DIVIDED INTO QUARRELING LEFT AND RIGHT WINGS BUT IS CLOSER TO THE MIDDLE THAN THE OTHERS.

THESE OBSERVERS ALSO EXPECT THE RURAL AREAS TO REMAIN CONSERVATIVE AND THE COMMUNISTS EITHER TO LOSE STRENGTH OR TO WITHDRAW IN HOPE OF FORMING AN EVENTUAL UNION WITH THE SOCIAL DEMOCRATS.

EVEN THOUGH NOT MUCH INTERESTED IN SOCIALISM AS SUCH, THE AVERAGE JAPANESE PROBABLY WOULD FIT EASILY INTO THE SYSTEM, HAVING BEEN LONG ACCUSTOMED TO GOVERNMENTAL ECONOMIC CONTROL AND INDUSTRYAL PATERNALISM.

YOKOHAMA, MONDAY, FEB.10-(AP)-BODIES OF THREE B-29 AIRMEN HAVE BEEN RECOVERED FROM THE WRECKAGE OF TWO OF THE SUPERFORTRESSES WHICH CRASHED INTO TOKYO BAY IN WARTIME RAIDS, THE U.S. EIGHTH ARMY ANNOUNCED TODAY. THEY PROBABLY CAN BE IDENTIFIED BY TRACING PLANE AND ENGINE NUMBERS.

WRECKAGE OF TWO OTHER PLANES SPOTTED BENEATH THE BAY WATERS WILL BE RAISED SOON, AND A SEARCH FOR OTHERS CONTINUED.

IN AN INFORMAL DISCUSSION AT THE PRESIDENTIAL PALACE HERE IN THE REVOLUTIONARY REPUBLIC'S CAPITAL, THEY OUTLINED THESE PLANS AS INCLUDING:

1. TRANSFER OF MORE THAN 30 PER CENT OF DENSELY POPULATED JAVA'S 45,000,000 INHABITANTS TO SUMATRA AND, IF THE AGREEMENT WITH THE DUTCH PERMITS, TO BORNEO. SOEKARNO AND HATTA HOPE TO OVERCOME THE DEEP-ROOTED JAVANESE AVERSION TO LEAVING THE SOIL OF THEIR ANCESTORS BY TRANSFERRING ENTIRE VILLAGES INTACT.

"THE MOVE WILL BE IN THE SPIRIT OF THE AMERICAN AND AUSTRALIAN PIONEERS, BUT MODERNIZED. WE HOPE TO USE BULLDOZERS INSTEAD OF AXES TO CLEAR THE JUNGLES," SOEKARNO SAID.

2. DEMOBILIZATION OF 500,000 MEN IN THE REPUBLICAN ARMED FORCES. THE LASKAR RAJAT (PEOPLE'S ARMY), THE LARGEST AND MOST EFFECTIVE INDONESIAN GUERRILLA FORCE, ALREADY HAS BEEN ORDERED BACK FROM THE FRONT TO A STAGING AREA, WHERE THE BEST SOLDIERS WILL BE TRANSFERRED TO THE REGULAR ARMY. AFTER THE COMPLETION OF THE DUTCH-INDONESIAN AGREEMENT, THE REMAINDER OF THE GUERRILLA FORCES, ALONG WITH THOUSANDS OF REGULARS, WILL BE DISCHARGED.

3. LAUNCHING OF A NATIONAL INDUSTRIALIZATION PROGRAM.

"FOREIGN TECHNICIANS AND CAPITAL WILL BE GIVEN EVERY INDUCEMENT TO PARTICIPATE," SOEKARNO PROMISED. "WE WILL TRY A NEW COMBINATION OF CAPITALISM AND SOCIALISM, JOINT ENTERPRISES UNDER THE GENERAL SUPERVISION OF THE REPUBLICAN GOVERNMENT, IN WHICH FOREIGN CAPITAL AND INDONESIAN LABOR WILL BE PARTNERS MUTUALLY SHARING THE BENEFITS."

4. EXPANSION OF A NETWORK OF NATIVE COOPERATIVE SOCIETIES WHICH, IN HATTA'S WORDS, WOULD BE "THE CORNERSTONE OF INDONESIAN ECONOMIC LIFE."

COTTON WEAVING AND OTHER COTTAGE INDUSTRIES AND AGRICULTURAL COOPERATIVES ALREADY HAVE AS MANY AS 500,000 MEMBERS IN A SINGLE DISTRICT OF JAVA.

WASHINGTON--SECOND ADD RICE CROP X X X [redacted].

ZZIN JAPAN

"IN JAPAN, THE 1946 CROP EXCEEDS THE EXTREMELY SMALL OUTPUT OF THE PREVIOUS YEAR BY 22 PERCENT, OR 100,000,000 BUSHELS. THE 1946 HARVEST, HOWEVER, WAS ONLY 94 PERCENT OF PREWAR. IMPORTS OF 5 BILLION POUNDS IN TERMS OF BROWN RICE WOULD BE REQUIRED IN ORDER TO MAINTAIN PREWAR UTILIZATION. REQUIREMENTS FOR RICE IN THAT COUNTRY HAVE INCREASED BECAUSE OF AN INCREASE IN POPULATION.

"PRODUCTION IN THE PHILIPPINE ISLANDS IS UP SUBSTANTIALLY ABOVE LAST YEAR'S CROP, BUT IS STILL ABOUT 10 PERCENT LESS THAN PREWAR. THE 1946-47 CROP DECREASED THAT COUNTRY'S RICE DEFICIT FROM MORE THAN 1 BILLION POUNDS TO AROUND 450 MILLION POUNDS IN 1947, ON THE BASIS OF PREWAR UTILIZATION. FACED WITH THE PROBLEM OF GROSSLY INADEQUATE IMPORT SUPPLIES IN 1946, BRITISH MALAYA SUCCEEDED TO SOME EXTENT IN INCREASING ITS PRODUCTION. SINCE ITS CROP NORMALLY SUPPLIED ABOUT ONE-THIRD OF ITS PREWAR CONSUMPTION, HOWEVER, THIS COUNTRY WILL CONTINUE TO NEED CONSIDERABLE RICE IMPORTS. INFORMATION ABOUT CEYLON'S RICE CROP IS LACKING, BUT IF WEATHER WAS FAVORABLE, PRODUCTION SHOULD GREATLY EXCEED LAST YEAR'S CROP, WHICH WAS REDUCED BY DROUGHT. SUBSTANTIAL RICE IMPORTS WILL ALSO CONTINUE TO BE REQUIRED.

"OF THE PREWAR 'BIG THREE' EXPORTING COUNTRIES WHICH TOGETHER EXPORTED ABOUT 12 BILLION POUNDS ANNUALLY, BURMA IS THE ONLY NATION WHICH IS SHOWING A RETURN TO NORMAL. THROUGH GOVERNMENT ENCOURAGEMENT, ITS 1946-47 ACREAGE INCREASED 1 MILLION ACRES, AND GOOD WEATHER FAVORED HIGH YIELDS. ALTHOUGH THE CROP IS ESTIMATED TO BE ABOVE LAST YEAR'S WARTIME LOW BY 100,000,000 BUSHELS, OR 75 PERCENT, IT IS NOT YET THREE-FOURTHS OF PREWAR. AN EXPORTABLE SURPLUS OF 2 BILLION POUNDS IS ESTIMATED TO BE AVAILABLE FOR EXPORT DURING 1947.

"ALTHOUGH PLANTED ACREAGE IN SIAM WAS INCREASED OVER THE SMALL AREA OF THE PRECEDING YEAR, DROUGHT CONDITIONS RUINED A LARGE PART OF THE CROP AT THE OUTSET OF THE SEASON. THE AREA HARVESTED CONSEQUENTLY WAS MATERIALLY REDUCED, AND THE YIELDS PER ACRE WERE BELOW AVERAGE. PRODUCTION IS EXPECTED TO BE ABOUT THE SAME AS LAST YEAR'S CROP, WHICH WAS 55 PERCENT OF PREWAR. SOME SURPLUS IS REPORTED TO BE AVAILABLE FROM FROM THIS HARVEST FOR EXPORTATION DURING 1947. POLITICAL CONDITIONS IN FRENCH INDOCHINA MAKE IT DIFFICULT TO ESTIMATE THAT COUNTRY'S CURRENT RICE PRODUCTION. INDICATIONS ARE, HOWEVER, THAT ITS PRODUCTION IS ABOUT THE SAME AS LAST YEAR, WHEN IT WAS ABOUT 70 PERCENT OF PREWAR. RICE AVAILABLE FOR EXPORT OF AROUND 15 PERCENT OF PREWAR IS REPORTED FROM THAT COUNTRY.

B43WX

"IN THE FORMER SURPLUS AREAS OF KOREA AND TAIWAN (FORMOSA), ALL OF THE 1946-47 PRODUCTION IS BEING CONSUMED LOCALLY. KOREA'S PRODUCTION WAS REDUCED BY FERTILIZER SHORTAGES AND FLOOD CONDITIONS, AND OUTPUT IN THE AMERICAN ZONE IS REPORTED AT 88 PERCENT OF THE 1940-44 AVERAGE. BECAUSE OF A BELOW-AVERAGE RICE CROP, A SHORTAGE IN OTHER GRAINS, AND INCREASED POPULATION, SOUTH KOREA WILL NEED ITS ENTIRE RICE CROP FOR DOMESTIC CONSUMPTION. TAIWAN'S OUTPUT, ABOUT 35 PERCENT LARGER THAN IN 1945-46, IS AMPLE FOR DOMESTIC NEEDS.

"EUROPE: PRODUCTION IN EUROPE DID NOT RISE IN PROPORTION TO ITS INCREASED PLANTED ACREAGE. IN THE PRODUCING COUNTRIES, THE SHORTAGE OF COMMERCIAL FERTILIZERS CONTINUED TO RETARD PROGRESS TOWARD PREWAR HARVESTS. TOTAL PRODUCTION IS ESTIMATED AT 41 MILLION BUSHELS, COMPARED WITH 34 MILLION IN 1945, AND IT IS STILL 25 PERCENT LESS THAN PREWAR. X X X

"AFRICA: THE OUTPUT IN THE EXPORTING COUNTRIES OF AFRICA APPROXIMATES THAT OF LAST YEAR, OR 20 PERCENT ABOVE PREWAR.

NORTH AMERICA: IN NORTH AMERICA, A RECORD RICE CROP WAS HARVESTED FROM THE LARGEST ACREAGE IN HISTORY. PRODUCTION IN THE UNITED STATES WAS 5 PERCENT MORE THAN THE PRECEDING YEAR'S LARGE HARVEST, AND WAS 43 PERCENT ABOVE THE PREWAR AVERAGE. DURING THE PLANTING SEASON, MEXICO'S ACREAGE WAS BELIEVED TO BE LARGER THAN IN 1945, AND WEATHER HAS BEEN REPORTED FAVORABLE.

(ADVANCE)--WASHINGTON, [illegible]-(AP)-THE NATIONAL PLANNING ASSOCIATION SAID TONIGHT THAT IF THE BIG FOUR CANNOT WORK OUT A UNIFIED PROGRAM FOR GERMANY, EUROPE WILL SPLIT INTO "A SOVIET BLOC AND A WESTERN BLOC."

"THE CONSEQUENCES OF SUCH A DECISIVE SPLIT WOULD BE TRAGIC," THE REPORT ADDED.

DAVID L. GLICKMAN, A STAFF CONSULTANT FOR THE ORGANIZATION, PREPARED THE STUDY. HTHE ASSOCIATION DESCRIBES ITSELF AS A NON-PROFIT, NON-POLITICAL ORGANIZATION DEVOTED TO PLANNING IN AGRICULTURE,

BUSINESS, LABOR AND GOVERNMENT.

STRESSING THE IMPORTANCE OF AGREEMENT ON GERMANY BY THE UNITED STATES, RUSSIA, BRITAIN AND FRANCE, THE REPORT SAID:

"IT IS IN GERMANY THAT THE EAST AND THE WEST ARE REALLY TESTING THEIR ABILITIES TO FORMULATE A FRAMEWORK WHICH WILL BE MUTUALLY SATISFACTORY TO THEIR DIFFERENT IDEOLOGIES AND CONCEPTIONS OF SECURITY."

AS A FIRST REQUIREMENT, GLICKMAN SAID THAT ALL OF THE OCCUPYING POWERS SHOULD AGREE TO TREAT GERMANY AS A SINGLE ECONOMIC UNIT, "WITH THE ALLIED CONTROL COUNCIL HAVING TOP AUTHORITY FOR POLICY-MAKING."

ADDITIONAL STEPS HE PROPOSED WOULD:

1. ESTABLISH CENTRAL GERMAN AGENCIES HEADED BY GERMAN OFFICIALS WHO WOULD HAVE THE DUTY OF SEEING THAT ALL GERMAN AUTHORITIES CARRY OUT THE CONTROL COUNCIL'S PROGRAM.

2. CREATE AN INSPECTION SYSTEM, STAFFED BY ALLIED PERSONNEL, TO ASSURE THAT THIS PROGRAM IS NOT CIRCUMVENTED.

GLICKMAN COMMENTED THAT EFFORTS TOWARD ECONOMIC UNIFICATION HAVE BEEN BLOCKED BY (1) SOVIET OBJECTIONS TO REDUCING THE AUTHORITY OF EACH OCCUPYING POWER IN ITS SEPARATE ZONE PLUS INSISTENCE ON COLLECTING REPARATIONS OUT OF CURRENT PRODUCTION AND (2) "THE FRENCH DESIRE TO DELAY UNIFICATION UNTIL A DECISION IS MADE ON THE DISPOSITION OF THE SAAR, RUHR AND THE RHINELAND."

THE REPORT RECOMMEND AGREEMENT ON THE PRINCIPLE THAT REPARATIONS BE PAID OUT OF CURRENT PRODUCTION. HOWEVER, ALONG WITH IT GLICKMAN PROPOSED THAT COUNTRIES RECEIVING SUCH REPARATIONS SUPPLY OR FINANCE RAW MATERIALS FOR THEIR PRODUCTION.

HE RECOMMENDED NATIONALIZATION WITHIN THE GERMAN STATE OF THE HEAVY INDUSTRIES IN THE RUHR AND THE RHINELAND, AND EVENTUAL SUPERVISION OF THEM BY A UNITED NATIONS AGENCY.

LAKE SUCCESS, N.Y., FEB.10-(AP)-GREAT BRITAIN WAS EXPECTED TO SUPPORT A GREEK PROTEST TODAY AGAINST UNITED NATIONS INTERVENTION IN THE EXECUTIO OF 11 ALLEGED GREEK GUERRILLAS.

MEETING BEHIND CLOSED DOORS, THE U.N. SECURITY COUNCIL WAS CALLED INTO SESSION AT 11 A.M. (EST) TO DECIDE WHETHER ITS COMMISSION, SENT TO THE BALKANS TO INVESTIGATE BORDER INCIDENTS, HAS A RIGHT TO REQUEST POSTPONEMENT OF EXECUTIONS OF GREEK GUERRILLAS.

SUCH A STEP WAS TAKEN IN[illegible]MALLY BY COMMISSION MEMBERS IN ATHENS LAST WEEK, AND THE GREEK GOVERNM[illegible] COUNTERED WITH A PROTEST THAT THE GROUP WAS INTERFERING IN THE INTE[illegible]AL AFFAIRS OF GREECE.

THIS WAS FOLLOWED WITH AN UNUSUAL MOVE BY SECRETARY-GENERAL TRYGVE LI, WHO REQUESTED THE ATHENS GOVERNMENT TO DELAY THE EXECUTIONS UNTIL THE SECURITY COUNCIL COULD ACT ON A COMMISSION APPEAL FOR GUIDANCE.

THERE WAS A FEELING IN BRITISH DELEGATION QUARTERS HERE THAT THE BALK COMMISSION HAS NO RIGHT TO INTERFERE IN THE EXECUTIONS. ONE BRITISH SOURCE DECLARED THERE WAS NOTHING IN THE COMMISSION'S WRITTEN INSTRUCTIONS FROM THE SECURITY COUNCIL TO GIVE IT POWER TO HALT EXECUTIONS.

THE GREEK PROTEST, CONTAINED IN A FOUR-PAGE LETTER TO LIE FROM GREEK AMBASSADOR AND U.N. REPRESENTATIVE VASSILI DENDRAMIS, CHARGED THAT THE COMMISSION'S ACTION VIOLATED THE U.N. CHARTER AND THE SECURITY COUNCIL RESOLUTION UNDER WHICH THE COMMISSION WAS SET UP.

DENDRAMIS IDENTIFIED THE LEFTISTS SCHEDULED FOR EXECUTION ONLY AS "BANDITS" AND ASSERTED THAT INTERVENTION BY THE COMMISSION "AMOUNTS IN POINT OF FACT TO THE TENDERING OF IMPUNITY TO CRIMINALS OF COMMON LAW."

THE TROUBLE BEGAN FEB.2 WHEN THE COMMISSION BECAME INTERESTED IN THE EXECUTIONS THROUGH A NUMBER OF PETITIONS ON BEHALF OF THE CONDEMNED MEN. THE COMMISSION SAID THE MEN MIGHT HAVE VALUE AS WITNESSES IN THE INQUIRY INTO THE CHAOTIC POLITICAL SITUATION IN NORTHERN GREECE.

U.N. OFFICIALS EXPRESSED THE OPINION THAT BECAUSE OF THE UNUSUAL CIRCUMSTANCES, WHICH INVOLVE A NEAR CIVIL WAR IN GREECE, THAT LIE WAS EMPOWERED TO INTERVENE AND REQUEST A POSTPONEMENT OF THE EXECUTIONS UNTIL THE SECURITY COUNCIL HAD DECIDED ON THE CASE.

THE U.N. COMMISSION, IN ATHENS TO STUDY DISCORD BETWEEN GREECE AND HER BALKAN NEIGHBORS, HAS BEEN BOMBARDED WITH PETITIONS DEMANDING INTERVENTION ON BEHALF OF PERSONS SENTENCED TO DEATH FOR ANTI-GOVERNMENT ACTIVITY.

Churchill Blames Labor Regime for Coal Crisis

FORMER PREMIER DELAYS CALL FOR VOTE OF CENSURE

Bitterly Assails Socialist Set-up; Says 'No' to Coalition Talks.

HARDSHIPS MOUNT

Dole Comes Back as Factories Close: New Cold Wave Adds to Gloom.

LONDON, Feb. 10 — (AP) Winston Churchill charged the British Labor government tonight with "incompetence in high places" for its handling of the nation's coal shortage and industrial crisis which has shut down more than 50 per cent of the kingdom's industry, but withheld "for another day" his awaited demand for a parliamentary vote of censure.

Both Churchill and Hugh Dalton, laborite chancellor of the exchequer, stated, however, during debate in the House of Commons that neither the Conservatives nor the Laborites would consent to the formation of a coalition government.

Reports had become increasingly widespread that such a coalition would take shape soon to lead the United Kingdom out of the gravest emergency it has faced since the war.

Attlee In Plea to Nation

Churchill, the Conservative leader, began the debate while Prime Minister Clement R. Attlee broadcast an island-wide appeal to the British public to cooperate in the dangerous coal shortage which has limited power production, brought the closing of industrial plants in 38 of the 64 counties and shires in England and Wales and thrown more than 4,000,000 persons out of work.

British gloom deepened when a weather forecast stated a 36-hour thaw had ended and that sub-freezing temperatures would settle over the British Isles again tomorrow.

Robert Hudson, a former minister in Churchill's war-time government, accused Fuel and Power Minister Emanuel Shinwell of "lack of foresight, great contempt and dereliction of duty" in planning for the present power crisis.

"It would have been dereliction of duty if we had not responded to the emergency in the situation and acted accordingly," Shinwell retorted in the bitter debate in the House of Commons.

Assailed by Churchill

Then Churchill condemned the whole Labor government and its socialist principles for what he termed its "mismanagement, bad housekeeping, incompetence in high places and the progressive degeneration of our whole life."

While the debate was on, it appeared possible that the Conservatives were gambling on the ultimate fall of the Labor government, with a chance to restore the rule of the Conservative party in a new general election.

Lord Woolton, Conservative party chairman, told a political meeting at Glasgow tonight: "It is the public duty for every one of us to take every step within our power to bring this government to an end. If they are to be allowed to continue, then I see the dissolution of everything except parliament. How dare they go on!"

On the other hand, Labor Minister George A. Isaacs told a Labor party meeting in London tonight that "we will weather this political storm. x x x The party must be ruthless and determined to go on with our schemes of socialization of our industries."

Spikes "Coalition" Talk

The Conservative party vowed cooperation with the Labor government to ease the critical condition which sent thousands of Britons to the dole lines today for the first time since the depression. But Churchill ended all talk of a coalition government by abruptly declaring "no coalition" during the parliamentary session.

"Things are going to get worse," Churchill prophesied dourly in the house while Attlee was on the air. "I don't mean this particular emergency is going to lay us low, but the country is going to suffer increasingly and it will learn by suffering."

In explaining the crippling coal shortage to the people, Attlee said the unusually severe British winter had been to blame in part, but that the war had aided in depleting coal stock piles and that there are not enough miners in the diggings. He said also that the resumption of peace-time industry had taken its toll of fuel supplies. The coal mines were nationalized by Attlee's Labor party cabinet last Jan. 1.

Churchill spearheaded the conservative plea for cooperation during the crisis by telling the House that "it is the duty of everyone to comply with the directions of the government and to do their utmost to help in this awkward situation."

He snapped his sharp "no coalition" reply to the labor government however, and slammed the door on increasingly widespread reports that the conservatives might share the political responsibility of the crisis with the laborites.

Delays Censure Move

Hugh Dalton, laborite chancellor of the exchecquer, invited Churchill, the wartime prime minister, to move his expected demand for a vote of censure, but the opposition leader replied he would save it "for another day."

Attlee, speaking in a strained, tired voice, told the British people that "we have come through greater emergencies and much more critical times. We will come through this if we pull together, each doing everything possible to help."

A 36-hour period of thaw which set in over the British Isles Sunday and raised the hopes of British citizens and the government alike came to an end tonight, however, as temperatures dropped. The official forecast called for sub-freezing weather tomorrow.

Such a drop in temperature would add to the cold and gloom of already frigid British houses and might signalize mob outbreaks such as occurred in a London suburb last week when coal-needy persons stormed a coal store and attempted to raid its meager stock pile.

Weather reports from Europe showed, however, that Britain would not suffer alone.

HALF BRITAIN'S FACTORIES ARE FORCED TO STOP

Churchill's Challenge to Debate Fuel Policy Is Taken Up by Attlee.

4,000,000 NOW OUT OF JOBS

Domestic Use of Electricity Cut Severely as Coal Famine Spreads Industrial Paralysis.

London, Feb. 10 (A. P.).—The gravest fuel famine in British history closed down more than half the kingdom's industry today, throwing more than 4,000,000 workers into idleness and restoring the wholesale dole. Prime Minister Attlee said he could not forecast how soon the crisis would end. He even indicated that spring may come before homes in the affected areas can return to normal power consumption.

Those homes, many of them in part dependent on electricity for heat, had to forgo the use of electricity for five hours daily beginning today, and, except for a few vital to health and welfare, all industries in thirty-eight of the sixty-four English and Welsh counties had to suspend operations entirely. Otherwise consumers were forbidden to use electricity between 9 A. M. and noon and from 2 P. M. to 4 P. M. in homes, stores, offices and restaurants. Thus an estimated 22,000,000 people were affected.

"As soon as there are reasonable stocks (of coal) at the power stations," Attlee told the House of Commons, "the first step must be to restore power for industry."

Accept Churchill Challenge.

Winston Churchill, the Leader of the Opposition, joined Attlee in an appeal for popular support of the Government's drastic orders, but challenged the Prime Minister to debate tonight the reasons for them. The Labor party leaders, at a stormy session of the House, agreed to the debate.

The Laborite Government, which converted the coal mines from private to State ownership on January 1, called the coal conservation measures necessary to avert complete disaster. "If we are to maintain essential services, there must be drastic restrictions of consumption of electricity by the general public," Attlee declared. He attributed a large part of the coal famine to the current cold wave — the worst Britain has experienced in more than half a century. He said that early recovery depended on the weather.

Attlee will go to the nation tonight with a radio appeal for popular co-operation in the enforcement of the fuel conservation measure. He told the House today that the "results of the first day's cuts had shown an excellent response."

Churchill said: "It is the duty of every one to comply with the directions of the Government and to do their utmost to help in this awkward situation."

On the Stock Exchange, meanwhile, industrial shares fell by from 20 to 60 cents, but there was no panic and the reaction failed to bear out the expressions of gloom. heard before the opening when some brokers spoke of an "industrial Dunkirk."

Action Came Suddenly.

The Government order curbing power use went into effect one minute after midnight. Labor party leaders and the Conservative press joined at once in appeals to austerity-burdened Britons to make another sacrifice to avoid a complete breakdown of the nation's economy.

Thousands upon thousands of workers were thrown out of their jobs and today swamped the labor exchanges to register for the dole. Many other thousands will draw their wages on Friday under the guaranteed thirty-four hour-a-work week plans specified in some labor agreements. Scores of thousands in the Birmingham area were notified, however, that they would not be entitled to guaranteed payments if the shutdowns continue next week.

The first result of the power shutoff was puzzlement in many power companies unable to cut the current they supply to industry and households without also shutting off essential users like hospitals and food producers. The Ministry of Fuel and Power put the users of electricity "on their honor" to observe the embargo until the crisis is over.

Confusion prevailed in many areas. Nearly everywhere electric current use was cut sharply. The London Power Company said it was supplying about half its normal load. In the great industrial center of Birmingham, the load dropped by about 75 per cent. The town of Dartford in Kent did not respond to the conservation appeal, officials said, and all its power was cut off immediately.

The paralysis crept into nearly every aspect of living. The gloom of darkened homes and shadowy streets was thickened by a heavy fog in London, Birmingham and many other cities. Elevators stopped running. Movie houses postponed their openings till 4 P. M. Restaurants in which electric stoves are used could not begin cooking for the luncheon crowds till noon. Dry cleaners refused business. Hairdressers turned customers away. Because increasing numbers of people had no reason to travel to their jobs, most London buses, normally crowded to the prescribed limit, were partly empty. The Southern Railway took off thirty trains. The Birmingham transport system was snarled by workers returning home after their factories had shut down.

Extra telephones were installed at the Ministry of Fuel and Power, center of the maelstrom, and beds were brought in for the employees there. Most workers lost track of the time. Electric clocks stopped at 9 A. M. In an air of mounting crisis they struggled to keep abreast of the flood of inquiries. Wearily they rattled off the answers: "Yes, coffin-making is essential." . . . "You are a baker? Then your power should not have been switched off." . . . "No, lighting in restaurants is not allowed." . . . "No, madam, we cannot say how long this will last."

Thousands Idle As Coal Famine Closes Half Of British Plants

London, Feb. 10 (AP)—Half of all British industry closed down today because of a shortage of coal from the socialized mines. Four million workers became idle, many going back on the dole, as electric service was drastically reduced.

Prime Minister Attlee told the House of Commons today he could not forecast how long Britain's coal

and power crisis would last.

"As soon as there are reasonable margins of stocks at the power stations, the first step must be to restore power for industry," Attlee said.

Attlee scheduled a radio broadcast tonight to plead for co-operation. The Prime Minister and his Cabinet met at his unlighted Downing Street residence.

To Avoid "Complete Disaster"

The Labor Government, which converted the coal mines from private to state ownership January 1, called the coal conservation measures necessary to avert "complete disaster."

The crisis depressed shares on the Stock Exchange, where some brokers spoke of an "industrial Dunkirk."

Slightly higher temperatures eased momentarily one of the most severe cold waves of the winter, but the forecast was for colder.

22 Million Affected

All industries except a few vital to health and welfare were ordered to halt totally or in part in 38 of the 64 counties of England and Wales. Consumers were forbidden to use electricity between 9 A.M. and noon and from 2 P.M. to 4 P.M. in homes, stores, offices and restaurants, affecting an estimated 22,000,000 people.

Conservative newspapers demanded that Attlee shake up his Labor Cabinet, which commands a 2-to-1 vote in Parliament. The influential Manchester *Guardian* and London's *Daily Mail* and *Daily Telegraph* demanded that Emanuel Shinwell resign as Minister of Fuel and Power.

Confusion and chaotic conditions prevailed in many areas. Nearly everywhere, electric current use was cut sharply.

Users Put On Their Honor

The London Power Company said it was supplying about half its normal load. In the great industrial center of Birmingham, factories and the city's million people were put on their honor and electric current usage dropped about 75 per cent. The Birmingham transport system was snarled by workers returning home.

The Shropshire, Worcestershire and Staffordshire Electric Power Company, supplying 4,000 square miles, said its demand was less than half of normal.

Labor Exchange Swamped

The gloom of darkened homes and shadowy streets was thickened by a heavy fog in London, Birmingham nd many other cities.

Thousands upon thousands of workers thrown out of jobs swamped labor exchanges to register for the dole. Many other thousands will draw their wages Friday under guaranteed 34-hour work week plans specified in some labor agreements.

Scores of thousands in the Birmingham area were notified that they would not be entitled to guaranteed payments if the shutdowns continued next week.

Put On Their Honor

The Ministry of Fuel and Power put users of electricity "on their honor" to observe the embargo until the crisis is over. Fuel Minister Shinwell said it would last "three or four days, possibly a week."

Shinwell told the House of Commons Friday that a month-long cold wave had been eating fast into the nation's already scant coal piles and the shutdown was imperative to avoid outright disaster. However, the cold wave began breaking yesterday.

Grumbling Increases

Grumbles from Britain's ration-ridden population, and in particular from those suddenly made idle, were the loudest since the Labor Government won a big majority eighteen months ago.

A sudden thaw that melted snowdrifts in southern England moved northward yesterday and gave hope that mine production would increase and railroads and ships could resume normal movements of coal. But some informed circles said that the Fuel Ministry was preparing for as much as two weeks' of power restrictions.

Many power companies, terming the plan unworkable, said they could not put it into effect by themselves. They said they would have to maintain full service and leave it to the consumer's conscience whether he would use current during the hours when it was forbidden.

At least four industrial centers in the Midlands—Birmingham, Manchester, Coventry and Liverpool—declined to cut power at midnight. Officials of some London companies also said it was impossible to cut off industries without affecting vital services.

"I have taken the responsibility on myself of not carrying out the order as it applies to commercial undertakings in the city," declared R. A. S. Thwaites, chief engineer of the Manchester Corporation Authority.

Transport Facilities

The paralysis crept into nearly every aspect of business. Dry cleaners refused business. Hairdressers turned customers away.

Transport facilities were cut because increasing numbers of people had no reason to travel to their jobs. Most London busses, normally crowded to the permitted limit, were partly empty. The Southern Electric Railway took off 30 trains. The Royal Mint closed.

In Whitehall, stretching north from the houses of Parliament, Government officials struggled in a mounting atmosphere of crisis to keep abreast of the flood of inquiries.

Stock Exchange Affected

Leading industrial share prices went down by from a shilling to half a crown (20 cents to 50 cents) today as the London Stock Exchanged opened in a spiritless fashion.

There was no panic selling, however, on the dim floor of the Exchange, which operated without lights up to noon.

Woolworth was down half a crown at noon and Guiness Brewery also was half a crown lower. Austin Motors was down by more than a shilling and Lancashire Textiles generally eased about 1 shilling 6 pence (30 cents).

Gilt edges also drifted lower and what little demand there was centered on gold mining shares and Argentine rails.

again for the flat ... weekly allowance — 24 shillings ($4.80) for a man, correspondingly less for his wife and children.

"How long will it last? a week? two weeks longer?" the people asked in the jobless lines and the darkened houses. No one in authority could give them a positive answer.

Parliament met in semi-darkness. Every second light in the building was turned off. Prime Minister Attlee's "Black Monday" statement on the fuel crisis did not dispell the gloom.

Attlee read his grimly matter-of-fact statement unemotionally, in r... ply to a stern, reproachful Winst... Churchill Fuel Minister Eman... Shinwell, whose entrance brought derisive murmurs from the opposition benches, sat silent.

When a conservative, pressing for immediate debate of the coal situation, referred to it as "the gravest crisis in our history" members who had sat in the house during two world wars did not accuse him of exaggerating.

In an area that stretches like a wide Sam Browne belt across the chest of England, the lighting customs of the times of George the Third were revived from 9 a.m. to noon and from 2 to 4 p.m.

Candles flickered in the classrooms of Eton College, in the sinister-looking pubs of Limehouse, in the cavernous rooms of the foreign office. Everybody made the same remark—"at least the candlelight gleaming through the windows is picturesque, isn't it?"

A tea shop cashier gave the answer. "You ought to try making change by the blinking things."

"I never thought we'd see this again," said a foreman from one of the north London industries closed by the electric power blackout.

$8 Weekly For Family

He'll get the standard benefit—24 shillings ($4.80) a week for himself and 16 shillings ($3.20) for his wife—after a three-day wait.

There was no light in the drab hall where the men, most of them hatless with scarves knotted about the neck, waited for clerks at candlelit desks to fill in their applications.

There was little light, save seeping gray daylight, anywhere in the 24 blacked out counties where 22,000,000 persons live.

Mostly there was confusion, inconvenience, bewilderment and irritation

Labor, Tories Both Blamed

"Worse than the blinking fly bombs," growled a tophatted bank messenger when he found a tea shop closed.

"You voted Labor—I hope you're satisfied" said a girl behind the counter of a cigarette kiosk.

"It's a Tory plot," announced a man in a bus queue. "The rich have bought up all the coal—that's what happened"

In some places, whole areas were blacked out by the pulling of a switch. Essential as well as non-essential industries found themselves without power—and protests swamped the Ministry of Fuel.

Some Put On Honor

Other sections were put on their honor to switch lights and machinery off. Most shops, banks, pubs and restaurants complied, and candle flames glowed cheerily, if ineffectively, through the gloom—restoring the aspect of Victorian England.

Piccadilly Circus went blue with patches of yellow. Many jewelers closed for fear of shoplifters.

Bank clerks shuffled pour notes by candlelight as in the days of Dickens. "We brought our own candles and our lunches a well," an elderly cashier explained.

Even Courts Are Dim

In the Old Bailey and other criminal courts, prisoners were shunted about by constables with flashlights and magistrates dealt with cases in semi-darkness.

The royal palaces, Buckingham and St. James, showed no light.

Hardest hit, save for the vital industries, were housewives whose cooking and shopping arrangements inconvenient at best for the past seven years, were completely disarranged and whose darkened homes, in many cases, were heatless.

Lack of Fuel Does What Hitler Couldn't—Paralyzes Britain

LONDON, Feb. 10 — (AP) The gravest fuel shortage in British history, accomplishing what Adolf Hitler failed to do with his death-dealing blitz, paralyzed the bulk of British industry today.

A pall of misery spread over a population famed for being able to "take it."

One stark fact seemed to weigh heavier on public morale than all the inconveniences and confusion springing from the almost total blackout of industry in half the country and the five-hour-a-day switchoff of electricity to homes, stores and offices.

The Dole Is Back

One fact: The dole was back. The unemployed were lining up

Dole Returns To England

London, Feb. 10 (AP) — The dreaded dole came back to England and Wales today.

For the first time since the black depression days between the wars, hundreds of thousands of workers plodded through mist and slush to employment exchanges, where they waited in silent queues to sign up for unemployment benefits.

Two Princesses Escape Ducking

London, Feb. 10 (AP)—The British royal family joined in the tomfoolery of Neptune's court today as the battleship Vanguard carrying them to South Africa crossed the equator—but the two princesses escaped the traditional ducking.

Responding to a plea of his consort, Queen Amphitrite, Neptune ordered that the princesses be given a lighter initiation into the Order of Shellbacks, the Exchange Telegraph news agency said.

Two chief petty officers powdered the princesses noses with large powder puffs and administered pills.

Princess Margaret Rose, warned that the pills might be soap, let her older sister, Elizabeth, go first but the pills turned out to be cherries.

King George VI and Queen Elizabeth, who had crossed the equator before, got perpetual equatorial season tickets.

When the King went up to meet Neptune, His Majesty tripped over a rope hawser with frayed ends.

"What's this?" he asked.

"That's the main brace," replied the captain.

"Well, splice it," ordered the King, giving the Royal Navy's favorite command, which means providing every crewman with a drink of rum.

Committee Drafting German Treaty Report

London, Feb. 10 (AP)—A special experts' committee of the Deputy Foreign Ministers Council proceeded today with the work of drafting the report on German treaty problems which the Deputies will submit to the Big Four Foreign Ministers in Moscow next month.

Neither the German nor Austrian treaty sections of the Deputies' Council was in sesssion today.

U.S. Ships' Purchase Authorized By Britain

London, Feb. 10 (AP)—Alfred Barnes, Minister of Transport, notified Commons tonight that Britain has authorized ship owners to purchase $100,000,000 worth of surplus United States cargo vessels in order to prevent "a serious effect on our economy."

Most of the vessels, Barnes's written report said, are chartered by Britain, but are scheduled to be returned to the United States at the rate of ten monthly, starting in June.

The largest item in the authorization is 100 Liberty ships valued at a total of $50,000,000.

ALLIES SIGN TREATIES WITH AXIS SATELLITES IN CEREMONY AT PARIS

Italian, Yugoslav, Hungarian And Greek Representatives Present Protests On Territorial Terms—Say They Will Press Demands

Paris, Feb. 10 (AP)—The Allies signed peace treaties today with Italy and four other German satellites in a history-making ceremony, but the ink was scarcely dry before violence flared in Rome and in Pola, Italian naval base ceded to Yugoslavia.

The Italian accord, which strips that country of her colonies and a large portion of Venezia Giulia, at the head of the Adriatic, was signed at a morning session in the brilliantly lighted red and gold Salon de l'Horloge of the French Foreign Office.

Treaties for Romania, Bulgaria, Hungary and Finland—all paying the price for helping Adolf Hitler to scourge Europe—were signed in that order during the afternoon session. The United States was a party to all except the Finnish pact. Twenty Allied nations participated.

Peace Pact Signed By Italy And Yugoslavia

1947

Paris, Feb. 10 (AP)—Italy signed sadly and silently today a peace treaty reducing her to a third-rate power, stripped of colonies, indebted by reparations, her homeland reduced and her army and navy cut to a relative shadow.

Yugoslavia, which will obtain a slice of the coveted Venezia Giulia, but not the port of Trieste which will become a free city, reversed herself and signed the treaty after protesting the boundary agreement.

Italy, paying for the crimes of Mussolini and Fascism, was the first of five Axis nations to sign treaties which, when ratified, will end World War II for all the world except Germany, Japan, Austria and Korea.

Ratification Required

The Constituent Assembly of Italy and the major allied powers still must ratify the treaty to make it fully effective.

Following Italy, the schedule called Romania, Bulgaria, Hungary and Finland to "the mourner's bench," as it were, to sign treaties with up to twenty Allied nations. The United States had a part in all the accords except that of Finland, with which the United States never was at war.

Contrasted to the silent demeanor of the Italian signatory, the Yugoslav Foreign Minister, Stanoje Simic, declared Premier Marshal Tito's Russian-backed government was "roundly disturbed" at the treaty with Italy.

Regrets Demands Ignored

His statement said Yugoslavia "declares with regret" that the "demands and proposals" of Yugoslavia "have not been taken into consideration in a satisfying manner" in the political, military and economic clauses of the treaty, and "above all, in its territorial dispositions, which deprive the Yugoslavs of territory ethnically Yugoslav."

He specified the Canale River Valley, the region of Gorizia, Venetian Slovenia, Monfalcone, Trieste and the northwestern section of Istria as areas which should have been awarded to Yugoslavia.

The Minister asserted that, despite his signature, Yugoslavia maintained her claims over these territories and would continue to insist upon them even if Yugoslav nationals quit the areas under Italian or international administration.

Renouncing No Claims

"The Government of Yugoslavia," he said, explaining his nation's anxiety at the treaty clauses, "has to declare nevertheless that, by the signature of this treaty, the peoples of Yugoslavia do in no way renounce the territories which are ethnically theirs, and of which the treaty deprives them, and that they will not cease to maintain their rights on these territories, regardless of what ethnical modifications eventually may ensue in the future because of a foreign administration."

Italy's Losses

Italy lost Eritrea, Somaliland and Libya, her Italian colonies, and was forced to recognize the independence of Ethiopia and Albania, which Mussolini had added to the empire. The Dodecanese Islands went to Greece. Small areas on her western border went to France.

She was ordered to pay $360,000,000 in reparations, $200,000,000 of it to Russia. Her army was trimmed to 97,500 men, her navy to 67,500 tons.

The Yugoslav Foreign Minister said his country was distressed about its nationals who were to remain outside Yugoslavia because of the "obstinate lack of understanding on the part of certain Allies." (This was a veiled criticism of the United States and Great Britain, which opposed Yugoslav claims to Trieste and all Venezia Giulia.)

He said Yugoslavia was obliged to sign the treaty to preserve Allied unity and "only because at the current hour it does not wish to take the responsibility of not having performed its part in the establishment of peace among nations."

Yugoslavia Signs Last

Yugoslavia was the last Allied nation to sign. Former United States Secretary of State James F. Byrnes and Jefferson Caffery previously had signed for the United States.

Until two days ago, Yugoslav officials had insisted that their country would not sign. Italians had indicated they would sign reluctantly. Both countries had previously claimed Italian Venezia Giulia.

Bidault Presides

Foreign Minister Georges Bidault of France presided at the signing.

The delegates assembled in the Foreign Ministry's Salon de l'Horlodge (Clock Room). The treaty lay on a table in a room behind them, the Salon de la Paix (Peace Hall).

When Bidault pronounced the name "Yugoslavia" the entire delegation walked around the table to the Salon de la Paix and affixed signature.

The Italian delegation followed immediately. Bidault then declared the ceremony ended, and the representatives began filing out.

The Polish delegate, who was to have signed for his country, was not present. Another member of the delegation reported he had not yet arrived in Paris, but would sign later.

Bidault entered the red-and-gold Salon de l'Horlodge just as the big clock for which the room was named struck 11 A.M. Representatives of nineteen other Allied nations were at their places around a green table with two vacant chairs, for the Italians.

Foresees End Of Struggle

Bidault, welcoming the Allies, noted that today's treaty signing would end six years of "merciless struggle" and expressed the hope that the ceremony would bind the former enemies into the international family and enable them to contribute to the organization of peace.

At 11.12 the Italian delegates entered. They took their places silently. Bidault declared the session formally open. The signing began at 11.17.

The five pacts deprive the defeated nations of much territory, a large part of their defense forces and $1,330,000,000 in reparations.

Signed With Protests

Representatives of Italy and Yugoslavia, which had threatened not to sign the Italian treaty, reluctantly affixed their signatures, although both nations had protested against the new Italian-Yugoslav frontier, which creates an international zone around the port of Trieste.

Hungary protested that its treaty was "unjust" and "excessively harsh if not insupportable." In a note handed the French Ministry, Hungary assailed Czechoslovakia for what it termed "inhuman and humiliating" forced deportation of "tens of thousands" of Hungarians.

Stanoje Simic, Yugoslav Foreign Minister, signed without comment, but handed a note to the French Foreign Ministry asserting that his Government was "roundly disturbed" that Yugoslav territorial proposals "have not been taken into consideration."

To Press Claim To Areas

The note specified the Canale River valley, the region of Gorizia, Venetian Slovenia, Montfalcone, Trieste and the northwestern section of Istria as areas which should have been taken away from Italy and given to Yugoslavia.

"The peoples of Yugoslavia do in no way renounce the territories which are ethnicaly theirs, and of which the treaty deprives them, and they will not cease to maintain their rights on these territories regardless of what ethnical modifications eventually may ensue in the future because of a foreign administration," the note said.

Greece protested the terms of the Italian and Bulgarian treaties in two separate notes presented to the French Foreign Office after the signing.

Objects To Two Frontiers

One note, protesting the frontier with Albania set up in the Italian treaty, said Greek demands had not been satisfied and that the signing of the treaty "can in no way prejudice this question."

The other note recalled Greece's demand for the Dobrudja region on the Greek-Bulgarian frontier and protested "the refusal of the Paris conference and the Conference of Foreign Ministers in failing to give satisfaction to the just demands of Greece."

The Italian signatory, the Marquis Meif Lupi di Soragna—his lips pressed tightly together—signed immediately after Simic, but Italian officials announced that protests had been delivered to the twenty Allied nations.

For Approval Of Assembly

Carlo Sforza, Foreign Minister, said in Rome that the pact would become effective only if it was approved by the Italian Constituent Assembly, and that he would make public the text of the protest during a radio speech to the Italian people tomorrow.

The treaties also must be ratified by the legislative bodies of the United States, Russia, Britain and France before they become effective. Still to be drafted are pacts for Germany, Japan, Austria and Korea.

The white-tie-and-tails ceremony today began at 11 A.M. and, with time out for lunch, was concluded at 6.11 P.M. A few minutes later the Polish delegation, whose train was delayed, arrived and signed the Italian treaty.

Bidault Hails Occasion

In contrast with the sessions of the Council of Foreign Ministers and last summer's Paris peace conference, few words were spoken during the signing.

Georges Bidault, French Foreign Minister, the only formal speaker, said that the occasion marked the end of the "most terrible of wars."

"The date of February 10, 1947, heavy with the sorrow of six years of merciless struggle, with the difficulties and anxieties of the present, is illuminated, however, with the promises for the future,"

Bidault then signed the Italian treaty, which already bore the signatures of James F. Byrnes, former United States Secretary of State; Ernest Bevin, British Foreign Secretary, and Vyacheslav M. Molotov, Soviet Foreign Minister.

Countersigned By Ambassadors

The Big Three ambassadors to France, Jefferson Caffery, of the United States; Alfred Duff Cooper, of Britain, and Alexander Bogomolov, of Russia, countersigned the pact, and other Allied nations affixed their signatures in alphabetical order.

Other allied countries signing at least one of the accords were Australia, White Russia, Canada, India, New Zealand, Czechoslovakia, Ukraine, South Africa, Greece, Brazil, Belgium, China, Ethiopia, the Netherlands, Poland and Yugoslavia.

The treaties with Bulgaria, Hungary, Romania and Finland were signed with little ado, and without comment.

All But One Lose Territory

Under terms of the pacts, none of the five former satellites may maintain more than a skeleton army or navy, and all lost territory except Bulgaria, Italy, besides being forced to give up parts of Venezia Giulia to Yugoslavia, also yielded the Dodecanese Islands to Greece and small areas of her western frontier to France. She also lost Eritrea, Somaliland and Libya, in Africa, and was forced to recognize the independence of Ethiopia and Albania, which Mussolini had added to the Italian Empire.

A total of $1,330,000,000 was assessed against the satellites, of which Russia will receive $900,000,000. None of the other major powers claimed reparations.

Romanian Protests

Foreign Minister Georges Tatarescu of Romania had said that, in a spirit of "international co-operation," he would sign the Romania treaty, despite "excessive and unjust" sections—notably, he said, the part keeping Romania from making claims on Germany.

Bidault put his signature on the Italian treaty first.

Big Three ambassadors to France—Jefferson Caffery, of the United States; Alfred Duff Cooper, of Britain, and Alexandre Bogomolov, of Russia—then countersigned.

Other potential Allied signers present were Australia, White Russia, Canada, India, New Zealand, Czechoslovakia, Ukraine, South Africa, Greece, Brazil, Belgium, China, Ethiopia, the Netherlands and Poland.

Reported Told Not To Sign

[Authoritative sources in Athens reported today that Foreign Minister Constantion Tsaldaris had instructed the Greek delegates in Paris to refrain from signing the peace treaties with German satelite nations today in protest against nonrecognition of Greece's border claims.

[Greece has sought to obtain northern Epirus from Albania and also has demanded rectification of the Bulgarian border.]

The treaties were prepared in the last year in a series of European meetings of the Big Four Foreign Ministers, a 21-nation conference here and a final foreign ministers' meeting in New York city last fall. German and Austrian treaties still are being drawn up.

ITALIANS IN RIOTS OVER PACT SIGNING

British Officer Slain; Rome Throng Jeers in Front of U. S. Embassy.

ROME, Feb. 10—(AP) A British officer was shot to death in Pola and rioting students stormed the Yugoslav legation in Rome today as scattered violence marked Italian protests against the signing of a peace treaty reducing this nation to a third-rate power.

Roman throngs jeered and whistled in front of the United States, British and Russian embassies, but were kept their distance by heavy guards of Italian troops.

British Officer Slain

Brig. R.W.M. De Winton, commander of the British infantry brigade at Pola, a town soon to be transferred from Italy to Yugoslavia, was fatally wounded by a woman while he was inspecting the guard outside his headquarters.

A British army announcement identified the woman as Maria Pasquinelli, an Italian who went to Pola recently to work for a committee organizing the exodus of Italians from that city.

The announcement, issued by allied force headquarters at Caserta, said the woman came up behind the officer and fired three shots at point blank range. She was immediately arrested.

A wreath containing an American flag, which U.S. Ambassador James C. Dunn left at the unknown Soldier's tomb in Rome last week, was torn down and carried away. Stones were hurled at the allied area command headquarters in Rome and at several allied vehicles.

Rioting broke out in Rome during the morning, a few moments after the city, along with the rest of Italy, had solemnly observed 10 minutes of mourning over terms of the treaty signed in Paris.

Some students, angered by the loss of Pola, Trieste and other sections of Venezia Giulia, fought their way into the Yugoslav legation in an unsuccessful attempt to tear down the Yugoslav flag.

Students Fired Upon

Windows and doors were smashed in the four-story building before Italian police could restore order. The students got as far as the third floor, where a Yugoslav soldier fired a burst through a door with an automatic rifle.

An unconfirmed report said that one student was killed in the demonstrations, but the press attache of the legation said there were no casualties.

Other demonstrators hurled tanks of gasoline at the Hotel Milano, occupied by the British royal air force, and shouted "buffoons" in front of the Monte Citorio, where the Italian constituent assembly sits.

Services At Hanoi For Slain Newsman

Paris, Feb. 10 (AP)—Funeral services were held in Hanoi today for Michel Moutschen, 22-year-old correspondent of the Associated Press who was fatally wounded Friday by a Viet-Namese sniper, the French Press Agency said in a dispatch from Indo-China.

The coffin was covered with French and American flags. The Croix de Guerre, awarded the Belgian-born newsman shortly before he died in a hospital, was attached to the flags.

Moutschen and several other correspondents were riding with a French armored column when it was ambushed by Viet Namese. He was hit before he could leap into a sheltering ditch.

BRITON SLAIN BY ITALIAN

Woman Shoots Officer At Pola. Rioters Storm Legation

Rome, Feb. 10 (AP)—A British officer was shot to death in Pola and rioting students stormed the Yugoslav legation in Rome today as scattered violence marked Italian protests against the signing of a peace treaty reducing this nation to a third-rate power.

Roman throngs jeered and whistled in front of the United States, British and Russian embassies, but were kept their distance by heavy guards of Italian troops.

Brigadier R. W. M. de Winton, commander of the British infantry brigade at Pola, a town soon to be transferred from Italy to Yugoslavia, was fatally wounded by a woman while he was inspecting the guard outside his headquarters.

Had Organized Exodus

A British Army announcement identified the woman as Maria Pasquinelli, an Italian who went to Pola recently to work for a committee organizing the exodus of Italians from that city.

The announcement, issued by Allied force headquarters at Caserta, said the woman came up behind the officer and fired three shots at point blank range. She was immediately arrested.

A wreath containing an American flag, which James C. Dunn, United States Ambassador, left at the Unknown Soldier's Tomb in Rome last week, was torn down and carried away. Stones were hurled at the Allied area command headquarters in Rome and at several Allied vehicles.

Observes 10-Minute Mourning

Rioting broke out in Rome during the morning, a few moments after the city, along with the rest of Italy, had solemnly observed ten minutes of mourning over terms of the treaty signed in Paris.

Some students, angered by the loss of Pola, Trieste and other sections of Venezia Giulia, fought their way into the Yugoslav legation in an unsuccessful attempt to tear down a Yugoslav flag.

Windows and doors were smashed in the four-story building before Italian police could restore order. The students got as far as the third floor, where a Yugoslav soldier fired a burst through a door with an automatic rifle.

An unconfirmed report said that one student was killed in the demonstrations, but the press attaché of the legation said there were no casualties.

Tanks Of Gasoline Hurled

Other demonstrators hurled tanks of gasoline at the Hotel Milano, occupied by the British Royal Air Force, and shouted "buffoons" in front of the Monte Citorio, where the Italian Constitutent Assembly sits.

The lawmakers, meanwhile, were told by Carlo Sforza, Foreign Minister, that Italy had signed the peace treaty after stipulating that it would not become effective until approved by the Assembly. Sforza will broadcast tomorrow to the Italian people the text of a protest sent to the foreign ministers of twenty nations which were at war with Italy. Premier Alcide de Gasperi may make a short address to the nation at that time.

After a brief session, the Assembly filed silently out of its chamber for a half-hour recess, as a sign of mourning.

Signaled By Air-Raid Sirens

Earlier, Italians stood bareheaded in the streets for ten minutes. Workmen put aside their tools and merchants shuttered their shops.

The wail of air-raid sirens, seldom heard since the war, announced the beginning of the interval of silence.

Thousands assembled in Piazza Venezia, the square where Benito Mussolini made many of his balcony speeches, and prayed while a wreath was placed on an altar in the Tomb of the Unknown Soldier. Wreaths also were placed in the Ardeatine Caves, where 335 Italians were shot down as hostages by the Germans on March 23, 1944.

A drizzle fell over most of Italy.

"One Of Greatest Misdeeds"

Newspapers appeared with black borders, and Rome's *Italia Nuova* said "today at Paris is consummated one of the greatest misdeeds known to history."

Italian residents hastened their evacuation of Pola, on the Southern tip of the Istrian Peninsula at the head of the Adriatic. They took with them all sorts of equipment, parts of houses and even the ashes of their war dead.

Trieste, which will become an international city under terms of the treaty, was quiet, but 500 additional civil policemen stood by in case of trouble. Italian flags with mourning ribbons were flown in Gorizia, north of Trieste.

Wreath Tossed Into Sea

A wreath was tossed into the sea at Taranto, where most of the once-proud Italian fleet is awaiting delivery to the Allies as reparations. The 12,000-ton United States cruiser Portsmouth steamed into Tarant en route from Trieste to Naples.

Whether she intended to stand by until the Italian ships were officially delivered was not made clear, but it was recalled that some Allied authorities had expressed fear that the Italians would scuttle their vessels rather than surrender them.

Dispatches from Augusta, in Sicily, reported the return of the 35,000-ton battleships Italia and Vittorio Veneto from the Bitter Lakes, through which the Suez Canal passes.

Briton Shot Dead In Pola As Italy Protests Pact

Rome, Feb. 10 (AP)—A British officer, Brig. R. W. M. De Winton, was shot to death by a woman today in Pola, an international Adriatic port and naval base awarded to Yugoslavia in the Italian peace treaty, British military officers said.

A mass evacuation of 28,000 of the 33,000 Italians in Pola was under way.

While Italian police and troops stood with machine guns and rifles in increased strength before the American and British embassies, crowds of Italians, angered by the peace treaty awarding Pola and part of Venezia Giulia to Yugoslavia, demonstrated before the Yugoslav legation and demanded that its flag be pulled down.

Guard Fires Through Door

Italians hammered against a legation door. A Yugoslav soldier guard fired a burst through the door with an automatic rifle. Josip Defranceski, press attache of the legation, said no one was hit. He said Italian police officials later arrived and demanded that arms be surrendered.

The police also asked that the Yugoslav flag be brought down, because "it was dangerous to fly it." The request was refused.

De Winton, commander of the British 13th Infantry Brigade, was shot while inspecting a guard. He went to Pola only two weeks ago with his forces to relieve the British Guards Regiment then garrisoned at the Allied enclave at Pola.

Only A Brief Announcement

Save for the brief announcement, the British maintained official silence regarding the shooting. All civilian and military telephone lines to Triste were out of order.

The solemn observance of the treaty signing in Rome, where it centered around the tomb of the Unknown Soldier of the first World War, degenerated later into a few disorderly demonstrations. Students and hoodlums ranged through the streets.

The throng which demonstrated before the four-story headquarters of the Yugoslav delegation to the Allied commission, an office with the rank of a legation, was estimated at several hundred.

Its vanguard stormed into the building and smashed windows and doors.

Throng Jeer At Embassies

Another throng of students, interspersed with hoodlums, marched to the American, Russian and British embassies, where they jeered and whistled. They maintained their distance at the three places because of heavy guards of Italian police and troops.

At Montecitorio, where the Constituent Assembly scheduled a half-hour suspension as a sign of mourning, another throng jeered and shouted:

"Buffoons."

Throughout Rome signs put up by the Allied Commission shortly after Allied troops entered Rome were broken.

Gas Tanks Hurled Down

Another throng jeered and hurled down tanks of gasoline at the Albergo Milano, occupied by the British Air Force.

Police patrols were increased throughout the city. Police marched in Paris, with carbines over their shoulders. Motorcycle police, also with rifles, toured the streets.

Late editions of newspapers appeared with a bold, black headline, protesting the peace. *Il Gionale Della Sera*, under a black border, said:

"The diktat is signed; the fatherland is in mourning."

People "Reject Diktat"

Il Giornale D'Italia said:

"The Italian people, with its protest on the altar of the Fatherland, venerates its dead and rejects the infamous diktat that the Government is forced to sign."

More than 100 men with rifles and machine guns were placed at the American Embassy, and traffic was diverted. Extra police, with carbines slung over their raincoats, patrolled the streets.

Students, carrying the flags of the cities of Trieste and Pola as well as Italian banners, marched to Montecitorio, where the Constituent Assembly was to meet at 5 P.M., and whistled to express their disapproval of the treaty.

Sforza To Broadcast

The Assembly itself planned to suspend its session for a half hour as a sign of mourning.

Carlo Sforza, the Foreign Minister, will broadcast to the Italian people tomorrow a protest sent to the Foreign Ministries of twenty countries that were at war with Italy.

Premier Alcide de Gasperi will probably speak briefly before Sforza reads the protest.

Sirens summoned Italians to observe a ten-minute period of silence at the hour the treaty was signed in Paris.

Throughout Italy workmen folded their arms and stood silently. Merchants rolled down the iron shutters in front of their shops.

BRITISH GENERAL IS SLAIN IN CEDED ADRIATIC SEAPORT

U. S. Embassy Is Guarded Amid Mass Evacuation of Italians From Pola.

Rome, Feb. 10 (A. P.).—A British general, Brigadier R. W. The crowd stormed into the four-story building and broke windows and doors. Reaching the third floor, the vanguard of the throng stormed against a door there, and was answered by a burst of shots from the other side, fired by a Yugoslav soldier guard. Josip Defranceski, press attache of the Legation, said that no one was hit, however.

He said that Italian police officials arrived later and demanded that arms be surrendered. He declared, too, that the police also asked that the Yugoslav flag be brought down, because "it was dangerous to fly it," but that the request was refused.

De Winton, commander of the British 13th Infantry Brigade, was shot while inspecting a guard. He went to Pola with his forces only two weeks ago to relieve the British Guards regiment then garrisoned at the Allied enclave at Pola.

Save for the brief announcement of its having occurred, the British maintained official silence regarding the shooting. All civilian and military telephone lines to Trieste were out of order.

The throng that demonstrated before the Yugoslav legation—strictly the headquarters of the Yugoslav delegation to the Allied commission, with the rank of a legation—was estimated at several hundred.

Another throng of students, interspersed with hoodlums, marched to the American, Russian and British embassies, where they jeered and whistled. They maintained their distance at these three places, however, because of the heavy guards of Italian police and troops.

Kesselring Wins War Trial Delay

Venice, Feb. 10 (A. P.).—The war crimes trial of German Field Marshal Albert Kesselring was adjourned for one week today after defense counsel had charged that he "had had as many hours to prepare as the prosecution had months."

Magnates Face Trial

Nuernberg, Germany, Feb. 10 (AP). Courts will be set up in Nuernberg this year to try approximately 50 officials of five gigantic German industrial enterprises on charges they paved the way for Hitler's rise to power, Brig. Gen. Telford Taylor said today.

The five are the Krupp munitions firm, the I. G. Farben chemical industry, the Hermann Goering Werke, the Dresdener Bank and the steel combine headed by Friederich Flick. An indictment already has been served against Flick and four of his associates.

Waging Aggressive War Charged

General Taylor, chief United States war crimes prosecutor, said Alfried Krupp von Bohlen Und Halbach, who took over control of the Krupp munitions works from his aged father, Gustav, will be among the defendants in the trial of that firm.

Taylor said it would be "out of the question" to try the father because of his poor health. Gustav was an original defendant in the war crimes case of the international military tribunal, but was dropped because of his serious illness.

Taylor said the Flick trial will start in six weeks and by that time the indictment would be prepared against twenty officials of the Farben combine, one of the most far-flung in the entire world when the Nazis were in power. The charge in their case will be waging aggressive war, a principal count in the trials of the top-ranking Nazis before the four-power tribunal.

Franch Lending A Staff

Taylor said the French were interested in the Farben case and were lending a staff to assist the Americans in the preparation. The British, he added, were considering joining the United States in the case against the Krupp firm. Tay-

lor said he understood the French and British may bring additional industrialists to trial in their own zones.

He said the decision to hold American trials for the German industrialists was reached in Washington on recommendation of Justice Robert H. Jackson, chief prosecutor for the United States at the international tribunal.

"We think we can prove beyond a doubt that these leaders were not pulled along by Hitler, but actually led the way," Taylor said.

Trials May Go Into Next Year

He asserted their part in the German war effort was equal to that of any military men and the United States "thinks this should be exposed."

Trials probably will take all of this year and may even stretch into next, Taylor said.

He said the American prosecutors considered for a time the inclusion of Fritz Thyssen, German munitions maker, as a defendant, but decided against such procedure for lack of evidence. Taylor said it was plain that Thyssen broke with Hitler when the war started, and fled from the Reich. He is in a sanatorium "under custody," and a decision whether to release him is still pending, Taylor added.

TO INDICT MORE NAZIS

Nuernberg, Feb. 10 (A. P.).—Brig.-Gen. Telford Taylor, chief war crimes prosecutor for the United States, announced today that former officials of the I. G. Farben Industrie, Krupp, the Hermann Goering Works and the Dresdener Bank would be tried in a full-scale effort to prove that German industrialists were warmongers. Five courts will be set up this year in Nuernberg to handle the cases, he declared.

The first case is now under way. Indictments have been served against Frederich Flick, armaments maker, and four of his colleagues. Their trial will probably begin in six weeks. By that time indictments will have been prepared against the Farben combine officials, Taylor said.

British A Spur To Greek Imperialism, Probe Told

Athens, Feb. 10 (AP)—Nesti Kerenxhi, Albanian liaison officer, today told the United Nations commission investigating Greek border incidents that high British military authorities in Greece were encouraging "Greek imperialism."

Kerenxhi, concluding Albania's four-part presentation, charged that the British were also "showing readiness without reservation" to assist the Greeks in taking northern Epirus, which comprises part of southern Albania.

He said that the British troops in Greece constituted a danger not only to the Greek people but also to other Balkan nations.

Situation Would Be Different

Kerenxhi said evidence obtained from a captured Salonika-trained Albanian showed that the British would direct action intended to weaken Albania.

The Albanian spokesman said that if British troops had not been in Greece the situation in the Balkans would be different and good relations might have existed between the Balkan nations. He said it was necessary for the British to leave in the "interests of peace."

U. S. WRITERS PROTEST U. N. CURB IN GREECE

ATHENS, Feb. 10 (AP)—Correspondents for the three major United States news agencies declared today an "amended" press regulation issued by Trygve Lie, Secretary General of the United Nations, in connection with the current investigation of Greek border incidents constituted "abridgment of freedom of the press."

Correspondents of The Associated Press, United Press and International News Service pointed out, in expressing strong dissatisfaction with the regulation, that it specifically forbade correspondents accredited to the United Nations investigating commission from filing reports on subjects other than the commission's work from areas "to which they are given access solely because of their accreditation."

While in Greece the correspondents have received complete freedom, they said, but there has been no assurance such freedom would be continued when they moved on with the commission to Yugoslavia, Albania and Bulgaria.

The investigating commission held a four-hour meeting on technical subjects today and it was announced Yugoslavia would present her case tomorrow.

Clay Reports Ruhr Coal Gains

BERLIN, Feb. 10 (AP).—Aided by intensive labor recruitment and a new bonus system for miners, Ruhr coal production is climbing to new post-war peaks but the coal shortage still is causing widespread paralysis of western Germany's industry, Lieutenant General Lucius D. Clay, American Military Governor-designate, reported today in his bi-weekly review of occupation affairs.

Bulgarian Crowds Celebrate

SOFIA, Feb. 10 (AP).—Mass meetings throughout Bulgaria today welcomed the signing of the nation's peace treaty with the slogan "Loyal fulfillment of the treaty." Crowds at Sofia cheered before the legations of Allied nations and bands played the Soviet, American, British and French national anthems.

STALIN RECEIVES UNANIMOUS VOTE

Moscow, Feb. 10 (A. P.).—An official announcement said today that Prime Minister Stalin was re-elected unanimously as a deputy to the Supreme Soviet of the Russian Soviet Federal Socialist Republic, the largest in the Soviet Union. The announcement said that there were 110,691 voters in Stalin's district and that every one of them voted for the Generalissimo.

The announcement said that the results of the elections for the Supreme Soviet (Parliament) in seven of the all-union republics and in the fifteen autonomous republics indicated sweeping approval of present Government leaders.

Prime Minister Stalin, candidate in all seven union republics, and Foreign Minister V. M. Molotov were shown casting their ballots in front-page photographs in the Soviet press.

They were pictured dropping votes in separate ballot boxes surrounded by flowers, Stalin in his generalissimo's uniform and military cap, Molotov hatless in civilian clothes. The polling place apparently was the Kremlin.

Voters Brave Cold Weather

Millions of other Russians braved the winter's coldest weather to vote between 6 A.M. and midnight.

Newspapers told how ballot boxes were taken even into delivery homes so that mothers who had just given birth to children might vote.

In normal voting procedure, a citizen's name was checked and he was given a ballot listing Communist party and nonparty candidates—there was no opposition. He might drop this into a sealed box. Or, if he disliked some candidate, he might go into a booth and scratch the name.

99.3 P.C. Turn Out

In the Georgian Republic, 2,053,000 voters—99.3 per cent of the electorate—balloted.

Other union republics having elections were the Russian Federated Socialist Republic—the biggest—and those of Azerbaijan, Armenia, Lithuania, the Ukraine and White Russia.

Nine other union republics will hold elections within a week.

Stalin Gets Every Vote Of 110,691 in District

Not a Single Voter Scratches His Name Off Ballot

MOSCOW, Feb. 10 (AP).—Prime Minister Stalin received every vote in his district for renomination to the Supreme Soviet of the Russian Soviet Federal Socialist Republic, largest republic in the U. S. S. S. R., an official announcement said today. Not a single one of the 110,691 persons who voted yesterday in Stalin's Moscow district crossed out his name, the announcement said.

Results of the elections for the Supreme Soviets (Parliaments) in seven of the All-Union republics and in the fifteen autonomous republics were a sweeping indorsement of Russia's present leaders, the announcement said. Stalin was a candidate in all seven Union republics.

Early returns indicated that more than 98 per cent of the electorate voted. Ballot boxes were taken even to hospital delivery rooms so that expectant mothers and those who had just had children might vote.

Under normal procedure a citizen was given a ballot containing one slate of candidates composed of both Communists and nonparty members. There was no opposition, but a voter could scratch off the name of any candidate.

REDS TELL OF U. S. GREENLAND TESTS

Moscow, Feb. 10 (A. P.).—Russian publications asserted today that Americans were conducting special military tests at a secret base in the southern part of Greenland, the colonial possession of Denmark. Red Star and the New Times devoted commentaries to the huge island and said that the United States desired to retain bases there.

Red Star, the Soviet Army organ, quoted a Dane who recently returned to Denmark as saying that neither natives nor Danes were permitted to go to the southern base. The organ also said that, according to the latest information, an airdrome had been built at Tuleh, and that Canadian officers were connected with the activities there.

Available indexes do not list Tuleh among the handful of villages sprinkled about habitable portions of Greenland. However, there is a harbor of Thule, only 950 miles from the North Pole. A Washington dispatch last July announced the arrival of a small contingent of United States Navy and Coast Guard ships at Thule, on Smith Sound above Baffin Bay, on a navigational and training mission.

The United States and Denmark signed an agreement on April 9, 1941, under which the United States, in order to protect the status quo of the Western Hemisphere, acquired the right "to maintain and operate such landing fields, seaplane facilities and radio and meterological installations as may be necessary." American forces later captured several German weather stations on Greenland which were aiding in Nazi U-boat warfare. President Roosevelt said that Greenland would be restored to Denmark as soon as the mother country became an independent nation.

SOVIET REPORT DENIED

Danish Official Calls Story of U. S. Greenland Base 'Nonsense'

COPENHAGEN, Denmark, Feb. 10 (AP)—Knud Oldendow, chairman of the Danish Government's Steering Committee for Greenland, denied tonight that any "secret base" existed in southern Greenland where Americans were conducting special military tests, as reported in two Moscow newspapers, Red Star and New Times, today.

"Possibly the Russians are referring to 'Blue West One,' an American airport, but the assertion that a new airbase is being constructed at Thule is merely nonsense," Mr. Oldendow said.

Red Star quoted an unnamed Dane who recently returned to Denmark as saying that neither natives nor Danes were permitted to go to the reported southern base, and added that an airbase had recently been built at Thule, where there were activities involving Canadian officers.

Pravda Resents Story In Nippon Times

Moscow, Feb. 10 (AP)—*Pravda* published a dispatch from Tokyo today quoting a story in the English-language Nippon *Times* which was highly critical of the Soviet Union, and asked how it was that such an article could be published in a Japanese paper under the supervision of American military authorities.

The story in question was based on a dispatch from Washington saying that some American quarters were demanding reconsideration of the decision to return the Kurile Islands and southern Sakhaline to Russia.

[A few days ago American authorities in Berlin took exception to the publication in a Russian-sponsored German newspaper of an article quoting an attack on United States policy in Germany voiced by Maj. Gen. Alexander Kotikov, Soviet commander, at a closed meeting of the Allied Kommandanture.]

BRITISH SENTENCE 3 JEWS TO DEATH; TENSION MOUNTS

Military in Palestine 'Expects' Early Outlook by Underground.

PRECAUTIONS TAKEN

Members of Court Guarded Following Threats by Terrorists.

JERUSALEM, Feb. 10 — (AP) A British military court sentenced three suspected members of Irgun Zvai Leumi to the gallows today shortly after official Palestine Jewry formally rejected a British request to cooperate with the police and military in combatting terrorism.

A tense Palestine recalled that Irgun Zvai Leumi, underground group committed to active resistance against the British, had threatened reprisals "as soon as a military court condemns one of our soldiers."

Violence Expected

Military authorities tonight said they "frankly expect" an early outbreak by the Irgunists.

Reliable reports said both the court president, Col. Michael Fell, and the prosecutor, Maj. E. W. Stubbs, received threatening telephone calls in which they were told that if the death sentences were imposed, "you will be our targets."

All members of the court were given the most rigid security protection from the time they left the courtroom tonight.

The agency's reply to the communication of last Monday from the British giving official Jewry seven days to decide whether they would cooperate against terrorism expressed the conviction that the British were following a policy which would precipitate "consequences that may well be incalculable."

The agency said it was confident that undisclosed steps it was taking would lead to "progressive improvement in the security situation." David Ramez, chairman of Vaad Leumi, the Jewish national council, said that "this grave situation" had "so affected a small group in the Jewish community as to bring about complete aberration of mind, which is bringing them to use terrorism as a political weapon."

In London Jewish and Arab spokesmen indicated quick rejection of Britain's latest plan for solution of the Palestine problem, to be made known officially perhaps tomorrow. In Cairo the exiled mufti of Jerusalem was quoted as saying there was "no other way to solve the Palestine problem but by bloody revolution." Arabs were adamant against admission of 100,000 Jews into Palestine, reported to be one of feature of the latest British plan.

The three Jews sentenced to death had been arrested on Dec. 29, the night a British major and three sergeants were seized by the

underground and flogged. The court found them guilty of charges that they carried guns and had in their possession a whip similar to the one used in the floggings.

One Gets Life

The three sentenced were Dov Ben Salman Rosenbaum, 24, an engineer; Elieser Ben-Zion Kashani, 23, a diamond worker; and Mordecai Ben Abraham Alkachi, 21, a driver. Haim Ben Aaron Gorovevsky, 17 - year - old diamond worker, arrested with the other three, escaped with a sentence of life imprisonment because of his age.

The sentences are subject to confirmation by Lt. Gen. Sir Evelyn Barker, chief commander of British forces in Palestine. Dov Bela Gruner, another Irgun member, is under death sentence for an attack on a Palestine police station. His refusal to sign an appeal in his behalf to the British privy council has contributed to the Holy Land tension.

Both the Jewish Agency, which speaks politically for Holy Land Jewry and the Jewish National Council, which governs community life of the Jews, refused to cooperate with the British police and troops in moving against such underground groups as Irgun Zvai Leumi and the Stern gang.

3 IN PALESTINE SENTENCED TO DIE

Jerusalem, Feb. 10 (A. P.).—A British military court sentenced three suspected members of Irgun Zvai Leumi to the gallows today shortly after official Palestine Jewry rejected a British request to co-operate with the police and military in combating terrorism.

A tense Palestine recalled that Irgun Zvai Leumi, underground group committed to active resistance against the British, had threatened reprisals "as soon as a military court condemns one of our soldiers."

The agency's reply to the communication of last Monday from the British giving official Jewry seven days to decide whether they would co-operate against terrorism expressed the conviction that the British were following a policy which would precipitate "consequences that may well be incalculable."

The three Jews sentenced to death had been arrested on December 29, th night a British major and three sergeants were seized by the underground and flogged. The court found them guilty of charges that they carried guns and had in their possession a whip similar to the one used in thefloggings.

The three sentenced were Dov Ben Salman Rosenbaum, 24 years old, an engineer; Elieser Ben Zion ashani, 23, a diamond worker, and Mordecai Ben Abraham Alkachi, 21, a driver. Arabs, Jews Reject Palestine Proposals

London, Feb. 10 (AP)—Arabs and Jews rejected quickly tonight Britain's new—and as yet unpublished—proposal for Palestine, but there were signs that certain elements were keeping the door open for further discussions. GAVSHON

Dr. Fahdel Jamaly, a spokesman for the Arab delegation here, said the group had sent Ernest Bevin, Foreign Secretary, a note formally rejecting the plan and setting forth Arab objections in detail.

"The next step is up to Britain," he said. "If Bevin wants a further talk on the subject, we will meet him in another conference session."

A Jewish Agency deputation, led by Chairman David Ben-Gurion, bluntly told Bevin and Arthur Creech Jones, Colonial Secretary, that Britain's new offer was "something considerably less than the Morrison plan for provincial autonomy," an agency official stated. The Morrison plan for a federated Palestine had been turned down by both sides.

The agency spokesman added that there was "no hope" of any settlement with Britain unless a plan were advanced which would establish "a Jewish state within an adequate area of Palestine."

Government sources said the two-and-one-half-hour meeting between British and agency leaders was "stormy" at times.

Principal Arab objection to the plan was its reported provision for the entry into Palestine of 100,000 Jewish displaced persons within the next 25 months.

Informed sources said the main features of the British proposals were the immigration plan and the division of the Holy Land into semi-autonomous areas with independence as the goal after five years. If Jews and Arabs disagreed at that time, Britain would turn over her mandate to the United Nations.

Immigration Plan Seen Doomed

London, Feb. 10 (AP)—Britain's secret new plan for Palestine—reportedly envisaging the immigration of 100,000 Jews—was doomed to quick rejection today by both Jewish and Arab spokesmen.

A Jewish agency official said the Jews, adamant because the scheme did not provide for a Jewish state, would convey their rejection to Colonial Secretary Arthur Creech Jones this afternoon.

Exiled Mufti Assails Plan

Meanwhile, in Cairo the exiled Mufti of Jerusalem called the plan "flagrant, gross injustice" and Arab leaders here said the Arab rejection also would be delivered today.

Both Jewish and Arab sources said they considered the plan less satisfactory to their cause than the so-called Morrison plan for a federalized Palestine—a proposal both sides turned down.

Chinese Dollar's New Dip Starts Near-Panic

Shanghai, Feb. 10 (AP)—The shaky Chinese dollar sagged to a new low today, bringing near-panic to Shanghai money marts and making it almost impossible to conduct business.

Buyers offered 14,500 Chinese dollars for $1 (United States)—compared with an official rate of 3,350 Chinese dollars to $1. They found no sellers.

Black market dealers suspended operations of their own accord after the rate reached 13,200 to $1 at noon. An ounce of gold sold for 666,600 Chinese dollars.

20 P.C. Rise In Five Minutes

Frantic Chinese besieged gold and silversmiths, attempting to buy anything made of these metals. On the stock exchange, shares rose 20 per cent within five minutes of opening—and the exchange promptly closed for the day in accordance with regulations which bar further dealings when quotations have risen that much.

The new decline was attributed in part to weak intervention by the Central Bank of China, which unloaded only 118 ten-ounce bars of gold this morning and took no further action as currency sagged.

Mounting costs and demands by employés for wage increases hindered business. Chinese dealers found it impossible to deliver at prices arranged a few days ago. Ta Ta Chung *Evening News* was forced to suspend publication today, the second newspaper casualty within a week.

One Dead In Rioting

Leftist elements, trying to promote a boycott of American goods, precipitated a riot that left one dead and nine in hospitals. Shanghai's mayor declared such a boycott would have "undesirable political implications."

The Government's Central News Agency said most of the crowds attended the boycott mass meeting solely because it favored the use of Chinese products, but became incensed on finding the meeting was anti-American and political in nature.

Songs written for the occasion included "Bloodsucking American Goods," "Devil, Engineer of Civil War," and "Get Out, American Army." Kuo-Mo-Jo, a leftist writer who last year was an honored visitor to Moscow, was billed as the principal speaker.

Chinese Currency Sinks So Exchange Is Stopped

Shanghai, Feb. 10 (AP)—Business jolted almost to a standstill today as China's currency plunged so low no one would exchange American dollars for it.

Shares on the Shanghai Stock Exchange rose twenty per cent in five minutes and the exchange closed for the day, as required by regulations.

The official rate for the Chinese dollar remained 3,350 to 1, but by early afternoon buyers on the black market were offering 14,500 for every United States dollar and were finding no takers. Black market operators shut up shop, unwilling to take further risks.

The Central Bank of China, which has been selling gold to bolster the financial market, sold only 118 ten-ounce bars today. The reliable newspaper *Shun Po* said the Government had forbidden further sales except to bona fide goldsmiths because speculators were trying to take advantage of the near panic.

CHINESE REDS TAKE TURNCOAT GENERAL

NANKING, Feb. 10 (AP)—Three Government columns joined today at the southern gates of Lini, preparatory to assaulting that Communist base in southern Shantung Province, but suffered a reverse when the Communists captured turncoat Gen. Ho Peng-chu.

Only two weeks ago General Ho and 50,000 of his men, who had been fighting for the Communists for a year, changed sides and were welcomed into Government ranks. General Ho's long career as a turncoat includes desertion from the Government to the Japanese and from the Japanese to the Communists.

One field commander reported waiting only for the order to assault Lini was Gen. Wang Yao-wu, famous as the man who stopped the last Japanese drive of the war in 1945 and then accepted the Japanese surrender at Changsha.

Communist forces of the New Fourth Army were described as retreating into hilly country on both sides of Lini.

Another Government dispatch said that Government forces had taken Hsintai, sixty miles northwest of Lini.

The purpose of the Shantung campaign is to reopen the Tientsin-Pukow Railway, one of China's principal north-south arteries.

DIVORCEE A SUICIDE IN OFFICER'S HOME

Tokyo, Feb. 10 (A. P.).—United States Army officers today investigated the death of Paula Schneider, tall and attractive German divorcee, who shot herself in an American officer's quarters.

Scheduled to be returned to Germany about February 13, she committed suicide with the service revolver of a colonel with whom Tokyo's German colony said she had been friendly.

The United States Eighth Army public relations office said the colonel had been her frequent escort in Tokyo. He has been in Manila for some time, however, and was not involved in any way in her death.

Mrs. Schneider made a last telephone call to her young daughter, visiting friends in the country, and told her to "be a good girl and stay with your papa." Then she went to the room of a major, a close friend of the colonel, and fired the fatal shot.

A longtime resident of Japan, Mrs. Schneider was divorced last summer from her husband, former head of a German industrial firm in Tokyo. German friends said she hoped to marry the American colonel and become an American citizen.

But he was transferred to Manila; and official notices soon came to Mrs. Schneider, her former husband and many other Germans here, instructing them to prepare to board ship for Germany by February 13.

Flyers Survive Collision

Tokyo, Feb. 10 (AP)—The P-51 fighter planes of Lieut. John J. Offerman, of Spring Valley, N.Y., and Lieut. S. L. Ross, of Pensacola, Fla., collided in flight near Atami but both men landed safely United States Fifth Air Force headquarters reported today. Offerman parachuted; Ross brought his badly damaged plane down in an emergency landing.

Florida Girl Writes Letter and Gets 235 Replies

TOKYO, Feb. 10 (AP).—The Tokyo Chamber of Commerce is handling a big volume of mail these days—all for young Betty Anne Beville, of Bushnell, Fla.

The American schoolgirl wrote the chamber that she wanted to become acquainted with Japanese school children. The press published the letter, and there have been 235 replies already.

The letters to "Betty-San" came from children of middle grades and were written in simple schoolroom English. Some inclosed paper dolls and drawings of Mount Fuji.

Roxas Probes Cebu Surplus Disposal

Manila, Feb. 10 (AP)—President Roxas made a personal investigation today of purported irregularities in the disposal of United States Army surplus war materials stored at Cebu. He summoned Natalio Bacalso, chairman and field manager of the Cebu base, to Malacanan palace for a conference.

Simultaneously, the further sale of surplus goods was ordered suspended by Surplus Property Commissioner Placido Mapa.

The Manila *Times* reported that Cebu City investigators turned over a sheaf of depositions to the city prosecutor detailing irregularities and smuggling at the base.

Japanese Doomed for Slayings

MANILA, Feb. 10 (AP)—Japanese Col. Shoichi Kadomatsu was sentenced by a United States Army war crimes tribunal today to be hanged for ordering the beheading of two American fliers in Celebes in 1944. The victims were members of the crew of a B-24 shot down while on a mission over Langoan, near the northern tip of Celebes.

Exiled Mufti Favors Palestine Revolt, Report

Cairo, Egypt, Feb. 10 (AP)—Haj Amin el Husseini, exiled Mufti of Palestine, has told the leaders of Najada and Fetawa, military organizations for Palestinian Arab youths, that there is no way to solve the Palestine question "but by bloody revolution," a member of the Najada said today.

At the same time, an Arab League source said the league intended to refer the Palestine question to the United Nations Security Council in March. He said Abdel Rahman Azzam Pasha, league secretary general, planned to go to the United States next month.

Egyptian Jobs Bill Passed

Cairo, Feb. 10 (AP)—The Chamber of Deputies tonight passed a bill which would require foreign-owned companies in Egypt to give 75 per cent of their jobs to Egyptians and pay them 65 per cent of the total pay roll.

One Killed In Lahore Moslem Disturbances

Lahore, India, Feb. 10 (AP)—One person was reported killed and mobs invaded a court room here today as violent demonstrations by members of the Moslem League took an anti-British turn for the first time since the mass civil disobedience campaign against the Punjab ministry began sixteen days ago.

Throngs invaded the session of the High Court repeatedly during the day and police broke up numerous processions by firing tear gas shells.

Howling Moslem Leaguers ripped the British Union Jack from the High Court building and later burned the flag in a public square.

LILIENTHAL SCORED AT SENATE HEARING

Wherry Says He Will Not Vote for Ex-TVA Head—Johnson of Colorado Attacks Report

WASHINGTON, Feb. 10 (AP)—Senator Kenneth S. Wherry of Nebraska, the Republican whip, added his voice today to a swelling chorus of bipartisan opposition to President Truman's appointment of David E. Lilienthal to head the Atomic Energy Commission.

He said he had no desire to take part in the argument as to whether Mr. Lilienthal was a Communist sympathizer, but he asserted the post should go to a man about whom not "a shadow of question" can be raised.

As Mr. Wherry announced that he would fight the nomination, Representative Eugene E. Cox of Georgia told the House he thought Mr. Lilienthal ought to ask the President to withdraw the appointment. Mr. Cox said Mr. Lilienthal, former chairman of the Tennessee Valley Authority, was "not the man" to head a commission that will be entrusted with the atomic bomb secret.

Scores Lilienthal Report

These attacks came after Senator Edwin C. Johnson, Democrat, of Colorado, had told Under-Secretary of State Dean Acheson at a Senate hearing that he believed release of the Acheson-Lilienthal report on the international control of atomic energy was "the greatest blunder in diplomacy this country has ever made." Mr. Johnson complained that its release had been "embarrassing" to the Senate Atomic Committee and to the United Nations Atomic Energy Commission working on international controls.

"It just seems to me that it was issued to get the jump on Congress and on the organization that was trying to work out international controls," the Senator said.

Flushing, Mr. Acheson replied vigorously that "if there is any criticism, that criticism falls on me and I am willing to bear it." He went on to say that the State Department originally had classified the document secret but released it after details of its contents, which Mr. Acheson had given confidentially to the Senate Atomic Committee, appeared in the newspapers.

Hears a Contradiction

Senator Bourke B. Hickenlooper, Republican, of Iowa, a member of that committee during the last session and chairman of the new committee, which is looking into Mr. Lilienthal's qualifications, said a newsman had told him the report came "out of the State Department" before Mr. Acheson had discussed it with the committee.

The Acheson-Lilienthal report proposes a plan for the international control of atomic energy by which an International Atomic Development Authority would be created. That body would own and control uranium and thorium and atomic plants and be the final authority in the atomic field. As it came into being the United States would disclose information to it by stages. It would close "safe" activities that nations could engage in, and "dangerous" activities to be engaged in only by the authority.

Senator Wherry said in a statement he had "grave doubts" that Mr. Lilienthal's nomination will be confirmed by the Senate. He reported that at least fourteen Democrats would vote against the appointment.

Senator Kenneth McKellar, Democrat, of Tennessee, directed a barrage of questions at Under-Secretary Acheson apparently designed to show that the Acheson-Lilienthal plan would release the secret of the bomb.

Senator Arthur H. Vandenberg, Republican, of Michigan, came to Acheson's aid, however, with an assertion that the Acheson-Lilienthal plan was the same scheme advanced by Bernard M. Baruch and now being supported before the United Nations Commission by former Senator Warren R. Austin.

"Isn't it the purpose of these plans," Mr. Vandenberg asked, "to keep the dangerous use of atomic energy not only out of Russia's hands but out of the hands of any other nation?"

Mr. Acheson replied that it is.

"I am utterly opposed to the Baruch plan, just as I am utterly opposed to this ridiculous plan," Mr. McKellar retorted.

Woman U. N. Ex-Aide Admits Bringing Part Of Hesse Gems to U. S. Under Immunity Law

WASHINGTON, Feb. 10 (AP)—Mrs. Martha Evans told a military court today she received some of the Hesse crown jewels from Col. Jack W. Durant in a London hotel while working for the United Nations and brought them into the United States for him under her diplomatic immunity from customs examination.

Colonel Durant is on trial in connection with the theft of the $1,500,000 hoard from Kronberg Castle, Germany, where he was in command of a rest camp for officers. A Wac captain, hostess at the camp, the former Kathleen Nash of Hudson, Wis., whom Colonel Durant later married, already has been convicted, with an Army major, of conspiracy in the case.

The trial was transferred here from Frankfort, Germany, to take testimony from Mrs. Evans and others.

The jewels she spoke about are only a portion of the Hesse collection taken from a cache under the castle's flagstone floor.

The young woman related how she and Colonel Durant became acquainted in the air forces personnel offices here in 1944 and that she lately was assigned to be his secretary.

She identified bits of glittering jewelry, from the array on six tables in the center of the court room, as articles she received from her former boss in London and carried back for him to the United States.

Mrs. Evans said she had a rendezvous with Colonel Durant last May in a suburban Washington restaurant, returning to him the richly encrusted and delicately fashioned cameos, broaches, necklaces, bracelets and other valuables.

She testified he then showed her a "vial of cut diamonds" and that she exclaimed:

"Where did you get all these things?"

"Don't ask any questions," she quoted Colonel Durant. "You're not supposed to know anything about them."

She asked Colonel Durant about "getting into trouble."

"Getting into trouble?" she testified he responded. "I'm already up to my neck in it now—but don't worry."

Timidly, Mrs. Evans told the eight-man court that Colonel Durant asked her to sell a "gold mesh bag for me" but that she declined.

She told, too, that she had at one time received a letter from Colonel Durant from Europe giving her code words by which she could reply to him regarding disposition of "a package" to his brother, James.

In the midst of testimony regarding the "package" the trial was adjourned until Wednesday morning. Colonel Durant's counsel said the colonel underwent a minor foot operation yesterday and required further treatment.

At the outset this morning, the defense required each of the military court members to take the witness stand for questioning on whether newspaper articles published since their arrival in this country had prejudiced them in any way. They individually denied any prejudice and threw out the defense challenges against their continuing to hear the case.

THOMAS DEMANDS CLARK CRACK DOWN ON REDS IN U. S.

Chairman of un-American Group Asks Prosecution of Eisler and Aids.

Washington, Feb. 10 (A. P.).—Representative Thomas (R.-N. J.), chairman of the House Committee on Un-American Activities, wrote Attorney-General Clark today that a "crack-down" on "the Moscow-directed fifth column" in this country is "long overdue."

Thomas made public a letter to Clark in which he said he hopes sincerely that "prosecutive action is forthcoming" against Gerhardt Eisler and his comrades.

Witnesses before Thomas's committee have called Eisler the "No. 1" agent in the United States of the international communist party. Brought before the committee last week, Eisler refused to testify under oath.

Eisler was then accused by the committee of contempt of Congress, perjury, conspiracy to overthrow the United States Government, income tax evasion and passport falsification. His case was referred to the Department of Justice for action.

Thomas asked Clark to send some one to the committee offices to get evidence it has assembled.

"I should like to add, however," he told Clark, "that Eisler is only one important wheel of a well-oiled Communist espionage and political machine that is functioning in this hemisphere. Subsequent hearings by the committee in the very near future will unmask other individuals whose activities are just as detrimental to the best interests of the United States, as have been Eisler's."

INQUIRY DEMANDED ON SALE TO BRITAIN

Knowland Says Our Surplus Abroad Was Disposed Of at Only Tenth of Its Cost

WASHINGTON, Feb. 10 (AP)—Senator William F. Knowland, Republican, of California, urged today a Senatorial investigation of surplus property disposal abroad, asserting that goods had been sold to Britain at about one-tenth of their cost.

He gave his estimate to the Senate in attacking a State Department report on surplus disposal as a "propaganda document."

Mr. Knowland said the report, submitted to Congress last month by the department's Office of the Foreign Liquidation, furnished "only those facts, and only in such light, as the agency itself wants the matter to be viewed."

He contended that the department's report was at odds in many instances with information obtained last year by a War Investigating subcommittee made up of himself and former Senator James M. Tunnell, Democrat, of Delaware.

Mr. Knowland said that a year ago the Foreign Liquidation Commissioner testified before the War Investigating Committee that under a January, 1945, agreement "we were transferring to the British approximately $350,000,000 worth of United States surplus property, valued at original cost, in exchange for $60,000,000, representing a return to this Government of slightly under 17.50 cents on the dollar of original cost."

He added:

"From the report, it now appears that instead of $350,000,000, we have transferred to the British $588,000,000 worth of property. It also appears that for this added $238,000,000 worth of property we have received not one additional cent. The result of this is that we have sold our surplus to the United Kingdom for approximately 10 cents on the dollar."

TRUMAN GETS TITLE TO HOLY LAND TREES

Washington, Feb. 10 (A. P.).—President Truman was presented today with a certificate for 1,000 trees which will comprise the Harry S. Truman Grove in the Childrens Memorial Forest in Palestine.

Asserting that he hoped to see the grove some time, he told the donors: "I hope it has a chance to grow."

The presentation was made by Broadway actors, Joyce Van Patten, 12 years old, and Richard Tyler, 41, in behalf of children from all over the United States who purchased the trees in the name of the President. The presentation formally launched the campaign for the forest—a gift of Christian children of America in memory of 1,000,000 Jewish children slain in Europe under Hitler.

Its sponsor said the forest is to be planted near Nazareth, as a living protest against the mass murder of children and as a lasting expression of world brotherhood and good will." The forest is sponsored by the American Christian Palestine Committee.

Following the White House presentation, attended by Senator Brewster (R.-Maine) co-chairman of the committee, the child actors were honored guests at a luncheon where Secretary of Agriculture Anderson was the principal speaker.

Young Tyler is currently featured in the Broadway play "Christopher Blake," while Joyce van Patten is best known for her role in "Tomorrow the World."

The paintings were stolen from the museum on April 28, 1922. Alien property investigators said they were sold to two German merchant seamen, who brought them to New York in 1934, and later sold them to a Dayton resident.

The Attorney-General said this purchaser, who was not identified, bought the three with knowledge of the theft. After the United States entered world war II the paintings were seized as the property of an enemy state.

U.S. Acquires Rare Rembrandt

Also Becomes Permanent Owner of 2 Other Paintings With Odd History.

Washington, Feb. 10 (A. P.).—A rare self-portrait by the famous Dutch painter Rembrandt and two German-owned paintings, which were successively stolen, smuggled and sold illegally, were declared the permanent property of the United States today.

FOR TRADE PACTS TRUCE

Smith Supports a Proposal by Vandenberg and Millikin

WASHINGTON, Feb. 10 (AP)—Senator Alexander H. Smith, Republican, of New Jersey, termed "sound" today a proposal by Senators Arthur H. Vandenberg, Republican, of Michigan, and Eugene D. Millikin, Republican, of Colorado, to compromise differences over the reciprocal trade program.

Mr. Smith told the Senate he supported the proposal, which would have the President overrule cuts imperiling any domestic interests and include an "escape clause" in trade treaties, adding:

"I have consistently taken the position * * * that the United States must take a positive, aggressive position of leadership in all measures that may look toward international collaboration for the preservation of the future peace.

"And in this connection I have felt the vital necessity, not only of political collaboration, but economic collaboration."

BAN ON TRAVEL RELAXED

State Department Gives Rules for Pleasure Journeys

WASHINGTON, Feb. 10 (AP) — Pleasure travel to Continental Europe, the British Isles and Ireland might be possible this year, the State Department said today, if the travelers had iron-clad return travel arrangements and guaranteed shelter abroad.

Relaxing slightly the Government's postwar ban on pleasure travel to Europe, the department said in a statement that clerks of courts and passport agents would be advised to accept passport applications for such travel, provided:

1. Each applicant files a statement from a reliable transportation or travel agency showing that he has fixed return transportation which cannot be taken from him by any existing system of priority for westbound travel.

2. A statement that he has reserved hotel or other accommodations to take care of his food and lodging while abroad.

The announcement said travel experts estimated that as many as 60,000 to 70,000 persons might be cared for during the forthcoming travel season.

Priority will continue to be given to business men engaged in restoring international trade.

Washington, Feb. 10 (AP)—Harold E. Stassen, candidate for the Republican presidential nomination in 1948, expects to leave Washington February 22 for a tour of Europe to familiarize himself first hand with its economic and political problems.

Harold E. Hart, Stassen's secretary, said the 39-year-old former Governor of Minnesota will be accompanied by Jay Cooke, Philadelphia Republican leader, and Robert Matteson, of St. Paul, Minn.

Hart said Stassen hopes to be able to get into Russia, but arrangements have not been completed yet.

SPEEDY ACTION ON EISLER URGED

WASHINGTON, Feb. 10 — (AP) The House Committee on Un-American Activities called on the Justice department today for quick prosecution of Communist Gerhard Eisler and for a "long overdue" crackdown on a "Moscow-directed fifth column."

In a letter to Attorney General Clark, committee chairman J. Parnell Thomas (R.-N.J.) described Eisler as an agent of the Communist International and "a mysterious person of supreme authority in the affairs of the Communist party of the United States."

"I should like to add, however," Thomas said, "that Eisler is only one important wheel of a well-oiled Communist espionage and political machine that is functioning in his hemisphere. Subsequent hearings by the committee in the very near future will unmask other individuals whose activities are just as detrimental to the best interests of the United States, as have been Eisler's.

"You will recall that I wrote you on Oct. 7 of last year, urging you 'to immediately crack down on the Moscow-directed fifth column operating in the United States.' Frankly, I feel that this 'crackdown' is long overdue and I sincerely hope that prosecutive action is forthcoming in the case of Eisler and his 'comrades.'"

The Un-American Activities committee charged Eisler last week with contempt of Congress and asked his prosecution on charges of perjury, conspiracy to overthrow the government, income tax evasion and passport falsification.

RED CHALLENGE SEEN BY DULLES

He Asks U. S. to Stand Firm on Its Foreign Policy.

Chicago, Feb. 10 (A. P.).—Traditional American foreign policies face "a serious challenge from the Soviet Union," John Foster Dulles of New York, authority on international affairs, said today, but he added "There is no reason whatever to assume that the Soviet challenge makes war inevitable."

In an address prepared for delivery to the Inland Daily Press Association, Dulles said: "There is risk that we may provoke war by a retreat which would cause Soviet leaders to push on recklessly."

"The greatest danger of war is from possible Soviet miscalculation," he stated. "Political leaders who are dynamic and who have had great initial successes often become overconfident. . . . I believe that Soviet dynamism will keep within tolerable bounds. But that will be because it comes up against something that is vigorous, not because it encounters mushiness."

Policies Russia Challenges.

The American policies challenged by Russia, he said, were the Monroe Doctrine, the refusal to let China be dominated by foreign Powers, the insistence that Europe be free from Nazi tyranny and our stand that the United Nations be a place "where all nations could speak freely as equals."

He added, however, that Americans "know from our own experience here at home that strong, conflicting and dynamic faiths can exist side by side in peace."

"Peace lies not in compromising, but in invigorating, our historic policies," Dulles said.

He outlined a six-point program, which he said would have as its objective "the strengthening of our heritage of American ideals to the point where ideals commonly shared, and not deals secretly arrived at, might be the cornerstone of American foreign policy."

The Six-point Program.

The program urged that the United States:

1. "Demonstrate anew the value of our free society."
2. "Maintain a strong military establishment and keep the will to use it if necessary."
3. "Promote hemispheric solidarity."
4. "Work for increased unity, prosperity, freedom and peace in Europe."
5. "Continue to safeguard the integrity of China."
6. "Begin to use the United Nations to mobilize world opinion against international injustice."

PREDICTS SHOWER OF RED 'A' BOMBS

Philadelphia, Feb. 10 (A. P.).—Ten per cent of all persons living in the United States will be dead "five years from today" because of Russian-made atomic bombs, George H. Earle, former Governor of Pennsylvania and an ex-State Department official, predicts.

Earle, in an article copyrighted by the Philadelphia Inquirer, wrote yesterday that America must "exert every effort to produce the deadliest weapons possible, hide them away underground, and let the Bolshevists know that with the first atomic bomb dropped on America, we will wipe out every city, town and village in Russia."

The one-time minister to Bulgaria and naval attache in Turkey declared that the only preventive against the Soviets making and using the atomic bomb to destroy America "is to have U. N. representatives inspect constantly every foot of Russia and other countries."

Philadelphia, Feb. 10 (A. BALKAN PROBERS EXCEED POWERS, UN COUNCIL RULES

LAKE SUCCESS, N. Y., Feb. 10 —(AP) The United Nations Security Council ruled today that the UN Balkan investigating commission had exceeded its authority in asking the Greek government last week to postpone the execution of 11 condemned political prisoners classed as guerrillas.

By a vote of 9 to 0, with Russia and Poland abstaining, the council approved a United States proposal stating that the commission should make such requests only in the event there was reason to believe that examination of condemned persons would assist the commission in its work.

Reason for Request

The commission had made its request in Athens on the ground that postponement of the executions would facilitate its work by creating a favorable atmosphere in pacifying demonstrators and petitioners clamoring before its quarters in the Greek capital.

Today's ruling was made at the request of the commission, which asked for clarification of its powers after the Greek government had protested against what it called interference in the internal affairs of the country.

The final vote came after a sharp clash between U. S. Delegate Herschel V. Johnson and Soviet Delegate Andrei A. Gromyko.

Gromyko sought to amend the American resolution so that it would have approved the action of the commission in the Greek case, but at the same time would have stated that the commission had no power to make such requests in the future to any of the four governments involved in the inquiry—Greece, Albania, Bulgaria and Yugoslavia.

The vote on the Soviet amendment was 8 to 1, with Gromyko casting the only affirmative ballot. Poland abstained and France did not vote or record an abstention. A Polish amendment, proposing that the commission be cautioned to be more careful in the future, was defeated 6 to 2, with China and Russia abstaining.

Before the vote on the U. S. proposal, Gromyko declared that a question of substance was involved, which meant that he contended the big power veto was applicable, but he said he did not wish to kill the resolution and therefore would abstain.

Execution Postponed

Meanwhile, the Greek government informed the council that the execution of the 11 prisoners had been postponed as requested. The Greek communication explained that there had been 14 prisoners originally but that three had already been executed and that the commission's request applied only to the other 11.

Greece also asked the council to direct the commission to hasten its inquiry along the border to prevent "obliteration of important factual data" which might be destroyed as a result of further delay. No action was taken on this request.

After the meeting, Vassili Dendramis, Greek delegate to the UN, expressed satisfaction with the ruling and said the viewpoint of the Greek government had been upheld. He pointed out that the council's ruling would apply equally to each of the four countries involved.

The council will meet again at 3 p.m. (EST) tomorrow to resume debate was interrupted last week to permit an informal committee to try to resolve differences beteen the United States and Russia, but the committee failed to find a solution.

British Expected To Back Greek U.N. Protest

Lake Success, N.Y., Feb. 10 (AP). Great Britain was expected to support a Greek protest today against United Nations intervention in the execution of eleven alleged Greek guerrillas.

Meeting behind closed doors, the United Nations Security Council was to decide whether its commission, sent to the Balkans to investigate border incidents, has a right to request the postponement of executions of Greek guerrillas.

Such a step was taken informally last week, and the Greek Government protested that the group was interfering in the internal affairs of Greece.

Lie Intervenes

An unusual move, Secretary General Trygve Lie then requested the Athens Government to delay the executions until the Security Council could act on a commission appeal for guidance.

One British source here declared there was nothing in the commission's written instructions from the Security Council to give it the power to halt executions.

The Greek protest, in a letter to Lie from the Greek Ambassador and United Nations representative, Vassili Dendramis, charged that the commission's action violated the United Nations Charter and the Security Council resolution setting up the commission.

Dendramis identified the leftists scheduled to die only as "bandits" and asserted that intervention by the commission "amounts in point of fact to the tendering of impunity to criminals of common law."

Bombarded With Petitions

The trouble began February 2, when petitions interested the commission in the condemned men. The commission said the men might have value as witnesses on the chaotic political situation in northern Greece.

United Nations officials said that the unusual circumstances, involving a near civil war in Greece, empowered Lie to intervene and request a postponement of the executions.

The United Nations commission has been bombarded with petitions to intervene on behalf of persons sentenced for anti-Government activity.

George Papendreou, Greek Minister of Interior, said yesterday in Athens that the United Nations Investigating Commission had exceeded its authority in intervening in executions "instead of investigating."

Cabinet Crisis Possible

He said, however, he "fully shared the humanitarian motives that inspired the commission in its proposal."

Some Athens quarters said the intervention might cause a Cabinet crisis.

Human Rights Bill Started

Lake Success, N. Y., Feb. 10 (AP). The United Nations Commission on Human Rights set into motion tonight machinery for writing an international bill of rights aimed at protecting persons of every race, color and creed in the world.

Completing a two-weeks' session, the eighteen-member commission under the chairmanship of Mrs. Eleanor Roosevelt voted to hold its next meeting at Geneva, July 21.

At that time, the commission will be handed the first draft of an international bill of rights which it must forge for submission to the United Nations General Assembly in September.

Whole Cause Advanced

Mrs. Roosevelt, at a news conference said that "from the United States point of view, the commission has advanced the whole cause of human rights."

Under the initiative of the United States, the commission recommended the creation of two sub-commissions—one on freedom of information and the press, and the other on protection of minorities and prevention of discrimination.

The subcommission on freedom of information and the press will begin laying the groundwork for an international conference on press freedom which, under a United Nations Assembly resolution, must meet sometime before the end of 1947.

Views Coming Closer

Commenting on the smoothness with which the commission completed its first session, Mrs. Roosevelt said there was evidence that "people can get along, regardless of where they are from, if they are together enough."

"I had met previously with many members of the commission," she explained, "and I found that our views during this session were coming closer and closer together."

Asked specifically if this was true of Russia and the West, Mrs. Roosevelt said "yes."

NIGHT LEAD DEPUTIES (150)

LONDON, FEB. 10-(AP)-AN AMERICAN PLAN TO GIVE SMALL ALLIED NATIONS GREATER INFLUENCE AT THE FOREIGN MINISTERS' CONFERENCE IN MOSCOW WAS DEBATED BEHIND CLOSED DOORS TODAY BY THE MINISTERS' DEPUTIES.

THE ISSUE, WITH RUSSIA INSISTING THAT MAJOR POWERS SHOULD WRITE THE GERMAN AND AUSTRIAN TREATIES, CONFRONTED BOTH AUSTRIAN AND GERMAN DIVISIONS OF THE DEPUTIES' CONFERENCE.

AMBASSADOR ROBERT D. MURPHY OF THE UNITED STATES PROPOSED TO THE GERMAN SECTION THAT THE FOREIGN MINISTERS SET UP COMMITTEES IN MOSCOW ON WHICH REPRESENTATIVES OF SMALL NATIONS MIGHT SERVE AS NEGOTIATORS AND IN AN ADVISORY CAPACITY.

IT WAS SAID IN AMERICAN QUARTERS THAT THE RUSSIANS HELD TO THE VIEWPOINT THAT SMALLER NATIONS WERE HAVING A CHANCE TO MAKE THEIR ATTITUDES KNOWN HERE, WITH MEMORANDA AND BY ORAL EXPLANATIONS TO THE DEPUTIES.

THE DEPUTIES NEARED THE END OF HEARINGS OF SMALL NATIONS DELEGATIONS. THE AUSTRIAN SECTION STILL WAS TO RECEIVE DATA FROM YUGOSLAVIA AND AUSTRIA ON THEIR FRONTIER DISPUTE.

GERMANY WAS HIT PARTICULARLY HARD AND 120,000 PERSONS WERE THROWN OUT OF WORK IN THE WUERTTEMBERG-BADEN PROVINCE IN THE AMERICAN OCCUPATION ZONE WHEN MOST HEAVY INDUSTRIES CLOSED DOWN BECAUSE OF LACK OF COAL. THOUSANDS WERE IDLE OR ON PART-TIME IN BERLIN.

DALTON, WHO CLASHED ANGRILY WITH CHURCHILL SEVERAL TIMES DURING THE TORRID HOUSE DEBATE, CRITICIZED "CERTAIN APPEARANCES OF DELIGHT AND PLEASURE X X X IN SOME ORGANS OF THE PRESS" AND ADDED, "OF COURSE IT IS MY HOPE THAT WE SHALL BE ABLE TO COOPERATE, AS WE ARE SEEKING TO DO IN THIS DEBATE."

WAVING HIS HAND TO INTERRUPT, CHURCHILL SNORTED "NO COALITION."

THE CONSERVATIVE BENCHES ROCKED WITH CHEERS.

TO THE LAUGHING HOUSE DALTON REPLIED THAT CHURCHILL'S STATEMENT "SAVES ME FROM HAVING TO DENY RUMORS WHICH HAVE BEEN CIRCULATED IN CERTAIN PURLIEUS DURING THE PAST WEEK."

ATTLEE WAS UNABLE TO FORECAST WHEN THE CRISIS WOULD BE OVER, BUT SAID "AS SOON AS THERE ARE REASONABLE MARGINS OF STOCKS AT THE POWER STATIONS THE FIRST STEP MUST BE TO RESTORE POWER FOR INDUSTRY."

FUEL AND POWER MINISTER EMANUEL SHINWELL HAD SAID EARLIER THAT HE HOPED THE CRISIS WOULD BE OVER WITHIN A FEW DAYS TO A WEEK.

CHURCHILL JOINED WITH ATTLEE TO PLEAD FOR COOPERATION IN WHAT ONE NEWSPAPER CALLED THE "INDUSTRIAL DUNKERQUE," BUT THE WARTIME PRIME MINISTER MADE PLAIN HE WOULD CHALLENGE VIGOROUSLY THE LABOR GOVERNMENT'S POLICIES IN THE HOUSE OF COMMONS DEBATE.

ATTLEE'S STATEMENT INDICATED THAT DOMESTIC CONSUMERS, DEPRIVED NOW OF POWER FOR FIVE HOURS A DAY, MAY HAVE TO CONTINUE ON THAT BASIS UNTIL WARM WEATHER PERMITS REPLENISHMENT OF COAL STOCK PILES.

ALREADY MORE THAN 4,000,000 WORKERS WERE IDLE AS THEIR FACTORIES CLOSED AS AN ALTERNATIVE TO WHAT SHINWELL SAID WOULD BE "COMPLETE DISASTER."

MANY THOUSANDS TURNED TO THE DOLE AND LINES OF JOBLESS BESIEGED LABOR EXCHANGES. THE 38 OUT OF THE 64 COUNTIES IN ENGLAND AND WALES CUT OFF FROM ELECTRIC POWER CONSTITUTED THE HEART OF THE NATION'S INDUSTRIAL AREA, AND UNEMPLOYMENT SPREAD OUT OVER THE REMAINDER OF THE COUNTRY AS A NATURAL CONSEQUENCE OF THE SHUTDOWN OF MORE THAN HALF THE PRODUCING INDUSTRIES SUPPLYING THE NATION'S COMPLEX INDUSTRIAL MACHINE.

MILLIONS OF WOMEN AND CHILDREN SHIVERED IN COLD HOMES THROUGHOUT THE 38-COUNTY AREA. THEIR POWER SUPPLY, ONLY SOURCE OF HEAT IN MANY BRITISH HOUSEHOLDS, WAS CUT OFF FROM 9 A.M. TO NOON AND FROM 2 P.M. TO 6 P.M.

SIR GUY NOTT-BOWER, DEPUTY SECRETARY OF THE MINISTRY OF FUEL AND POWER, TOLD A NEWS CONFERENCE THAT THE GOVERNMENT "CERTAINLY HAS UNDER CONSIDERATION LONG TERM RESTRICTIONS ON THE USE OF ELECTRICITY AND ELECTRICAL APPLIANCES."

AN INDICATION THAT POWER ECONOMIES MIGHT BE EXTENDED BEYOND THE WEEK'S END WAS SEEN IN AN ANNOUNCEMENT THAT ALL WEEKLY MAGAZINES, REGARDLESS OF WHETHER THEY WERE IN RESTRICTED ZONES, WOULD HAVE TO SUSPEND FOR TWO CONSECUTIVE PRINTINGS AFTER NEXT SATURDAY.

DISCRIMINATION BETWEEN ESSENTIAL AND NON-ESSENTIAL USERS WAS TECHNICALLY IMPOSSIBLE IN MANY PARTS OF THE AREAS DESIGNATED FOR THE POWER CUT, MAKING SUCCESS OF THE PROGRAM LARGELY RELIANT ON THE WILLINGNESS OF CONSUMERS TO PULL THEIR OWN SWITCHES.

"THERE ARE SLIGHTLY GRAY SPOTS IN PLACES," SIR GUY SAID, "BUT GENERALLY SPEAKING REPORTS INDICATE THE PUBLIC IS COOPERATING WELL."

THE LONDON POWER COMPANY REPORTED CONSUMPTION CUT BY HALF AND IN THE GREAT INDUSTRIAL CENTER OF BIRMINGHAM, HOME OF 1,000,000 PEOPLE, THE LOAD DROPPED FROM A NORMAL 400,000 TO 100,000 KILOWATTS. ANOTHER POWER COMPANY, SUPPLYING A 4,000-SQUARE MILE AREA, SAID DEMAND DROPPED FROM 180,000 TO 80,000 KILOWATTS.

DARTFORD, KENT TOWN OF 26,000, DID NOT RESPOND TO THE CONSERVATION APPEAL AND ALL POWER SUPPLIES WERE CUT OFF IMMEDIATELY. DERBY WAS ANOTHER TOWN SIMARLY PENALIZED.

IN THE MANCHESTER METROPOLITAN AREA POWER CONSUMPTION DROPPED TWO-THIRDS DESPITE REFUSAL OF GENERATING COMPANIES TO PULL POWER STATION SWITCHES. TECHNICAL DIFFICULTIES PREVENTED SUCH MEASURES, OFFICIALS SAID.

"IF EVERYBODY COOPERATES," SAID ONE MANCHESTER OFFICIAL, "WE HOPE TO SAVE 40,000 TONS OF COAL THIS WEEK--ABOUT 40 PERCENT OF A WEEK'S CONSUMPTION."

1947

WHILE CHURCHILL AND ATTLEE JOINED IN APPEALS FOR FUEL CONSERVATION DURING THE SHORTAGE A LABOR PARTY SPOKESMAN DESCRIBED AS "UTTER NONSENSE" TALK OF A POSSIBLE COALITION GOVERNMENT RESULTING FROM THE CRISIS.

HE SAID THAT NEITHER ATTLEE NOR ANY OF HIS CABINET HAD EVER ENTERTAINED SUCH AN IDEA, SUGGESTED RECENTLY IN THE CONSERVATIVE PRESS. "THE PARTY RANK AND FILE WOULD BE QUITE AGAINST IT," HE ADDED.

BRITAIN'S COAL SHORTAGE IS BALMED ON THIS WINTER'S ALMOST UNPRECEDENTED COLD WAVE BY THE GOVERNMENT, BUT OTHER SOURCES POINT OUT THAT IT HAS ITS ROOTS IN MUCH EARLIER CONDITIONS, AGGRAVATED BY WARTIME PRESSURES ON MINING AND DEPENDENT INDUSTRY.

COAL PRODUCTION IN BRITAIN HAS BEEN DECLINING SINCE 1913 BECAUSE, ACCORDING TO EXPERTS, OF THE HAND METHODS OF MINING STILL EMPLOYED IN MOST FIELDS, THE REFUSAL OF MANY YOUNGER MEN TO WORK IN THE PITS, AND POOR WAGES AND WORKING CONDITIONS. THE LABOR PARTY'S ANSWER TO THESE FACTORS WAS PUBLIC OWNERSHIP, AND MINING WAS THE FIRST INDUSTRY ON THE PARTY'S NATIONALIZATION PROGRAM WHEN IT CAME INTO POWER.

DURING THE FIRST THREE WEEKS OF PUBLIC OWNERSHIP LAST MONTH, COAL PRODUCTION MOUNTED, BUT STILL WAS FAR BELOW PRE-WAR AVERAGES AND THE COLD WAVE CAUSED CONSUMPTION TO INCREASE FASTER THAN PRODUCTION

THE CONSERVATIVES BLAME THE LABOR GOVERNMENT FOR THE PRESENT SITUATION, ASSERTING IT WAS AT FAULT IN PERMITTING RESERVE STOCKS TO GET SO DANGEROUSLY LOW THAT A COLD WAVE CRIPPLED INDUSTRY.

London, feb. 10-(ap)-authoritative sources said tonight that russia had sent britain a note disclosing big-scale salvage operations in which several sunken german warships were raised from the bed of the baltic sea and removed to soviet ports.

the russian note, these sources stated, was in answer to an anglo-american request for information under a provision of the potsdam agreement on "the use and disposal of the german fleet and merchant navy."

a british foreign office spokesman confirmed receipt of the note but said he could not comment on it because "its implications still are being studied."

details of the russian salvage operation could not be learned in london, but one naval source said several german vessels, including an aircraft carrier, had been refloated.

SECOND LEAD TREATY
BY JOSEPH E.DYNAN

PARIS, FEB. 10-(AP)-ITALY SIGNED SADLY AND SILENTLY TODAY A PEACE TREATY REDUCING HER TO A THIRD RATE POWER, STRIPPED OF COLONIES, INDEBTED BY REPARATIONS, HER HOMELAND REDUCED AND HER ARMY AND NAVY CUT TO A RELATIVE SHADOW.

YUGOSLAVIA, WHICH WILL OBTAIN A SLICE OF THE COVETED VENEZIA GIULIA BUT NOT THE PORT OF TRIESTE WHICH WILL BECOME A FREE CITY, REVERSED HERSELF AND SIGNED THE TREATY AFTER PROTESTING THE BOUNDARY AGREEMENT.

ITALY, PAYING FOR THE CRIMES OF MUSSOLINI AND FASCISM, WAS THE FIRST OF FIVE AXIS NATIONS TO SIGN TREATIES WHICH, WHEN RATIFIED, WILL END WORLD WAR II FOR ALL THE WORLD EXCEPT GERMANY, JAPAN, AUSTRIA AND KOREA.

FOLLOWING ITALY, THE SCHEDULE CALLED ROMANIA, BULGARIA, HUNGARY AND FINLAND TO THE MOURNER'S BENCH, AS IT WERE, TO INK TREATIES WITH UP TO 20 ALLIED NATIONS. THE UNITED STATES HAD A PART IN ALL THE ACCORDS EXCEPT THAT OF FINLAND, WITH WHICH THE UNITED STATES NEVER WAS AT WAR.

ITALY OBSERVED A TEN-MINUTE PERIOD OF SILENCE AT THE 11 A.M. (5 A.M. EST) HOUR OF THE SIGNING OF HER TREATY, WHICH THE ITALIAN CONSTITUENT ASSEMBLY AND THE MAJOR ALLIED POWERS STILL MUST RATIFY. SILENT GROUPS GATHERED AT THE TOMB OF THE UNKNOWN SOLDIER IN ROME, A MONUMENT TO BETTER DAYS WHEN ITALY FOUGHT AGAINST GERMANY IN THE FIRST WORLD WAR ALONGSIDE THE NATIONS NOW HER CONQUERORS.

WORKERS STOOD IDLE. MERCHANTS SHUTTERED THEIR STORES. COUNT CARLO SFORZA, THE ITALIAN FOREIGN MINISTER, WILL BROADCAST TOMORROW.

ITALIAN TROOPS WERE STRENGTHENED AT THE AMERICAN AND BRITISH EMBASSIES IN ROME AND STOOD ARMED WITH MACHINEGUNS AND RIFLES. TRAFFIC WAS DIVERTED.

CONTRASTED TO THE SILENT DEMEANOR OF THE ITALIAN SIGNATORY IN PARIS, THE YUGOSLAV FOREIGN MINISTER, STANOJE SIMIC, DECLARED PREMIER MARSHAL TITO'S RUSSIAN-BACKED GOVERNMENT WAS "ROUNDLY DISTURBED" AT THE TREATY WITH ITALY.

HIS STATEMENT SAID YUGOSLAVIA "DECLARES WITH REGRET" THAT THE "DEMANDS AND PROPOSALS" OF YUGOSLAVIA "HAVE NOT BEEN TAKEN INTO CONSIDERATION IN A SATISFYING MANNER" IN THE POLITICAL, MILITARY AND ECONOMIC CLAUSES OF THE TREATY, AND "ABOVE ALL, IN ITS TERRITORIAL DISPOSITIONS, WHICH DEPRIVE THE YUGOSLAVS OF TERRITORY ETCHNICALLY YUGOSLAV."

HE SPECIFIED THE CANALE RIVER VALLEY, THE REGION OF GORIZIA, VENETIAN SLOVENIA, MONFALCONE, TRIESTE AND THE NORTHWESTERN SECTION OF ISTRIA AS AREAS WHICH SHOULD HAVE BEEN AWARDED TO YUGOSLAVIA.

1947

A99

THE MINISTER ASSERTED THAT DESPITE HIS SIGNATURE, YUGOSLAVIA MAINTAINED HER CLAIMS OVER THESE TERRITORIES AND WOULD CONTINUE TO INSIST UPON THEM EVEN IF YUGOSLAV NATIONALS QUIT THE AREAS UNDER ITALIAN OR INTERNATIONAL ADMINISTRATION.

"THE GOVERNMENT OF YUGOSLAVIA," HE SAID, EXPLAINING HIS NATION'S ANXIETY AT THE TREATY CLAUSES, "HAS TO DECLARE NEVERTHELESS THAT, BY THE SIGNATURE OF THIS TREATY, THE PEOPLES OF YUGOSLAVIA DO IN NO WAY RENOUNCE THE TERRITORIES WHICH ARE ETHNICALLY THEIR, AND OF WHICH THE TREATY DEPRIVES THEM, AND THAT THEY WILL NOT CEASE TO MAINTAIN THEIR RIGHTS ON THESE TERRITORIES, REGARDLESS OF WHAT ETHNICAL MODIFICATIONS EVENTUALLY MAY ENSUE IN THE FUTURE BECAUSE OF A FOREIGN ADMINISTRATION."

ITALY LOST ERITREA, SOMALILAND AND LIBYA, HER ITALIAN COLONIES, AND WAS FORCED TO RECOGNIZE THE INDEPENDENCE OF ETHIOPIA AND ALBANIA, MICH MUSSOLINI HAD ADDED TO THE EMPIRE. THE DODECANESE ISLANDS WENT TO GREECE. SMALL AREAS ON HER WESTERN FRONTIER WENT TO FRANCE.

SHE WAS ORDERED TO PAY $360,000,000 IN REPARATIONS, $200,000,000 OF IT TO RUSSIA. HER ARMED FORCES WERE TRIMMED TO A TOTAL OF 97,500 MEN, HER NAVY TO 67,500 TONS.

1947

THE YUGOSLAV FOREIGN MINISTER SAID HIS COUNTRY WAS DISTRESSED ABOUT ITS NATIONALS WHO WERE TO REMAIN OUTSIDE YUGOSLAVIA BECAUSE OF THE "OBSTINATE LACK OF UNDERSTANDING ON THE PART OF CERTAIN ALLIES." (THIS WAS A VEILED CRITICISM OF THE UNITED STATES AND GREAT BRITAIN, WHICH OPPOSED YUGOSLAV CLAIMS TO TRIESTE AND ALL VENEZIA GIULIA).

HE SAID YUGOSLAVIA WAS OBLIGED TO SIGN THE TREATY TO PRESERVE ALLIED UNITY AND "ONLY BECAUSE AT THE CURRENT HOUR IT DOES NOT WISH TO TAKE THE RESPONSIBILITY OF NOT HAVING PERFORMED ITS PART IN THE ESTABLISHMENT OF PEACE AMONG NATIONS."

YUGOSLAVIA WAS THE LAST ALLIED NATION TO SIGN. FORMER U.S. SECRETARY OF STATE JAMES F.BYRNES AND JEFFERSON CAFFERY PREVIOUSLY HAD SIGNED FOR THE UNITED STATES.

UNTIL TWO DAYS AGO, YUGOSLAV OFFICIALS HAD INSISTED THAT THEIR COUNTRY WOULD NOT SIGN THE TREATY. ITALIANS HAD INDICATED THEY WOULD SIGN RELUCTANTLY. BOTH COUNTRIES HAD PREVIOUSLY CLAIMED ITALIAN VENEZIA GIULIA.

OF THIS, THE TREATY GIVES PART TO ITALY, MORE TO YUGOSLAVIA AND MAKES VITAL TRIESTE A FREE CITY.

FOREIGN MINISTER GEORGES BIDAULT OF FRANCE PRESIDED AT THE SIGNING OF TREATIES BETWEEN THE SATELLITES AND 20 VICTOR STATES IN THE EUROPEAN PHASE OF WORLD WAR II.

1947

THE DELEGATIONS ASSEMBLED IN THE FOREIGN MINISTRY'S SALON DE L'HORLOGE (CLOCK ROOM). THE TREATY LAY ON A TABLE IN A ROOM BEHIND THEM, THE SALON DE LA PAIX (PEACE HALL).

YUGOSLAVIA, BY ITS ALPHABETICAL STANDING IN THE LIST OF ALLIES, WAS THE NINETEENTH DELEGATION CALLED TO SIGN THE ITALIAN PACT. WHEN BIDAULT PRONOUNCED THE NAME, "YUGOSLAVIA," THE ENTIRE DELEGATION WALKED AROUND THE TABLE TO THE SALON DE LA PAIX AND AFFIXED SIGNATURE. THERE WERE NO SPEECHES TODAY, AND NO EXPLANATION OF YUGOSLAVIA'S CHANGE IN ATTITUDE WAS GIVEN.

THE ITALIAN DELEGATION FOLLOWED IMMEDIATELY. BIDAULT THEN DECLARED THE CEREMONY ENDED, AND THE REPRESENTATIVES BEGAN FILING OUT.

THE POLISH DELEGATE, WHO WAS TO HAVE SIGNED FOR HIS COUNTRY, WAS NOT PRESENT. ANOTHER MEMBER OF THE DELEGATION SAID HE HAD NOT YET ARRIVED IN PARIS, BUT WOULD SIGN LATER.

BIDAULT ENTERED THE PLUSHY RED-AND-GOLD SALON DE L'HORLOGE JUST AS THE BIG CLOCK FOR WHICH THE ROOM WAS NAMED STRUCK 11 A.M. REPRESENTATIVES OF 19 OTHER ALLIED NATIONS WERE AT THEIR PLACES AROUND A GREEN TABLE WITH TWO VACANT CHAIRS, FOR THE ITALIANS.

30.24-7823

BIDAULT, WELCOMING THE ALLIES, NOTED THAT TODAY'S TREATY SIGNING WOULD END SIX YEARS OF "MERCILESS STRUGGLE" AND EXPRESSED THE HOPE THAT THE CEREMONY WOULD BIND THE FORMER ENEMIES INTO THE INTERNATIONAL FAMILY AND ENABLE THEM TO CONTRIBUTE TO THE ORGANIZATION OF PEACE.

AT 11:12 THE ITALIAN DELEGATES ENTERED. THEY TOOK THEIR PLACES SILENTLY. BIDAULT, WELCOMING THEM, DECLARED THE SESSION FORMALLY OPEN. THE SIGNING BEGAN AT 11:17.

PARIS, FEB.10-(AP)-- A SUB-MACHINEGUN BULLET FIRED BY A VIET-NAMESE SNIPER OUTSIDE HANOI, INDOCHINA, has YESTERDAY CLAIMED THE LIFE OF MICHEL MOUTSCHEN, 22-YEAR-OLD BELGIAN-BORN CORRESPONDENT OF THE ASSOCIATED PRESS.

MOUTSCHEN AND SEVERAL OTHER CORRESPONDENTS WERE RIDING WITH A FRENCH ARMORED COLUMN WHEN IT RAN INTO AN AMBUSH. HE WAS SHOT DOWN BEFORE HE COULD LEAP INTO A SHELTERING DITCH.

1947

September

ALTHOUGH MOUTSCHEN CRIED OUT TO HIS COMRADES NOT TO RISK THEIR LIVES ON HIS ACCOUNT, THEY QUICKLY CARRIED HIM TO SAFETY UNDER THE GUNS OF THE SNIPERS. THE FRENCH COMMANDER IN NORTHERN INDOCHINA DECORATED HIM WITH THE CROIX DE GUERRE IN A HANOI HOSPITAL, WHERE HE DIED SEVERAL HOURS AFTER THE SHOOTING.

ROME, FEB.10-(AP)-SIRENS SUMMONED ITALIANS TO OBSERVE A 10-MINUTE PERIOD OF SILENCE AT 11 A.M. (5AES) TODAY AS A SIGN OF MOURNING FOR THE PEACE TREATY BEING SIGNED AT THAT HOUR IN PARIS.

THROUGHOUT ITALY WORKMEN FOLDED THEIR ARMS AND STOOD SILENTLY. MERCHANTS ROLLED WON THE IRON SHUTTERS IN FRONT OF THEIR SHOPS.

IN ROME SILENT GROUPS FILED THROUGH AN INTERMITTENT DRIZZLE TO THE NATIONAL MONUMENT IN THE PIAZZA VENEZIA, WHERE A WREATH WAS PLACED AT THE TOMB OF ITALY'S UNKNOWN SOLDIER.

AT THE SAME TIME WREATHS WERE PLACED IN THE ARDEATINE CAVES, WHERE 335 ITALIANS WERE MASSACRED BY THE GERMANS ON MARCH 23, 1944 -- AN ACT FOR WHICH TWO GERMAN GENERALS ALREADY HAVE BEEN SENTENCED TO DEATH AND FOR WHICH A THIRD -- FIELD MARSHAL ALBERT KESSELRING -- GOES ON TRIAL NEXT WEEK IN VENICE.

A PROTEST WHICH WAS TO HAVE ACCOMPANIED ITALY'S SIGNING OF THE PEACE IN PARIS WAS TO BE BROADCAST TO THE ITALIAN PEOPLE TONIGHT BY COUNT CARLO SFORZA, NEW ITALIAN FOREIGN MINISTER.

AS THE SIRENS WAILED IN ROME, BUSES AND STREETCARS STOPPED. PASSENGERS DESCENDED FROM MANY OF THEM, MAKING THEIR WAY ON FOOT TO THE PIAZZA VENEZIA.

A VAST THRONG GATHERED IN THE SAME SQUARE WHERE BENITO MUSSOLINI ON JUNE 10, 1940, ANNOUNCED THAT ITALY HAD ENTERED THE WAR ON THE SIDE OF GERMANY AND JAPAN.

AFTER A BRIEF CEREMONY, STUDENTS -- MANY OF THEM CARRYING PLACARDS DECRYING THE LOSS OF POLA AND TRIESTE -- RAN UP THE MARBLE STAIRS OF THE MONUMENT, SINGING HYMNS.

SOME CARRIED SIGNS WHICH SAID: "ITALY IS NOT DEAD." OTHERS CHANTED "LORA". -- MEANING "THE HOUR."

A SPECIAL EDITION OF A NEWSPAPER ENTITLED "LORA" AND SUBHEADED "OF THE PACIFICATION AND THE RESURRECTION", WAS DISTRIBUTED. IT WAS DEVOTED ENTIRELY TO THE SIGNING OF WHAT IT DESCRIBED AS "THE INIQUITOUS PEACE."

POLA, ITALY, FEB.10-(AP)-THE GREAT EXODUS FROM [illegible] IN FULL SWING.

UPWARDS OF 20,000 ITALIANS ARE PREPARING TO BECOME [illegible]LUNTARY DISPLACED PERSONS IN ITALY RATHER THAN REMAIN IN THE PRES[illegible]F BRITISH-AMERICAN ENCLAVE AFTER ITS OCCUPATION BY YUGOSLAVIA U[illegible]ER THE ITALIAN PEACE TREATY.

SOME 5,000 OF THE CITY'S 33,000 POPULATION HVE LEFT ALREADY AND 22,000 MORE ARE ON THE EVACUATION LIST OF THE "COMMITTEE FOR THE EXODUS."

IT IS DIFFICULT TO FIND A PERSON WHO HAS NOT ARRANGED TO JOIN THE FLIGHT WITHIN DAYS.

NEARLY HALF THE STORES IN VIA SERGIA, POLA'S PRINCIPAL SHOPPING CENTER, ALREADY ARE CLOSED AND BOARDED UP. THE OWNERS HAVE TAKEN WITH THEM EVEN THE PLATE GLASS WINDOWS.

A CHECK OF THE REMAINING SHOPS DISCLOSED THAT NOT A SINGLE STOREKEEPER INTENDED TO REMAIN. MOST HAD ALREADY SHIPPED THEIR FURNITURE AND DID BUSINESS ON EMPTY FRUIT BOXES WHILE THEY AWAITED FREIGHT CARS TO MOVE THEIR STOCK.

THE YUGOSLAVS ARE PERMITTING REMOVED PROPERTY TO BE TRANSPORTED BY RAIL THROUGH THEIR OCCUPATION ZONE. FIVE SHIPS WHICH WERE RECENTLY OBLIGED TO SEEK SHELTER IN A YUGOSLAV-OCCUPIED ISTRIAN PORT, DURING STORMY WEATHER, ALSO WERE PERMITTED TO PROCEED AFTERWARD WITHOUT INTERFERENCE.

EVERYTHING ITALIAN IS LEAVING POLA. HOSPITALS ARE BEING EVACUATED WITH ALL THEIR PATIENTS. DOCTORS, PRIESTS AND EVEN THE BISHOP OF POLA, MONSIGNOR RAFFAELE RADOSSI, ARE AMONG THE EMIGRES.

THE BODIES OF SEVERAL ITALIAN HEROES OF WORLD WAR I, INCLUDING THOSE OF NAZARIO SAURO AND GIOVANNI GRION, ARE BEING EXHUMED AND TRANSFERRED TO VENICE.

POLICE AND EMPLOYERS OF THE ALLIED MILITARY GOVERNMENT -- 438 OUT OF A TOTAL OF 450 ARE REGISTERED FOR EMIGRATION -- WILL REMAIN TO THE LAST.

THE REMOVAL OF MACHINERY AND AUTOMOBILES IS CAUSING VIGOROUS YUGOSLAV PROTESTS, HOWEVER, DESPITE THE AGREEMENT PERMITTING THE TRANSFER OF ANY PROPERTY WITHIN THE VENEZIA GIULIA AREA. A RECENT ATTEMPT TO DISMANTLE AND REMOVE A LOCAL FLOUR MILL LED TO RIOTING BY PRO-YUGOSLAVS, RESULTING IN THREE DEATHS AND SEVERAL INJURIES.

AS A CONSEQUENCE, ALL AMG PERMITS FOR THE REMOVAL OF MACHINERY HAVE BEEN REVOKED TEMPORARILY PENDING A DECISION BY HIGHER ALLIED AUTHORITIES. MEANWHILE OWNERS ARE SMUGGLING MACHINES, ELECTRICAL EQUIPMENT, BUILDING MATERIALS AND AUTOMOBILES OUT OF POLA AT NIGHT IN BARGES AND FISHING BOATS.

ITALIAN GOVERNMENT ASSISTANCE IN THE FORM OF SHIPS AND MONEY BEGAN A FEW WEEKS AGO. IT WAS DELAYED, BECAUSE THE GOVERNMENT FEARED RECOGNITION OF THE EXODUS WOULD AMOUNT TO DE FACTO RECOGNITION OF POLA'S CESSION TO YUGOSLAVIA. THE HOSPITAL SHIP TOSCANA, ESCORTED BY BRITISH DESTROYERS, IS PLYING BETWEEN POLA AND VENICE, FERRYING 2,000 REFUGEES TO ITALY EVERY TRIP.

A SPECIAL VATICAN MISSION IN POLA ALSO IS PROVIDING ASSISTANCE--MAINLY FINANCIAL--TO REFUGEES. THE VATICAN MISSION ALSO HAS SET UP COMMUNITY SLEEPING AND FEEDING CENTERS.

THE REFUGEES ARE DISPERSING THROUGHOUT METROPOLITAN ITALY. THEY WILL BE LOOKED AFTER FOR THE PRESENT BY THE ITALIAN GOVERNMENT, WHICH IS CONSIDERING THE CONSTRUCTION OF AN ENTIRE NEW CITY TO ACCOMMODATE FORMER RESIDENTS OF POLA AND OTHER ITALIAN REFUGEES FROM CEDED AREAS.

BERLIN, FEB.10-(AP)-ALLIED COMMANDERS IN BERLIN REACHED TODAY "SUBSTANTIAL AGREEMENT" ON THE SUBMISSION OF A REPORT ON GERMANY TO THE FOUR-POWER FOREIGN MINISTERS CONFERENCE IN MOSCOW NEXT MONTH, BUT RESERVED THE RIGHT TO SUBMIT UNILATERAL REPORTS WHERE THEY DEEMED SUCH PRACTICE NECESSARY.

SUBMISSION OF SUCH A REPORT HAS BEEN A SOURCE OF DISCORD AMONG THE ALLIED COMMANDERS FOR WEEKS. MARSHAL V. D. SOKOLOVSKY, THE SOVIET COMMANDER, CHARGED TWO WEEKS AGO THAT THE WESTERN ALLIES WERE ATTEMPTING TO "HINDER" THE DRAWING UP OF SUCH A REPORT. HE DESCRIBED AS "ARTIFICIAL" THE AMERICAN AND BRITISH ARGUMENT THAT THE REPORT COULD NOT BE PREPARED BECAUSE INFORMATION ON REPARATIONS IN THE SOVIET ZONE OF GERMANY WAS NOT AVAILABLE.

LT. GEN. LUCIUS D. CLAY, AMERICAN DEPUTY MILITARY GOVERNOR, REPLIED THAT THE AMERICAN DELEGATION HAS "CONSISTENTLY STATED THAT WE ARE PREPARED TO FURNISH ALL INFORMATION PERTAINING TO OUR ZONE THAT IS FURNISHED BY THE OTHERS." HE SAID, HOWEVER, THAT FURNISHING OF SUCH INFORMATION MUST BE ON A "RECIPROCAL BASIS."

A COORDINATING COMMITTEE TODAY DECIDED TO RECOGNIZE THE RIGHT OF SUBMITTING UNILATERAL REPORTS. REPRESENTING A COMPROMISE, THIS WOULD PERMIT DRAWING UP OF A REPORT ON INFORMATION WHICH ALL FOUR COMMANDERS SUPPLY FROM THEIR ZONES, AND IN CASES WHERE ONE COMMANDER REPORTS CERTAIN INFORMATION UNAVAILABLE, THE OTHER THREE POWERS COULD PREPARE INDIVIDUAL REPORTS.

BERLIN, FEB. 10-(AP)-COL.FRANK L.HOWLEY, DIRECTOR OF THE AMERICAN MILITARY GOVERNMENT FOR BERLIN, SAID TODAY THAT THE GREAT SUFFERING IN BERLIN THIS WINTER HAS BEEN DUE IN GREAT PART TO THE RUSSIANS' FAILURE TO DELIVER FROM THEIR OCCUPATION ZONE 100,000 TONS OF COAL THEY HAD PROMISED FOR HOUSE HEATING.

THE OUTSPOKEN OFFICER, INVOLVED RECENTLY IN A HEATED PUBLIC ARGUMENT WITH MAJ.GEN.ALEXANDER KOTIKOV, THE RUSSIAN COMMANDANT, OVER BERLIN LABOR UNIONS, MADE HIS ACCUSATION IN AN INTERVIEW WITH A REPORTER FROM DER ABEND, AMERICAN-LICENSED BERLIN NEWSPAPER.

HOWLEY SAID THE RUSSIANS HAD CONTRACTED TO DELIVER THE COAL, BUT THAT SINCE THE BEGINNING OF THE YEAR NOT ONE TON OF COAL FOR HOUSE HEATING HAD BEEN DELIVERED TO BERLIN FROM THE SOVIET ZONE.

BERLIN, FEB. 10-(AP)-THE AMERICAN AND BRITISH MILITARY GOVERNMENTS WILL INSTITUTE ALMOST IDENTICAL LAWS IN THEIR OCCUPATION ZONES WEDNESDAY REQUIRING THE BREAKING UP OF ALL BUSINESS ENTERPRISES EMPLOYING MORE THAN 10,000 PERSONS AS EXCESSIVE CONCENTRATIONS OF ECONOMIC POWER.

THESE LAWS ARE MODELLED AFTER THE SHERMAN ANTI-TRUST ACT IN THE UNITED STATES. THEY ARE DESIGNED TO PROVIDE THE BASIS FOR DEVELOPMENT OF A FREE AND COMPETITIVE GERMAN INDUSTRIAL ECONOMY. THEY PROHIBIT GERMAN PARTICIPATION IN CARTEL ARRANGEMENTS AND OUTLAW COMBINES IN RESTRAINT OF TRADE. THE LAW PROVIDES THAT NO BIG COMPANY MAY ESCAPE DISPERSAL UNLESS IT CAN CONVINCE THE MILITARY GOVERNMENTS THAT IT IS NOT AN EXCESSIVE CONCENTRATION OF POWER.

THE AMERICANS AND BRITISH PROCEEDED TOGETHER ON DECARTELIZATION AFTER APPROXIMATELY 18 MONTHS' DISCUSSION IN THE ALLIED CONTROL AUTHORITY HERE FAILED TO BRING AGREEMENT ON A FOUR-POWER PLAN APPLICABLE TO ALL GERMANY, AS PROVIDED AT THE POTSDAM AGREEMENT.

MOSCOW, FEB. 10-(AP)-BRITAIN AND THE UNITED STATES WERE ACCUSED YESTERDAY BY SOVIET ECONOMIST D. THE WRITER ASSERTED THAT THE TWO WESTERN NATIONS HAD ALREADY RECEIVED MORE THAN $10,000,000,000 WORTH OF GERMAN REPARATIONS--EQUALLING SOVIET CLAIMS AGAINST GERMANY.

THE WRITER ADDED THAT THE REPARATIONS DEMANDS OF POLAND, CZECHOSLOVAKIA AND YUGOSLAVIA WERE "EXTREMELY MODEST."

MELNIKOV WENT ON TO SAY THAT WHILE THE U.S. AND BRITAIN "HINDERED-SENDING PLANTS AND EQUIPMENT TO RUSSIA FROM THE WESTERN ZONES OF GERMANY, THEY SHIPPED SUCH MATERIAL TO THEIR OWN COUNTRIES WITH THE "GREATEST DISPATCH."

(IN BERLIN, LT. GEN. LUCIUS D. CLAY, U.S. DEPUTY MILITARY GOVERNOR, DESCRIBED MELNIKOV'S ASSERTIONS AS "TOO RIDICULOUS TO BE WORTHY OF COMMENT.")

Canberra, Feb. 10--(AP)--A high government spokesman said today that Australia was interested in obtaining increased exports to the United States and would seek this end at the April conference of the International Trade Organization in Geneva.

This spokesman said Australia hoped for reductions in U.S. tariffs, particularly on wool, which he termed "viciously high" at 33 cents a pound.

Adjustments also will be sought in duties on butter, meat and woolen

30.24-7827

textiles, he said.

"But we shall only get those by making some concession in our tariff," he added.

1947

Economic advisers to the commonwealth government have made it clear Australia will resist any wholesale scaling down of empire preferences.

The United States has asked for a reduction in the preference given to Australian dried fruits by Britain. Australia is expected to counter by asking the United States to reduce wool duties. America also has asked Australia to reduce tariffs on various commodities ranging from sausage skins to [redacted] automobile panels.

Australian experts recognize that Britain and Canada are eager to build up exports to America and that this will result in pressure for withdrawal of preferences now granted to Australian products.

1947

Prime Minister Joseph B. Chifley has made it clear that Australia will concede tariff cuts and preference modification only on a "concession for concession basis."

Government spokesmen have indicated Australia feels she should not be too dependent upon the British market in view of Britain's economic difficulties and declining population, which cannot make the same purchases abroad as before.

1947

Australian economists hold that Britain must obtain reductions in American tariffs if she is to increase her own exports by the 75 per cent needed [redacted] her economy is to survive.

At the same time, these spokesmen say, Australia will not [redacted] depend entirely on the American market for fear of a possible economic recession in the United States.

Australian policy is expected to be a redistribution of her trade while looking to Britain for her major outlet.

Panama, Panama, Feb. 10--(AP)--President Enrique A. Jimenez announced today he had conferred with seven former presidents of the republic, including Arnulfo Arias, regarding current negotiations with the United States for the return of wartime defense BASES still held by the Americans under a 1942 agreement.

The president said he had no comment on the conferences other than that he was "very satisfied" to have held them.

Panama contends that the occupation agreement expired last August a year after the signing of the unconditional surrender by Japan. The United States maintains that the expiration date will be a year after the signing of the definitive peace treaty with Japan.

Nearly 100 of the less important bases occupied by the U.S. have already been returned to Panama.

IN WASHINGTON, ATTORNEY GENERAL CLARK SAID THE PAINTINGS WERE SUCCESSIVELY STOLEN, SMUGGLED AND SOLD ILLEGALLY AND THAT ALL WERE SEIZED AT DAYTON DURING THE WAR UNDER GOVERNMENT'S POWER TO TAKE OVER ENEMY PROPERTY.

MRS. ERNST TOLD NEWSMEN OVER THE TELEPHONE THAT HER HUSBAND PURCHASED THE PAINTINGS FOR AN UNSPECIFIED SUM IN 1934 FROM AN UNIDENTIFIED GERMAN SEAMAN. SHE SAID NEW YORK ART CRITICS AT THAT TIME SAID THE PAINTINGS WERE "FAKES."

ERNST, HIS WIFE ASSERTED, CAME TO DAYTON IN 1937 AND WAS MARRIED. LATER SHE FOUND THE PAINTINGS AND THE DAYTON ART INSTITUTE IDENTIFIED ONE AS A REMBRANDT.

NEW YORK CRITICS, QUERIED AGAIN, SAID THE REMBRANDT WAS NOT GENUINE, BUT AN 18TH CENTURY ENGLISH PAINTING, SHE SAID. ERNST, HIS WIFE ADDED, BROUGHT THE PAINTINGS BACK TO DAYTON AND IN JULY, 1945 PLACED THEM FOR SAFE-KEEPING IN THE VAULTS OF THE DAYTON ART INSTITUTE.

THE REMBRANDT IS VALUED AT $140,000, THE OTHER TWO AT $2,000 AND $1,200 EACH.

SECOND NIGHT LEAD - INLAND (280)

CHICAGO,FEB.10-(AP)-SECRETARY OF THE INTERIOR KRUG SAID TONIGHT THAT SUGGESTIONS FOR SETTLING FROM 200,000 TO 2,000,000 DISPLACED PERSONS OF CENTRAL EUROPE IN ALASKA "ARE FANTASTIC AND IRRESPONSIBLE."

KRUG, IN AN ADDRESS BEFORE THE INLAND PRESS ASSOCIATIN,SAID SUCH A SETTLEMENT PROGRAM WOULD BE "A DISSERVICE BOTH TO THE IMMIGRANT EUROPEANS, TO THE ALASKANS NOW RESIDENT, AND TO THE PEOPLE OF THE PRESENT 48 STATES." X X X

"I WOULD LIKE TO SEE A REAL REFUGE PROVIDED FOR THE SUFFERING PEOPLE OF EUROPE," KRUG SAID, "BUT IT WON'T WORK IN ALASKA ON A SCALE OF 200,000 OR 2,000,000 MORE PEOPLE. PERHAPS 10,000 TO 20,000 MORE PERSONS COULD BE ABSORBED IN VARIOUS SERVICE AND SECONDARY JOBS WITH PRESENT INDUSTRIAL AND AGRICULTURAL FACILITIES.

"ALASKA HAS MORE THAN MILK AND HONEY TO OFFER, BUT ITS RESOURCES NEED THE APPLICATION OF LABOR AND MACHINES AND TECHNOLOGICAL AND MANAGEMENT SKILLS. X X IN PRACTICAL TERMS, THE ONLY WAY WE CAN INCREASE THE POPULATION OF ALASKA IS BY THE ESTABLISHMENT OF NEW BUSINESSES, NEW FARMS, NEW INDUSTRIAL PLANTS, NEW SHOPS AND NEW STORES."

DECLARING THAT A PULP AND PAPER INDUSTRY IN ALASKA WOULD "REQUIRE A LARGE SUPPLY OF ADDITIONAL LABOR," HE ADDED:

"DEVELOPMENT OF THE PULP AND PAPER INDUSTRY TO A REASONABLE LEVEL OF SUSTAINED CAPACITY WILL RESULT IN YEAR-AROUND EMPLOYMENT OF A MINIMUM OF 6,000 PERSONS IN THE MILLS AND FORESTS. INTRODUCTION OF THIS WORKING FORCE INTO THE TERRITORY WOULD JUMP THE POPULATION OF SOUTHEASTERN ALASKA FROM 25,000 TO 50,000 WITHIN A FEW YEARS. X X X"

EARLIER, JOHN FOSTER DULLES, FORMER AMERICAN DELEGATE TO THE UN ASSEMBLY, DECLARED THAT THE "MOSCOW PRESS AND RADIO" HAD OPPOSED HIS PROPOSAL FOR EUROPEANIZATION OF THE RHINELAND WITHOUT "DISCUSSING ITS MERITS" AND "BY PERSONAL ATTACKS ON ME AND OTHERS WHO SHARE MY VIEWS."

DULLES SAID AT A NEWS CONFERENCE FOLLOWING AN ADDRESS TO THE INLAND DAILY PRESS ASSOCIATION THAT HE BELIEVED "THE SOVIET ATTITUDE IS DUE TO A MISAPPREHENSION. WE HAVE NOT PROPOSED CONTINENTAL UNITY AS A MEASURE AGAINST ANYONE, BUT AS A MEASURE FOR THE SAFETY AND WELFARE OF THE PEOPLES CONCERNED."

EARLIER, IN HIS ADDRESS, DULLES DECLARED THAT TRADITIONAL UNITED STATES FOREIGN POLICIES FACE "A SERIOUS CHALLENGE FROM THE SOVIET UNION," HE ADDED, HOWEVER, "THERE IS NO REASON WHATSOEVER TO ASSUME THAT THE SOVIET CHALLENGE MAKES WAR INEVITABLE."

HE SAID "THERE IS RISK THAT WE MAY PROVOKE WAR BY A RETREAT WHICH WOULD CAUSE SOVIET LEADERS TO PUSH ON RECKLESSLY. THE GREATEST DANGER OF WAR IS FROM POSSIBLE SOVIET MISCALCULATION."

UNDER DULLES' PROPOSAL FOR THE RHINELAND AN INTERNATIONAL COMMISSION SIMILAR TO THAT WHICH GOVERNED THE SAAR VALLEY UNDER THE LEAGUE OF NATIONS WOULD GOVERN THE ENTIRE BASIN.

"MY PROPOSAL," DULLES SAID, "IS BASED ON THE FACT THAT THE ECONOMIC HEART OF EUROPE OUGHT TO BE CONTROLLED BY THOSE WHO OWE A LOYALTY TO THE PROSPERITY AND PEACE OF EUROPE RATHER THAN BY THOSE WHOSE LOYALTY IS ONLY TO GERMANY.

"THIS TIME GERMANY'S INDUSTRIAL POTENTIAL SHOULD BE FIRMLY INTEGRATED INTO THE PEACETIME ECONOMY OF GERMANY'S NEIGHBORS SO THAT IT CAN WORK FOR THE GREATER PROSPERITY OF ALL BUT NEVER AGAIN BE A SEPARATE GERMAN THING THICH GERMANS MIGH

DANIEL BENEDITE, ADMINISTRATOR OF THE FRANC-TIREUR OF PARIS, TOLD THE ASSOCIATION THAT THE FRENCH PRESS WAS DRIVING TOWARD THE AMERICAN CONCEPT OF ADVERTISING SUPPORTING THE NEWSPAPER BUT ADDED THAT THE INCOME OF FRENCH PAPERS NOW WAS 92 PERCENT FROM SALES AND EIGHT PERCENT FROM ADVERTISING.

NEW YORK, FEB. 10-(AP)-MRS. HELEN FRIEDMAN OF LANCASTER, PA., LEFT BY PLANE TODAY FOR PALESTINE TO SEE HER BROTHER, DOV BELA GRUNER, UNDER SENTENCE OF DEATH BY A BRITISH COURT FOR TERRORIST ACTIVITIES.

MRS. FRIEDMAN, WHOSE DEPARTURE HAD BEEN DELAYED A WEEK, APPEARED CHEERFUL AND OPTIMISTIC AND SAID SHE HAD RECEIVED WORD THAT AN APPEAL HAD BEEN FILED FOR HER BROTHER AND THAT HIS EXECUTION HAD BEEN DELAYED.

THE DELAY IN HER DEPARTURE WAS ATTRIBUTED AT THE AIRPORT TO BAD WEATHER HERE AND ELSEWHERE, AND TO EQUIPMENT TROUBLE.

"I HOPE HE WILL BE ACQUITTED," MRS. FRIEDMAN SAID.

ASKED IF SHE HOPED TO BE ABLE TO SEE HIM, SHE REPLIED:

"I'M QUITE SURE I WILL BE, BECAUSE FROM THE FIRST IT WAS UNDERSTOOD BY THE OFFICIALS THAT THE REASON I APPLIED FOR A VISA WS SO I COULD SEE HIM."

MRS. FRIEDMAN WAS ASKED BY NEWSMEN IF SHE BELIEVED ANY OF THE REPEATED DELAYS IN HER DEPARTURE WAS CAUSED BY SOMEBODY WORKING AGAINST HER.

"I DON'T BELIEVE ANY ONE INDIVIDUAL COULD DELAY A FLIGHT," SHE REPLIED. I COULDN'T SAY THAT ANYWAY. I DON'T THINK ANY ONE WOULD BE THAT MEAN. THE PEOPLE IN OUR STATE DEPARTMENT AND THE BRITISH CONSULATE HAVE ALL BEEN VERY NICE IN ARRANGING THINGS FOR ME."

MRS. FRIEDMAN SAID SHE WOULD TRY TO SEE GEN. SIR. ALAN CUNNINGHAM, BRITISH HIGH COMMISSIONER FOR PALESTINE.

SECOND LEAD U.N.

BY FRANCIS W.CARPENTER

LAKE SUCCESS, N.Y., FEB. 10-(AP)-THE UNITED STATES PROPOSED TODAY THAT THE UNITED NATIONS SECURITY COUNCIL'S BALKANS INVESTIGATING COMMISSION KEEP HANDS OFF OF DEATH SENTENCES IN THE BALKANS UNLESS IT NEEDS TO QUESTION A CONDEMNED MAN AS A WITNESS.

HERSCHEL V.JOHNSON, DEPUTY AMERICAN DELEGATE, OFFERED A RESOLUTION TO THAT EFFECT AS THE COUNCIL MET TO CONSIDER A GREEK PROTEST AGAINST WHAT THE ATHENS GOVERNMENT CALLED INTERFERENCE IN INTERNAL AFFAIRS BY THE BALKANS COMMISSION.

JOHNSON'S PROPOSAL CAME SHORTLY AFTER THE COUNCIL TOOK UP AN OFFICIAL GREEK REQUEST ASKING IT TO INSTRUCT THE BALKANS COMMISSION TO PROCEED WITHOUT DELAY ON ITS INVESTIGATIVE ASSIGNMENT AND NOT BECOME DIVERTED BY INTERNAL GREEK MATTERS.

THE COUNCIL MEETING WAS THROWN OPEN TO THE PUBLIC ON THE REQUEST OF ANDREI A.GROMYKO, SOVIET DELEGATE.

GROMYKO PROPOSED THAT THE COUNCIL INVITE REPRESENTATIVES OF THE FOUR BALKANS COUNTRIES CONCERNED--ALBANIA, BULGARIA, GREECE AND YUGOSLAVIA--TO SIT DURING THE COUNCIL DISCUSSION ON THE COMMISSION'S REQUEST FOR A RULING BUT THE COUNCIL VOTED 8 TO 3 AGAINST HIM. JOHNSON, JERZY MICHALOWSKI OF POLAND, AND GROMYKO VOTED IN THE MINORITY.

VASSILI DENDRAMIS, GREEK AMBASSADOR TO THE UNITED NATIONS, SUBMITTED A LETTER TO THE COUNCIL SAYING THAT THE GREEK GOVERNMENT HAS NOTHING TO CONCEAL BUT THAT "POSTPONEMENT OF 'ON-THE-SPOT' INVESTIGATION ON BOTH SIDES OF THE BORDER MAY WELL RESULT IN OBLITERATION OF IMPORTANT FACTUAL DATA NECESSARY TO THE ELUCIDATION OF THE CAUSES OF THE DISTURBANCES."

THE COMMISSION WAS SENT TO THE BALKANS TO INVESTIGATE TROUBLE ALONG GREEK'S NORTHERN BOUNDARY.

GREECE HAS PROTESTED TO THE UNITED NATIONS AGAINST UNITED NATIONS INTERVENTION IN THE DEATH SENTENCES OF 11 ALLEGED GREEK GUERRILLAS.

THE COUNCIL MET BRIEFLY IN CLOSED MEETING THIS MORNING AND THEN THREW THE SESSION OPEN.

THE COUNCIL MET TO DECIDE WHETHER ITS COMMISSION HAS A RIGHT TO REQUEST POSTPONEMENT OF EXECUTIONS OF GREEK GUERRILLAS.

DENDRAMIS IN HIS LETTER SAID THAT THE PURPOSE OF THE GREEK GOVERNMENT IN MAKING ITS PROTEST "WAS TO FACILITATE THE WORK OF THE COMMISSION OF INVESTIGATION BY REMOVING ANY MISUNDERSTANDINGS AS TO ITS JURISDICTION AND TO REMOVE ANY SUGGESTION THAT IT SHOULD CONSIDER ITSELF AUTHORIZED TO INTERFERE IN THE INTERNAL AFFAIRS OF GREECE."

HE SAID THAT THE EXECUTIONS HAVE BEEN POSTPONED TO DEMONSTRATE "THE DESIRE OF GREECE TO CONTRIBUTE TO THE PROGRESS OF THE INVESTIGATION, FREE OF DISCUSSION OF EXTRANEOUS ISSUES."

"THE COMMISSION OF INVESTIGATION IS IN GREECE AND IS EXPECTED TO VISIT AS WELL ALBANIA, BULGARIA AND YUGOSLAVIA 'TO ASCERTAIN THE FACTS RELATING TO THE ALLEGED BORDER VIOLATIONS,'". DENDRAMIS SAID. "THE COMMISSION MUST NOT PERMIT ITS ATTENTION TO BE DIVERTED FROM ITS TASK OF FIRST LEARNING THE FACTS BY INVESTIGATING, IN THE BORDER AREAS, THE 'VIOLATIONS AND DISTURBANCES' WHICH ARE THE SUBJECTS OF THE INQUIRY ORDERED BY THE RESOLUTION OF DEC. 19, 1946, OF THE SECURITY COUNCIL.

"THE GREEK GOVERNMENT HAS NOTHING TO CONCEAL, BUT POSTPONEMENT OF 'ON THE SPOT' INVESTIGATION ON BOTH SIDES OF THE BORDER MAY WELL RESULT IN THE OBLITERATION OF IMPORTANT FACTUAL DATA NECESSARY TO THE ELUCIDATION OF THE CAUSES OF THE DISTURBANCES."

COMMISSION MEMBERS INFORMALLY ASKED THE POSTPONEMENTS IN ATHENS LAST WEEK AND THE GREEK GOVERNMENT COUNTERED WITH A PROTEST THAT THE GROUP WAS INTERFERING IN THE INTERNAL AFFAIRS OF GREECE.

UNDATED PEACE TREATIES (WITH PARIS)

BY THE ASSOCIATED PRESS

(NY) OF THE $1,330,000,000 ASSESSED AGAINST BULGARIA, FINLAND, HUNGARY, ITALY AND ROMANIA FOR REPARATIONS IN THE PEACE TREATIES SIGNED TODAY (MONDAY) IN PARIS, $900,000,000, OR SLIGHTLY MORE THAN TWO-THIRDS, GOES TO SOVIET RUSSIA, THE ONLY MAJOR POWER TO CLAIM SUCH PAYMENTS.

THE FIVE TREATIES BECOME EFFECTIVE AS SOON AS THEY ARE RATIFIED BY THOSE OF THE BIG FOUR POWERS WHICH WERE AT WAR WITH THE COUNTRIES INVOLVED. THE UNITED STATES SENATE MUST RATIFY ALL EXCEPT THE TREATY WITH FINLAND BEFORE THEY MAY BECOME EFFECTIVE. THE LOSERS MUST APPROVE AND OTHER NATIONS MAY SIGNIFY THEIR ADHERENCE TO THE TREATIES BY SIMILAR RATIFICATION.

BY THE TERMS OF THE NEW PACTS, DESIGNED TO BRING AN END TO THE WAR FOR THE AXIS STELLITES, RUSSIA IS AWARDED $100,000,000 IN REPARATIONS FROM ITALY; $300,000,000 EACH FROM ROMANIA AND FINLAND AND $200,000,000 FROM HUNGARY.

YUGOSLAVIA WINS $125,000,000 IN REPARATIONS FROM ITALY, $25,000,000 FROM BULGARIA AND $50,000,000 FROM HUNGARY, FOR A TOTAL OF $200,000,000. GREECE GETS $105,000,000 FROM ITALY AND $45,000,000 FROM BULGARIA. ETHIOPIA WAS GRANTED $25,000,000 FROM ITALY AND ALBANIA WAS GIVEN $5,000,000. CZECHOSLOVAKIA, THE ONLY OTHER NATION TO GET REPARATIONS, WAS AWARDED $50,000,000 FROM HUNGARY.

THIS MEANS THAT ITALY MUST PAY A TOTAL OF $360,000,000 IN REPARATIONS BULGARIA $70,000,000, ROMANIA, HUNGARY AND FINLAND $300,000,000 EACH.

THE TREATIES RIGIDLY LIMIT THE SIZE OF THE ARMIES, NAVIES AND AIRFORCES THE BEATEN STATES MAY HAVE IN THE FUTURE AND ALSO THE ARMAMENTS THESE FORCES MAY USE. ALL ARE PROHIBITED FROM

EXPERIMENTING WITH OR USING ATOMIC ENERGY OR ROCKETS AND NONE OF THEM MAY USE BOMBERS, SUBMARINES OR TORPEDO BOATS.

OTHER PROVISIONS OF THE TREATIES, IN BRIEF:

--TERRITORIAL--

ITALY--LOSES HER COLONIES IN AFRICA (ERITREA, SOMALILAND AND LIBYA) FINAL DISPOSITION OF WHICH MUST BE DECIDED BY THE BIG FOUR WITHIN A YEAR OR BE TURNED OVER TO UNITED NATIONS CONTROL; TRIESTE TO BECOME AN INTERNATIONALIZED TERRITORY UNDER UNITED NATIONS CONTROL; DODECANESE ISLANDS TO GREECE; LOSES SPECIAL RIGHTS IN CHINA AND MINOR AREAS TO FRANCE AND YUGOSLAVIA; REQUIRED TO RECOGNIZE THE INDEPENDENCE OF ALBANIA AND ETHIOPIA.

B17 (SEG)

BULGARIA--LOSES NO TERRITORY.

ROMANIA--LOSES BESSARABIA, HER EASTERN BORDER PROVINCE, TO RUSSIA.

HUNGARY--LOSES TRANSYLVANIA, ON HER EASTERN BORDER, TO ROMANIA, FROM WHICH HITLER TOOK IT FOR HUNGARY IN 1940.

FINLAND--LOSES THE NORTHERN PORT AND PROVINCE OF PETSAMO TO RUSSIA AND GIVES RUSSIA A 50-YEAR LEASE ON PERKKALA-UDD TO ESTABLISH A NAVAL BASE.

--ARMAMENTS--

ITALY--ARMY, NAVY, AIRFORCE AND POLICE LIMITED TO A TOTAL OF 297,500 MEN; 200 TANKS; 67,500 TONS OF WARSHIPS, EXCLUSIVE OF TWO BATTLESHIPS; 200 FIGHTER PLANES AND 150-NON COMBAT CRAFT; LONG-RANGE ARTILLERY AND AIRCRAFT CARRIERS PROHIBITED. WARSHIPS IN THE PRESENT ITALIAN NAVY NOT FALLING WITHIN THE WEIGHT LIMITATION, INCLUDING THREE BATTLESHIPS, FIVE CRUISERS, EIGHT DESTROYERS AND OTHER VESSELS, TO BE DISTRIBUTED AMONG THE BIG FOUR.

BULGARIA--ARMY, NAVY, AIRFORCE AND ANTI-AIRCRAFT FORCE LIMITED TO 65,000 MEN; 7,250 TONS OF WARSHIPS; 90 PLANES, INCLUDING 70 COMBAT TYPES.

ROMANIA--ARMY, NAVY, AIRFORCE AND ANTI-AIRCRAFT FORCE LIMITED TO 138,000 MEN; 15,000 TONS OF WARSHIPS AND 150 PLANES, INCLUDING 100 OF COMBAT TYPE.

HUNGARY--ARMY, AND AIRFORCE LIMITED TO 70,000 MEN; 90 PLANES, INCLUDING 70 OF COMBAT TYPE.

FINLAND--ARMY, NAVY AND AIRFORCE LIMITED TO 41,500 MEN; 19,000 TONS OF WARSHIPS; 60 PLANES.

--OTHER PROVISIONS--

BORDER FORTIFICATIONS--LIMITED TO PREVENTING DISTURBANCES AND MAINTAINING INTERNAL SECURITY.

DANUBE--THE BALKAN TREATIES PROVIDE FOR FREE NAVIGATION ON THIS VITAL CENTRAL EUROPEAN WATERWAY.

HUMAN RIGHTS--THE TREATIES CONTAIN GUARANTEES AGAINST RACIAL AND RELIGIOUS DISCRIMINATION AND BARS AGAINST A REBIRTH OF FASCISM.

COMPENSATION--IN GENERAL, THE LOSERS MUST MAKE GOOD WAR LOSSES OF ALLIED NATIONS' CITIZENS AT A RATE OF 66 2/3 CENTS ON THE DOLLAR.

INTERNATIONAL TRADE--ALL FIVE NATIONS MUST GRANT TRADE EQUALITY TO ALL NATIONS.

TROOPWWITHDRAWALS--BRITAIN AND THE UNITED STATES MUST WITHDRAW THEIR TROOPS FROM ITALY WITHIN 90 DAYS OF THE ITALIAN TREATY'S EFFECTIVE DATE AND RUSSIA MUST WITHDRAW HER TROOPS FROM BULGARIA IN A LIKE PERIOD; RUSSIA MAY KEEP TROOPS IN HUNGARY AND ROMANIA SO LONG AS NECESSARY TO MAINTAIN COMMUNICATIONS WITH OCCUPIED AUSTRIA.

BRITAIN MAY EXTEND POWER CUT FURTHER

Army and Navy Ordered to Stand By to Give Aid in Economic Dunkirk.

CHURCHILL STAYS CHALLENGE

Curb on Use of Electricity Is Expected to Be Applied to All of Island, Including Scotland.

London, Feb. 11 (A. P.).—The Laborite Cabinet, wrestling with Britain's critical coal famine, issued orders to the War Office and the Admiralty tonight to stand by to give whatever help was possible, and informed persons said the domestic electricity cuts may soon be extended to the entire nation, including Scotland. In the thirty-eight blacked out counties of England and Wales, meanwhile, factories were closed, unemployment queues lengthened, the dole was back, homes and stores were darkened and public indignation was rising.

For five hours a day in the affected counties—9 A. M. to noon; 2 to 4 P. M.—the use of electricity was prohibited in the homes of 22,000,000 persons, and at least 4,000,000 were reported unemployed because of the crisis, which is popularly called England's Economic Dunkirk. Also the weather turned freezing again as the nation dipped further into inadequate supplies of coal from the recently socialized mines, and more snow was forecast.

A Fuel Ministry official reported, however, that the conservative scheme saved 22,550 tons of coal yesterday or "33 per cent on the previous daily consumption." He added that public co-operation in voluntarily halting use of electricity for five hours daily was not so good today as yesterday. In many areas it is impossible to cut domestic power users from the lines that serve essential plants.

Churchill Delays Challenge.

Prime Minister Attlee's Cabinet met in special session at his unlighted residence, No. 10 Downing street. The Minister of Fuel, Emanuel Shinwell, was reported to have advised the Cabinet that the extension of domestic cuts to the entire kingdom would result in "substantial extra savings of coal." It was understood, however, that the new cuts would not affect industries outside the thirty-eight counties blacked out by yesterday's order.

In the House of Commons tonight Shinwell said he hoped that temporary arrangements could be made for coal-burning ships leaving the United States for Britain to load up with enough coal so that they would not have to be refueled in British ports. In answer to a question he added that no negotiations were in progress for the purchase of American coal for ship bunkering purposes during the fuel crisis.

Talk of a coalition government to steer the freezing country through the crisis was meanwhile junked. The Leader of the Opposition, Winston Churchill, belligerently blaming the Government for the coal shortage during a bitter debate in the House of Commons last night, slammed the door on such speculation with the curt announcement: "No coalition." And Hugh Dalton, the Chancellor of the Exchequer, made it clear that Attlee's Government would not consent to a coalition either.

Nevertheless Churchill withheld a motion to censure the Government which he had been expected to bring forward. Dourly he prophesied: "Things are going to get worse. I don't mean this particular emergency is going to lay us low, but the country is going to suffer increasingly and it will learn by suffering." He blasted the Government for "mismanagement, bad housekeeping, incompetence in high places and the progressive degeneration of our whole life."

Delays Motion of Censure.

Dalton invited Churchill to present his motion of censure, but Churchill said that he would await "another day." At another point, Dalton, who clashed repeatedly with Churchill during the debate, hinted at a tighter system of coal allocation and power rationing for the future, declaring: "We must never again enter winter with these grossly insufficient stocks of coal."

Meanwhile today opening prices were down fractionally on the stock exchange under liquidation prompted by the industrial shutdown, but there was no indication of distress selling. Some shares were off as much as two shillings (40 cents) with little demand evident.

Conservatives and Laborite politicians alike agreed that there was no immediate likelihood that Attlee's Government would fall. Opposition newspapers, however, renewed their charges that the Socialists had bungled the coal shortage, and street-corner posters appeared saying: "What a Mess! Put Churchill Back!"

Submarines May Help.

To deal with the emergency, the Cabinet was said to be considering all kinds of expedients, the use of submarines whose generators could furnish power for small towns, the use of flame throwers to melt the snow drifts blocking many railway lines and the use of Navy ships to escort colliers and possibly help coal barges up the Thames and other rivers through fog and ice. The

30. 24- 7833

Government has held the weather in great measure to blame for the coal famine, asserting that virtually all the coal-carrying railways were blocked and that seaborne deliveries from Welsh and Northeast ports were hampered. In this connection, Shinwell is understood to have told his Cabinet colleagues today that storms halted the sailing of all coal ships from the Northeast of England yesterday and that all mines in that area might be idle tomorrow because of a coal car shortage.

Also today a candle shortage was added to the fuel famine. Another result of the crisis was the temporary suspension of greyhound racing, the Fuel Ministry ruling out as unessential the use of electricity to operate the mechanical rabbit.

'Spec' to Suspend.

All weekly periodicals—including such standbys as the (Conservative) London Spectator and the (Liberal) Tribune—announced that they would suspend publication after next Saturday for the duration of the crisis. The British Broadcasting Company dropped all television broadcasts and its "highbrow" auxiliary program.

The daily newspapers, apparently at Government instigation, announced that they would revert to their wartime size tomorrow.

The return of the dole—with its grim associations linking it to the dark days of unemployment between the wars—was the hardest blow to the morale of the people. Those of the 4,000,000 idle not covered by union guaranteed wage contracts began queueing up for Government insurance of $4.80 a week for a man, plus a little more for a wife and children.

Both Conservatives and Laborites had their eyes on a by-election today in the Normanton Division of Yorkshire, where the Socialist candidate, G. O. Sylvester, a miners' union official, opposes the Conservative, J. E. Powell, a Birmingham professor, and W. D. Hartley, Independent.

Electricity Use Increases; New Restrictions Being Considered.

WILLIAMS

LONDON, Feb. 11—(AP) Great Britain's desperate campaign to build up its dangerously low coal piles proved a failure during the first 24 hours of its operation and the fuel ministry announced gloomily tonight that the public response to the appeal for power and coal conservation was "not so good."

The fuel ministry, fighting to ease the coal shortages which have shut down thousands of industries and thrown more than 4,000,000 persons out of work in 38 of the 64 countries in England and Wales, said the semi-voluntary coal and electricity savings scheme had failed to augment coal stocks at power stations in those counties.

Coal Supplies Dwindle

In the remaining 26 English and Welsh counties, the ministry added, coal supplies dwindled.

Although Prime Minister Clement R. Attlee, chief of the labor government which nationalized Britain's entire coal producing industry on Jan. 1, appealed to Britons Monday to use as little coal, power and light as possible, today's electricity usage was nearly 500,000 watts higher than Monday, the ministry said.

The usage report indicated the public was disregarding the power saving plan, and caused the ministry to term public cooperation "not so good."

In addition to apparent public disregard of the labor government's frantic pleas for economy, bitter, below freezing weather which forecasts said would last for "several days" more, hindered sea shipments of coal and caused a drop in production at the mines.

Only a trickle of coal was getting through to London via the snow-choked railway systems and over the choppy coastal waters, because of the weather 125 ships, carrying 195,000 tons of coal, were immobilized at Newcastle, chief coal port.

New Curbs Considered

The fuel ministry said further restrictions on the British public were being considered, including spreading power cuts to all of the United Kingdom except Northern Scotland, the introduction of double summer time and a universal curtailment of street lighting.

In desperation, the government turned to its army and navy tonight for ships and men, as well as mechanical equipment, to open coal supply lanes blocked by the worst winter storms in more than half a century.

A plan to use army flame throwers to melt huge snow drifts on the railway lines and highways, however, was termed impracticable by the war office. Hundreds of British and Polish soldiers and German prisoners of war already are attempting to shovel out the supply arteries.

Authorities are considering using more submarines to generate power for shore use. Already 26 are supplying naval dockyards with electricity, saving an estimated 2,000 tons of coal weekly.

There was no indication how long the emergency will last. Attlee and his cabinet reviewed the crisis at a special meeting today in unlighted No. 10 Downing street.

A large part of the responsibility for the domestic shutoffs—between 9 a.m. and noon and 2 p.m. and 4 p.m. in the 38 counties—rests upon individual householders, because it is technically impossible to discriminate between essential and non-essential users on the same power line.

Many suburban and main line trains were withdrawn to clear the lines for priority coal shipments. Peak-hour passenger traffic dropped more than 100,000 in London.

The House of Lords agreed to debate the coal situation Thursday.

Newspapers, apparently at the government's instigation, will revert tomorrow to their reduced wartime size. Several weekly periodicals suspended, and television broadcasts ceased. Londoners turned to candles to light their chill, foggy, homes—and the buying rush caused a candle shortage.

Stock Market prices sagged for the second day.

Despite parliamentary attacks by the conservative party, there appeared little immediate likelihood that the Attlee government would topple.

Several London newspapers raised the possibility that Britain might have to buy coal from the United States, and the Times said that this would be the "crowning humiliation."

BRITISH SHUTDOWN LAID TO WAR STRAIN

Bombings and Repair Delays Found Basic Causes of Electricity Shortage

TOMPKINS

LONDON, Feb. 11 (AP)—Britain's great electric power system, a pre-war world model of efficiency, is too war-strained to meet the assaults of a coal shortage, unusually severe weather and an all-out production drive.

The direct cause of the United Kingdom's unprecedented industrial shutdown in half the nation this week was a lack of coal to keep the steam-generating plants going full blast, but even under the best possible conditions someone would have to go short.

The strain is one of machines more than of men. Bombing put out of action many power plants. Postponement of overhauling let others run down.

The capacity of the generating plants now in operation is 10,689,000 kilowatts. Plant breakdowns and necessary stoppages for overhauls have brought this down to 8,738,000 kilowatts provided coal is sufficient. In severe weather, the Fuel Ministry estimates, the maximum simultaneous demand is for about 10,000,000 kilowatts.

774 Plants in System

The connected system of 774 plants is directed by the Central Electricity Board. This agency has blueprinted a construction program that calls for the erection of twenty new generating plants and extensions to fifty to sixty stations by 1950. This program will cost more than $800,000,000. The new plants would have a maximum output of 6,000,000 kilowatts.

The distribution of Britain's electric power hinges on the grid, a nation-wide connection system that picks up surplus power generated in one or more stations and carries it to other points for the best economic advantage.

The grid system, different from that of other countries, was described by an engineer of the Electricity Commissioner's office as "one power station for the whole country." He said the system enabled factories in all parts of the country to continue operation throughout the war without power cuts.

Owned by Central Board

The system, extending from Rannoch, Scotland, to Hayle, Cornwall, near Land's End, is owned by the Central Electricity Board.

The board was formed in 1926 by an act of Parliament to deal with the wholesale transmission of electricity and is a nonprofit organization, operating financially in the open market and not supported by the Government.

Under the system, there are 201 privately owned power stations and 373 municipally owned plants.

Britain's electric power plants consume 25,000,000 tons of coal a year to produce 32,500,000,000 kilowatts. It was estimated that 83 per cent combustion efficiency is obtained from coal.

BIG BEN IS DARK IN FUEL CRISIS

1947

London, Feb. 11 (A. P.).—Big Ben was darkened tonight for the duration of Britain's coal crisis. The famous clock atop the Houses of Parliament was relighted in May, 1945, after being blacked out during the war.

Irish 'Non-Essential' Coal Users Threatened

Dublin, Feb. 11 (AP)—Prime Minister De Valera's newspaper, the *Irish Press*, said today the Government would probably cut off coal supplies from non-essential consumers as a result of the British embargo on coal exports.

The British embargo has greatly increased the gravity of the coal shortage in Eire, which recently resulted in a reduction in railway service and cut gas service in Dublin to five hours daily.

The *Irish Press* said that non-essential industries "probably will have their existing supplies of coal cut off completely, while even the most essential undertakings will have further severe reductions imposed."

Gen. Clark Quoted on Russia

Reported Saying Freedom of Speech Does Not Exist in Soviet but Will in Austria.

London, Feb. 11 (A. P.).—Gen. Mark W. Clark was quoted by British official spokesmen as having told a Soviet diplomat today that "the cornerstone of democracy"—freedom of speech—is non-existent in the Soviet Union and that the United States wants no Allied Power to interfere with it in Austria.

The Soviet Deputy Foreign Minister, Feodor T. Gousev, quickly protested, these informants said, that "Clark's allegations imply that the Soviet Union intends to interfere in Austria's internal affairs" after the signing of an Austrian peace treaty.

The exchange came at a closed meeting of the Big Four Deputy Foreign Ministers' Council drafting an Austrian treaty.

The British spokesman gave this account of the discussion:

Clark said a proposed clause prohibting "Pan-German" propaganda in Austria was too broad. A similar ban has been in effect in occupied Austria, with the specific aim of preventing propaganda for another Austro-German union, he added.

"But whenever the word 'German' appeared in an Austrian newspaper in any context, the Soviet representative on the Allied Control Council objected and wanted to reprimand the editor," Clark said.

Question of Words.

Gousev asked Clark to say whether he feared Soviet interference in Austria after the treaty, and Clark replied that "lack of understanding of the words used might lead the Soviet Union or any other Allied power to interfere.

"In the United States," he continued, "we have freedom of speech and free expression, the cornerstone of democracy, which you do not have in the Soviet Union, and we do not want this kind of thing interfered with in Austria."

"This has nothing to do with the matter at hand, and I resolutely protest the allegations," Gousev retorted.

The Soviet deputy asked Clark again to explain his position, and the General replied: "I gave them once and they are in the record. Perhaps Mr. Gousev did not understand them, or more likely he did not like them."

Earlier, the deputies agreed on the phrasing of six non-controversial articles for the treaty's political section.

The conferees also agreed to call Austrian and Yugoslav Government representatives to a joint hearing Friday on Yugoslavia's claim to a part of the Austrian province of Carinthia.

CLARK, RED ENVOY CLASH ON FREEDOM OF SPEECH ISSUE

LONDON, Feb. 11. — (AP) U. S. Gen. Mark Clark and Feodor T. Gousev of Russia reportedly engaged in a verbal sparring match at today's closed meeting of the Deputy Foreign Ministers, with Clark declaring that freedom of speech did not exist in Russia and Gousev protesting the "allegations."

The differences arose as the deputies considered a treaty clause which would forbid Austria to unite politically with Germany and would prohibit propaganda designed to bring about such unity.

American sources said Clark told Gousev that the Austrian treaty should prohibit "Pan-German propaganda aiming at political or economic union with Germany."

Russian Objects

Gousev objected. He said all Pan-German propaganda, whatever its aim, should be prohibited.

Clark reportedly replied that Gousev's proposed ban was too far-reaching. A prohibition against all Pan-German propaganda had been tried in occupied Austria, Clark declared, and every time the word "German" appeared in an Austrian paper, the Soviet representative on the allied control council wanted to reprimand the editor.

British informants said the conversation then went like this:

Clark—"In the United States, we have freedom of speech and free

expression, the cornerstone of democracy, which you do not have in the Soviet Union ,and we do not want this kind of thing interfered with in Austria."

Gousev—"This has nothing to do with the matter at hand, and I resolutely protest the allegations."

Gousev then asked Clark to repeat and explain his statements. Clark replied:

"I gave them once, and they are on the record. Perhaps Mr. Gousev did not understand them. Or, more likely, he did not like them."

Lord Hood, British deputy and conference chairman this week, ended the discussion, and there were indications that the foreign ministers themselves would have to write the "anti-anschluss" clause at their meeting in Moscow next month.

Despite the sharp exchanges, the deputies agreed on six clauses in the proposed Austrian treaty, including one requiring free secret elections.

One word held up agreement on a suggestion that the German treaty force Germany to recognize Austrian sovereignty. The draft referred to the "treaty for Germany." Gousev reportedly did not approve—he contended it should be the "treaty with Germany."

PW 'Pipeline' For Nazis In England

London, Feb. 11 (AP)—Government sources disclosed today that British sympathizers had formed an underground pipeline through which some known Nazi prisoners of war were escaping from camps in this country to Europe.

They added that court proceedings would probably be instituted soon against the alleged organizers, after a two-month probe by detectives of Scotland Yard.

A Scotland Yard spokesman, confirming the existence of the pipeline, said there was no evidence to suggest its organization was "elaborate."

Moscow Report

The disclosure came soon after a Moscow radio commentator declared that "Nazi henchman," still armed and still at liberty in various parts of Europe, were "a definite danger to peace and security."

According to a Scotland Yard source, the pipeline organization rented a house in a south coast town for the fugitives. The helpers, the source said, were believed to have provided forged passports.

"The identities of the pipeline organizers are known at Scotland Yard," the informant added. "Formerly they were prominent members of a British Fascist group."

Call Tells Of 'Danger' To Royal Family's Ship

London, Feb. 11 (AP)—Police were told by telephone tonight that if they wanted the British battleship "Vanguard to reach South Africa, search it for bombs."

Scotland Yard dismissed the call—the latest in an innumerable series of "bomb-threat" telephone messages—as a hoax.

The Vanguard, with King Georg VI, Queen Elizabeth and the two princesses aboard, is well into the South Atlantic. Several weeks ago the royal family was threatened by an anonymous caller who said bombs had been planted in Buckingham Palace. No bombs ever were found.

Reich Propaganda Still Plagues U.S., Czech Says

Paris, Feb. 11 (AP)—Jan Masaryk, Czechoslovak Foreign Minister, said today he believed that German propaganda still was effective in the United States and was responsible for aggravating the rift between the East and the West.

He made the remark in a talk with French journalists, during which he was asked whether Czechoslovakia might be considered too much within the orbit of the Soviet Union. Masaryk's view was supported by his undersecretary, Vlado Clementis.

Cites Pastor Niemoeller

"There is still plenty of German propaganda about," Masaryk said. "Look at the welcome Pastor (Martin) Niemoeller—a man who had volunteered to serve in Germany's submarine service in this war—received when he reached the United States.

"He was greeted as if he were Mahatma Gandhi. In Los Angeles, 50,000 persons turned out to hear him. Mrs. (Eleanor) Roosevelt telephoned me that I should write some sort of article to counteract him. It was sad."

Clementis said: "When I was in New York for the United Nations meeting I had luncheon in a restaurant near Columbus Circle.

"Two women near my table, talking in German, spent the lunch hour lamenting how 'our poor Germans' were being treated. I know that is not an official attitude, but there seemed to be plenty of it in New York."

Masaryk and Clementis were in Paris for yesterday's signing of the peace treaties with the Axis satellite nations.

Treaty Revision Asked By Italy

Rome, Feb. 11 (AP)—Italy served notice today upon the twenty nations that wrote the Italian peace treaty that she felt entitled to a revision of the document, signed yesterday in Paris.

At the same time United States Ambassador James C. Dunn said his Government agreed with the Italian position that the treaty would not be binding until ratified by Italy's Constituent Assembly. He declined to discuss the situation that might arise in the Constituent Assembly failed to ratify.

Dunn, who presented his credentials last week, told a news conference he did not take seriously the anti-Allied demonstrations yesterday marking Italy's "day of mourning" for the signing of the treaty.

Arrests In Trieste

In Trieste ten persons were arrested yesterday during a pro-Italian demonstration protesting the treaty, which, when ratified, will make Trieste free international territory.

In Pola, industrial center near Trieste which will be turned over to Yugoslavia, British military authorities invoked a seventeen-hour curfew after the slaying of a British brigadier, R. W. M. De Winton, by an Italian woman described as a fanatical patriot. The woman was detained. British authorities said her name was Maria Pasquinelli.

Reported On Radio

An Italian Government note to the twenty nations that helped write the treaty said, "We all look forward, as Italians and as world citizens, waiting for a revision of what might paralyze or poison the life of a people of 45,000,000 human beings living upon a soil which cannot possibly nourish them."

Foreign Minister Carlo Sforza broadcast the note to the people and later repeated it on special broadcasts to the United States, Britain and France, prefacing it with an appeal to "friends of Italy" in all three countries.

"As Democrats"

Sforza told his home audience the Italian Government "esteems that it is both for the common good and in the direct interests of the great democracies that they should review their attitude and dealings with the whole Italian problem, which is an essential aspect of the problem of world reorganization."

To the Americans and British, he said his message was "a sincere statement of our feelings as Italians, as Europeans, as democrats."

To the French, he said:

"He who speaks to you has always maintained the necessity of a close relation between our two peoples, if we wish to save the heritage of the Latin civilization."

Dunn conferred with Sforza this morning. Later, he declined to speculate on the effective date of the treaty. He pointed out that the United States's signature itself was conditioned upon ratification by the United States Senate.

"But I won't say," he said, "that the signature (in Paris) has no value."

Helped Write Treaty

Dunn, former Assistant Secretary of State, who, as one of the four-power Foreign Ministers' deputies, helped write the treaty, said his mission here was to assist Italy in every way he could toward completion of her postwar reconstruction, so that she might "take her rightful place in the family of nations."

"We want nothing from Italy," he said.

Recalling that he was present at all of Premier Alcide de Gasperi's conferences during the Premier's recent visit to Washington, he said he never heard any American official suggest, as the left-wing press here has charged, that de Gasperi provoke a Cabinet crisis to get Communists out of the government."

Sforza View On Treaty

Rome, Feb. 11 (AP)—Foreign Minister Carlo Sforza called today for a revision of the Italian peace treaty signed yesterday at Paris, and declared that an Italy stripped of her colonies and some of her homeland "cannot possibly nourish" her 45,000,000 inhabitants.

Making public the text of a note delivered to twenty Allied countries before Italy signed the treaty, Sforza reiterated that the accord would not become effective until ratified by the Italian Constituent Assembly. His remarks were broadcast to the Italian people, and then were beamed to Britain, the United States and France.

The Foreign Minister declared that Italy had signed because she wanted to prove that she "faced squarely" the fact that it was "the only way of speeding the advent of a constructive peace in the world."

Looks Forward To Revision

He added, however, that "we all look forward, as Italians and as world citizens, waiting for a revision of what might paralyze or poison the life of a people of 45,000,000 human beings living upon a soil which cannot possibly nourish them."

James C. Dunn, the new United States Ambassador, said at a news conference that Washington agreed with the Italian position regarding approval by the Constituent Assembly. The pact also must be ratified by the United States Senate and legislative bodies of Britain, France and Russia.

Dunn said he did not take too seriously scattered anti-Allied demonstrations which attended Italy's day of mourning yesterday over terms of the treaty. Groups of students, angered by the ceding to Yugoslavia of portions of Venezia Giulia, had attacked the Yugoslav Legation and jeered in front of the United States, British and Russian embassies.

Curfew Imposed On Pola

A seventeen-hour curfew was imposed on Pola, former Italian shipbuilding center at the head of the Adriatic, after the fatal shooting yesterday of British Brigadier R. W. M. Dewinton by an Italian woman described as a "frantic patriot." The woman was here to help supervise the mass evacuation of Italians from Pola, one of the cities to be taken over by Yugoslavia. She was arrested immediately.

Ten persons were arrested in Trieste (which will become an international city) when they took part in a pro-Italian demonstration yesterday.

Pope To Address U.S. Children

Vatican City, Feb. 11 (AP)—Pope Pius XII will deliver a radio address February 19 to American Catholic schoolchildren in behalf of needy children in Europe and the Far East, the Vatican radio announced today.

Heads U. N. Refugee Board

GENEVA, Feb. 11 (AP).—The preparatory commission of the proposed International Refugee Organization elected Lieutenant General Maurice Pope, of Canada, chairman today and then recessed to await arrival of the United States delegation, which had been delayed by the weather.

Belgians to Confer With Schram

Brussels, Feb. 11 (A. P.).—Two representatives of the Brussels stock exchange left today for New York where they are scheduled to confer with American financiers on financial relations between Belgium and the United States.

The Ministry of Finance said Etienne C. Biernaux and Gaston Kleefeld will meet with Emil Schram, President of the New York Stock Exchange, on general questions of finance and currency.

Top Issues Knot Reich Council

Berlin, Feb. 11, (AP)—The four-power Government of partitioned Germany is virtually tied in knots at its top levels by disagreements on fundamental issues and is looking anxiously to the meeting of the Foreign Ministers Council in Moscow next month to solve its dilemma, high American authorities agreed today.

The Allied Control Council, supreme authority in Germany on which sit the four military governors, was scheduled to hold a regular meeting here yesterday but canceled it "for lack of items for the agenda."

Co-Ordinators Meet

There was substituted a meeting of the subsidiary Allied Co-ordinating Committee, composed of the four deputy military governors, which for weeks has been struggling, sometimes in acrimonious debate between the Americans and British on one side and the Russians on the other, to reach agreement on a quadripartite report on the German occupation to be presented to the Foreign Ministers.

Yet while the Control Council found no items for its agenda, the last monthly report on occupation affairs issued by Gen. Joseph T. McNarney, the American military governor, listed 45 matters still pending before the Council and the Co-ordinating Committee.

In the same report McNarney remarked that the Control Council for months had been merely "marking time" on minor matters and waiting for the Foreign Ministers to solve the major ones.

Many of these are fundamental issues and some are as old as the Control Council itself, mirroring the morass in which quadripartite government here is bogged. These issues have been brought up, debated without agreement, then either shelved or handed down to working committees for further debate and shelved again.

Most major disagreements stem out of unfulfilled sections of the Potsdam agreement, to which France was not a signatory. France has been blocking many agreements, but as many more exist between the western Allies and the Russians.

The pending matters at top level range from such fundamental issues as the economic unification of Germany and establishment of central German administrative agencies, as directed by the Potsdam agreement, to such minor matters as limitation of the number of firemen in Germany.

Unification Only In West

Unification has progressed only in the west, where the Americans and British have merged their occupation zones economically.

The Russians, who have refused repeated invitations to join this merger, claim that it represents not unification but a division of Germany into western and eastern halves.

Other issues ranging from uniform policies on reparations and religion, on scientific research to social security, wait upon the Moscow conference to break the deadlock.

Kommandantura Row Is Settled

Berlin, Feb. 11 (AP)—A dispute in the Allied Kommandantura for Berlin in which Soviet Major General Alexander Kotikov accused the Americans and British of "sabotaging" Berlin trade union elections was settled in the Kommandantura meeting today.

The Russians agreed that delegates to the Central Berlin Trade Union Conference should be selected uniformly throughout the city, a point upon which the Americans and British had insisted. Some of these delegates have represented 200 union members while others represented as few as 50.

The Russians also agreed that the eighteen delegates selected directly by the eighteen trade unions in Berlin would take their seats on the highest union body in the city, the FDGB, or Central Management Committee, without being subjected to any other test than an examination of the legality of their election.

The Russians previously had wanted to invest the management committee with the right to accept or reject the eighteen delegates of the unions at will. This would have permitted the committee, which at present is completely dominated by the Soviet-sponsored Socialist Unity party, to disapprove any delegate for any reason.

Berlin Coal Charge 'Lie,' Russ Say

Berlin, Feb. 11 (AP)—Soviet authorities today characterized as an "outspoken lie" an assertion by Col. Frank L. Howley, director of United States Military Government for Berlin, that the Russians had failed to fulfill a contract to deliver coal for house heating in Berlin from their occupation zone during the severely cold month of January.

Howley was quoted as saying the Russians had delivered "not one ton" of 100,000 tons they had pledged to deliver in exchange for iron, steel and other products from the American and British occupation zones. Tht interview appeared in the American-licensed newspaper *Dere Abend*.

The official Soviet News Bureau stated in rebuttal that "actually during January 37,780 tons of brown coal were delivered to Berlin and in the period from February 1 to 9 another 24,000 tons were delivered to the city government for distribution. Especially fortunate is the fact that the rate of these deliveries is increasing daily."

Col. William Dawson, AMG Official, Dies

Stuttgart, Germany, Feb. 11 (AP)—Col. William W. Dawson, 54, of Brecksville, Ohio, one of the most prominent members of the American Military Government in Germany, died here last night after an illness of several weeks.

Born in Wooster, Ohio, Colonel Dawson was a lawyer. He taught law at Western Reserve University from 1927 to 1942, when he took leave to enter the military service. From 1934-36 he was Mayor of Brecksville. He previously practiced law in Cleveland.

Dawson, who served in both World Wars, was director of the Regional Government Co-ordinating Office and previously was military director of Wuerttemberg-Baden province.

2 NAZIS MAKE OFFER

Nuernberg, Feb. 11 (A. P.)—Two German defendants offered today to undergo high altitude tests to show that they were harmless.

The offer was made by Dr. George Ruff and Dr. Hans Romberg, accused with twenty-one others of conducting experiments on human beings, some of whom died.

United States Prosecutor James McHaney objected that both men had undergone some such tests to the point at which they had developed a certain immunity. The tribunal took the question under advisement.

At another hearing bearing on similar war crimes charges, Dr. Erich Hippke, a German Air Force general, told the court trying Field Marshal Erhard Milch that the Nazi Air Force never knew that its freezing and high-altitude experiments had any fatal results.

Reich Is Given Anti-Trust Law

Berlin, Feb. 11 (AP)—A new trust-busting law immediately affecting 30 German business enterprises with assets of 3,000,000,000 Reichsmarks ($300,000,000) was published and went into effect simultaneously at midnight tonight in the British and American zones.

Designed to break up "excessive concentrations of German economic power" and put an end to monopolies and "restrictive business practices," and the new decartelization law is modeled after the United States Sherman Anti-Trust Act. It also forbids any enterprise from employing more than 10,000 persons.

Greeks To Get British Planes

Athens, Feb. 11 (AP)—Air Minister Themistocles Tsatsos announced today that a contract had been signed with the British Government for the delivery of airplanes and suffipplies to Greece.

The announcement coincided with dispatches from the North saying that planes were used to rout Leftist guerrillas in at least one of a series of clashes in recent days. These dispatches said Government troops had killed 95 guerrillas in the clashes.

Tsatsos would not specify the number of planes involved in the contract. The Rightist newspaper *Vradyni*, which has close connections with the Government, said the contract specified 300 craft, but official British sources said this figure was an exaggeration.

Plane Delivery Reported

The press report said the delivery of modern planes already had been started and that the machines were being based at Athens, Larisa and Salonika. It added that the equipment would be used to aid in quelling the leftists in the North.

Official reports here said four villages were captured in the Vermion Mountains area and twelve guerrillas were killed in one of the villages.

Neighbors "Blameless"

Meanwhile, Yugoslavia told the United Nations investigating commission that Greece's troubles were purely internal and that her northern neighbors were blameless.

The commission was inquiring into Greek complaints that disorders in the kingdom were fostered in Yugoslavia, Bulgaria and Albania.

Josip Djerje, Yugoslav liaison officer, said that Bulkjes, the camp at which the Greeks charged that guerrilla leaders were trained and sent across the border, was not a camp but a peaceful village.

Djerje charged that British policy had provoked the situation in Greece and that British troops must leave, asserting that "they think Greece is the Sudan." He said the Greek Government was trying to conceal the real reasons for its troubles and predicted the findings of the investigating commission would not "satisfy the Greek Government."

The Yugoslav statements followed the pattern previously set by Albania and Bulgaria.

GREEK BORDER TOWN RAIDED BY GUERRILLAS

ATHENS, Feb. 11—(AP) Heavily-armed leftist guerrillas, striking at a Greek village 10 miles from the Yugoslav border, killed 25 inhabitants, wounded 50 and seized 10, a press dispatch from Salonika said tonight.

The leftists struck at the village of Constantia, north of Mount Paikon, the correspondent of the Athens newspaper Embros said.

Mortars were used by the attacking force. The wife of Stavros Euthimiades, a populist party member of parliament, was among the 10 persons seized, the dispatch said.

The attack was made while a United Nations Commission was in Greece investigating Balkan disturbances. The Greek government has charged that Yugoslavia, Albania and Bulgaria have given aid and shelter to leftists making raids on Greek soil.

Hungarian Party Plans Call For New Elections

Budapest, Feb. 11 (AP)—A prominent member of the Small Holders party said today that leaders of the party, which has a majority in the Hungarian National Assembly, would call for new elections after the withdrawal of Russian occupation forces.

This spokesman said his party planned eventually to gain complete control of the Government, abolish such institutions as the Communist-dominated secret police and "set up a real constitutional democracy."

Meanwhile, he said, pending ratification of the peace treaty and withdrawal of the Russians, "we will passively resist."

He said he had heard on what he considered reliable authority that the political police and political departments of the War Ministry were "beating and starving" some persons arrested in what the Communists said was a plot to restore the regime of Admiral Nicholas Horthy.

Dowbed Yanks Honor Bucharest Benefactors

Bucharest, Feb. 11 (AP)—A bronze tablet inscribed "To those women of Bucharest who attended us with courage and devotion" was unveiled today by Brig. Gen. Courtlandt Van R. Schuyler, chief of the United States Mission to Romania, on behalf of 580 former members of the United States Air Force.

The men were shot down over Romania during the war and were given treatment in St. Elizabeth's Hospital. The tablet has been placed in that institution.

Present at the ceremony were Mrs. Wynona Schuyler, of Maplewood, N.J.; Lieut. Col. H. Case Wilcox, of Utica, N.Y.; Capt. Lawrence G. Leisersohn, of New York city, and Sam Buta, of the United States Information Service, of Salem, Ohio.

Priest, 2 Ex-Officials Doomed

BELGRADE, Feb. 11 (AP). — A court in the Bosnian city of Banja Luka today sentenced to death a Catholic priest and two former provincial officials of the wartime puppet Yugoslav regime. The priest, Dr. Nikola Bilogrivic, was sentenced to be shot on a charge of participating in the forcible conversion of members of the Serbian Orthodox Church. Former Governor Viktor Gutic was sentenced to be hanged and former Vice-Governor Feliks Nedjelski to be shot.

Russ Report Record Parliament Vote Cost

Moscow, Feb. 11 (AP)—Returns from elections for the Supreme Soviet (Parliament) held Sunday in seven of the all-union republics and the sixteen autonomous republics indicated today a record participation by eligible voters.

Advices from four of the seven union republics showed the following percentages participating: Azerbaijan, 99.9 per cent; Georgia, 99.9; White Russia, 99, and the Ukraine, 98.

It was estimated that more than 90 per cent of the votes cast were for the bloc of party candidates headed by Prime Minister Stalin. An announcement last night said that Stalin received every vote in his district for re-election to the Supreme Soviet of the Russian Soviet Federal Socialist Republic.

BOMBS THROWN, 12 REPORTED HURT IN CITY

Irgun Blamed For Attack On Anti-Terrorist Political Club

Jerusalem, Feb. 11 (AP)—Bomb-hurling Jewish extremists fought anti-terrorist Jews in the heart of Tel Aviv tonight in a battle in which at least a dozen persons were injured, reliable private sources said.

It was the first major clash of Jew against Jew in Palestine since British military forces began the enforcement of extraordinary security measures in an effort to stamp out underground violence. The fighting broke out as police and military forces waited tensely for an expected new wave of terrorism.

According to the informants, the fighting began when youths "presumed to be adherents of the Irgun Zvai Leumi," an underground extremist group, attempted to storm the clubrooms of Hashomir Hatzair, an outspokenly anti-terrorist Jewish political party.

Series Of Fires Started

Hurling "Molotov cocktail" bombs—bottles filled with gasoline—into the clubrooms, the attackers started a series of fires. These were quickly extinguished.

During the battle seven occupants of the clubrooms and at least five of the attackers were wounded, the informants said.

The tense Holy Land was made even more jittery when a loud but harmless explosion shook the harbor at Haifa, 50 miles north of Tel Aviv.

There also was a report from a private source that a ship with several hundred Jewish refugees was approaching the Palestine coast, apparently in preparation for an attempt to run the immigration blockade. This would mark the second attempt in the last few days to get refugees into the Holy Land.

Intercepted Off Haifa

Last week end a schooner loaded with 650 persons was intercepted off Haifa by the British and the Jews were trans-shipped to Cyprus.

The explosion in Haifa harbor was officially explained as the deliberate firing of a depth charge by a port launch. The police officially denied that the port area had been cleared of personnel, although reports from police sources a half-hour before the explosion said a warning had been received of the planting of a bomb and that all residents and workers in the port area were ordered to clear out.

Regular Practice

The dropping of depth charges in Haifa harbor has been a regular practice since "frogmen" swam out to the deportation ship Empire Heywood last September and attached to its hull a mine which caused considerable damage.

Today's incident was sufficient to give a case of the jitters to most of Palestine. Police and military forces stood at the alert all day long in expectation of a new outbreak of terrorism.

Four events had been expected to make today a day of crisis for Palestine—the possible execution of Dov Bela Gruner, young Hungarian Jew of Irgun Zvai Leumi, the sentencing of death yesterday by a military court of three more Jews for participating in violence, the British seven-day ultimatum expiring yesterday demanding co-operation of official Jewish agencies in the suppression of terrorism, and possible publication of the latest British long-range plan for the Holy Land.

No Indication Of Execution

The day passed, however, without any indication that Gruner had been executed. Attorneys in London had taken steps to carry an appeal for him to the Privy Council, Britain's highest court of appeal.

Nor had Irgun Zvai Leumi yet made good its threat to carry out reprisals for the sentencing to death of Jews without waiting for confirmation of their sentences by the British commander.

Weight to the speculation that Irgun might react violently today was given by the announcement yesterday by the Jewish Agency that it had rejected the British ultimatum for co-operation against terrorism—a co-operation which the Jews said would make them informers and spies against their own people.

British Plan Not Published

Neither had the British plan for Palestine been published officially although it had been shown to both Jewish and Arab representatives in London who had rejected it.

As far as the British were concerned the comparative quiet was just a "move in the battle of nerves."

The new barbed-wire barricades about Jerusalem's security zones were tightly guarded. Gun carriers and armored cars patrolled throughout the day. There was a general alert throughout the country.

Five Hotels Searched

Military searches were carried out in parts of Tel Aviv, including five hotels, where 123 persons were screened and six detained.

In Rehoveth, police reported an exchange of fire with a group of youths who were posting pamphlets.

The Jewish press expressed "horror" at the death sentences pronounced for three young Jews who were arrested for carrying arms and whips the night last December when British soldiers were flogged in reprisal for the whipping-post punishment of Jews.

U.N. May Get Problem

London, Feb. 11 (AP)—The British Government probably will take up the question of referring the entire Palestine problem to the United Nations now that both Arab and Jewish spokesmen have indicated their rejection of Britain's latest scheme for the Holy Land, official sources said today.

Moshe Shertok, Jewish Agency political chief, told a news conference that Britain's newest plan proposed breaking Jewish settlements into local fragments, "hem Jewish settlers in their present positions" and exclude a "good number of Jewish settlements

from the Jewish areas."

He said this territorial division of Palestine was one reason why the Jews would submit their formal rejection of the plan to Ernest Bevin, Foreign Secretary, and Arthur Creech Jones, Colonial Secretary, tomorrow, and would not even consider the plan as a basis for discussion.

Bevin and Creech Jones are to meet Arab representatives tomorrow also. This may be the last full session of the Arab-British conference on Palestine.

CHIANG CONFERS WITH LEADERS IN FINANCIAL CRISIS

By FRED HAMPSON

SHANGHAI, Feb. 11 — (AP) Chiang Kai-shek today asked his leading financial and economics experts for suggestions to end the nation's financial debacle as Chinese inquired anxiously, "is this the beginning of the end?".

For the third straight day, the Chinese national currency toboganned at a record speed, losing as much as 2,000 points in a single hour in relation to the U. S. dollar.

The yuan (Chinese dollar) plunged to 19,000 to $1 on the black market—a one-day drop of 4,500 points. The official exchange rate is 3,350 to $1.

Food Costs Soar

From Canton to Peiping the Orientals' staff of life, rice, soared. Hoarders cleaned out stocks in many shops in Shanghai. In many cities, merchants withdrew their stocks rather than sell for the cheapening yuan.

The answer to the question, "is this the beginning of the end?" usually took the form of another question: "If this is a major inflation, what is the end?"

Chiang, presumably as worried as any Chinese, conferred at his presidential residence in Nanking with Premier T. V. Soong and other top experts. A government spokesman declined to comment on the conference or on possible economic measures proposed "because of the possibility of provocative effects in an already confusing situation."

Chinese newspapers said the financial, legislative and economic committee of the legislative Yuan (counsel) held a secret session to discuss recommendations that the government halt all transactions in the U. S. dollar and in gold bars.

There seems to be little question that China is perilously near chaos. But China has lived at the edge of chaos ever since the war ended, so what would be an abysmal crisis elsewhere might be endured by the long suffering Chinese.

Prices soared in all major cities —and presumably in villages—as news reached them that Shanghai prices, always quick to react, went up.

Payrolls Go Up

In Shanghai, this forecast a big increase in the cost of living index for February, which means that payrolls will increase automatically under an employer-employe agreement. In January, payrolls went up 23 per cent, causing many businesses and industries to suspend. Businessmen expressed doubt whether many are in a position to withstand another such jump.

Two Chinese newspapers in Shanghai quit publication because of rising costs and a third was reported ready to quit.

There was a growing feeling that China's economy, commerce and what claim she still has to the position of a major world power was tottering with her money.

CHIANG TO SIFT FALL IN CURRENCY

Shanghai, Feb. 11 (A. P.).—Generalissimo Chiang Kai-shek was reported today to have summoned China's top economic experts for an urgent review of the nation's financial crisis as the wildly inflated Chinese dollar plummeted to a new low.

Shanghai was a city of confusion as the value of the Chinese dollar fell for the third straight day. Prices soared in other cities when news of the currency crisis reached them.

In Nanking a spokesman for the Executive Yuan declined to confirm the reported meeting of Chiang and his experts. He would not comment on economic measures "because of the possibility of producing provocative effects in an already confusing situation."

When exchange markets closed today, one American dollar, worth 13,500 Chinese dollars at the opening, would buy 18,500. Ten-ounce gold bars sold for 9,100,000 Chinese dollars, up nearly 2,500,000 from the opening price.

Storekeepers jacked prices 50 to 100 per cent daily. Shanghai's residents could not decide whether to stock up at today's fantastic prices or gamble on tomorrow's exchange.

Endless streams of cars and trucks blocked traffic around filling stations as owners bought up gasoline.

From Canton to Peiping the price of rice skyrocketed. Hoarders had cleaned out the stocks of many shops in Shanghai by nightfall. In many cities reluctant merchants withdrew their stocks rather than accept Chinese currency.

PEIPING PLANS MORE DEFENSE

3,000 Chinese Communists Raid Near-By Tunghsien

Peiping, Feb. 11 (AP)—Government military leaders moved to bolster the defenses of Peiping and environs today after 3,000 Chinese Communists in a bold raid sacked and burned parts of Tunghsien, 13 miles east.

Military leaders met at Chiang Kai-shek's Peiping headquarters while the smoke still rose from a dozen Tunghsien buildings put to the torch before the raiders withdrew after several hours of bloody occupation yesterday.

Chinese newspapers reported 200 persons slain in the brief but furious onslaught in which the main attacking force broke through the east gate while others used ladders to scale Tunghsien's walls.

Armored Train Sent Out

The few hundred defenders put out a hurried call for help and a Government armored train, sent out along a spur line ending at Tunghsien, helped rout the Communists.

Buildings reported set afire were a district Government building housing a jail, a police station, railroad depot, water tower, supply offices, an army hospital and a military building.

[The attack appeared to be similar to many hit-run onslaughts the Communists have made in the Peiping area the last few months to harass Government defenders and disrupt communications.]

Lucas, Gillem Confer

Maj. Gen. John P. Lucas, head of the United States advisory group in Nanking, came to Peiping to confer with Lieut. Gen. Alvan C. Gillem, Jr., American commissioner at truce headquarters, and a reliable source said Lucas's group would maintain a section here after headquarters is disbanded. The advisory group consults with Chinese Government leaders on military matters.

The Communists at headquarters were scheduled to fly to their own areas tomorrow on United States transports. Fourteen, including Hsu Ta-nien, secretary to Gen. Chou En-lai, the No. 2 Communist, will go to party headquarters at Yenan. Others will fly to their southern Hopeh base, Hantan.

Soviet Repatriates 110,000 Japanese

Tokyo, Feb. 11 (A. P.).—Russian repatriation directors have to date returned more than 110,000 Japanese from Soviet areas. The United States commander of naval activities in Japan said the Russians now are exceeding their stipulated monthly quota of 50,000 repatriates. Approximately 77,000 Japanese were repatriated in January and it was expected 60,000 would be returned home this month.

There still are about 1,000,000 Japanese to be repatriated from Russian zones in Asia.

50 Rob Rubber Plant In Tokyo

Tokyo, Feb. 11 (AP)—Fifty robbers, riding ten trucks, one automobile and one tricycle, invaded a factory today and forced the watchmen to surrender 4,200 sacks of crude rubber valued at $42,000, police reported.

280 Axis Nationals Shipped From Japan

Yokohama, Feb. 11 (A. P.).—Two hundred and eighty Germans and Austrians were put aboard the transport Marine Jumper today as the Allied occupation army began repatriation of all foreign Axis nationals in Japan.

Philippines Seen For Equal Rights

Manila, Feb. 11 (AP)—One month from today the Philippines' 3,000,000 registered voters will decide the controversial issue of equal privileges for American investors.

High administration advisers predict that the proposed grant of equal rights to Americans in exploitation of the islands' natural resources and in ownership of public utilities will be approved by a 75 or 80 per cent margin in the national plebiscite.

Since November 19, when President Manuel A. Roxas fired the opening gun for parity in an address to Philippine University students, he has pressed an unremitting campaign throughout the republic.

Former President Sergio Osmena, while committing himself personally in favor of parity, refused to enter an active campaign. Members of his conservative wing of the Nacionalista party have actively opposed Roxas's views.

Asks Amnesty for Huks

Philippine Legislator Says Rural Areas Approach Anarchy

MANILA, Feb. 11 (AP).—A Philippines Congressman, declaring that rural areas of his province are "fast degenerating into anarchy," proposed today that amnesty be granted Hukbalahap armed peasants.

"The simple folk of Laguna are in a constant state of apprehension, fearing the arrival in their vicinity of elements of the outlawed organization or military police or civilian guards," Congressman Estanislao Fernandez said.

Convicted in Death of 1,200

One Japanese to Die, Five Get 20 Years for Philippine Massacre

MANILA, Feb. 11 (AP).—Six Japanese soldiers were convicted by a United States Army war-crimes tribunal today of perpetrating the massacre of 1,200 unarmed Filipino civilians at Taal, Batangas Province, in February, 1945. Second Lieutenant Shinpei Hagino was sentenced to death, and the five others were sentenced to Sugamo prison in Tokyo for from twenty years to life.

Twelve survivors of the massacre told how 200 Filipinos were packed into the lower rooms of a house in Taal and dynamited.

Butler Visits McNutt

Manila, Feb. 11 (AP)—Robert W. Butler, United States Ambassador to Australia, arrived here today aboard Ambassador Paul V. McNutt's official plane for an informal visit. McNutt visited Butler in Canberra last month.

Six Billion Budget Voted By House, Senate Group Slash

GEN. EISENHOWER FILES PROTEST ON ARMY FUNDS CUT

Means Crippling of Defense Plans, Chief of Staff Tells Committee.

DEBATE IS HEATED

Armed Forces' Share of Proposed Reduction Placed at $1,750,000,000.

WASHINGTON, Feb. 11—(AP)—A Senate-House budgetary subcommittee voted for a $6,000,000,000 slash in President Truman's $37,500,000,000 budget today in the face of an emergency protest by Gen. Dwight D. Eisenhower against cutting army funds.

Just before the final subcommittee vote the chief of staff rushed to the capitol.

It was learned that he protested that any reduction of army funds would cripple defense plans.

Senator Gurney (R-SD) later figured the armed forces' share of the cut at $1,750,000,000.

One senator said Eisenhower agreed that some reductions could be made in army funds but that he wanted Congress to know just what would happen.

Army Cuts Protested

Certain army camps must be closed and a large number of civil activities of the army engineers will be shut down, the general told congressional budget makers.

It was learned that the reduced budget would call for elimination of about half a million persons now on federal payrolls.

A bitter wrangle over the question whether such a slash would impair the nation's defense preceded the vote.

Chairman Gurney (R-SD) of the senate armed services committee declined to join in the voting, declaring:

"I wouldn't vote for anything that hamstrings our national security."

The 20-man subcommittee approved the budgetary cut by an 8 to 2 vote, with three members declining to ballot. It sent its recommendation up to the 102-member senate-house budget committee for action, probably on Friday.

The Congressional Reorganization Act requires congress to review President Truman's budget and set its own ceiling on federal spending by Feb. 15.

Gurney, as the subcommittee adjourned its tumultuous four-hour session, gave this statement to reporters:

"I did not vote for the motion.

"I should not want to jeopardize the national security right at the time General Marshall (secretary of state) has so many problems, I couldn't vote for anything that hamstrings the national security."

Gurney declared the $6,000,000,000

30.24-7837

budgetary slash would mean a $1,750,000,000 cut in funds for the army and navy.

Taber Denies Gurney Charge

Rep. Taber (R-NY), chairman of the joint budget committee, sharply disagreed with Gurney's statement, saying "we have no desire to hamstring anybody."

Chairman Bridges (R-NH) of the senate appropriations committee concurred in Taber's comment and said "it was the feeling of the majority that we have in no way impaired the national security."

Those joining Gurney in declining to vote were Senators George (D-Ga) and Barkley (D-Ky). Reps. Cannon (D-Mo) and Mahon (D-Texas) voted against the resolution.

Those approving it, as reported by Bridges, were Senators Bridges and Millikin (R-Colo), and Reps. Taber, Wigglesworth (R-Mass), Dirksen (R-Ill), Reed (R-NY) and Doughton (D-NC).

Knutson, chairman of the tax framing House Ways and Means committee, declared the budgetary slash would open the way for a reduction in individual income taxes. He is battling for a 20 per cent "across the board" slash.

Before adopting the $6,000,000,000 cut, proposed in a motion by Senator Bridges, the subcommittee turned down, 8 to 5, a substitute motion by Millikin, chairman of the senate finance committee, which would have made a budgetary slash of $4,500,000,000.

Rep. Cannon, former house appropriations chairman, said there was no "rhyme or reason" in the $6,000,000,000 figure, adding that "they just simply reached out into thin air and got it."

Cannon has offered a resolution in the house proposing to delay action on the budget ceiling until April 15, in order to permit further studies.

The subcommittee did not say in its resolution how much of the proposed slash should be applied to debt retirement, but some Republicans have indicated that half might be applied to the debt and the other half to facilitate tax reduction.

Changes Seen

Members who sat in the stormy subcommittee sessions said privately that meeting of the full 102-member joint committee Friday may bring numerous protests and possible changes.

Bridges said he will battle against any attempt to "break down" the estimate and ceilings into specific items or agencies. He said that is the work of the appropriations committee of the two houses.

Bridges also insisted that Senator Gurney's estimate that army and navy funds would be cut $1,750,000,000 plus another $500,000,000 in War Department civil activities was not exact.

Reductions well might be made in funds for other agencies so that the service forces would take much smaller cuts, Bridges said.

The compromise proposal by Millikin to slice expenditures by only 4 billion dollars was defeated 8 to 5.

Bridges said this vote was: For the compromise, Senators Gurney, Millikin, George and Barkley and Rep. Doughton; against Senator Bridges and Reps. Taber, Wigglesworth, Dirksen, Cannon, Mahon, Knutson and Reed.

Congress Urged To Demand Return Of Roosevelt Papers

1947

Washington, Feb. 11 (AP)—Senator Ferguson (R., Mich.) today urged Congress to demand return of "boxcars of public papers" he said had been removed by the late President Roosevelt, as well as the 900-volume diary of former Secretary of the Treasury Henry Morgenthau, Jr.

Ferguson told the Senate that these and papers taken by other recent Cabinet members were "removed without complying with the law."

In addition to Mr. Roosevelt and Morgenthau the Republican senator criticized removal of papers by the late Harry Hopkins, close adviser to Mr. Roosevelt and former Secretary of Commerce; Harold Ickes, former Secretary of the Interior, and Henry L. Stimson, former Secretary of War.

Says Laws Cover Cases

"There is not the slightest authority to the agency heads to cart away records in any form on their own," Ferguson told the Senate after offering his opinion that present Federal laws covering the distribution, removal and preservation of public papers are adequate.

"The United States is not intended to stand by helpless while public officials carry away records on the simple assertion that they are 'personal files,'" Ferguson said.

Ferguson devoted much of a lengthy speech on "public papers" to the recent request by John Snyder, present Treasury secretary, for return of the Morgenthau papers.

Old Criminal Law Cited

"I contend the archivist has the right to call upon the Attorney General of the United States to assist him in making this recovery, or in prosecuting individuals who unlawfully remove records from Government agencies and repositories," the Senator said.

The archivist is official custodian of public papers and was given special authority under 1934 and 1943 acts, Ferguson said. He also noted that a criminal law, nearly 100 years old, prescribes a penalty of $2,000 fine, three years in jail, or both, for removal or destruction of official papers.

Ferguson was a member of the special joint congressional committee that investigated the Pearl Harbor attack. He said this committee was unable to obtain all official papers of President Roosevelt or a personal diary kept by the then Secretary of War Stimson, dealing with incidents prior to the Pearl Harbor disaster.

He suggested that the newly created Senate Expenditures Committee should demand return of all these official papers for a complete examination.

Ferguson said most official papers had been taken because of "hyperegotism" or in hopes of "cash dividends from published articles, books and collected papers."

What Are Public Papers?

Concluding, Ferguson asserted that "our age seems to be marked with an obvious deterioration of individual moral standards, a flagrant disregard by men on the highest levels for what used to be known by the old-fashioned words of honor and integrity."

Senators from both parties interrupted Ferguson frequently to discuss what are public papers and what are not. Minority Leader Barkley (Ky.) asked whether Ferguson so considered a transcription of a telephone conversation, or a carbon copy of a letter written by a senator.

"If it deals with public business, I think it is," Ferguson replied.

Points To War Department

He said he was trying to get at a reported plan by the War Department to destroy all war contract bids except those accepted and acted upon, and a reported plan to remove from the same department th efiles of subversive activities.

Ferguson said the only gap in present law is lack of a requirement that a public officer make "a record with discharge of his public trust."

"Now he can do business out of his hat if he so desires," the Senator declared.

WAR SECRETARY BACKS LILIENTHAL

Patterson Stresses Military's Interest in Atomic Board Posts.

WASHINGTON, Feb. 11. — (AP) Secretary of War Patterson made an unheralded appearance before a Senate committee today to endorse David E. Lilienthal as chairman of the Atomic Energy Commission amid a controversy that threatened to erupt into an historic fight.

Patterson declared that Lilienthal was qualified "by character, ability and loyalty" for the post. The War Department, he added, "has a strong interest in phases of atomic energy development" and the commission posts are "of extreme importance."

Taft Opposition Reported

Prospects of powerful new opposition to Lilienthal's confirmation sprang up with a report that Senator Taft (R-Ohio) would vote against the presidential appointee.

Friends of Taft said the Ohio senator took his stand because Lilienthal is "a new dealer."

Another witness, Dr. Arthur E. Morgan ousted by President Roosevelt in 1938 as chairman of the Tennessee Valley Authority, testified that Lilienthal aspired to be "irresponsibly in power" and had issued "dishonest" public statements.

Morgan, who followed Patterson as a witness before the Senate section of the joint Atomic Energy Committee, conceded that Lilienthal had "excellent abilities in some ways."

Lilienthal succeeded Dr. Morgan as TVA chairman.

Taft himself said he had no public statement at this time. Friends of the Ohio lawmaker represented him as saying that he had no idea what stand the Republican delegation would take generally, but that he would vote against Lilienthal.

A Democratic senator declared the fate of the appointment might hinge on whether Taft chooses to make a party fight on the dispute.

Many senators regard him as their leader on domestic policies.

However, atomic energy has many international implications, and Senator Vandenberg (R-Mich), Senate presiding officer and chairman of the Foreign Relations Committee, is the focus of power there among the Republicans.

Vandenberg, in general, has questioned Lilienthal sympathetically in the committee and most of his associates take it for granted he will vote to confirm him.

Bridges, Wherry Opposed

Chairman Bridges (R-NH) of the Appropriations committee and Senator Wherry of Nebraska, the Republican whip, already have announced their opposition to Lilienthal. Seventy-eight-year-old Senator McKellar (D-Tenn), who bitterly opposed Lilienthal throughout his TVA career, is continuing his fight before the Atomic committee.

Senate Approval Of Treaties To Take Time

1947

Washington, Feb. 11 (AP)—State Department officials estimated today that it may be two weeks before the Senate receives the peace treaties with four of Germany's World War II satellites which were signed in Paris yesterday.

President Truman and Secretary of State Marshall are known to favor prompt delivery of the pacts for ratification, but a long and involved diplomatic formula must be satisfied first.

Chairman Vandenberg (R., Mich.) of the Senate Foreign Relations Committee said that when the treaties are submitted he wants former Secretary James F. Byrnes as well as Marshall to explain them at committee hearings. He said these should not take long.

Senator Connally (D., Texas), ranking minority member of the committee, declared he believes there will be little "real opposition" to ratification. He forecast a full review of American foreign policy, however, in the speeches which will precede the Senate vote.

The Procedure

Before the pacts with Bulgaria, Romania, Hungary and Italy can go to Capitol Hill, there will be these steps:

1. Plates will be made in Paris of the original of each treaty and copies struck off for each of the nations whose representatives signed the document.

2. These copies will be certified by the signers.

3. Copies will be dispatched to Washington and other capitals.

4. Marshall will prepare a report for the President on the terms and negotiations.

Then Up To White House

Then the White House will ask ratification.

The process was outlined by State Department officials who noted that, even with modern facilities, ten days was required to produce and distribute the necessary certified copies of the United Nations Charter.

[The Treaty of Versailles after World War I was signed June 28, 1919, and President Wilson sent it to the Senate twelve days later. The Senate defeated it November 19 and it was not until July 1, 1921, that Congress passed a joint resolution declaring peace with Germany and Austria. The Senate ratified the resultant peace treaty the following October 18.]

SOME HESSE GEMS STILL MISSING

1947

WASHINGTON, Feb. 11 — (AP) The Army provost marshal general's office announced today it still is searching for part of the stolen Hesse crown jewels without any idea how much still is missing.

Maj. John D. Salb, chief of the investigation section of the provost marshal general's office, issued a statement saying so many of the valuables in the $1,500,000 collection "have been broken up we cannot tell which are missing and which have been found although broken up."

His statement said the case still is "an open case," and the search for gems still missing would continue until "we are satisfied we have recovered all the jewels it is possible to recover."

Salb said his statement was prompted by reports that as much as two-thirds of the fortune taken from Kronberg Castle, Germany, occupied by American forces as a rest camp, still was unaccounted for.

The court martial trial of Col. Jack W. Durant, air forces officer charged in connection with the theft, will resume tomorrow at Army headquarters here.

Clark Pledges Full Eisler Case Airing

Washington, Feb. 11 (AP)—Attorney General Tom C. Clark assured the House Committee on Un-American Activities today that Communist Gerhard Eisler is going to stay in this country until the Justice Department has sifted a list of accusations against him.

Chairman J. Parnell Thomas (R., N.J.) asked Clark in a letter to proceed against Eisler immediately on charges that he has committed perjury, conspired to overthrow the Government, evaded income tax and falsified a passport.

Clark replied in a public statement: "The Department of Justice has continuously refused to permit Gerhard Eisler to depart from the United States and will not permit him to leave until the matter is concluded."

"Crackdown Long Overdue"

Recalling that he asked Clark last October to "crack down on the Moscow-directed fifth column operating in the United States," Thomas declared in his letter yesterday:

"Frankly, I feel that this 'crackdown' is long overdue and I sincerely hope that prosecutive action is forthcoming in the case of Eisler and his 'comrades.'"

Clark's statement said the Justice Department will continue to co-operate with Thomas's committee "as it has in the past."

3 Senators Eyed For Parley Role

Washington, Feb. 11 (AP)—President Truman was said today to be considering asking one of three Republican members of the Senate Foreign Relations Committee to substitute for Senator Vandenberg (R., Mich.), as an adviser to Secretary of State Marshall at Moscow.

The three Republicans mentioned by Democratic colleagues aware of the plan are Senators H. Alexander Smith, of New Jersey; Bourke B. Hickenlooper, of Iowa, and Henry Cabot Lodge, Jr., of Massachusetts. Indications point to Smith as the most likely choice.

Vandenberg, who served with Senator Connally (D., Texas), as an adviser to former Secretary James F. Byrnes, has said he does not want to go to the opening of the Foreign Ministers Conference next month. He indicated, however, he would later answer any "S O S."

Mention Of Dulles

Friends say the Michigan Sena-

tor thus far has made no recommendation to Mr. Truman for a substitute. While it is generally supposed that Vandenberg would lean toward the selection of John Foster Dulles, Mr. Truman is said to believe that a Republican who has a voice in the Senate ought to sit in as a front-rank adviser.

If this arrangement is made it is understood that Dulles, who served as foreign affairs adviser to Gov. Thomas E. Dewey in the 1944 presidential campaign and who has attended most of the international conferences since, would be asked to go along in the same trouble-shooting role.

Austin For Smith

Of the three senators mentioned, there are strong indications that Ambassador Warren R. Austin, who now heads the American delegation to the United Nations, prefers Smith. Smith, 67-year-old former Princeton University official, was formerly a member of the Republican National Committee.

He announced in the Senate yesterday his support of the Vandenberg-Millikin compromise plan to keep the reciprocal trade-agreements program in operation, asserting that economic co-operation must keep pace with politicial co-operation.

The White House was said to have passed over the possibility of inviting Senator White, of Maine, to attend the conference because of his duties as majority leader. Senator Capper, of Kansas, was regarded as too advanced in years for a rigorous trip to Moscow in mid-winter. Senator Wiley, of Wisconsin, has often been critical of the Administration's foreign policies.

On the Democratic side, Senator Connally (D., Texas) has indicated he will go to Moscow if the President wants to send anybody with Marshall at the start of the conference. The Texan has said, however, that he prefers to be present when the Senate takes up four of the Balkan peace treaties signed in Paris yesterday.

Green Appeals to Bevin

WASHINGTON, Feb. 11 (AP)—President William Green of the American Federation of Labor asked Foreign Secretary Bevin today to "avoid" imposing martial law in Palestine and remove barriers "quickly" for the immigration of Jews. Mr. Green sent his message from Miami.

U. S. to Round Up 'Artist' Loot Brought Home by Armed Forces

WASHINGTON, Feb. 11. — (AP) Artistic and historical loot brought home by members of the American armed forces is to be rounded up for return, and the government threatens prosecution for refusal to give up any such objects worth $5,000 or more.

The plan was disclosed today in a memorandum drawn up by the State Department and circulated in the War and Navy Departments. It declares:

$5,000 Set as Limit

"The introduction of looted objects of art into this country is contrary to the general policy of the United States and to the commitments of the United States under the Hague convention of 1907, and in case of objects of a value of $5,000 or more is a contravention of federal law. It is incumbent on this government, therefore, to exert every reasonable effort to right such wrongs as may be brought to light."

The preamble of the memorandum refers to cultural objects "imported into this country by members of the armed forces."

To carry out the program, the memorandum provides that the State Department send to all museums, libraries, art galleries, antique dealers, and book sellers a circular asking them to be alert for looted art and to notify the department immediately of any information they have. Such letters already have gone out.

The circular also provides that:

1. The State Department will write "all known holders of such objects who have been unwilling to give them up," formally requesting surrender of the material.

2. In the case of objects valued at $5,000 or more, the Justice Department will be asked to bring suit under the National Stolen Property Act if the request for surrender is not complied with.

Will Be Returned

Looted art taken from Germany, Austria, Japan or Korea is to be turned over to the War Department for transport to military government authorities in the country of origin. If it is impossible to deliver the material to the country immediately, the National Gallery of Art will be asked to assume temporary custody.

When objects owned by countries with diplomatic representation in the United States are surrendered, the material will be turned over to the proper embassy or legation.

The instructions developed out of a recommendation made last year by the American commission for the protection and salvage of artistic and historic monuments in war areas. The recommendation was sent to General John H. Hilldring, assistant Secretary of State for occupied areas.

ALASKA PULP SUPPLY DESCRIBED AS HUGE

WASHINGTON, Feb. 11 (AP) — Alaska can produce one-fourth the newsprint that the United States currently consumes and the United States Forest Service is interested in helping her to do so, Frank Heintzleman, regional forester of Juneau, said today.

Mr. Heintzleman said he has temporarily cast aside his Alaskan duties in order to peddle the pulp paper possibilities of the Territory.

"I have spent twenty-eight years up there, familiarizing myself with every phase of forest control, and I am convinced that Alaskan pulp and paper mills could compete on a commercial basis with the mills of Canada, Newfoundland and other areas," he asserted.

The Forest Service is primarily interested in the development of the 80,000,000,000 board feet of spruce, hemlock and other commercial timber in Southeastern Alaska for pulp and paper purposes, Mr. Heintzleman said.

"We have cruised hundreds of thousands of acres and believe Southeastern Alaska could produce 3,500 tons of newsprint a day in perpetuity—more than one-fourth the rate of consumption in the United States," he added.

Senators to Study Puerto Rico

WASHINGTON, Feb. 11 (AP)—Senator Hugh Butler, Republican, of Nebraska, chairman of the Senate Public Lands Committee, announced today that six members of his Congressional group will leave Feb. 18 on an inspection trip to Puerto Rico. They are: Mr. Butler and Senators Guy Cordon of Oregon, Henry C. Dworshak of Idaho, George W. Malone of Nevada, and Zales N. Ecton of Montana, all Republicans, and Joseph C. O'Mahoney, Democrat, of Wyoming.

GOP CHAIRMAN SAYS NEW DEAL WAS CORRUPT

Basic Rights Suppressed, Declares Reece; Assails 'Unholy Alliance'

Chicago, Feb. 11 (AP)—Carroll Reece, Republican national chairman, tonight declared that evidence was being uncovered that the New Deal administration was "corrupt, as well as inefficient and extravagant."

"We may expect additional evidence along that line during the coming months," he said, addressing a Lincoln Day dinner of the Illinois State Republican Committee.

Reece did not elaborate, but went on to say:

"Now the days of reckoning are arriving. One of them occurred on November 5, 1946; another will come in November, 1948. However, at the moment, the task which is presented to the American people is to pull together and by hard work and thrift and self-sacrifice repair the damage which has been done."

"Inevitable Accompaniment"

Reece said that during the past decade and a half the United States "has strayed far away from the principles enunciated by Lincoln, and far away from the principles under which this nation has attained a position of power and a state of prosperity unequalled elsewhere."

"We have seen the growth in Washington," he added, "of an irresponsible and confused bureaucracy, many members of which seem to be intent upon suppressing, or at least disregarding, the basic rights of our citizens.

"More recently, we are beginning to uncover evidence that, in some parts at least, this bureaucracy was corrupt, as well as inefficient and extravagant. That need not surprise us. Corruption is the inevitable accompaniment of irresponsible power."

Chicago "Misgoverned, Looted"

The GOP chairman said millions of American citizens are denied the right to vote in Southern States and continued:

"I am sure the citizens of Chicago are not unaware of the fact that this intolerant and powerful group in the South has been one of the most powerful allies of the political machine which for many years past has misgoverned and looted this city.

"I feel quite confident that if Abraham Lincoln were alive today, and if he were in Chicago, he would denounce this unholy alliance and call upon the people of this great city to complete the job which was started last November by breaking the power of this machine forever.

Reece Urged For President

"You citizens of Chicago have a great opportunity to do just that in the municipal election to be held this year."

Reece is a former representative from Tennessee. At Nashville yesterday, the State Republican executive committee unanimously recommended his nomination for President in 1948.

When a previous such mention was made in January, Reece said his position was that the national committee should not "select" candidates, but "elect" those the party chooses.

BENTON DISCLOSES INFORMATION MOVE

Chicago, Feb. 11 (A. P.).—Assistant Secretary William Benton disclosed today the State Department is considering its own negotiations with other governments to remove specific barriers to the free international flow of information. Benton said the negotiations would supplement rather than substitute for efforts of the United Nations toward the same end.

"We must recognize frankly that under present circumstances any international agreement that could receive more than partial acceptance would have to be couched in very general terms," Benton said in an address before the Inland Daily Press Association.

"If present attitudes prevail, even those terms could be interpreted as meaning one thing in one country and another in the next."

Benton added that "bilateral agreements might also productively be extended to include a mutual statement of principles on the maintenance of freedom of speech and press within national boundaries; maintenance of freedom of information across national boundaries; abolition of censorship; guaranties of freedom of movement for reporters; mutual guaranties protecting reporters from intimidation, punishment and expulsion."

Arctic Test Not Pointed At Russia, Devers Says

Fort Knox, Ky., Feb. 11 (AP)—The United States is not "pointing" at Russia or any other nation by staging army tests in Alaska, Gen. Jacob L. Devers, commander of the Army Ground Forces, declared here today.

The general arrived at Fort Knox today from Alaska, where he spent eight days inspecting Arctic tests. He made a rapid inspection of the universal military training experimental unit on his way to Washington.

Devers said World War II gave the War Department plenty of experience in planning desert and hot-weather warfare, "but we learned too little about fighting in extreme cold."

He said the weather in Alaska tested everything from men and machines to guided missles and wind-proof tents under the worst conditions.

President Truman's liason officer with the commission on universal training, Lieut. Gen. Raymond S. McLain, also visited here today. He said the commission will visit Fort Knox next month.

COLUMBIANS HAD WORLD-WIDE GOAL, SAYS PROSECUTOR

ATLANTA, Feb. 11 — (AP) A Nazi-like scheme for world domination by the anti-Negro, anti-Jew Columbians, Inc., was outlined to a jury today by the state as it opened prosecution of the first indictment against high officials of the organization.

"This act of violence was the minor part of a general conspiracy," said Solicitor General E. E. Andrews of a riot charge against executive secretary Homer L. Loomis, Jr., of New York.

Charges World Plot

He charged that President Emory Burke of the Columbians and Loomis entered into a "general conspiracy" for the organization to establish domination in Atlanta and eventually the entire world as they spread their doctrine of race hatred. He added that "young boys who could easily be persuaded" to do "their street fighting" were enrolled.

Both Loomis and Burke were indicted on the riot charge in connection with the blackjacking last October of a Negro, Clifford Hines.

A severance was granted on motion of Burke's counsel and the state proceeded with the trial of Loomis.

The riot offense is a misdemeanor, with a maximum penalty on conviction of 12 months in a public works camp, or six months in jail and a $1,000 fine.

Loomis appeared in court wearing the organization's brown shirt with the thunder-bolt shoulder patch. Some four other members were similarly dressed but Burke was attired conservatively in a blue suit.

A veteran who served with the army's Second Armored Division, Loomis leaned over to confer frequently with his father, a New York admiralty lawyer who resides on Park Avenue.

The elder Loomis objected strenuously as the prosecutor told the court the state would prove the conspiracy for world domination. He argued that the statements were designed solely to "flame passion" but his objection was overruled.

Andrews told the jury that Burke and Loomis with their "program of hate and violence' hoped to establish domination of "white Gentiles."

Terrorism Charged

Andrews said the Columbians "zoned certain sections of Atlanta" with members in charge to prevent Negroes from "hanging around or loitering in white neighborhoods." He said Negroes violating their order would be killed and they even "planned to dynamite the city auditorium" and the home of Editor Ralph McGill of the Atlanta Constitution who had been critical of their activities.

Early witnesses testified that Hines was attacked by four members of the organization as he walked down a street. They added that police arrived after the Negro had been loaded into an automobile and took charge.

Andrews told the jury Loomis, who did not participate, ordered the Columbians to patrol the area.

The prosecution's major witness is expected to be Ralph Childers, former member of the organization who gave the state evidence upon which suit later was filed to revoke the Columbian charter. The indictment against Loomis charges Childers participated in the assault upon the Negro.

A similar indictment against Burke is scheduled for trial after the Loomis case. Also pending are indictments against the two charging usurping police powers and illegal poesession of dynamite.

British Ship Struck To Divert Coal

Portland, Ore., Feb. 11 (A. P.).—The crew of the British-owned steamship Hartington struck today in demand that a shipment of coal be diverted from Singapore to England.

E. G. Redin, spokesman for the crew of twenty-one, said: "England in her coal crisis should get every bit of aid we can give her."

Alaska Road Kept Open

Edmonton, Alta., Feb. 11 (AP)—While populated portions of Canada battle snowstorms that brought record-breaking suspensions of rail and highway traffic, more than 1,600 miles of the Alaska highway has been kept open to traffic all through the winter, highway control officials in Edmonton said today.

Romantic Troubles Of British Girl Worse

Welch, W.Va., Feb. 11 (AP)—The romantic troubles of Eileen Edwards took a new turn for the worse today with the result marriage plans again were put on the shelf.

Eileen ruefully disclosed that John S. Renn, McDowell county clerk, had refused to honor a cablegram as bona fide evidence of parental consent for the London girl to wed William Theodore Crabtree, 19-year-old coal miner of Superior.

She had announced only yesterday receipt of a cable from her parents in London giving their blessing to the proposed marriage, and said the ceremony would take place Saturday.

With today's new turn of events, she said she would write her mother an airmail special-delivery letter asking that she put her approval in her own handwriting. Renn also stipulated that the consent letter should be notarized in England.

Austin, Gromyko Debate Arms

Lake Success, N.Y., Feb. 11 (AP)—The United States and oviet Russia clashed over motives in the United Nations Security Council today in a long debate on the scope o fa proposed United Nations arms commission.

Warren R. Austin, United States delegate, demanded that the Security Council settle the question "now, once and for all" in a way that would prevent any possible attempt to open up the American atomic bomb secrets.

Andrei A. Gromyko, Soviet delegate, criticized Austin for "stubborn" insistence that the Security Council specifically keep the functions of the arm commission and the United Nations Atomic Energy Commission separate.

Depicits Austin Viewpoint

The Russian said Austin had made it clear that the United States envisaged some future situation in which Russia would take a position in the Arms Commission conflicting with that of the United States and that was the motive behind Austin's stand.

Gromyko also revealed that when the Atomic Energy Commission report comes up in the Security Council he will make a new move to outlaw atomic weapons.

Austin told the Securtiy Council fo rthe first time in public just why the United States insists that the proposed commisison must not encroach on the atomic commission.

Gromyko's speech in Russian plus translation into French and English required more than two hours. The Council adjourned at 7.03 P.M. until tomorrow when debate on the arms question will continue.

Information Call At Issue

Austin said that:

1. The proposed resolution setting up the commission calls for information on armed forces of the United Nations.

2. Andrei A. Gromyko, Soviet delegate, said in General Assembly debate last December that any such troop and armaments census should include full information on all types of armament, including atomic weapons.

3. This still is the view of the Soviet Union.

4. This is why the United States feels that the jurisdiction of the two commissions must be clearly defined now.

No Further Concessions

The United States, he emphasized, will make no further concessions.

Austin was the first to speak as the Security Council began debate on a double-edged resolution drafted by a six-nation committee last week. This resolution failed to break the deadlock between the United States and Soviet Russia over the jurisdiction of the arms and atomic commissions.

The resolution provides that the Security Council consider as soon as possible the report submitted by the Atomic Energy Commission December 31 and to make suitable decisions in order to facilitate its work.

"Exclusion" Clause Involved

Paragraph 3 contains the principal difference between Russia and the United States. The version favored by the United States would set up a commission of eleven members to prepare within three months proposals for the general regulation and reduction of armaments and armed forces and for practical and effective safeguards.

It provides that the commission shall submit a plan of its work to the Council for Council approval and it states that matters coming within the competence of the Atomic Energy Commission "shall be excluded from the jurisdiction of the commission hereby established."

An alternative Paragraph 3 submitted by the six-nation committee left out the reference to the rules for the commission's work and the specific statement that the arms commission work shall be separate from the jurisdiction of the atomic commission.

Hopes For Breaking U.N. Arms Deadlock Fade

Lake Success, N.Y., Feb. 11 (AP)—Virtually all hope was given up today of breaking the American-Russian deadlock on the United Nations program for world-wide arms limitation.

Authoritative sources said if the deadlock could not be broken when the Security Council meets late today the arms program may be sidetracked temporarily for a cooling-off period.

Only Russian agreement to the United States view can prevent this.

U.S. Holding Firm

American sources said the United States delegation was holding "firm" to its stand that the proposed disarmament commission should not invade the field of atomic energy.

FACTORIES WERE CLOSED. UNEMPLOYMENT QUEUES LENGTHENED. THE DOLE WAS BACK. HOMES AND SOTRES WERE DARKENED. PUBLIC INDIGNATION MOUNTED.

THE WEATHER TURNED FREEZING AGAIN AS THE NATION DIPPED FURTHER INTO INADEQUATE STOCKS FROM THE RECENTLY SOCIALIZED MINES AND MORE SNOW WAS FORECAST. STOCK PRICES SAGGED. WINSTON CHURCHILL SHOUTED IN PARLIAMENT LAST NIGHT ABOUT "INCOMPETENCE IN HIGH PLACES."

GREYHOUND RACING STOPPED. WEEKLY PERIODICALS SUSPENDED. TELEVISION BROADCASTS CEASED. TRANSIT SERVICE IN LONDON WAS CUT AND 60 ELECTRIC SUBURBAN TRAINS WERE SUSPENDED. CANDLES WERE SHORT IN THE FOGGY ISLANDS WHERE USE OF ELECTRICITY WAS ALREADY PROHIBITED IN HOMES OF 38 COUNTIES FOR FIVE HOURS DAILY, AFFECTING 22,000,000 PERSONS. AT LEAST 4,000,000 WERE REPORTED UNEMPLOYED BECAUSE OF THE CRISIS, POPULARLY DUBBED AN "ECONOMIC DUNKERQUE."

PRIME MINISTER ATTLEE'S CABINET MET IN A SPECIAL SESSION AT THE UNLIGNTED NO. 10 DOWNING STREET. CHURCHILL HAD ATTACKED THE LABOR GOVERNMENT FOR "MISMANAGEMENT, BAD HOUSEKEEPING, INCOMPETENCE IN HIGH PLACES AND THE PROGRESSIVE DEGENERATION OF OUR WHOLE LIFE."

THE NEW CUTS, IT WAS UNDERSTOOD, WOULD NOT AFFECT INDUSTRIES EXCEPT THOSE IN THE 38-COUNTY AREA ALREADY BLACKED OUT BY THE ORIGINAL CONSERVATION ORDER. INFORMED SOURCES SAID THE EXTENDED DOMESTIC CUTS WOULD BE EFFECTIVE FOR THE SAME FIVE HOURS DAILY, FROM 9 A.M. TO NOON AND FROM 2 TO 4 P.M., THAT IS EFFECTIVE IN THE 38 COUNTIES.

SECOND LEAD COAL

BY ROBERT HEWETT

LONDON, FEB. 11-(AP)-THE LABO[illegible]NMENT CABINET, WRESTLING WITH THE UNPRECEDENTED COAL SHORT[illegible]SSUED ORDERS TONIGHT TO THE WAR OFFICE AND ADMIRALTY TO STAN[illegible] GIVE WHATEVER HELP WAS POSSIBLE.

ALL KINDS OF EXPEDIENTS WERE [illegible]ERED. THESE INCLUDED THE USE OF MILITARY FLAME THROWERS A[illegible]ULLDOZERS TO CLEAR SNOW DRIFTS FROM RAILWAYS, THE USE OF RADAR [illegible]RD WARSHIPS TO GUIDE COLLIERS AND BARGES THROUGH FOG AND ICE, A[illegible] THE USE OF SUBMARINES TO GENERATE ELECTRIC POWER FOR COAST[illegible] TOWNS.

INFORMED SOURCES SAID THE CABINET SOON MIGHT EXTEND THE DOMESTIC ELECTRIC CUTS TO THE ENTIRE NATION, INCLUDING SCOTLAND.

OPPOSITION LEADER WINSTON CHURCHILL, BELLIGERENTLY BLAMING THE LABOR GOVERNMENT FOR THE CURRENT COAL SHORTAGE DURING BITTER DEBATE LAST NIGHT IN THE HOUSE OF COMMONS, SLAMMED THE DOOR ON SUCH SPECULATION WITH THE CURT DECLARATION: "NO COALITION."

HUGH DALTON, LABORITE CHANCELLOR OF THE EXCHEQUER, MADE IT CLEAR AT THE SAME TIME THAT PRIME MINISTER ATTLEE'S GOVERNMENT WOULD NOT CONSENT TO SUCH A COALITION EITHER.

NEVERTHELESS, CHURCHILL WITHHELD "FOR ANOTHER DAY" A MOTION FOR PARLIAMENTARY CENSURE OF THE GOVERNMENT WHICH HE HAD BEEN EXPECTED TO MAKE. HE ACCUSED THE GOVERNMENT OF "INCOMPETENCE IN HIGH PLACES" FOR ITS HANDLING OF THE CRISIS WHICH HAS SHUT DOWN MORE THAN HALF OF ENGLAND'S FACTORIES, BUT URGED THE PUBLIC TO COOPERATE IN A POWER CONSERVATION PROGRAM TO AVERT ECONOMIC DISASTER.

ATTLEE, GRAVELY ATTRIBUTING THE COAL CRISIS TO THE SEVEREST WINTER IN 50 YEARS, TOLD THE BRITISH IN A NATIONWIDE BROADCAST LAST NIGHT THAT HE WAS CONFIDENT "WE WILL COME THROUGH THIS IF WE PULL TOGETHER."

HE ALSO APPEALED TO THE PUBLIC IN 38 ENGLISH AND WELSH COUNTIES TO OBSERVE THE GOVERNMENT BAN AGAINST THE USE OF ELECTRICITY IN HOMES FOR FIVE HOURS DAILY AS ONE MEANS OF CONSERVING FUEL.

ESTIMATES OF THE COAL SAVED RANGED FROM 25 TO 75 PERCENT OF NORMAL CONSUMPTION AS A RESULT OF THE FIRST DAY'S TOTAL POWER CUTS TO INDUSTRY AND THE FIVE-HOUR CUT TO DOMESTIC USERS, WHICH BLACKED OUT SOME OF THE BUSIEST INDUSTRIAL AREAS IN THE LAND.

BOTH CONSERVATIVES AND LABORITES HAD THEIR EYES ON A BY-ELECTION TODAY IN YORKSHIRE'S NORMANTON DIVISION, EXPECTED TO SERVE AS A HANDY GUAGE OF PUBLIC OPINION ON THE COAL CRISIS. SOCIALIST G.O. SYLVESTER, A MINE UNION OFFICIAL, OPPOSES CONSERVATIVE J.E. POWELL, A BIRMINGHAM PROFESSOR, AND W.D. HARTLEY, INDEPENDENT.

THE CONSERVATIVES HAD LITTLE HOPE OF WINNING THE ELECTION, SINCE THE DIVISION IS A LABOR STRONGHOLD WHERE TOM SMITH, WHO RESIGNED FROM THE HOUSE TO SERVE ON THE NATIONAL COAL BOARD, WON BY A 22,000 MAJORITY IN 1945. THEY EXPECTED, HOWEVER, THAT THE SIZE OF POWELL'S VOTE WOULD REFLECT CURRENT PUBLIC SENTIMENT.

THE RETURN OF THE DOLE--WITH ITS GRIM ASSOCIATIONS LINKING IT TO THE DARK DAYS OF UNEMPLOYMENT BETWEEN WARS--WAS THE HARDEST BLOW TO THE MORALE OF STOIC BRITONS.

THOSE OF THE 4,000,000 IDLE NOT COVERED BY UNION GUARANTEED-WAGE CONTRACTS BEGAN QUEUEING UP FOR GOVERNMENT INSURANCE OF $4.80 A WEEK FOR A MAN, PLUS A LITTLE MORE FOR A WIFE AND CHILDREN.

APPROXIMATELY 22,000,000 RESIDENTS IN THE 38 BLACKED OUT COUNTIES WENT WITHOUT ELECTRICITY IN HOMES, OFFICES, STORES AND RESTAURANTS FROM 9 A.M. TO NOON AND FROM 2 P.M. TO 4 P.M. CANDLES WERE LIT IN GOVERNMENT OFFICES AS CLERKS CONTINUED WORK.

THE MINISTER OF FUEL AND POWER, EMANUEL SHINWELL, WHO ONCE WAS A SEAMAN'S UNION ORGANIZER AND SERVED FIVE MONTHS IN A GLASGOW JAIL FOR INCITEMENT TO RIOT, WAS REPORTED TO HAVE ADVISED THE CABINET THAT AN EXTENSION OF DOMESTIC CUTS TO THE ENTIRE KINGDOM WOULD RESULT IN "SUBSTANTIAL EXTRA SAVINGS OF COAL."

CONSERVATIVES DEMANDED THE RESIGNATION OF SHINWELL, 62-YEAR-OLD SON OF A JEWISH CLOTHING MERCHANT. SHINWELL'S WIFE DEFENDED HIM IN AN INTERVIEW:

"RESIGN? WHY SHOULD HE RESIGN? I'D LIKE TO SEE THEM PUT ANYONE ELSE IN THERE WHO COULD DO HALF AS WELL."

CONSERVATIVES AND LABOR POLITICIANS ALIKE AGREED THERE WAS NO IMMEDIATE LIKLIHOOD THAT ATTLEE'S GOVERNMENT WOULD FALL. NON-PARTISAN WRITERS, INCLUDING THE PARLIAMENTARY REPORTERS, AGREED THAT LABOR MEMBERS OF PARLIAMENT WERE SOLIDLY BEHIND THE CABINET, ALTHOU SOME WERE CRITICAL BECAUSE THE GOVERNMENT HAD NOT ACTED DRASTICALLY EARLIER.

CHURCHILL, FOR THE CONSERVATIVES, AND HUGH DALTON, FOR LABOR, RULED OUT ANY POSSIBILITY OF A COALITION GOVERNMENT LAST NIGHT. STREET CORNER POSTERS APPEARED SANWLZWHAT EERR

CHURCHILL, FOR THE CONSERVATIVES, AND HUGH DALTON, FOR LABOR, RULED OUT ANY POSSIBILITY OF A COALITION GOVERNMENT LAST NIGHT. STREET CORNER POSTERS APPEARED SAYING: "WHAT A MESS, PUT CHURCHILL BACK."

OPPOSITION NEWSPAPERS RENEWED CHARGES THAT THE SOCIALISTS HAD "BUNGLED" THE COAL SHORTAGE.

LOCAL POWER COMPANIES MADE NEW CUTS IN VARYING DEGREE IN MANY SECTIONS OF THE "FREE" AREA, THE COUNTIES OUTSIDE THE REGION COVERED BY THE GOVERNMENT'S ORIGINAL CONSERVATIVE ORDER.

APPARENTLY AT GOVERNMENT INSTIGATION, NEWSPAPERS ANNOUNCED THEY WOULD REVERT TO THEIR REDUCED WARTIME SIZE TOMORROW UNTIL FURTHER NOTICE.

THE CABINET WAS SAID TO BE CONSIDERING ALL KINDS OF EXPEDIENTS TO DEAL WITH THE NATIONAL EMERGENCY.

THESE INCLUDED THE USE OF SUBMARINES WHOSE GENERATORS COULD FURNISH POWER FOR SMALL TOWNS, AND THE EMPLOYMENT OF FLAME THROWERS TO MELT SNOW DRIFTS BLOCKING MANY RAIL LINES.

THE GOVERNMENT BLAMED THE WEATHER AS THE PRINCIPAL FACTOR IN THE CRISIS. IT SAID PRACTICALLY ALL COAL-CARRYING RAILWAYS WERE BLOCKED AND THAT SEABORNE COAL DELIVERIES FROM WELSH AND NORTHEAST PORTS WERE HAMPERED.

SHINWELL ASSERTED IN PARLIAMENT LAST NIGHT THE COAL FAMINE MIGHT BE A "BLESSING IN DISGUISE" BY FOCUSSING PUBLIC ATTENTION ON THE NEED OF MORE YOUNG MINERS IN THE 1,500 NATIONALIZED PITS. HE WAS UNDERSTOOD TO HAVE TOLD HIS CABINET COLLEAGUES THAT STORMS HALTED THE SAILING OF ALL COAL SHIPS FROM THE NORTHEAST YESTERDAY AND THAT ALL MINES IN THAT AREA MIGHT BE IDLE TOMORROW BECAUSE COAL CARS WERE SHORT.

ONE OF THE EMERGENCY MEASURES UNDER OFFICIAL CONSIDERATION WOULD EMPLOY NAVY SHIPS TO ESCORT COLLIERS AND POSSIBLY HELP COAL BARGES UP THE THAMES AND OTHER RIVERS IN THE EVENT OF FOG OR ICE.

THERE WAS NO INDICATION HOW LONG THE EMERGENCY WOULD LAST. ADDITIONAL THOUSANDS JOINED THE INITIAL UNEMPLOYED DURING THE DAY.

DOMESTIC CONSUMERS WILL CONTINUE TO RECEIVE RATIONED POWER SUPPLIES NEXT WINTER. DALTON, CHANCELLOR OF THE EXCHEQUER, TOLD THE HOUSE OF COMMONS:

"RESTRICTIONS WILL BE PLACED ON THE VERY GREAT INCREASE IN THE DOMESTIC USE OF ELECTRICITY."

30 24-78 41

FUEL MINISTER EMANUEL SHINWELL, UNDER HEAVY FIRE FOR HIS HANDLING OF THE COAL SUPPLIES, REITERATED HIS BELIEF THAT THE POWER EMBARGO WOULD LAST "POSSIBLY A WEEK" BUT EMPHASIZED THAT THE LENGTH OF THE CRISIS DEPENDED ON THE COLD WAVE WHICH HAS BLOCKED RAIL LINES WITH SNOW, CLOSED SOME MINES BY FREEZING MACHINERY AND HELD MANY COAL SHIPS IN PORT.

THE UNFRIENDLY WEATHER, WHICH BROUGHT A THAW SUNDAY NIGHT, TURNED TO FREEZING AGAIN LAST NIGHT AND FORECASTERS PREDICTED MORE SNOW ON THE WAY.

ATTLEE, HIS WEARY VOICE STRAINED, SAID IN HIS BROADCAST THAT THE WEATHER, DEPLETED COAL STOCK PILES CAUSED BY THE WAR, THE ABSENCE OF MINERS FROM THE PITS AND RESUMPTION OF PEACE-TIME INDUSTRY ALL HAD COMBINED TO CAUSE THE CRIPPLING SHORTAGE. THE MINES WERE NATIONALIZED BY THE GOVERNMENT JAN.1.

EDITORIAL REACTION TO HIS STATEMENT RANGED FROM A TIMES COMMENT LABELING IT AN "UNCONVINCING ACCOUNT" TO COMMENDATION FROM THE LABORITE DAILY HERALD.

"THE LATEST TORY ATTEMPT TO START AN ANTI-GOVERNMENT STAMPEDE HAS MISERABLY FAILED," SAID THE HERALD.

"THE BEST THAT CAN BE SAID OF HIS EXPLANATION IS THAT IT REVEALED A SORRY TALE OF LAST MINUTE IMPROVISATION WHICH ILL BECOMES A GOVERNMENT OF AVOWED PLANNERS," SAID THE TIMES.

SPEAKING IN THE HOUSE OF COMMONS WHILE ATTLEE WAS ON THE AIR, CHURCHILL DOURLY PROPHESIED: "THINGS ARE GOING TO GET WORSE. I DON'T MEAN THIS PARTICULAR EMERGENCY IS GOING TO LAY US LOW, BUT THE COUNTRY IS GOING TO SUFFER INCREASINGLY AND IT WILL LEARN BY SUFFERING."

HE BLASTED THE GOVERNMENT FOR "MISMANAGEMENT, BAD HOUSEKEEPING, INCOMPETENCE IN HIGH PLACES AND THE PROGRESSIVE DEGENERATION OF OUR WHOLE LIFE." DALTON INVITED CHURCHILL TO PRESENT HIS MOTION OF CENSURE, BUT CHURCHILL SAID HE WOULD AWAIT "ANOTHER DAY."

IN GLASGOW, HOWEVER, LORD WOOLTON, THE CONSERVATIVE PARTY CHAIRMAN, TOLD A PARTY RALLY: "IT IS THE PUBLIC DUTY FOR EVERY ONE OF US TO TAKE EVERY STEP WITHIN OUR POWER TO BRING THIS GOVERNMENT TO AN END. XXX HOW DARE THEY GO ON!"

DALTON, WHO CLASHED REPEATEDLY WITH CHURCHILL IN THE DEBATE, HINTED AT ONE POINT AT A TIGHTER SYSTEM OF COAL ALLOCATIONS AND POWER RATIONING FOR THE FUTURE, DECLARING: "WE MUST NEVER AGAIN ENTER WINTER WITH THESE GROSSLY INEFFICIENT STOCKS OF COAL."

LONDON, FEB.11-(AP)-FUEL MINISTER EMANUEL SHINWELL SAID TODAY HE HOPED TEMPORARY ARRANGEMENTS COULD BE MADE FOR COAL-BURNING SHIPS LEAVING THE UNITED STATES FOR BRITAIN TO LOAD UP WITH ENOUGH COAL SO THEY WOULD NOT HAVE TO BE REFUELED IN BRITISH PORTS.

HE ADDED, HOWEVER, IN ANSWER TO A QUESTION IN THE HOUSE OF COMMONS, THAT NO NEGOTIATIONS WERE IN PROGRESS FOR THE PURCHASE OF AMERICAN COAL FOR SHIP BUNKERING PURPOSES DURING THE FUEL CRISIS.

LONDON, FEB.11-(AP)-ENGLAND SUFFERED A CANDLE SHORTAGE AS WELL AS A COAL SHORTAGE TODAY.

WITH ELECTRICITY TURNED OFF FOR FIVE HOURS A DAY IN MORE THAN HALF THE COUNTRY, HOUSEWIVES AND OFFICE CLERKS RAIDED AVAILABLE CANDLE STOCKS IN AN EFFORT TO DISPEL THE GLOOM.

ANOTHER RESULT OF THE FUEL SHORTAGE WAS THE TEMPORARY SUSPENSION OF GREYHOUND RACING, THE MINISTRY OF FUEL RULING OUT AS UNESSENTIAL THE USE OF ELECTRICITY TO OPERATE THE MECHANICAL RABBIT.

ALL WEEKLY PERIODICALS--INCLUDING SUCH STANDBYS AS THE CONSERVATIVE SPECTATOR AND THE LIBERAL TRIBUNE--ANNOUNCED THEY WOULD SUSPEND PUBLICATION AFTER SATURDAY FOR THE DURATION OF THE CRISIS.

THE BRITISH BROADCASTING COMPANY DROPPED TELEVISION BROADCASTS AND ITS "HIGHBROW" AUXILIARY PROGRAM.

IN DARTFORD AND DERBY, POWER COMPANY OFFICIALS DISCOVERED THAT SOME HOUSEHOLDERS WERE NOT COMPLYING WITH ORDERS EMBARGOING THE USE OF ELECTRICITY. THEY SWITCHED OFF ALL CURRENT.

THE SOUTHERN RAILROAD ANNOUNCED IT WOULD HALT 60 ELECTRIC SUBURBAN TRAINS, AND IN LONDON A 10 PER CENT CUT WAS ORDERED IN STREET CAR AND BUS SERVICE.

FUEL MINISTRY OFFICIALS REMOVED FUSES TO CUT OFF SEVERAL WATFORD FACTORIES THAT CONTINUED OPERATIONS IN DEFIANCE OF THE BAN ON USE OF ELECTRICITY.

COAL SEPARATE (AMS)

BY ED CREAGH

LONDON, FEB. 11-(AP)-THEY RUMBLED, THEY SHIVERED, THEY CURSED THE GOVERNMENT AND ALL FORMER GOVERNMENTS, BUT MILLIONS OF ENGLISHMEN SUFFERED OUT THE FUEL FAMINE TODAY WITH THE BASIC GOOD NATURE THAT SOMETIMES ASTONISHES FOREIGNERS.

EVEN IN THE FEET-STAMPING QUEUES OF SUDDENLY JOBLESS MEN AT THE EMPLOYMENT EXCHANGES THERE WERE WRYLY HUMOROUS COMMENTS:

"HOW'D YOU GET AWAY, BILL? THOUGHT THE OLD WOMAN WOULD HAVE YOU HOME WASHING UP (WASHING THE DISHES)?"

"NAH, SHE TURNED ME OUT AT NINE O'CLOCK--WHEN THE HOUSE WENT DARK. THEN SHE WENT BACK TO BED AND PULLED THE COVERS OVER HER HEAD."

IN THE CANDLE-LIT PUB DOWN THE ROAD THE ETERNAL POLITICAL ARGUMENT WAGED:

"I TELL YOU, WE BACKED THE WRONG HORSE IN THIS LABOR GOVERNMENT."

6BE A BLOODY SIGHT WORSE IF CHURCHILL AND HIS GANG WERE IN"

"SAY WHAT YOU LIKE, WE NEVER HAD CONDITIONS LIKE THIS DURING THE WAR."

"MAYBE YOU'D LIKE TO HAVE THE BOMBS DROPPING ON YOU AGAIN, THEN....WELL, WHAT ARE YOU HAVING?"

"A HALF OF BITTER--IF IT HASN'T RUN OUT."

BUT THE BEER WAS RUNNING OUT IN MANY A PUB AND THE STORES WERE SHORT OF CANDLES--WHICH ROSE IN PRICE, BY GOVERNMENT PERMISSION, FROM 15 CENTS TO 21 CENTS. OIL LAMPS SOLD AT $1.70 -- A 40 CENT INCREASE OVERNIGHT.

LONDON'S WEST END SHOPPING CENTER GLITTERED WITH CANDLELIGHT AND

WOMEN PURCHASERS, WHO SEEMED TO ENJOY THE NOVELTY, FLOODED INTO THE STORES. THEY TRIED ON HATS BY THE LIGHT THAT FILTERED IN FROM GLOOMY STREETS AND PAID FOR THEM BY CHEERFUL HURRICANE LAMPS.

"IT'S JUST AS IT WAS WHEN WE FIRST TACKLED THE BLACKOUT IN '39," SAID A STORE MANAGER. "AT FIRST WE THOUGHT IT WAS IMPOSSIBLE BUT NOW WE HAVE GOT DOWN TO ORGANIZING THINGS WE FIND WE CAN DO IT AFTER ALL."

ENGLAND WAS DOING IT, THOUGH THE EFFECTS OF THE COAL FAMINE STRETCHED LITERALLY FROM CRADLE TO GRAVE. A BABY WAS BORN IN THE DARKENED HALLWAY OF AN APARTMENT HOUSE WHILE THE EXPECTANT MOTHER WAITED FOR LIGHTS TO COME ON. POWER FAILED IN THE MI

DARKENED HALLWAY OF AN APARTMENT HOUSE WHILE THE EXPECTANT MOTHER WAITED FOR LIGHTS TO COME ON. POWER FAILED IN THE MIDDLE OF A LONDON CREMATION.

FROM WHAT THEY SAID, MOST PEOPLE SEEMED TO REALIZE WHAT A GRAVE BLOW HAD BEEN STRUCK AT BRITAIN'S INDUSTRIAL RECOVERY, BUT THEY SAW SMALL NEED FOR PULLING A LONG FACE.

"WHAT'S THE GOOD OF SAYING THE COUNTRY HAS GONE TO THE DOGS WHEN THEY'VE CLOSED ALL THE DOG TRACKS?" QUIPPED ONE MAN--BUT THE GOVERNMENT RULED, A LITTLE LATER, THAT TRACKS COULD STAY OPEN IF THEY HAD THEIR OWN POWER TO RUN THE MECHANICAL RABBIT.

LONDON, FEB. 11-(AP)-BRITISH AND SWEDISH SPOKESMEN URGED INTERNATIONAL SKIPPERS TODAY TO SAFEGUARD FREEDOM OF THE SEAS FOR PRIVATE "INDIVIDUAL ENTERPRISE."

"NONE OF US CAN CHALLENGE THE NECESSITY AT PRESENT FOR A CONSIDERABLE AMOUNT OF CONTROL AND GOVERNMENT COOPERATION IN INDUSTRY IN THE EARLY DAYS AFTER A WAR," SIR JOSEPH NAGLAY, OF BRITAIN, TOLD 80 DELEGATES FROM 21 COUNTRIES AT THE OPENING OF A THREE-DAY MEETING TO REVIVE THE PREWAR INTERNATIONAL CONFERENCE OF SHIPPING.

"BUT WE MUST INSIST THAT, IN THE INTEREST OF TRUE PROGRESS," HE ADDED, "EVERY CARE SHOULD BE TAKEN TO WATCH THAT INDIVIDUAL ENTERPRISE AND INITIATIVE SHOULD BE ENCOURAGED, MAINTAINED AND STIMULATED."

SIR JOSEPH, CHAIRMAN OF THE MEETING, URGED SHIPOWNERS TO USE THEIR "UNITED INFLUENCE" THROUGH THE CONFERENCE AGAINST INCROACHMENTS BY NEW INTERGOVERNMENTAL ORGANIZATIONS TO PROMOTE TRADE SUCH AS THE UNITED NATIONS SOCIAL AND ECONOMIC COUNCIL.

HE ALSO ADVISED OFFERING THEIR "EXPERT KNOWLEDGE" TO

COMMERCIAL PROBLEMS TO BOTH GOVERNMENT AND INTERGOVERNMENTAL ORGANIZATIONS.

GUNNAR CARLSSON, OF SWEDEN, SAID HE HOPED THE CONFERENCE WOULD TAKE "IMPORTANT STEPS TOWARD GETTING THE CONTROL OF SHIPPING BACK INTO THE HANDS WHERE IT BELONGS."

"THERE CAN BE NO PROGRESS IN INTERNATIONAL SHIPPING IF NATIONAL SHIPPING IS TO BE RUN ON PLANNED ECONOMY LINES," CARLSSON SAID.

C.H.KEMP OF THE UNITED STATES LINES REPRESENTED THE UNITED STATES AT TODAY'S MEETING, ATTENDED ALSO BY DELEGATES FROM THE SCANDINAVIAN COUNTRIES AND FINLAND, BELGIUM, THE NETHERLANDS, GREECE, SPAIN, NEW ZEALAND, AUSTRALIA, INDIA AND CANADA.

LONDON--1ST ADD DEPUTIES (A112) X X X AUSTRIAN TREATY.

THE BRITISH SOURCES GAVE THIS ACCOUNT OF THE DISCUSSION:

CLARK SAID A PROPOSED CLAUSE PROHIBITING "PAN-GERMAN" PROPAGANDA IN AUSTRIA WAS TOO BROAD. A SIMILAR BAN HAS BEEN IN EFFECT IN OCCUPIED AUSTRIA, WITH THE SPECIFIC AIM OF PREVENTING PROPAGANDA FOR ANOTHER AUSTRO-GERMAN UNION, HE ADDED.

"BUT WHENEVER THE WORD 'GERMAN' APPEARED IN AN AUSTRIAN NEWSPAPER IN ANY CONTEXT, THE SOVIET REPRESENTATIVE ON THE ALLIED CONTROL COUNCIL OBJECTED AND WANTED TO REPRIMAND THE EDITOR," CLARK SAID.

GOUSEV ASKED CLARK TO SAY WHETHER HE FEARED SOVIET UNION INTERFERENCE IN AUSTRIA AFTER THE TREATY AND CLARK REPLIED THAT "LACK OF UNDERSTANDING OF THE WORDS USED MIGHT LEAD THE SOVIET UNION OR ANY OTHER ALLIED POWER TO INTERFERE."

"IN THE UNITED STATES," HE CONTINUED, "WE HAVE FREEDOM OF SPEECH AND FREE EXPRESSION, THE CORNERSTONE OF DEMOCRACY, WHICH YOU DO NOT HAVE IN THE SOVIET UNION, AND WE DO NOT WANT THIS KIND OF THING INTERFERED WITH IN AUSTRIA."

"THIS HAS NOTHING TO DO WITH THE MATTER AT HAND, AND I RESOLUTELY PROTEST THE ALLEGATIONS," GOUSEV REPORTED.

THE SOVIET DEPUTY ASKED CLARK AGAIN TO EXPLAIN HIS POSITION AND THE GENERAL REPLIED:

"I GAVE THEM ONCE AND THEY ARE IN THE RECORD. PERHAPS MR. GOUSEV DID NOT UNDERSTAND THEM, OR MORE LIKELY HE DID NOT LIKE THEM."

EARLIER, THE DEPUTIES AGREED ON THE PHRASING OF SIX NON-CONTROVERSIAL ARTICLES FOR THE TREATY'S POLITICAL SECTION.

THE CONFEREES ALSO AGREED TO CALL AUSTRIAN AND YUGOSLAV GOVERNMENT REPRESENTATIVES TO A JOINT HEARING FRIDAY ON YUGOSLAVIA'S CLAIM TO A PART OF THE AUSTRIAN PROVINCE OF CARINTHIA.

ROME, FEB.11-(AP)-THE ITALIAN GOVERNMENT STRONGLY HINTED TODAY THAT IT WOULD BE "FOR THE COMMON GOOD AND DIRECT INTEREST OF THE GREAT DEMOCRACIES" TO REVIEW AND REVISE THE ITALIAN PEACE TREATY SIGNED YESTERDAY IN PARIS.

"WE ALL LOOK FORWARD AS ITALIANS AND AS WORLD CITIZENS WAITING FOR A REVISION OF WHAT MIGHT PARALYZE OR POISON THE LIFE OF A PEOPLE OF 45 MILLION HUMAN BEINGS LIVING UPON A SOIL WHICH CANNOT POSSIBLY NOURISH THEM," SAID A GOVERNMENT NOTE DIRECTED TO THE 20 NATIONS WHICH HELPED WRITE THE TREATY.

FOREIGN MINISTER CARLO SFORZA BROADCAST THE NOTE TO THE ITALIAN PEOPLE TODAY, SAYING:

"THE ITALIAN GOVERNMENT ESTEEMS THAT IT IS BOTH FOR THE COMMON GOOD AND IN THE DIRECT INTERESTS OF THE GREAT DEMOCRACIES THAT THEY SHOULD REVIEW THEIR ATTITUDE AND DEALINGS WITH THE WHOLE ITALIAN PROBLEM WHICH IS AN ESSENTIAL ASPECT OF THE PROBLEM OF WORLD REORGANIZATION."

TEXT OF THE NOTE FOLLOWS:

"IN SIGNING A TREATY WHICH IT HAS NOT BEEN CALLED UPON TO NEGOTIATE, AND WHICH MUST STILL BE SUBMITTED TO THE CONSTITUENT ASSEMBLY, THE ITALIAN GOVERNMENT WANTS TO PROVE THAT IT FACES SQUARELY UP TO THE PAINFUL ACTS AS THE ONLY WAY OF SPEEDING THE ADVENT OF A CONSTRUCTIVE PEACE IN THE WORLD.

"BUT THE FIRST DUTY OF MY GOVERNMENT IS TO ACT WITH ABSOLUTE LOYALTY TOWARDS THE SIGNATORY GOVERNMENTS AND THEIR PEOPLES.

"IN THE SPIRIT OF THIS LOYALTY IT IS WELL TO REMEMBER THAT PEACE TREATIES CANNOT BE CARRIED OUT, UNLESS THEY ARE UPHELD BY THE MORAL CONSCIENCE OF THE PEOPLES WHO SIGN THEM.

"THE ITALIAN PEOPLE IS CONSCIOUS OF HAVING ACTED UNDER PRESSURE FROM THAT REGIME WHICH LATER DROVE IT INTO WAR, THAT REGIME WHICH SO MANY PEOPLE ABROAD SUSTAINED BY LAVISHING THEIR PRAISES UPON IT.

"THE ITALIAN PEOPLE COULD ONLY DEMONSTRATE ITS TRUE CHARACTER TO THE WORLD, BY BEING THE FIRST NATION IN THE AXIS CAMP TO FREE ITSELF FROM AN OPPRESSIVE REGIME, AND BY THEN OFFERING TO THE ALLIES, DURING THE LIBERATION WAR, A NUMBER OF DIRECT AND INDIRECT ADVANTAGES TO WHICH NOT ENOUGH JUSTICE HAS BEEN GIVEN.

"MY GOVERNMENT WOULD LACK HONOR -- AND THAT IT TREASURES ABOVE ALL -- IF IT DID NOT MAKE THE ALLIES AWARE THAT THIS TREATY, IN ITS TERRITORIAL, ECONOMIC, COLONIAL AND MILITARY CLAUSES, MAKES WORSE THAT ATMOSPHERE OF DEMOGRAPHIC SUFFOCATION WHICH WEIGHED SO TRAGICALLY OVER THE ITALIAN PEOPLE AND WHICH WAS IN PART, THE ORIGIN FOR US AND FOR SO MANY OTHERS, OF SUCH GREAT EVILS.

"THE ITALIAN GOVERNMENT ESTEEMS THAT IT IS BOTH FOR THE COMMON GOOD AND IN THE DIRECT INTERESTS OF THE GREAT DEMOCRACIES THAT THEY SHOULD REVIEW THEIR ATTITUDE AND DEALINGS WITH THE WHOLE ITALIAN PROBLEM, WHICH IS AN ESSENTIAL ASPECT OF THE PROBLEM OF WORLD REORGANIZATION.

"WE MAY WELL ADMIT TO INNUMERABLE PAST ERRORS, BUT THE EXPIATION OF THIS PEOPLE HAS BEEN SO HARD UP TO THE MOMENT OF TODAY'S SIGNING, THAT WE ALL LOOK FORWARD AS ITALIANS AND AS WORLD CITIZENS WAITING FOR A REVISION OF WHAT MIGHT PARALYZE OR POISON THE LIFE OF A PEOPLE OF 45,000,000 HUMAN BEINGS LIVING UPON A SOIL WHICH CANNOT POSSIBLY NOURISH THEM".

SHERTOK ALSO LISTED UNCERTAINTY THAT IMMIGRATION INTO PALESTINE WOULD CONTINUE AFTER THE NEXT TWO YEARS AS ANOTHER REASON FOR THE JEWS "NO."

IN THAT PERIOD THE JEWS WERE TO ENTER PALESTINE AT A RATE OF 4,000 A MONTH, ACCORDING TO REPORTS OF THE PLAN.

A THIRD REASON FOR REJECTION, SHERTOK SAID, WAS THAT "THE APPARENT INTENTION" WAS TO CREATE A SINGLE INDEPENDENT PALESTINE STATE AFTER FIVE YEARS, LEAVING THE JEWS IN A MINORITY AND SUBJECT TO ARAB DOMINATION.

BEVIN AND CREECH JONES ARE TO MEET ARAB REPRESENTATIVES TOMORROW ALSO. THIS MAY BE THE LAST FULL SESSION OF THE ARAB-BRITISH CONFERENCE ON PALESTINE. A WRITTEN ARAB REJECTION OF THE PLAN WAS RECEIVED BY THE BRITISH FOREIGN OFFICE TODAY.

A COPY OF THE PLAN, WHICH THE GOVERNMENT IS EXPECTED TO PUBLISH TOMORROW,, SHOWED THAT GREAT BRITAIN PROPOSED THAT 96,000 JEWS WOULD ENTER THE HOLY LAND IN THE NEXT TWO YEARS AT A RATE OF 4,000 A MONTH.

CONTINUANCE OF JEWISH IMMIGRATION AFTER THE TWO-YEAR PERIOD ENDS WOULD BE DETERMINED BY THE BRITISH HIGH COMMISSIONER "WITH DUE REGARD TO THE PRINCIPLE OF ECONOMIC ABSORPTION."

AN ARBITRATION TRIBUNAL, TO BE APPOINTED BY THE UNITED NATIONS, WOULD HAVE THE FINAL DECISION IN ANY ARGUMENT.

WITHOUT SPECIFYING EXACT BOUNDARIES, THE PLAN WOULD DIVIDE PALESTINE INTO LOCAL AREAS POPULATED BY "SUBSTANTIAL MAJORITIES" OF EITHER ARABS OR JEWS.

THE AREAS WOULD ACQUIRE SOME LEGISLATIVE, ADMINISTRATIVE AND FINANCIAL POWERS FROM THE CENTRAL GOVERNMENT, BUT THE HIGH COMMISSIONER WOULD RETAIN "SUPREME LEGISLATIVE AND EXECUTIVE AUTHORITY."

AFTER FOUR YEARS PALESTINE WOULD ELECT A CONSTITUENT ASSEMBLY AND, IF THE MAJORITIES OF ITS ARAB AND JEWISH MEMBERS REACHED AN AGREEMENT, THE HIGH COMMISSIONER WOULD "ESTABLISH INSTITUTIONS OF AN INDEPENDENT STATE."

IN CASE OF DISAGREEMENT IN THE ASSEMBLY, HOWEVER, DRAFTS SUBMITTED TO THE ASSEMBLY AND A RECORD OF ITS DEBATES WOULD GO TO THE UNITED NATIONS TRUSTEESHIP COUNCIL FOR ADVICE "UPON FURTHER PROCEDURE." #

LONDON, FEB. 11-(AP)-BRITAIN'S NEW PLAN FOR PALESTINE PROPOSES BREAKING UP EXISTING JEWISH SETTLEMENTS IN THE HOLY LAND, MOSHE SHERTOK JEWISH AGENCY POLITICAL CHIEF, SAID TODAY.

THAT WAS ONE OF THREE REASONS WHY THE JEWS' "LAST WORD" ON FOREIGN SECRETARY ERNEST BEVIN'S PLAN WAS "NO," SHERTOK TOLD A NEWS CONFERENCE.

TERRITORIAL PROVISIONS OF THE BRITISH PLAN, SHERTOK SAID, WOULD "HEM JEWISH SETTLERS IN THEIR PRESENT POSITIONS X X X AND DEFINITELY WOULD EXCLUDE A GOOD NUMBER OF JEWISH SETTLEMENTS FROM THE JEWISH AREAS."

PRACTICALLY," HE ADDED, THE SCHEME WOULD MEAN X X X ALSO THE FRAGMENTATION OF THE EXISTING JEWISH SETTLEMENT."

THE JEWS WILL SUBMIT THEIR FORMAL REJECTION TO BEVIN AND COLONIAL SECRETARY ARTHUR CREECH JONES THIS WEEK, REJECTING THE PLAN EVEN AS A BASIS OF DISCUSSION, SHERTOK SAID.

NEXT STEP FOR THE JEWS PROBABLY WILL BE TO CALL A SESSION OF THE ZIONIST GENERAL COUNCIL, HE ADDED. #

LONDON, FEB.11(AP)-BRITISH SHIP OWNERS HAVE BEEN AUTHORIZED TO BUY $100,000,000 WORTH OF SURPLUS U.S.CARGO VESSELS, INCLUDING 100 LIBERTY SHIPS VALUED AT $50,000,000, MINISTER OF TRANSPORT ALFRED BARNES TOLD THE HOUSE OF COMMONS LAST NIGHT.

A SPOKESMAN FOR THE MINISTRY LATER TOLD REPORTERS THAT BRITAIN WAS ANXIOUS TO OBTAIN QUICK ACTION ON HER PURCHASE OFFER. HE ADDED THAT LAST SPRING BRITISH SHIP OWNERS HAD OFFERED TO BUY 40 SHIPS VALUED AT ABOUT $1,000,000 EACH BUT HAD RECEIVED ONLY SEVEN.

THE SPOKESMAN SAID THAT IF BRITAIN WERE TO RETURN THE 250,000 TONS OF U.S. SHIPPING NOW UNDER THE BRITISH FLAG WITHOUT RECEIVING SUFFICIENT REPLACEMENTS BY PURCHASE, THE NATION WOULD SUSTAIN A LOSS IN IMPORTS OF BETWEEN 7,000,000 AND 8,000,000 TONS OF CARGO ANNUALLY.

BRITAIN NOW HAS 16,700,000 TONS DEADWEIGHT OF SHIPPING, INCLUDING RENTED TONNAGE, AS COMPARED WITH THE 17,200,000 SHE POSSESSED IN 1939. WAR LOSSES AMOUNTED TO 11,000,000 TONS.

BRITAIN NOW OPERATES 229 LIBERTY SHIPS, IN ADDITION TO 42 OTHER VESSELS OF ABOUT 2,800 TONS EACH AND A FEW SPECIALIZED SHIPS. THEY WERE RECEIVED BY BRITAIN UNDER LEND-LEASE DURING THE WAR, BUT RENTAL OF $2,000,000 MONTHLY HAS BEEN PAID ON THEM SINCE DECEMBER, 1945.

PARIS, FEB. 11--(AP)--THE NATIONAL ASSEMBLY VOTED 238 TO 176 TODAY TO ANNUL CONTESTED RETURNS FROM THE 1946 ELECTION IN THE DROME DEPARTMENT, THE DISTRICT OF COLONIAL MINISTER MARIUS MOUTET. AS A CONSEQUENCE MOUTET WILL LOSE HIS SEAT IN THE ASSEMBLY AT LEAST TEMPORARILY AND WAS THREATENED WITH THE LOSS OF HIS CABINET POSITION.

ROME, FEB.11-(AP)-RABBI BARNETT R.BRICKNER, OF CLEVELAND, SAID TODAY A TOUR OF SIX COUNTRIES HAD CONVINCED HIM THAT 1,250,000 JEWS MUST EVENTUALLY BE REMOVED FROM "THE EUROPE OF TODAY."

THE IMMEDIATE PROBLEM, HE SAID, WAS THE EVACUATION FROM GERMANY, AUSTRIA AND ITALY OF 235,000 JEWISH DISPLACED PERSONS WHO HAVE "NO CHANCE OF BECOMING PART OF THE ECONOMY OF THESE COUNTRIES." NEARLY ALL OF THESE, HE SAID, WANT TO GO TO PALESTINE.

BRICKNER IS AN OBSERVER FOR THE UNITED JEWISH APPEAL, WHICH COMBINES THREE LARGE AMERICAN JEWISH RELIEF AGENCIES.

IN HIS JOURNEY IN FRANCE, POLAND, CZECHOSLOVAKIA, AUSTRIA, ITALY AND THE AMERICAN AND BRITISH OCCUPIED ZONES OF GERMANY, THE RABBI SAID, HE FOUND FEAR IN JEWISH DISPLACED PERSONS CAMPS THAT EVENTUAL WITHDRAWAL OF ALLIED ARMIES WOULD LEAVE THEM WITHOUT PROTECTION.

"NONE OF THE COUNTRIES VISITED," BRICKNER SAID, "SHOW EVIDENCE OF BEING CLEANSED OF THE HITLER POISON--AN INFECTION WHICH IS DEEP AND CANCEROUS."

ANTI-ALLIED FEELINGS WERE EVIDENT AMONG PRO-ITALIAN DEMONSTRATORS WHO SHOUTED "VENDUTI," (YOU'VE SOLD US OUT), AND FREQUENTLY SPAT ON PASSING ALLIED VEHICLES.

THERE WAS NO INTERVENTION BY ALLIED TROOPS.

AT MONFALCONE, PRO-ITALIAN WORKMEN SUSPENDED WORK FOR 10 MINUTES, BUT OTHERWISE DID NOT DISPLAY THEIR FEELINGS.

MANY RESIDENTS OF THE AREA DID NOT KNOW THAT THE TREATY WAS DEFINITELY SIGNED UNTIL HOURS LATER BECAUSE ELECTRIC POWER WAS TURNED OFF DURING THE AFTERNOON DUE TO RATIONING.

BERLIN, FEB 11-(AP)-AFTER WEEKS OF DISCORD, THE ALLIED COMMANDERS IN BERLIN HAVE AGREED TO SUBMIT A JOINT REPORT ON GERMANY TO THE BIG FOUR FOREIGN MINISTERS CONFERENCE IN MOSCOW NEXT MONTH, WITH THE PROVISO THAT EACH POWER HAVE THE RIGHT TO SUBMIT AN INDIVIDUAL REPORT IF SO DESIRED.

THE RIGHT OF SUBMITTING UNILATERAL REPORTS WAS DECIDED AS A COMPROMISE MOVE BY A COORDINATING COMMITTEE. THIS WOULD PERMIT THE DRAWING UP OF A REPORT ON INFORMATION WHICH ALL FOUR COMMANDERS SUPPLY FROM THEIR ZONES, AND IN CASES WHERE ONE COMMANDER REPORTS CERTAIN INFORMATION UNAVAILABLE THE OTHER THREE POWERS COULD PREPARE INDIVIDUAL REPORTS.

MARSHAL V. Q. SOKOLOVSKY, THE SOVIET COMMANDER, ASSERTED RECENTLY THAT THE WESTERN ALLIES WERE ATTEMPTING TO "HINDER" THE DRAWING UP OF A JOINT REPORT. SOKOLOVSKY ALSO SCORED THE CONTENTION OF THE WESTERN ALLIES THAT SUCH A REPORT COULD NOT BE DRAWN UP BECAUSE INFORMATION ON REPARATIONS IN THE SOVIET ZONE OF GERMANY WAS NOT AVAILABLE.

LT. GEN. LUCIUS D. CLAY, DEPUTY U.S. MILITARY GOVERNOR, REPLIED THAT THE AMERICAN DELEGATION WAS PREPARED TO FURNISH INFORMATION ABOUT ITS ZONE, BUT INSISTED THAT SUCH A PRACTICE SHOULD BE "RECIPROCAL."

JAMES MARTIN, CHIEF OF THE DECARTELIZATION BRANCH OF THE AMERICAN MILITARY GOVERNMENT, SAID 80 PERCENT OF PRESENT GERMAN CONTRACTS HAVE IMPROPER MONOPOLISTIC AND RESTRICTIVE PROVISIONS UNDER THE TERMS OF THE NEW LAW, AS "INCLUSION OF RESTRICTIVE MEASURES IN GERMAN CONTRACTS APPEARED TO BE A NATIONAL PAST TIME."

ABOUT 30 OF THE BIGGEST CONCERNS, HOWEVER, ARE THE MOST LIKELY TO UNDERGO REORGANIZATION IMMEDIATELY, HE SAID.

HE LISTED THE TOP FIVE ENTERPRISES IN THE AMERICAN ZONE WHICH EMPLOYED 10,000 OR MORE MEN EACH BEFORE THE WAR AND HAD COMBINED ASSETS OF 1,000,000,000 REICHSMARKS AS ADAM OPEL AUTOMOTIVE WORKS AT RUSSELSHEIM, WHICH HAS GENERAL MOTORS CAPITAL, ROBERT BOSCH OF STUTTGART, METALLGESELLSCHAFT OF FRANKFURT, DEUTSCHE GOLD UND SILBER SCHEIDEANSTALT OF FRANKFURT AND GUTEHOFFNUNGSHUETTE OF NUERNBERG WHICH CONTROLLED THE M.A.N. MOTOR WORKS AT AUGSBURG.

THE HUGE CHEMICAL COMBINE, I.G. FARBEN, IS SPECIFICALLY EXEMPTED FROM THE LAW, AS IT ALREADY IS UNDER FOUR-POWER CONTROL, AS ARE PUBLIC-OWNED ENTERPRISES.

SOME PROVISION WILL BE MADE FOR COMPENSATION SO AS NOT TO DISCRIMINATE AGAINST FOREIGN OWNERS, MARTIN SAID.

THE LAW IS INTENDED AS AN INTERIM MEASURE PENDING AGREEMENT ON A FOUR-POWER DECARTELIZATION ACT.

THE FOREIGN MINISTRY ANNOUNCEMENT SAID SPAIN HAD ENTERED "THE MOST ENERGETIC PROTEST" OF THE ACTION BECAUSE THE MOROCCAN ARAB LEADER, ONCE ONE OF FRANCE'S AND SPAIN'S BITTEREST ENEMIES, HAD BEEN TRANSFERRED WITHOUT PREVIOUS CONSULTATION WITH SPAIN.

FRANCE, THE FOREIGN MINISTRY SAID, WAS OBLIGED UNDER NOTES EXCHANGED IN 1926 TO AGREE WITH SPAIN ON ALL MATTERS CONCERNING THE COLORFUL MOORISH FIGHTER, BUT THAT SPAIN LEARNED OF THE FRENCH DECISION TO MOVE ABD-EL-KRIM ONLY MONDAY AFTERNOON.

JERUSALEM, FEB.11-(AP)-BRITISH MILITARY AUTHORITIES, ACKNOWLEDGING THEY "FRANKLY EXPECT" PROMPT AND VIOLENT REACTION FROM THE JEWISH UNDERGROUND, THREW STRONG SECURITY PRECAUTIONS TODAY AROUND MEMBERS OF A MILITARY COURT WHICH YESTERDAY SENTENCED THREE SUSPECTED MEMBERS OF IRGUN ZVAI LEUMI TO DEATH.

RELIABLE INFORMANTS SAID COL. MICHAEL FELL, THE COURT PRESIDENT, AND MAJ. E. W. STUBBS, THE PROSECUTOR, HAD RECEIVED THREATENING TELEPHONE CALLS ADVISING THEM THAT "YOU WILL BE OUR TARGETS" IF DEATH SENTENCES WERE IMPOSED.

IRGUN ZVAI LEUMI, AN UNDERGROUND GROUP ENGAGED IN ACTIVE RESISTANCE TO THE BRITISH, PREVIOUSLY HAD THREATENED REPRISALS "AS SOON AS A MILITARY COURT CONDEMNS ONE OF OUR SOLDIERS." TWO BRITONS WERE KIDNAPED AS HOSTAGES FOR ONE IRGUN MEMBER, DOV BELA GRUNER, NOW UNDER SENTENCE OF DEATH, BUT THEY WERE RELEASED WHEN GRUNER'S EXECUTION WAS DELAYED PENDING APPEAL.

THE THREE DOOMED TO THE GALLOWS YESTERDAY WERE ELIESER BEN ZION KASHANI, 23; DOV BEN SALMAN ROSENBAUM, 24, AND MORDECAI BEN ABRAHAM ALKACHI, 21. THEY WERE CONVICTED OF CARRYING GUNS AND HAVING A WHIP SIMILAR TO ONE USED IN FLOGGING A BRITISH MAJOR AND THREE SERGEANTS ON THE NIGHT OF DEC.29.

ADDING TO THE TENSION IN THE HOLY LAND WAS THE FORMAL DECLARATION THAT OFFICIAL PALESTINE JEWRY HAD REJECTED A BRITISH REQUEST TO COOPERATE IN STAMPING OUT UNDERGROUND VIOLENCE.

THE JEWISH AGENCY, SPOKESMAN FOR 600,000 PALESTINE JEWS, SAID THAT WHILE IT WAS REJECTING THE BRITISH DEMAND IT FELT CONFIDENT THAT UNDISCLOSED STEPS IT WAS TAKING WOULD LEAD TO "PROGRESSIVE IMPROVEMENT IN THE SECURITY SITUATION.

IN LONDON, BOTH THE ARABS AND THE JEWS REJECTED BRITAIN'S NEW PROPOSALS FOR PALESTINE'S FUTURE, BUT AMID INDICATIONS THAT THE WAY WAS BEING KEPT OPEN FOR FURTHER DISCUSSION AND NEGOTIATION.

THE NEW PLAN, AS YET UNPUBLISHED, REPORTEDLY WOULD ESTABLISH SEMI-AUTONOMOUS JEWISH AND ARAB AREAS IN PALESTINE, WITH EVENTUAL INDEPENDENCE THE GOAL. IT ALSO WAS SAID TO PROVIDE FOR IMMIGRATION OF 100,000 JEWS INTO THE HOLY LAND IN THE NEXT 25 MONTHS.

Moscow, Feb. 11-(AP)-The effects of last summer's drought on seed for the spring wheat crop--something which may bear seriously on the 1947 Russian harvest--are reflected daily in stronger light as the movement for lending seed from farmers' personal stocks spreads through the southern part of the country.

The movement was initiated last week in the Dnepr dam region where a farmer was said to have come forward with an offer of a loan from his own supply.

The newspaper Socialist Agriculture carried a dispatch on

30.24- 7847

the spreading of the movement from four separate regions--Rostov, which embraces the Rich Don, Odessa, Saratov on the Middle Volga and Stalino in the Donbas.

(RUSSIA'S AGRICULTURE IS BASED UPON COLLECTIVE AND STATE FARMS THE SHORTAGE OF GRAIN FOR SEED SUGGESTS HEAVY MILLING OR OTHER USE OF THE 1946 CROPS WHICH ESCAPED THE DROUGHT. RUSSIA ALLOCATED 500,000 TONS OF RUSSIAN GRAIN TO FRANCE AT THE REQUEST OF MAURICE THOREZ, FRENCH COMMUNIST LEADER, LAST SPRING BEFORE FRENCH ELECTIONS.)

Reports on the voluntary seed loans were:

Saratov region--Farmer Shubnov, finding his collective farm had insufficient seed, sent a pood (36.07 pounds) of wheat seed and ten kilos (13.08 cubic yards) of potatoes.

Farmer Goshenin lent 20 kilos (26.16 cubic yards) of barley seed and 40 poods (1,442.8 pounds) of potatoes. The dispatch said other farmers at a meeting came forward with pledges of loans.

"The appeal found ardent support," the dispatch said, "the movement for reinforcing public seed funds from personal stocks began elsewhere in the district. On the whole, farmers lent in the district 800 poods (about 14½ tons) of grain seed and 750 poods (about 13½ tons) of potato seed."

In the Rostov region, the dispatch said, chairman Davydov of Artel declared at a public meeting devoted to seed loans:

"It would be a shame for us to ignore loans to the state. I am contributing ten kilos (13.08 cubic yards) of wheat seed from my personal stock. If others will do the same, we'll make up the necessary seed without calling on others."

The dispatch said loans were being made in the Don region but "up to now they have not found due support from officials of agrarian organisations. Instead of seeking seed for loans in the vicinity, they ask a state loan." The dispatch said that with less than a month left, the plan for stocking winter grain cultures was only 4 per cent fulfilled.

He was said to have placed a bag of grain on the table and said this was his loan. The dispatch said others followed and that the region had lent 10,000 poods (about 180 tons).

Capetown, Feb. 11-(AP)-The Union of South Africa quickly was preparing today a lavish and traditional hospitality for King George VI and the British Royal family due Monday aboard the battleship Vanguard.

This smart, compound mountain-girt city was taking on an unprecedented pattern of bright colors.

Public and private buildings were gay with flags, streamers and coats of arms. Pictures of the Royal Family were on display in windows and

Observation stands reached from the quayside to the government house, which will be the royal family's first passage in this youngest dominion of the empire. There were at least a thousand bidders for every privileged spot along the route.

A royal train was ready to take the King, Queen Elizabeth and the Princesses Elizabeth and Margaret Rose on a 10,000 mile trip through the Union and Rhodesia. Prime Minister Jan Christian Smuts looked over the trai today, impressive for its beauty, workmanship and ingenuity which has overlooked no convenience or comfort.

Cities like Johannesburg, Pretoria, Natal, Durban, Bloemfontein,

Port Elizabeth, Kimberley, Salisbury, Bulawayo and the like are keenly anti-
ing visits from the monarch in similar, if more subdued, fashion.

Political differences were cast aside so that no dispute might
embarrass the visitors. The Nationalists joined the empire adherents in
to make this one of the greatest occasions of South African
history.

One of the loudest attacks was launched by "The committee for National enlightenment," made up of right wing republicans. The committee issued from Pretoria a pamphlet in the Afrikaan language which called the tour imperialistic propaganda with a "Machiavellian"

The pamphlet asserted:

"The government knows full well what has been perpetrated in

south Africa from 1806 to 1946 and the visit of an English king at this time is completely unwelcome to all self-respecting Afrikaners.

Although widely circulated in South African newspaper offices, the pamphlet virtually was ignored by the press.

The Natal Indian congress appealed this week to all Indians to boycott the royal celebrations, saying the visit was a "smoke screeny" to conceal the strained relations between Europeans and non-Europeans in South Africa.

Shortly afterwards, however. P. R. Pather of Durban, south African Indian congress delegate who attended the United Nations meetings in New York, asked Indians of the union not to boycott the royal family.

WASHINGTON, FEB 11-(AP)-FOLLOWING IS THE TEXT OF A JOINT STATEMENT BY THE CORRESPONDENTS' COMMITTEE ON NEWS COVERAGE OF THE MOSCOW MEETING OF THE FOREIGN MINISTERS COUNCIL (ABOUT 400):

TO THE SECRETARY OF STATE:

"JOINT STATEMENT BY REPRESENTATIVES OF THE STANDING COMMITTEE OF CORRESPONDENTS, THE STATE DEPARTMENTS CORRESPONDENTS ASSOCIATION, THE RADIO CORRESPONDENTS ASSOCIATION, AND THE PERIODICAL CORRESPONDENTS ASSOCIATION:

"1. THE AMERICAN PRESS AND THE RADIO, THROUGH THE COOPERATION OF PREVIOUS SECRETARIES OF STATE, HAVE OVER A PERIOD OF YEARS GRADUALLY BEEN ACCORDED OPPORTUNITY FOR CAREFUL AND DETAILED REPORTING OF GREAT POWER CONFERENCES IN WHICH THE PEACE OF THE WORLD IS BEING SHAPED. THIS PROCEDURE BEGAN TO APPROACH A SATISFACTORY STAGE AT THE LAST COUNCIL OF FOREIGN MINISTERS MEETING AT NEW YORK CITY.

"2. WHEN THE UNITED STATES AT NEW YORK ACCEPTED THE INVITATION OF THE SOVIET GOVERNMENT TO PARTICIPATE IN THE NEXT MEETING OF THE COUNCIL OF FOREIGN MINISTERS AT MOSCOW, THE SOVIET GOVERNMENT GAVE SPECIFIC ASSURANCES THROUGH ITS FOREIGN MINISTER THAT EVERYTHING WOULD BE DONE IN SPITE OF HOUSING DIFFICULTIES TO ACCOMMODATE THE CORRESPONDENTS AND TO CREATE THE MOST FAVORABLE CONDITIONS FOR THEIR WORK. THIS ASSURANCE STATED FURTHER THAT AMERICAN CORRESPONDENTS WOULD BE ABLE TO REPORT FROM MOSCOW ON PROCEDURES OF THE CONFERENCE AS THEY REPORTED FROM PARIS AND NEW YORK. TO EVERY MEMBER OF THE AMERICAN WORKING PRESS, THIS COULD ONLY MEAN COMPARABLE FACILITIES.

"3. THE UNDERSIGNED ORGANIZATIONS, THROUGH THEIR REPRESENTATIVES, HAVE NOW COMPLETELY EXPLORED THE SOVIET TENDER OF A MAXIMUM OF 20 VISAS FOR AMERICAN NEWS MEDIA AND FIND THAT THIS SOVIET PROVISION IS SHOCKINGLY INADEQUATE.

"4. IN ACCEPTING RESPONSIBILITY IN BEHALF OF THE AMERICAN PRESS AND RADIO IN THIS EMERGENCY SITUATION, THE UNDERSIGNED ORGANIZATIONS IN NO SENSE CONDONE, BUT VIGOROUSLY PROTEST THE SOVIET LIMITATION WHICH WOULD REPRESENT A SERIOUS STEP AWAY FROM ENLIGHTENED WORLD OPINION.

"5. WE ARE SURE THAT YOU REALIZE, AND THAT THE NEGOTIATORS IN MOSCOW WILL APPRECIATE, THAT AN INFORMED PUBLIC OPINION IN THE UNITED STATES AND ELSEWHERE IS NECESSARY IF THE CONFERENCE DECISIONS ARE TO BE EFFECTIVE.

"6. WE THEREFORE RESPECTFULLY REQUEST, WITH THE GREATEST EMPHASIS AT OUR COMMAND, THAT YOU URGENTLY ASK THE SOVIET GOVERNMENT TO GRANT AS A BASIC MINIMUM VISAS FOR THE LIST OF 52 TRANSMITTED TO YOU BY THE SPECIAL JOINT COMMITTEE THIS AFTERNOON. WE FURTHER REQUEST THAT YOU IMPRESS UPON THE SOVIET GOVERNMENT THE IMPORTANCE OF GRANTING TO AMERICA RADIO CORRESPONDENTS THE USE OF ADEQUATE TRANSMISSION FACILITIES FOR DIRECT CONFERENCE REPORTING TO THE AMERICAN RADIO PUBLIC."

NEW YORK, FEB 11-(AP)-HERBERT BAYARD SWOPE, CHAIRMAN OF THE BOARD OF THE OVERSEAS NEWS AGENCY, SAID TONIGHT THE FORTHCOMING CONFERENCE OF THE COUNCIL OF FOREIGN MINISTERS SHOULD BE MOVED FROM MOSCOW AS A RESULT OF RUSSIA'S PROPOSAL TO LIMIT THE NUMBER OF AMERICAN CORRESPONDENTS AT THE CONFERENCE TO 20 ON THE GROUND THAT HOUSING WAS LIMITED.

"I SUGGEST THAT THE SECRETARY OF STATE MAKE CLEAR TO THE SOVIET GOVERNMENT THE AMERICAN POSITION WITH REGARD TO THE PRESS," SWOPE SAID IN A STATEMENT.

"IF THE PENALTY FOR OUR ACCEPTANCE OF THE SOVIET GOVERNMENT'S INVITATION IS THE RIGID RESTRICTION OF THE NUMBER OF PRESS AND RADIO MEN PERMITTED TO ENTER MOSCOW TO REPORT THE HISTORIC CONFERENCE TO THE AMERICAN PEOPLE, WE OUGHT TO DECLINE THE INVITATION.

"THERE IS NO NEED TO DOUBT THE LEGITIMACY OF THE RUSSIAN CLAIM THAT MOSCOW CANNOT ACCOMMODATE OR GIVE WORKING FACILITIES TO ALL THOSE WHO SHOULD COVER THE CONFERENCE. THE ANSWER, HOWEVER, IS NOT TO RESTRICT THE NUMBER OF REPORTERS ADMITTED. THE ANSWER IS TO CHANGE THE MEETING PLACE OF THE CONFERENCE."

GENERAL DEVERS AND SIR HUBERT WILKINS, BRITISH POLAR EXPLORER, ARRIVED YESTERDAY AFTER AN INSPECTION TRIP TO ALASKA AND THE ALEUTIANS.

THEY HAD OBSERVED FRIGID WEATHER TESTS BY ARMY UNITS OF EQUIPMENT FOR USE IN THE NORTH.

DEVERS SAID SIR HUBERT HAD BEEN ASSISTING THE U.S. ARMY QUARTERMASTER CORPS IN DESIGNING COLD WEATHER EQUIPMENT, AND HAD NOT GONE TO ALASKA AS A REPRESENTATIVE OF THE BRITISH GOVERNMENT.

SIR HUBERT SAID HE HAD BEEN STUDYING ALASKA CONDITIONS FOR THE U.S. ARMY SINCE 1942. HE DECLINED TO DISCUSS HIS ASSIGNMENT, EXPLAINING HE WAS ON "CLASSIFIED (CONFIDENTIAL OR SECRET) DUTY AND CAN'T SAY MUCH."

HE IS LEAVING FOR WASHINGTON TODAY.

LOS ANGELES, FEB.11-(AP)-THE LABOR DELEGATION WAS GLOOMY TODAY AS SUBCOMMITTEES OF HE ELEVEN-NATION CONFERENCE OF THE INTERNATIONAL LABOR ORGANIZATION (ILO) PETROLEUM COMMITTEE DRAFTED REPORTS FOR TOMORROW'S CONCLUDING PLENARY SESSION.

THE GENERAL ATTITUDE AMONG MANY WORKERS' REPRESENTATIVES APPEARED TO BE ONE OF DISSATISFACTION WITH THE COMPROMISORY WORDING OF MAJOR RESOLUTIONS SUCH AS THOSE RECOMMENDING, FOR OIL WORKERS OVER THE WORLD, THE PRINCIPLE OF MINIMUM WAGES, RIGHT TO ORGANIZE AND TO STRIKE, SAFETY PROGRAMS, VOCATIONAL TRAINING, BASIC EDUCATION AND METHODS FOR RECRUITMENT OF WORKERS.

THERE WAS STILL HOPE, HOWEVER, THAT THE CONFERENCE RESULTS WOULD PROVE MORE ACCEPTABLE TO THE WORKERS BY TOMORROW.

THESE DELEGATES SEEMED READY TO AGREE THAT EMPLOYERS' REPRESENTATIVES CAME TO THE 10-DAY CONFERENCE BETTER ORGANIZED AND WITH CLEARER OBJECTIVES. THERE HAVE BEEN FREQUENT DISAGREEMENTS AMONG WORKERS' DELEGATES, WHILE EMPLOYER DELEGATES ACTED WITH UNITY ON ALMOST ALL CONTROVERSIAL ISSUES.

GOVERNMENT DELEGATES, FOR THE MOST PART, STEERED A MIDDLE COURSE.

SOURCES WITHIN THE ILO ITSELF EXPRESSED THE VIEW THAT THE CONFERENCE ACCOMPLISHED LESS, SPECIFICALLY, THAN MOST OF THE PREVIOUS SIX CONFERENCES FOR OTHER INDUSTRIES, BUT AT THE SAME TIME AGREED THAT PROBLEMS IN PETROLEUM PRODUCTION AND REFINING ARE MORE EXTENSIVE AND IN SOME CASES MORE COMPLEX.

THERE WAS ALSO THE FEELING AMONG ILO OFFICERS THAT THE COMMITTEE AT LEAST SET IN MOTION MACHINERY FOR SOLVING THESE PROBLEMS AND THAT A MORE DETAILED PROGRAMQOULD BE PRESENTED AT THE COMMITTEE'S NEXT CONFERENCE TO BE HELD IN 15 OR 18 MONTHS, PROBABLY IN LATIN-AMERICA OR THE MIDDLE EAST.

THE PRESENCE OF DISAGREEMENTS WAS CONSIDERED INDICATIVE OF THE NEED FOR SUCH CONFERENCES IN THE PETROLEUM INDUSTRY.

B56KX

AT THE OUTSET OF THE MEETING, VICENTE LOMBARDO TOLEDANO, OF MEXICO CITY, PRESIDENT OF THE LATIN AMERICAN CONFERENCE OF WORKERS, DEPLORED THE PRESENCE OF ONLY SKILLED WORKERS' REPRESENTATIVES AND POINTED OUT THAT SOME OIL PRODUCING NATIONS WERE NOT REPRESENTED AT ALL.

FOR A TIME THERE WERE RUMORS THAT THE LABOR DELEGATION WOULD REPUDIATE THE ENTIRE ACTION OF THE CONFERENCE BUT THIS FEAR LATER WAS DISSIPATED. HOWEVER IT SEEMED CERTAIN THAT MARCEL VOYER, FRENCH WORKERS' DELEGATE, AND OTHER LABOR REPRESENTATIVES WOULD EXPRESS THE GENERAL DISAPPOINTMENT OF THE WORKERS AT THE FINAL PLENARY SESSION.

THE LABOR-MANAGEMENT SUBCOMMITTEE APPROVED UNANIMOUSLY A REPORT EMBODYING THE CONFERENCE'S MOST CONTROVERSIAL RESOLUTION. THIS PROPOSAL, CALLING FOR UNIVERSAL RECOGNITION OF TRADE UNIONS, DEVELOPMENT AND IMPROVEMENT OF COLLECTIVE BARGAINING AND THE AVOIDANCE AND SETTLEMENT OF DISPUTES, WAS ADOPTED SATURDAY BY A 22 TO 12 VOTE. THE WORKERS' GROUP WAS SOLIDLY IN OPPOSITION ON THE GROUND THAT THE RESOLUTION DID NOT GO FAR ENOUGH.

THE WORKERS CONTINUED WITH THIS VIEW TODAY BUT ACCEPTED THE REPORT AS THE MAXIMUM OBTAINABLE AT THE PRESENT CONFERENCE.

HERBERT WOODS, UNITED STATES WORKER REPRESENTATIVE, SAID: "WE PUT UP A HARD SCRAP FOR A STRONGER RESOLUTION AND WE ARE NOT TOO PLEASED WITH THE RESULTING DRAFT, BUT WE ARE WILLING TO ACCEPT IT."

H.L.BULLOCK, BRITISH WORKERS' DELEGATE, AGREED THAT LABOR MEMBERS ACCEPTED THE RESOLUTION WITH "SOME MENTAL RESERVATIONS."

THE OTHER TWO SUBCOMMITTEES, ON GENERAL SOCIAL AND LABOR CONDITIONS AND ON VOCATIONAL TRAINING, ALSO APPROVED UNANIMOUSLY THEIR REPORTS WHICH WILL BE SUBMITTED TO THE PLENARY SESSION TOMORROW.

CHICAGO, FEB 11-(AP)-THE STATE DEPARTMENT IS CONSIDERING ITS OWN NEGOTIATIONS WITH OTHER GOVERNMENTS TO REMOVE SPECIFIC BARRIERS TO THE FREE INTERNATIONAL FLOW OF INFORMATION, ASSISTANT SECRETARY WILLIAM BENTON DISCLOSED TODAY.

"OVER A PERIOD OF YEARS WE MIGHT REASONABLY HOPE TO MAKE A REAL DENT IN THE BARRIERS TO FREEDOM OF INFORMATION," HE TOLD THE INLAND DAILY PRESS ASSOCIATION.

HE SAID THE NEGOTIATIONS WOULD SUPPLEMENT EFFORTS OF THE UNITED NATIONS TOWARD THE SAME END AND HAVE SUCH SPECIFIC AIMS AS:

REDUCTION OR ELIMINATION OF POSTAGE ON BOOKS, NEWSPAPERS AND MAGAZINES; MUTUAL ADJUSTMENT OF TAXES ON ROYALTIES; REMOVAL OR REDUCTION OF TARIFFS, QUOTAS, OR EXCHANGE CONTROL ON PRINTING MACHINERY AND NEWSPRINT; LABELLING OF NEWS, RADIO BROADCASTS AND PUBLICATIONS AS TO SOURCE; DEFINITION OF THE ROLE AND SCOPE OF FOREIGN INFORMATION ACTIVITIES WITHIN NATIONAL BOUNDARIES; EXCHANGE OF STUDENTS, PROFESSORS AND TECHNICIANS, AND FREE ACCESS TO NEWS SOURCES.

BILATERAL AGREEMENTS, HE ADDED "MIGHT ALSO PRODUCTIVELY BE EXTENDED TO INCLUDE A MUTUAL STATEMENT OF PRINCIPLES ON THE MAINTENANCE OF FREEDOM OF SPEECH AND PRESS WITHIN NATIONAL BOUNDARIES; MAINTENANCE OF FREEDOM OF INFORMATION ACROSS NATIONAL BOUNDARIES; ABOLITION OF CENSORSHIP; GUARANTEES OF FREEDOM OF MOVEMENT FOR REPORTERS; MUTUAL GUARANTEES PROTECTING REPORTERS FROM INTIMIDATION, PUNISHMENT AND EXPULSION."

BENTON SAID ANY AGREEMENTS REACHED WOULD HAVE TO BE COUCHED IN "VERY GENERAL TERMS" TO MAKE THEM ACCEPTABLE AND ADDED "IF PRESENT ATTITUDES PREVAIL, EVEN THOSE TERMS COULD BE INTERPRETED AS MEANING ONE THING IN ONE COUNTRY AND ANOTHER IN THE NEXT."

NIGHT LEAD SUBSTITUTE SON (230)

NEW YORK, FEB 11-(AP)-A 22-YEAR-OLD POLISH SURVIVOR OF FIVE NAZI CONCENTRATION CAMPS ARRIVED TODAY FROM GERMANY TO TRY TO REPLACE IN THE HOME AND HEARTS OF A PHILADELPHIA FAMILY A SON KILLED IN THE INVASION OF SOUTHERN FRANCE.

THE YOUTH, BENCYEN SZERMAN, WAS MET AS THE TRANSPORT MARINE PERCH DOCKED BY AARON GOLD OF (419 SOUTH 48TH STREET) PHILADELPHIA, WHOSE PARENTS ARRANGED FOR THE POLE'S TRIP TO THE UNITED STATES.

THE PARENTS, MR. AND MRS. JAKOB GOLD (5946 CHRISTIAN ST.), ACTED AFTER ANOTHER SON, LT. COL. NORMAN GOLD, HAD WRITTEN FROM EUROPE THAT SZERMAN GREATLY RESEMBLED THE GOLDS' 22-YEAR-OLD SON,

BERWIN, KILLED WHILE FIGHTING WITH THE 45TH DIVISION IN 1944.

"THERE ARE NO WORDS TO EXPRESS MY HAPPINESS," SZERMAN SAID.

AARON GOLD REMARKED "I THINK HE WILL FIT IN VERY NICELY."

THE PARENTS ARE PREPARED TO USE FOR SZERMAN'S WELFARE A SUM SET ASIDE FOR PHILANTHROPIC PURPOSES IN MEMORY OF BERWIN. AARON GOLD SAID HIS FATHER, A REAL ESTATE MAN, WAS WILLING TO ADOPT SZERMAN BUT THE POLISH YOUTH INDICATED HE THOUGHT HE MIGHT BE TOO OLD FOR THIS.

THE SON ALSO SAID AFTER THE MEETING THAT HE DID NOT BELIEVE SZERMAN BORE A CLOSE RESEMBLANCE TO HIS DEAD BROTHER.

SZERMAN, A FORMER THEOLOGICAL STUDENT, AND THE ONLY SURVIVOR OF A FAMILY OF SIX, WAS LIBERATED FROM A PRISON IN ULM, GERMANY, BY AMERICAN TROOPS IN APRIL, 1945. HE MET LT.COL.GOLD WHILE WORKING AS A CIVILIAN EMPLOYE OF THE AMERICAN OCCUPATION ARMY.

NEW YORK, FEB.11-(AP)-IMPORTERS OF CHINESE GOODS GENERALLY HAVE CANCELLED ORDERS PENDING CLARIFICATION OF CHINA'S NEW EXPORT SUBSIDY, IT WAS LEARNED TODAY.

WHILE THE STOPPING OF SHIPMENTS FROM CHINA WAS NOT AN ORGANIZED ACTION BY IMPORTERS, ACCORDING TO HARRY RADCLIFFE, EXECUTIVE SECRETARY OF THE NATIONAL COUNCIL OF AMERICAN IMPORTERS, IT WAS UNDERSTOOD TO BE GENERAL THROUGHOUT THE TRADE.

THE CHINESE GOVERNMENT RECENTLY DOUBLED THE NUMBER OF CHINESE DOLLARS EXPORTERS THERE WILL RECEIVE IN EXCHANGE FOR AMERICAN DOLLARS, COMPARED WITH THE FORMER RATE OF 3,350 CHINESE DOLLARS TO $1 U.S.

THIS COULD CAUSE A DOUBLING OF AD VALOREM IMPORT DUTIES ON DUTIABLE IMPORTS OF CHINESE GOODS, IMPORTERS SAID, UNLESS THE UNITED STATES CUSTOMS SERVICE TOOK INTO ACCOUNT THE NEW EXPORT RATE IN ASSESSING DUTIES.

THERE IS ALSO THE QUESTION OF ADDITIONAL (COUNTERVAILING) DUTY ON IMPORTATION OF GOODS SUBSIDIZED BY THE GOVERNMENT OF AN EXPORTING NATION.

IMPORTS OF NON-DUTIABLE GOODS, SUCH AS TUNG OIL, DRESSED FURS, RAW GOAT AND KID SKINS, SAUSAGE CASINGS, AND SILK, WHICH ACCOUNT FOR ABOUT ONE-HALF OF UNITED STATES IMPORTS FROM CHINA, WERE SAID TO BE UNAFFECTED BY THE "HOLD" ORDERS.

IMPORTERS SAID THE QUESTION OF COUNTERVAILING DUTY WOULD HAVE TO BE CLARIFIED BY THE UNITED STATES TREASURY, WHICH MUST DETERMINE THE AMOUNT OF ANY BOUNTY OR GRANT PAID WITHIN AN EXPORTING NATION. THE COUNTERVAILING DUTY WOULD BE EQUIVALENT TO THE AMOUNT OF THE SUBSIDY BOUNTY. #

NEW YORK, FEB 11-(AP)-THE PLANE CARRYING MRS. HELEN FRIEDMAN OF LANCASTER, PA., TO PALESTINE TO AID HER BROTHER, DOV BELA GRUNER, UNDER DEATH SENTENCE THERE AS A TERRORIST, HAS BEEN DELAYED AT GANDER, NFLD., BY MECHANICAL TROUBLE, TRANS WORLD AIRLINE ANNOUNCED HERE TODAY.

THE AIRLINE SAID THE PLANE ARRIVED AT GANDER AT 11:15 P.M. (EST) LAST NIGHT AND MAY RESUME ITS TRIP BY 2 P.M. TODAY.

MRS. FRIEDMAN, AFTER BAD WEATHER HAD DELAYED HER TRIP A WEEK, WAS CHEERFUL WHEN SHE FINALLY STARTED HER TRIP LATE YESTERDAY.

"I HOPE HE WILL BE ACQUITTED," SHE SAID. #

NEW YORK, FEB 11-(AP)-THE IMMIGRATION AND NATURALIZATION SERVICE SAID TODAY A 38-YEAR-OLD POLISH IMMIGRANT WOMAN COMMITTED SUICIDE AT ELLIS ISLAND AFTER A BOARD OF SPECIAL INQUIRY EXCLUDED HER FROM THE UNITED STATES BECAUSE SHE HAD BEEN DIVORCED BY HER HUSBAND, A CHICAGO RESIDENT.

THE WOMAN WAS IDENTIFIED AS MRS.ZOFIA FELDY, A NATIVE OF KAZIMIERZA WIELKA, POLAND, WHO CAME HERE JAN.19 ON THE ARMY TRANSPORT JARRETT M.HUDDLESTON. HER BODY WAS FOUND YESTERDAY HANGING BY A CORD IN A DETENTION ROOM.

HER FORMER HUSBAND WAS IDENTIFIED AS ANTONI FELDY, OF (2014 WEST CORTEZ ST.) CHICAGO, BY IMMIGRATION SERVICE OFFICIALS, WHO SAID HE OBTAINED A DIVORCE IN 1940 ON GROUNDS OF ALLEGED DESERTION.

A 17-YEAR-OLD DAUGHTER OF THE COUPLE ACCOMPANIED MRS.FELDY HERE. SHE WAS ADMITTED WHEN FELDY, WHO HAS REMARRIED, SAID HE WOULD CARE FOR HER.

LEAD DAY U.N. (140)

LAKE SUCCESS, N.Y., FEB.11-(AP)-WARREN R.AUSTIN, UNITED STATES DELEGATE, TOLD THE UNITED NATIONS SECURITY COUNCIL LATE TODAY THAT THE JURISDICTION OF A PROPOSED ARMAMENTS COMMISSION "SHOULD BE SETTLED NOW ONCE AND FOR ALL."

HE REITERATED THE UNITED STATES DEMAND THAT THE PROJECTED COMMISSION MUST NOT ENCROACH ON THE WORK OF THE ATOMIC ENERGY COMMISSION.

AUSTIN OPENED DEBATE ON THE DEADLOCKED PROGRAM FOR WORLDWIDE ARMS LIMITATION WITH NO HINT THAT THE UNITED STATES OR RUSSIA HAD CHANGED POSITIONS.

HE SAID THE UNITED STATES WOULD GO NO FURTHER IN AGREEING ON DELETIONS FROM A PROPOSED RESOLUTION DRAWN UP BY A SIX-NATION COMMITTEE LAST WEEK.

THE AMERICANS INSIST THAT THE RESOLUTION SPECIFY THE NEW COMMISSION SHALL NOT ENCROACH ON THE ATOMIC ENERGY COMMISSION. THE RUSSIANS ASSERT THIS STATEMENT IS NOT NECESSARY.

AUTHORITATIVE SOURCES SAID THE ARMS PROGRAM MAY BE SIDETRACKED TEMPORARILY FOR A COOLING OFF PERIOD IF THE DEADLOCK COULD NOT BE BROKEN.

ONLY RUSSIAN X X X 3RD GRAF PMS BUDGET (A34 DAY).

THE RUSSIANS, IN OPPOSING THIS, ARGUE THAT IT IS UNNECESSARY TO WRITE THIS INTO THE ARMS COMMISSION'S TERMS OF REFERENCE.

COUNCIL MEMBERS, IN PRIVATELY EXPRESSED SPECULATION, SAID ONE OF TWO THINGS MIGHT HAPPEN WHEN THE DISCUSSION IS RESUMED THIS AFTERNOON. THEY ARE:

1. RUSSIA COULD AGREE ON THE AMERICAN-PROPOSED JURISDICTIONAL LINE FOR THE ARMS COMMISSION.

2. REFUSE TO ACCEPT THE AMERICAN PROPOSAL.

IN CASE THE LATTER COURSE IS TAKEN, AMERICAN SOURCES TOOK THE VIEW THAT THERE IS NO POINT THEN IN SETTING UP THE ARMS COMMISSION SINCE THERE WOULD NOT BE UNANMITY AMONG THE BIG FIVE.

THERE, HOWEVER, WAS STILL A THIRD ALTERNATIVE--A CALL FOR AN IMMEDIATE VOTE ON THE U.S. PROPOSAL--BUT MOST COUNCIL MEMBERS WERE UNDERSTOOD TO BE OPPOSED TO THIS NOW FOR FEAR THAT THE VETO MIGHT BE USED. more

30.24-7855

THE U.S. WAS KNOWN TO BE OPPOSED TO A VETO SHOWDOWN WITH RUSSIA. WHILE REPORTED CONFIDENT OF WINNING AN EVENTUAL VOTE, THE AMERICAN DELEGATION WAS READY TO GO TO ANY LENGTHS SHORT OF RETREAT FROM ITS BASIC POSITION TO AVOID A WIDE-OPEN SPLIT.

THIS FEELING OF U.S. DELEGATE WARREN R. AUSTIN WAS SHARED BY SEVERAL OTHER COUNCIL MEMBERS, WHO POINTED TO THE FUTILITY OF "PASSING" ANY ARMS RESOLUTION WHICH WAS OPPOSED BY A GREAT POWER.

WHETHER SOVIET DELEGATE ANDREI A. GROMYKO WOULD CHOOSE TO INVOKE THE VETO IN THE EVENT OF AN AMERICAN MAJORITY WAS NOT KNOWN. IT ALSO WAS NOT CLEAR AT THIS STAGE WHETHER THE SECURITY COUNCIL WOULD HOLD THE QUESTION TO BE SUBSTANTIVE AND THUS SUBJECT TO THE VETO.

TWO DELEGATES PRIVATELY EXPRESSED THE OPINION THAT THEY DID NOT BELIEVE GROMYKO WOULD RISK WORLD PUBLIC OPINION BY VETOING ANY ARMS RESOLUTION WHICH WAS SHOWN TO HAVE VIRTUALLY COMPLETE SUPPORT.

MORE WEIGHT WAS ADDED TO THIS VIEW, SINCE THE RUSSIANS INITIATED THE ARMS LIMITATION RESOLUTION IN THE GENERAL ASSEMBLY AND ARE ANXIOUS TO SEE THAT THE PROGRAM IS NOT SIDETRACKED COMPLETELY.

THE U.S. DELEGATION IS KNOWN TO BE READY AND WILLING FOR THE ARMS COMMISSION TO BE SET UP TODAY IF IT DOES NOT INVADE THE ATOMIC ENERGY COMMISSION.

MANILA, FEB. 10 (AP)-FAR EAST OIL DEVELOPMENT COMPANY, INC., WILL RESUME SOON WAR-INTERRUPTED TEST DRILLING ON CEBU TO DETERMINE WHETHER PETROLEUM CAN BE FOUND IN COMMERCIAL QUANTITIES IN THE PHILIPPINES.

OIL SEEPAGES WERE FOUND IN THE PHILIPPINES AS EARLY AS 1914 BUT SOME GEOLOGISTS SAY COMMERCIAL DEPOSITS MAY NEVER BE FOUND BECAUSE THE ISLANDS' ROCK STRUCTURE PERMITS OIL AND GAS TO LEAK INTO THE SEA. FAR EAST GEOLOGISTS, HOWEVER, CONTEND FORMER DRILLING WAS NOT DEEP ENOUGH--THAT BEARING STRUCTURES ARE BELOW 12,000 FEET.

FAR EAST IS FINANCED JOINTLY BY MANILA BUSINESSMAN ANDRES SORIANO AND THE CAPITOL CORP., OF CALIFORNIA.

MONTREAL, FEB.10 (AP)-THE PRACTICE OF STATE TRADING IS A TREND "AWAY FROM FREEDOM," U.S.AMBASSADOR RAY ATHERTON DECLARED IN A LUNCHEON ADDRESS HERE TODAY.

ATHERTON TOLD THE CANADIAN LUMBERMEN'S ASSOCIATION THAT "OVER LARGER AND LARGER AREAS OF THE WORLD INTERNATIONAL TRADE IS BECOMING A GOVERNMENT MONOPOLY, AN INSTRUMENT OF CENTRALIZED ECONOMIC CONTROL BY STATES WHICH ARE FORCED TO MATCH THEIR EXTERNAL POLICIES WITH THEIR INTERNAL POLICIES."

"IT IS INCREASINGLY THE FASHION," HE SAID, "FOR A NATION TO ACT IN INTERNATIONAL TRADE AS ONE BUYER AND ONE SELLER. THIS MAY OR MAY NOT LEAD TO GREATER EFFICIENCY; IT IS TOO EARLY TO TELL.

"IT IS NOT TOO EARLY TO TELL THAT THIS TREND IS AWAY FROM FREEDOM, AS FREEDOM HAS THUS FAR BEEN UNDERSTOOD BY WESTERN CIVILIZATION."

UN Votes to Create 11-Nation Board To Study Cut in Arms

COUNCIL'S ACTION TERMED SWEEPING VICTORY FOR U. S.

Commission Would Be Limited to Field Not Covered by Atomic Board.

VOTE IS 9 TO 0

Russia and Poland Abstain; Further Action on Resolution Due Today.

LAKE SUCCESS, N. Y., Feb. 12 —(AP) The United Nations Security Council voted by 9 to 0 tonight to create an 11-nation commission to study the reduction of all armaments except those already being examined by the UN Atomic Energy commission.

Russia and Poland abstained from voting.

Seen Victory For U. S.

The council's action was a sweeping victory for the United States which had insisted that any arms commission created by the United Nations must be limited to the field not covered by the Atomic

commission.

Soviet Delegate Andrei A. Gromyko fought the U. S. proposals until the end, but when the showdown came he declined to invoke the big power veto with which he could have killed the plan at this point.

The Council's decisive vote was on paragraph 3 of a draft resolution outlining the whole machinery of arms reduction. A vote must still be taken on the resolution as a whole, after the Council acts on the final paragraph which will be taken up at 3 p.m. tomorrow.

Use of Veto Seen Unlikely

Thus there still was a chance that Russia might use the veto, but this was regarded as highly unlikely in view of Gromyko's abstention today.

The controversial paragraph provided that:

1. An 11-nation commission would be created immediately to formulate plans for the reduction and regulation of armaments recommended by General Assembly resolutions "insofar as these resolutions relate to armaments within the new commission's jurisdiction."

2. The new commission shall submit a plan of work to the council for approval.

3. Those matters which fall within the jurisdiction of the Atomic commission shall "be excluded from the jurisdiction" of the new commission.

4. The title of the commission shall be the Commission for Conventional Armaments.

Preamble Approved

The council already had unanimously approved the preamble and the first two paragraphs of the resolution, which was a composite of the views of an informal drafting committee with the exception of the controversial third paragraph.

On this paragraph, the Council had before it alternate drafts, one embodying the extended United States views and the other the Russian position. The approval of the U. S. version automatically killed the Soviet draft.

Paragraph one of the resolution merely provided that the Council would work out practical measures to bring about the reduction and regulations of armaments. The second paragraph, also non-controversial, called for immediate Council consideration of the atomic commission's recommendations for atomic control, now before the delegates.

New Wrangle Seen

The fourth paragraph, only one not yet approved, proposes steps to speed up the work of the UN Military Staff committee. A fight was expected to develop on this tomorrow, when British Delegate Sir Alexander Cadogan presses for approval of his proposal for fixing an April 30 deadline for the Staff committee to submit recommendations on the basic principles for an international security force.

Final action on the section creating the arms reduction commission came after both Gromyko and Australian Delegate Paul Hasluck had made last minute compromise proposals. Both amendments were defeated after meeting vigorous opposition from U. S. Delegate Warren R. Austin.

Gromyko then started a long procedural wrangle by trying to have paragraph three voted upon by sections. This would have enabled him to vote for the first section, which corresponded to his own proposal, and to vote against the last half, which contained Austin's version.

After the vote Gromyko explained that he had to abstain because the parts of the paragraph were tied together due to "faulty procedure" of the Council. Austin had contended that the paragraph was all part of the same proposal and was therefore "indivisible."

The Council adjourned at 8:16 p. m. (EST) after more than seven hours of debate.

Lake Success, N.Y., Feb. 12 (AP)—Sir Alexander Cadogan, British delegate to the United Nations Security Council, today asked the Soviet delegate, Andrei A. Gromyko, point-blank whether Russia believed the question of atomic control should come within the scope of a proposed commission on arms limitation.

Cadogan, siding with the United States contention that a resolution framing the Arms Commission must clearly state that it would not encroach on the existing Atomic Energy Commission, asked Gromyko for an answer.

Great Britain, France and Colombia lined up this morning with the United States in favor of a clear definition of the scope of the Arms Commission. Russia has remained firm in its position that is it not necessary to make a specific statement in the resolution creating the arms body.

Baron Guy de la Tournelle, acting French delegate, told the United Nations Security Council that France agreed fully with the United States views that atomic control should not be mixed with a study of general disarmament.

At the same time, he said that both commissions should carry on their studies concurrently.

To Seek Red Pledge

The Council convened to continue debate on the Arms Commission.

Dr. Eduardo Zuleta Angel, of Colombia, also sided with the United States in a long review of the attempts to reconcile the clashing Russian-United States views.

Zuleta Angel said there should be a definite distribution of the work on arms and atomic controls and there was no reason why the proposed arms commission and the present Atomic Energy Commission should work on the same problem of atomic control.

Hopes For Co-Operation

He expressed hope that a spirit of co-operation would resolve the big-power differences.

Warren R. Austin, United States representative on the United Nations Security Council, intimated yesterday that he believed Russian opposition to an American proposal to prohibit invasion of the atomic energy field by an arms commission was motivated at least in part by such an intent.

In a reply to Austin, Andrei A. Gromyko, the Russian representative, failed definitely to answer this challenge.

Encroaching Commissions?

Sir Alexander Cadogan, British delegate, said he would ask Gromyko for a specific answer today on whether the proposed Arms Reduction Commission would have the power to encroach on the already functioning of Atomic Energy Commission.

After a four-hour session yesterday, the United States and Russia were still deadlocked on the United Nations program for world-wide arms limitation.

Neither offered to budge from its previous stand.

Wants It Written In

This is the position:

The United States insists that the terms of reference of the proposed eleven-nation Arms Reduction Commission should state specifically that such a body should handle only conventional weapons and not infringe on the work or duties of the already functioning, Atomic Energy Commission.

Russia argues that it is unnecessary to write this into the arms commission's terms of reference.

Gromkyo disclosed yesterday that when the Atomic Energy Commission report comes up in the Security Council, he will make a new move to outlaw atomic weapons.

Attlee Places Britain On Virtual War Basis

Issues Order Calling for Finest, Prison Terms for Power Violators

LONDON, Feb. 12—(AP)—Prime Minister Attlee placed Britain on a virtual war basis tonight, issuing an order under war-time defense regulations that decreed fines or prison sentences for any of the nation's 49,000,000 people who disregarded the new island-wide limitation on household electricity.

Acting after nearly 72 hours of scheming against threatened disaster of his war-weakened nation in the coal crisis, Attlee also established an emergency committee of nine—peace-time equivalent of the war cabinet—to deal with what he called a "dangerously critical" fuel shortage.

Affects Industrialists

The order also applied legal penalties to industrialists who do not comply with a blackout order shutting all but essential plants in 38 of the 64 counties in England and Wales.

Earlier, the government ordered the five-hour cut off of electricity to householders extended to the entire island—all of Britain except northern Ireland—and directed nation-wide street lighting reductions amounting almost to a war-time blackout.

The emergency committee ordered cancellation of all railway passenger services in every instance wherein it would clear tracks or free locomotives for coal trains.

These steps were taken as the Board of Trade announced that 5,000,000 to 6,000,000 men were out of work because of industrial shutdowns, and that the crisis threatened to be felt in every phase of the economy.

Aid Of Civilians Asked

The sharp announcement from Attlee's No. 10 Downing street residence said:

"The prime minister emphasized that the production and movement of coal to meet the emergency must be regarded by all concerned as an absolute priority and that efforts to overcome the crisis must be planned and operated with the same speed and urgency as a major military operation."

The first "communique" of the new emergency committee, which includes some leaders in private industry, called for the mobilization of civilians thrown out of work by closed plants, to help soldiers and regular transport workers in moving coal.

It authorized Fuel Minister Emanuel Shinwell to use war-time powers of requisition to divert coal shipments from consignees in order to speed the turnabout of coal cars.

It banned greyhound racing, but announced the industrial shutoffs would not be extended beyond the 38-county areas.

Relaxation to Be Gradual

It announced that any relaxation on fuel restrictions must be gradual and that full service to householders must not be restored until industry, life blood of exporting Britain, was again in full swing.

Penalties to householders under the war-time act range up to a fine of $400 and imprisonment of three months, "but in extreme cases where indictments have been returned the penalties could be increased to $2,000 fine and two years in prison."

Meanwhile, cold weather continued, with the thermometer hovering around 26 degrees and the forecaster predicting more snow.

The stock market slumped for the third straight day. Government bonds were off $2 to $3.50.

A fuel ministry spokesman said cooperation of domestic users was improving, but still "could be better."

More Unemployment Seen

The Board of Trade, predicting unemployment would spread still further, said "this is going to affect rations, clothing, household appliances, shoes—everything. People do not yet realize the serious personal effect this will have on everyone."

The Chamber of Commerce at Liverpool, one of England's largest ports, warned that "disaster is imminent" and spoke of the possibility of an "economic crisis undermining the entire structure of the nation."

Faced with mounting losses, industrialists served statutory notice on idle employes of plans to discontinue this week payment of guaranteed minimum wages. Countless thousands of employes went on the dole—$4.80 a week for a man, $3.20 for his wife and $1 for each child.

More passenger trains were removed from service to make way for top priority coal traffic.

Train Services Cancelled

The situation was almost as bad in northern Ireland where many train services were cancelled, coal supplies dwindled and work schedules of 100,000 linen workers were reduced to three weeks out of every four. Domestic users of electricity were asked officially to limit themselves to minimum needs and the fuel situation was described as critical.

The pinch of Britain's coal export embargo was felt in Eire, where there were predictions of additional shutdowns.

Country-Wide Power Restrictions Due Tomorrow

1947

London, Feb. 12 (AP)—The Ministry of Fuel and Power announced today that domestic electricity restrictions would be extended throughout the country tomorrow.

The daily cuts will be for five hours' duration—from 8.30 A.M. to 11.30 A.M., and from 1.30 P.M. to 3.30 P.M., except in the southwest, where they will be from 9 to noon and from 2 to 4 P.M. Drastic street lighting reductions, amounting to blackout conditions, will also be imposed by night. The Ministry simultaneously appealed to gas consumers to "get down to really serious economy" to assure supplies for essential industries, including bakeries.

"You cannot really let the gas works run right out of coal," a spokesman said.

Between 5,000,000 and 6,000,000 workers were estimated by a Board of Trade spokesman to have been thrown out of jobs, many onto the dole, by Britain's coal crisis.

New Blizzards Strike

New blizzards and freezing gales, which the Labor Government said had blocked rail lines and disrupted shipping, added to the hardship.

The spokesman for the Board of Trade, a Government bureau comparable to the Unites States Department of Commerce, forecast an even greater shutdown for next week, with unemployment spreading to all parts of the country.

"This is going to affect rations, clothing, household appliances, shoes—everything," he said. "Most people don't yet realize the most serious personal effects this will have on everyone."

Shipping centers reported it was too early to estimate the effects of the shutdown on export trade. The Chamber of Commerce at Liverpool, however, warned:

"Disaster is imminent.

"The present emergency has had an immediate effect on Great Britain's standard of living and powers of production and may develop into an economic crisis undermining the entire structure of the nation."

Some Coal London Bound

The Cabinet found hope in reports that some railways in the north had been cleared of snow and that trains laden with 6,500 tons of coal were rolling toward London. Several colliers cleared northeast ports after being held by storms several days, although 100 others were tied up.

Radar-equipped Navy ships were standing by to escort coal ships through ice or fog.

At Dover, a quarter of a million tons of the white cliffs tumbled into the sea last night.

Cold weather completed the weakening of the section—150 yards long, 30 feet deep and 200 feet high—that was shelled intensively during the war.

A byproduct of the coal famine was a cigarette shortage in London, because three large factories were closed Monday. London canceled 22 subway trains and planned to cut out another 60 tonight because so many millions were jobless.

Dip In Stock Market

Government securities and industrial shares dropped up to a point for the third consecutive day. Many factories gave idle workers notice that guaranteed wage payments would be suspended beginning Friday.

The situation was critical in Northern Ireland, cut off from coal by the export ban. Ulster linen mills, employing 100,000 persons and producing a major export commodity, cut work schedules a fourth.

Projected telephone curtailments were announced.

Temperatures and tempers both dropped in London. Hisses and cries of "rot" greeted H. A. Mar-

quand, secretary for overseas trade, when he told a luncheon that office workers, as well as miners and other laborers, should be asked to increase production.

75,000 Rail Cars Immobilized

Fresh snowfalls and wintry gales immobilized millions of tons of coal, loaded on 75,000 railroad cars and 125 ships. Snowdrifts isolated dozens of villages in the Midlands and northern England and the Royal Air Force planned to drop ten tons of food today in the Staffordshire area.

Public co-operation in observing a five-hour ban each day on the use of electricity in homes was reported "not so good as Monday." The Fuel Ministry said yesterday's consumption of electricity was nearly 500,000 watts higher than on Monday.

Emphasizing that storm-blocked transport arteries were the main immediate difficulty, the Fuel Ministry declared last night:

"Throughout the country as a whole, power stations striving to feed the nation's essential services barely held their own Monday. . . . It is doubtful whether at the close of that day stock positions of the power stations in the restricted areas was much improved. Outside the restricted areas the stock position probably grew worse."

Passenger Trains Sidetracked

The railroads, wherever lines were open, were ordered to sidetrack even their crack passenger trains to give fuel cars the right of way.

Newspapers reverted to their wartime size of four pages today in a further effort to save fuel-generated power.

Members of Parliament from all major political parties in a letter to the *Times* urged the Government and the Periodical Proprietors Association to exempt five influential weekly periodicals from the two-week printing ban announced as a power-saving measure.

Eden One Of The Signers

Signers of the letter, who included Deputy Conservative Leader Anthony Eden, said that banning the five publications would save an "infinitesimal" amount of power and declared that "this is a time at which the public service performed by such organs of opinion is of especial and, indeed, inestimable importance."

The weeklies are the *Economist, Spectator, New Statesman, Time and Tide, and Tribune.* Their political complexions range from Conservative to strongly pro-Labor.

Jobless Put At 5 Million

London, Feb. 12 (AP)—Paralyzing unemployment spread through the industrial heart of Great Britain today and brought the pinch of sudden poverty to millions.

An officially estimated 5,000,000 to 6,000,000 of the country's 19,000,000 workers covered by unemployment insurance—those earning less than $1,680 a year—were jobless as a result of the coal famine.

Since Monday they have been standing in line to register at employment exchanges where a few have been assigned to other jobs and the rest have qualified for benefits—$4.80 a week for a man, $3.20 for his wife and $1 for each child.

Payments Deferred

But there are no benefits for Monday, Tuesday and Wednesday of this week—the three-day waiting period—and payments for the week, beginning tomorrow are not made until a week from next Friday, by which time the men may or may not be back on the job.

"Still it's a great deal better than nothing at all—what we got in the old days," said a lathe hand from a North London machine shop. "It's our own money and the bosses' that the Government pays back to us."

The Government collects about 33 cents a week from each insured worker, half paid by the man himself and half by the employer. The unemployment insurance system has existed since 1929.

2-Hour Ride Up In Elevator

London, Feb. 12 (AP)—Mrs. Ann Fynn stepped into the automatic elevator of her apartment house just before 2 P.M. yesterday and started up.

At 2 P.M. the power, as decreed by the Government to help ease the current fuel crisis, went off.

At 4 P.M. the power, in accordance with the same Government decree, came back on and Mrs. Fynn finished her ride.

RECOGNITION FOR BULGARIA

Britain Makes Plain Recent Election Is Not Approved

London, Feb. 12 (AP)—Britain announced tonight that she has recognized the Bulgarian Government—but with strings attached.

A note, delivered in Sofia yesterday and released here by the Foreign Office tonight, said Britain did not necessarily approve of the recent elections in Bulgaria and would determine its "attitude" by the way the Bulgarian Government fulfills "al lobligations under the peace treaty."

Yalta Pact Not Absent

Britain's recognition, the note stated, "in no way implies that they (the British Government) consider either past methods employed by the Bulgarian Government to consolidate their position or the conduct of the recent elections to have been in keeping with the spirit and intentions of the Yalta declaration on liberated Europe."

But, it continued, Britain decided to restore full diplomatic relations wits its wartime opponent "in the hope that it is the intention of the Bulgarian Government henceforth to fulfill in spirit as well as letter their pledge to secure to all persons under their jurisdiction the fundamental freedoms. . . ."

Bulgars Are Satisfied

The Bulgarian Government replied that it received the British note witth satisfaction, but added that the Bulgarian people would not the British view of methods employed in estting up the Communist-led Fatherland Front government.

Meanwhile, the British Press Association reported it had learned from London sources that "tens of thousands" of Russians were being moved into Bulgaria "to ensure continuation of Soviet influence" ther after the Red Army leaves. A Foreign Office spokesman was unable to confirm the report, but he said he thought there was some movement of Russians into the country.

'Peace Statute' Plan For Reich Put On Shelf

London, Feb. 12 (AP)—An American informant said today the United States had put aside, temporarily at least, Robert Murphy's idea of imposing an international "peace statute" on Germany rather than a formal peace treaty.

Murphy broached the idea in the conference of deputy Foreign Ministers, preparing peace pacts for Germany and Austria. Murphy said his goal was to save a future democratic government in Germany from criticism at home for signing a treaty.

Canada and Australia formally proposed the same plan.

State Department Silent

A source close to Murphy said he had referred the suggestion to the United States State Department some time ago and had received neither approval nor disapproval. The informant said Murphy was thus proceeding on the theory that a conventional treaty would be signed.

The source said the possibility remained that it might be broached again when the Foreign Ministers of the United States, Russia, Great Britain and France meet in Moscow in March.

The deputies concerned with drafting an accord for Austria canceled a meeting scheduled for the morning. American and British sources said their subcommittees had not finished preliminary work on subjects scheduled for discussion.

Eighteen small Allied nations were assured meanwhile of a more active part in drafting the peace treaty with Germany after Russia agreed to take a "wider view" in consulting small nations.

The Russians' retreat from their previous view that the Big Four should have the major task of dictating peace to Germany was made clear last night by Deputy Foreign Minister Feodor Gousev during discussion of United States proposals to set up consultative committees of the small Allies.

Gousev told the deputies, according to American sources, that the Soviet delegation had decided a "wider view" should be taken of small-nation suggestions and that detailed Soviet proposals would be submitted in a few days.

Proposes Four Committees

The action came after Canada, Brazil, Australia and other small nations had protested strongly that the Big Four Ministers were laying down peace terms without proper representation by small nations.

The United States Representative, Robert Murphy, proposed that within four weeks after the Moscow conference the deputies meet again to discuss the first draft of the settlement. He proposed the establishment of four committees consisting of the Big Four deputies and one small-nation representative appointed by each deputy to study political, territorial, reparations and disarmament problems.

REDS BACK DOWN ON TREATY METHOD

London, Feb. 12 (A. P.).—Eighteen small Allied nations were assured today of a more active part in drafting the peace treaty with Germany after Russia agreed to take a "wider view" in consulting small nations. The retreat from the Soviets previous view that the "Big Four" should have the major task of dictating the peace to Germany was made clear last night by the Russian Deputy Foreign Minister, Feodor Gousev, during a discussion of American proposals to set up consultative committees of the small Allies.

Gousev told the Deputies, according to American informants, that the Soviet delegation had decided that a "wider view" should be taken of small nation suggestions and that detailed Soviet proposals would be submitted in a few days. The action came after Canada, Brazil, Australia and other small nations had protested strongly that the Big Four Ministers were laying down peace terms without proper representation by small nations.

The American representative, Robert Murphy, proposed that within four weeks after the Moscow conference the Deputies meet again to discuss the first draft of the settlement. He proposed the establishment of four committees consisting of the Big Four Deputies and one small nation representative appointed by each Deputy to study political, territorial, reparations and disarmament problems.

Concession To Small Nations

London, Feb. 12 (AP)—Russia today proposed concessions to some small Allied states in writing the peace treaty for Germany.

Feodor Gusev, Soviet Deputy Foreign Minister, suggested to the American, British and French deputies that the twelve European states which had been occupied by German forces be permitted to negotiate with an important four-power committee on the German peace settlement, American informants said.

Secondary Role For Others

Non-European allies, according to the Russian proposal, would be accorded a secondary role. The Russians proposed that these Allies be permitted to watch the functioning of a central standing committee but not to participate directly in its negotiations.

Gusev's suggestion was regarded by the other participants in the four-power deputy foreign ministers' conference as a helpful Russian concession moving the conference closer to the treaty-making process, the informants said.

The United States delegation did not appear to be completely satisfied, however.

"What About Canada?"

"What about Canada?" asked Robert Murphy, the American deputy.

A number of the smaller Allied states, including Canada, have demanded a greater share in the drafting of the German treaty.

The Russian plan — not yet worked out in detail—contemplates the appointment of a standing committee by the four major powers to work during and probably after the foreign ministers meeting in Moscow next month. The committee would gather data and draft recommendations.

The Russians suggested that small nations "directly interested" in the German peace settlement should be able to participate in the work of this committee.

"Interested" Nations Named

"Directly interested" countries were defined as those which actually had been occupied during the war by German forces. Gusev named them as Albania, Belgium, White Russia, Denmark, Czechoslovakia, Greece, Luxembourg, the Netherlands, Norway, Poland, the Ukraine and Yugoslavia.

The other deputies noted at once that the Russian proposal excluded from the inner circle of Allies all the states of the British Empire except the United Kingdom. Brazil also was excluded. It also was noticed that in any East-West lineup of European countries, half of the so-called "directly interested" states have followed Russian leadership in international affairs.

Murphy Idea Laid Aside

Earlier an American informant said that the United States had put aside, temporarily at least, Murphy's idea of imposing an international "peace statute" in Germany rather than a formal peace treaty. When Murphy broached the idea he said his goal was to save a future democratic government in Germany from criticism at home for signing a treaty.

A source close to Murphy said he referred the suggestion to the United States State Department sometime ago and had received neither approval nor disapproval. The informant added that Murphy thus was proceeding on the theory that a conventional treaty would be signed.

King Has Swim While London Shivers

London, Feb. 12 (A. P.).—While coal-short Britons shivered today in the most prolonged cold wave in fifty years, their King went swimming in a special pool rigged up on the battleship Vanguard, now steaming through tropical waters toward South Africa.

An Exchange Telegraph dispatch from the Vanguard said that King George, Princesses Elizabeth and Margaret and members of the royal party swam for half an hour. The royal family is due in Cape Town February 17 for a state tour of South Africa.

British Armed Forces Cost $4,028,300,000

London, Feb. 12 (AP)—The British Government revised upward by £70,000,000 ($280,000,000) today the estimated cost of maintaining its far-flung army and navy during the year ending March 31, 1937, a period marked by international tension.

Supplementary estimates published as white papers placed the combined total cost at £1,007,075,000 ($4,028,300,000), about seven per cent more than the original estimates.

Simultaneously the War Office announced that 65,000 troops—British, Colonial and Indian—had been required for army service in addition to the 2,950,000 originally authorized. The Royal Air Force is a separate entity and none of the figures announced today apply to it.

Milan Gang Unloads Fake U.S. Army Scrip

Paris, Feb. 12 (AP)—United States Army investigators said today that a Milan counterfeiting gang had unloaded $300,000 worth of faked American military scrip on French black-market buyers for $100,000 in good American money.

The counterfeit army vouchers showed up in Paris last week and some of it appeared in army tills. All army monetary offices were closed for a day and soldiers and attached civilian personnel were warned that faked $10 notes were circulating.

Investigators said a French syndicate apparently bought most of the counterfeit at bargain rates after the Italian sellers said they wanted to get rid of their scrip because American troops were soon leaving Italy.

Black-market tipsters told the investigators that the syndicate's stock of American dollars was wiped out in the deal and said the Paris group might start reprisals.

Paris Admits Plan.

Paris, Feb. 12 (A. P.).—Official spokesmen said today that Abd el Krim had been allowed to come out of exile on the isle of Reunion and, with Government permission, intends to live with his family on, the French Riviera. Now 65 years old, the tribal chieftain whose rebellion was put down in 1926 by troops led by Marshal Petain was reported living the life of a planter on the island. His twenty years' exile will come to an end, the informants said, as one of the measures of clemency extended by the new Fourth Republic.

Official comment was lacking, however, on a Madrid report that the Spanish Government had lodged a protest against his amnesty without prior consultation with Spain, which helped fight him in the 1920s.

Famous Fighter Out Of Exile

Madrid, Feb. 12 (AP)—The Foreign Ministry said today that Spain had entered "the most energetic protest" against the reported French action in transferring Abd el Krim, famed Moorish fighter who almost took Morocco from the French twenty years ago, to France from his luxurious exile retreat on Reunion Island in the Indian Ocean.

Government circles here said the transfer was made without previous consultation with Spain. They termed it a French "Communist" move to embarrass the Franco regime, because they considered Spain was Abd el Krim's worst enemy, although France played a greater part in beating him in 1926.

Obligation Alleged

The Foreign Ministry said France was obliged under notes exchanged after the "Lord of the Riff's" defeat in 1926 to agree on all matters concerning the desert chieftain.

The Moroccan was reported here to have arrived in southern France (close to the Spanish border) with 23 relatives and followers.

[It was said the French Government had used poor health as a reason for Abd el Krim's transfer.

To Live On Riviera

[In Paris, official sources said today that Abd el Krim had been allowed to come out of exile and, with Government permission, intends to live with his family on the French Riviera.

[Now 65, the tribal chieftain was reported living the life of a planter on the island in the Indian Ocean, surrounded by his family of about 50 persons.

[His twenty-year exile came to an end as one of the measures of clemency extended by France's first permanent Government since before the war, informants said.

[Official comment was lacking on a Madrid report that the Spanish Government had lodged a protest with France against amnesty for Abd el Krim without prior consultation.]

Sketch Of His Career

Abd el Krim, who managed to engage two European armies in a major campaign, was working in Melilla, Spanish Morocco, in 1919, when he quarreled with General Silvestre of the Spanish Army. Swearing vengeance, he took to the hills of his tribe and instituted a fierce resistance to the occupation of the Riff (coastal tribal area) by the Spaniards.

Two years later he had his revenge when he captured the Spanish post of Anual and Silvestre was either killed or committed suicide. The fall of Anual spread panic among the Spanish Army and before the fighting ended 16,000 of them had been slain.

SOVIET ECONOMIST ACCUSES BRITAIN, U. S. OF SABOTAGE

MOSCOW, Feb. 12—(AP) The Soviet economist M. Marinin declared in an extended article in Pravda today that British-American authorities were deliberately sabotaging the economy in their zones of Germany.

He said the "silent, inspired" campaign of "organized sabotage" was for the purpose of securing the "subordination of the western industrial zones to Anglo-American capital."

"This means the splitting of Germany," he declared.

The commentary was regarded as highly important by foreign missions in Moscow, many of whom sent texts of it back to their governments. Foreign observers said the article probably coincided with the official Russian view and probably had a direct bearing on the approaching Foreign Ministers conference in Moscow.

Marinin said British and American authorities did not aid in stepping up German industry even to the level permitted by the Potsdam agreement, but on the contrary all the most important plans for industrial production were hampered.

War plants were conserved while the development of peaceful branches of industry were slowed down, he asserted, with the result that in the British zone the coal production situation is "desperate," steel production is "merely one-third the allowed level" and the "situation in the textile industry is even worse."

The situation in the American zone justifies the characterization "zone of bankrupts," he continued.

The "organized sabotage of German cartels," he deduced, was the result of a "certain strategy" of "pressing Anglo-American capital on German industrialists who are thus urged to give their enterprises to American-British firms for almost nothing."

PRAVDA LAYS PLOT TO U.S. AND BRITAIN

Moscow, Feb. 12 (A. P.).—In an article in Pravda today the Soviet economist M. Marinin accused the British and American authorities in Germany of compromising Potsdam decisions on the level of German industrial production. He added that the British and Americans were guilty of "silently inspired" organized sabotage of German cartels.

Marinin accused the British and Americans of conserving war plants in their zones and of slowing down the development of "peaceful branches of industry." He also said that industrial production in the Soviet zone of occupation had reached 70 per cent of its authorized level by the end of 1946.

Foreign missions in Moscow attached much importance to the Pravda article, saying that it probably represents the official Russian view on a number of points and has a direct bearing on the Big Four Foreign Ministers' Conference to open here on March 10.

SOVIET REPUBLIC RETURNS COMPLETE

Moscow, Feb. 12 (A. P.).—Complete returns today from the Sunday election in the Russian Soviet Federated Socialist Republic, which stretches from the Gulf of Finland to the Pacific, showed a vote of more than 99 per cent for the bloc of Communist and non-party candidates (the Government approved list).

There was no list of opposition candidates. A vote against the bloc was registered by scratching out the names of candidates.

Of the 59,341,928 persons who voted in the R. S. F. S. R., 58,918,779 cast ballots for the bloc. Voting against the bloc by scratching out candidates' names were 420,359 voters—less than 1 per cent. A total of 2,700 ballots were reported invalid.

The Soviet Army newspaper Red Star said that in the White Russian republic, 99.57 per cent of the ballots were for the bloc. The newspaper said 99.7 per cent of the electorate in the Georgian republic voted for the bloc.

A dispatch from Vilna, capital of the Lithuanian Republic, said 97.4 per cent of the registered voters participated in the election. The account gave no other figures.

Complete returns have not been announced as yet for Azerbaijan, the Ukraine, Armenia and the fifteen autonomous republics.

All elections were for deputies to the Supreme Soviets of the respective republics and the autonomous republics.

Nine other republics will vote later this month.

Berlin Residents Find Russians 'Most Distasteful,' Report Says

BERLIN, Feb. 12—(AP) Berlin does not like any of the four occupying armies in the city, but the Soviet Russian is "most distasteful" to the conquered Berliners, a report published by the U. S. Office of Military Government for the Berlin sector said today.

This distaste, the report said, is "partly because of traditional fear of Russia and partly because the city was taken by the Russians, whose destruction and poor conduct engendered a bitter hatred."

"It also is true that Berliners are afraid of dictatorship," the report added.

The same report disclosed that the Masons, the Odd Fellows, the Christian Science church and the World Peace league all have been denounced in the Allied Kommandantura as "reactionary and political."

It was not stated which commandant had made the denunciation, but the report said both the United States and Britain maintained that only German authorities should have the final word on the formation of non-political organizations.

Col. Frank L. Howley, director of the U. S. Military Government in Berlin, said in a foreword:

"From the beginning of the Berlin occupation, each of the four powers has directly or indirectly tried to convince its allies and the German people that its ideas were best for Berlin.

"The Russians have been most aggressive in this struggle, the French the least. The British have been exceedingly active politically, while the Americans have been aggressively neutral."

TITO ORDERS NEW CUT IN YUGOSLAVIA ARMY

BELGRADE, Yugoslavia, Feb. 12—(AP) Newspapers published today a new demobilization order signed by Marshal Tito Feb. 4. It was the third in six months.

No one would estimate the number of men involved. The last man to guess publicly at such a figure is serving eight years in prison on an espionage charge.

The demobilization included all soldiers born in 1924, 1925, 1926 and 1927 and who during the second half of 1944 joined branches of the service. It also included coast guardsmen of those years who signed two-year enlistments and sailors who in 1943 signed up for four years.

Guerrillas Kill 25 In Greek Village

Athens, Feb. 12 (AP)—A press dispatch from Salonika said today that a guerrilla force had raided the Greek village of Constantia, ten miles from the Yugoslav border, killing 25 residents, wounding 50 and capturing 10.

The dispatch, from a correspondent of the Athens newspaper *Embros*, said the force which made the attack yesterday was heavily armed and used mortars. It identified Mrs. Stavros Euthimiades, wife of a Populist member of Parliament, as one of those seized.

Plea For Doomed Pending

The report came as a United Nations commission sat in Athens to investigate Greek complaints that Yugoslavia, Albania and Bulgaria had given aid and comfort to Leftist bands raiding Greek soil.

A spokesman for the commission said last night it intended to ask the Greek Government to postpone execution of five condemned guerrillas pending an inquiry to determine whether they have information of value.

The United Nations Security Council has ruled that the commission may not intervene in such matters unless it believes the doomed men have valuable information.

Poland Increasing Imports.

Warsaw (A. P.).—Dr. Stefan Jedrychowski, Minister of Navigation and Foreign Trade, said Poland's imports this year should amount to $510,000,000, compared with $130,000,000 in 1946.

CHINA WILL HALT TRANSACTIONS IN U. S. CURRENCY

NANKING, Feb. 12. — (AP) China's prescription for its madly fluctuating currency—an order to stop the circulation of U. S. currency and to restrict public transactions in gold—was presented tonight to Chiang Kai-shek for his signature.

Official sources indicated the Generalissimo would sign. They declined to discuss rumors that other remedies would be tried.

Other Developments

Other developments in China's financial crisis included:

Chinese overran a Shanghai rice shop and took most of its stock. Observers said that might signal the start of rice riots, which many predicted would result from high prices and hoarding.

Shanghai authorities took extraordinary defense measures, although insisting to the associated press that they were not anticipating rice riots or other civil disturbances if conditions worsen.

Shanghai Mayor K. C. Wu urged a meeting of 60 merchants not to raise prices. He told them one rice shop owner had been arrested for refusing to sell although he had a large stock.

The yuan (Chinese dollar) surprisingly recovered to 13,000 to $1 from yesterday's low of 19,000 to $1. No one was able to explain the upsurge. The official exchange rate is 3,350 to $1.

Gold Plan Seen Rejected

In Nanking, an official spokesman said a suggestion made by members of the legislative Yuan (council) to nationalize gold was rejected because: The government cannot confiscate private property, including gold; the government cannot expect to recall gold by selling government bonds, and a large quantity of gold bars in the hands of powerful government officials would make it difficult to implement such a plan.

A number of Shanghai shops turned away customers, saying they had no rice. Long lines formed outside of others which were selling it. Municipal authorities said there is no danger of a shortage unless rice is hoarded.

Official sources said Chiang was

1947

30.24-7859

confident the government could cure the financial situation.

Premier Soong, himself under fire in some quarters amid recurrent rumors that he might resign, conferred with Finance Minister O. K. Yui and Governor Pei Tsu-Yee of the Bank of China. Shortly thereafter, Information Minister Peng Hsueh-pei told a press conference: The nation's trouble is a deeprooted disease, caused by 10 years of war with Japan and with the Chinese Communists and "this year will be the most difficult on the road to economic convalescence."

Koreans Try to Enter Japan

TOKYO, Feb. 12 (AP)—More than 15,000 Koreans have been caught trying to enter Japan since the surrender, occupation headquarters said today in a report that announced the repatriation of 130,000 Koreans. About 4,800 more Koreans are to be sent home. The report said that 9,600 Japanese were repatriated in the last week from Siberia, Southeast Asia and the Philippines.

China May Halt Circulation Of U.S. Money In Crisis

Shanghai, Feb. 12 (AP)—Official sources in Nanking tonight reported the Government has decided to stop circulation of United States currency and to restrict transactions in gold in an effort to control China's wildly fluctuating currency.

Meantime, a crowd of Chinese besieged a Shanghai rice shop and seized most of its stock amid generaly expressed fears that rice riots might develop if merchants withheld their supplies.

Appeals To Merchants

The Nanking source said the order to quit transactions in United States currency or gold would be issued as soon as Chiang Kai-shek approves it.

Shanghai Mayor K. C. Wu appealed to an emergency meeting of 60 representative merchants not to raise prices, declaring continued increases might have serious consequences. Prices have approximately kept pace with the skidding Chinese dollar, which fell to 19,000 to $1 on the black market before it suddenly recovered to 13,000 to $1 today. The comeback coincided with Chiang's declaration before the Kuomintang (Government party) Central Executive Committee that the Government is able to cope with the financial situation.

No one was able to explain the Chinese dollar's recovery today from its all-time low nor its stability today.

Informed sources said Chiang was confident the financial crisis would be controlled.

Meanwhile, on the fighting front, Communist troops made a second attack on the rail town of Tungsien, 13 miles east of Peiping, seizing the East station and pushing toward the South station, through which passes the Peiping-Tientsin Railway.

Reports Japanese Suicide Attempts

Tokyo, Feb. 12 (A. P.).—Many of the 1,073 prisoners at Sugamo Prison where ex-Premier Hideki Tojo and other major war crimes suspects are held, have attempted suicide, Allied correspondents were told by Col. Francis W. McCrary of St. Louis in the first group visit ever permitted at Japan's number one prison.

McCrary showed the reporters various items taken from prisoners, including capsules of cyanide and cords and strips of cloth intended for use in hanging attempts. Such items, the officer said, had been taken from Tojo, ex-Premier Baron Kiichuro Hiranuma and the former Ambassador to Italy, Toshio Shiratori. Early today Sergt. Yutaka Sagae, on trial at Yokohama for mistreatment of Allied prisoners at the Sendai camp, attempted to bleed himself to death.

Slaughter Of Peasants Alleged By Filipino

Manila, Feb. 12 (AP)—Opposition Senator Tomas Confesor has accused the Government of slaughtering civilians in central Luzon "on the mere suspicion" of being Hukbalahaps (armed peasants).

Confesor, a guerrilla leader during the war, touched off hot debate in the Senate last night by demanding that Secretary of the Interior Jose Zulueta, directing the military police campaign against the Huks, appear before the Senate for questioning.

Confesor charged that President Manuel A. Roxas sat in Malacanan Palace "without lifting a finger to halt the saturnalia of blood."

Senator Salipada Pendatun, also a former guerrilla leader, replied that Confesor was guilty of "misrepresentations" that embarrassed the republic in the eyes of the United States and the rest of the world.

French Driven From 2 Positions, Rebels Say

Manila, Feb. 12 (AP)—Radio Hanoi said in broadcasts monitored at Manila that French troops were driven from two positions south of Hanoi, Indo-China, in guerrilla attacks the nights of February 10 and 11.

The radio, quoting a communique of the Viet Nam high command, said the positions from which the French were driven were at Winh Tuy and Caumoi villages. The communique said French ground, air and naval forces had been repulsed "with heavy losses" in a general attack on Viet Nam positions at Thuy Nguyen in the Haipong sector.

To the south, the Viet Nam high command added, French troops attempting to advance northward along the road between Turane and Hue, capital of Annam, were driven back by Viet Nam troops Sunday night.

Filipinos Urge Roxas To Take Over Shipyard

Manila, Feb. 12 (AP)—Filipino employes of Manila's only shipyard petitioned President Manuel Roxas today to take over the yard and operate it as a Government agency rather than permit it to go to an American firm when the Army releases control.

The delegation, representing the 3,000 Filipinos employed in the yard, said the Army was planning to turn the Engineer Island yard over to the Consolidated Steel Corporation of Los Angeles.

The Army recently vacated the privately owned Earnshaw docks after Filipino protests. The Earnshaw yard is being rehabilitated now but is not in operation.

100 ARABS RAID JEWISH TOWN

Kidnapping Of One Of Wounded From Village Reported

CARTER—DAVIDSON

Jerusalem, Feb. 12 (AP)—Approximately one hundred Arabs, armed with knives and sticks, raided the Jewish village of Bnai Geulim tonight and kidnapped one of seven Jews wounded in the fighting, private informants said.

This raid came as Jewish extremists clashed with Jewish moderates for the second successive night with both sides reportedly being victimized by kidnappings.

The fighting at Bnai Geulim, 10 miles east of Nathanya on the Palestine coast between Tel Aviv and Haifa, apparently marked the culmination of a long-standing feud over grazing rights in the neighborhood.

Felled By Knife Thrust

Itshak Biri, 35-year-old resident who was felled by a knife thrust, was taken from the village by the Arabs, the informants said. Police investigated the scene of the fighting and searched the near-by Arab village of Il Amrak from which most of the attackers were believed to have come.

In Jerusalem police officials denied all knowledge of the incident although informants at Bnai Geulim said their information came from a police officer conducting the investigation.

One Jew believed to be a member of the underground and two others belonging to a moderate political party were said to have been kidnapped during the clash between the two Jewish groups.

No Official Confirmation

There was no official confirmation, but reliable private informants said ten armed Jews, believed to be members of the moderate Hashomir Hatzair party, had abducted an underground member from an orange grove near Rehovoth.

This was followed swiftly by the kidnapping, apparently in retaliation, of two Hashomir members in the all-Jewish city of Tel Aviv, the informant said.

The Tel Aviv headquarters of the Hashomir party, which has been outspoken in its opposition to underground tactics, was raided last night by underground members and twelve persons were injured.

Irgun Reiterates Policy

The secret radio of the underground Irgun Zvai Leumi reiterated its eye-for-an-eye policy toward the British, referring to the fatal injury Sunday of a Jewish refugee aboard a schooner attempting to run the Palestine immigration blockade and to death sentences imposed Monday on three suspected Irgun members.

"The British must pay with their blood for all Jewish bloodshed," the radio said.

The British announced officially a postponement in the execution of Dov Bela Gruner, another Irgun member. His death sentence, originally scheduled for last month, has been a focal point of the current tension in the Holy Land.

To Allow London Appeal

The postponement was granted by Lieut. Gen. Sir Evelyn Barker, Palestine commander, in order to allow an appeal to the Privy Council, Britain's supreme court, by Gruner's lawyers. Gruner himself has refused to sign such an appeal, but his lawyers took the case to the high court on behalf of an uncle, Frank Gruner, reported living in Florida.

Highly placed authorities said it would take months or possibly a year for the Privy Council to untie the legal tangle, and that Gruner's execution was certain to be stayed during that time.

Royal Air Force planes searched today for the refugee ship named Elue which was reported to have left Algiers Sunday with 600 uncertified Jewish immigrants.

Gruner Hanging Is Delayed By Technicality

Jerusalem, Feb. 12 (AP)—The Government announced today that the execution of Dov Bela Gruner, condemned terrorist, was being delayed because of legal complexities which authorities said might "take months or possibly a year" to untangle.

Gruner's impending execution had stirred the underground Jewish organization of which he was a member, Irgun Zvai Leumi, to vow reprisals, and had hung threateningly for weeks over the troubled Holy Land while he lived on the basis of a day-to-day reprieve.

Quiet After Outbreak

Palestine remained quiet today after last night's outbreak of rioting between Jewish extremists and Jewish anti-terrorists in the all-Jewish city of Tel Aviv. However, a new security measure was adopted. Lieutenant General Sir Alan Cunningham, High Commissioner, now is convoyed by a jeepload of soldiers and an armored car on his visits to the secretariat. Previously he had driven alone in an armorplated car.

The technicality in Gruner's case revolves about a claim that the High Commissioner had not confirmed the sentence imposed on Gruner last May for taking part in a raid on a police station. The plea was in the form of an order to the High Commissioner to show cause why Gruner should be executed, in the face of lack of confirmation.

Uncle Sponsors Appeal

Attorneys representing the condemned man's uncle, Frank Gruner, asked special leave to appeal the rejection of this plea in Palestine to the Privy Council Judiciary Committee, British equivalent of the United States Supreme Court. The condemned man has declined to appeal his sentence in his own behalf.

The violence in Tel Aviv last night was the first clash of Jew against Jew in the Holy Land since the British Army began its drive to stamp out underground activity.

100,000 Poles Are Promised Amnesty

Warsaw, Feb. 12 (AP)—President Boleslaw Bierut said today that a broad amnesty would be granted February 18 to up to 100,000 persons now in Polish jails and prisons.

He said the amnesty would be granted also to probably an equal number of Poles living abroad, who have been accused of opposing or committing crimes against the Government. They will be allowed to return with full civil rights, he said, except for those such as Lieut. Gen. Wladislaw Anders and members of the Polish Government in exile in London, who were deprived of their citizenship.

Bids For Nation's Support

Bierut told a news conference the anticipated amnesty, to come on the day the newly elected Parliament convenes, was so broad that even those depriced of their citizenship might apply for restitution.

The President was bidding for support of the entire nation in the task of reconstruction. The amnesty, he said, would apply to those who committed crimes against the Polish state up to February 5.

He said that under the act there was no reason why the thousands now hiding in forests and waging underground war against the Government should not integrate themselves into normal civilian life. He said he hoped the amnesty would induce thousands of Poles to return from England, France, Germany, Italy and Belgium.

Sees Truman Misinformed

Bierut expressed the opinion President Truman's recent statement to the new Polish Ambassador in Washington that Poland had broken her pledge to hold free and unfettered elections was based on incorrect information.

"In our opinion," he commented, "the Polish Government fulfilled its obligations under the Yalta and Potsdam agreements. I don't know what President Truman had in mind. Apparently his statement was caused by wrong information about the situation in Poland."

HEAD OF POLAND ISSUES APPEAL TO UNDERGROUND

WARSAW, Feb. 12 — (AP) President Boleslaw Bierut promised underground bands today that they could come out of the forests if they would lay down their arms, and announced a broad general amnesty act which may empty jails of 100,000 prisoners.

The president told a news conference that only quick action by the government forestalled a general armed uprising by the underground during the national elections last month. He said he was appealing at this time for all Poles to unite in the task of rebuilding their war-torn nation.

Affects Those Outside Poland

The amnesty will be promulgated Feb. 18, he asserted, and will excuse crimes committed against the state before Feb. 5. It also will be applicable to another 100,000 persons outside Poland, who either have opposed the present Communist-dominated regime or committed crimes against it.

Beirut said the act would not cover Poles such as Lt. Gen. Wladislaw Anders of the Polish government in exile in London, whose citizenship has been revoked, but that it was broad enough so that persons in that category could apply for reinstatement of citizenship with full civil rights.

The president said he hoped the amnesty would induce Poles scattered throughout Europe to return

to their homeland. The terms of the amnesty, he asserted, will apply to an "overwhelming majority" of persons now in jails here, and will be broader in scope than that of the fall of 1945, when an estimated 60,000 came out of the forests.

On another subject, Bierut said he believed President Truman's recent statement to the Polish ambassador in Washington, that Poland had broken her promise to hold free elections, was based on "wrong information about the situation in Poland."

Solution On Palestine Still Seems Distant

London, Feb. 12 (AP)—A Palestine solution seems as far away as ever and Britain "probably" will take the problem to the United Nations if Jews and Arabs keep on refusing the Government's projected settlement, Ernest Bevin, Foreign Secretary, said today.

An official summary of Bevin's address to a meeting of Arab delegates at the Palestine conference said the Foreign Secretary blamed both Arabs and Jews for the impasse and once more appealed to them to get together, reminding that world prestige would be gained by both sides if they exercised "sufficient statesmanship" to work out a solution themselves.

He commented that a solution was not "beyond the wit of man."

Opposed White Paper

Bluntly, Bevin warned the Arabs that the Labor party had opposed the 1939 White Paper, which restricts Jewish immigration to a quota of 1,500 a month, that Britain now feels she has a perfect right to revise that policy and that British troops could not enforce that restriction indefinitely.

Earlier, the Foreign Secretary listened to Arabs detail their objections to the British plan. They argued that the independence of an unpartitioned Palentine should be proclaimed immediately, all further Jewish immigration stopped and complete protection guaranteed Arab lands.

No Further Proposals

Bevin said he would put their arguments before the Cabinet and Britain's reaction would be conveyed Friday when the conference meets the last time. He declared, however, that Britain had no further proposals than those submitted February 7.

A copy of Britain's latest plan disclosed that the Government proposed that Palestine be split up not in two separate Arab and Jewish states but into a patchwork of semi-autonomous Arab and Jewish "cantons." For a period of five years these would function under British central control.

During the next two years Jewish immigration would continue at a rate of 4,000 monthly—a total of 96,000. After that the rate of immigration would be determined by the British High Commissioner "with due regard to the principle of economic absorption."

Would Seek Trusteeship

In the meantime, Britain would apply to the United Nations for a trusteeship over the country, with a provision that the Holy Land be prepared for independence.

After four years Palestine would elect a constituent assembly with the responsibility up to Arabs and Jews of agreeing on a constitution for an independent state.

If they failed to agree, however, the problem would go to the United Nations.

Jews rejected the plan on the grounds that they would be left a minority in an Arab state. Arabs declared the plan would only aggravate the threat to peace and stability. The wide range of powers envisaged for local authorities, Arabs said, was only another "guise of partition."

Jews, Arabs Urged To Seek Amity

London, Feb. 12 (AP)—Foreign Secretary Ernest Bevin announced today that Britain probably would take the Palestine problem to the United Nations if Arabs and Jews failed to agree among themselves or accept Britain's latest plan for the Holy Land.

Bevin made the announcement at a resumed session of the Anglo-Arab Palestine Conference.

The Foreign Secretary urged the Arabs to meet with the Jews and commented that he did not believe it was "beyond the wit of man" to find a solution to the Palestine problem.

No Nearer Solution

A summarized version of his speech, released by the conference secretariat, quoted Bevin as saying Britain, the Jews and the Arabs seemed as far away from a solution as ever, and that Britain is meeting with no spiritual compromise from either Arabs or Jews.

Britain proposed that Palestine be split up into a series of semi-autonomous Arab and Jewish "cantons." For five years these would function under British central control. During the next two years Jewish immigration would continue at the rate of 4,000 monthly. In the meantime, Britain would apply to the United Nations for a trusteeship which would provide that the Holy Land be prepared and developed for ultimate independence. After five years the position would be reviewed.

Wants Middle Course

Bevin said Britain is particularly anxious to do nothing to outrage Arab opinion or disturb political relationships in the Middle East and that was why he was seeking to find what he called a middle course.

The Arabs concluded their case by demanding immediate independence for an undivided, unpartitioned Palestine; stoppage of all further Jewish immigration and complete protection for Arab land rights.

Arabs Seek Support For Palestine Armies

Cairo, Feb. 12 (AP)—Faisel Abdel Latif, a member of the high council of Fetuwa, an Arab Army in Palestine, said tonight that "unless the Arab states support Palestine (Arab) military organizations by weapons and volunteers, Zionist organizations there will defeat the Arabs."

He said the Zionist groups were better equipped than the two Arab organizations, Fetuwa and Nejada. Fetuwa has reached a strength of 14,000 men, he added.

Mohamad Nemr El Hawari, leader of Nejada, said: "We will call for a crusade . . . against the Jews if Britain tries to impose partition or any other plan which does not achieve Palestine independence."

The Palestine Arab leaders were in Egypt attending King Farouk's birthday celebrations.

300 Jews to Enter Palestine

BERLIN, Feb. 12 (AP).—A group of 300 Jewish displaced persons from the British zone of Germany is being assembled at Bocholt, on the German-Belgian frontier, for emigration to Palestine, British authorities announced today. This group will be allowed immediate entry. All are skilled tradesmen.

Regime In Indonesia Plans Cease-Fire Edict

Batavia, Java, Feb. 12 (AP)—Premier Sutan Sjahrir said today his Indonesian Republican Government would issue a cease-fire order Saturday throughout Java and Sumatra.

Other Indonesians said the order would mark the start of a new Republican tactic of establishing a bloodless stalemate until the Netherlands was willing to sign the Dutch-Indonesian draft agreement, on the basis originally negotiated, to give the islands independence under the Dutch Crown.

Tons Of Rice Piling Up In Burma Strike

Rangoon, Burma, Feb. 12 (AP)—Tons of rice badly needed in helping to solve the world food problem are piling up in Burma because of a Rangoon dockworkers' strike which entered its eighteenth day today without sign of settlement.

A Government official estimated that about 20,000 tons of rice are awaiting shipment in Rangoon, while an additional 50,000 tons are tied up in rural districts because of lack of transportation facilities, hampered by lack of coal. Coal ships are lying in the harbor waiting to be unloaded.

The Burma Government expected to ship 750,000 tons of surplus rice to rice-short China, India, the Netherlands East Indies, Ceylon, the Malay States, Korea and the United Kingdom in the first six months of 1947. Rice shipments in January totaled 88,000 tons, but none has been shipped thus far in February.

RUSSIA BUYS RUBBER

Purchases 4,000 Tons of Malayan Product at Singapore

SINGAPORE, Feb. 12 (AP)—Four thousand tons of rubber have been bought by two Soviet Russian trade representatives in the first post-war Russian purchase of Malayan rubber, it was disclosed today.

Lee Kong-chian, president of the Singapore Chinese Chamber of Commerce and leading rubber trader, who made the sale, disclosed that he had the Singapore Government's permission to sell to Russia up to 10,000 tons provided payment was made in sterling or American dollars.

The 4,000-ton cargo will be carried to Odessa in a Russian ship.

U.S., CANADA AGREE TO CONTINUE CLOSE SECURITY PROGRAM

Announce Plans for Unifying Training, Standardizing Arms.

A-BOMB EXCLUDED

Use of Each Other's Military, Naval, Air Facilities Also Planned.

WASHINGTON, Feb. 12 — (AP) The United States and Canada announced today they will continue in peacetime their close wartime collaboration for the military security of North America.

Without entering into a formal treaty or binding agreements, the two governments proclaimed a five-point program for unifying training, standardizing arms, and using each other's military, naval and air facilities.

Atomic Bomb Excluded

Anything to do with the atomic bomb was excluded from the general understanding, it was made clear, since both governments have separate channels for development and administration of atomic energy.

Both stressed too, in formal announcements made simultaneously in Ottawa and Washington, that the charter of the United Nations "remains the cornerstone of the foreign policy of each."

In Ottawa, Prime Minister W. L. MacKenzie King told the House of Commons that the joint principles agreed upon would strengthen rather than impair the "cooperation of each country within the broader framework of the United Nations."

King emphasized that the United States had not asked for military bases in the Canadian northland.

The two governments said that their collaboration for "peace time joint security purposes" would be limited and would be only to the extent authorized by law of each.

Underscores Unity

Their proclamation, issued less than a month before the opening in Moscow of the Big Four Foreign Ministers conference, served nevertheless to underscore United States-Canadian unity on defense of "the Arctic frontier" facing Europe.

Since 1940 the neighbor governments have unified their common military problems through the permanent joint board on defense. That body will continue its work, based on these enunciated principles:

"1. Interchange of selected individuals so as to increase the familiarity of each country's defense establishment with that of the other country.

"2. General cooperation and exchange of observers in connection with exercises and with the development and tests of material of common interest.

Common Arms Designs

"3. Encouragement of common designs and standards in arms, equipment, organization, methods of training and new developments. As certain United Kingdom standards have long been in use in Canada, no radical change is contemplated or practicable and the application of this principle will be gradual.

"4. Mutual and reciprocal availability of military, naval and air facilities in each country; this principle to be applied as may be agreed in specific instances. Reciprocally each country will continue to provide with a minimum of formality for the transit through its territory and its territorial waters of military aircraft and public vessels of the other country.

"5. As an underlying principle all cooperative arrangements will be without impairment of the control of either country over all activities in its territory."

In both Ottawa and Washington, it was stressed officially that the arrangement does not involve joint use of bases such as might be expected in a tight, conventional military alliance.

In Washington, J. Graham Parsons, secretary of the U. S. section of the Joint Defense board, told reporters that the arrangement does not cover present or future bases.

Chairman of the U. S. section is Fiorello H. La Guardia, New York City's former mayor; the Canadian chairman is General A. G. L. McNaughton, former minister of national defense and wartime commander of the Canadian Army in Europe.

The United States and Canada have cooperated closely in the military field exercises in the far north since V-J Day. Currently Canada has observers with American army task forces "Frigid" and "Williwaw" in Alaska and the Aleutians. Last winter the United States took part in Canada's "musk ox" expedition through the Canadian far north.

The U. S.-Canada Accord

WASHINGTON, Feb. 12 (AP)—Following is the text of a Canadian-United States announcement on joint defense measures:

Announcement was made in Ottawa and Washington today of the results of discussions which have taken place in the Permanent Joint Board on Defense on the extent to which the wartime cooperation between the armed forces of the two countries should be maintained in this post-war period.

In the interest of efficiency and economy, each Government has decided that its national defense establishment shall, to the extent authorized by law, continue to collaborate for peacetime joint security purposes. The collaboration will necessarily be limited and will be based on the following principles:

(1) Interchange of selected individuals so as to increase the familiarity of each country's defense establishment with that of the other country.

(2) General cooperation and exchange of observers in connection with exercises and with the development and tests of material of common interest.

(3) Encouragement of common designs and standards in arms, equipment, organization, methods of training and new developments. As certain United Kingdom standards have long been in use in Canada, no radical change is contemplated or practicable and the application of this principle will be gradual.

(4) Mutual and reciprocal availability of military, naval and air facilities in each country; this principle to be applied as may be agreed in specific instances. Reciprocally each country will continue to provide with a minimum of formality for the transit through its territory and its territorial waters of military aircraft and public vessels of the other country.

(5) As an underlying principle all cooperative arrangements will be without impairment of the control of either country over all activities in its territory.

While in this, as in many other matters of mutual concern, there is an identity of view and interest between the two countries, the decision of each has been taken

30.24-7861

independently in continuation of the practice developed since the establishment of the Joint Defense Board in 1940.

No treaty, executive agreement or contractual obligation has been entered into. Each country will determine the extent of its practical collaboration in respect of each and all of the foregoing principles. Either country may at any time discontinue collaboration on any or all of them. Neither country will take any action inconsistent with the Charter of the United Nations. The Charter remains the cornerstone of the foreign policy of each.

An important element in the decision of each Government to authorize continued collaboration was the conviction on the part of each that in this way their obligations under the Charter of the United Nations for the maintenance of international peace and security could be fulfilled more effectively.

Both Governments believe that this decision is a contribution to the stability of the world and to the establishment through the United Nations of an effective system of world-wide security. With this in mind, each Government has sent a copy of this statement to the Secretary General of the United Nations for circulation to all its members.

In August, 1940, when the creation of the board was jointly announced by the late President Roosevelt and Prime Minister [W. L. Mackenzie] King, it was stated that the board "shall commence immediate studies relating to sea, land and air problems, including personnel and material. It will consider in the broad sense the defense of the north half of the Western Hemisphere."

In discharging this continuing responsibility the board's work led to the building up of a pattern of close defense cooperation. The principles announced today are in continuance of this cooperation. It has been the task of the Governments to assure that the close security relationship between Canada and the United States in North America will in no way impair, but on the contrary will strengthen, the cooperation of each country within the broader framework of the United Nations.

Washington, Feb. 12 (A. P.).—The United States and Canada announced jointly today that the two countries will "continue to collaborate for peacetime joint security purposes."

A statement issued simultaneously in Washington and Ottawa said that collaboration will be based on the following principles:

"1. Interchange of selected individuals so as to increase the familiarity of each country's defense establishment with that of the other country.

"2. General co-operation and exchange of observers in connection with exercises and with the development and tests of material of common interest.

"3. Encouragement of common designs and standards in arms, equipment, organization, methods of training and new developments. As certain United Kingdom standards have long been in use in Canada, no radical change is contemplated or practicable and the application of this principle will be gradual.

Facilities Mutually Available.

"4. Mutual and reciprocal availability of military, naval and air facilities in each country; this principle to be applied as may be agreed in specific instances. Reciprocally each country will continue to provide with a minimum of formality for the transit through its territory and its territorial waters of military aircraft and public vessels of the oter country.

"5. As an underlying principle of all co-operative arrangements will be without impairment of the control of either country over all activities in its territory."

The principles were adopted as a result of discussions in the United States-Canadian permanent Joint Board on Defense, which was set up in 1940.

Stressing that the decisions were made independently, the announcement in Washington by the State Department said that "no treaty, executive agreement or contractual obligation has been entered into."

U. N. Charter as Cornerstone.

"Each country will determine the extent of its practical collaboration in respect of each and all of the foregoing principles," the announcement said. "Each country may at any time discontinue collaboration on any or all of them. Neither will take any action inconsistent with the charter of the United Nations. The charter remains the cornerstone of the foreign policy of each."

Officials familiar with the negotiations said that no Congressional concurrence is required for the "policy statement."

The American chairman of the joint board of defense is Fiorello H. LaGuardia and the Canadian chairman is Gen. A. G. L. McNaughton, former Minister of National defense and war-time Canadian Army overseas commander.

U. S. and Canada to Continue To Collaborate for Security

Exchange of Defense Experts and Mutual Availability of Military and Air Facilities Are Announced.

Plan Reflects New Geographic Factors, Mackenzie King Says

Ottawa, Ont., Feb 12 (AP)—Joint American-Canadian plans for post-war hemisphere defense announced today reflect the fact that "new geographic factors have been brought into play" in recent years, Prime Minister W. L. Mackenzie King told Parliament.

Although stressing that a system of international security is an ultimate goal for Canada, King said that meanwhile nations must consider what other steps should be taken to defend themselves against aggression.

"The ultimate objective is not joint or regional defense," King said, "but collective international defense as the guarantee of national security.

Progress Is Needed

"It must be recognized, however, that much progress has still to be made before a system of international security becomes effective. Each nation must therefore consider what steps it should take in the meantime to defend itself against aggression, while bearing constantly in mind that these steps should contribute to the development of general security in accordance with the Charter of the United Nations.

"I should like to make it entirely clear that, so far as the Canadian Government is concerned, and I am sure the United States Government also, defense co-operation between the United States and Canada is intended to support and strengthen the United Nations."

Parallel Commonwealth

Principles of co-operation announced today "parallel closely the procedures which have long been applied between the nations of the British Commonwealth," the Prime Minister said.

"The similar arrangements envisaged between Canada and the United States in no way interfere with or replace our Commonwealth connections in matters of defense, training and organization," he said.

"Given the geographical position of Canada it is important that measures of co-operation should be undertaken both with the United States and the United Kingdom."

On Northern Defense

On the general subject of northern defense King said:

"It is apparent to anyone who has reflected even casually on the technological advances of recent years that new geographic factors have been brought into play.

The polar regions assume new importance as the shortest routes between North America and the principal centers of population of the world. In consequence, we must think and learn more about those regions.

"When we think of the defense of Canada we must, in addition to looking east and west as in the past, take the north into consideration as well.

Topography Involved

"Our defense forces must, of course, have experience of conditions in these regions, but it is clear that most of the things that should be done are required apart altogether from considerations of defense."

Such matters as topography, weather, flying, communications and general economic development are involved, the Prime Minister continued.

"The general economic development of the north will be greatly aided by tests and projects carried out by both civilian and defense services," King said. "As the Government views it, our primary objectives should be to expand our knowledge of the north and of the conditions necessary for life and work there with the object of developing its resources."

Unfounded Suggestions

The subject of northern defense "has naturally engaged the attention of many peoples both here and abroad, and some quite unfounded suggestions have been put forward," King said.

"There is a persistent rumor; for example, that the United States Government has asked for bases in the Canadian north," the Prime Minister said. "This is a rumor which I should like to deny emphatically.

"There has been talk of Maginot lines, of large scale defense projects, all of which is unwarranted and much of it fantastic. What we are trying to do is to view the situation soberly, realistically and undramatically."

Today's joint statement, King said, "emphasizes the desirability of continuing the co-operation between Canada and the United States in matters of defense which has developed through the years." This co-operation, he said, "has become increasingly effective in recent years."

U. S. Asked No Bases.

Ottawa, Feb. 12 (A. P.).—Prime Minister W. L. Mackenzie King disclosed today that Canada and the United States have decided that their national defense establishments shall, "to the extent authorized by law," continue to collaborate for peacetime joint security purposes.

The Prime Minister spoke in the House of Commons. He denied emphatically that the United States had asked for military bases in the Canadian northland.

He enunciated principles for the continuance of wartime co-operation of each county within the broader framework of the United Nations."

BUDGET CUT WOULD JEOPARDIZE ARMY, PATTERSON SAYS

Expresses Alarm for Current and Long-Term Missions in Japan, Germany.

CURTAILMENTS SEEN

Fund Reduction Would Affect Overall Strength, Research Program.

WASHINGTON, Feb. 12—(AP) Secretary of War Patterson declared tonight that if the proposed cut in the army budget is made, "the current and long-term missions of the Army, including those of Gen. MacArthur in Japan and Gen. McNarney in Germany, will be jeopardized."

Earlier, the Navy had contended that even a $500,000,000 cut in its funds might make the fighting fleets "immobile and impotent as an instrument of national policy."

6 Billion Slash Proposed

The Army-Navy stands were occasioned by announced plans of a House-Senate budgetary subcommittee to slash President Truman's $37,500,000,000 federal budget figure by a total of $6,000,000,000.

Patterson, in a statement for the press, said that he was "alarmed by reports to the effect that action is being taken to cut War department appropriations for the fiscal year by one and one-half billion dollars."

He said that $1,000,000,000 of it is reported to come from "purely military appropriations and half a billion from funds required to prevent starvation in American-occupied areas of Germany, Japan and Korea."

The cut in the military budget, Patterson said, would fall mainly on the air forces and services which support them.

Of the military budget as submitted by the President, 58 per cent is for air forces. That budget, said Patterson, would support 55 combat groups of planes but the proposed further reduction would reduce the number of groups to 35, of which only three would be in the United States.

Budget 'Down to Minimum'

Patterson said that the War department budget as submitted by President Truman to Congress "was down to the minimum our leaders believed necessary for support of our occupation forces overseas and for reasonable guarantees for national security." "Consequently," he continued, "a further major slash in our funds cannot be met by minor reductions but will require major eliminations in the planned security structure of our country."

Here, said Patterson, are some of the other immediate effects of the proposed cut:

Further "serious cuts in experimental development of aircraft."

Reduction of the overall strength of the Army by 200,000 or 300,000 men. (The projected plan for the Army is to have 1,070,000 men by next July 1.)

Elimination of a large number of headquarters, posts and other army installations in the United States in addition to the air stations.

Would Hit Research Work

Sharp reduction of funds available for vitally important research and development of ground weapons, as well as air weapons.

Curtailment of 50 per cent of the planned strength of the civilian components, the National Guard, and organized reserves. (The proposed strength for the National Guard is 680,000 and for the organized reserves about 876,000.)

Patterson said that "our funds and strength of occupation troops in Europe and the Far East are at the lowest level consistent with performance of their mission."

In this connection, the War Secretary said that Gen. Dwight D. Eisenhower, the Army chief of staff, and Gen. MacArthur, "have advised me that further cuts will invite disaster. The reported half billion cut in non-military funds will result in a corresponding cut in the already dangerously low civil ration in occupied areas. Starvation is inevitable. Any successful defiance of our authority in occupied areas would quickly mushroom to dangerous proportions with multiplied costs in men and money required to rescue the situation."

These developments followed fast after yesterday's predominantly Republican vote by the House-Senate budget committee to slash president Truman's $37,500,000,000 figure down to $31,500,000,000:

Knutson Hails Action

1. Chairman Knutson (R-Minn) of the House Ways and Means committee hailed the action as assuring a 20 percent cut in individual income taxes, and a payment of $3,000,000,000 or more on the nation's debt.

2. The Republican chairmen of the House and Senate Armed Services committee accused their G.O.P. colleagues of imperiling the nation's security and world peace, in proposing a cut of around $2,250,000,000 in army and navy funds. This cut would also include army civil functions such as rivers and harbors improvements.

3. Senator Green (D-RI) said in a statement that while he did not charge members of the budget subcommittee with "any lack of pat-

riotism, I cannot conceive of enimies of this country suggesting a course of action which would be more against our country's interests."

4. Chairman Hope (R-Kas) of the House Appropriations committee and Rep. Pace (D-Ga), committee member, told reporters they intend to demand a definite statement from the budgetary group on what the slashes would mean to agriculture, before the house votes on the $6,000,000,000 cut. Rep. Mahon (D-Tex), member of the budget group, earlier had protested that the budgeteers contemplate a 42 per cent reduction in agriculture department funds.

Vote Again on Friday

The slashing action of the subcommittee will come to a vote before the 102-member full budgetary committee on Friday. The full committee's recommendation for a spending ceiling then will go to the Senate and House for action.

In a report requested by Chairman Gurney (R-SD) of the Senate Armed Services committee, the Navy department said it would have to take "drastic steps" to cut back its active fleet if any large reduction is made in President Truman's budget request for the fiscal year beginning July 1. . . .

Gems Smuggled In Candy Bar, Durant Court-Martial Hears

Washington, Feb. 12 (AP)—Evidence of smuggled jewels embedded in a candy bar entered the Hesse gem-theft trial of Col. Jack W. Durant today. Also, his brother lost an attempt to avoid giving testimony.

Federal District Judge Robert N. Pollard ruled at Richmond, Va., that Durant's brother, James E. Durant, a Government accountant, must answer a subpoena issued by the military court trying the Air Forces officer.

Colonel Durant is being tried here in connection with the theft of the fabulous $1,500,000 Hesse crown jewel fortune from a German castle occupied by American forces as a rest camp.

Belfast Housewife's Story

The candy bar-jewel smuggling story entered the case by way of a deposition introduced over defense objections by Major Joseph S. Robinson, trial prosecutor. The deposition was given as absentee testimony by Mary Elizabeth (Peggy) Harvey, a housewife in Belfast, Northern Ireland. Her testimony was that she received the candy bar containing diamonds from Major David S. Watson, an officer already convicted and sentenced to three years' imprisonment in the case. An Army WAC, Kathleen Nash Durant, wife of Colonel Durant, also has been convicted in the case and sentenced to a five-year term.

No connection between Colonel Durant and the candy bar was given, but the prosecution has charged a conspiracy existed for disposing of the Hesse family heirlooms.

Two Washington jewelers testified today that Colonel Durant brought them three diamonds last March 14 and, after haggling over the price, sold them for $357.

Durant As "Colonel Gable"

One of the jewelers, John W. Shaw, Sr., testified that Durant, whom he pointed out in the court room, gave his name as "Col. J. W. Gable" in making the deal and mentioned that he had "picked up a few stones in Germany."

Earlier, Durant's former secretary, Mrs. Martha Evans, 22, said she carried some gems for him from London to the United States without knowing their value or receiving any favor in exchange from Durant.

Mrs. Evans said she carried the jewels through the United States customs at New York without declaring them for duty, but "without concealing anything."

The prosecution asked Mrs. Evans whether she had been "induced" by Colonel Durant's brother, James, to try to seek to avoid giving testimony. The military court sustained a defense objection and she never answered the question.

She had joined James Durant in his plea to Judge Pollard to have military subpoenas against them squashed, but suddenly agreed on Monday to give her testimony.

PAULEY OPPOSES RUSSIAN PLAN ON WAR REPARATIONS

WASHINGTON, Feb. 12 — (AP) Ambassador Edwin W. Pauley said today the United States should insist at the Moscow conference upon collecting reparations from Germany in the form of surplus industrial equipment, rather than from current production.

Pauley, U. S. Reparations representative, told the National Press club that collections from current production as advocated by Soviet Russia involve "grave dangers" to Europe's future stability and peace.

This policy, he said, was followed after the first World war, with the result that Germany was able to build up its industrial structure.

"We do not object to the Soviets taking reparations from current production if certain pre-requisites are fulfilled," Pauley said.

"One of these is that there are first removed from Germany the plants designed specifically to make war material. Another is that there also be first removed from Germany such other industrial plants and equipment as the Germans do not require to maintain a peaceful economy.

"The third is that before reparations are taken from production, the Germans first be allowed to retain sufficient for the agreed upon subsistence level, plus enough to pay for necessary imports.

"If these prerequisites are met—as agreed upon at Potsdam—will some one please tell me how there can be anything left for reparations from current production?"

Krug Plans Visit To MacArthur In Japan

Washington, Feb. 12 (AP)—Secretary of the Interior J. A. Krug announced today he will fly to Tokyo to confer with Gen. Douglas MacArthur on United States responsibilities in Pacific islands.

Krug will visit Samoa, Guam and Okinawa on the way to Japan. He will leave next Tuesday in an Army Transport Command plane.

Krug will be accompanied by army and navy officers and by several Interior Department executives, including H. Rex Lee, assistant director of the division of territories and island possessions; Assistant Secretary C. Girard Davidson, and Carlton Skinner, director of information.

List Of Stops

En route, Krug will speak at Yakima, Wash., on Friday.

His Pacific itinerary:

Leave Long Beach, Cal., February 18; arrive Samoa, by way of Oahu, February 19.

Arrive Guam afternoon February 22 (Guam time); spend six hours at Okinawa; day and a half at Tokyo; return to Hawaii February 26.

The party will spend four days in the Hawaiian Islands and will leave for Washington on March 2.

The United States is currently preparing to submit to the United Nations Security Council a trusteeship agreement that would give this country continued control over some of the Pacific islands wrested from Japan.

Purpose Behind Trip

Secretary of State Marshall announced last week that it was planned to submit the agreement to the Council on February 17.

Great Britain and Australia have suggested that action be postponed until after a formal peace treaty with Japan, but Marshall said this Government saw no reason for such a delay.

The islands specifically covered by the proposed trusteeship agreement are the Marianne, Caroline and Marshall groups which Japan had administered since World War I under League of Nations mandates. Prior to that they were under the German flag.

An Interior Department aide said the purpose of Krug's tour was to consider the possibilities of civil administration for Guam, Samoa and other Pacific islands.

RUSSIA BALKS AT GIVING OIL

Clark Reports Refusal To Help In Austrian Crisis

Washington, Feb. 12 (AP)—Gen. Mark W. Clark disclosed in a report issued by the War Department today that Russia refused to discuss a request by other Allied powers for oil from the Soviet zone to help combat the bitter January cold wave in occupied Austria.

Clark said that "although the other three" members of the four-power Allied Military Council asked for an increase in petroleum from Soviet zone fields as a means of meeting the coal shortage, "the Soviets declined discussion" of the matter.

Alleviation In Part

"The critical coal situation was alleviated to a certain extent," the War Department said, by action of the occupying powers in reducing their military coal requirements for the month. In this way, an extra 10,681 tons of hard coal became available to Austrian authorities.

Aside from refusing oil, Clark's report said, the Russians contributed only 584 tons of coal or 14.6 per cent of their share, compared with 3,750 tons, or 56.4 per cent, of United States forces' requirements, 4,025 tons, or 31.5 per cent, British and 2,322 tons, or 42 per cent, French.

Discussions Concern Trade

Clark said considerable discussion in the Allied Council centered on Austro-German trade, with the United States and Britain taking the viewpoint that such dealings would concern the Austrian Government and Allied authorities of the German zone concerned. On this basis, no Allied Council approval would be necessary.

The report said Soviet opposition to this plan was "abandoned temporarily, but threatened to appear later as a further Soviet attack."

Moore Assails Lilienthal As New Dealer

Washington, Feb. 12 (AP)—Senator Moore (R., Okla.) joined today the ranks of senators opposed to the appointment of David Lilienthal as chairman of the Atomic Energy Commission.

Moore assailed Lilienthal and Sumner Pike, another nominee to the commission, as New Dealers and said President Truman should withdraw both nominations.

"New Dealism and all that it stood for was repudiated by the American people last November 5," he added in a statement.

Thus, Moore aligned himself with a formidable group which includes such Republican senators as Wherry (Neb.), Republican whip, and—according to associates—Taft of Ohio, head of the Republican Policy Committee.

McKeeler Claims Victory

Senator McKellar (D., Tenn.), who started the fight against Lilienthal's nomination, already has claimed victory with a prediction that the Senate would refuse to confirm the former Tennessee Valley Authority chief.

In urging rejection of Lilienthal and Pike, Moore also suggested the qualifications of other nominees for commission posts should be "carefully examined," he said.

"If found to represent the philosophy of government which the people of this country have repudiated, then their nominations should not be confirmed."

Moore said he did not know whether Lilienthal is a Communist, as McKellar has contended, but, he said, "it is well known that the whole New Deal regime, from top to bottom, was polluted with Communists and Communist sympathizers. . . ."

O'Daniel Indicates Stand

Senator O'Daniel (D., Texas) indicated he may oppose Lilienthal. He issued a statement asserting:

"The many letters and telegrams coming in from Texas and other states about Lilienthal and other nominees indicate that more people are beginning to understand what I have been shouting from the house tops for several years about how rotten the New Deal dynasty has been."

The question of Lilienthal's attitude toward Communism has been raised repeatedly in hearings on his nomination. It came up again today

NAVY SAYS CUT OF HALF BILLION WOULD RUIN IT

Asserts It Would Be Made Practically Immobile and Impotent.

REPORT ASKED BY GURNEY

Department Warns That Active Fleet Would Have to Be Cut Back.

Washington, Feb. 12 (A. P.).—The Navy told Congress today that even a $500,000,000 cut in its new budget might "so greatly reduce the effectiveness of the Navy as to render it practically immobile and impotent as an instrument of national policy."

In a report requested by Chairman Gurney (R.-S. D.) of the Senate Armed Services Committee, the Navy Department said that it would have to take "drastic steps" to cut back its active fleet if any large reduction is made in President Truman's budget.

Gurney told a reporter that he intends to reopen before the full Senate-House budgetary committee on Friday a fight against any sizable cuts in Army and Navy funds.

Report Drafted In Advance.

President Truman asked $11,200,000,000 for the armed forces in his $37,500,000,000 budget. A Senate-House budgetary subcommittee tentatively agreed to slice $1,750,000,000 off Army and Navy funds in approving a $31,500,000,000 budget.

It was reported that the committee decided to lop off $1,000,000,000 of the $6,800,000,000 the President asked for the Army and $750,000,000 off the $4,400,000,000 he requested for the Navy.

The Navy report to Gurney, made up before the Senate-House group acted, apparently was drawn on the theory that attempts would be made to take no more than $500,000,000 away from that branch.

Asserting that even a $500,000,000 cut would render the Navy "practically immobile," the report said that information as to the fleet's "impotency could not be kept from foreign governments."

"Personally," Gurney said, "I think the Army and Navy could trim their sails here and there and get by with a token reduction of about $200,000,000 each, but I don't believe they can go beyond that without impairing national security in this unsettled world."

The Senate-House sub-committee vote for the $6,000,000,000 overall slash in Mr. Truman's estimates was 8 to 2.

FORCE OF 1,750,000 MAPPED FOR M-DAY

Army Plans to Cut Regulars, Rely on Guard Reserves Universal Training

WASHINGTON, Feb. 12 (AP)—War Department plans for a reduction of almost 200,000 in the size of the regular Army and establishment of an "M-Day" force of 1,750,000 trained troops were disclosed today by members of the House Armed Services Committee.

The plan depends on a universal training program to build up the National Guard and the organized reserves, committee members said, so that within one year from "M-Day" the force could be expanded to 5,500,000 men.

Just how quickly the reduction in the regular Army will be effected, they said, depended largely on international developments. But they pointed out that President Truman's budget message to Congress contemplated maintaining a standing Army of 1,070,000 during the year beginning July 1.

The entire Mobilization-Day setup, committee members said, was based on a three-point legislative program including universal training, merger of the armed forces, and coordinated scientific research and development.

Details were divulged following a meeting at the Pentagon yesterday attended by most members of the committee, Secretary of War Robert P. Patterson, Gen. Dwight D. Eisenhower and other top Army officials.

The 1,750,000 "M-Day" force would include 875,000 regulars, 380,000 National Guardsmen and 495,000 organized reserves, all ready to take the field on short notice. The rest of the 5,500,000 men expected to be on duty twelve months later would be draftees and former service men recalled to duty.

Without universal military training, committeemen said, the Army did not believe it could raise such a force.

The Army's universal training plan provides six months of basic training for peacetime draftees, followed by further training in the National Guard and reserve components.

War Department leaders said at the meeting that a recommendation on the Selective Service Act, which expires March 31, would be sent to Congress soon. Committee members felt that there would be no request for extension of the draft.

Labor Mission Reports

Delegation to Argentina Says Free Trade Is Aided

WASHINGTON, Feb. 12 (AP).—A labor delegation declared today its recent mission to Argentina "will result in improved relations between bona-fide free trade union forces of both countries."

The delegation included representatives of the American Federation of Labor and the National Railway Executives' Association. In a formal statement the combined labor group said its mission to Argentina "will aid in securing better understanding between the peoples of Argentina and North America."

The delegation said it had noted in Argentina "a great deal of attention being devoted by the government and the labor movement to the problems of improving the economic conditions of the common people."

WOULD BAR SUGAR EXPORT FROM U.S.

Washington, Feb. 12 (A. P.).—Legislation prohibiting the export of sugar from this country was introduced today by Representative Reed (R.-N. Y.). It provides a maximum penalty of a $10,000 fine and a year's imprisonment for violations. The legislation, if enacted, would become effective on May 1.

Reed contended in a statement that this country is depriving its own candy makers of sugar and sending it abroad to foreign candy manufacturers who ship their products to the United States.

Terming the figures "quite startling," Reed said that 1,100,000 pounds of candy were imported in 1941, while the amount came to 67,575,000 pounds in 1945.

Under the "present plan of the administration to let more candy, as well as other competing products into this country," he said, "our candy establishments are likely to all close down."

He said his measure would not interfere with shipments of sugar to the armed forces abroad or violate existing agreements with reference to foreign shipments of sugar.

Marshall to Press For Moscow Visas

Would Have 52 Newsmen Attend Big 4 Talks

WASHINGTON, Feb. 12.—Secretary of State George C. Marshall has decided to ask Russia to grant visas for fifty-two United States correspondents to report the Big Four foreign ministers conference at Moscow instead of the limit of twenty that the Soviet government has said it is willing to accept, it was learned today.

Names of the press organizations which the State Department hopes can be represented at the Moscow parley, opening March 10, are being communicated to the American Embassy at Moscow for forwarding to the Soviet Foreign Office, and to the Russian Embassy here.

The list of fifty-two was drawn up on a sequential priority basis last night after three days of discussions by representatives of four committees of Washington correspondents and Michael J. McDermott, State Department press officer. The list gives representation to all American press organizations that originally sought to send reporters or photographers to Moscow, but it reduces the total of seventy-three applications for individual representatives to fifty-two by cutting down the number of persons allotted to any one organization.

The first twenty organizations on the list are virtually certain of receiving visas for their representatives, although it is always possible that the Soviet government might object to a particular person assigned to cover the Moscow talks.

LODGE SAYS PARTIES SEE ABROAD AS ONE

Our Politics Stops at Water's Edge, Senator Tells Lincoln Dinner in Louisville

LOUISVILLE, Ky., Feb. 12 (AP)—Senator Henry Cabot Lodge Jr. said here tonight that partisan politics in this country "stops at the water's edge."

The Massachusetts Republican, speaking at the annual Lincoln Day dinner, said that Republicans and Democrats saw alike in approving a strong armed force and vigorous support of the United Nations.

"In both cases," Senator Lodge said, "the bipartisan approach must be continued. Partisanship not only stops at the water's edge; it also must stop at anything involving the very life of the citizen."

As for America's domestic policy, the speaker said the Republicans "must clean up the mess in Washington," which he said involved the "rooting out of corruption, the elimination of waste, the abolition of overlapping and duplication and the intelligent assignment of functions to the executive branch."

The young Senator, a combat veteran of World War II, was the principal speaker at the dinner, which drew an estimated 1,000 Republicans from over Kentucky.

"We were not put in office in order to put back the clock," Mr. Lodge said. "We were, in my judgment, sent there in order to wind it up, get the crumbs and rats' nests out of the gears and get it going again.

"In a word they (the voters) were voting to make their Government once again an effective agency for translating into action the aims and the aspirations of the American people."

As to taxes, the Senator said:

"If the balancing of the budget permits we should seek to reduce taxes, bearing first in mind those persons with fixed incomes whose standard of living has been so grievously cut by the inflation of prices for all the necessities of life. We must also ease those 'taxes on ambition' which lessen economic opportunities for those who need them most."

Senator Lodge declared the nation must guard against stoppages in essential industries "which threaten the health—and even the life—of the men, women and children of this country." But true industrial peace, he said, "is not and can never be brought about by legislation."

"There must be no hate-filled action, only honest treatment of labor and management for the good of all the people of whom labor and management are a part," he added.

Columbians, Inc., Planned War of Terror, Court Told

ATLANTA, Feb. 12—(AP) Two former members of Columbians, Inc., testified in Superior (Circuit) court today that the organization planned a war of terror and violence against Negroes and Jews.

Testimony of the two was in support of the state's charge that Homer L. Loomis, Jr., executive secretary of the organization, incited a riot by an attack upon a Negro walking through a white residential section.

Planned to Blow Up Hall

Clarence Knight quoted Loomis as saying he would "run" all Jews and Negroes out of the country. Ralph Childers, once decorated by the organization following an attack upon a Negro, gave supporting testimony.

Childers, who later went to New York as a guest of the anti-Nazi league and gave it evidence now being used by the state, also testified that Loomis "said I would be shot—done away with" if he failed to carry out orders.

The youth also told the court that Loomis had said they would dynamite the Atlantic City auditorium when Negroes "are holding a big meeting there." He added similar threats made against the Atlanta Constitution and its editor, Ralph McGill, who had been bitterly critical of the organization. He said of McGill that the plan was to "tear him apart."

Both Knight and Childers testified that Loomis directed them to "patrol" a white residential section to keep Negroes from loitering there. They also admitted that one of these patrols ended in an assault upon Clifford Hines, Negro, in which they participated.

Received Blackjacks

The indictment against Loomis stems from the Hines assault. A similar charge against President Emory Burke of the Columbians is awaiting trial. Other indictments charge the two with usurping police power and illegal possession of dynamite.

Childers and Kight said that Loomis had on occasions furnished them with blackjacks and guns for their patrols.

Judge Clark Edwards, Jr., upheld defense counsel objection when the state sought to show that the Columbians setup was patterned after Hitler's Nazis and their thunderbolt shoulder insignia was a copy of one used by Heinrich Himmler.

The court said this testimony might be developed later if the defense attacked the doctrines of the anti-Nazi league.

TAFT URGES STUDY OF LABOR PROBLEM

Also Outlines Program for 'Balanced' Economy in Lincoln Day Talk.

CHARLESTON, W. Va., Feb. 12 (AP)—Senator Taft (R-Ohio), differing with some of his G.O.P. colleagues on taxes and tariffs, tonight outlined a program to promote a "balanced" economy and called for a special Senate committee study of labor-management relations.

Taft, chairman of the Senate Labor committee and the Senate Republican Policy committee, expressed the hope that "we may create a special committee after the passage of our labor bill to study the whole problem of employer-employe relations and their effect on productivity." The Ohioan spoke at a Lincoln day dinner.

Not a Candidate, He Says

Earlier Taft declared that he is "definitely not a candidate" for the 1948 Republican presidential nomination, but an aide qualified the statement to mean that he is not an "active" candidate.

The question came up when a reporter phrased the query to Taft three times.

Twice, the Ohio lawmaker replied: "I am definitely not a candidate."

But the third time the Senator's press assistant, William D. McAdams, intervened:

"He means he is not an active candidate."

Outlines 8-Point Program

In his speech Taft enumerated these points in his domestic program:

1. Reduce the tax burden "by a sum equal to 20 per cent of the personal income tax yield, or 3 1-2 billion dollars. Cut the President's $37,500,000,000 budget by four or five billion dollars. Apply two or three billions to reduction of the national debt.

Some House Republicans, including Chairman Knutson (R-Minn) of the Ways and Means committee, favor a 20 per cent slash for virtually all income tax payers. Taft's plan apparently would apply varying degrees of cuts which would curtail tax revenue by 20 per cent.

2. Delegate tariff-making to the Tariff commission within "wide statutory limits," supplemented by reciprocal trade agreements "if the additional reductions made are found by the tariff commission not to violate the same standard."

The "standard" would be that no tariffs could be reduced "to such an extent as would do serious harm to American industry supplying a substantial part of the American demand for its product."

Cites 'Log-Rolling'

Taft opposed returning to congressional tariff-making with its "inevitable log-rolling," but his proposal differs from that of Senators Vandenberg of Michigan and Millikin of Colorado. They want the reciprocal program continued but with the President having authority to nullify any rate-reductions that proved harmful to domestic interests.

Taft said the "trouble with the present reciprocal agreements act is that it places complete discretion in the President to make any reductions without any standard whatsoever being prescribed x xx."

3. Rents. If rent control is continued, Taft said it must be adjusted to "give an adequate return to landlords on the money they have saved and invested in houses and apartments."

Labor, Wages, Prices

4. Labor. He said the Republicans propose to enact laws "which will restore equality in collective bargaining" and give employer and employee "equal responsibility and equality in power." He opposed compulsory arbitration because it "involves government wage-fixing and destroys liberty."

5. Wages and prices. "Today the best we can do, apparently, is to stabilize wages and prices at about 50 per cent over prewar." Profits have been high in many industries, low in others. Where there are profits, they ought to be reflected immediately in a reduction in prices rather than a further increase in wages.

6. War controls. A few remain but should be eliminated as rapidly as possible.

7. War powers. "Every war power must be eliminated. If any continue in special fields, they must expire in 1948."

8. Social aids. This is primarily a state and local concern, but the federal government "cannot turn its back on the problem. x x x It can give the states assistance to

that systematic programs may be developed to see that the lowest income groups all have minimum subsistance, shelter, medical care and education. x x x The place of the federal government should be only one of advice and assistance."

then the time has come for Congress to take back the policy-making powers exercised today by the State department without even a semblance of Senatorial review."

'Time Has Come' to Curb State Dept., Wherry Says

BOSTON, Feb. 12. — (AP) Senator Wherry of Nebraska, the Republican whip, said tonight the time has come for Congress to curb the policy-making powers of the State department.

He told the Middlesex Republican club that settlement of American domestic issues was "complicated" by foreign commitments made by the State department and that billions of American dollars were being used "largely to finance the very forces aligning themselves against us in the world."

Situation Now Reversed

Asserting that "traditionally, our foreign policy was moulded within the framework of a strong, virile, free domestic economy," Wherry said:

"But, today, because of foreign commitments, our situation has been reversed and our domestic policy is now being shaped to fit the pattern of our foreign policy."

The Republican leader said he referred specifically to the "dominant voice" of the State department in the negotiation of reciprocal trade agreements, tariff reductions and in shaping American food controls and foreign exports as well as to the "disproportionately large measure of authority it exercises in shaping national defense."

"The United Nations," he said, "was set up to bring lasting peace to the world—and all people hoped and prayed it might be accomplished.

Poured Out Billions

"To implement the United Nations organization and other international agreements America has poured out billions and billions of taxpayers' dollars. Now, we find that the money has been used largely to finance the very forces aligning themselves against us around the world.

"It takes no prophet to predict that within the next 12 months, many of these organizations and nations will again be knocking at the door of our treasury for more American billions.

"If we are to prevent the use of American taxpayers' dollars for the financing of alien forces working against us throughout the world,

U. N. FOLK PLAN TRIP

South Hadley, Mass., Feb. 12.—Thirty-five staff members of delegations and the secretariat of the United Nations will be guests here this week end of Mount Holyoke College's Student Government Association and International Relations Club.

The guests will represent seven departments of the United Nations headquarters at Lake Success, as well as members of the Norwegian, French and Canadian delegations.

More than 100 students have been mobilized to provide organized entertainment for the visitors. Planned functions include a variety show, a discussion forum and tours of the college facilities and the adjacent ski slopes. Planned also is an exhibition of sculpture and photo-sculpture by Henry Rox of the college art department.

HITS PALESTINE PLAN

Philadelphia, Feb. 12 (A. P.).—Lessing J. Rosenwald, president of the American Council for Judaism, declared today that the rosy pictures painted of Palestine as a solution to the problem of Jews is a product of "immaginative fantasy."

Speaking to delegates from twenty-two States at the council's third annual conference, Rosenwald called upon members to "insist upon a solution based on the democratic idea that assures to Jews, as to all men, freedom and equality everywhere—no more and no less."

Rosenwald expressed belief the Zionists would accept a partitioned State if no solution more acceptable proves possible.

"I can conceive of nothing more lamentable," he said, "than a petty Jewish State, incapable of substantial help to those Jews who need new homes; capable only of unsettling and troubling the status of the large majority of Jews who will continue to live as citizens of other countries throughout the world."

STASSEN PROPOSES TRADE TARIFF CUT

Urges G.O.P. to Abandon 'Remnants of a Policy of Economic Isolation.'

NEW YORK, Feb. 12. — (AP) Harold E. Stassen, only candidate openly in the race so far for the 1948 Republican Presidential nomination, told the National Republican club tonight the G.O.P. should back a program of lowered tariffs and continuance of reciprocal trade agreements.

Addressing a Lincoln Day dinner at the Waldorf-Astoria hotel, the former Minnesota governor and long-time exponent of liberalism urged his party to abandon "all remnants of a policy of economic isolation" and assume "leadership of America in a new policy of world-wide economic participation."

May Amplify Views

In an interview before the dinner, Stassen declined to say what attitude he believed the Republican majorities in Congress would take on tariffs and reciprocal trade pacts. These issues have caused sharp debate in intra-party councils.

"I may amplify my views in a few days in Washington," he said.

The arrangements for tonight's dinner caused considerable controversy several weeks ago which reportedly led to a boycott of the affair by some supporters of Gov. Thomas E. Dewey, a three-time speaker at the dinner.

City Councilman Edward Rager, chairman of the arrangements committee, explained that invitations to speak originally were sent to Stassen, as a "liberal," Sen. Robert A. Taft of Ohio, as a representative of the "conservative" view, and Dewey, as titular head of the party.

Declined to Speak

Taft and Dewey both declined because of other commitments and some friends of the New York governor then attempted to keep the dinner on a "local basis" with no out-of-state speakers, Rager said.

However, the invitation to Stassen was not withdrawn and finally Rep. Clarence J. Brown of Ohio, a friend of Taft, accepted a bid to speak. Rager said about 50 reservations for the dinner were cancelled, mostly by friends of Thomas J. Curran, New York secretary of state.

Stassen indicated quite plainly he believed the policies he supported were essential to implement on the economic front the stand for international cooperation in the political sphere which has won much Republican support.

The Minnesotan declared that "in plain language" a policy of international economic participation "means that we directly say that our Republican party recognizes that a high tariff policy no longer suits America and that we believe in the increased flow of goods and materials and services and travel around the globe."

Sides With Vandenberg

Stassen approved the proposal of Senators Vandenberg of Michigan and Millikin of Colorado designed to head off repeal of the reciprocal tariff act. This would authorize the President to overrule any tariff decisions which threaten American industry.

He also favored representatives of labor, industry, agriculture and the Republican party being present in Geneva as observers when the State department begins negotiating trade pacts with 18 foreign governments in April.

Four factors make a low tariff policy essential, Stassen said, continuing:

First Is Productivity

"First of these is the tremendous increase in our productivity. With the skill of our workmen, the ability of our management, and the vigor of our private capital, we have reached the stage that clearly and definitely in the years ahead, in many lines, we must produce for world markets rather than only American markets, or we will find our economy snubbed in, first glutted and then withering with unemployment and deflation.

"Second, we have developed tremendous resources and have become the great creditor nation of the world, so that we need high investment of capital at home and world-wide sources of investment as well, else our capital becomes stagnant and idle and reflects in turn in idle men and economic turmoil.

"Third, with the extensive strains on our natural resources through war and peace, we are becoming increasingly dependent on raw material sources elsewhere in the world for the sound long term future of our economy.

"Fourth, and above all, it is crystal clear to all of us that in this modern one world, we can enjoy that precious peace with justice only in a world at peace. And this world cannot remain at peace unless there be that slow but steady improvement of standards of living of other peoples everywhere."

LONDON, FEB. 12-(AP)-THE HOUSE OF COMMONS TONIGHT APPROVED THE POLISH RESETTLEMENT BILL WHICH PERMITS KEEPING FORMER POLISH TROOPS IN BRITAIN AND TRAINING THEM FOR PEACE-TIME JOBS HERE.

HOME SECRETARY CHUTER EDE SAID A "NUMBER OF THEM PREFER OUR GOVERNMENT TO THEIRS." CONSERVATIONS OFFERED LITTLE OPPOSITION.

EDE SAID THERE STILL WERE 127,000 POLES IN BRITAIN AND 25,000 IN OVERSEAS THEATRES. THE REMAINDER OF THE ORIGINAL 213,000 WHO SERVED IN THE BRITISH FORCES HAVE BEEN REPATRIATED OR EMIGRATED TO SOME OTHER COUNTRY.

OF THE 127,000 IN THE UNITED KINGDOM, EDE SAID, 65,000 HAVE CHOSEN TO ENTER THE RESETTLEMENT CORPS, 19,600 TO RETURN TO POLAND 26,000 HAVE NOT YET BEEN ASKED WHAT THEY WANT TO DO AND THE REMAINDER HAVE NOT MADE UP THEIR MINDS.

LONDON--FIRST ADD NIGHT LED COAL AMS BJT X X X SHUTDOWNS.
THERE WERE A FEW BRIGHT SPOTS, HOWEVER, IN THE OVERALL DISMAL PICTURE:

1. MANY SNOWBOUND MINES RESUMED WORK THIS MORNING AFTER CLEARING AWAY COAL ACCUMULATED AT THE PIT HEADS DURING THE TRANSPORTATION TIEUP. COAL TRAFFIC INCREASED CONSIDERABLY ON NORTHERN RAIL LINES THAT HAVE BEEN SNOWBOUND FOR WEEKS.

2. BRAVING A NORTH SEA GALE, 27 SHIPS LOADED WITH 60,000 TONS OF COAL, SAILED FROM NORTHEASTERN ENGLISH PORTS FOR LONDON, AND ANOTHER 11 WERE ENROUTE TO OTHER CITIES. FIFTEEN SHIPS ARRIVED AT COAL DOCKS FOR LOADING. 4-$-4-EQUIPPED NAVAL VESSELS STOOD READY TO ESCORT THE SHIPS THROUGH FOG, IF THEIR SERVICES WERE NEEDED.

3. LEADERS OF THE HUGE TRANSPORT AND GENERAL WORKERS UNION URGED THEIR MEMBERS TO MAKE EVERY EFFORT TO MAINTAIN A CONTINUOUS FLOW OF COAL.

THE MINISTRY OF FUEL AND POWER, WARNING THAT SUPPLIES OF COAL FOR GAS INDUSTRIES WERE DIMINISHING PAST THE DANGER POINT, CALLED FOR "REALLY SERIOUS ECONOMY" TO GUARANTEE GAS FOR BAKERIES AND OTHER ESSENTIAL INDUSTRIES. BAKERS WERE ORDERED TO BAKE ONLY BREAD--NO PIES OR CAKES.

AS IN THE CASE OF ELECTRICITY, MANY MILLIONS ARE ENTIRELY DEPENDENT UPON GAS FOR HOME HEATING.

THE NEW CUTS TO DOMESTIC USERS--INDUSTRIES OUTSIDE THE 38 COUNTIES STILL ARE NOT AFFECTED--WERE ORDERED AT ANOTHER EMERGENCY MEETING OF THE CABINET, WHICH HAS BEEN IN SESSION ALMOST DAILY DURING THE CURRENT CRISIS. NO ELECTRICITY IS TO BE USED IN HOMES FROM 8:30 A.M. TO 11 :30 A.M. AND FROM 1:30 P.M. TO 3:30 P.M. IN THE SOUTHWEST, THE TIMES REMAIN FROM 9 A.M. TO NOON AND FROM 2 P.M. TO 4 P.M.

OFFICIALS SAID THAT COAL SAVINGS RESULTING IN THE 38 COUNTIES FROM ELECTRICITY CUTS YESTERDAY TOTALED 24,500 TONS. THIS WAS 2,000 TONS MORE THAN THE SAVING MONDAY, WHEN THE POWER REDUCTIONS BECAME EFFECTIVE.

THE TOTAL DROP IN POWER STATION LOADS AT THE 9 A.M. BLACKOUT HOUR TODAY WAS 2,450,000 KILOWATTS, COMPARED WITH 2,290,000 YESTERDAY.

SIGNS OF IRRITATION BECAME INCREASINGLY APPARENT AMONG COLD AND WORRIED LONDONERS, SOME OF WHOM HISSED A SPEECH BY H.A.MARQUAND, A BOARD OF TRADE OFFICIAL, AT A MEETING OF THE ROYAL WARRANT HOLDERS' ASSOCIATION. MOCK CHEERS AND CRIES OF "ROT" INTERRUPTED HIS ASSERTIONS THAT OFFICE WORKERS, AS WELL AS MINERS AND LABORERS, COULD HELP END THE CRISIS BY SPEEDING PRODUCTION.

ON THE POLITICAL SIDE, EMANUEL SHINWELL, MINISTER OF FUEL AND POWER, RECEIVED MESSAGES OF CONFIDENCE FROM LABOR PARTY ORGANIZATIONS URGING HIM TO "FIGHT ON--WE ARE SOLIDLY BEHIND YOU."

THE LABOR PARTY WAS VICTORIOUS IN A "BAROMETER" BY-ELECTION OF A MEMBER OF PARLIAMENT IN THE MINING DISTRICT OF NORMANTON, YORKSHIRE--FIRST SUCH ELECTION SINCE THE COAL CRISIS. HOWEVER, THE LABOR CANDIDATE, G.O.SYLVESTER, RECEIVED A SMALLER PERCENTAGE OF THE VOTE THAN DID HIS LABOR PREDECESSOR IN 1945.

SYLVESTER'S VOTE WAS 19085, HIS CONSERVATIVE OPPONENT, J.E.POWELL, RECEIVED 4,258. LABOR NOW HAS 393 MEMBERS IN COMMONS, COMPARED TO THE CONSERVATIVES' 200.

R.A.BUTLER, CONSERVATIVE MEMBER OF THE HOUSE, TOLD MEMBERS OF THE CONSTITUTIONAL CLUB IN LONDON THAT CRISIS ENDANGERED "THE VERY ESSENTIALS OF LIBERTY IN BRITAIN" AND SAID "IT IS MADNESS FOR THE COUNTRY TO EMBARK ON A POLICY OF THEORY AND NATIONALIZATION AT A MOMENT WHEN IT NEEDS PRACTICAL ADMINISTRATION AND COMMON SENSE."

THE NEW EMERGENCY CABINET IS HEADED BY ATTLEE AND INCLUDES SHINWELL; HUGH DALTON, CHANCELLOR OF THE EXCHEQUER; GEORGE BARNES, MINISTER OF TRANSPORT; GEORGE ISAACS, LABOR MINISTER; LORD HYNDLEY, CHAIRMAN OF THE NATIONAL COAL BOARD WHICH ADMINISTERS STATE-OWNED MINES; HAROLD HOBSON, CHAIRMAN OF THE CENTRAL ELECTRICITY BOARD WHICH CONTROLS THE NATION'S PRIVATELY OWNED POWER DISTRIBUTION FACILITIES, AND SIR JAMES MILNE, DEPUTY CHAIRMAN OF THE RAILWAYS EXECUTIVE COMMITTEE.

~~PARIS, FEB 12-(AP)-ABD EL KRIM, THE WILY LEADER OF THE RIFF~~ REBELLION THAT ONCE THREATENED FRENCH AND SPANISH RULE OVER MOROCCO, WAS ENROUTE TO FRANCE TODAY, RETURNING FROM HIS 20 YEARS EXILE ON REUNION ISLE IN THE INDIAN OCEAN.

FRENCH FOREIG MIMISTRY OFFICIALS SAI

1947

FRENCH FOREIGN MINISTRY OFFICIALS SAID THE TRIBAL CHIEFTAIN, NOW 65 AND IN ILL HEALTH, IS BEING ALLOWED TO RETURN FROM THE ISLAND, WHERE HE LIVED THE ENFORCED LIFE OF A PLANTER, AS THE RESULT OF THE CLEMENCY MEASURE EXTENDED BY FRANCE'S FIRST REGULAR GOVERNMENT SINCE THE WAR. WITH HIS FAMILY AND RETINUE OF ABOUT 50 PERSONS HE ~~WILL~~ BE ALLOWED TO LIVE IN A VILLA ON THE FRENCH RIVIERA.

THE FRENCH, WHO A YEAR AGO SEVERED COMMERCIAL TIES WITH SPAIN, INDICATED THEY WOULD IGNORE A PROTEST FROM SPAIN AGAINST THE RIFF WARRIOR'S RETURN TO EUROPE.

A FOREIGN OFFICE SPOKESMAN SAID FRANCE HAD INFORMED THE SPANISH GOVERNMENT ON MONDAY OF HER DECISION, AND THUS HAD FULFILLED HER OBLIGATIONS OF THE JULY 10, 1926 AGREEMENT.

THE SPANISH FOREIGN MINISTRY SAID TODAY THAT SPAIN HAD ENTERED "THE MOST ENERGETIC PROTEST" AT ABD EL KIR KRIM'S RELEASE, DECLARING IT WAS A VIOLATION OF THE 1926 AGREEMENT TO ACT IN CONCERT ON MATTERS REGARDING THE CHIEFTAIN.

ASKED WHAT FRANCE INTENDED TO DO ABOUT THE SPANISH PROTEST, THE FRENCH SPOKESMAN SAID "WELL, SPAIN HAS PROTESTED, THAT'S ALL."

MADRID DISPATCHES QUOTED SPANISH GOVERNMENT OFFICIALS AS SAYING ABD EL KRIM'S RELEASE WAS A MOVE OF FRENCH "COMMUNISTS," DESIGNED TO EMBARRASS THE FRANCO REGIME, BECAUSE THEY CONSIDERED SPAIN THE CHIEFTAIN'S WORST ENEMY.

THE DESERT CHIEFTAIN, ONE OF THE MOST DOUGHTY WARRIORS TO ARISE IN NORTH AFRICA IN THIS CENTURY, WAS A SPANISH-EDUCATED ENGINEER WORKING IN SPANISH MOROCCO WHEN HE QUARRELED WITH A GENERAL OF THE SPANISH ARMY AND TOOK TO THE HILLS, VOWING VENGEANCE. HE PROVED SUCH A FIERY LEADER AND SOUND STRATEGIST THAT IN TWO YEARS HE CAPTURED THE SPANISH PORT OF ANUAL AND DROVE A SPANISH ARMY BACK TO THE SEACOAST. FLEEING IN PANIC, THE SPANIARDS LOST 16,000 MEN.

ABD EL KRIM'S ENHANCED REPUTATION OBLIGED HIM TO GO TO THE AID OF THE TRIBESMEN IN FRENCH MOROCCO, HOWEVER, AND THERE HE ENCOUNTERED A FRENCH ARMY UNDER MARSHAL PETAIN. ALTHOUGH AT ONE TIME HE THREATENED FEZ, FIGHTING BOTH THE FRENCH AND REINFORCED SPANISH ARMIES PROVED TOO MUCH FOR HIM. HE SURRENDERED TO THE FRENCH IN MAY, 1926.

MSGR. CARROLL, JUST RETURNED FROM TOURING SWITZERLAND AND GERMANY TO STUDY EMIGRATION POSSIBILITIES, SAID THE HOLY SEE, WHICH WAS "ACTIVELY COOPERATING" IN THE RESETTLEMENT EFFORT, HAD BEEN "GREATLY ENCOURAGED" BY "HOPEFUL ESTIMATES" FROM LATIN AMERICAN COUNTRIES ABOUT THE NUMBER OF MIGRANTS THEY WOULD ACCEPT.

THEN, HOWEVER, THE FRENCH BEGAN GRADUALLY OCCUPYING A ZONE IN THE SOUTH TO WHICH THEY LAID CLAIM UNDER EXISTING TREATIES AND ABD EL KRIM WAS FORCED TO GO TO THE AID OF THE THREATENED TRIBES.

HIS ARMY AND THE TRIBESMEN INVADED FRENCH MOROCCO AND BY JUNE, 1925, THREATENED FEZ.

FRENCH REINFORCEMENTS WERE DISPATCHED FROM FRANCE AND ALGERIA AND A SPANISH FORCE ALSO MOVED AGAINST THE TRIBESMEN AND FINALLY, IN MAY, 1926, ABD EL KRIM SURRENDERED TO THE FRENCH AND WAS EXILED.

MOSCOW, FEB. 12-(AP)-WITH THE FOUR POWER FOREIGN MINISTERS' CONFERENCE LESS THAN A MONTH AWAY, RUSSIAN ATTENTION IS BEING FOCUSSED BY PRESS AND RADIO ON QUESTIONS CONCERNING THE FUTURE OF GERMANY.

THE OPINION IS BEING BUILT UP THAT THE UNITED STATES, BRITAIN AND FRANCE ARE NOT TAKING STEPS THAT WILL GUARANTEE A PEACEFUL, DEMOCRATIC GERMANY WHICH WILL BE UNABLE TO MAKE WAR ON SOVIET RUSSIA.

FRANCE, IT SHOULD BE STATED, IS LESS INVOLVED IN THIS GROWING OPINION THAN THE OTHER TWO POWERS.

HERE ARE FOUR PROPOSITIONS THAT ARE BEING PRESENTED TO THE PUBLIC HERE AS SOVIET WORRIES AS PREPARATIONS FOR THE CONFERENCE GO FORWARD:

1. THE POSSIBILITY THAT A FEDERATION OF GERMAN STATES MAY ARISE AS A RESULT OF BRITISH AND AMERICAN ACTIONS;
2. THE POSSIBILITY THAT A WESTERN GERMAN STATE MAY BE CREATED IF AMERICAN AND BRITISH IDEAS PREVAIL;
3. THE CLAIM THAT NAZISM AND GERMAN MILITARY POTENTIAL CONTINUE TO EXIST IN NON-RUSSIAN ZONES OF OCCUPATION;
4. WHAT IS INTERPRETED HERE AS AN INCREASING INTEREST IN AND CONTROL OF GERMAN INDUSTRY BY AMERICAN AND BRITISH CAPITAL.

OTHER POINTS MUCH DISCUSSED ARE GERMANY'S EASTERN FRONTIERS (THE UNITED STATES AND BRITAIN HAVE INDICATED THAT THEY DO NOT NECESSARILY CONSIDER THE POTSDAM ALLOTMENT OF GERMAN TERRITORY TO POLAND AS FINAL) AND GERMAN YOUTH AND TRADE UNIONS IN THE WESTERN ZONES.

MOSCOW--FIRST ABD PRAVDA GERMAN INDUSTRIAL PRODUCTION

[redacted] MARCH 19.

TEXTS OF THE COMMENTARY WERE SENT TO HOME GOVERNMENTS BY A NUMBER OF THE MISSIONS.

"IN [redacted] THE BRITISH MILITARY ADMINISTRATION TOOK IN ITS HANDS THE MANAGEMENT OF ALL HEAVY INDUSTRY CONCENTRATED IN ITS ZONE," MARSHAL SOKOLOVSKY. "HOWEVER, THIS DID NOT CHANGE THE PICTURE OF A DEEP FALLING OFF IN PRODUCTION AND THE PROGRESSIVE DISORGANIZATION OF ECONOMIC LIFE. THE COAL SITUATION IS DESPERATE AND THE BRITISH REPRESENTATIVES REALIZE THE PRODUCTION OF STEEL HAS REACHED MERELY ONE-THIRD OF THE ALLOWED LEVEL. THE SITUATION IN THE TEXTILE INDUSTRY IS EVEN WORSE.

"AMERICAN AUTHORITIES STUBBORNLY CONCEAL THE FACTS ON STATE PRODUCTION IN THEIR ZONE OF OCCUPATION. BUT THE OWL CANNOT BE HIDDEN BY THE SUN. ACCORDING TO RECOGNIZED FACTS, THE ECONOMIC POSITION IN THE AMERICAN ZONE JUSTIFIES THE CHARACTERIZATION X X X OF A ZONE OF BANKRUPTS.

"PRACTICE SHOWS THAT THE DEMANDS OF THE ANGLO-AMERICAN OCCUPATION AUTHORITIES TO INCREASE THE LEVEL OF INDUSTRIAL PRODUCTION IS ACCOMPANIED SIMULTANEOUSLY BY AN ORGANIZED HAMPERING OF ANY MEASURE

30.24 - 7869

DIRECTED AT ACHIEVING THE ALREADY-APPROVED LEVELS. THESE ARE THE SIDES OF ONE AND THE SAME MEDAL--TWO LINES OF ONE AND THE SAME POLICY.

"ECONOMIC HAMPERING OF INDUSTRIAL PLANTS, WHICH IS MADE HORSE BY THE DISORGANIZATION OF ALL ECONOMIC LIFE OF COURSE IS NOT JUST THE RESULT OF INSURMOUNTABLE OBSTACLES OR IRREMEDIABLE HARDNESS AND HELPLESS ADMINISTRATION. FURTHER ANALYSIS OF THE ECONOMIC SITUATION IN THE BRITISH AND AMERICAN ZONES LEADS TO THE DEDUCTION THAT ENTIRELY DIFFERENT REASONS EXIST THERE.

"INDUSTRIAL PLANTS ARE SYSTEMATICALLY HAMPERED. THE LEVEL OF PRODUCTION IS SLOWED DOWN, BECAUSE THIS ALL CORRESPONDS TO THE INTERESTS OF INFLUENTIAL ANGLO-AMERICAN CIRCLES. THIS IS EXACTLY WHY BRITISH AND AMERICAN OCCUPATION AUTHORITIES CONSIDERED WAR PLANTS, WHY SLOWED DOWN THE DEVELOPMENT OF THE PEACE-TIME BRANCHES OF INDUSTRY FOR ONE AND A HALF YEARS."

1947

RELATING WHAT HE SAID WAS THE BAD PLIGHT OF THE GERMAN WORKER IN THE WESTERN ZONES, PAVLOV SAID THAT "IF ORGANIZED SABOTAGE OF GERMAN CARTELS BE ADDED TO THIS, WHICH IS SILENTLY ENCOURAGED BY ANGLO-AMERICAN AUTHORITIES, THAT GIVES A CLEAR REPRESENTATION OF THE HAMPERING OF ESTABLISHED INDUSTRIAL PLANTS WHICH IS THE RESULT OF THE CONDUCT OF A CERTAIN STRATEGY BY THE ANGLO-AMERICANS."

"THIS STRATEGY," HE CONTINUED, "IS TO CONSOLIDATE BY ALL POSSIBLE MEANS THE SETTLEMENT OF GERMAN ECONOMY ON THE BASES OF THE DECISIONS OF THE POTSDAM CONFERENCE U.S.A. AND THUS MEANS THE SPLITTING OF GERMANY AND ENSURING THE SUBORDINATION OF THE WESTERN INDUSTRIAL ZONES TO ANGLO-AMERICAN CAPITAL.

"THE REORGANIZATION OF THE WESTERN ZONAL ECONOMY IS THE MEANS OF PROVIDING ANGLO-AMERICAN CAPITAL AND GERMAN INDUSTRIALISTS, WHO THUS ARE URGED TO GIVE THEIR ENTERPRISES TO AMERICAN AND BRITISH FIRMS FOR ALMOST NOTHING.

"WITH THIS HAMPERING OF THE POTSDAM DECISIONS, SOME AMERICAN CIRCLES HAD DREAMS ABOUT ENFORCING THEIR DOMINATION ON OTHER COUNTRIES SERMONIZE ON THE INCLUSION OF WESTERN GERMANY INTO A SYSTEM OF SO-CALLED 'EUROPEAN UNITY.'"

THE SOVIET ECONOMIST ADDED THAT THE GERMAN PEOPLE HAVE "CONVINCING PROOF OF THE POSSIBILITY OF ECONOMIC RESTORATION ON A COMPLETELY DIFFERENT BASIS."

"THE SOVIET ZONE OF OCCUPATION," HE WROTE, "OFFERS THIS PROOF. THERE, BY THE END OF 1946, INDUSTRIAL PRODUCTION, ADVANCED WITHOUT THE AID OF FINANCIAL MONOPOLIES AND CARTELS, REACHED 70 PERCENT OF THE AUTHORIZED LEVEL.

"THE ALLIES HAVE AGREED TO 'READJUST' THE LEVELS ANNUALLY. NOW, AFTER A YEAR, A CHECK SHOULD BE MADE ON HOW THE DECISION OF THE CONTROL COUNCIL IS BEING CARRIED OUT ON THE DEVELOPMENT OF PEACETIME BRANCHES OF GERMAN INDUSTRY."

G0123PES

moscow add v. nothing.

THE PLAN, HE CONTINUED, PERMITTED THE BRITISH AND AMERICANS TO "SERMONIZE ON THE INCLUSION OF WESTERN GERMANY INTO THE SYSTEM OF SO-CALLED 'EUROPEAN UNITY.'"

BY CONTRAST, HE DECLARED, SOVIET AUTHORITIES HAD DEMONSTRATED TO THE GERMAN PEOPLE IT WAS POSSIBLE TO RESTORE THEIR ECONOMY "ON A COMPLETELY DIFFERENT BASIS" BY RAISING INDUSTRIAL PRODUCTION IN THEIR ZONE TO 70 PER CENT OF THE AUTHORIZED LEVEL BY THE END OF 1946 "WITHOUT THE AID OF FINANCIAL MONOPOLIES AND CARTELS."

JERUSALEM, FEB. 12-(AP)-RELIABLE SOURCES SAID TODAY THAT AT LEAST 12 PERSONS WERE INJURED LAST NIGHT WHEN JEWISH EXTREMISTS CLASHED WITH ANTI-TERRORIST JEWS IN TEL AVIV IN THE FIRST STRUGGLE OF JEW-AGAINST-JEW IN PALESTINE SINCE THE BRITISH ARMY BEGAN ITS DRIVE TO STAMP OUT UNDERGROUND VIOLENCE.

THE FIGHT, WHICH BROKE OUT AS POLICE AND MILITARY FORCES POISED THEMSELVES FOR EXPECTED NEW OUTBREAKS OF VIOLENCE, WAS SAID TO HAVE BEGUN WHEN YOUTHS "PRESUMED TO BE ADHERENTS OF IRGUN ZVAI LEUMI", JEWISH UNDERGROUND GROUP, ATTEMPTED TO STORM THE CLUBROOMS OF HASHOMIR HATZAIR, JEWISH POLITICAL PARTY OPENLY OPPOSED TO TERRORISM.

INFORMANTS SAID THE ATTACKERS HURLED "MOLOTOV COCKTAIL" BOMBS--BOTTLES FILLED WITH GASOLINE--AND STARTED SEVERAL FIRES WHICH WERE QUICKLY EXTINGUISHED. AT LEAST FIVE OF THE ATTACKERS AND SEVEN OCCUPANTS OF THE CLUBROOMS WERE REPORTED INJURED IN THE FRACAS.

PRIVATE SOURCES, MEANWHILE, SAID A SHIP CARRYING SEVERAL HUNDRED JEWISH REFUGEES WAS APPROACHING THE PALESTINE COAST APPARENTLY WITH THE INTENTION OF TRYING TO RUN THE IMMIGRATION BLOCKADE.

A SIMILAR ATTEMPT WAS MADE LAST WEEKEND BY A SCHOONER CARRYING 650 PERSONS BUT THE VESSEL WAS INTERCEPTED OFF HAIFA BY THE BRITISH. THE JEWS WERE TRANS-SHIPPED TO CYPRUS.

IN LONDON, OFFICIAL SOURCES SAID THE BRITISH GOVERNMENT PROBABLY WOULD TAKE UP THE QUESTION OF REFERRING THE ENTIRE PALESTINE PROBLEM TO THE UNITED NATIONS NOW THAT BOTH ARAB AND JEWISH SPOKESMEN HAD INDICATED THEIR REJECTION OF BRITAIN'S LATEST PROPOSAL FOR THE HOLY LAND.

THE BRITISH PLAN, ACCORDING TO MOSHE SHERTOK, JEWISH AGENCY POLITICAL CHIEF, PROPOSED BREAKING UP JEWISH SETTLEMENTS IN LOCAL FRAGMENTS. SHERTOK SAID THE JEWS WOULD SUBMIT THEIR FORMAL REJECTION OF THE PLAN TO FOREIGN SECRETARY ERNEST BEVIN AND COLONIAL SECRETARY ARTHUR CREECH JONES, SINCE IT WOULD "HEM JEWISH SETTLERS IN THEIR PRESENT POSITIONS" AND EXCLUDE "A GOOD NUMBER OF JEWISH SETTLEMENTS FROM THE JEWISH AREAS."

A WRITTEN ARAB REJECTION OF THE PLAN WAS RECEIVED BY THE BRITISH FOREIGN OFFICE YESTERDAY.

IN NANKING, AN OFFICIAL SPOKESMAN SAID A SUGGESTION MADE BY MEMBERS OF THE LEGISLATIVE YUAN (COUNCIL) TO NATIONALIZE GOLD WAS REJECTED BECAUSE: THE GOVERNMENT CANNOT CONFISCATE PRIVATE PROPERTY, INCLUDING GOLD; THE GOVERNMENT CANNOT EXPECT TO RECALL GOLD BY SELLING GOVERNMENT BONDS, AND A LARGE QUANTITY OF GOLD BARS IN THE HANDS OF POWERFUL GOVERNMENT OFFICIALS WOULD MAKE IT DIFFICULT TO IMPLEMENT SUCH A PLAN.

A NUMBER OF SHANGHAI SHOPS TURNED AWAY [illegible]RS, SAYING THEY HAD NO RICE. LONG QUEUES FORMED OUTSIDE OF O[illegible]WHICH WERE SELLING IT. MUNICIPAL AUTHORITIES SAID THERE IS NO DANGER OF A SHORTAGE UNLESS RICE IS HOARDED.

AND YET THIS DEFICIT WITH THE UNITED STATES, HE SAID, "IS LIKELY TO AVERAGE HIGHER IN THE FUTURE THAN IT HAS IN THE PAST" UNLESS "SOME DEVELOPMENTS OCCUR WHICH WOULD PRODUCE A MAJOR CHANGE IN THE CHARACTER OF OUR TRADING RELATIONSHIPS WITH THE UNITED STATES" FOR NOW, TOWERS SAID, CANADA CAN MEET "MOST" OF THE DEFICIT WITH THE UNITED STATES OUT OF HER OWN RESOURCES.

"FORTUNATELY," HE DECLARED, "WE REACHED THE END OF THE WAR WITH LARGE U.S. DOLLAR RESERVES. THIS GIVES US THE OPPORTUNITY TO FOLLOW NOW THE KIND OF MULTILATERAL NON-RESTRICTIVE TRADING POLICY WHICH IT IS SO GREATLY IN OUR INTEREST THAT OTHER COUNTRIES SHOULD ADOPT.

"IT IS OBVIOUS, HOWEVER, THAT THE SUCCESSFUL FUNCTIONING OF THIS POLICY DEPENDS ON OUR BEING ABLE TO REALIZE, IN DUE COURSE, SUFFICIENT CASH (I.E. FREELY CONVERTIBLE CURRENCY) FROM OUR OVERSEAS TRADE TO MEET OUR REQUIREMENTS IN THE UNITED STATES."

TOWERS OBSERVED THAT THE EXTENT TO WHICH OVERSEAS COUNTRIES COULD PAY CASH FOR THEIR NET IMPORTS FROM CANADA WOULD DEPEND IN TURN ON HOW SOON THEY COULD RESTORE THEIR CAPACITY TO PRODUCE AND TO EXPORT TO CASH MARKETS.

BRITAIN'S "WELCOME STEP" OF LAST MONTH IN MAKING CURRENT STERLING

SPENT IN CANADA CONVERTIBLE INTO U.S. DOLLARS WAS A HELP, HE SAID, BUT ADDED THAT "WE SHOULD NOT CONCLUDE THAT THIS ALONE WOULD SOLVE ALL OUR EXCHANGE PROBLEMS."

"UNLESS SUCH COUNTRIES ARE ABLE TO PRODUCE AND SELL ENOUGH IN OTHER CASH MARKETS, THEIR UNDERTAKINGS MIGHT HAVE TO BE MAINTAINED THROUGH LIMITATION OF IMPORTS," HE ADDED.

B10 (S E C G)

(AGENCIES OUT) 1947

TOWERS SAID "IT IS A COMMON PLACE THAT ALL COUNTRIES HAVE A TREMENDOUS STAKE IN THE MAINTENANCE OF PROSPERITY IN THE UNITED STATES AND THE ADOPTION OF A LIBERAL TRADE POLICY BY THAT COUNTRY," BUT, HE ADDED, "IT IS CLEAR THAT THE EARLY RESTORATION OF A HIGH LEVEL OF PRODUCTION IN THE UNITED KINGDOM AND WESTERN EUROPE IS ALSO OF PRIMARY CONCERN TO US."

ASKED AT A PRESS CONFERENCE HOW LONG THE PRESENT SITUATION COULD CONTINUE, TOWERS REPLIED:

"WE WILL REQUIRE ALL OUR WITS, ALL OUR AGILITY AND ALL OUR CAPABILITY TO MANEUVER TO DEAL WITH SOME OF THESE THINGS WE WILL BE UP AGAINST IN A CERTAIN NUMBER OF YEARS -- IT'S IMPOSSIBLE TO SAY HOW MANY."

IN HIS REPORT, TOWERS INDICATED A FURTHER RISE IN PRICES IN CANADA AND IN THE WORLD, AND SAID THIS WOULD TEND TO INCREASE THE ABSOLUTE SIZE OF THE DEFICIT WITH THE UNITED STATES.

"MOREOVER," HE ADDED, "THE MORE SUCCESSFUL WE ARE IN MAINTAINING A HIGH LEVEL OF EMPLOYMENT AND INCOME, THE GREATER OUR TENDENCY TO IMPORT FROM THE UNITED STATES IS LIKELY TO BE.

"IT SEEMS CLEAR THAT WE MUST CONTEMPLATE A MUCH HIGHER LEVEL OF IMPORTS FROM THE UNITED STATES THAN IN ANY PREVIOUS PEACETIME PERIOD."

TOWERS POINTED OUT THAT CANADIAN IMPORTS FROM THE UNITED STATES IN THE FOURTH QUARTER OF 1946 WERE ABOUT $430,000,000, COMPARED WITH LESS THAN $500,000,000 IN THE WHOLE YEAR OF 1937 AND LESS THAN $900,000,000 IN THE WHOLE YEAR OF 1929.

IN ONLY THE FIRST 11 MONTHS OF 1946 CANADA'S IMPORTS FROM THE UNITED STATES TOTALLED $1,259,655,595, COMPARED WITH $1,112,503,299 FOR THE SAME PERIOD OF 1945 AND ONLY $496,898,000 FOR THE WHOLE YEAR 1939.

EXPORTS TO THE UNITED STATES IN 1946 AMOUNTED TO $887,940,676, COMPARED TO $1,196,976,726 IN 1945 AND $380,392,000 IN 1939.

WHILE CANADA'S PURCHASES FROM THE UNITED STATES HAVE INCREASED TWO AND A HALF TIMES OVER 1939, THOSE FROM THE UNITED KINGDOM ARE ONLY HALF AGAIN AS MUCH, INCREASING FROM $114,007,000 IN 1939 TO $189,769,327 FOR THE FIRST 11 MONTHS OF 1946.

BY HOWARD HEYN

LOS ANGELES, FEB.12-(AP)-THE INTERNATIONAL LABOR ORGANIZATION'S PETROLEUM COMMITTEE CONCLUDED ITS INITIAL 10 DAY FIRST MEETING TODAY AND CHAIRMAN LUIS ALVARADO DECLARED A BETTER UNDERSTANDING OF THE ECONOMIC AND SOCIAL CONDITIONS OF PETROLEUM INDUSTRY WORKERS IN THE 11 NATIONS REPRESENTED HAD BEEN ACHIEVED.

IN ITS FINAL PLENARY SESSION THE COMMITTEE ADOPTED NINE RESOLUTIONS WHICH HAD BEEN ADOPTED BY ITS SUBCOMMITTEES. AN EXPECTED LAST-MINUTE CONTROVERSY FAILED TO DEVELOP WHEN THE GOVERNMENT DELEGATION WITHDREW A RESOLUTION ASKING EXTENSIVE STATISTICS ON WAGES, HOURS AND WORKING CONDITIONS IN THE NATIONS REPRESENTED--THE UNITED STATES, CANADA, COLOMBIA, EGYPT, FRANCE, THE UNITED KINGDOM, IRAN, MEXICO, PERU, VENEZUELA AND THE NETHERLANDS.

THE LABOR DELEGATES VIEW OF THE CONFERENCE WAS EXPRESSED BY HERBERT WOODS OF WASHINGTON, D.C., U.S. LABOR DELEGATE AND RESEARCH DIRECTOR FOR THE AMERICAN FEDERATION OF LABOR OPERATING ENGINEERS. HE SAID THE MEETING PRODUCED "A GREATER NUMBER OF SATISFACTIONS THAN DISSATISFACTIONS. HE SAID THE WORKERS APPRECIATED THE STRONG AND VIGOROUS OPPOSITION WHICH MARKED SUBCOMMITTEE MEETINGS, AS THIS SPIRIT OF STRONG DEBATE INDICATED A NEED FOR SUCH CONFERENCES.

DR.ALVARADO, PERUVIAN MINISTER TO CANADA, SAID THAT IN ADDITION TO CREATING A BETTER UNDERSTANDING, THE CONFERENCE PROVIDE RECOGNITION BY THE NATIONS' THREE GROUPS, MANAGEMENT, LABOR AND GOVERNMENT, OF THEIR WILLINGNESS TO DISCUSS WORLD WIDE PROBLEMS IN THE PETROLEUM INDUSTRY AND SEEK SOLUTIONS. DR.ALVARADO IS A MEMBER OF THE ILO GOVERNING BODY.

CHAIRMAN ALVARADO SAID THE CONFERENCE MUST REALIZE THAT IN A NUMBER OF NATIONS, AS IN PERU, THE BASIC OBJECTIVES OF GOOD LABOR-MANAGEMENT RELATIONS CAN BEREACHED. HE SAID HE DOES NOT CONSIDER PERU A MODEL IN THIS RESPECT BUT MERELY ONE OF THE COUNTRIES THAT HAS GOOD SOCIAL LEGISLATION. HE ADDED THAT THERE HAVE BEEN NO STRIKES IN THE PERUVIAN OIL INDUSTRY IN 16 YEARS, ALTHOUGH THE RIGHT TO STRIKE IS PROVIDED IN THAT COUNTRY.

B30KX

JEF RENS, A BELGIAN WHO IS ASSISTANT DIRECTOR GENERAL OF THE ILO, SAID HE CONSIDERED THE PETROLEUM COMMITTEE'S RESULTS MORE MODEST THAN IN SOME OTHER ILO CONFERENCES BUT THAT BEFORE THE MEETING, SOME HAD EXPRESSED FEARS THAT NO RESULTS WOULD BE ACHIEVED BECAUSE OF THE EXTREMELY DIVERGENT INTERESTS.

THE RESULTS OF THE CONFERENCE WILL BE REPORTED TO THE VARIOUS GOVERNMENTS BY THE ILO AND WILL FORM THE BASIS FOR MORE EXTENSIVE WORK AT THE PETROLEUM COMMITTEE'' NEXT SESSION, 15 OR 18 MONTHS HENCE.

RESOLUTIONS ADOPTED RECOMMEND SAFETY PROGRAMS IN THE INDUSTRY, ACCEPTANCE OF MINIMUM WAGE PRINCIPLES, VOCATIONAL TRAINING FOR WORKERS BASIC EDUCATION FOR THESE WORKERS AND THE RIGHT TO ORGANIZE AND THAT ANY LEGISLATION CURTAILING SUCH RIGHTS SHOULD BE RESCINDED.

MOST CONTROVERSIAL OF THE RESOLUTIONS WERE THOSE DEALING WITH MINIMUM WAGES AND ORGANIZATIONAL RIGHTS. LABOR DELEGATES HAD EXPRESSED THEMSELVES AS DISAPPOINTED OVER THESE, CLAIMING THEY DID NOT GO FAR ENOUGH.

APPROXIMATELY 75 DELEGATES ATTENDED.

KLECZKOWSKI SAID THE INFORMATION INCLUDED A LIST OF ALL NAZI AGENTS IN THE NEAR EAST AND TURKEY.

WHEN THEIR SITUATION IN TURKEY BECAME DANGEROUS, EARLE ARRANGED 1947 FOR THEM TO COME TO THE UNITED STATES, FURNISHING A LETTER AND SAYING, "THIS IS YOUR VISA," KLECZKOWSKI SAID.

SOVIET DELEGATE ANDREI A.GROMYKO, TAKING THE FLOOR AFTER HEARING SEVEN OF THE 11 SECURITY COUNCIL DELEGATES SUPPORT U.S. PROPOSALS, FLATLY REFUSED TO ANSWER THREE QUESTIONS DIRECTED AT HIM BY BRITISH DELEGATE SIR ALEXANDER CADOGAN AS TO WHY RUSSIA OPPOSED THE AMERICAN PLAN.

GROMYKO DECLARED HE HAD STATED HIS POSITION FULLY YESTERDAY, BUT AT THE SAME TIME HE OFFERED HIS COMPROMISE MEASURE WHICH HE SUGGESTED SHOULD BE SUBSTITUTED FOR TWO PARAGRAPHS WHICH THE UNITED STATES WANTED TO WRITE INTO THE ARMS REDUCTION RESOLUTION.

HE PROPOSED THAT THE RESOLUTION STATE THAT THE WORK OF THE NEW ARMS REDUCTION COMMISSION AND THAT OF THE ATOMIC ENERGY COMMISSION "MUST BE THE BASIS FOR THE WORKING OUT OF MEASURES FOR GENERAL REGULATION AND REDUCTION OF ARMAMENTS."

THE SECTION THIS WOULD REPLACE PROVIDED THAT THE SCOPE OF THE NEW COMMISSION BE LIMITED TO MATTERS NOT ALREADY ASSIGNED TO THE ATOMIC COMMISSION, A LIMITATION WHICH AUSTIN HAS INSISTED MUST BE WRITTEN INTO THE ARMS RESOLUTION.

AN AMERICAN SPOKESMAN SAID GROMYKO'S PROPOSAL FAILED TO DRAW THE LINE CLEARLY BETWEEN THE TWO COMMISSIONS AND WAS, THEREFORE, NOT ACCEPTABLE.

THE ARMS DEADLOCK WAS FURTHER COMPLICATED WHEN GREAT BRITAIN DEMANDED THAT THE U.N. MILITARY STAFF COMMITTEE BE REQUIRED TO SUBMIT PLANS FOR AN INTERNATIONAL POLICE FORCE BY APRIL 30.

A31UN

GROMYKO PROMPTLY DECLARED THAT THE BRITISH PROPOSAL WAS CONTRADICTORY TO THE GENERAL ASSEMBLY ARMS RESOLUTION OF DEC. 14 AND THAT IT ONLY OBSCURED THE QUESTION BEFORE THE COUNCIL.

HE DECLARED THAT "SOONER OR LATER" THE PEOPLE OF THE WORLD WOULD LEARN WHAT AND WHO WERE RESPONSIBLE FOR HOLDING UP THE ARMS PROGRAM. ALTHOUGH HE DID NOT NAME THE POWER OR POWERS HE BELIEVED RESPONSIBLE, HE NOTED THE NUMEROUS U.S. PROPOSALS FOR ATOMIC PRIORITY AND FOR A CLEAR DEFINITION OF THE RELATIONSHIP BETWEEN THE NEW COMMISSION AND THE ATOMIC COMMISSION.

BRITISH DELEGATE SIR ALEXANDER CADOGAN INJECTED THE MILITARY STAFF ISSUE INTO THE DEBATE AS THE COUNCIL SOUGHT UNSUCCESSFULLY TO RESOLVE CONTINUING DIFFERENCES BETWEEN THE UNITED STATES AND

30.24-7875

RUSSIA OVER ANOTHER POINT--THE RELATIONSHIP BETWEEN THE PROPOSED ARMS REDUCTION COMMISSION AND THE ATOMIC ENERGY COMMISSION.

AS THE DISCUSSION DEVELOPED, IN AN ALL-DAY SESSION, IT BECAME CLEAR THAT THE COUNCIL THUS WAS FACED WITH TWO MAJOR QUESTIONS INSTEAD OF THE ONE WHICH WAS BROUGHT INTO FOCUS BY YESTERDAY'S LENGTHY EXC ANRE DEAEEN AUSTIN NTR

HHEORVPOOGD B

INSTEAD OF THE ONE WHICH WAS BROUGHT INTO FOCUS BY YESTERDAY'S LENGTHY EXCHANGE BETWEEN AUSTIN AND GROMYKO, AND BY TODAY'S DEBATE.

RUSSIA'S ONLY SUPPORT CAME FROM POLISH DELEGATE JERZY MICHALOWSKI.

IN AN EFFORT TO PIN DOWN RUSSIA'S MOTIVES, CADOGAN HAD ASKED GROMYKO THESE THREE QUESTIONS:

1. DOES HE OPPOSE THE U.S. PROPOSALS SIMPLY BECAUSE HE THINKS THEY ARE UNNECESSARY?

2. ON THE OTHER HAND, DOES HE OPPOSE THESE PROPOSALS BECAUSE HE DOES NOT AGREE WITH THEM?

3. DOES HE, FOR INSTANCE, THINK THAT "THE NEW COMMISSION'S JURISDICTION MAY BE EXTENDED TO THOSE MATTERS WHICH FALL WITHIN THE COMPETENCE OF THE ATOMIC ENERGY COMMISSION?"

CADOGAN SAID GROMYKO'S SPEECH YESTERDAY HAD RAISED DOUBTS IN HIS MIND AS TO WHETHER SOVIET OBJECTIONS TO THE U.S. PROPOSALS WERE NOT BASED ALONE ON THE STATED REASONS THAT SUCH DECLARATIONS WERE UNNECESSARY.

GH635PES NMBJT

1947

GROMYKO STRUCK BACK AT AUSTIN FOR "STUBBORN" INSISTENCE THAT THE COUNCIL SPECIFICALLY KEEP THE FUNCTIONS OF THE ARMS COMMISSION AND THE U.N. ATOMIC ENERGY COMMISSION SEPARATE.

THE SOVIET DELEGATE DID NOT, HOWEVER, SAY WHETHER HE BELIEVED THE ARMS COMMISSION COULD OR COULD NOT INVADE THE ATOMIC ENERGY FIELD.

THAT IS THE QUESTION THAT CADOGAN SAID HE WANTED GROMYKO TO ANSWER.

ONCE THAT HAS BEEN ANSWERED, CADOGAN SAID, THEN THE COUNCIL WILL KNOW HOW TO PROCEED.

AT ONE POINT DURING YESTERDAY'S COUNCIL DEBATE, GROMYKO DISCLOSED THAT WHEN THE ATOMIC ENERGY COMMISSION REPORT COMES UP IN THE SECURITY COUNCIL HE WILL MAKE A NEW MOVE TO OUTLAW ATOMIC WEAPONS.

IN HIS SPEECH, AUSTIN TOLD THE COUNCIL FOR THE FIRST TIME IN PUBLIC JUST WHY THE UNITED STATES INSISTS THAT THE PROPOSED COMMISSION MUST NOT ENCROACH ON THE ATOMIC ENERGY COMMISSION.

AUSTIN SAID THAT:

1. THE PROPOSED RESOLUTION SETTING UP THE COMMISSION CALLS FOR INFORMATION ON ARMED FORCES OF THE UNITED NATIONS.

2. GROMYKO SAID IN GENERAL ASSEMBLY DEBATE LAST DECEMBER THAT ANY SUCH TROOP AND ARMAMENTS CENSUS SHOULD INCLUDE FULL INFORMATION ON ALL TYPES OF ARMAMENT, INCLUDING ATOMIC WEAPONS.

3. THIS STILL IS THE VIEW OF THE SOVIET UNION.

4. THIS IS WHY THE UNITED STATES FEELS THAT THE JURISDICTION OF THE TWO COMMISSIONS MUST BE CLEARLY DEFINED NOW.

THE U.S., AUSTIN DECLARED, WILL MAKE NO FURTHER CONCESSIONS.

CADOGAN ASKED GROMYKO TWO QUESTIONS:

1. DOES HE OBJECT BECAUSE HE THOUGHT THE PROVISIONS WERE SUPERFLUOUS?

IF THE ANSWER TO THIS IS AFFIRMATIVE, CADOGAN SAID, HE WOULD APPEAL TO GROMYKO TO DROP HIS OPPOSITION.

2. DOES RUSSIA FEEL THAT ATOMIC QUESTIONS MAY FALL WITHIN THE SCOPE OF THE PROPOSED ARMS REDUCTION COMMISSION?

CADOGAN ALSO CHARGED THAT RUSSIA, BY DELAYING UNTIL SEPTEMBER TO SUBMIT ANY PROPOSALS TO THE U.N. MILITARY STAFF COMMITTEE, HAD FAILED TO COOPERATE WITH THE OTHER FOUR POWERS IN THAT BODY. THE STAFF COMMITTEE IS MADE UP OF REPRESENTATIVES OF THE CHIEFS OF STAFF OF THE FIVE GREAT POWERS.

CADOGAN, CALLING FOR ACTION BY THE COMMITTEE, PROPOSED THAT IT BE INSTRUCTED TO SUBMIT RECOMMENDATIONS TO THE COUNCIL ON AN INTERNATIONAL POLICE FORCE BY APRIL 30.

THE COUNCIL RECESSED AT 1:20 P.M. UNTIL 2:30 P.M. WITHOUT AN IMMEDIATE RESPONSE FROM GROMYKO.

BY FRANCIS W.CARPENTER

NEW YORK, FEB. 12-(AP)-ANDREI A.GROMYKO, SOVIET DELEGATE TO THE UNITED NATIONS SECURITY COUNCIL, MADE PUBLIC TONIGHT A LETTER IN WHICH HE DECLARED THAT AN INTERNATIONAL CONVENTION PROHIBITING ATOMIC WEAPONS WOULD FACILITATE AND EXPEDITE A BROAD SYSTEM OF ATOMIC ENERGY CONTROL.

IT WAS THE FIRST TIME GROMYKO HAD CHOSEN TO STATE HIS VIEWS BY RELEASING A QUESTION AND

RELEASING A QUESTION AND ANSWER EXCHANGE BUT IN DOING SO HE FOLLOWED A PRECEDENT SET BY GENERALISSIMO STALIN OF RUSSIA.

THE VIEWS EXPRESSED BY GROMYKO WERE THOSE HE HAS CONSISTENTLY ADVANCED IN DEBATES IN THE SECURITY COUNCIL AND ON THE U.,. ATOMIC ENERGY COMMISSION, OF WHICH HE IS A MEMBER.

HE UPHELD THE VETO POWER IN THE SECURITY COUNCIL, BY WHICH ANY ONE OF THE FIVE GREAT POWERS CAN KILL MATTERS OF SUBSTANCE BY A NEGATIVE VOTE. HE SAID THERE WERE NO GROUNDS FOR POSTPONING THE CONCLUSION OF AN INTERNATIONAL CONVENTION FOR THE PROHIBITION OF ATOMIC WEAPONS, WHICH RUSSIA PROPOSED TO THE ATOMIC COMMISSION LAST JUNE.

GROMYKO'S OFFICE RELEASED A LETTER DATED JAN. 20, 1947, AND SIGNED BY DOROTHEA M.SPILICH, WHO IDENTIFIED HERSELF AS SECRETARY OF THE COMMITTEE FOR WORLD PROGRESS, 40-37 77TH ST., JACKSON HEIGHTS, (LONG ISLAND), N.Y. GROMYKO'S REPLY WAS DATED TODAY.

THE LETTER TO GROMYKO SAID:

A64

THE QUESTIONS AND GROMYKO'S ANSWERS FOLLOW:

"QUESTION 1. WE RECOGNIZE THE SOVIET POSITION THAT THE PRINCIPLE OF UNANIMITY SHOULD NOT BE INFRINGED UPON. WE FEEL, AS A RESULT OF OUR DISCUSSIONS, THAT THE NEED FOR PREVENTION OF VIOLATIONS OF AN INTERNATIONAL ATOMIC CONTROL AGREEMENT IS SO GREAT THAT THE PRINCIPLE OF UNANIMITY SHOULD BE RECONSIDERED IN THIS PARTICULAR INSTANCE. COULD YOU PLEASE ELABORATE FOR US WHY YOU FEEL THE PRINCIPLE OF UNANIMITY IS MORE IMPORTANT THAN THE SURE PREVENTION OF VIOLATIONS OF AN INTERNATIONAL ATOMIC CONTROL AGREEMENT.

MTMWSBSUNR [illegible] YOUR QUESTION UNDER POINT ONE IS POSED, AS IF ONE HD

CONTROL AGREEMENT.

"ANSWER 1. YOUR QUESTION UNDER POINT ONE IS POSED, AS IF ONE HAD TO CHOOSE ONE OF THE TWO ALTERNATIVES--EITHER PRESERVE THE PRINCIPLE OF UNANIMITY IN THE SECURITY COUNCIL AND THEN ABANDON SAFEGUARDS OF SECURITY, OR ENSURE THE FULFILMENT OF THE CONVENTION ON CONTROL AND IN SUCH A CASE BY ALL MEANS ABANDON THE PRINCIPLE OF UNANIMITY. WITH SUCH POSING OF THE QUESTION AND WITH SUCH A COUNTERPOSITION OF THE PRINCIPLE OF UNANIMITY AND THAT OF INTERNATIONAL SECURITY, AS INCOMPATIBLE THINGS, IT IS QUITE IMPOSSIBLE TO AGREE. THE BASIC SAFEGUARD OF SECURITY AND FUTURE PEACE IS CONTAINED PRECISELY IN THE UNANIMITY OF GREAT POWERS.

"QUESTION 2. WE FEEL THAT THE SOVIET UNION MAY HAVE PRACTICAL CONSIDERATIONS FOR ITS DESIRE TO PRESERVE THE PRINCIPLE OF UNANIMITY IN ADDITION TO ITS WISH TO RETAIN THE ORIGINAL SPIRIT OF THE UNITED NATIONS CHARTER. IF THERE ARE SUCH PRACTICAL CONSIDERATIONS COULD YOU OUTLINE THEM FOR US?

"ANSWER 2. THE ANSWER TO THE SECOND QUESTION FLOWS FROM WHAT HAS BEEN SAID ABOVE IN CONNECTION WITH POINT ONE: SECURITY OF INDIVIDUAL NATIONS, GREAT AND SMALL, CAN BE GUARANTEED IN A RELIABLE FASHION ONLY UPON THE BASIS OF UNANIMITY AMONG THE GREAT POWERS.

"QUESTION 3. IT IS A MATTER OF PUBLIC RECORD THAT THE UNITED STATES HAS A STOCKPILE OF ATOMIC BOMBS. IT IS BELIEVED THAT THE UNITED STATES IS ALSO CONTINUING PRODUCTION OF ATOMIC BOMBS. DO YOU BELIEVE THAT EITHER OF THESE FACTS REPRESENT A SERIOUS OBSTACLE TO THE ACHIEVEMENT OF AN INTERNATIONAL ATOMIC CONTROL AGREEMENT? IF YOU CONSIDER THIS A SERIOUS OBSTACLE HOW WOULD YOU PROPOSE TO OVERCOME IT?

"ANSWER 3. THE THIRD QUESTION IS ANSWERED IN CONNECTION WITH POINT FIVE.

"QUESTION 4. IF THE VETO IS MAINTAINED, AND IT IS POSSIBLE FOR A NATION TO PARTIALLY PREPARE FOR ATOMIC WARFARE UNDER VETO PROTECTIONS, IS THERE NOT A DANGER THAT OTHER NATIONS WILL PREPARE TO THE SAME DEGREE? THIS MAY LEAD TO INCREASING COMPETITION IN ATOMIC ARMAMENTS UNDER THE PROTECTION OF THE VETO. HOW DO YOU PROPOSE, WHILE PRESERVING THE PRINCIPLE OF UNANIMITY, TO PREVENT THIS DANGER?

A65

"ANSWER 4. WHAT HAS BEEN SAID ON POINT ONE, CAN ALSO BE APPLIED TO POINT FOUR. THE CONCLUSION OF A CONVENTION ON THE PROHIBITION OF ATOMIC WEAPONS AND ON ATOMIC ENERGY CONTROL WOULD FULLY EXCLUDE THAT COMPETITION OF ARMAMENTS ABOUT WHICH YOU WRITE. THE PRESERVATION OF THE VETO IN NO WAY WEAKENS THE OBLIGATIONS IMPOSED BY THE CONVENTION ON THE PROHIBITION OF ATOMIC WEAPONS AND ON ATOMIC ENERGY CONTROL.

"QUESTION 5. THE UNITED STATES HAS THE ATOMIC BOMB AND IS, AT THE SAME TIME, ATTEMPTING TO ACHIEVE AN INTERNATIONAL CONTROL AGREEMENT AS SOON AS POSSIBLE. DO YOU FEEL THAT THIS IS CLEAR EVIDENCE OF GOOD FAITH BY THE UNITED STATES, OR THAT THERE ARE CONCEALED MOTIVATIONS IN THE UNITED STATES' PROPOSAL FOR WORLD CONTROL OF ATOMIC ENERGY?

"ANSWER 5. EVERYBODY AGREES ON THE SUBJECT THAT THE USE OF ATOMIC WEAPONS SHOULD BE PROHIBITED. THERE ARE ABSOLUTELY NO GROUNDS FOR POSTPONING THE CONCLUSION OF AN INTERNATIONAL CONVENTION ON THE PROHIBITION OF THESE WEAPONS. THE CONSENT OF THE UNITED STATES OF AMERICA WOULD BE AN EXPRESSION OF THAT GOOD FAITH ABOUT WHICH YOU WRITE. THE CONCLUSION OF SUCH A CONVENTION WOULD CONSIDERABLY FACILITATE AND EXPEDITE THE IMPLEMENTATION OF THE AGREEMENT ON A BROAD SYSTEM OF CONTROL, THE WORKING OUT OF WHICH WOULD INEVITABLY REQUIRE SOME TIME AND WOULD PERMIT TO ACHIEVE THAT GOAL FASTER TOWARDS WHICH ALL ARE STRIVING--THE ESTABLISHMENT OF A RELIABLE SYSTEM OF INTERNATIONAL SECURITY."

Security Council Sets Up Machinery For Arms Control

1947

Only Russia Fails To Vote On Resolution

Gromyko Indicates Reds Will Go Along With American Plan

Lake Success, N. Y., Feb. 13 (AP) — The United Nations Security Council today formally set up basic machinery for a program of world-wide arms reduction and immediately plunged into general debate on tional control of atomic energy. a separate plan for interna-

The vote on the resolution establishing an 11-nation "commission for conventional armaments" was 10 to zero with Russia abstaining.

However, Andrei A. Gromyko, Soviet delegate and deputy foreign minister, indicated to reporters after the meeting that Russia would go along with the new arms plan despite his refusal to vote. He said Russia had suggested the arms body and had objected to the final resolution only over lines of relationship with the atomic energy commission.

The final ballot clinched a sweeping United States victory which became apparent in a preliminary test yesterday when the Soviet Union refused to press its objections as far as to cast a negative vote.

Warren R. Austin, American delegate, and Gromyko had argued for weeks over United States insistence that the problem of atomic control be kept outside the new arms body.

All members of the council — Russia, United States, Great Britain, France, China, Poland, Australia, Syria, Brazil, Colombia and Belgium—will have seats on the arms commission which will deal with all machinery of war except the atomic bomb and weapons of mass destruction.

The same nations, plus Canada, have seats on the U.N. Atomic Energy Commission.

The arms resolution also made provision for early consideration of two inter-linked problems—atomic control and an international military force.

It said specifically that the council should consider "as soon as possible" the long-hanging report of the atomic energy commission and the delegates complied here by opening general atomic debate within two minutes after the arms vote.

Also approved was a paragraph calling upon the military staff committee, composed of military experts from the five major powers, to file a report by April 30 on progress toward organizing a global police force.

In Effect Another Victory

Prompt consideration of the atomic report, which includes all the basic principles laid down by Bernard M. Baruch in its original summary, was in effect another victory for the United States in its determined drive to bring a decision on the question.

After six months of discussion, the atomic report was adopted without opposition within the Atomic Commission, but Russia and Poland abstained on the vote and it had been on the Security Council table six weeks without action.

Gen. A. G. L. McNaughton, of Canada, who was invited to join the Security Council's atomic discussions, touched off the debate with a request for a frank statement from Russia and Poland on any reservations they might have on the report.

Gromyko Promises Answer

Gromyko then spoke up to say that he would be ready with a statement at the Council's next meeting tomorrow.

In his comment off the floor, Gromyko said:

"We consider the idea is good and helpful. What we do not like is the fact that the center of gravity in the resolution in a sense is in the question of the relationship between the two commissions (arms and atomic energy) and in the sense that the two commissions oppose each other.

To Try To Avoid Conflict

"It would, of course, be harmful if this question of relationship should interfere with the work of the (arms) commission on questions of substance. We shall try to avoid such conflict."

Austin expressed satisfaction over passage of the resolution and saw as a hopeful sign the fact that Gromyko abstained instead of raising the possibility of the veto.

"I think that indicates a measure of agreement," Austin declared. He added that no decision would be made on the American representative on the commission pending consultations with President Truman and Secretary Marshall.

examined by the Atomic Energy Commission.

The United States, over Russia's opposition, has contended from the beginning that atomic controls should be studied separately from general disarmament.

Veto Held Unlikely

Last night's vote—taken at the end of a seven-hour debate—came as the Council considered clause by clause a draft resolution outlining the entire machinery of arms reduction. This resolution must be voted upon as a whole today, but it was considered unlikely that Russia would invoke the veto.

The resolution, if finally approved, will keep American atomic secrets inviolate from legal international intervention for the time being.

It will leave the future of atomic energy on a world scale with the Atomic Energy Commission, a subsidiary of the council, which has before it the so-called Baruch plan providing for release of the secrets only after international controls and inspections have been set up with iron-clad guarantees and punishments for violators.

Soviet Delegate Andrei A. Gromyko fought to the last against the insistence of American Delegate Warren R. Austin that the atomic field must be specifically exempted from the explorations of a general commission committed to the task of assaying, reducing and regulating arms.

At the end Austin, the American newcomer to the council, walked over to Gromyko, clasped his hand and said:

"You're all right!"

Gromyko smiled. He had voted neither for nor against the vital "Paragraph 3" of the "conventional" arms reduction resolution and was expected to follow suit, withholding the veto, when the proposal as a whole is voted upon this afternoon after a preliminary ballot on a final detail.

U.N. Council Set For Arms-Plan Vote

Lake Success, N. Y., Feb. 13 (AP)—The United Nations Security Council was summoned today to give final approval to proposed arms-reduction machinery after the United States had won a preliminary victory in the fight over atomic-control procedure.

By a vote of 9 to 0, with Russia and Poland abstaining, the Council last night approved a clause that would set up an eleven-nation "commission for conventional armaments" to study all phases of arms reduction not already being

While he spoke, all industry, except essential services, was closed down in thirty-eight counties of England and Wales, and domestic power consumption was forbidden for five hours daily throughout England, Wales and Scotland. More than 5,000,000 persons had been thrown out of work and Great Britain was virtually on a war footing as the Government clamped strict new controls on the people to enforce the power cuts.

But on the other hand grimy colliers were beating down the East Coast from the Northeast loading ports and scores of trains were carrying fuel supplies toward industrial centers.

Pins Hope on Weather.

Attlee staked his hope on improved weather, but said it was not possible to forecast when the crisis would end. A Fuel Ministry spokesman said that despite coal savings, "the position remains dangerous."

The Prime Minister told the House of Commons that the railways expected to increase their coal shipments and that seaborne deliveries would increase provided gales and fog did not develop. He reported that twelve colliers carrying 20,000 tons reached London in the last twenty-four hours and that fifty-one London-bound ships had left the Northeast ports since Tuesday noon with 104,000 tons of coal. More than thirty ships carrying 25,500 tons were en route to other ports but storms tied up six other craft, Attlee said.

He was taking steps, Attlee said, to provide for the millions thrown out of work and "to see as far as possible that none will suffer." Apparently quoting Labor Ministry estimates prepared early this week, Attlee said that unemployment among workers in the blacked-out thirty-county area had increased by about 1,750,000, and that about 1,000,000 had applied for the dole. A Government spokesman declared yesterday that 5,000,000 or more had been thrown out of work.

Defense Act Invoked.

The Government acted last night to put teeth in the coal conservation order.

A national defense act, carrying penalties up to a fine of $2,000 and two years' imprisonment, was invoked as the daily five-hour ban on the use of electricity for homes and other domestic purposes was extended amid the bitterest cold wave in half a century to all England, Scotland and Wales. Attlee, calling for measures as urgent as for a major military operation to speed the mining and transportation of coal, set up a special nine-man "Coal Cabinet" and ordered the Labor Minister, George Isaacs, to organize immediately additional civilian labor battalions to help in clearing the snow-blocked arteries of transport.

Labor Draft Considered.

It remained uncertain whether it would be necessary to restore wartime labor controls in order to recruit enough laborers to unload coal cars and ships. Isaacs was directed to confer with the Trades Union Congress on this problem and Arthur Deakin, general-secretary of the Transport & General Workers Union, suggested last night that "emergency steps" be taken to get volunteers through the labor exchanges.

Today the executive committee of the National Union of Mine Workers pledged full cooperation, and officials of the three railway unions said that, beginning this week end, out-of-grade work on the railways will be permitted for the first time since Dunkirk. This decision will permit even clerks to help handle freight cars and will speed the turn-around of coal trains.

The "coal cabinet" is made up, in addition to Attlee and Isaacs, of Sir Stafford Cripps, president of the Board of Trade (Minister of Commerce); Emanuel Shinwell, Fuel Minister; Hugh Dalton, Chancellor of the Exchequer; George Barnes, Transport Minister; Lord Hyndley, chairman of the Natonal Coal Board which administers the State-owned mines; Harold Hobson, chairman of the Central Electricity Board; and Sir James Milne, deputy chairman of the Railways Executive Committee. It has power to "take decisions and co-ordinate action from day to day."

Rescue Plane Crashes.

Meanwhile today a Royal Air Force rescue plane crashed as it flew supplies to English villagers cut off for ten days in one of the worst blizzards in British history. All eight of the plane's occupants were killed. The rescue flight, one of several carried out in the face of gravely dangerous weather conditions, ended in disaster two miles from one of the marooned towns, Butterton-in-Staffordshire.

There was no sign of immediate relief from the cold wave gripping all the British Isles and most of western Europe. The forecast was "very cold" for all but the extreme southwestern tip of England during the next twenty-four hours and the long-range outlook was "wintry conditions for the next several days."

In Berlin, where the temperature dropped to 12 degrees early today, foruteen more persons have died of cold and malnutrition, raising to 13 the death toll of more than two months of frigid weather. Two additional persons died of the cold in Hamburg where exposure deaths since the first of the year have totaled forty-six. Hamburg's power service has been cut to two hours a day.

In Holland the Government announced that theaters, dance halls and other amusement houses would be cut off from coal supplies. Coal deliveries are a month behind schedule in Belgium. Paris reported freezing temperatures and gray skies. Floods beset rain-soaked Italy.

Attlee Calls Situation Critical

Notes Saving of 78,000 Tons of Coal in Three Days of Britain's Crisis.

London, Feb. 13 (A. P.).—Prime Minister Attlee today informed Parliament that the electric power cuts now enforced throughout the island had saved 78,000 tons of coal in three days, but that "the situation remains very critical;" that London's six big power stations had only a week's fuel supply on hand and that the London Gas Company's present coal piles would last only nine and a half days.

Situation Is Still Critical, Attlee Tells House

London, Feb. 13 (AP)—Prime Minister Attlee informed Parliament today that the power brownout, now enforced throughout the island on a virtual wartime footing, had saved 78,000 tons of coal in three days, but "the situation remains very critical."

He said the six big power stations of London had only a week's supply of fuel and that the London Gas Company's coal piles had dwindled to stocks that would last nine and a half days.

The Prime Minister told the House of Commons that railways expected to increase their coal shipments and that seaborne deliveries would increase provided gales and fog did not develop.

All but essential industries were closed down in 38 counties and domestic power consumption was forbidden for five hours daily throughout England, Wales and Scotland.

Attlee, speaking after another long Cabinet session, was taking steps to provide for the millions thrown out of work and "to see as far as possible that none will suffer."

Million Request Dole

Apparently quoting Labor Ministry estimates prepared early this week, Attlee said employment among workers in the 38-county region affected by the industrial power shutoff has increased "about one and three quarter million" and that about 1,000,000 had applied for the dole.

The London *Times* and a Government Board of Trade spokesman estimated yesterday, however, that 5,000,000 or more had been thrown into idleness.

Organized labor promised the Government full support in any urgent measures to combat the fuel famine.

The executive committee of the National Union of Mineworkers pledged full co-operation and accused "enemies of labor of attempting to exploit the present situation."

Rail Union Eases Rules

Officials of the three railway unions said that beginning this week end out-of-grade work on the railways will be permitted for the first time since the evacuation from Dunkerque. The decision will permit even clerks to help handle freight cars and will speed the turn-around of trains carrying coal from the northern and Welsh mines.

The British Gas Council warned that a gas shortage was imminent, since gas is a byproduct of coal, saying:

"It will become increasingly worse during the next fortnight and will not be remedied for some weeks after the cold weather ends."

Attlee, calling for measures as urgent as for a major military operation to speed the mining and transport of coal, set up a special nine-man "coal cabinet" last night and ordered Labor Minister George Isaacs to organize immediately additional civilian labor to help clear the snow-blocked arteries of transport.

Isaacs was directed to confer with the Trades Union Congress on this problem and Arthur Deakin, general secretary of the Transport and General Workers Union, suggested last night that "emergency steps" be taken through labor exchanges to get volunteers.

The spirit which carried Britain through the dark days of the *blitz* was reflected in a Fuel and Power Ministry communiqué entitled: "The Battle of the Power Stations."

Eire Faces Cuts, Too

Northern Ireland was excluded from the embargo on power, but Sir Roland Nugent, Northern Ireland's Minister of Commerce, appealed for drastic volunteer reductions and warned that the "position is critical."

Eire, too, was facing power cuts. Sean Lemass, Minister of Industry and Commerce, told the Dail last night that Eire may have a "first-class coal crisis" if bad weather continues to keep dwindling peat supplies from drying.

port a supply of lemons for Mr. Shinwell?" thundered a Conservative across the floor of the House of Commons.

Movie audiences were moved to hearty laughter by newsreels showing the King sunning himself in shorts on the deck of the battleship Vanguard.

"The papers say he's keeping in close touch with the situation," said a bartender. "Well, 4,000 miles would be close enough for me, too."

The solemn New Statesman and Nation, out of business like all other periodicals until coal stocks build up again, celebrated its hibernation in verse:

So as we labor to present our last farewell edition,
We say, God help the Government,
God bless the Opposition.

The anger in Tory breasts was typified by one demand that Mr. Shinwell eat his words and thus save his share of limited food rations.

"Did not Shinwell tell us electricity cuts were unthinkable?" demanded Viscount Hichingbroke. "Well, if he would eat his words, he would be able to give all his coupons away for next year."

BRITAIN RESUMES BULGARIAN TIES

London, Feb. 13 (A. P.).—Great Britain has granted diplomatic recognition, but with reservations, to the Communist-led Fatherland Front Government of Bulgaria. The Foreign Office, in a note delivered in Sofia on Tuesday and released here last night, declared that by recognition the British in no way intend to imply it is the intention of the Bulgarian Government henceforth to fulfill in spirit as well as the letter their pledge to secure to all persons under their jurisdiction the fundamental freedoms. . . ."

Also last night a Foreign Office spokesman declared that he was unable to confirm a British press report that tens of thousands of Russians were moving into Bulgaria to insure the continuation of Soviet influence there after the departure of the Red Army. But he thought, he added, that there was some movement of Russians into Bulgaria.

Propaganda Clause Blocked

LONDON, Feb. 13 (AP).—The United States blocked today a Russian attempt to write into the Austrian peace treaty a clause prohibiting pan-German propaganda in any form and "propaganda hostile to the United Nations."

British sources said the issue, cropping up a second time at the deputies' conference, was referred to the meeting of the Big Four Council of Foreign Ministers scheduled to open March 10 at Moscow, after American delegates expressed fear such a clause would justify future interference in Austrian internal affairs.

General Clark said the question was one of freedom of speech. He was supported by the British delegate.

Princess And Middie Lose In Treasure Hunt

London, Feb. 13 (AP)—Princess Elizabeth, heiress presumptive to the British throne, went treasure hunting tonight with a midshipman aboard the Battleship Vanguard, which is carrying the royal family to South Africa.

An Exchange Telegraph dispatch from the ship said the Princess and her partner lost the game and missed the prizes, a box of chocolates and a bottle of port wine. They failed to decipher the final rhymed clue,

'Truthful Information' Is Called Peace Key

London, Feb. 13 (AP)—Ernest Bevin, Foreign Secretary, in a message broadcast to each of the five former enemy nations with which Britain signed peace treaties last Monday, called for a "constant flow of truthful balanced information" as a prerequisite for peace.

"If we have news about one another that is fair and objective and if it receives sympathetic and friendly attention, we have the basis on which an understanding between peoples can flourish," Bevin said in texts published by the Foreign Office tonight.

The treaties themselves "mark a notable stage in the all-important economic reconstruction of the Continent and thereby contribute to the organization of the postwar world," he said.

Polish Soldiers To Stay in Britain

London, Feb. 13 (A. P.).—Polish soldiers who came to England after the war will be allowed to settle down in the country under a bill passed by the House of Commons last night. The Polish resettlement bill, approved with little opposition, also provides for their training in peacetime work.

Home Secretary Chuter Ede said that of 213,000 Poles who served with the British, 127,000 still were in the United Kingdom. Of these, he reported, 65,000 have decided to join the Resettlement Corps and 19,600 to go back to Poland, while 26,000 have not yet been requested to make a decision and the rest are undecided.

Icelanders in London On Ill-timed Visit

London, Feb. 13 (A. P.).—Members of a trade delegation from Iceland arrived in London today.

They want to buy coal.

French Brothels May Reopen

Paris, Feb. 13 (AP)—France soon may regain some of its prewar abandon with the reopening of its brothels, a member of the Paris Municipal Council indicated today.

He said a strong campaign was underfoot to permit the houses of prostitution to open their doors again because of an "alarming" rise in the venereal-disease rate.

Outlawed Last April

Since the outlawing of prostitution by as Assembly-passed law April 9, 1946, the trade has gone underground, with numerous houses operating clandestinely throughout Paris and girls plying their trade on the streets.

The move, coming nearly a century after prostitution had been legalized in France, followed almost single-handed agitation by Mme. Marthe Richard, a member of the Paris City Council.

It culminated in passage of a law backed by the legislature's public health commission, closing the houses and providing for the voluntary re-education and social reclassment of prostitutes.

Politicians Accused

At the time of her campaign, Mme. Richard decorated by the French Government after the first World War for intelligence work against the Germans, charged that prostitution in France was a trust involving "big economic interests."

It was common knowledge before the war that high politicians were among the owners of the houses, and at the time of their closure last spring some cynical Parisians expressed belief that it was merely a temporary measure.

Berlin German Treaty Move Called Failure

Berlin, Feb. 13 (AP)—Four-Power attempts to reach agreement in the Allied Control Council on major recommendations for the German peace-treaty negotiations have failed almost completely, authoritative Allied sources revealed today.

Virtually no tendency to compromise has been apparent on the part of any of the four big powers and these sources say they believe this foreshadows a bitter and inconclusive wrangle at the Foreign Ministers' Conference in Moscow in March.

The Allied Control Council representatives were ordered by the Russian, French, British and American governments to prepare a consolidated report on their recommendations for the future German peace treaty.

No Major Agreements

Nearly three months of continuous effort has produced no major agreements of any kind.

As a result, the paper turned in by the Allied Control Council to the foreign ministers will be a history of the occupation tressing the disagreements but few joint recommendations on how these disagreements can be reconciled, Allied sources said.

In some cases so little agreement, even on the historical aspects, has been reached that each representative will turn in a separate unilateral recommendation to his own government.

"Completely Innocuous"

So little has been agreed on in the violently disputed "political" section of the control council report that it was described as "completely innocuous" by one official who has read it.

The same source said the important economic section will have "large blank places" on vital points.

It is on this section that the Russians openly accused the Americans of "withholding information" in preparation of the report. The Americans replied they were willing to give full information on any subject in return for the same information from the Soviet zone, but not until then.

It is understood that the Russian information has not been forthcoming, resulting in a complete stalemate.

Wages of Hess's Sin: Spandau Cell 13 for Life

Allies Hope World Will Forget Him and Other Nazis

BERLIN, Feb. 13 (AP).—Rudolf Hess, it was learned today, is destined to serve out the remainder of his life sentence in Spandau prison's cell No. 13. The former deputy Fuehrer, and the six other major Nazi war criminals sentenced to prison at the Nuernberg war-crimes trials are expected to be transferred here soon.

They will go into virtually solitary confinement and become—their Allied keepers hope—forgotten men. In the four-power prison administration, the Russians are most concerned that the Nazis be given no publicity, lest some of it contribute to legend-building in German minds.

The cells in which they will be confined are all in one block of the big prison. All other prisoners have been removed. Hess and his colleagues will be separated from each other by vacant cells, to prevent any contact. Each cell has been stripped of glass and other means of suicide and contains only a narrow bed, bare wood table and chair and toilet. Illumination comes from lights placed outside the barred openings in the cell doors.

Hoover Surveying Vienna Food Needs

Berlin, Feb. 13 (AP)—Herbert Hoover carried his survey of Europe's food needs today to Vienna, where he was scheduled to confer for three days before proceeding to Rome.

The former President concluded inspection of western Germany's situation yesterday.

Unofficial reports said he had promised he would recommend every aid possible to increase food imports under existing economic, transport and weather conditions.

British Wit Glows in 'Roasting' Shinwell; Film of King in Shorts on Cruise Gets Laugh

LONDON, Feb. 13 (AP)—Britain wisecracked, as well as worked and worried through the coal crisis today.

No one, from Fuel Minister Emanuel Shinwell, butt of most gags, to the royal family sailing through tropical waters on the way to South Africa while Britain shivers, was spared by the Music Hall wits, the newspaper cartoonists and the men in the coal queue.

"My husband loves an argument—at the moment's sticking up for Shinwell," said an aggrieved wife in court.

"Will the Minister of Food implement his promise to import a supply of lemons for Mr. Shinwell?" thundered a Conservative across the floor of the House of Commons.

Movie audiences were moved to hearty laughter by newsreels showing the King sunning himself in shorts on the deck of the battleship Vanguard.

"The papers say he's keeping in close touch with the situation," said a bartender. "Well, 4,000 miles would be close enough for me, too."

The solemn New Statesman and Nation, out of business like all other periodicals until coal stocks build up again, celebrated its hibernation in verse:

So as we labor to present our last farewell edition,
We say, God help the Government,
God bless the Opposition.

The anger in Tory breasts was typified by one demand that Mr. Shinwell eat his words and thus save his share of limited food rations.

"that they consider either past methods employed by the Bulgarian Government to consolidate their position or the conduct of the recent elections to have been in keeping with the spirit and intentions of the Yalta Declaration on liberated Europe."

The note added that the British Government will determine its future attitude in accordance with the way Bulgaria fulfills her obligations under the peace treaty signed in Paris last Monday. The decision to restore diplomatic relations was taken, the note stated, "in the hope that

Berlin Votes To Take Over All Large Firms

Berlin, Feb. 13 (AP)—The Berlin City Assembly voted today to expropriate all large industrial concerns and business undertakings in Berlin, including all Nazi property, and turn it over to the city for administration.

The socialization measure now goes before the Allied Kommandantura for approval, but it is expected that it will be sent up to the Allied Control Committee for final review.

Berno to Direct German Industry

Berlin, Feb. 13 (A. P.).—Col. Harry L. Berno of Cleveland, Ohio, today was appointed chief of the industry branch in the economics division of American Military Government.

Berno, who in civilian life was president of the W. H. Davey Steel Company in Cleveland, will deal with formulation of policy and control of post-war German industry.

Reich Mail for U. S. Delayed by Weather

Frankfurt, Feb. 13 (A. P.).—If you're not getting any mail from soldiers in Germany, it is because six tons of air mail have piled up here owing to bad weather. No air mail has left this theater for America since February 8, the Army said today.

HITLER BALKED BY VON PAPEN

Deposition For Trial Cites Refusal Of Chancellorship

REEDY

Nurenberg, Germany, Feb. 13 (AP)—Testimony that Franz von Papen refused Adolf Hitler's demand that Hitler re Reichschancellor in a coalition Government in 1933 was obtained today by a German court trying the former diplomat at a major Nazi offender.

A deposition taken from Baron Kurt von Schroeder, Cologne banker, at the Eselsheide internment camp said von Papen refused to back Hitler then.

The testimony was taken by order of the denazification court and will be presented tomorrow at reopening of von Papen's trial.

Sought Political Union

Von Schroeder said von Papen told him in December, 1932 that Germany needed a political union of national Rightists and commercial circles, and to gain this it would be necessary to speak with Hitler whose tide was rising.

On January 4, 1933, a dinner was arranged at the banker's home with only Hitler, von Papen and von Schroeder present.

Hitler demanded the job of chancellor, von Schroeder said in the deposition. Von Papen refused and said Hitler could be vice chancellor only. Hitler turned this down.

Meanwhile, von Papen was unable to form a government himself, and President Paul von Hindenburg agreed to take in Hitler as chancellor and von Papen as vice chancellor two months later.

Magyar Union Joins Government Bloc

Bucharest, Feb. 13 (A. P.).—The Maygar Popular Union decided today to join the Government bloc of parties leaving only a shadow of opposition to the Government in Parliament. The National Peasant and National Liberal parties already are out of the Romanian Parliament by their own choice.

SOVIET DIETS PINCHED

Moscow, Feb. 13 (A. P.).—Residents of some regions of the Soviet Union—apparently because of last summer's drought, the continued effects of the German invasion and the end of UNRRA supplies—are beginning to feel a pinch in their diets, particularly bread and potatoes. This does not mean that people are starving, but some definitely are not getting what they have been accustomed to in a number of sections, especially in the cities of the Volga Basin, southern Russia and the White Russian Soviet Socialist Republic.

Even in Moscow there is a pinch, and the severe weather of the last ten days has hampered normal food supply. The Russians believe that a worse period lies ahead—the period between now and the latter part of April or May.

STALIN BLOC GETS 99 P. C. OF VOTES

Moscow, Feb. 13 (A. P.).—Complete returns from seven Union Republics of Russia showed today that fewer than 1 per cent of the voters at last Sunday's elections balloted against the "bloc of Communist and nonparty candidates" headed by Premier Stalin.

Ballots cast against the bloc's nominees for deputies to the various Supreme Soviets (Parliaments)—plus invalidated ballots in Georgia, White Russia and Lithuania—numbered only 586,030. The vote of approval for the bloc was said to be the most overwhelming ever registered in Supreme Soviet elections in the seven republics.

There was no opposition ticket; voters manifested opposition by scratching a bloc candidate's name off the ballot.

Indications of the composition of the bloc were given in the returns from Armenia. There, out of 269 deputies elected, 203 belong to the Communist party and 66 do not. The Lithuanian Republican reported the highest vote against the bloc—about one and a half per cent. Out of 1,478,523 persons voting, 1,449,686 voted for the bloc, and 28,837 ballots either were against the bloc or were invalid.

In the six other republics, opposition votes were cast as follows: Russian Soviet Federated Socialist Republic, 420,359; Ukrainia, 111,832; Georgia, 1,388 (including invalid ballots); Azerbaijan, 3,087; White Russia, 19,110 (including invalid ballots); Armenia, 1,417.

Finland Will Bar Attack On Soviet Via Her Land

By The Associated Press.

HELSINKI, Finland, Feb. 13—President Juho K. Paasikivi said tonight that Finland would fight with all her resources against any aggressor seeking to strike the Soviet Union across Finnish territory.

He made the statement in connection with the signing of the Finnish peace treaty.

Delay Laid To Yugoslav

CHARGES

Athens, Feb. 13 (AP)—Mark Ethridge, United States member of the United Nations commission investigating Greek border warfare, charged Yugoslavia today with delaying tactics in presenting its case. The Yugoslav delegate replied that "certain people" did not want to hear all of his statements.

Ethridge declared that Josip Djerje's action in speaking 45 minutes and then waiting several hours before speaking for another 45 minutes was "bordering on the frivolous." He commented that the inquiry group's mission "is not to make itself ridiculous by submitting to dilatory tactics."

Djerje said a throat ailment prevented him from speaking for longer periods, but that he wanted also to make sure the commission had sufficient time to read all documents presented.

Special Pressure

"I am under impression that a special pressure is being applied to me in my capacity as representative for the Yugoslav Government and that certain people don't want to listen to all my statements."

The Louisville (Ky.) publisher assured Djerje that he wanted to hear the Yugoslav case "so badly that I am willing to make myself available to him longer than he is willing to be available to me."

A. A. Lavrischev Soviet representative, protested any attempt to limit Yugoslav presentation, which was scheduled for completion today. He suggested, however, that Djerje finish by tomorrow afternoon and the Yugoslav representative said he could do so by reading longer statements.

Djerje charged that Greece "is symtematically eliminating anyone who is of Slav origin in Macedonia" and that the present Greek Government has been "imposed on the country by unfair elections and British support." He was replying to Greek charges that Yugoslavia had inspired the Slav population of Greek Macedonia to war against the present regime.

Press dispatches reported increased guerrilla activity from Macedonia and Thrace, with the guerrillas compelling 150 young men in six villages to join their forces. Fifteen guerrillas and six soldiers and gendarmes were reported killed in clashes during the last 24 hours.

Slav 'Dilatory Tactics' Hit

Athens, Feb. 13 (AP)—Mark Ethridge, United States member of a United Nations investigating commission, criticized today what he called the "dilatory tactics" of the Yugoslav spokesman in defending Marshal Tito's country against Greek charges.

"The mission of the commission is not to make itself ridiculous by submitting to dilatory tactics," the Louisville (Ky.) publisher said of the practice of Josip Djerje in speaking 45 minutes and then waiting several hours before resuming, pleading a throat ailment.

Inquiry Into Complaints

Ethridge said this was "bordering on the frivolous."

"I am concerned with frivoling away time," he said.

The commission is inquiring into Greek complaints that Yugoslavia, Bulgaria and Albania harbored and aided elements causing strife in Greece.

Djerje asserted that he was under the impression that "some people did not want to hear my case fully." Etheridge assured him he wanted to hear the Yugoslav presentation "so badly that I am willing to make myself available to him longer than he is willing to be available to me."

May Finish Tomorrow

Yugoslavia was originally scheduled to finish her case today. The Russian representative protested against any attempt to limit the presentation, but suggested that Djerje finish by tomorrow afternoon and the Yugoslav said that that was possible.

Djerje's statement today included charges that Greece "is systematically eliminating anyone who is of Slav origin in Macedonia" and that the Greek Government had "been imposed on the country by unfair elections and British support."

Greeks Say Raiders Conscript Villagers

Athens, Feb. 13 (AP)—Guerrilla bands operating in Macedonia and Thrace are resorting to widespread conscription, press and official dispatches said today.

About 150 young men were conscripted in six villages, these reports said. They added that fighting in the last 24 hours had resulted in the deaths of two Greek officers and four soldiers and fifteen guerrillas. Four women were reported slain by a leftist band which raided the village of Vapsomion, near Kastoria.

Lini Held Test Block For Chiang

Nanking, Feb. 13 (AP)—The difficulties that Government forces are encountering in trying to capture Lini, the Chinese Communist's regional capital in Shantung province, demonstrates why Generalissimo Chiang Kai-shek still seeks to avoid committing his armies to full-scale civil war. MILKS

Despite superiority in numbers, armaments and communications, National forces engaging Communist Gen. Liu Po-cheng's troops at Lini have made little progress in the past week.

Field dispatches received here daily indicate that Government troops are "about to capture" the southern Shantung city. But they have never quite reached their goal. Communist resistance and Government tactics of trying to surround the entire Lini area are responsible for the delay.

High Command Unhappy

Informed quarters say the Government high command is unhappy about the lack of progress. Apparently that was why Gen. Pai Chung-hsi, Minister of National Defense, flew to Shantung for a personal investigation.

Failure of the Government to achieve a quick victory at Lini indicates the extreme difficulties Chiang would face if he undertook an open war of annihilation against the Communists, competent observers say.

LINI BATTLES WORRY CHINA

Capture Reported Near Again, But Reds Are Elusive

Nanking, China, Feb. 13 (AP)—Chinese Government field dispatches said today that capture of Lini from the Communists was imminent, but they have said the same thing for the past week, and the high command was reported to be unhappy over the campaign. MILKS

The failure of the Government to accomplish a quick cleanup of Communists in that area of southern Shantung was pointed out by reliable observers as a sample of the reasons Generalissimo Chiang Kai-shek was still anxious not to commit the Government armies to a full-scale civil war.

Foe Stubborn, Elusive

Superior to the Communists in numbers, arms and communications, the Government troops have found the foe stubborn and elusive. To insure holding Lini once it is taken, the Government tactics have included encircling wide areas outside the city, and this operation has been tedious.

Gen. Pai Chung-hsi, Minister of National Defense, was reported to have flown to the near-by Government base of Suchow for an inquiry.

The Communist hit-run raid tactics in towns near Peiping were described meanwhile by a Government general as not threatening Peiping itself.

Gen. Wang Hung-shao, chief of staff in the Peiping headquarters, said some guerrillas might be able to penetrate Peiping suburbs, but insisted they would be annihilated, dispatches from that northern city asserted. Withdrawal of the American truce personnel from Peiping will not affect the city's security, the Government military leaders declared.

A heavy snowfall and icing conditions forced one American plane to turn back after taking off from Peiping for Yenan with Communist members of the disbanding truce headquarters. A second plane was held at the field.

Economy Stabilization

In the meantime, China's top men mapped a still secret program today to try to stabilize the national economy, quivering from the nose-dive of the Government's currency.

The reliable paper *Hsin Min Pao* reported that conferences in the home of Generalissimo Chiang Kai-shek had formed an eleven-member emergency council headed by Premier T. V. Soong and Chen Kuo-fu, Kuomintang leader.

This council was reported empowered to draft regulations intended to halt the virtually uncontrolled inflation of the past several days, but details were not disclosed.

All officials were silent, but there was a general agreement that some form of gold control and possibly price controls were likely.

A general ban on all private transactions in foreign currency (meaning mainly United States dollars) was reported considered but was believed to have been abandoned because of enforcement difficulties.

Chinese Currency Proving Erratic

Shanghai, Feb. 13 (AP)—The shaky Chinese dollar, holding relatively steady in Shanghai at 14,000 to $1 United States, was quoted in Nanking today at 8,000 to the American dollar, providing one more puzzle in China's tangled currency picture.

Associated Press Correspondent Harold Milks reported from Nanking that even at the 8,000-to-$1 rate dealers refused to buy heavily.

The Chinese dollar fell to a record low of 19,000 to $1 in Shanghai Tuesday, but has sinced recovered some ground.

Fortune Conscription

Milks also reported that it appeared doubtful any action would be taken to conscript fortunes held abroad by Chinese in this country. He said the move, considered a possibility because of China's urgent need for foreign exchange, was unlikely for two reasons: international complications and the fact that most of the fortunes involved are held by politically important persons.

The *National Salvation Daily*, anti-Communist newspaper published in Nanking, attributed the recent inflation of Chinese currency to large-scale buying by Communists, absorption of gold by politicians out of power, profiteering by speculators, hoarding of gold and general distrust of Chinese currency.

The newspaper urged that profiteers be shot, regardless of their position, adding that "the future of the Kuomintang (Government party) largely depends on whether it can successfully cope with the present crisis."

Japs Keep In Bounds Set Upon Research

Tokyo, Feb. 13 (AP)—Japanese scientists have shown no inclination to exceed the limits placed on their researches in the field of atomic energy, Dr. H. C. Kelly, of Boston, said today.

The Far Eastern Commission has issued a directive prohibiting Japanese scientists from engaging in fundamental or applied research in atomic energy. Such radioactive minerals as radium may be processed for medical purposes under supervision of occupation authorities.

Kelly, member of supreme headquarters' scientific section, said shortages of equipment, material and personnel limited Japanese scientists to "the immediate and pressing problems of rehabilitation and continued existence."

BRITONS LEAVING JAPAN

Infantry Brigade May Be Sent to Service in Johore

TOKYO, Friday, Feb. 14 (AP)—Supreme Headquarters confirmed previous reports today that the British Fifth Infantry Brigade would withdraw from Japan soon for duty elsewhere.

Headquarters of the British Commonwealth occupation forces said the withdrawal was "necessitated by a very extensive demand on British manpower in other parts of the world." The statement added that the United States had concurred in the withdrawal, "which has been facilitated by the progress made in their task by Allied forces occupying Japan."

"The British Army," the statement said, "will still be substantially represented in the British Commonwealth occupation forces and the United Kingdom naval and air components will remain unaltered." Although the announcement did not specify the troops' destination, it is undertood that they are scheduled to go to Johore, near Singapore.

Seek Graves of Allied Dead.

Yokohama, Feb. 13 (A. P.).—Lieut.-Gen. Robert L. Eichelberger today ordered that all possible information be obtained from the Japanese people about unrecovered remains of Allied war dead in Japan. It has been estimated that the remains of approximately fifty Allied personnel are buried in isolated graves or cemeteries in the Japanese home islands.

New York Woman Counsel for Jap

Yokohama, Feb. 13 (A. P.).—Miss Eleanor C. Goode, 33 East End avenue, New York, was the first woman attorney to appear before a United States Eighth Army tribunal as defense counsel for a minor war criminal. She is defending Chogo Hashimoto, who is alleged to have tortured Canadian war prisoners.

Death Decreed For 4 Japs

Manila, Feb. 13 (AP)—A United States war crimes military commission today sentenced three former Japanese thought police to the gallows, a fourth to a firing squad and three others to life imprisonment for the decapitation of five American Navy flyers in the Celebes little more than a week before the end of the war.

Sentenced to hang were Col. Michinori Nakamura, Sergeant Major Rinji Sasakura and Sergeant Major Koshin Ichio. Leading Private Fumiyuki Dazato was condemned to the firing squad, while imprisonment for life in Tokyo's Sugamo Prison was ordered for Lieut. Kotaro Kamisuki, Sergeant Major Shigeo Ichihashi and Sergt. Kazuaki Okszaki.

Deaths Investigated

Chief Prosecutor Emory C. Smith, of Dallas, Texas, former navy commander, made a six-weeks investigation at Makassar, Celebes. He presented evidence linking the accused with the death of Lieut. Deland Joseph Croze, of Minneapolis, Minn., commander of a navy patrol bomber forced down June 3, 1945, after sinking two or three Japanese ships.

Croze and twelve others survived the landing, but three of his men were killed in a clash with a Japanese platoon. A navy rescue plane saved three more survivors who floated out to sea.

The bodies since have been exhumed and reburied at Barrackpore Military Cemetery in Calcutta.

ENEMY HOLDINGS SHIFTED

Civilian Now Controls Property of Foes in Philippines

MANILA, Feb. 13 (AP)—Enemy property in the Philippines passed today from custody of the United States Army to a civilian administrator appointed by President Truman. The holdings eventually will be turned over to the Philippine Government, some in the form of cash.

James MacInnes Henderson, new Philippine alien property administrator, said fifty-one Japanese real estate parcels worth more than $5,000,000 now were under jurisdiction of his office. They include the Balintawak brewery, the Bank of Taiwan, Yokohama Specie Bank and the Oracca confectionery factory.

Four Japanese-owned residential lots and three hemp plantations already have been transferred to Philippine ownership, Mr. Henderson said. He added that other property included everything from a fish cannery to several well-used bicycles.

Two Japs To Hang For War Crime

Hong Kong, Feb. 13 (AP)—A British war-crimes court today sentenced Japanese Col. Tokunago Isao and Capt. Saito Shumkochi to be hanged for failing to provide anti-diphtheria serum at prison camps, thereby causing the death of 200 men, including 54 Canadian soldiers.

Three other defendants were given prison sentences— Lieut. Tanaka Hitoshi receiving three years, Sergt. Major Harada Jotaro one year and Tsutsada Itsuo, a Singapore-born civilian interpreter, one year.

Isao, who commanded the Shamshuipo camp, told the court: "I carried out my duties with the best of intentions."

Villagers Take 315 Heads

New Delhi, Feb. 13 (AP)—Headhunting still is in fashion among the wild Naga tribesmen of Assam.

Pandit Jawaharlal Nehru, leading Minister of India's interim Government, told the Central Legislative Assembly today that the Nagas had taken 315 heads since the end of the war with Japan.

He said a "stern warning" has been issued to the offending villages that any more head-hunting would bring punitive action.

More Rigid Rule for Palestine

Gen. MacMillan Replacing Barker Puts Into Full Effect New Cantonization Plan.

Jerusalem, Feb. 13 (A. P.).—Major-Gen. G. H. A. MacMillan, who stormed the Rhine with the Fifty-first Highland Division, took command of British troops in Palestine and Trans-Jordan today, succeeding Lieut.-Gen. Sir Evelyn Barker. The change of command came in the midst of a new outbreak of violence in the Holy Land.

The British Army, battling the elusive Jewish underground, arranged to clamp on the most rigid security measures yet invoked in the Jerusalem area at noon—putting into full effect a new cantonization of the city into four heavily secured compounds, where limited restrictions have been in effect for a week.

Seven Reported Wounded.

Last night seven Jews were reported wounded and four kidnaped in skirmishes between Arabs and Jews and between Jewish extremists and moderate elements in other parts of Palestine. Today police reported a Government fisheries launch sunk and a police barge damaged by two explosions, apparently of time bombs, as they lay tied up at a jetty in Haifa harbor.

Meanwhile, the usually well informed Tel Aviv newspaper Mishmar said a new scheme for Palestine would be put before the British Cabinet for early consideration. The newspaper, declining to identify its sources, said the plan called for a "federated States of Palestine" with a setup similar to the Federated Malay States—embracing two States, Jewish and Arab, with independent governments, an a federal area under the British High Commissioner.

Macmillan, wearing the Military Cross with two bars and other decorations, landed at the Kollandia airport near Jerusalem after a flight from Cairo. Gen. Barker left yesterday to fly directly to England.

Barker Was Criticized.

Jews had criticized Gen. Barker for curfews, searches and other measures he ordered for the avowed purpose of curbing the Jewish underground. Last October 22, the British War Office announced that he would be recalled to head the Army's Eastern Command in England and that Macmillan, then in the War Office, would succeed him in Palestine.

Police reported today that a Jew knifed and kidnaped in a fight between Arabs and Jews at the Jewish village of Bnai Geulim last night had returned six hours later and told of being held in a tent and sometimes beaten until the Arabs set him free. Private informants identified the man as Itshak Biri, 35 years old. Shortly afterward, police arrested five Arabs.

The private sources said some 100 Arabs carrying knives and sticks started the fight with a raid in which seven Jews were wounded. There was no official confirmation of private reports of brushes between moderate and extremist Jewish groups.

RULE TIGHTER IN JERUSALEM

MacMillan Assumes New Post As Palestine Commander

Jerusalem, Feb. 13 (AP)—The military clamped the most rigid security restrictions yet invoked on Jerusalem today as Maj. Gen. G. H. A. MacMillan assumed his new post as commander in chief of British forces in Palestine and Trans-Jordan.

British troops put into full effect the new cantonization of the Holy City into four barbed-wire-inclosed security compounds, where limited restrictions had prevailed for the past week. The Tommies checked traffic every few blocks.

A fresh outbreak of violence preceded the arrival of General MacMillan from Cairo. Two small explosions in Haifa harbor before dawn sank a small Government launch and damaged a police barge.

Kidnapped Jew Released

Itshak Biri, 35, a Jew kidnapped in a fight between Arabs and Jews at Bnai Geulim last night, was released six hours later, severely beaten. The fight stemmed from a long-standing dispute over grazing rights. Five Arabs were arrested in connection with the abduction.

Three other kidnappings were reported from unofficial sources last night in skirmishes between Jewish extremists and moderate elements in the Holy Land.

Mrs. Helen Friedman, sister of Dov Bela Gruner, Irgun Zvai Leumi member under sentence of death, arrived from Lancaster, Pa., in her dramatic flight almost half way around the world to intercede for her brother. Mrs. Friedman had been delayed in her travel by bad weather.

Not Backed By Organization

No organization or person had suggested her trip, she said.

"I just wanted to come and see if I could help my brother. It was my own idea and I had to borrow the money to make the trip."

Mrs. Friedman planned to appeal tomorrow to Lieut. Gen. Sir Alan Cunningham, the Palestine high commissioner, to save her brother from the gallows.

One of the last acts of Lieut. Gen. Sir Evelyn Barker as British commander was to postpone the execution of Gruner, pending an appeal to Britain's supreme court, the Privy Council. Barker left yesterday for Britain. Gruner had been scheduled to die last month for his attack on a Palestine police station. He declined to sign an appeal, but lawyers acted for him at the request of an uncle, Frank Gruner, 71-year-old resident of New York and St. Petersburg, Fla.

With Highland Division

MacMillan, successor to Barker, crossed the Rhine with the 51st Highland Division during the war. He had been in the British War Office prior to his assignment to Palestine.

Barker's transfer to a command in England was announced last October 22. He had been criticized widely in Britain last July for giving instructions to his troops regarded as anti-Semitic in wording, and he was not popular with Palestine Jews.

Political developments were at ebb, pending the expected arrival from London of Moshe Shertok, political chief of the Jewish Agency. He will inform Jewish leaders of the status of the London talks.

Explosions Sink British Launch At Haifa

Jerusalem, Feb. 13 (AP)—Two explosions, which police said apparently were caused by time bombs, sank a small Government fisheries launch and damaged a police barge in Haifa harbor shortly before dawn today.

There were no casualties.

Police said both vessels were tied up at an isolated jetty when the blasts occurred.

30.24-7881

Jerusalem, Feb. 13 (AP)—Mrs. Helen Friedman, of Lancaster, Pa., arrived at Lydda Airport tonight, ending a dramatic journey to Palestine undertaken in an attempt to save her brother from the gallows. Mrs. Friedman said she planned a series of appeals in behalf of her brother, Dov Bela Gruner, member of the underground organization, Irgun Zvai Leumi, whose conviction has stirred widespread unrest in the Holy Land.

Palestine Plan Sent To U.S.

London, Feb. 13 (AP)—Britain's proposals for a Palestine settlement have been sent to the United States State Department, a Foreign Office spokesman said today, but the only reply received thus far—from Secretary of State George C. Marshall—was an expression of appreciation "for the information."

The Foreign Office heretofore had denied that any "exchanges" took place between Britain and the United States concerning the new plan. Both Arabs and Jews have rejected it.

Decision On U.N. Seen Near

Official sources said the Cabinet were likely to decide tomorrow whether Britain should refer the problem to the United Nations.

Foreign Secretary Ernest Bevin told Arab delegates to the Palestine conference yesterday that if Arabs and Jews could not agree, the Government probably would take up the matter with the world organization.

New Formula Possible

Government sources said there was "just a chance" Bevin might produce some last-minute formula tomorrow at the final session of the conference with Arab delegates, such as a new committee of inquiry.

Britain's latest proposal was that Palestine be split into a series of semi-autonomous Arab and Jewish cantons which would function under British control for five years. In the interim, Britain would apply for a United Nations trusteeship which would provide that the Holy Land be prepared for ultimate independence.

Ban Is Sought On Communist Party of Brazil

Petition to Highest Court Says Group Has Foreign Tie and Is Undemocratic

RIO DE JANEIRO, Feb. 13 (AP).—Acting Public Prosecutor Alceu Barbedo asked the Supreme Electoral Tribunal today to outlaw the Communist party of Brazil, largest Communist organization in the Western Hemisphere, which scored sweeping successes in last month's state and municipal elections.

Barbedo alleged in a twenty-seven-page petition that the party practices a secret code and is unconstitutional because its program is contrary to democracy and because of its fidelity to the teachings of Marx, Engels and Lenin.

Despite an appeal by President Eurico Gaspar Dutra to the public in the recent elections to vote against the Communists, the Communists polled about 800,000 votes, carried Brazil's largest state, Sao Paulo, where they elected the Governor and two Senators, won a plurality in Rio de Janeiro's City Council, and scored successes in several other local and state races.

If the Supreme Electoral Tribunal, presided over by Chief Justice Jose Linhares, rules against the Communists, the elected Communists are expected to serve out their terms, but they will be men without a legal party.

Citing a section of Brazil's new constitution which forbids policical parties "whose program or action is contrary to a democratic regime based on a plurality of parties and a guaranty of the fundamental rights of man," the petition declared the Communists profess to advocate democracy but in reality seek to overthrow the present government and set up a one-party regime.

The petition cited the writings of founders of the Communist international movement, and said it is impossible to reconcile Communist ideology with democratic practice.

Declaring the party is bound by a set of secret "duplicity statutes," the petition said that official rules of the party as filed with the Electoral Tribunal number only thirty-eight, but that Communist party members have been expelled under Regulation No. 45.

The fact that the party is headed by a "secretary general," Luis Carlos Prestes, instead of by a "president," like other Brazilian parties, was cited as evidence that "there exists some higher authority abroad."

The petition said that Brazil holds no ill-will against the symbol of the hammer and sickle as the "national banner of Russia, a country at whose side Brazil fought in the war," but that use of the same symbol as a party banner within Brazil is contrary to the principles of the Brazilian government.

Bolivia Lifts Wartime Curbs.

La Paz, Bolivia, Feb. 13 (A. P.).—The Interior Ministry today lifted wartime restrictions against nationals and firms of the Axis Powers doing business in Bolivia. The new order did not apply, however, to firms which still are considered under investigation.

Accord Leaves Canada 'Still More' In U.S. Orbit

Ottawa, Feb. 13 (AP)—Canada's public announcement that her wartime defense co-operation with the United States is to be carried on in peacetime marks a major step in the Dominion's gradual shift from the British commonwealth to the North American orbit.

Prime Minister W. L. MacKenzie King told Parliament last night that the move was a reflection of the "new geographic factors" of recent years and of the necessity for every nation to do what it can "to defend itself against aggression," whatever hopes may be held for eventual international collective security.

King's announcement was expected to remove some of the stickiness evident in many quarters here regarding United States proposals put forward over the past eighteen months for defense of the northern hemisphere.

No Bases Asked For

The reluctance to agree readily to United States plans is based both on tradition—Canada's spiritual ties to British remain strong—and on a natural nationalistic desire to avoid anything even remotely suggesting a threat to sovereignty.

King said he wanted to "deny emphatically" a "persistent rumor that the United States Government has asked for bases in the Canadian north." United States proposals for bases, along with other defense proposals, have reached the Canadian Government through the United States-Canada Joint Permanent Defense Board, not as United States requests, but as suggestions of the joint board, where agreement was reached.

New Weather Stations

Announcement is expected in the near future on an agreement for the joint operation of new weather stations in the Far North. Among the first projected is one on remote Melville Island.

The entire joint statement brings into the open a reality in existence since the start of the past war, namely that Canada depends for defense on the United States, and must look southward for protection against aggression from abroad, instead of to Britain as in the past.

Canadian Parliament Warned Against United States Control

Ottawa, Feb. 13 (AP)—A warning against the weakening of Canadian-British ties and against the control of Canada by either the "ambitions or policies" of the United States was sounded in Parliament tonight in the first public criticism of yesterday's joint United States-Canadian defense declaration.

M. J. Coldweell, leader of the Socialistic Co-operative Commonwealth Federation, the third largest in Parliament, declared that other North American countries and other members of the United Nations should be brought into the agreement along with the United States.

"I hope that this integration of defense forces will not mean that we are going to be controlled to any extent by either the ambitions or policies of our great neighbor to the south," Coldwell said.

"We have the highest respect for the United States, but we were a long time getting rid of control by Downing Street, and I do not want to see Washington substituted for Downing Street. Let us see that we do not have American control of our country."

Coldwel latacked the timing of yesterday's statement as possibly adding to 'suspicious among the nations." In the first reference made in Parliament to Russia in connection with the joint statement, Coldwell said that it raises the possibility of Canada's relationship with the great country which is right across from Canada.

Coldwell then suggested that the exchange of military personnel, the exchange of observers and the standardization of equipment as outlined in the joint statement, should be pursued with other countries, in North America and with other members of the United Nations.

Ontario to Ease Whisky Ration

TORONTO, Feb. 13. (AP)—Rationing of all types of spirits except imported whisky—Scotch and Irish—will be discontinued in the Province of Ontario after March 1, Chief Commissioner W. Griesinger of the Ontario Liquor Control Board announced today. The imported whisky ration will be one 26-ounce bottle a customer each calendar month as at present.

U. S., Canada Agree To Unify Training And Standarize Arms

Washington, Feb. 13 (AP)—The United States and Canada have announced they will continue in peacetime their close wartime collaboration for the military security of North America.

Without entering into a formal treaty or binding agreements, the two governments proclaimed a five-point program for unifying training, standardizing arms, and using each other's military, naval and air facilities.

Anything to do with the atomic bomb was excluded from the general understanding, it was made clear, since both governments have separate channels for development and administration of atomic energy.

Both stressed too, in formal announcements made simultaneously in Ottawa and Washington, that the charter of the United Nations "remains the cornerstone of the foreign policy of each."

In Ottawa, Prime Minister W. L. Mackenzie King told the house of commons that the joint principles agreed upon would strengthen rather than impair the "co-operation of each country within the broader framework of the United Nations."

King emphasized that the United States had not asked for military bases in the Canadian northland.

The two governments said that their collaboration for "peace time joint security purposes" would be limited and would be only to the extent authorized by law of each.

Their proclamation, issued less than a month before opening in Moscow of the Big Four Foreign Ministers Conference, served nevertheless to underscore United States-Canadian unity on defense of "the Artic Frontier" facing Europe.

Since 1940 the neighbor governments have unified their common military problems through the permanent joint board on defense. That body will continue its work, based on these enunciated principles:

"1. Interchange of selected individuals so as to increase the familiarity of each country's defense establishment with that of the other country.

"2. General co-operation and exchange of observers in connection with exercises and with the development and tests of material of common interest.

"3. Encouragement of common designs and standards in arms, equipment, organization, methods of training and new developments. As certain United Kingdom standards have long been in use in Canada, no radical change is contemplated or practicable and the application of this principle will be gradual.

"4. Mutual and reciprocal availability of military, naval and air facilities in each country; this principle to be applied as may be agreed in specific instances. Reciprocally each country will continue to provide with a minimum of formality for the fransit through its territory and its territorial waters of military aircraft and public vessels of the other country.

"5. As an underlying principle all co-operative arrangements will be without impairment of the control of either country over all activities in its territory."

Chairman Gurney (R.-S.D.) of the Senate Armed Forces Committe said he regarded the announcement as "good news."

"Undoubtedly," he said, "Canada's security interests parallel our own."

More Returns to McGill.

Montreal, Feb. 13 (A. P.).—Dr. Robert H. More, a research associate in the department of pathology at Cornell University, Ithaca, N. Y., has been appointed assistant professor of pathology at McGill University, it was announced yesterday.

Truman Volunteers To Divert Cargoes Of Coal To Britain

Shiploads Now At Sea Would Aid In Crisis

U. S. Production And Exports Both High, Reports Show

Washington, Feb. 13 (AP) —President Truman volunteered American coal today to a Britain shivering in the grip of an economic crisis.

He directed officials to see how much American coal now at sea bound for other European countries could be diverted to Britain, and how quickly — if the British want it.

No request has been received from England for aid in the crisis, Mr. Truman said. And it appeared unlikely the British would wish to spend their dwindling dollar credits for coal except as a last resort.

The White House announcement mentioned no plan for payment, if the British accept the offer, but the coal apparently could not be donated without legislative authorization.

It would take a minimum of 15 days to ship coal from this country to England," Mr. Truman said in a statement. "Such shipments might very well arrive too late to help England in the present emergency.

"There are, however, a number of colliers at sea in the vicinity of the British Isles carrying coal to other European countries. It may be possible to divert some of these colliers to English ports.

Mr. Truman cited growth of coal exports in recent months as indicative of what the United States might do to help. He said that in December 1,800,000 tons were shipped abroad and that this had increased to 2,500,000 tons in January. He forecast total exports of 2,900,000 for the short month of February and said that in March "we hope to do even better."

American coal production is high although there remains the possibility of another coal strike Apr. 1. When John L. Lewis sent his miners back to work in December, he told them to stay until March 31.

Mr. Truman coupled with his emergency plans for England an urgent request for congress to assure continuance of fuel and grain shipments "vital to the rehabilitation of Europe and other war-torn areas."

"To meet these future schedules," he said, "it is imperative that uncertainty over continuation of the authority of the maritime commission to operate government-owned ships be dispelled as quickly as possible. This authority, unless extended by congress, will expire on Mar. 1.

"Every day that action is delayed means further disruption of February schedules for shipment of coal and wheat to Europe. Because of the uncertainty now prevailing, tanker shipments of fuel oil to the East Coast have already slowed down."

TRUMAN SAYS U. S. IS READY TO AID BRITAIN

Declares Several American Colliers Can Be Diverted There Immediately.

ARE ALREADY NEAR ENGLAND

President Asserts London Hasn't Asked Help—Offer Is Made on Our Initiative.

Washington, Feb. 13 (A. P.).—President Truman said today that the United States is ready to do everything within its power to relieve the plight of the British people in their present crisis, and that it may be possible to divert to Great Britain a number of colliers now near British Isles with coal consigned to other European countries.

"This Government stands ready to do everything within its power to relieve the plight of the British people in their present fuel emergency," the President declared. "Although we have received no request from England for aid, I have directed Capt. Granville Conway, Co-ordinator of Emergency Export Programs, to determine how quickly and in what quantity coal can be landed at British ports.

"It would take a minimum of fifteen days to ship coal from this country to England Such shipments might very well arrive too late to help England in the present emergency. There are, however, a number of colliers at sea in the vicinity of the British Isles carrying coal to other European countries. It may be possible to divert some of these coliers to English ports."

Mr. Truman also said that the American representative with a European coal organization sitting in London "has been instructed to support a request for a reallocation of the shipments of coal now at sea, if this is the British desire." At the same time, the President said, he has urged Congress to act promptly "to extend the authority of the Maritime Commission to operate the ships which are so vitally needed." Coal thus diverted to England would be replaced for other countries as rapidly as shipping schedules can be adjusted, he asserted, adding that this country has done a remarkable job in stepping up export shipments of coal, increasing these from 1.8 million tons in December to 2.5 million tons in January with prospects for 2.9 million this month.

Urges Speed on Congress.

"In March we hope to do even better, for these shipments are vital to the rehabiiitation of Europe and other war-torn areas," Mr. Truman's statement said and added that it is imperative that Congress extend the authority of the Maritime Commission, which, under the existing law, will expire on March 1.

"I cannot emphasize too strongly the need for quick action by the House and the Senate on this legislation because, without it, our emergency export programs for fuel and grain will break down completely at the end of this month," the President said. "Every day that action is delayed means further disruption of February schedules for shipments of coal and wheat to Europe. Because of the uncertainty now prevailing, tanker shipments of fuel oil to the East Coast ports have already slowed down."

The Solid Fuels Administration estimates that soft coal exports could possibly be increased by from 500,000 to 1,000,000 tons a month with present shipping facilities. The United States is producing each month 11,000,000 tons or more of bituminous coal beyond its own consumption rate, the SFA said. Soft coal production amounted to 13,775,000 tons in the week ended February 1, second highest in history. Weekly production is regularly exceeding 13,500,000 tons and has increased by 4.5 per cent over last year's producstion. Neither consumption nor coal exports have increased comparably and the excess presumably is being stored by purchases, the SFA added.

President Says He Will Stand By Lilienthal Clear to the End

Truman Denounces McKellar's Charges as Absolutely Unfounded—Says Nominee Is Well Qualified for Atomic Post.

Washington, Feb. 13 (A. P.).—President Truman declared today that he is supporting David E. Lilienthal for chairman of the Atomic Energy Commission all the way through.

Lilienthal, the President said, is fully and thoroughly qualified for the post, and he added that he will stay with him through the end.

At his news conference, the President denounced as "absolutely unfounded" charges by Senator McKellar (D.-Tenn.) that the former TVA chairman is communistic or borders on communistic.

Telling reporters they could use his direct words on McKellar's assertions, the President said:

"They are absolutely unfounded."

Charles G. Ross, presidential press secretary, told a news conference that the President was not going to withdraw the nomination and then added. "He has not the faintest intention of withdrawing the nomination."

In response to a question as to whether Lilienthal has asked withdrawal of his name from the Senate, Ross replied with a blunt, "He has not."

Ross spoke after Senator Hatch (D.-N. M.), a Lilienthal supporter, had said that during a talk with Mr. Truman today he got the impression that the President would insist on confirmation of the nominee.

"I came away with the very definite impression the President has no idea of withdrawing his (Lilienthal's) nomination," Hatch told reporters. "My conviction is that Mr. Lilienthal should be confirmed.

"Tactics of opposing every nomination that comes up in the Senate even to the extent of reviling and condemning the nominees ultimately will result in government not being able to obtain men of character and responsibility to carry on the functions of government."

TRUMAN AVOIDS ANY REFERENCE TO CANDIDACY

Says He Will Go Right On Being President Without Regard to Politics.

IS ASKED ABOUT HANNEGAN

Acknowledges Comment About Chairman's Declaration and Then Reads Statement.

Washington, Feb. 13 (A. P.).—President Truman said today that he will continue to operate as President "without regard to narrow political considerations," but did not remove himself as a possible 1948 Democratic candidate.

Asked at a news conference about the action of Robert E. Hannegan, chairman of the Democratic national committee, in placing his hat in the ring for the 1948 presidential nomination, the President read from a prepared statement:

"In view of certain comment regarding the presidency, I wish to say that there has been no change in my attitude since the statement I read to you on November 11, 1946.

"The presidency is being conducted now just as it was then. It will continue to be so conducted.

"That is to say I intend to continue to act in this office as the agent of the American people, without regard to my personal political fortunes. I repeat what I said on November 11 when I pledged the executive to co-operate in every proper manner with the Congress."

"'As President of the United States I am guided by a simple formula: To do in all cases from day to day, without regard to narrow political considerations, what seems to me to be best for the welfare of all our people.'"

Tax Payments Set Peace Mark in '46

$38,640,057,860 Topped Only in '44 and '45

WASHINGTON, Feb. 13 (AP).—American taxpayers made last year the largest peace-time Federal tax payment in history—$38,640,057,860—and the third highest on record.

The 1946 collections, the Bureau of Internal Revenue reported today, were exceeded only in the war years of 1945 and 1944. Payments totaled $43,352,715,621 in 1945 and $42,125,986,550 in 1944, the bureau said. All figures were for calendar years.

As usual, heavily populated New York led all states and the territory of Hawaii by paying in $7,730,385,969 in 1946. Next came Illinois, with payments of $3,355,132,818; California, with $3,172,050,063, and Pennsylvania, with $3,030,202,322.

The New Jersey total was $1,188,339,139, and Connecticut paid $643,568,524.

Individual income taxes of $17,883,601,288 constituted the major share of the 1946 national total. Collections of corporation income taxes were next, at $11,046,568,029, to make the total for income taxes $28,930,169,418—a decline of $5,426,840,669 from 1945. The balance of the 1946 collections was accounted for by payment of $7,925,645,656 in miscellaneous taxes and $1,784,242,785 in employment taxes.

Eric Johnston Sees Truman

Fears "Terrible Blow" to Business if Geneva Parley Fails

WASHINGTON, Feb. 13 (AP).—Eric Johnston said after a talk with President Truman today that it would "be a terrible blow" to American business if the forthcoming Geneva trade conference were not a success.

The president of the Motion Picture Producers and Distributors of America said he discussed problems of the motion-picture industry and talked of the Geneva conference in April.

"If this trade conference isn't successful," Mr. Johnston told reporters, "it will be a terrible blow to the entire motion-picture industry and American business men as a whole."

The international conference is to seek ways to promote world trade.

Surplus Sales Net $10,000,000 Abroad

Marshall Gives Report to Congress on Army Sales

WASHINGTON, Feb. 13 (AP).—George C. Marshall, Secretary of State, reported to Congress today that the United States has collected $10,000,000 from sales of surplus combat equipment to foreign governments.

"The determining factors (in the sales) have been that the transactions were in the interest of the government and the people of the United States, and of world peace," he said in a statement filed with the House clerk.

He cited as an example the sale of "sorely needed small arms and ammunition" to the Philippine

30-24-7883

government "to maintain public order." This, he asserted, promoted Philippine stability.

Secretary Marshall expressed the "firm belief" that the entire program "contributed to world security" and cut $10,000,000 off the "waste usually resulting from the disposal of actual weapons of war."

The largest single items reported were sales of surplus ammunition to France and the United Kingdom. France bought all the ammunition left in that country, a store which originally had cost $7,500,000. The United Kingdom bought 118,000 tons in what Secretary Marshall described as "a cleanup of all the surplus ammunition remaining in England."

Both countries agreed not to resell the ammunition to any other government.

Other countries buying the surplus material, Mr. Marshall said, were Australia, Canada, Sweden and Panama. Sweden bought ninety P-51 planes for $315,000. Their original cost was $4,680,000.

'Pearl Harbor' Fear Felt For Alaska

Washington, Feb. 13 (AP)—Representative Sikes (D., Fla.), a member of the Armed Services Committee, said today Alaska might be the "Pearl Harbor of the third world war" and called for the immediate strengthening of its defense.

He told the House that 9,000 planes were delivered to Russia during the war via Alaska, and added: "There is nothing to keep them from coming back the other way."

Sikes's address followed by a day an announcement that the United States and Canada had agreed on joint peacetime defense measures.

Sikes said he was not among those who consider a third World War inevitable, but at the same time he decried the practice of "burying our head in the sand."

Intelligence-Data Swap

He said that the War Department had a plan for the defense of Alaska in event of attack and that he was "reasonably familiar" with it. In response to questions from the floor, he declined to discuss its details.

The United States and Canada were disclosed, meanwhile, to have agreed on a full exchange of military intelligence—that is, information on what other nations are up to.

The provision is one of a series of point-by point agreements underlying a general accord to extend indefinitely the wartime collaboration of American and Canadian armed forces, persons familiar with the year-long negotiations said.

They asserted that more than a score of specific understandings were reached before Washington and Ottawa jointly announced the overall agreement late yesterday.

No Formal Treaty

The formal statement made no reference to the interchange of military intelligence. Such a compact is significant because:

1. Canada's geographic position is along the polar cap air route over which any attack from Europe or northern Asia might come.

2. Canada herself is a recent victim of an atom-bomb espionage plot involving Soviet Russia.

While remaining officially silent on these points, both governments stressed two others:

The agreement is not formalized in a treaty; and the decision is "a contribution to the stability of the world and to the establishment of the United Nations as an effective system of world security."

There was, nevertheless, some speculation over the timing of the announcement—less than a month before the Big Four Foreign Ministers' meeting in Moscow. However, the negotiations actually started at least a year ago and the nearness of yesterday's announcement to the March 10 session is a mere coincidence, informed sources said.

Official Papers To Be Returned By Morgenthau

Washington, Feb. 13 (AP)—John W. Snyder, Secretary of the Treasury, said tonight he had made arrangements with former Secretary Henry Morgenthau, Jr., for the return to the Treasury of any material in Morgenthau's 900-volume diary which may be needed to complete the department's official records.

Snyder made public a letter from Morgenthau, in which the latter said the papers he had taken with him when he left the Treasury "never went into nor became a part of the Treasury files."

"It was my belief when I left Washington and is still my belief that no official papers or records were included in my personal file," Morgenthau wrote.

"Nevertheless, I will welcome having you or your representatives go over them and will gladly return any papers which are official."

New Light on Kantorowicz Case

Presidential Board Overruled Both FBI and State Department on Visas.

Washington, Feb. 13 (A. P.).—The State Department said today that a presidential board overruled the department and the Federal Bureau of Investigation in 1945 and authorized the admission of Alfred Kantorowicz to this country.

The statement was issued as a result of published reports of differences between the department and the FBI over the admission of Kantorowicz and Gerhardt Eisler, described as the No. 1 Communist agent in the country. Eisler refused to testify last week before the House Committee on un-American Activities and was cited for contempt. He is held at Ellis Island.

No Reason Specified.

Neither the FBI nor the State Department specified the reasons for their repeated objections to Kantorowicz, who first entered the country in 1941. The department's statement said that Kantorowicz apparently was a German national, and that he received a Mexican passport in Marseille, France, in 1940, and a transit certificate from the American Consul-General for travel through the United States to Mexico. He apparently arrived in New York on June 16, 1941, the statement added.

Later Kantorowicz and his wife arranged to go to Montreal to apply for immigration visas, giving them the privilege of permanent residence here. The visas were authorized by the President's board of visa appeals on April 17, 1945, the statement continued, "over the repeated objections of the visa division, and the unanimously unfavorable recommendation of the inter-departmental visa committee, on which the State Department and the FBI were represented." President Truman abolished the board on July 1, 1945.

Kantorowicz and his wife were admitted as immigrants last May. With no objections from the FBI, the statement said, they left the United States last August 12, and are reported to have reached Bremen, Germany.

Naming Of Successor To Gardner Is Held Off

Washington, Feb. 13 (AP)—President Truman is not ready to announce the selection of a successor to O. Max Gardner as Ambassador to Britain, the White House reported today.

Presidential Press Secretary Charles G. Ross gave that reply when asked whether such an announcement might be made today. Gardner died last week a few hours before he was to sail for London.

Truman Ends Some Guessing on Envoy

Washington, Feb. 13 (A. P.).—President Truman eliminated three top ranking friends today from speculation over his possible choice of an Ambassador to Great Britain.

Under news conference questioning he said he has not decided on his choice, but tat Secretary of the Navy Forrestal, reparations representative Edwin Pauley and Gen. Dwight D. Eisenhower were not under consideration.

Dr. Leonarde Keeler, former Northwestern University criminologist, said that Durant, charged with stealing the $1,500,000 fortune from a castle in Germany, so expressed himself after iispecting a package of jewelry recovered in a Chicago railroad station. Keeler testified that Durant arranged in a telephoneic conversation with a fence who had possession of the gems to deposit them in a lockbox for Durant, then in the custody of Army investigat ors.

Wife's Testimony Ruled Out.

Durant not only maintained that the larger jewels were missing, but insinuated that Army investigators had taken some of them, eKeler said. The court barred Keeler from testifying about statements made to him by former Wac Capt. Katheen Nash concerning the case, ruling that this, in effect, would be forced testimony by Capt. Nash against Durant, her husband.

Keeler aided military police in the investigation of the case. He said that he interviewed Durant and Capt. Nash jointly on one occasion and went on to relate that Durant, in reply to statements the Wac had made, commented, "Yes, we did break them up in Germany."

The prosecution charges that some of the jeweled heirlooms were broken up for easier disposal.

Keeler also said that Durant told him that 106 diamonds had been taken from him by customs officials.

Defense Objects.

At that point, defense attorneys objected to any additional testimony from Keeler as to Durmont's replies to statements by Capt. Nash.

The court ruled then that Keeler must refrain from telling anything of what Capt. Nash said, because "to permit statements of Capt. Nash to be admitted would in effect be to permit her to testify against her husband, which is iontrary to the rules.'"

Keeler testified that Durant submitted voluntarily to "three lie detector tests, with irregularities" appearing in the results. He also related that Durant kept telling investigators for several days that he could recover some of the stolen jewels and, accordingly, they permitted the office to make numerous telephone calls privately.

Finally, Keeler said, Durant told them: "It looks bad. I'm afraid it's all off."

Army investigators examined the cardboard box's contents before allowing Durant to inspect them. After he looked them over and made his "double cross" protest, he accused the investigators of taking some of the gems, Keeler said.

"Well, did you take any of them?" demanded Capt. Glenn V. Braumbaugh, associated defense counsel.

The witness laughed and replied "no."

Keeler testified Durant took "lie detector" tests voluntarily and that the results showed "irregularities." He said the officer commented to investigators at one point, "yes, we did break them up in Germany," meaning the pieces of jewelry.

"Partnership" Fell Through

Major John S. Robinson, prosecutor, has charged that some of the Hesse jewels and baubles taken from an ancient German castle occupied by American forces were broken up for easier disposal.

The defense suggested in questions that Keeler and two officials of the Army Provost Marshall General's criminal investigation division planned to establish a civilian "partnership" and had planned to use Keeler's $5,200 fees from the Army in the Hesse case to finance the arrangement.

Keeler said a partnership had been planned but fell through and he maintained the Hesse case had "nothing to do with it."

Double Cross in Jewel Case

Criminologist Quotes Colonel as Saying Bigger Jewels Were Missing.

Washington, Feb. 13 (A. P.).—The military court dealing with the theft of the Hessian crown jewels heard testimony today that Col. Jack W. Durant exclaimed, "I've been double crossed—the bigger stones are missing," when part of the gems were recovered from a fence in Chicago last June.

PROBER LINKS DURANT WITH JEWEL 'FENCE

'Been Double-Crossed,' Chicago Criminologist Quotes Colonel

Washington, Feb. 13 (AP)—Col. Jack W. Durant was quoted today as admitting that he disposed of some of the stolen Hesse crown jewels to a "fence"—a dealer in stolen goods.

Dr. Leonarde Keeler, Chicago criminologist who gave this evidence at Durant's court-martial, also testified that Durant exclaimed, "I've been double-crossed—the bigger stones are missing," when a cardboard box of diamonds and emeralds was recovered from a package locker in a Chicago railroad station.

Keeler explained that Durant had arranged by a telephone call, one of a number of calls which army investigators allowed him to make, for the return of the diamonds and emeralds from the "fence" via the lock box.

Says Durant Accused Probers

BRITISH CREW RETURNS

Portland, Ore., Feb. 13 (A. P.).—British seamen aboard the freighter Hartington today ended their strike against taking a coal cargo to Singapore instead of coal-starved Britain. The British consul, James McDonald, said the men were assured last night that the coal crisis would be over before the ship could arrive there anyhow.

The twenty-one seamen walked off their jobs on Tuesday because their families in England are suffering. McDonald said the coal loaded here was needed in Singapore to fuel ships carrying food to the British Isles.

Engineer Reports Industrial Use Of Atom Energy

Portland, Ore., Feb. 13 (AP)—Industrial scale harnessing of atomic energy at General Electric's Hanford Engineering Works was reported here by C. P. Cabell, company chemical engineer.

He told an American Institute of Electrical Engineers' meeting last night that although plants were "operating very satisfactorily" details could not be released.

Cabell did not elaborate beyond an approved press release which said it was "the first time in the world" this has been done.

At Richland, Wash., site of the plant, officials said that while atomic heat is being produced it is not sufficiently high in temperature to produce industrial power. They said, however, that a process is available which is expected to produce sufficiently high temperatures.

They did not explain the apparent conflict between Cabell's statement here and their report.

Cabell said that it would be "some years at best" before atomic power would be available for industrial use and said even then it might not be able to compete in cost with established power plants located near hydro and coal supplies. He said its most likely use was in areas remote from fuel sources.

TOJO'S FALSE TEETH NAME A DATE

Dallas, Feb. 13 (A. P.).—Tojo's false teeth will help him to remember Pearl Harbor.

Dr. Jeff B. Burton, 24-year-old Naval Reserve officer, wrote his parents that he and two companions were ordered to Sugamo Prison, where Hideki Tojo is awaiting trial as a war criminal, to make impressions for new dentures for the Japanese wartime Premier.

The three engraved "Remember Pearl Harbor" in Morse code dots and dashes on the upper plate, Bruton said. He named his companions as Dr. Jack R. McMahon of Longview, Tex., and Dr. Clifford Ochenbein, Texarkana.

U. S. Court Says Communist Tag Is Libel Per Se

Appeals Bench in Illinois Rules Against Pegler in Suit by Latex Executive

CHICAGO, Feb. 13 (AP).—The United States Circuit Court of Appeals has ruled that in Illinois "it is libelous per se [of itself]" to write of a man or a corporation that they are "Communists" or "Communist sympathizers."

This, the court stated yesterday, is "because the label of Communist today, in the minds of many average and respectable persons, places the accused beyond the pale of respectability and makes him a symbol of public hatred, contrary to the statute."

The majority ruling was by Judge Evan A. Evans, with whom Judge Otto Kerner concurred. Judge Walter C. Lindley dissented in part. He agreed with his colleagues that the term "Communist" is actionable in Illinois, but said that a reading of the publication in the suit before the court did not convince him that the term had been applied definitely to the parties seeking damages.

In its ruling the Court of Appeals reversed a District Court ruling and ordered to trial a $6,000,000 libel suit against Westbrook Pegler, columnist; the King Features Syndicate, and the Illinois Publishing and Printing Company, publisher of "The Chicago Herald-American."

The suit was brought by A. J. Spanel and the International Latex Corporation, of which Mr. Spanel is president. It alleged that the company and its president were libeled in an article by Mr. Pegler printed March 15, 1945.

District Judge Elwyn R. Shaw dismissed the suit at the defense request on the ground that no cause for action had been established by Mr. Spanel and his concern. Defense counsel contended the word "Communist" had no definite meaning. The Appeals Court, however, declared:

"But there can be no denial that its appearance as a characterization in a newspaper political editorial is sufficient to destroy a person's presumably good reputation with the public.

"And it seems anomalous for defendants to make such a contention [that the term is without definite meaning] because newspaper publishers generally, as molders of public opinion, have created the ogre which defendants here seek to characterize as innoxious."

Under a ruling that the term is libelous per se the parties bringing suit would not be required to show proof that damages were suffered.

COLUMBIAN DENIES AIM TO USE VIOLENCE

Treasurer Of Hate Group Takes Stand In Defense Of Loomis

Atlanta, Feb. 13 (AP)—John H. Zimmerlee, Jr., an Air Forces veteran who was an incorporator and later treasurer of the Columbians, Inc., denied tonight that leaders of the anti-Negro, anti-Jewish organization ever advocated "violence in any form" in carrying out its policies of white supremacy.

Zimmerlee's testimony was given at a night session of the Fulton County Superior Court where Homer L. Loomis, Jr., organizer and secretary of the hate group, is on trial for incitement to riot in connection with the alleged beating of a Negro.

Tells Of Private Arsenal

Under direct examination by the defendant's father, Homer L. Loomis, Sr., New York admiralty attorney, Zimmerlee testified that Loomis believed in gaining the organization's ends by "reasoning" and that he had instructed members to be "careful at all times and never to get into any sort of trouble."

He described the Columbians as a "moral movement, a political movement, and a highly nationalistic movement," which he said was "related to the United States only" and possessed no international implications.

Shortly before the overnight recess, Judge Clark Edwards, Jr., fined the defendant's father $100 for contempt of court after the elder Loomis said he had called a witness to the stand "as an object lesson to the court and jury."

Fine Is Remitted

The witness, James Akin, was called by the defense but testified among other things that the Columbians were patterned after the Nazi party. Loomis, Sr., interrupted Akin's crossexamination to make his statement in which he intimated the witness had been influenced by the Anti-Nazi League of New York, which helped compile evidence against the Columbians. Loomis said he called Akin to show the league's "deadly work to prevent justice."

The judge immediately ordered the jury from the room, reproved Loomis for the statement and levied the $100 fine. On the attorney's assurance he meant no disrespect to the court, Judge Edwards remitted the fine.

Earlier today a former member of the Columbians testified that the organization maintained a private arsenal to arm its strong-arm patrol squads.

Roy Whitman, who identified himself as one-time "section leader," told of receiving orders for armed patrols from young Loomis.

The State rested its case at the conclusion of the third day of the trial. Loomis, Sr., who is defending his son, said he expected to take approximately the same length of time for the defense.

"Leader" Principle Followed

Whitman said pistols and other weapons were issued to Columbian patrols by Loomis, and were provided from a private arsenal by Ira Jett, a charter member of the hate group. Whitman said on one occasion, when Columbians investigated the reported rape of a white woman by a Negro, a group of about twenty was armed with shotguns, rifles and automatic pistols.

The prosecution offered police evidence that no rape or attempted rape actually had taken place.

Whitman said the brown-shirted Columbians followed the "leader" principle, with Loomis and Emory Burke, Columbian president, giving orders to section leaders, who transmitted them to block leaders. Whitman said the purpose of the Columbians was "white supremacy," and "to keep the Negroes from moving in on white sections."

Ex-Columbian Says They Had Private Arsenal

Patrols Always Armed, He Testifies as Prosecution Rests in Loomis Case

ATLANTA, Feb. 13 (AP).—A former member of the anti-Negro, anti-Jewish Columbians, Inc., testified in Superior Court today that the organization maintained a private arsenal to arm its strong-arm squads.

Roy Whitman, who identified himself as onetime "section leader," told of receiving orders for armed patrols from Homer Loomis jr., executive secretary, who is being tried for incitement to riot in connection with a gang attack on a Negro walking through a white residential section.

The state rested its case at the conclusion of the third day of the trial. Homer Loomis sr., New York admiralty attorney, who is defending his son, said he expected to take approximately the same length of time for the defense.

Whitman said pistols and other weapons were issued to Columbian patrols by Loomis, and were provided from a private arsenal by Ira Jett, a charter member of the Columbians. Whitman said on one occasion, when Columbians investigated the reported rape of a white woman by a Negro, a group of about twenty was armed with shotguns, rifles and automatic pistols. The prosecution offered police evidence that no rape or attempted rape actually had taken place.

Ralph Childers, youthful ex-Columbian who was decorated with the order's "medal of honor" after blackjacking an unarmed Negro, testified that Loomis provided guns "every time we went on patrol."

As defense testimony was started at a night session, John H. Zimmerlee jr., an Air Forces veteran who was an incorporator and later treasurer of the Columbians, denied that leaders of the anti-Negro, anti-Jewish organization ever advocated "violence in any form" in carrying out its policies of white supremacy. He testified that Loomis believed in gaining the organization's ends by "reasoning" and that he had instructed members to be "careful at all times and never to get into any sort of trouble."

He described the Columbians as a "moral movement, a political movement and a highly nationalistic movement," which, he said, was "related to the United States only" and possessed no international implications.

Negro Editor Gets "Threat"

LOUISVILLE, Ky., Feb. 13 (AP).—Federal authorities disclosed here today that the editor of "The Louisville Defender," Negro weekly newspaper, had been warned in a letter signed "Columbians, Inc.," to close the newspaper by next Tuesday.

Hobson James, Assistant United States District Attorney, said the letter threatened that "you and your race shall suffer" unless the newspaper is closed.

NAZIS' ROCKET CALLED AMERICAN INVENTION

SCHENECTADY, N. Y., Feb. 13—The Nazis' V-2 rocket was the result of American, not German, inventiveness, J. F. McAllister, who is engaged in the General Electric Company's rocket program, told a business group here today.

He said that the V-2's, which were showered on England during the war, were a refinement of a rocket designed by Dr. Robert Goddard, an American rocket pioneer.

In 1936, "through funds provided chiefly by the Smithsonian Institution," Mr. McAllister asserted, "Dr. Goddard carried out a long-term program of experiments in New Mexico.

"He was the first to suggest and the first to use rockets powered by liquid fuels. Finally, he was the first to recognize the necessity for stabilization in long flights, and again, the first to build a rocket incorporating gyroscope stabilization."

The G.-E. engineer said that Dr. Goddard's rocket clearly was the prototype of the V-2, and that his equations provided the necessary information for calculating fuel required range, maximum velocity and other factors.

"Thus," he added, "it is not what the Germans did conceptionally or creatively that is surprising. What is surprising is how little we and the rest of the world in general did with a device about which so much was already known."

'Ghetto' Threat Seen In Jewish Holy Land Rule

Philadelphia, Feb. 13 (AP)—Zionists will project themselves into "a self-imposed ghetto" if they seek to dominate Palestine and subject the Arab, the American Council for Judaism was told today.

Carleton Beals, noted author and traveler, said in an address prepared for the council's third annual conference:

"I do not think individuals or groups are going to find security and freedom they seek by setting themselves apart and accentuating their uniqueness.

Guns Not The Answer

"I do not think they are going to save themselves by using a gun and forcing themselves into another land and trying to control it against the wishes of the resident majority."

If the Jewish people, Beals said, continue to attempt to play an American role while supporting outside interests, they will cripple themselves.

"They will be condemning themselves to an external position of tolerated aliens and maybe at times not so tolerated," he declared.

Beals' address followed appeals to combat "political nationalism" and to seek a relaxed immigration program to remove "a real threat to peace."

Dr. Irving F. Reichert, rabbi of Temple Emanu-El, San Francisco, told the council that Jews must oppose "political nationalism" if Palestine is to be a "sanctuary for oppressed Israel."

"There is nothing in the fundamental principles of Judaism," he asserted, "which can support the demand for a Jewish political state in Palestine."

The whole future of the Jewish people is at stake. Dr. Reichert told the council's third annual national conference.

Easier Immigration Urged

In an earlier address last night, Earl G. Harrison, dean of the University of Pennsylvania Law School and chairman of the committee on displaced persons, urged the United States immigration policy be eased so as to remove "a real threat to peace."

Harrison said it was foolhardy to believe that "any number of people amounting to three-tenths of one per cent of our population could adversely affect our economy."

Dr. Reichert listed what he termed "fundamental" differences in principle of the council and of Zionists.

He said the council holds that "the Jewish people are essentially a religious community whose strongest tie is a common faith and a common religious heritage."

Zionism, he said, maintains that "the Jewish people are a homeless nationality whose normalcy can only be achieved through the establishment of a Jewish political state in Palestine."

"The gulf between these two concepts," he declared, "is unbridgeable. They represent totally irreconcilable points of view."

NIGHT LEAD COAL
BY TOM WILLIAMS

LONDON, FEB. 13-(AP)-DWINDLING COAL PILES AT GAS COMPANIES THREATENED TONIGHT TO THROW BRITISH INDUSTRY FOR A FURTHER DAMAGING LOSS AS PRIME MINISTER ATTLEE GRIMLY TOLD THE HOUSE OF COMMONS AN END TO THE GRAVE ELECTRIC POWER CRISIS CAUSED BY THE FUEL SHORTAGE, HAD NOT BEEN SIGHTED.

HE SAID THE POWER BLACKOUT, APPLIED ORIGINALLY TO 38 ENGLISH AND WELSH COUNTIES ON MONDAY, HAD SAVED 78,000 TONS OF COAL IN THREE DAYS BUT ADDED "THE SITUATION REMAINS VERY CRITICAL."

(PRESIDENT TRUMAN SAID IN WASHINGTON THE UNITED STATES WAS READY TO DO EVERYTHING IN ITS POWER TO RELIEVE THE BRITISH PEOPLE IN THEIR PRESENT EMERGENCY, INCLUDING THE POSSIBLE DIVERSION TO THE UNITED KINGDOM OF COLLIERS PRESENTLY ON THE HIGH SEAS.)

ATTLEE SAID THAT LONDON GAS COMPANY COAL PILES HAVE DINDLED TO 9 1/2 DAYS SUPPLY. THE BRITISH GAS COUNCIL SAID REDUCED COAL STOCKS WERE ENDANGERING GAS SUPPLIES AND ADDED "IT WILL BECOME INCREASINGLY WORSE DURING THE NEXT FORTNIGHT AND WILL NOT BE REMEDIED FOR SOME WEEKS AFTER THE COLD WEATHER ENDS."

TONIGHT BLACKOUT CONDITIONS REMINISCENT OF THE BLITZ RETURNED TO ALL TOWNS IN THE UNITED KINGDOM. EXCEPT FOR A FEW LIGHTS AT BUSY INTERSECTIONS AND TRAFFIC SIGNALS ALL STREETS WERE DARK. 1947

ALL BRITISH HOUSEHOLDERS EXCEPT THOSE IN NORTHERN IRELAND WERE ORDERED UNDER THREAT OF FINE OR IMPRISONMENT TO PULL ALL POWER SWITCHES FOR FIVE HOURS DAILY. THIS WAS THE FIRST MOVE OF AN EMERGENCY "COAL CABINET" BATTLING A FUEL SHORTAGE WHICH A BOARD OF TRADE SPOKESMAN SAID HAD THROWN MORE THAN 5,000,000 ENGLISHMEN OUT OF WORK.

ATTLEE STAKED SUCCESS OF THE DRASTIC GOVERNMENT MEASURES UPON THE WEATHER, WHICH FOR THE LAST MONTH HAS BEEN THE WORST BRITAIN HAS EXPERIENCED IN MORE THAN HALF A CENTURY.

"SHIPS ARE ALREADY MOVING," HE SAID, "AND THE LATEST FORECAST SAYS THERE WILL BE NO GALES OR FOGS."

RAIL LINES, DIGGING OUT FROM BENEATH 18-FOOT DRIFTS, HAVE CUT DRASTICALLY PASSENGER SERVICES AND EXPECT TO MOVE MORE COAL, HE ADDED.

~~TWELVE~~ COLLIERS CARRYING ~~21,000~~ 60000 TONS OF COAL ~~ARRIVED~~ reached IN LONDON ~~THE LAST 24 HOURS~~ Today. ~~EIGHTY-ONE OTHERS~~, BRAVING WILD SEAS, WERE BEATING DOWN THE EAST COAST WITH ANOTHER 130,000 TONS. FOUR-FIFTHS WERE CONSIGNED TO THE METROPOLITAN AREA WHERE ATTLEE SAID SIX LONDON POWER STATIONS HAD ONLY A WEEK'S SUPPLY.

THE PRIME MINISTER SAID ARRANGEMENTS WERE BEING MADE FOR PAYMENT OF UNEMPLOYMENT BENEFITS TO THE MILLIONS THROWN OUT OF WORK AND "TO SEE AS FAR AS POSSIBLE THAT NONE WILL SUFFER."

A REPORT FROM THE MINISTRY OF LABOR SAID THAT BETWEEN FEB. 8 AND LAST NIGHT 732,700 WORKERS HAD APPLIED FOR UNEMPLOYMENT BENEFITS. IT WAS ESTIMATED THAT MORE THAN 1,000,000 OTHERS WERE MADE IDLE BUT HAD NOT YET FILED APPLICATIONS.

NEARLY 24,000 EMPLOYES OF THE NUFFIELD ORGANIZATION, MAKERS OF MOTOR CARS, WERE GIVEN A WEEK'S DISMISSAL NOTICE.

SIR MILES THOMAS, VICE CHAIRMAN, SAID THAT "EVEN IF THE SHUTDOWN LASTS ONLY TWO WEEKS IT WILL COST THE ORGANIZATION APPROXIMATELY 250,000 POUNDS ($1,000,000). EVEN WHEN ELECTRICITY BECOMES AVAILABLE IT IS VERY DOUBTFUL IF WE SHALL BE ABLE TO WORK A FULL 44-HOUR WEEK."

"THERE CAN BE LITTLE HOPE OF THE RESUMPTION OF FULL SCALE PRODUCTION FOR SOME TIME AFTERWARDS, BECAUSE SUPPLIESOF RAW MATERIAL, COMPONENT PARTS AND SUB-ASSEMBLIES WILL INEVITABLY BE SO ERRATIC THAT THE RHYTHM OF FULL PRODUCTION CANNOT IMMEDIATELY BE RESTORED," HE EXPLAINED.

APPEALING FOR GREATER ELECTRICITY SAVINGS, THE MINISTRY OF FUEL AND POWER REPORTED THAT HOUSEHOLDER COOPERATING IN PULLING LIGHT SWITCHES WAS "NOT SO GOOD" TODAY. AT 9 A.M. THE LOAD DROPPED ONLY 2,405,000 KILOWATTS COMPARED WITH 2,450,000 YESTERDAY IN THE 38 COUNTIES AFFECTED BY THE ORIGINAL CUT OFF ORDER. IN THE AREA WHERE THE BAN BECAME EFFECTIVE TODAY THERE WAS A SLIGHT DROP OF 397,000 KILOWATTS.

GOVERNMENT INFORMANTS SAID THAT AN ORDER WAS BEING PREPARED 1947 AUTHORIZING POLICE TO ENTER HOMES SUSPECTED OF NON-COMPLIANCE WITH THE CONSERVATION ORDER.

SUPPORT FOR THE LABOR GOVERNMENT CAME FROM THE EXECUTIVE OF THE NATIONAL UNION OF MINE WORKERS, WHICH PROTESTED THAT ATTEMPTS WERE BEING MADE "BY THE ENEMIES OF LABOR TO EXPLOIT THIS SITUATION."

"THE ROOTS OF THE PRESENT CRISIS ARE TO BE FOUND IN THE POLICIES THAT FOR YEARS WERE CARRIED OUT IN THE COAL INDUSTRY BY THOSE PEOPLE WHO ARE NOW ATTACKING THE LABOR GOVERNMENT," THE STATEMENT ADDED.

OFFICIALS OF THREE RAILWAY UNIONS SAID OUT-OF-GRADE WORK ON RAILWAYS WILL BE PERMITTED FOR THE FIRST TIME SINCE THE EVACUATION OF DUNKERQUE TO HELP SPEED THE TURNABOUT OF COAL TRAINS. THE DECISION WILL PERMIT EVEN CLERKS TO AID IN HANDLING CARS.

BY ROBERT HEWETT

LONDON, FEB. 14-(AP)-BROWNED-OUT, SHIVERING BRITAIN FACED A THREAT OF WIDESPREAD GAS CUTS TODAY AS THE NEXT SACRIFICE TO COMBAT A COAL SHORTAGE WHICH HAS LED THE NATION TO THE BRINK OF DISASTER.

AS THE ISLAND'S 49,000,000 RESIDENTS ENTERED THEIR FIFTH DAY UNDER DRASTIC ELECTRICITY RESTRICTIONS WITH SLIGHT GAINS IN THE COAL STOCKS AT POWER STATIONS, THE BRITISH GAS COUNCIL ALERTED THE COUNTRY'S 1,100 GAS PLANTS TO BE READY TO SHUT OFF GAS SUPPLIES TO NON-ESSENTIAL INDUSTRIES.

THE SPECIAL NINE-MAN "COAL CABINET," HEADED BY PRIME MINISTER ATTLEE, SCHEDULED A MEETING WITH GAS COMPANY EXECUTIVES TODAY TO DISCUSS THE PROBLEM.

THE LABOR PARTY ORGAN, THE DAILY HERALD, PROCLAIMED IN FRONT PAGE HEADLINES THAT A GAS CUT WAS LIKELY IN A FEW DAYS.

ATTLEE REPORTED TO PARLIAMENT YESTERDAY THAT THE COAL SITUATION WAS "STILL CRITICAL DESPITE THE BREAKING OF THE SNOW AND ICE BLOCKADE BY SHIPS AND TRAINS CARRYING FUEL TO LONDON AND OTHER METROPOLITAN AREAS."

THE PRIME MINISTER SAID LOW COAL STOCKS AT GAS PLANTS ARE "GIVING CAUSE OF ANXIETY." THE GAS COUNCIL SHORTLY AFTERWARD ANNOUNCED THAT ALL GAS PLANTS WERE BEING WARNED TO PLAN FOR THE POSSIBILITY OF SHUTTING OFF SERVICE TO ALL INDUSTRIAL AND COMMERCIAL CONSUMERS

EXCEPT THOSE "ENGAGED IN ESSENTIAL SERVICES OR CONTINUOUS PROCESS OPERATIONS."

ATTLEE TOLD THE HOUSE OF COMMONS THAT 78,000 TONS OF COAL HAD BEEN SAVED AS A RESULT OF THE FIRST THREE DAYS' RESTRICTIONS ON ELECTRICITY. SINCE MONDAY FACTORIES IN A 38-COUNTY INDUSTRIAL AREA OF ENGLAND AND WALES HAVE BEEN SHUT DOWN. HOUSEHOLDERS IN THAT AREA HAVE BEEN FORBIDDEN TO USE ANY ELECTRIC POWER DURING FIVE DAYLIGHT HOURS IN EACH DAY. THE LATTER BAN WAS EXTENDED YESTERDAY TO ALL OF ENGLAND, SCOTLAND AND WALES.

AUTHORITIES REPORTED, HOWEVER, THAT COMPLIANCE WITH THE HOUSEHOLD BAN WAS STILL "NOT SO GOOD" DESPITE THREATS OF HEAVY PENALTIES.

A11 1947

THIRTY-SEVEN COAL SHIPS CARRYING MORE THAN 60,000 TONS OF COAL BEAT THEIR WAY THROUGH ICY CHANNEL GALES TO LONDON YESTERDAY AND THE MOVEMENT OF SNOWBOUND COAL TRAINS IN NORTHERN ENGLAND AND THE MIDLANDS WAS SPEEDED BY THE LABOR OF THOUSANDS OF RAILWAY WORKERS, SOLDIERS AND GERMAN PRISONERS WORKING AROUND THE CLOCK.

ONE COLLIER, IDENTIFIED AS THE 642-TON ARY, OF PANAMAN REGISTRY, WAS REPORTED TO HAVE FOUNDERED AND SUNK OFF THE IRISH COAST WHILE CARRYING COAL FROM WALES TO EIRE. SIXTEEN OF HER 17 CREW MEMBERS WERE REPORTED MISSING.

AT LEAST ONE DEATH WAS ATTRIBUTED TO THE VIRTUAL WARTIME BLACKOUT OF STREET LIGHTS WHICH WENT INTO EFFECT LAST NIGHT. ALBERT JOHN BARNES, 71, WAS KILLED BY A TAXI WHEN HE STEPPED INTO A BLACKED OUT STREET NEAR HIS HOME IN SOUTH LONDON.

FREEZING WEATHER COONTINUED TO GRIP MOST OF BRITAIN AND VISCOUNT ADDISON, GOVERNMENT LEADER IN THE HOUSE OF LORDS, INFORMED PARLIAMENT LAST NIGHT THAT IT WAS IMPOSSIBLE TO FORECAST WHEN THE POWER RESTRICTIONS WOULD BE LIFTED.

ADDISON DEFENDED THE GOVERNMENT AGAINST CONSERVATIVE CHARGES OF COAL MISMANAGEMENT, RAISED DURING A HOUSE OF LORDS DEBATE MARKED BY STURDY OPPOSITION DEMANDS THAT EMANUEL SHINWELL BE OUSTED AS FUEL AND POWER MINISTER.

SHINWELL WAS DEFENDED BY THE NATIONAL UNION OF MINEWORKERS, WHOSE EXECUTIVE COMMITTEE ISSUED A STATEMENT RAPPING "ATTEMPTS THAT ARE BEING MADE BY ENEMIES OF LABOR TO EXPLOIT THIS SITUATION."

POSSIBILITIES OF MORE NEW RESTRICTIONS -- IN CLOTHING AND FOOD RATIONS -- WERE SUGGESTED BY OTHER CABINET MINISTERS LAST NIGHT.

SIR STAFFORD CRIPPS, PRESIDENT OF THE BOARD OF TRADE, SAID THAT AS A RESULT OF LOST CLOTHING PRODUCTION DURING THE EMERGENCY RATION COUPONS TO BE ISSUED MARCH 1 FOR THE USUAL SIX-MONTH PERIOD "MAY HAVE TO LAST FOR SEVEN MONTHS, POSSIBLY LONGER."

FOOD MINISTER JOHN STRACHEY TOLD THE CABINET YESTERDAY, INFORMED SOURCES SAID, THAT THE DISRUPTION OF TRANSPORT MIGHT CAUSE DIFFICULTY IN RE-STOCKING RETAILERS WITHIN SIX WEEKS, WHEN THE CURRENT FOOD RATION PERIOD ENDS.

BRITISH BANKS RAN OUT OF SMALL COINS FOR REGULAR DEALINGS BECAUSE THE POWER SHUTDOWN STOPPED OPERATIONS AT THE MINT. BRITISH STORES REPORTED THEIR STOCKS OF FLASHLIGHT BATTERIES EXHAUSTED. THE ARCHBISHOP OF CANTERBURY WAS FURIOUS BECAUSE HE HAD BEEN ASKED TO SET ASIDE A "FUEL AND POWER SUNDAY" FOR SPECIAL PRAYERS.

"IT MAKES ME FURIOUS SOMETIMES WHEN PEOPLE ASSUME THAT NOBODY CAN PRAY FOR ANYBODY UNLESS THEY ARE TOLD TO DO SO-BY AN ARCHBISHOP," HE SAID.

JR314AES

AN ANNOUNCEMENT FROM 10 DOWNING STREET LAST NIGHT AFTER THE FIRST MEETING OF THE "COAL CABINET" HEADED BY ATTLEE SAID THE "SITUATION REMAINS CRITICAL" AND THAT COAL SAVINGS IN THE FIRST THREE DAYS OF THE EMBARGO WERE "SUFFICIENT TO BRING STOCKS UP TO THE SAFETY MARGIN."

"THE PRIME MINISTER EMPHASIZED THAT PRODUCTION AND MOVEMENT OF COAL TO MEET THE EMERGENCY MUST BE REGARDED BY ALL CONCERNED AS AN ABSOLUTE PRIORITY AND THAT EFFORTS TO OVERCOME THE CRISIS MUST BE PLANNED AND OPERATED WITH THE SAME SPEED AND URGENCY AS A MAJOR MILITARY OPERATION DURING THE WAR," THE STATEMENT SAID.

THE THREAT OF FINES AND PRISON TERMS AGAINST THOSE USING POWER DURING THE RESTRICTED HOURS--WITH ONLY THOSE PRODUCING DOCTORS' CERTIFICATES EXEMPTED--DREW EDITORIAL FIRE FROM LORD BEAVERBROOK'S DAILY EXPRESS, WHICH CALLED THE ORDER "RUTHLESS" AND SAID IT MIGHT LEAD TO "NEIGHBOR SNOOPING ON NEIGHBOR."

INVOKING OF THE DEFENSE REGULATION, WITH ITS PENALTIES, TO ENFORCE THE POWER CUT HAD BEEN GENERALLY EXPECTED, HOWEVER, AFTER THE GOVERNMENT ANNOUNCED THAT COMPLIANCE OF HOUSEHOLDERS ON TUESDAY HAD BEEN "NOT SO GOOD." THE MANCHESTER ELECTRICAL ENGINEER DESCRIBED PUBLIC COOPERATION--OR THE LACK OF IT--AS "DISGRACEFUL" AND SWITCHED OFF POWER, EVEN TO ESSENTIAL USERS, FOR 10-MINUTE PERIODS ON A ROTATION BASIS AS A WARNING.

MANY HOMES AND OFFICES WERE CUT OFF DURING THE RESTRICTED PERIOD -- 9 A.M. TO NOON AND 2 P.M. TO 4 P.M. IN THE 38-COUNTY AREA--BUT IN SOME PLACES THE LINES HAD TO BE KEPT OPEN FOR ESSENTIAL USERS AND OTHERS ON THE LINE WERE PUT ON THEIR HONOR NOT TO USE ANY CURRENT IN THE FORBIDDEN HOURS.

MORE COAL BEGAN TO REACH LONDON AND OTHER POWER STATIONS YESTERBAY AS NEARLY 100,000 TROOPS, GERMAN PRISONERS AND POLISH RESETTLEMENT CORPSMEN AIDED ROAD GANGS IN CLEARING DEEP DRIFTS ACROSS THE RAIL LINES OF NORTHERN ENGLAND. TEN COAL SHIPS FROM NEWCASTLE ARRIVED IN THE THAMES LAST NIGHT AND 52 MORE WERE REPORTED ON THE WAY DESPITE DIRTY WEATHER IN THE CHANNEL.

RAILROADS CANCELLED SOME EXPRESS TRAINS TO PROVIDE LOCOMOTIVES FOR COAL TRAINS. SCHOOLS WERE CLOSED IN SOME PARTS OF THE COUNTRY FOR LACK OF FUEL. DOG RACING WAS BANNED, DESPITE EARLIER PERMISSION TO TRACKS TO USE INDEPENDENT SOURCES OF POWER IF AVAILABLE, UNDER THE SAME PENALTIES AS THOSE APPLIED TO DOMESTIC USERS.

AN RAF BOMBER DROPPED FOOD TO THE STAFFORDSHIRE VILLAGE OF LONGNOR, CUT OFF FOR MORE THAN A WEEK, BUT CANCELLED OTHER DROPS TO ADDITIONAL ISOLATED VILLAGES BECAUSE OF BAD WEATHER. FOURTEEN FOOD-LADEN PLANES STOOD READY FOR MORE DROPS AS SOON AS THE WEATHER BREAKS.

FUEL FACTS (430)

BY RICHARD TOMPKINS

LONDON, FEB 13-(AP)-HERE'S HOW BRITAIN'S FUEL CRISIS CUTS ACROSS THE LIVES, HOMES AND ACTIVITIES IN THE AREAS AFFECTED BY THE GREAT SWITCH-OFF:

BIG BUSINESS--VIRTUALLY ALL LARGE MANUFACTURING PLANTS CLOSED. DRASTIC REDUCTIONS IN RAIL TRANSPORT FACILITIES, WITH ONLY A WEEK'S COAL SUPPLY LEFT. INDUSTRIALISTS INCUR HEAVY WAGE BILLS TO MEET PAYMENTS UNDER UNION CONTRACTS. UNDERWRITERS FACE LOSSES THROUGH CURTAILMENT OF PRODUCTION FOR EXPORT.

SMALL MANUFACTURERS--ALL NON-ESSENTIAL FACTORIES SHUT DOWN. FUEL "PIRATES" SEEKING TO OPERATE DURING THE NIGHT WATCHED BY GOVERNMENT INSPECTORS. SUB-CONTRACTORS RESORT TO "HOME WORK." SMALL FACTORIES AND "FAMILY BUSINESSES" APPEAL TO GOVERNMENT TO ENABLE 4,000 FIRMS TO REOPEN.

THE WORKERS--ESTIMATED 5,000,000 IDLE, AND NUMBER EXPECTED TO REACH 6,000,000 BY END OF WEEK. THOSE NOT COVERED BY UNION-GUARANTEED WEEK CONTRACTS BEGIN STANDING IN LINE FOR THE "DOLE"--24 SHILLINGS ($4.80) WEEKLY FOR MAN, 16 SHELLINGS ($3.20) FOR WIFE, CORRESPONDINGLY LESS FOR CHILDREN. LOUDEST GRUMBLING OF UNEMPLOYED SINCE LABOR GOVERNMENT WON MAJORITY 18 MONTHS AGO.

1947

THE HOUSEWIFE--THIS RATION-RIDDEN SEGMENT OF THE POPULATION NOW HAS HER COOKING SCHEDULE UPSET. IF SHE USES GAS, THAT IS THREATENED TOO, WITH LOW PRESSURE, SO THE SUNDAY "JOINT" (MEAT) MAY NEVER GET FULLY DONE. HOMES, ALREADY SHORT OF COAL FOR HEATING, NOW HAVE THEIR ELECTRIC HEATERS TURNED OFF FIVE HOURS A DAY. AND WITH LIGHTS OUT DURING THE DARK DAYS THERE IS LITTLE COMFORT LEFT IN THE HOME.

THE SHOPKEEPER--THEY ARE WORKING IN CANDLE-LIT, GLOOMY, COLD STORES.

OFFICE WORKERS--WITH ELEVATORS HALTED, THEY CLIMB THE STEPS AND WORK BY CANDLE LIGHT, LANTERNS AND HURRICANE LAMPS, MANY IN OVERCOATS.

BANKING--ELECTRIC ACCOUNTING MACHINES ARE SHUT DOWN. LEDGER POSTING IS DONE BY HAND.

SCHOOL CHILDREN--SCHOOLS DEPENDENT ON ELECTRIC HEATING ARE NOT AFFECTED, BUT HOT NOONDAY MEALS ARE CURTAILED. NO SCHOOLS ARE CLOSED BECAUSE OF THE FUEL SHORTAGE.

B39 (SEG)

TRAVEL--DELAYED OR CANCELLED ALTOGETHER BECAUSE OF TRANSPORTATION TIE-UPS. ~~SUBURBAN ELECTRIC TRAINS CURTAILED.~~

RADIO--THE BBC HAS CANCELLED FOR THE DURATION ITS HIGHBROW "THIRD" PROGRAM AND TELEVISION AND SHORTENED OTHER PROGRAMS. MILLIONS OF RECEIVING SETS ARE SILENT.

NEWSPAPERS--REVERTED TO WARTIME SIZE UNTIL FURTHER NOTICE TO CONSERVE ELECTRICITY AND NEWSPRINT SUPPLIES, WHICH ARE SCARCE BECAUSE OF TRANSPORTATION DIFFICULTIES. PERIODICALS ARE SUSPENDED.

SPORTS AND OTHER ENTERTAINMENT--GREYHOUND RACING BANNED. MANY SOCCER MATCHES OFF BECAUSE OF CANCELLED TRAINS. IRREGULAR STEEPLECHASE RACING BECAUSE OF COLD WEATHER AND TRANSPORTATION DIFFICULTIES. MATINEES CANCELLED. CINEMAS CLOSED UNTIL 4 P.M.

FOOD--CAKE AND PASTRY BAKING PROHIBITED BUT NO OTHER RATIONED FOODSTUFFS ENDANGERED.

LONDON, FEB 13-(AP)-THE TIMES SAID TODAY BRITAIN'S ELECTRIC POWER CRISIS IS A WARNING THAT "THE FOUNDATIONS X X X OF THE (NATION'S) ENTIRE INDUSTRIAL STRUCTURE ARE IN PERIL."

DRAWING A GRAVE PICTURE OF RUN DOWN BRITISH INDUSTRY, THE TIMES SAID IN AN EDITORIAL:

"CONFRONTED BY THESE NECESSITIES THE NATION MUST NOW SEE THAT THIS BREAKDOWN OF ESSENTIAL SUPPLIES IS NO SUDDEN EMERGENCY TO BE ENDED AND FORGOTTEN AS SUDDENLY AS IT BEGAN.

"IT IS ONLY A SYMPTOM, ENLARGED NO DOUBT BY MISMANAGEMENT, OF DEEPER DISORDERS ATTENDING THE EFFORTS OF THIS COUNTRY TO CLIMB OUT OF THE IMPOVERISHMENT BROUGHT ABOUT BY THE WAR.

"JUST AS THE EFFECTS OF THIS SHUTDOWN UPON INDUSTRY AND TRADE WILL LINGER FOR MANY MONTHS, SO ITS CAUSES, DEEPSET IN THE NATIONAL ECONOMY, WILL PERSIST X X X

"THIS BREAKDOWN, HOWEVER TEMPORARY, IS THE WARNING OF A MUCH LARGER DANGER. THE FOUNDATIONS THEMSELVES OF THE ENTIRE INDUSTRIAL STRUCTURE ARE IN PERIL. THE DANGER IS OF A STEADY DECLINE IN THE NATION'S WEALTH AND WELL BEING. NOTHING CAN AVERT THIS EXCEPT THE RESTORATION, BY CONSCIOUS CONTRIVANCE AND THE STERNEST SELF DENIAL, OF THE POWER TO PRODUCE OR PURCHASE ABROAD THE ESSENTIAL SUPPLIES AND EQUIPMENT OF INDUSTRY. THE LACK OF OUTPUT IS THE WRITING ON THE WALL."

THE DAILY HERALD, ORGAN OF THE LABOR PARTY, WARNED EDITORIALLY THAT MORE DRASTIC MEASURES WILL BE TAKEN TO BEAT THE COAL SHORTAGE CRISIS IF NECESSARY AND DECLARED "THE BRITISH PEOPLE ARE READY AND WILLING."

"WE ARE STRUGGLING AND MANY OF US WEAR GRIM FACES," WROTE EDITOR PERCY CUDLIPP IN A SIGNED EDITORIAL. "BUT I WANT TO WARN MY FELLOW JOURNALISTS ALL OVER THE WORLD AGAINST MISTAKING THE MOOD OF BRITAIN AT THIS HOUR. THE MOOD IS ONE OF COURAGE AND DETERMINATION. SO FAR FROM BEING DISHEARTENED, WE ARE AROUSED, EMBATTLED AND RESOLUTE AS IN THE DAYS WHEN BRITAIN STOOD ALONE AGAINST THE MIGHT OF THE FASCIST POWERS."

SIR STAFFORD CRIPPS, PRESIDENT OF THE BOARD OF TRADE, SAID THE DEVELOPMENT COUNCILS WOULD IMPROVE PRODUCTION BY CENTRALIZED RESEARCH IN PROBLEMS RANGING FROM NEW METHODS TO WORKING CONDITIONS. THE COUNCILS WOULD INCLUDE EMPLOYERS, EMPLOYES AND INDEPENDENT MEMBERS.

THE BILL WAS GIVEN ITS SECOND READING AND SENT TO COMMITTEE FOR AMENDMENTS DESPITE CONSERVATIVE OPPOSITION TERMING IT A MEASURE OF INCREASING GOVERNMENT CONTROL OVER INDUSTRY.

LONDON, FEB. 13-(AP)-THE BANKS HAVE RUN OUT OF SMALL COINS, THE CUSTOMERS HAVE MADE A CLEAN SWEEP OF FLASHLIGHT BATTERIES, AND THE BRITISH HOUSEWIVES' LEAGUE IS AFTER THE SCALPS OF TWO CABINET MINISTERS--ALL BECAUSE OF THE FUEL FAMINE IN BRITAIN.

MOREOVER, THE ARCHBISHOP OF CANTERBURY IS MIGHTILY ANNOYED BECAUSE A NUMBER OF PEOPLE ASKED HIM TO SET ASIDE A "FUEL AND POWER SUNDAY" FOR SPECIAL PRAYERS.

"IT MAKES ME FURIOUS SOMETIMES WHEN PEOPLE ASSUME THAT NOBODY CAN PRAY FOR ANYBODY UNLESS THEY ARE TOLD TO DO SO BY AN ARCHBISHOP," HE SAID.

IN ADDITION TO HIS OTHER WORRIES, PRIME MINISTER ATTLEE RECEIVED FROM THE BRITISH HOUSEWIVES' LEAGUE OF LIVERPOOL THE FOLLOWING TELEGRAM:

"WE DEMAND DISMISSAL OF STRACHEY AND SHINWELL (MINISTERS OF FOOD AND FUEL). THEIR IMPERTINENT COMPLACENCY IN FACE OF NATIONAL DISTRESS BRAND THEM AS UNFIT FOR OFFICE."

THE HOUSEWIVES' LEAGUE, COMPOSED PRINCIPALLY OF WIVES OF CONSERVATIVES, RECENTLY CLAIMED THE PREVIOUS FOOD MINISTER OF THE LABOR GOVERNMENT, SIR BEN SMITH, AS A VICTIM.

THE GOVERNMENT ORDER SHUTTING OFF POWER AND ELECTRIC LIGHTS HAD SCARCELY BEEN UTTERED, SHOPKEEPERS REPORTED, BEFORE THE RUN ON STORES SELLING FLASHLIGHT BATTERIES BEGAN. WITHIN A FEW HOURS STOCKS WERE EXHAUSTED.

LONDON PARKS ARE DARK AND THE LACK OF STREET LIGHTING IS A TRAFFIC HAZARD IN SOME PLACES, BUT THEATERS AND MOVIE HOUSES SAY THE BLACKOUT HAS NOT CUT THEIR PATRONAGE.

FIRMS SEEKING MONEY FOR CASH PAYROLLS FOUND THE BANKS SHORT OF SMALL COINS BECAUSE THE POWER SHUTDOWN HAS STOPPED OPERATIONS AT THE ROYAL MINT.

CONSTERNATION BOILING IN TORY BREASTS WAS TYPIFIED BY ONE DEMAND THAT FUEL MINISTER SHINWELL EAT HIS WORDS AND SAVE HIS SHARE OF THE NATION'S LIMITED FOOD RATION.

"DID NOT SHINWELL TELL US ELECTRICITY CUTS WERE UNTHINKABLE?" DEMANDED VISCOUNT HICHINGBROKE AT THE ANNUAL GENERAL MEETING OF THE SOUTH DORSET CONSERVATIVE ASSOCIATION. "WELL, IF HE WOULD EAT HIS WORDS, HE WOULD BE ABLE TO GIVE ALL HIS COUPONS AWAY FOR NEXT YEAR."

NIGHT LEAD DEPUTIES

BY ALVIN J.STEINKOPF

LONDON, FEB 13-(AP)-THE FOUR-POWER DEPUTY FOREIGN MINISTERS APPEARED RESIGNED TONIGHT TO THE VIRTUAL CERTAINTY THAT THEY WILL FAIL TO WRITE A COMPLETE TREATY FOR AUSTRIA FOR SUBMISSION TO THEIR CHIEFTAINS IN MOSCOW NEXT MONTH.

CONFRONTED BY A MASS OF UNFINISHED BUSINESS, THE DEPUTIES WERE PREPARING THE FRAMEWORK OF A DRAFT WHICH WILL INCLUDE SOME ACCEPTED CLAUSES, MORE ON WHICH THERE HAS BEEN NO AGREEMENT, AND MANY BLANK SPACES.

WHAT AMERICANS REGARD AS THE MOST DIFFICULT PART OF THE TREATY, THE ECONOMIC SECTION, HAS NOT EVEN COME UP FOR CONSIDERATION. DEBATE ON THE ENTIRE MILITARY SECTION WAS DEFERRED TODAY UNTIL NEXT WEEK, THE LAST OF THE CONFERENCE.

"A DRAFT, IN SOME FORM, WITH MANY PHRASES BRACKETED INDICATING DISAGREEMENT AMONG THE DEPUTIES, WILL GO TO MOSCOW," AN AMERICAN INFORMANT SAID. "THE INDICATIONS ARE THE FOREIGN MINISTERS THERE WILL INHERIT MANY PROBLEMS."

IN THE AUSTRIAN SECTION TODAY THE AMERICANS INSISTED THAT THE AUSTRIAN TREATY GUARANTEE HUMAN RIGHTS, AND THAT A SOVEREIGN AUSTRIAN STATE BE GIVEN ENOUGH FREEDOM TO MAKE SOME DECISIONS FOR ITSELF.

THE AMERICANS OPPOSED A RUSSIAN PROPOSAL THAT ALL REGULATIONS IMPOSED BY THE ALLIED CONTROL COUNCIL IN VIENNA REMAIN IN FORCE INDEFINITELY. GEN.MARK CLARK, THE U.S. DEPUTY, INSISTED THAT A LAW GOOD TODAY MAY NOT BE GOOD OR NECESSARY IN 20 YEARS. THERE WAS NO AGREEMENT.

RUSSIAN AND AMERICAN DEPUTIES TOOK OPPOSING VIES ON A NATURALIZATION CLAUSE. RUSSIA, SUPPORTED BY FRANCE, WISHED TO PROHIBIT NATURALIZATION OF ANY GERMANS AS AUSTRIAN CITIZENS, AND PROPOSED DENATURLIZING AND EXPELLING GERMANS WHO CAME TO AUSTRIA AFTER 1933. THE AMERICANS SOUGHT TO LIMIT DENIAL OF CITIZENSHIP TO GERMAN NAZIS.

THE RUSSIANS SOUGHT TO WRITE INTO THE TREATY A CLAUSE PROHIBITING "PAN-GERMAN PROPAGANDA IN ANY FORM" AND "PROPAGANDA HOSTILE TO THE UNITED NATIONS." CLARK OBJECTED TO THE LATTER PHRASE, SAYING IT WA

THE UNITED NATIONS." CLARK OBJECTED TO THE LATTER PHRASE, SAYING IT WAS Q EUSTION OF FREEDOM OF SPEECH. HE WAS SUPPORTED BY BRITAIN.

WHEN THE SAME SUBJECT CAME UP FOR DISCUSSION TUESDAY CLARK SAID THE SOVIET OCCUPATION AUTHORITIES IN AUSTRIA FREQUENTLY WANTED TO REPRIMAND NEWSPAPER EDITORS FOR USE OF THE WORD "GERMAN" ON THE GROUNDS THAT IT IT VIOLATED A CONTROL COUNCIL BAN ON "PAN-GERMAN PROPAGANDA."

PARIS, FEB. 13-(AP)-U.S.ARMY HEADQUARTERS TODAY ANNOUNCED THE ARREST OF FOUR AMERICAN CIVILIANS AND TWO FRENCHMEN FOR INVESTIGATION IN A COUNTERFEITING OPERATION THAT CAUSED A ONE-DAY CLOSING OF ALL U.S.ARMY FINANCE OFFICES AND COMMISSARIES IN PARIS.

INVESTIGATORS OF THE ARMY'S WESTERN BASE SECTION NAMED THE AMERICANS AS ALFRED A.MCLENNON AND FRED PORTNOW, BOTH OF YONKERS, N.Y.; LOUIS G.ROUNIKER OF MILWAUKEE, WIS.: AND JOHN W.CHANDLER, A RESIDENT OF PARIS FOR THE LAST 30 YEARS.

MCLENNON, ROUNIKER AND CHANDLER ARE WAR DEPARTMENT CIVILIANS EMPLOYED BY THE AMERICAN GRAVES REGISTRATION COMMAND. PORTNOW IS A FORMER EMPLOYE OF THE WESTERN BASE SECTION, ADJUTANT GENERAL'S OFFICE.

THE ARMY WAS HOLDING THE AMERICANS. FRENCH POLICE, THE ARMY SAID, WERE HOLDING OSHER DORNBUSCH AND MAURICE KLECEL, BOTH OF POLISH ORIGIN.

ARMY INVESTIGATORS SAID THE AMERICANS OBTAINED COUNTERFEIT $10 MILITARY SCRIP BILLS FROM THE TWO FRENCHMEN AND THEN TRIED TO CONVERT THEM INTO MONEY ORDERSOR TRAVELERS' CHECKS.

SPECIAL INVESTIGATORS OF THE PROVOT MARSHAL'S OFFICE UNDER MAJOR LEON G.TURROU AND FRENCH OPERATIVES STILL WERE TRYING TO FIND THE SOURCE OF THE COUNTERFEIT BILLS.

WHEN THE BILLS TURNED UP HERE SEVERAL DAYS AGO THE ARMY IMMEDIATELY CLOSED ITS COMMISSARIES AND FINANCE OFFICES UNTIL ALL MONEY IN THEM HAD BEEN EXAMINED. THEY REOPENED A DAY LATER AFTER EMPLOYES HAD BEEN INSTRUCTED HOW TO DETECT COUNTERFEIT SCRIP.

ARMY INVESTIGATORS CHARGED THAT MCLENNON RECEIVED $3,000 IN BOGUS MILITARY SCRIP FROM KLECEL AND THEN SPLIT IT WITH CHANDLER AND ROUNIKER. WITH THE COUNTERFEIT SCRIP, INVESTIGATORS SAID, ROUNIKER AND MCLENNON IN ONE DAY EACH BOUGHT $600 WORTH OF U.S.POSTAL MONEY ORDERS, THE STUBS OF WHICH THE PROVOST MARSHAL'S OFFICE NOW HOLDS.

MOSCOW, FEB.13-(AP)-ENGINEER M. N. SHESTAKOV CONCLUDED HIS RECENT VISIT TO THE UNITED STATES "DEEPLY CONVINCED THAT AMERICANS WANT TO LIVE IN FRIENDSHIP WITH THE SOVIET PEOPLE," HE WROTE IN THE MAGAZINE OGONYEK, PUBLISHED TODAY.

SHESTAKOV WAS ONE OF EIGHT RUSSIAN ENGINEERS, OFFICIALS OF THE MOSCOW SOVIET, WHO STUDIED MUNICIPAL LIFE IN LARGE AMERICAN CITIES SUCH AS NEW YORK, CHICAGO, WASHINGTON, DETROIT, LOS ANGELES AND SAN FRANCISCO.

THESE WERE SOME OF HIS IMPRESSIONS:

"THE GENERALLY RECOGNIZED CONCEPTION THAT AMERICA IS A COUNTRY OF SKYSCRAPERS IS A BIG MISTAKE. GENERALLY SPEAKING, AMERICAN TOWNS IN THE MAJORITY ARE PLACES OF TWO-STORY HOUSES.

"A SECOND PECULIARITY IS THE ABUNDANCE OF TREES AND BUSHES, EVEN IN SUCH LARGE CITIES AS NEW YORK. PARKS RECEIVE GREAT ATTENTION. PARKS ARE NOT FENCED IN AND PEOPLE ARE ALLOWED TO WALK ON THE GRASS, LIE ON THE EARTH AND PUT BENCHES WHERE THEY WANT. IT WAS TRADITIONAL IN AMERICA.

"THE BUS IS THE MAIN TRANSPORT. THE SUBWAYS HAVE TO GIVE WAY TO OURS. THEY ARE FILTHY -- FULL OF PAPER CIGARETTE BUTTS AND BAD VENTILATION.

"AMERICA IS EXPERIENCING A BOOM. IN NEW YORK IT IS DIFFIVULT TO BUY A REFRIGERATOR OR A WASHING MACHINE AND ALMOST IMPOSSIBLE TO BUY A CAR. SUCH IS THE EXTERNAL SIDE OF THE BOOM. HOWEVER, THERE IS UNCERTAINTY IN TOMORROW AND A LACK OF BELIEF IN THE STABILITY OF PRICES AND THE DOLLAR.

"ONE CANNOT FAIL TO SAY A FEW WORDS ABOUT THE AMERICAN PRESS. ONLY BY BEING IN AMERICA CAN YOU UNDERSTAND THE EXPRESS 'BANDITS OF THE PEN.' THE LIES SPREAD BY THE REACTIONARY AMERICAN PRESS ABOUT THE SOVIET UNION MADE US DEEPLY INDIGNANT. HOWEVER, THE AMERICANS ESCORTING US SAID THEY DID NOT REFLECT THE REAL OPINION OF THE AMERICAN PEOPLE."

PEIPING,FEB.13-(AP)-GOVERNMENT OFFICIALS SAID TODAY THE WITHDRAWAL OF AMERICAN FORCES FROM PEIPING AND DISSOLUTION OF TRUCE HEADQUARTERS WOULD NOT AFFECT THE SECURITY OF THIS CITY.

CHANG CHIH-HANG, SECRETARY GENERAL OF THE 11TH WAR ZONE, SAID THE GOVERNMENT WAS FULLY ABLE TO COPE WITH ANY POSSIBLE COMMUNIST ATTACK, SUCH AS THAT STAGED ON NEARBY TUNGHSIEN THIS WEEK.

WANG HUNG-SHAO, CHIEF OF STAFF OF CHIANG KAI-SHEK'S PEIPING HEADQUARTERS, SAID THE RED ASSAULT ON TUNGHSIEN DID NOT CONSTITUTE A THREAT TO PEIPING. HE ADMITTED GUERRILLAS MIGHT PENETRATE THE SUBURBS BUT SAID THEY WOULD BE ANNIHILATED.

LI TSUNG-JEN, DIRECTOR OF CHIANG'S HEADQUARTERS, WAS EXPECTED TO ISSUE A STATEMENT SOON ALLAYING FEARS OF STUDENTS THAT LIBERAL UNDERGRADUATES MIGHT BE ARRESTED WHEN TRUCE HEADQUARTERS IS DISSOLVED.

TOKYO, FEB.13-(AP)-PVT.DOUGLAS MACARTHUR KOGER OF ITTA BENA, MISS., TODAY MET THE MAN FOR WHOM HE WAS NAMED 17 YEARS AGO--GENERAL OF THE ARMY DOGLAS MACARTHUR.

WHEN THE BOY WAS BORN, MACARTHUR SENT HIM AN AUTOGRAPHED PHOTOGRAPH. HE GAVE HIM A NEW PICTURE TODAY, WHEN THE YOUTH APPEARED AT HIS HEADQUARTERS IN RESPONSE TO AN INVITATION FROM THE GENERAL.

THE YOUTH'S FATHER, A FORMER MAJOR, SERVED UNDER MACARTHUR IN WORLD WAR ONE. HE NAMED PRIVATE KOGER AFTER MACARTHUR BECAUSE THE GENERAL "RANKS WITH OUR OWN ROBERT E.LEE."

PREMIER SHIGERU YOSHIDA'S OPENING SPPEECH WAS EXPECTED TO INCLUDE A NEW CALL UPON THE PEOPLE TO COOPERATE IN REHABILITAING THE NATION. YOSHIDA'S LIBERAL PARTY RETAINS A COMFORTABLE MAJORITY IN THE DIET--SUFFICIENT PROBABLY TO DEFEAT ANY NON-CONFIDENCE MOTION, WHICH SOME SOURCES SAID THE SOCIAL DEMOCRATS MIGHT INTRODUCE.

SOME JAPANESE GOVERNMENT SOURCES SAID THE NEW ELECTION WOULD BE HELD IN THE LATTER PART OF APRIL. NEW OFFICE-HOLDERS COULD THEN ASSUME THEIR POSTS BY MAY 3, THE DATE ON WHICH JAPAN'S NEW CONSTITUTION BECOMES EFFECTIVE.

POLITICS

WASHINGTON, FEB.14-(AP)-PRESIDENT TRUMAN, BY THE SIMPLE ACT OF NOT TAKING HIMSELF OUT OF THE RACE, APPEARED TODAY TO HAVE CLOSED THE DOOR AGAINST A BUILD-UP FOR ANY POSSIBLE RIVAL FOR THE 1948 DEMOCRATIC PRESIDENTIAL NOMINATION.

POLITICAL WASHINGTON MARKED OFF AS MORE OR LESS EXPECTED THE PRESIDENT'S INDIRECT REFUSAL YESTERDAY TO COMMIT HIMSELF ON DEMOCRATIC CHAIRMAN ROBERT E. HANNEGAN'S ACTION IN PLACING MR. TRUMAN'S HAT IN THE 1948 RING.

SAYING HE HAD EXPECTED SOME SUCH QUERY, MR. TRUMAN READ TO HIS NEWS CONFERENCE A STATEMENT IN WHICH HE SAID THAT "IN VIEW OF CERTAIN COMMENT REGARDING THE PRESIDENCY, I WISH TO SAY THAT THERE HAS BEEN NO CHANGE IN MY ATTITUDE SINCE THE STATEMENT I READ TO YOU ON NOV. 11, 1946."

IN THAT STATEMENT, MR. TRUMAN HAD SAID:

"AS PR

add 1947

IN THAT STATEMENT, MR. TRUMAN HAD SAID:

"AS PRESIDENT OF THE UNITED STATES, I AM GUIDED BY A SIMPLE FORMULA: TO DO IN ALL CASES FROM DAY TO DAY, WITHOUT REGARD TO NARROW POLITICAL CONSIDERATIONS, WHAT SEEMS TO ME TO BE BEST FOR THE WELFARE OF ALL OUR PEOPLE."

MR. TRUMAN NOTED HE HAD PLEDGED AT THAT TIME TO "COOPERATE IN EVERY PROPER MANNER WITH THE CONGRESS."

"THE PRESIDENCY IS BEING CONDUCTED NOW JUST AS IT WAS THEN," HE READ. "IT WILL CONTINUE TO BE SO CONDUCTED. THAT IS TO SAY, I INTEND TO CONTINUE TO ACT IN THIS OFFICE AS THE AGENT OF THE AMERICAN PEOPLE WITHOUT REGARD TO MY PERSONAL POLITICAL FORTUNES."

POLITICIANS GENERALLY REACTED TO THIS WITH THE OBSERVATION THAT WHILE MR. TRUMAN WAS PROCEEDING WITHOUT REGARD TO HIS OWN POLITICAL FORTUNES, HE WASN'T LEAVING MUCH ROOM OPEN FOR ANY DEMOCRAT TO GET A FOOT IN THE WHITE HOUSE DOOR.

HANNEGAN'S ASSERTION IN NEW YORK LAST WEEK THAT THE PARTY WILL CALL ON MR. TRUMAN TO RUN FOR ANOTHER TERM ALREADY HAD ERECTED AN EARLY BARRIER TO OTHER POSSIBLE ASPIRANTS. HENCE MR. TRUMAN'S CONTINUED SILENCE ON HIS AVAILABILITY WOULD MAKE THAT BARRIER REALLY FORMIDABLE.

REPUBLICANS, TOO, HAD THEIR ALMOST-BUT-NOT-QUITE CANDIDATE IN SENATOR ROBERT A. TAFT OF OHIO.

TAFT TOLD A NEWS CONFERENCE AT COLUMBUS YESTERDAY HE IS NOT DENYING THAT HE MAY BE A CANDIDATE FOR THE 1948 GOP PRESIDENTIAL NOMINATION.

"BUT, AGAIN, I MIGHT NOT BE," HE ADDED. TAFT SAID IT IS TOO SOON TO DISCUSS THAT KIND OF POLITICS WITH THE PARTY'S CONVENTION 16 MONTHS AWAY.

NO AGREEMENT HAS BEEN REACHED WITH SENATOR JOHN R. BRICKER TO WITHDRAW AND LEAVE THE OHIO FAVORITE SON FIELD CLEAR, TAFT SAID, ADDING THAT HE HADN'T "ENCOURAGED SUCH TALK."

AS A KEY TO THE DELAY IN WHAT MANY POLITICIANS STILL BELIEVE WILL BE A LATER CLARIFICATION OF THIS SITUATION, TAFT OBSERVED THAT THE MORE PRESIDENTIAL TALK INTRUDES INTO DISCUSSIONS NOW "THE MORE CONFUSION IT INTRODUCES INTO THE LEGISLATIVE PROGRAM UPON WHICH THE SUCCESS OF ANY REPUBLICAN CANDIDATE SO DEPENDS."

WASHINGTON, FEB 13-(AP)-ARTHUR BLISS LANE, U.S. AMBASSADOR TO POLAND, WILL LEAVE WARSAW FEB. 24TH TO RETURN HOME FOR CONSULTATION AND TO REPORT TO SECRETARY OF STATE MERSHALL.

WHILE HERE, LANE WILL TAKE LEAVE, THE OFFICIAL SAID. WHETHER LANE GOES BACK TO THE POLISH CAPITAL, THE OFFICIAL SAID, WILL DEPEND UPON LANE'S PERSONAL WISHES.

THE OFFICIAL EMPHASIZED THAT LIVING CONDITIONS IN WARSAW ARE DIFFICULT AND THAT THE DIPLOMATIC ASSIGNMENT THERE "IS THE MOST RUGGED POST IN THE FOREIGN SERVICE."

LANE IS EXPECTED TO LEAVE EITHER FRANCE OR ENGLAND FOR THE UNITED STATES ABOUT FEB. 26.

REPUBLICANS

BY JACK BELL

WASHINGTON, FEB. 13-(AP)-HAROLD E.STASSEN'S DECLARATION THAT THE REPUBLICAN PARTY MUST MAKE A "MAJOR ADJUSTMENT" IN TARIFF POLICIES TO AVOID A "SLIDE BACKWARD INTO ECONOMIC ISOLATION," TODAY POINTED UP POLICY DIFFERENCES AMONG POSSIBLE GOP PRESIDENTIAL CANDIDATES.

APPEARING IN NEW YORK CITY, STASSEN HAD TOP BILLING LAST NIGHT ON A LINCOLN DAY CIRCUIT THAT TOOK REPUBLICAN ORATORS INTO EVERY SECTION OF THE NATION WITH GENERAL PLEDGES TO CUT GOVERNMENT COSTS, LOWER TAXES AND ENACT LABOR LEGISLATION.

DEMOCRATS WILL RETURN THE FIRE AT A SERIES OF JEFFERSON DAY DINNERS NEXT MONTH.

SENATOR TAFT OF OHIO, WHO DISAGREED IN A CHARLESTON, W.VA., SPEECH WITH STASSEN'S DECLARATION THAT THE REPUBLICAN OUGHT NOT TO "OBSTRUCT" THE ADMINISTRATION'S RECIPROCAL TRADE AGREEMENTS PROGRAM, MAY STEP INTO THE REPUBLICAN SPOTLIGHT TODAY.

TAFT WAS INVITED TO A LUNCHEON AT COLUMBUS BY HIS COLLEAGUE, SENATOR BRICKER, AND OHIO POLITICIANS WERE PREDICTING THE RESULT WOULD BE A JOINT STATEMENT LEAVING THE WAY OPEN FOR TAFT TO BECOME THE STATE'S FAVORITE SON CANDIDATE FOR THE 1948 PRESIDENTIAL NOMINATION.

BRICKER, HOWEVER, TOLD REPORTERS AT TOLEDO LAST NIGHT THAT "I HAVE MADE NO COMMITMENT AND I WON'T TODAY, TOMORROW OR THIS WEEK," ON WHETHER HE WILL BE A CANDIDATE FOR THE NOMINATION.

"I HAVE NOT DECLARED MYSELF EITHER WAY, SINCE THERE HAS BEEN NO CAUSE TO DO SO," HE SAID.

IN AN ADDRESS BRICKER PRAISED TAFT AS "MY COLLEAGUE, WHO, BY HIS INTELLIGENCE AND ENERGY, HAS RISEN TO A POSITION OF LEADERSHIP THAT EXALTS THE STATE."

TAFT, CHAIRMAN OF THE SENATE REPUBLICAN POLICY COMMITTEE, TWICE TOLD CHARLESTON REPORTERS YESTERDAY THAT HE WAS NOT A CANDIDATE. WHEN THE MATTER CAME UP A THIRD TIME, WILLIAM MCADAMS, TAFT'S PRESS AIDE, INTERPOSED TO SAY THAT THE OHIOAN "MEANS HE IS NOT AN 'ACTIVE' CANDIDATE."

STASSEN, AN AVOWED CANDIDATE, ENDORSED IN HIS NEW YORK ADDRESS A

30.24-7895

COMPROMISE PROPOSAL BY SENATORS VANDENBERG (R-MICH), AND MILLIKIN (R-COLO), DESIGNED TO KEEP THE ADMINISTRATION'S RECIPROCAL TRADE PROGRAM OPERATING ANOTHER YEAR.

. THE FORMER MINNESOTA GOVERNOR THUS SIDED WITH VANDENBERG, WIDELY REGARDED AS A POTENTIAL PRESIDENTIAL CANDIDATE, AGAINST TAFT. THE LATTER HAS TERMED AS "UNSATISFACTORY" THE VANDENBERG-MILLIKIN PROPOSAL TO GIVE THE PRESIDENT AUTHORITY TO OVERRULE TARIFF CHANGES THAT THREATENED AMERICAN INDUSTRY.

THE PRESIDENT CURRENTLY HAS AUTHORITY, THROUGH THE STATE DEPARTMENT, TO LOWER OR RAISE TARIFFS 50 PER CENT WITHOUT CONSULTING CONGRESS IF OTHER NATIONS AGREE TO RECIPROCAL CHANGES IN THEIR RATES.

STASSEN, DECLARING THAT THE REPUBLICANS MUST MAKE "A MAJOR ADJUSTMENT OF POLICY" TO MEET THIS ISSUE IN 1948, ADDED:

"THE ALTERNATIVE IS EITHER TO GO FORWARD NOW WITH THE RECIPROCAL TRADE AGREEMENTS OR TO SLIDE BACKWARD INTO ECONOMIC ISOLATION."

AT CHARLESTON, TAFT TOLD A LINCOLN DAY AUDIENCE THAT WHILE HE IS OPPOSED TO A RETURN TO CONGRESSIONAL TARIFF-MAKING WITH ITS "INEVITABLE LOGROLLING," THE PRESENT RECIPROCAL PROGRAM "PERMITS THE PRESIDENT TO ESTABLISH ALMOST COMPLETE FREE TRADE."

"WE CANNOT AFFORD TO GIVE OUR COMPETITORS THE FINEST MACHINERY, MADE ON CREDIT, TO BE USED BY WORKMEN RECEIVING LESS THAN HALF THE WAGES PAID IN THIS COUNTRY AND THEN PERMIT THE RESULTING PRODUCT TO BE SOLD AT PRICES TO PUT OUR WORKMEN OUT OF THEIR JOBS," HE DECLARED.

1947
A39WX

TAFT SAID HE FAVORS RATE-MAKING BY THE TARIFF COMMISSION UNDER STANDARDS FIXED BY CONGRESS, SUPPLEMENTED BY RECIPROCAL TRADE AGREEMENTS WHICH DO NOT VIOLATE THOSE STANDARDS. BUT HE HAS CONCEDED THE PRESENT PROGRAM CANNOT BE CHANGED UNTIL 1948, WHEN THE AUTHORITY EXPIRES.

IN A SPEECH AT COLORADO SPRINGS, SENATOR MALONE (R-NEV), SIDED WITH TAFT ON THE TARIFF QUESTION. HE SUGGESTED, HOWEVER, A RETURN TO THE 1930 FLEXIBLE SYSTEM UNDER WHICH THE TARIFF COMMISSION COULD RAISE OR LOWER RATES TO MEET PRODUCTION COSTS IN THIS COUNTRY.

IN A BALTIMORE ADDRESS SENATOR BREWSTER (R-ME), ADVOCATED DUTY-FREE IMPORT OF FOREIGN PRODUCTS WHICH DO NOT COMPETE WITH DOMESTIC GOODS.

HE SAID SALE OF THESE IMPORTS WOULD ENABLE FOREIGN NATIONS TO PAY FOR TWO-THIRDS OF WHAT THEY BUY IN THE UNITED STATES. THE REMAINDER, HE ADDED, MIGHT BE REALIZED FROM SPENDING ABROAD BY AMERICAN TOURISTS.

BRICKER, IN HIS TOLEDO ADDRESS, PREDICTED THE REPUBLICAN CONGRESS WILL FULFILL ITS PLEDGE TO REDUCE THE TAX BURDEN.

TAFT, CALLING FOR A REDUCTION IN TAXES EQUAL TO 20 PER CENT OF THE PRESENT INCOME TAX YIELD, LAID DOWN A GENERAL PROGRAM FOR REPUBLICANS IN CONGRESS.

"WE WANT NO DETAILED CONTROL OF PRICES, WAGES OR DISTRIBUTION," HE SAID. "WE ARE DETERMINED TO PREVENT ANY MONOPOLY CONTROL BY INDUSTRY WHICH DESTROYS THE LIBERTY OF ECONOMIC LAW AND MAY DESTROY THE LIBERTY OF THE PEOPLE THEMSELVES.

"WE WANT NO ARBITRARY CONTROL BY LABOR LEADERS RESTRICTING THE INDIVIDUAL TO WORK OR UPSETTING THE PROPER RELATIONS BETWEEN THE INCOME OF INDUSTRIAL EMPLOYES, OF FARMERS AND OF WHITE COLLAR WORKERS."

GOV. THOMAS E.DEWEY, OF NEW YORK, WHO ALSO IS CONSIDERED A CONTENDER FOR HIS PARTY'S PRESIDENTIAL NOMINATION, ADDRESSED THE ALBANY COUNTY REPUBLICAN COMMITTEE'S LINCOLN DAY DINNER.

"OUR OBLIGATION," HE SAID, "IS TO MAKE SURE THAT WE SAVE FIRST THE LIBERTIES OF THE PEOPLE AND MAINTAIN THE STRENGTH OF THE GOVERNMENT, SO THAT THE GOVERNMENT CAN PRESERVE THOSE LIBERTIES."

AT ST.PAUL, GOP CHAIRMAN CARROLL REECE SAID THE REPUBLICANS ARE GOING TO RIGHT THINGS AFTER "THE GREATEST ECONOMIC SPREE OF ALL HISTORY FOR THE PAST 15 YEARS."

SENATOR SALTONSTALL OF MASSACHUSETTS TOLD A LOS ANGELES AUDIENCE THAT HE WOULD SUPPORT UNIVERSAL MILITARY TRAINING "IF IT IS NECESSARY AND ADVISABLE FOR FUTURE SECURITY."

AT LOUISVILLE, KY., SALTONSTALL'S MASSACHUSETTS COLLEAGUE, SENATOR LODGE, CALLED FOR A "COMPLETE OVERHAULING OF THE GOVERNMENT IN JANUARY, 1949."

AT HUNTINGTON, W.VA., SENATOR MARTIN (PA), WHO IS TALKED AS A POSSIBLE CANDIDATE FOR FIRST OR SECOND PLACE ON THE 1948 GOP NATIONAL TICKET, CRITICIZED WHAT HE CALLED PRESIDENT TRUMAN'S "HOG FAT" BUDGET AND PROMISED THE REPUBLICANS WOULD CUT IT.

AT BOSTON, SENATOR WHERRY OF NEBRASKA, THE GOP WHIP, ATTACKED WHAT HE DESCRIBED AS THE "WALLACE THEORY" THAT WAGE INCREASES SHOULD BE MADE WITHOUT CORRESPONDING RISES IN PRICES.

IN PITTSBURGH SENATOR HOMER FERGUSON (R-MICH), DECLARED "THE REPUBLICAN PARTY IS GOING TO DO SOMETHING ABOUT LABOR RELATIONS BECAUSE THE WORKING PEOPLE OF AMERICA WANT SOMETHING DONE." HE SAID JURISDICTIONAL STRIKES AND SECONDARY BOYCOTTS SHOULD BE BARRED AND A "LABOR RELATIONS COURT" ESTABLISHED.

WASHINGTON, FEB. 13-(AP)-THE UNITED STATES AND CANADA WERE DISCLOSED TODAY TO HAVE AGREED ON A FULL EXCHANGE OF MILITARY INTELLIGENCE--INFORMATION ON WHAT OTHER NATIONS ARE UP TO.

THE PROVISION IS ONE OF A SERIES OF POINT-BY-POINT AGREEMENTS UNDERLYING A GENERAL ACCORD TO EXTEND INDEFINITELY THE WARTIME COLLABORATION OF AMERICAN AND CANADIAN ARMED FORCES, PERSONS FAMILIAR WITH THE YEAR-LONG NEGOTIATIONS SAID.

THEY ASSERTED PRIVATELY THAT MORE THAN A SCORE OF SPECIFIC UNDERSTANDINGS WERE REACHED BEFORE WASHINGTON AND OTTAWA JOINTLY ANNOUNCED THE OVERALL AGREEMENT LATE YESTERDAY.

THE FORMAL STATEMENT MADE NO REFERENCE TO THIS BACKGROUND. BUT THE DISCLOSURE OF A COMPACT FOR INTERCHANGE OF MILITARY INTELLIGENCE HASDEEP SIGNIFICANCE FOR AT LEAST TWO REASONS:

1. CANADA'S GEOGRAPHIC POSITION ALONG THE POLAR CAP AIR ROUTE OVER WHICH ANY ATTACK FROM EUROPE OR NORTHERN ASIA MIGHT COME.

2. CANADA HERSELF IS A RECENT VICTIM OF AN ATOM BOMB ESPIONAGE PLOT INVOLVING SOVIET RUSSIA.

WHILE REMAINING OFFICIALLY SILENT ON THESE POINTS, BOTH GOVERNMENTS STRESSED TWO OTHERS IN ANNOUNCING THE PLAN TO CONTINUE THEIR SIX-YEAR COLLABORATION FOR "THE DEFENSE OF THE NORTH HALF OF THE WESTERN HEMISPHERE."

THE AGREEMENT IS NOT FORMALIZED IN A TREATY; AND THE DECISION IS "A CONTRIBUTION TO THE STABILITY OF THE WORLD AND TO THE ESTABLISH-

MENT OF THE UNITED NATIONS OF AN EFFECTIVE SYSTEM OF WORLD SECURITY."

THERE WAS, NEVERTHELESS, SOME SPECULATION IN DIPLOMATIC CIRCLES OVER THE TIMING OF THE ANNOUNCEMENT--LESS THAN A MONTH BEFORE THE BIG FOUR FOREIGN MINISTERS MEETING IN MOSCOW. THOSE WHO SHOULD KNOW INSISTED, HOWEVER, THAT THE NEGOTIATIONS ACTUALLY STARTED AT LEAST A YEAR AGO AND THE TIMING OF YESTERDAY'S ANNOUNCEMENT AND THE APPROACHING MARCH 10 SESSION IN MOSCOW WAS A MERE COINCIDENCE.

PRIME MINISTER W.L.MACKENZIE KING EMPHASIZED THE SIGNIFICANCE OF THE PACT IN A REPORT TO THE CANADIAN PARLIAMENT AT OTTAWA YESTERDAY.

"IT IS APPARENT TO ANYONE WHO HAS REFLECTED EVEN CASUALLY ON THE TECHNOLOGICAL ADVANCES OF RECENT YEARS THAT NEW GEOGRAPHIC FACTORS HAVE BEEN BROUGHT INTO PLAY," KING DECLARED, ADDING:

"THE POLAR REGIONS ASSUME NEW IMPORTANCE AS THE SHORTEST ROUTES BETWEEN NORTH AMERICA AND THE PRINCIPAL CENTERS OF POPULATION OF THE WORLD. X X X WHEN WE THINK OF THE DEFENSE OF CANADA WE MUST, IN ADDITION TO LOOKING EAST AND WEST AS IN THE PAST, TAKE THE NORTH INTO CONSIDERATION AS WELL."

THE ANNOUNCED AGREEMENT EMBRACES A FIVE-POINT GENERAL PROGRAM DESIGNED TO PROVIDE:

1. INTERCHANGE OF INDIVIDUALS "SO AS TO INCREASE THE FAMILIARITY OF EACH COUNTRY'S DEFENSE ESTABLISHMENT WITH THAT OF THE OTHER COUNTRY."

2. GENERAL COOPERATION AND EXCHANGE OF OBSERVERS IN CONNECTION WITH "EXERCISES AND WITH THE DEVELOPMENT AND TESTS OF MATERIAL OF COMMON INTEREST." (BOTH THE UNITED STATES AND CANADA HAVE HAD OBSERVERS AT THE ARCTIC TESTS CONDUCTED BY THEIR RESPECTIVE ARMIES).

A36WX 1947

3. ENCOURAGEMENT OF STANDARDIZED ARMS, EQUIPMENT, ORGANIZATION, TRAINING METHODS AND NEW DEVELOPMENTS.

4. MUTUAL AND RECIPROCAL AVAILABILITY OF MILITARY, NAVAL AND AIR FACILITIES IN EACH COUNTRY.

5. AN UNDERLYING PRINCIPLE RECOGNIZING THAT NONE OF THE COOPERATIVE ARRANGEMENTS WILL IMPAIR THE CONTROL EACH NATION EXERTS OVER ITS OWN TERRITORY.

BOTH GOVERNMENTS MADE CLEAR THAT NO BASES ARE INVOLVED IN THE ARRANGEMENT, AND KING TOOK OCCASION BEFORE PARLIAMENT TO SCOTCH WHAT HE DESCRIBED AS A "PERSISTENT RUMOR" THAT THE UNITED STATES HAD ASKED FOR BASES "IN THE CANADIAN NORTH."

THE ANNOUNCEMENT WON GENERAL ENDORSEMENT ON CAPITOL HILL ALONG WITH SOME SUGGESTIONS THAT IT MAY SPUR SIMILAR MUTUAL DEFENSE COOPERATIONS WITH LATIN AMERICAN NATIONS TO THE SOUTH.

REP. BLOOM (NY), RANKING DEMOCRATIC MEMBER OF THE HOUSE FOREIGN AFFAIRS COMMITTEE, TOLD NEWSMEN THAT "EVERYTHING POSSIBLE SHOULD BE DONE TO BRING ABOUT CLOSER RELATIONS WITH THE NATIONS OF THIS HEMISPHERE."

REP. VINSON (D-GA), OF THE ARMED SERVICES COMMITTEE DECLARED THE AGREEMENT "AUGURS WELL FOR HEMISPHERIC DEFENSE AND SECURITY."

THE UNITED STATES DURING THE WAR MAINTAINED CLOSE COOPERATION WITH MANY OF THE SOUTH AND CENTRAL AMERICAN REPUBLICS AND LONG HAS EXCHANGED OFFICERS AND MILITARY STUDENTS WITH MANY OF THOSE COUNTRIES.

THE STATE DEPARTMENT LAST YEAR SPONSORED LEGISLATION TO PERMIT SALE OF SURPLUS MILITARY EQUIPMENT TO THEM--A MOVE AIMED AT ARMS STANDARDIZATION. THE BILL NEVER REACHED THE HOUSE FLOOR, HOWEVER--CHIEFLY BECAUSE OF PRIVATELY EXPRESSED ANTIPATHY TO THE PERON GOVERNMENT OF ARGENTINA.

LAKE SUCCESS, N.Y., FEB.13-(AP)-THE BIGGEST ISSUE EVER TO FACE THE UNITED NATIONS SECURITY COUNCIL CAME TO A FINAL VOTE LAST NIGHT WITH ONLY 23 PERSONS IN THE AUDIENCE.

THE SO-CALLED DISARMAMENT SHOW HAD PLAYED TO add A PACKARD CHAMBER FOR NEARLY SIX WEEKS, BUT THE CROWD ON THE FINAL DAY THINNED OUT EARLY IN THE SIX-HOUR AFTERNOON SESSION UNDER A TIRELESS BARRAGE OF PROCEDURAL SPEECHES.

THE SKIMPY AUDIENCE WAS SLOW TO GRASP THE SIGNIFICANCE OF THE VOTE WHEN IT CAME, AND IT WAS ONLY AFTER SOVIET DELEGATE ANDREI A. GROMYKO TOOK THE FLOOR TO EXPLAIN HIS ABSTENTION THAT WITNESSES ASSESSED THE HISTORIC SCENE.

IMMEDIATELY UPON ADJOURNMENT AMERICAN DELEGATE WARREN R. AUSTIN CLASPED GROMYKO'S HAND.

THE OTHER TIRED DELEGATES SWIFTLY LEFT THE COUNCIL TABLE TO STEP INTO THEIR PRIVATE AUTOMOBILES FOR THE TRIP BACK TO NEW YORK CITY.

AS HE LEFT THE SESSION, GROMYKO TOLD REPORTERS HE HAD NO COMMENT. AUSTIN DID NOT COMMENT EITHER, BUT AN AMERICAN SPOKESMAN SAID THE FORMER SENATOR FROM VERMONT WAS ELATED OVER THE OUTCOME.

SECRETARY-GENERAL TRYGVE LIE, WHO USUALLY OCCUPIES HIS SEAT AT THE COUNCIL TABLE ON MAJOR OCCASIONS, HAD LEFT THE MEETING EARLIER APPARENTLY IN THE BELIEF THAT THE WEARY DELEGATES WOULD NOT REACH A VOTE.

THE CAFETERIA, SOCIAL CENTER OF THE SPRAWLING HEADQUARTERS, HAD CLOSED FOR THE NIGHT. THE USUALLY BUSY CORRIDORS OF THE SPRAWLING UNITED NATIONS HEADQUARTERS WERE VIRTUALLY DESERTED WHEN THE DELEGATES STEPPED OUT OF THE CHAMBER AFTER THE BALLOT.

SUCH WAS THE SCENE AT LAKE SUCCESS ON LINCOLN'S BIRTHDAY AS THE SECURITY COUNCIL TOOK THE FIRST STEP IN SETTING UP MACHINERY FOR AN ARMS REDUCTION PROGRAM THAT THE WORLD HOPED AND PRAYED WOULD BE THE GREATEST ADVANCE IN HISTORY TOWARD THE BIGGEST GOAL OF THE U.N. -- THE TOTAL ABOLITION OF WAR.

LAKE SUCCESS, N.Y., FEB 14-(AP)-THE BITTER CONFLICT BETWEEN THE UNITED STATES AND SOVIET RUSSIA OVER ATOMIC CONTROL WAS BROUGHT INTO THE OPEN AGAIN TODAY BY A NEW SOVIET DEMAND THAT ATOMIC WEAPONS MUST BE OUTLAWED BEFORE ANY CONTROL SYSTEM IS SET UP.

SOVIET DELEGATE ANDREI A. GROMYKO DISCLOSED HIS POSITION AS THE UNITED NATIONS SECURITY COUNCIL PREPARED TO MEET AT 3 P.M. (EST) TO RESUME DEBATE ON A BLUEPRINT FOR ATOMIC CONTROL, BASED ~~ON AMERICAN PROPOSALS AND APPROVED BY THE U.N. ATOMIC ENERGY~~ COMMISSION LAST DEC. 30, WITH RUSSIA AND POLAND ABSTAINING.

SINCE THE SOVIET PROPOSAL ALREADY HAD BEEN REJECTED BY THE ATOMIC COMMISSION LAST SUMMER, THE MOVE TO RAISE THE ISSUE AGAIN WAS INTERPRETED AS AN INDICATION THAT GROMYKO WAS PREPARED TO MAKE A LAST-DITCH FIGHT AGAINST THE U.S. PLAN.

IN DISCLOSING HIS PLANS TO REPORTERS, GROMYKO DID NOT STATE WHETHER HE WOULD GO SO FAR AS TO INVOKE THE BIG POWER VETO TO KILL THE AMERICAN PROPOSALS, BUT HE DID SERVE DEFINITE NOTICE THAT HE STILL STOOD BY THE BASIC PROPOSITION HE FIRST PUT BEFORE THE ATOMIC COMMISSION LAST JUNE 19.

AT THE SAME TIME WARREN R. AUSTIN, U.S. DELEGATE, SAID THE

30.24-7897

UNITED STATES STOOD FIRMLY BEHIND ITS OWN PLAN, WHICH CALLS FOR A SYSTEM OF INTERNATIONAL CONTROLS OF INSPECTIONS AND VETO-FREE PUNISHMENT FOR VIOLATORS AS A CONDITION FOR OUTLAWING ATOMIC WEAPONS.

AUSTIN SAID IT WOULD BE USELESS FOR THE COUNCIL TO TRY TO APPROVE A PLAN WITHOUT UNANIMITY OF THE BIG POWERS. IT WAS APPARENT, HOWEVER, THAT AGREEMENT WOULD NOT BE ACHIEVED IMMEDIATELY AND NOT AT ALL UNLESS GROMYKO EVENTUALLY REVERSED HIS POSITION.

THE ATOMIC DEBATE WAS OPENED LATE YESTERDAY BY GEN. A.G. L. MCNAUGHTON, CANADIAN MEMBER OF THE ATOMIC COMMISSION, WHO HAD BEEN INVITED TO TAKE PART IN THE COUNCIL'S DISCUSSION. HE IMMEDIATELY BROUGHT THE ISSUE INTO THE OPEN BY CALLING ON RUSSIA AND POLAND FOR FRANK STATEMENTS ON ANY RESERVATIONS THEY MIGHT HAVE.

THESE TWO WERE SINGLED OUT SINCE THEY WERE THE ONLY TWO MEMBERS OF THE 12-NATION ATOMIC COMMISSION WHICH DID NOT VOTE FOR THE AMERICAN PLAN. THEY CHOSE INSTEAD TO ABSTAIN.

GROMYKO TOLD FERNAND VAN LANGENHOVE OF BELGIUM, COUNCIL CHAIRMAN, THAT HE WOULD BE READY TO STATE RUSSIA'S POSITION AT THE OPENING OF TODAY'S SESSION.

JERZY MICHALOWSKI, ACTING POLISH DELEGATE, TOLD REPORTERS THERE WERE ONLY THREE OR FOUR POINTS ON WHICH POLAND DISAGREED WITH THE MAJORITY. HE INDICATED THEY WERE IN THE SECTION OF THE REPORT PROVIDING FOR ELIMINATION OF THE VETO FROM ATOMIC PUNISHMENTS.

A14 1947

MEANWHILE, THE MACHINERY WAS SET IN MOTION TO PUT THE NEW U.N. ARMS REDUCTION COMMISSION INTO OPERATION AS A DISTINCTLY SEPARATE COMPANION BODY TO THE ATOMIC COMMISSION. FINAL APPROVAL OF THE RESOLUTION CREATING THE NEW "CONVENTIONAL ARMS" COMMISSION WAS GIVEN BY THE COUNCIL YESTERDAY.

THE NEXT MOVE WAS FOR SECRETARY-GENERAL TRYGVE LIE TO NOTIFY THE 11-MEMBER NATIONS FORMALLY AND ASK THEM TO DESIGNATE THEIR REPRESENTATIVES. LIE WILL CALL A MEETING OF THE COMMISSION AS SOON AS THE MEMBERSHIP IS COMPLETED.

IT WILL BE THE FUNCTION OF THIS BODY TO DRAFT PLANS FOR THE REDUCTION OF MILITARY FORCES AND ALL WEAPONS NOT ALREADY UNDER THE JURISDICTION OF THE ATOMIC COMMISSION.

THE DELEGATES IN GENERAL EXPRESSED SATISFACTION OVER THE CREATION OF THE NEW COMMISSION AND SEVERAL WERE OPTIMISTIC OVER THE OUTLOOK FOR THE FUTURE.

AUSTIN SAW AS A HOPEFUL SIGN THE FACT THAT GROMYKO ABSTAINED FROM VOTING INSTEAD OF RAISING THE POSSIBILITY OF THE VETO.

"I THINK THAT INDICATES A MEASURE OF AGREEMENT," HE SAID.

GROMYKO, COMMENTING ON THE ARMS RESOLUTION, WHICH INCLUDED AMERICAN-SPONSORED LIMITATIONS TO PREVENT THE NEW COMMISSION FROM ENCROACHING ON THE ATOMIC FIELD, SAID:

"WE CONSIDER THE IDEA IS GOOD AND HELPFUL. WHAT WE DO NOT LIKE IS THE FACT THAT THE CENTER OF GRAVITY IN THE RESOLUTION, IN A SENSE, IS IN THE QUESTION OF THE RELATIONSHIP BETWEEN THE TWO COMMISSIONS (ARMS AND ATOMIC ENERGY) AND IN THE SENSE THAT THE TWO COMMISSIONS OPPOSE EACH OTHER.

"IT WOULD OF COURSE BE HARMFUL IF THIS QUESTION OF RELATIONSHIP WOULD INTERFERE WITH THE WORK OF THE (ARMS) COMMISSION ON QUESTIONS OF UBSTANCE. WE SHALL TRY TO AVOID SUCH CONFLICT."

MICHALOWSKI SAID:

"THE QUESTION OF DISARMAMENT IS SO IMPORTANT THAT WE PREFERRED EVEN THE WORST RESOLUTION TO NO RESOLUTION AT ALL."

BY FRANCIS W. CARPENTER

NEW YORK, FEB 13-(AP)-NEW ARGUMENTS FOR SOVIET RUSSIA'S PLAN FOR INTERNATIONAL ATOMIC CONTROLS WERE ADVANCED TODAY IN A LETTER FROM ANDREI A. GROMYKO, SOVIET DEPUTY FOREIGN MINISTER, TO A 19-YEAR-OLD JACKSON HEIGHTS SECRETARY.

GROMYKO'S VIEWS WERE STATED IN ANSWER TO A LETTER WRITTEN TO HIM BY MISS DOROTHEA M. SPILICH, WHO IS SECRETARY OF A GROUP OF COLLEGE STUDENTS AND GRADUATES KNOWN AS THE COMMITTEE FOR WORLD PROGRESS.

THE QUESTION AND ANSWER EXCHANGE WAS THE FIRST THAT GROMYKO HAS MADE PUBLIC SINCE HE BECAME RUSSIA'S DELEGATE TO THE UNITED NATIONS SECURITY COUNCIL AND THE UNITED NATIONS ATOMIC ENERGY COMMISSION. IT WAS RELEASED TO THE PRESS IN THE SAME MANNER IN WHICH PREMIER STALIN OF RUSSIA OFTEN MAKES KNOWN ANSWERS TO WRITTEN QUESTIONS.

GROMYKO TOLD MISS IPILICH THAT THE PRESERVATION OF THE VETO POWER IN THE SECURITY COUNCIL, ON WHICH RUSSIA HAS BEEN ADAMANT, "IN NO WAY WEAKENS THE OBLIGATIONS" WHICH WOULD BE IMPOSED BY A CONVENTION PROHIBITING ATOMIC WEAPONS AND CONTROLLING ATOMIC ENERGY.

THIS WAS VIEWED IN UNITED NATIONS CIRCLES AS GROMYKO'S ANSWER TO THE UNITED STATES CONTENTION THAT THERE MUST BE NO VETO ON PUNISHMENTS FOR ATOMIC CRIMES. THE VETO IS THE AUTHORITY IN THE SECURITY COUNCIL BY WHICH ONE OF THE FIVE GREAT POWERS MAY KILL A SUBSTANTIVE MATTER BY A NEGATIVE VOTE.

IN ANOTHER ANSWER GROMYKO DECLARED THAT THERE ARE NO GROUNDS FOR POSTPONING THE CONCLUSION OF AN INTERNATIONAL CONVENTION ON THE PROHIBITION OF ATOMIC WEAPONS WHICH, HE SAID, WOULD "CONSIDERABLY FACILITATE AND EXPEDITE" THE IMPLEMENTATION OF AN AGREEMENT ON A BROAD SYSTEM OF CONTROLS.

THIS REFERENCE WAS VIEWED BY OBSERVERS AS AN INDICATION THAT GROMYKO MIGHT PRESS FOR THE ORIGINAL RUSSIAN ATOMIC CONTROL PLAN WHEN THE SECURITY COUNCIL BEGINS DEBATE ON THE ATOMIC ENERGY COMMISSION REPORT IN THE NEAR FUTURE. LAST JUNE GROMYKO PROPOSED THAT ATOMIC WEAPONS BE OUTLAWED BY INTERNATIONAL CONVENTION. HOWEVER, THE ATOMIC ENERGY COMMISSION FINALLY REPORTED TO THE SECURITY COUNCIL BY A 10 TO 0 VOTE A CONTROL PLAN CARRYING THE ESSENTIALS OF THE UNITED STATES PROPOSALS FOR HARNESSING ATOMIC ENERGY.

MISS SPILICH TOLD NEWSMAN THAT HER LETTER GREW OUT OF DISCUSSIONS AMONG MEMBERS OF THE GROUP. SHE SAID THE MEMBERS TALK ABOUT INTERNATIONAL AFFAIRS AT MEETINGS IN THEIR HOMES. SHE IS A HIGH SCHOOL GRADUATE AND IS SECRETARY TO A MAGAZINE EDITOR.

THE SECURITY COUNCIL, HAVING ACCEPTED THE RESOLUTION OF THE GENERAL ASSEMBLY OF 14 DECEMBER 1946, AND RECOGNIZING THAT THE GENERAL REGULATION AND REDUCTION OF ARMAMENTS AND ARMED FORCES CONSTITUTE A MOST IMPORTANT MEASURE FOR STRENGTHENING INTERNATIONAL PEACE AND SECURITY, AND THAT THE IMPLEMENTATION OF THE RESOLUTION OF THE GENERAL ASSEMBLY ON THIS SUBJECT IS ONE OF THE MOST URGENT AND IMPORTANT TASKS BEFORE THE SECURIA RESOLV

GENERAL ASSEMBLY ON THIS SUBJECT IS ONE OF THE MOST URGENT AND 1947 IMPORTANT TASKS BEFORE THE SECURITY COUNCIL, RESOLVES:

1. TO WORK OUT THE PRACTICAL MEASURES FOR GIVING EFFECT TO THE RESOLUTIONS OF THE GENERAL ASSEMBLY ON 14 DECEMBER 1946 CONCERNING, ON THE OTHER HAND, THE GENERAL REGULATION AND REDUCTION OF ARMAMENTS AND ARMED FORCES, AND THE ESTABLISHMENT OF INTERNATIONAL CONTROL TO BRING ABOUT THE REDUCTION OF ARMAMENTS AND ARMED FORCES AND, ON THE OTHER HAND, INFORMATION CONCERNING THE ARMED FORCES OF THE UNITED NATIONS;

2. TO CONSIDER AS SOON AS POSSIBLE THE REPORT SUBMITTED BY THE ATOMIC ENERGY COMMISSION AND TO TAKE SUITABLE DECISINS IN ORDER TO FACILITATE ITS WORK.

3. TO SET UP A COMMISSION CONSISTING OF REPRESENTATIVES OF THE MEMBERS OF THE SECURITY COUNCIL WITH INSTRUCTIONS TO PREPARE AND TO SUBMIT TO THE SECURITY COUNCIL WITHIN THE SPACE OF NOT MORE THAN THREE MONTHS, THE PROPOSALS:

(Q) FOR THE GENERAL REGULATION AND REDUCTION OF ARMAMENTS AND ARMED FORCES AND

(B) FOR PRACTICAL AND EFFECTIVE SAFEGUARDS IN CONNECTION WITH THE GENERAL REGULATION AND REDUCTION OF ARMAMENTS WHICH THE COMMISSION MAY BE IN A POSITION TO FORMULATE IN ORDER TO ENSURE THE IMPLEMENTATION OF THE ABOVE-MENTIONED RESOLUTIONS OF THE GENERAL ASSEMBLY OF 14 DECEMBER 1946, INSOFAR AS THESE RESOLUTIONS RELATE TO ARMAMENTS WITHIN THE NEW COMMISSION'S JURISDICTION.

THE COMMISSION SHALL SUBMIT A PLAN OF WORK TO THE COUNCIL FOR APPROVAL.

THOSE MATTERS WHICH FALL WITHIN THE COMPETENCE OF THE ATOMIC ENERGY COMMISSION AS DETERMINED BY THE GENERAL ASSEMBLY RESOLUTIONS OF 24 JANUARY 1946 AND 14 DECEMBER 1946 SHALL BE EXCLUDED FROM THE JURISDICTION OF THE COMMISSION HEREBY ESTABLISHED.

B16

THE TITLE OF THE COMMISSION SHALL BE THE COMMISSION FOR CONVENTIONAL ARMAMENTS.

THE COMMISSION SHALL MAKE SUCH PROPOSALS AS IT MAY DEEM ADVISABLE CONCERNING THE STUDIES WHICH THE MILITARY STAFF COMMITTEE AND POSSIBLY OTHER ORGANS OF THE UNITED NATIONS MIGHT BE ASKED TO UNDERTAKE.

4. TO REQUEST THE MILITARY STAFF COMMITTEE TO SUBMIT TO IT, AS SOON AS POSSIBLE AS A MATTER OF URGENCY, THE RECOMMENDATIONS FOR WHICH IT HAS BEEN ASKED BY THE SECURITY COUNCIL ON 15 FEBRUARY 1946 IN PURSUANCE OF ARTICLE 43 OF THE CHARTER. AND, AS A FIRST STEP, TO SUBMIT TO THE SECURITY COUNCIL NOT LATER THAN 30 APRIL, 1947, THEIR RECOMMENDATIONS WITH REGARD TO THE BASIC PRINCIPLES WHICH SHOULD GOVERN THE ORGANIZATION OF THE UNITED NATIONS ARMED FORCES.

U.N.-ATOMIC 1947

BY FRANCIS W.CARPENTER

LAKE SUCCESS, N.Y., FEB.13-(AP)-ANDREI A.GROMYKO, SOVIET DELEGATE TO THE UNITED NATIONS SECURITY COUNCIL, SAID TONIGHT HE WOULD PRESENT TO THE COUNCIL TOMORROW RUSSIA'S PLAN FOR OUTLAWING ATOMIC WEAPONS BY INTERNATIONAL CONVENTION.

GROMYKO THUS SERVED NOTICE THAT HE WOULD INSIST ONCE MORE UPON ADOPTION OF THE BASIC PROPOSITION HE FIRST PUT BEFORE THE UNITED NATIONS ATOMIC ENERGY COMMISSION LAST JUNE 19. HE IS SLATED TO SPEAK WHEN THE SECURITY COUNCIL MEETS AT 3 P.M. (E.S.T.) FOR FULL DEBATE ON THE DEC.31 REPORT OF THE U.N. ATOMIC ENERGY COMMISSION.

HE TOLD NEWSMEN AFTER THE SECURITY COUNCIL ADJOURNED TODAY THAT HE STILL STOOD ON HIS PROPOSAL TO OUTLAW ATOMIC WEAPONS BY AGREEMENT AMONG THE NATIONS. HE ADDED THAT CONTROL FEATURES NECESSARY TO HARNESS ATOMIC ENERGY FOR PEACE COULD BE DISCUSSED.

THE RUSSIAN ATOMIC PLAN ENVISIONS THE PROHIBITION OF ATOMIC WEAPONS BY INTERNATIONAL CONVENTION; THE DESTRUCTION OF EXISTING ATOMIC BOMBS WITHIN 90 DAYS AFTER THE CONVENTION IS EFFECTIVE; AND THE ENACTMENT BY THE SIGNATORY NATIONS OF NATIONAL LEGISLATION REGULATING ATOMIC ENERGY AND PROVIDING FOR PUNISHMENTS WITHIN SIX MONTHS AFTER THE EFFECTIVE DATE OF THE CONVENTION.

IN THE LONG AND INVOLVED DEBATES SINCE LAST JUNE GROMYKO HAS FLATLY REJECTED THE UNITED STATES ATOMIC PLAN, WHICH CALLS FOR OUTLAWING ATOMIC WEAPONS, ESTABLISHMENT OF AN INTERNATIONAL AUTHORITY TO HANDLE ALL PHASES OF ATOMIC DEVELOPMENT AND CONTROL, AND WHICH WAIVES THE VETO ON PUNISHMENT OF NATIONS VIOLATING THE ATOMIC CODE.

PS859PES

HALF-WAY DOWN, THE AMERICAN AND RUSSIAN VIEWPOINTS WERE IDENTICAL IN FAVORING AN ARMS COMMISSION WHICH WOULD REPORT WITHIN THREE MONTHS ON GENERAL REGULATION AND REDUCTION OF ARMS AND FOR PRACTICAL AND EFFECTIVE SAFEGUARDS IN THAT CONNECTION.

THE RUSSIANS BALKED, HOWEVER, AT THE PART OF PARAGRAPH 3 WHICH SAID, AMONG OTHER THINGS, THAT "THOSE MATTERS WHICH FALL WITHIN THE COMPETENCE OF THE ATOMIC ENERGY COMMISSION X X SHALL BE EXCLUDED FROM THE JURISDICTION OF THE COMMISSION X X."

THE DETAIL REMAINING FOR A VOTE THIS AFTERNOON BEFORE THE FINAL BALLOT ON THE WHOLE RESOLUTION WOULD CALL ON THE COUNCIL'S MILITARY STAFF COMMITTEE TO SUBMIT "AS SOON AS POSSIBLE" ITS RECOMMENDATIONS LEADING TO FORMATION OF A WORLD POLICE FORCE.

SIR ALEXANDER CADOGAN OF GREAT BRITAIN OFFERED AN AMENDMENT YESTERDAY DEMANDING A COMMITTEE REPORT BY APRIL 30 "WITH REGARD TO THE BASIC PRINCIPLES WHICH SHOULD GOVERN THE ORGANIZATION OF THE UNITED NATIONS ARMED FORCE." DEBATE BUT NOT MUCH DIFFICULTY WAS ANTICIPATED ON THIS PHASE.

THE MILITARY STAFF COMMITTEE, COMPOSED OF OFFICERS REPRESENTING THE CHIEFS OF STAFF OF THE COUNCIL'S BIG FIVE PERMANENT MEMBERS, HAS MET INTERMITTENTLY FOR NEARLY A YEAR WITHOUT A REPORT OF PROGRESS. IT HAD A SESSION SCHEDULED FOR TODAY IN CUSTOMARY SECRECY IN A PENTHOUSE TOPPING A WEST SIDE MANHATTAN HOTEL. #

Army Protests Overridden As Congress Group Votes Six Billion Budget Slash

MILITARY LOSES COMMITTEE FIGHT TO RETAIN FUNDS

Marshall, Eisenhower Warn Against Weakening of National Defense.

SESSION IS SECRET

Retrenchment Program Calls for Dropping 500,000 Federal Workers.

WASHINGTON, Feb. 14—(AP) The House-Senate budget committee voted 50 to 22 today to slash $6,000,000,000 out of President Truman's $37,500,000,000 budget for the fiscal year beginning July 1.

It thus overrode army and navy protests that cuts in their funds would endanger national security and, in the words of Chairman Knutson (R-Minn) of the House Ways and Means Committee, cleared the way for a 20 per cent cut in individual income taxes.

The reduced figure of $31,500,000,000 is not necessarily the amount that will be made available for the next fiscal year. It amounts to a suggested ceiling, but Congress is not bound to stay within it.

Would Slash U. S. Workers

It contemplates removal of at least 500,000 civilian workers out of the 2,300,000 on government payrolls.

The committee rejected all efforts, including a plea by Senator Taft (R-Ohio), to hold the budget reduction at a figure which would take fewer dollars from the $11,200,000,000 that President Truman requested for the army and navy.

Chairman Gurney (R-SD) of the senate armed services committee fought the huge slash doggedly in and out of committee. He told reporters it would take $1,750,000,000 from the army and navy and "I refuse to vote for any thing that will hamstring our armed forces while the peace of the world is unsettled."

Prior to the committee session, General Dwight D. Eisenhower, chief of staff, and heads of the army and navy, backed by President Truman, had pleaded against cutting the armed forces budget.

Just before the crucial vote was taken, in one of the bitterest budgetary battles in history, General George C. Marshall, secretary of state, told a news conference downtown:

Marshall in Warning

"If the army is deprived of adequate funds to provide food for those people who are so corely in need (in occupied Germany, Austria, Korea and Japan), a practically impossible condition is created from our troops and our government's position in its international commitments.

"You can not expect to maintain the occupation of countries like those if the people are starving. That would be an intolerable condition."

Secretary of the Navy Forrestal told a news conference that if congress cuts military funds without a "full realization of our posture before the world, it would eventually invite disaster."

Wednesday night, Secretary of War Patterson said that cuts reported planned for the War Department would seriously jeopardize execution of the army's functions.

Gurney said the budget cut would reduce funds for food in the occupied countries, as well as military appropriations, and he declared his intention to take the battle to the senate floor.

Rep. Dingell (D-Mich) told reporters that the committee action "just about amounts to the Republicans risking the national security in an effort to meet their promises to cut taxes."

The committee met behind doors closed to the press and public. (Privacy was voted 42 to 27.)

However, those who attended said that the senate-house group, under control of the Republican majorities, in quick order turned down these compromise proposals:

Compromise Plans Beaten

1. By Dingell, to stipulate that no funds be taken from the army and navy and veterans administration items. Rejected on a voice vote.

2. By Gurney, a proposal to hold the budget cut to $4,150,000,000, which would provide only small reductions for the army and navy. Defeated 52 to 23.

3. By Senate Democratic Leader Barkley of Kentucky, to provide that there shall be no cuts in taxes, until the house has completed action on appropriation bills for the next fiscal year. Rejected 49 to 26.

4. By Senator Knowland (R-Calif), proposing that before there are any tax cuts, $3,000,000,000 must be set aside to begin retirement of the national debt. Defeated 39 to 34.

During the deliberations of the group Gurney left the session to deliver a protest speech in the senate in which he said that "until the United Nations is a going concern, and until it has power to compel acceptance of its decisions, the nation cannot accept disarmament."

Senator Morse (R-Ore.) told the Senate, Congress should squeeze every dollar of waste out of the budget and should first determine where it was going to make a saving before committing itself to a specific budget cut.

"We must make up our minds what services we want to dispense with," said Morse, "and tell the American people exactly what we are going to do. The approach being made to our fiscal policies by the Republican party is not in step with the thinking of the voters who want strict economy in government."

The budgetary committee rejected all proposals, members said, to stipulate that a part of the proposed savings shall be applied to retirement of the national debt.

O'Mahoney Hits Decision

Senator O'Mahoney (D-Wyo.) described the committee's cutting action to reporters as a "flash in the dark to deceive the public."

The resolution of the committee, he noted, provides an "escape clause" that constitutes an "admission that the whole thing doesn't amount to anything."

He pointed out that the resolution says the budget "should" be cut instead of declaring that it "shall" be cut.

Party lines were crossed frequently in the voting.

While Republican Senator Gurney led the battle against the $6,000,000,000 slash, Democratic Senators McKellar of Tennessee and Byrd of Virginia joined in support of the Republicans in the reduction drive.

The resolution, as it will be submitted to the Senate and House probably on next Wednesday, leaves leeway in future congressional appropriations by saying, "the resolution expressed an overall objective and its realization depends entirely upon the final action of the Congress upon budget estimates, individually and collectively."

It makes no stipulations as to how the cut should be shared by the various government departments, and Republican leaders refused, on demands from Democrats in the meeting, to say just where the ax would fall.

Congress Committee Approves $6,000,000,000 Budget Slash

Votes 50 to 22 to Hold Appropriations to $31,500,000,000, Entailing Armed Forces Cut of $1,750,000,000.

Washington, Feb. 14 (A. P.).—A $6,000,000,000 cut in the $37,500,000,000 Government budget for the next fiscal year was voted today by the joint congressional budget committee.

The vote was 50 to 22, with thirty members of the 102-man committee either absent or abstaining.

The $31,500,000,000 finally agreed upon wil lentail a cut of about $1,750,000,000 in appropriations for the Army and Navy Senator Gurney (R.-S. D.) estimated.

Earlier, an attempt to hold the cut to $4,500,000,000 was turned down 46 to 29.

The proposal was offered by Senator Millikin (R.-Col.). Defeated earlier was a move by Senator Gurney (.-S. D.) to hold the cut to $4,150,000,000. There were reports that Senator Taft (R.-Ohio) argued for a $5,000,000,000 reduction rather than the $6,000,000,000.

As the Capitol Hill argument raged, Secretary of the Navy Forrestal said that if Congress cuts military budgets without a "full realization of our posture before the world, it would eventually invite disaster." He made this statement at an informal news conference.

A committe vote of 50 or 51 against and 23 for beat the move to limit the cut to $4,150,000,000.

The compromise, offered by Gurney, chairman of the Senate Armed Services Committee, would have set an overall spending limit of $33,350,000,000 instead of the $37,500,000,000 recommended by the President. A sub-committee of the budget group has recommended a $6,000,000,000 slash in Mr. Truman's estimates.

Gurney earlier had told reporters that adoption of his proposal would have held cuts in the funds for the Army and Navy to "token reductions" of about $200,000,000 each instead of an overall cut of $1,750,000,000.

The committee shouted down a proposal by Representative Dingwell (D.-Mich), that would have prevented any slashes of Army-Navy funds.

President Truman has asked for approximately $11,200,000,000 for the armed forces out of a $37,500,000,000 budget for the fiscal year beginning July 1.

Taber Pleased by Prospect.

Representative Taber (R.-N. Y.), chairman of the budgetary group, voiced confidence that the $6,000,000,000 slash would be approved.

"Things are going better than we expected," he told reporters.

Senators McKellar (D.-Tenn.) and Byrd (D.-Va.) joined the Republican drive to shrink the budget by $6,000,000,000.

Dingell contended to newsmen that Republican leaders arrived at the $6,000,000,000 figure "in a star-chamber proceeding" and now refused to tell the whole committee where and what they intend to cut.

Senator O'Mahoney (D.-Wyo.) termed the proceeding "a flash in the dark to deceive the people." He told reporters that the resolution cutting the President's budget has an "escape clause" which he described as an "admission that the whole thing doesn't amount to anything." The escape language, he said, is in the expression that the budget "should" be cut rather than saying it "shall" be reduced. Moreover, O'Mahoney declared that the whole debate "shows there was no study and is no understanding" among those who propose the $6,000,000,000 slash.

Senator Gurney, carrying the battle over reduction of military funds to the Senate floor, declared the Army and Navy would be unable "to carry out the tasks assigned them by the Congress" if their funds are cut. He said the $11,000,000,000 asked by President Truman for national defense was an "absolute minimum."

Asserting that 46 cents of every dollar in the budget represent costs resulting from previous wars he asked whether "eleven billion dollars is too much to put out to avoid world war three."

Senator O'Mahoney, siding with Gurney, said it would be a mistake for the United States to begin disarmament on the eve of the Foreign Ministers Conference in Russia.

Senator Millikin, who favors holding the reduction to $4,500,000,000, told reporters that he was interested in preventing "overcutting" funds for the armed services, irrigation, flood control and river and harbor projects. He said that Senator Green (D.-R. I.) demanded a breakdown of how the Republicans proposed to trim away $6,000,000,000, but was told none was available. Millikin said it cannot be determined where the cuts will be made until hearings are held on the annual appropriation bills.

At the outset of the meeting, the Democratic-Republican bloc fighting the Army-Navy cuts lost an initial test, when the committee voted, 42 to 27, to exclude the press and the public from its sessions.

Joint Committee's Report on Truman Budget

Special to THE NEW YORK TIMES.

WASHINGTON, Feb. 14 — The Joint Committee on the Legislative Budget issued tonight the following report setting forth its procedure in dealing with the President's budget for the fiscal year 1947-48 and its recommendations concerning it:

I. Introduction.

On Aug. 2, 1946, the President signed the Legislative Reorganization Act of 1946. This act contains a provision for the creation of a joint committee on legislative budget consisting of the membership of the Appropriations Committees of the House and Senate, the Ways and Means Committee of the House and the Finance Committee of the Senate. The text of this provision will be found at the end of the report.

Pursuant to the direction contained in this provision, members of the joint committee convened and selected Representative John Taber, chairman of the House Committee on Appropriations, as its chairman, and Senator Styles Bridges, chairman of the Senate Committee on Appropriations, as its vice chairman.

Inasmuch as the joint committee consists of 102 members of the House and Senate, it authorized the appointment of a subcommittee consisting of five members from each of the component House and Senate Committees and directed that group to make a study of the President's budget for the fiscal year 1948, together with all related matters, and to report its findings to the entire join committee within the time provided by the Legislative Reorganization Act. The act provides that the report must be made by February 15.

Personnel of Subcommittee

The members of the subcommittee to whom this task was entrusted are as follows: Senators Styles Bridges, Chan Gurney, C. Wayland Brooks, Kenneth McKellar, and Carl Hayden from the Senate Committee on Appropriations; Senators Eugene D. Millikin, Hugh Butler, Robert A. Taft, Walter F. George, and Alben W. Barkley from the Senate Finance Committee; Representatives John Taber, Richard B. Wigglesworth, Everett M. Dirksen, Clarence Cannon, and George H. Mahon from the House Committee on Appropriations; Representatives Harold Knutson, Daniel A. Reed, Roy O. Woodruff, Robert L. Doughton, and Jere Cooper of the House Ways and Means Committee.

At its first meeting the subcommittee determined that in the interest of a more efficient consideration of the problems before it, the work should be divided so that members of the Senate Committee on Finance and the House Committee on Ways and Means would devote themselves especially to the problems of revenue which were involved, while the members of the Appropriations Committees of the House and Senate would concern themselves principally with problems of the budget, appropriations and expenditures.

Requirements Imposed by Act

The Legislative Reorganization Act imposes the following requirements upon the joint committee:

(1) Due consideration of the budget recommendations of the President.

(2) Recommendation of a legislative budget for the ensuing fiscal year which shall include:

(a) An estimate of over-all Federal receipts for the ensuing fiscal year.

(b) An estimate of expenditures for the ensuing fiscal year.

(3) A recommendation for the maximum amount to be appropriated for expenditure in such year, including a reserve for deficiencies.

(4) A recommendation for a reduction in the public debt if estimated receipts exceed estimated expenditures.

(5) A recommendation to be included in a concurrent resolution which shall accompany the committee's report, expressing the sense of Congress that the public debt be increased by the amount of the excess if the estimated expenditures exceed the esetimated receipts.

Estimates in Truman Budget

The committee directs attention to the fact that appropriations for expenditures are substantially less in amount than estimated expenditure as contemplated in the President's budget. The difference between these two lies in the fact that expenditures recommended by the President for the fiscal year 1948 include not only the new appropriations which are requested of the Congress for this fiscal year, but also funds which are available for expenditure from appropriations which were made in prior years or in the current fiscal year or from appropriations which are anticipated.

As an example, the committee points out that the total of expenditures recommended by the President for the fiscal year 1948 aggregate 37.5 billion dollars. The President requests new appropriations in the amount of 32.2 billion dollars. Of this latter amount, the President estimates that only 28.6 billion of such new appropriations would actually be expended in the fiscal year 1948 and the balance would be expended in subsequent years.

These considerations must be borne in mind for a ready understanding of the recommendations made by the subcommittee.

II. Revenues and Receipts.

The President's budget for the fiscal year 1948 on the basis of existing law estimates receipts of 37.7 billion dollars. This estimate would be modified upward if excise tax rates presently in effect are continued through the fiscal year 1948. It might be pointed out that action to continue these rates has already been completed by the House of Representatives and there is a reasonable assumption that the Senate will concur in this action.

In addition thereto, if postal rates are increased to offset the deficit which has been estimated by the Postoffice Department for fiscal year 1948, gross revenues and receipts from all sources would total about 38.9 billion dollars.

These estimates have been carefully examined by the joint committee on internal revenue taxation and an independent estimate made by evaluating all trends and factors that would have bearing on receipts in the fiscal year 1948. The joint committee estimates revenues approximately $200,000,000 in excess of those estimated in the budget. If receipts and revenues were estimated at 37.9 billion dollars, there would be an excess of receipts over expenditures amounting to $400,000,000.

If wartime excise rates are continued and postal rates are increased the excess of receipts over expenditures would total approximately 2 billion dollars.

The committee believes that on the basis of all available information and on the basis of a continuing national income at substantially present levels that the estimated receipts for the fiscal year 1948 will aggregate 39.1 billion dollars.

III. Expenditures.

The committee made a careful survey of the estimate of expenditure contemplated by the President's budget.

These expenditures necessarily become the basis for the new appropriations which would be required from the Congress.

In estimating those expenditures the committee availed itself of all possible information and conducted independent explorations in this field.

Sources of information on which to predicate estimated expenditures include:

(1) Conferences with the fiscal Assistant Secretary of the Treasury and the Director of the Bureau of the Budget.

(2 Detailed statistical data on all available funds and rate of expenditure in the current fiscal year, which were prepared by the Bureau of the Budget at the request of the committee.

(3) Conferences with all members of all of the subcommittees on appropriations of the House of Representatives.

(4) Data from informed persons both in and out of government.

(5) Data assembled by organizations which have had long experience in the government budgetary field.

(6) Careful scrutiny of the many items set forth in the President's budget message.

Factors Weighed by Committee

In arriving at an expenditure figure for the fiscal year 1948 the committee had in mind the following considerations:

(1) The elimination of those functions by the Federal Government which might be regarded as desirable but not imperative in the light of a huge estimate of expenditures for the fiscal year 1948 and in light of a towering public debt.

(2) The maintenance of appropriations at not to exceed 1947 levels unless for extraordinary reasons such levels should be exceeded.

(3) A return wherever possible to pre-war levels of appropriations.

(4) The reduction of the number of civilian employes by not less than 500,000 below budget estimates in the next fiscal year.

(5) Procedures for the reduction of personnel before the end of the fiscal year 1947 so that the requirements of terminal leave might wherever possible be financed out of funds available for the current fiscal year.

(6) The deferment, other than planning, of public-works projects wherever this might be accomplished without substantial deterioration so that the benefit of such projects might be utilized in any subsequent period of unemployment.

(7) The deferment, other than planning, of newly authorized public works projects and their retention on the shelf for utilization in a period of unemployment unless such projects were esteemed vitally necessary.

(8) The rescinding of appropriations made in prior years in a larger amount than that proposed by the President. (In this connection the committee points out that the President has already forwarded to Congress proposals for the rescinding of prior-year appropriations and that hearings on these proposals are presently in progress.)

With these considerations in mind the committee believes that expenditures for the fiscal year 1948 might be safely reduced below the estimates submitted by the President by a sum of not less than 6 billion dollars.

IV. Appropriations.

The President's budget contemplates new appropriations in the aggregate amount of 32.2 billion dollars.

By virtue of reduced expenditures recommended by the committee, it is the judgment of the joint committee that new appropriations should not exceed the aggregate sum of 27 billion dollars. This would be 5.2 billion dollars less than the amount proposed in the budget.

Details of the over-all reduction which will be ultimately effected will manifestly unfold as and when the various appropriation measures are presented and processed from time to time by the two Houses of Congress. Of course, if the accompanying resolution be adopted, there is no commitment as to any reductions in specific items contained in the budget. The resolution expresses an over-all objective and its realization depends entirely upon the final action of the Congress upon budget estimates, individually and collectively.

V. Summary and Recommendations.

The joint committee, therefore submits the following findings and recommendations:

(1) The committee finds that the estimated over-all receipts assuming enactment of legislation with respect to excise taxes and postal revenues will be 39.1 billion dollars compared with a budget estimate of 38.9 billion dollars.

(2) The committee recommends a ceiling on expenditures for the fiscal year 1948 of 31.5 billion dollars as compared with estimate of 37.5 billion dollars.

(3) The committee finds that the excess of receipts over expenditures will be 7.6 billion dollars compared with the budget estimate of 1.4 billion dollars.

(4) The committee recommends that the maximum amount to be appropriated for expenditures in the fiscal year 1948 shall not exceed 24 billion dollars compared with the budget estimate of 28.6 billion dollars.

(5) The committee recommends the inclusion of a reserve for deficiencies which might be expended in the fiscal year 1948 of 250 million dollars compared with a budget recommendation of 25 million dollars.

(6) The committee recommends that a portion of excess receipts over expenditures be applied on the public debt.

(7) The committee believes that the proposed reductions which in the main become effective beginning July 1, 1947, substantially two years after the termination of hostilities, will not impair the national economy.

Summary.

	Budget. Billions.	Joint Committee. Billions.
Estimate of over-all receipts, assuming enactment of legislation as hereinbefore indicated	38.9	39.1
Estimate of over-all expenditures	37.5	31.5
Excess of receipts	1.4	7.6
Maximum amount to be appropriated for and which may be obligated in fiscal year 1948	32.2	27.0
Maximum amount for expenditure of 1948 appropriations in fiscal year 1948	28.6	24.0
Reservation for deficiencies which would be expended in fiscal year 1948	.025	.250

Draft of Concurrent Resolution.

The accompanying concurrent resolution, presented in compliance with the law, provides as follows:

"Resolved by the House of Representatives (the Senate concurring), that it is the judgment of the Congress, based upon presently available information, that revenues during the period of the fiscal year 1948 will approximate 39.1 billion dollars and that expenditures during such fiscal year should not exceed 31.5 billion dollars, of which latter amount not more than 24 billion of dollars would be in consequence of appropriations hereafter made available for obligation in such fiscal year."

BEVIN TO GIVE U.N. PROBLEM OF PALESTINE

Admits British Efforts To Reach Holy Land Compromise Has Failed

A. GAVSHON

London, Feb. 14 (AP)—Britain is going to shed another of her problem children and hand Palestine's woes over to the United Nations.

The decision was announced today at the final meeting with Arabs in the unsuccessful London conference on Palestine by the Foreign Secretary, Ernest Bevin, who admitted failure in Britain's long efforts to put forward an acceptable compromise between Jews and Arabs.

A thorn in Britain's side ever since General Viscount Allenby drove the Turks out of Jerusalem in 1917, Palestine probably will continue to be policed by 100,000 British troops and to be governed by the administration set up under the League of Nations mandate until the United Nations decides what to do.

British Haste Indicated

But Britain is in such haste to shelve the problem in the strife-torn land that a Foreign Office spokesman indicated she may ask the Security Council to call a special meeting of the United Nations General Assembly to consider the situation.

Under ordinary procedure the General Assembly would not meet until Steptember. The spokesman outlined the procedure for a special session, however, possibly indicating the line of British thought.

There was no definite indication that Britain, which has set up plans for the independence of India and Burma and initiated a military withdrawal from Egypt, would propose her permanent withdrawal from Palestine, too.

Announcement Expected

Whether she will recommend a specific plan for Palestine to the United Nations, or merely turn over all the plans that have been suggested without recommendation, may be announced in the House of Commons on Monday.

It was evident, however, that lacking Arab and Jewish agreement, she had decided not to impose a solution of her own without United Nations backing. Her reluctance to incur the hostility of millions of Moslems in the empire and along its lifelines or on the other hand to further embitter the world's Jews accounted for this.

Government sources indicated, however, that the present stringent regulations on immigration and safeguards against violence among the 600,000 Jews and more than 1,000,000 Arabs would be continued for the time being.

"Peak Season" Coming

One reason for Britain's hurry in getting the matter taken care of by the United Nations, it was explained, is that the "peak sea-

30.24-7901

son" for clandestine Jewish immigration is the spring and summer. Britain has laid down a tight blockade against such immigration, and each time an immigration ship is halted and the passengers deported tension is heightened and incidents multiply.

Britain was driven to her decision by the refusal of either Arabs or Jews to even consider any of the suggestions put forward by Britain to divide the country into federal states or cantonize it into Arab and Jewish districts under overall British administration.

The immediate Arab reaction to the British announcement was that Arabs would not necessarily accept an international decision.

Arab Holy War Threatened

Jamal Effendi el Husseini, who led the Palestine Arab delegation to the conference, implied that an unfavorable United Nations decision would only bring on a holy war.

He said Palestine Arabs "will not consider any United Nations decision as arbitrary—we will only be bound by our rights and continue fighting until we get them."

The reaction of Jews, who have not favored putting the problem before the United Nations where Arab nations have six members, was that they were "quite prepared to face up to" the decision.

Shertok's Comment

However, said Moshe Shertok, Jewish Agency political director, "if Great Britain intends to surrender the mandate as an international trust it must surrender it untarnished by any violations of its terms which are in force today. This means that the racially discriminatory land laws must be abrogated and that political restrictions must be removed from Jewish immigration."

Bevin's announcement came less than a year after he had declared he would stake his political reputation on settling the Palestine problem. ADD

BEVIN TO ASK U. N. TO DECIDE ON PALESTINE

A. GAVSHON

Tells Arabs All British Proposals Have Proved Unacceptable. (D)

DATE OF APPEAL NOT GIVEN

Extremists' Death Sentences Confirmed—Gruner's Sister Visits Him in Cell.

London, Feb. 14 (A. P.).—Britain will hand the Palestine problem to the United Nations for settlement, Foreign Secretary Ernest Bevin announced today. Britain likely will continue to garrison the Holy Land for the time being and continue with the governmental administration established under the League of Nations mandate, Government spokesmen said.

The decision to appeal to U. N. followed a Cabinet meeting today. Bevin announced it this afternoon at a final meeting with Arab delegates after a series of meetings which failed to reach their objective of an agreed final solution for Palestine.

No official sources could say yet when Britain's appeal to the international organization would be made, adding that details probably would be announced in the House of Commons.

(Trygve Lie, Secretary-General of the United Nations, declined comment in New York. There was no immediate indication whether the British would put the case before the General Assembly, which does not meet until September, or the Trusteeship council, which is scheduled to convene next month. Soviet Russia has demanded that the British report on their administration of the Palestine mandate but no one in the Soviet delegation had any comment on the British announcement.)

One official said that if the matter had to wait until next September's scheduled session of the United Nations General Assembly, some modifications might be made in present immigration and general security conditions.

A Foreign Office spokesman emphasized that Britain, having made the decision, was eager to avoid any delay in getting one of its most troublesome foreign questions before the international tribunal.

There may have been some indication of British thinking in the spokesman's outline of procedure in convening a special session of the General Assembly. The Security Council, he noted, can call a special meeting of the Assembly by majority decision. Such action, he explained, would involve Britain's putting a request to the Security Council for an immediate meeting.

Other Whitehall sources said one reason Britain was in a hurry to give its problem child to U. N. was because spring and summer are rush seasons for illegal Jewish immigration, which Britain stopped last fall with military and naval measures. These informed sources said Britain was anxious to avoid, if possible, any heightened tension in the Holy Land that likely would follow detention of more immigrant ships.

Jewish Leader Puzzled.

Moshe Shertok, political director of the Jewish agency, said: "Our question is what's to happen meanwhile? If Great Britain intends to surrender the mandate as an international trust it must surrender it untarnished by any violations of its terms which are in force today. This means that the racially discriminatory land laws must be abrogated and that political restrictions must be removed from Jewish immigration."

Dr. Jamal Husseini, leader of the Palestine Arab delegations here, said: "We will not consider any United Nations decision as arbitrary—we will only be bound by our rights and continue fighting until we get them.

"The Arab League Council called for submission of the Palestine question to U. N. last year," he said, "and we took it for granted that it would be."

Death Sentences Confirmed (AP)

Jerusalem, Feb. 14 (AP)—The British announced tonight that death sentences had been confirmed on three suspected members of Irgun Zvai Leumi, Jewish underground force, and a tension-gripped Holy Land feared the underground would strike back in quick retaliation. 7. GOODWIN

A Government announcement said that the death sentences and a life sentence for a fourth youth had been confirmed by Lieutenant General Sir Evelyn Barker on Wednesday, the day he relinquished his post as commander in chief of British troops. He has been succeeded by Maj. Gen. G. H. A. MacMillan.

The sentences were imposed by a military court on February 10 on the four youths, who were charged with illegal possession of arms and whips. They were arrested the night a British major and three sergeants were seized by the underground and flogged.

3 Doomed Are Named

The three sentenced to death were Dov Ben Falman Rosenbaum, 24; Eliezer Ben Zion Kashani, 23; and Mordecai Ben Abraham Alhachi, 21. Haim Ben Aharon Gorovevsky, 17, escaped with a life sentence because of his youth.

Jewish leaders, fearing possible violence from the underground, had appealed to the Government for clemency toward the four.

Irgun Zvai Leumi, which urges active war against the British in Palestine, had announced publicly it expects "payment in British blood" for any Jew that dies on the gallows and that it did not intend to await execution of the death sentences before beginning reprisals.

Sister Visits Gruner

Dov Bela Gruner, Irgun member sentenced to death for taking part in a raid on a police station last May, was visited in his cell today for twenty minutes by his sister, Mrs. Helen Friedman, of Lancaster, Pa. Gruner has refused to sign an appeal to the Privy Council, Britain's highest court, but an appeal filed for him by an uncle has resulted in a stay of his execution.

Mrs. Friedman came to Jerusalem avowedly for the purpose of trying to convince him that he should make a direct appeal in his own behalf.

She also visited Jewish officials and the American consulate after conferring with the chief rabbi in Palestine. Consulate officials said she asked aid in gaining an interview with the High Commissioner for the Holy Land, General Sir Alan Cunningham. ADD

Death Sentences Confirmed.

Jerusalem, Feb. 14 (A. P.).—the Government announced tonight the confirmation of death sentences imposed upon three Jewish terrorists convicted of participation in the flogging of a British major and three British sergeants. The Government rejected numerous appeals from the Jewish leadership for commutation of the sentences, which had spurred the Jewish underground organization Irgun Zvai Leumi to threats of violence. (D)

The life sentence of a fourth defendant, 17 years old, charged with possession of arms and whips, also was confirmed. The decisions were made Wednesday by Gen. Sir Evelyn Barker before his replacement by Major-Gen. G. H. A. MacMillan as commander of British forces in Palestine and Trans-Jordan. Gen. MacMillan took over the command yesterday.

The three doomed men are Dov Ben Falman Rosenbaum, Eliezer Ben Zion Kashani and Mordecai Ben Abraham Alkachi. The prisoner sentenced to life is Haim Ben Aharon Gorovevsky.

Dov Bela Gruner, convicted terrorist whose execution has been put off indefinitely, was visited in his death cell today by his sister, Mrs. Helen Friedman, of Lancaster, Pa. She declined to make public the results of her conversation with him.

Mrs. Friedman, who flew here from America to try to save her brother from the gallows, said on her arrival yesterday that she would try to convince Gruner that he should make a direct appeal to the Privy Council, British equivalent of the United States Supreme Court.

Terrorists Admit Blasts.

Mrs. Friedman also applied for an audience with High Commissioner Gen. Sir Alan Cunningham to appeal for commutation of the sentence.

Meanwhile, Hagana, Jewish underground organization, stated in a broadcast over its secret radio that it was responsible for the explosions in Haifa Harbor early Thursday which sank a Government fisheries barge and damaged a military landing craft.

"This sabotage," the announcer said, "was designed to show Hagana's unwillingness to tolerate deportation of uncertified immigrants from the shores of their homeland, as was done with more than 600 from the ship La Negev a few days ago. We express our satisfaction with the fact the operation was carried out without casualties, which was according to plan."

BRITISH CRISIS EASES; U.S. COAL OFFER DECLINED

T. WILLIAMS

LONDON, Feb. 14—(AP) The government announced tonight that there were signs Britain had "turned the corner" on the road back to industrial production and lighted homes, but despite encouraging trends in the coal shortage unemployment continued to spread.

Prime Minister Attlee met with his nine man "coal cabinet" to consider an approximate date for restoration of at least part of the power cut off completely from more than half the nation's industries in the gravest fuel shortage in the nation's history.

There was no official indication of a date for the switch-on, but when it comes industry will be given priority.

Voices Optimism

Sir Guy Nott-Bower, undersecretary of the ministry of fuel and power, was the author of the "turn the corner" statement, but he added that "if we have turned the corner it is 'only just'."

His statement coincided with a note from Attlee declining with thanks the offer of President Truman to divert American coal on ships on the high seas to British ports.

Attlee said that the need for coal in Europe "is no less pressing and we could not ask that cargoes should be diverted from Europe to the United Kingdom."

Unemployment, estimated at past the 5,000,000 mark, continued to grow. The Vickers companies, manufacturers of planes, guns and precision machinery, notified 25,000 employes their work will end on Feb. 21. The Austin Motor company said 14,800 production employes would be dismissed.

But against these discouraging developments there were signs of improvement.

In South Wales mines were almost back to normal operations after weather interruptions and there was a possibility some pits would work on Sunday. Strip mines in Kent reported production this week slightly above normal despite heavy snow.

All shafts were operating in the big northeastern coal fields around Newcastle and railroads were speeding delivery of empty cars. A few rail lines were still snowbound but most were clear for traffic.

More than 60 coal ships from Welsh and northeast coast ports have sailed up the Thames since yesterday to pour their cargoes into almost empty bunkers at London power and gas plants.

Slightly better cooperation was reported also in the great national power saving effort which went into effect Monday. In all areas affected by the blackout the drop in load was 2,910,000 kilowatts at 9 a.m. today compared with 2,802,000 kilowatts yesterday.

"The national effort to keep power stations going is bringing the first definite results," the ministry of fuel and power announced. "Though the position is still very serious and coal stocks remain far below safety level, there is all around evidence that a little more ground has been gained."

During the first four days the blackout saved 112,300 tons of coal, about 30 hours supply for the nation's electricity generators, the ministry said.

"Success is still a long way off," the ministry cautioned, "and will not be attained without the continued cooperation of all consumers, transport workers and the mining community."

Welsh miners in the Swansea and Neath districts announced their willingness to work two Sundays a month until the fuel crisis is over, which would produce an extra 15,000 tons.

"These men are desirous of working on Sundays to assist the country in its hour of need and also to demonstrate their perfect confidence in Mr. Shinwell as minister of fuel," said Jim Evans, union agent.

Another 3,000 miners in the Rhondda valley of Wales announced they would work Sundays and coal loaders in five northern ports agreed to overtime hours and an extra Sunday shift.

U. S. OFFER TO AID BRITISH IN FUEL CRISIS IS DECLINED

Attlee Says He Couldn't Ask Diversion of Coal Needed Elsewhere.

Washington, Feb. 14 (A. P.).—President Truman made public today a message from Prime Minister Attlee declining an American offer of aid in the British coal crisis.

Attlee's message to the President asserted that the need for coal in Europe is "no less pressing" than that of the British Isles and added, "We could not ask that cargoes should be diverted from Europe to the United Kingdom."

Attlee's message followed a statement by Mr. Truman yesterday offering whatever aid the United States could muster and proposing to divert coal shipments to Europe to meet the English fuel emergency.

The British Prime Minister's message to the President follows:

"My colleagues and I have learned with warm appreciation of your offer to do all in your

power to help in relieving our coal shortage and in particular to support measures for diverting to this country United States coal now en route to Europe.

"I need not say how grateful we are for your readiness to assist in the difficult times through which we are passing. But the need for coal in Europe is no less pressing and we could not ask that cargoes should be diverted from Europe to the United Kingdom."

Mr. Truman stressed in his statement yesterday that the British had not asked for aid.

of coal were on the way to Europe at the moment, but said this amount was but a small fraction of Britain's needs.

Offer Appreciated

A Foreign Office spokesman, expressing Britain's appreciation, said Mr. Truman's offer was a "most generous and helpful gesture."

Government sources said that in a gradual relaxation of restrictions some industries at first might be given 50 per cent of their normal power needs, enough to restore to at least part time employment some of the millions of workers left idle in the crisis.

It also seemed likely that some

Cut in Gas Supplies Looms as Attlee Gives Some Hope

Solution to Crisis May Be in Sight— U. S. Help 'Impractical'

London, Feb. 14—(AP)—Prime Minister Attlee and his "coal cabinet" sought today to fix an approximate date for ending the industrial shutdown in Britain.

The coal cabinet conference was the first indication for the island's 49,000,000 browned-out and shivering inhabitants that the end of the fuel crisis might be in sight.

As drastic electricity restrictions were maintained into the fifth day, government sources said the return to normal might be gradual. A source close to the Prime Minister's office said an important statement on the situation probably would be issued tonight.

Gas Cut Possible

However, with only slight gains registered in coal stocks at power stations, the British Gas Council alerted the country's 1,100 gas plants to be ready to shut off gas supplies to non-essential industries.

Government sources said that purchase of American coal offered by President Truman was under consideration. However, the fact that delivery would require at least two weeks was understood to be a barrier. If the industrial blackout is to be lifted gradually, Britain's task would be to step up her domestic production.

B. P. Alcard, secretary general of the European Coal Organization, said the President's "very generous" offer might prove impractical at the present time.

Alcard estimated that 500,000 tons

industrial areas where coal stocks were not so dangerously low would be able to resume full production before others. London, remote from the coal fields, may be one of the last areas to have the power restrictions removed.

Britain Even Bans Use Of Windmill Electricity

LONDON, Feb. 14 (AP).—A government spokesman said last night that even farmers using electricity from windmill generators durnig the current five-hour daily blackout period would be subject to a $2,000 fine and two years imprisonment.

Russia Objects To China Role

A. J. STEINKOPF

London, Feb. 14 (AP)—Russia objected tonight to China's participating as a major power in writing the German peace treaty, American sources said.

Feodor Gusev, the Soviet representative at the conference of deputy foreign ministers of the United States, Russia, Great Britain and France, insisted that the final European peace settlements be managed at top level by the Big Four and not by the Big Five.

Russia's opposition to China's major-power role in Europe came to light, the American sources said, as the deputies discussed a Russian idea on the organization to frame the German treaty.

Powers Accepting Surrender

Gusev proposed that the powers which accepted the German surrender at Berlin — the United States, Russia, Great Britain and France—draft the complete treaty, then submit it to a peace conference at which all the Allied nations would participate.

China has notified the other major powers that she would present a recommendation on the German treaty.

It was known that the United States and France, and possibly Great Britain, favored the inclusion of China as a major power, but the Western deputies deferred pressing for a decision on the point and the part which will fall to China was not decided tonight.

Four Plans Of Procedure

The deputies had four plans of German treaty procedure before them, each power having submitted one. They were being considered individually, with the object of devising a single plan from the four suggestions.

The outstanding feature of the Russian plan was the suggestion that the Big Four draft the complete treaty, leaving little of fundamental importance for the peace conference to do.

Both the French and British plans allowed considerably more scope for the small Allies attending the peace conference.

The American plan was not completed and was not worked out to the point of providing for a peace conference or determining its functions.

View Of Yugoslav Claim

Earlier in the deputies' session Gusev indicated Soviet Russia was giving only nominal support to Yugoslavia in the latter's claims for 1,000 square miles of Austrian territory in the province of Carinthia:

Gusev asked only one question as Dr. Joza Vilfan, head of the Yugoslav delegation, and Dr. Karl Gruber, Austrian Foreign Minister, presented their cases. The political fate of the cities of Klagenfurt and Villach and a region of mines and agricultural lands in the Drava River valley was involved.

Question On Hitler Order

Gusev asked Gruber about an order by Hitler in 1942 to transfer to the Ukraine many Slovenes who lived in the region, and whether that might account for Austrian majorities in many of the communities involved.

Gruber replied that the Austrian Government believed most of them were removed from an area which Hitler sought to Germanize south of Carinthia in Yugoslavia.

Vilfan based the Yugoslav claim on contentions that many Slovenes lived in southern Carinthia, that the 1920 plebiscite in which the population voted to remain in Austria was unfair to the Slovene cause, and that between the World wars Slovenes were persecuted in Austria.

Gruber won from Vilfan an admission that Slovenes were not being persecuted now and that local elections in 1945 were fair. The elections gave majorities to parties favoring Austrian retention of the area, which is now occupied by British troops. The deputies decided to judge the arguments tomorrow.

Anglo-French Drafts Of Pact Are Exchanged

London, Feb. 14 (AP)—Britain and France exchanged drafts of a proposed treaty of alliance today, and some Whitehall sources expressed the opinion that Britain had become less enthusiastic about the pact, at least as applied to Germany.

The breaking point, one informant said, might be the Ruhr, regarding which French political leaders are asking guarantees interpreted by the British as demands for Ruhr coal—which are likely to increase.

He said Britain wanted to defer an Anglo-French agreement on the Ruhr until after the Moscow meeting of the Council of Foreign Ministers.

Britain's Defense Needs.

London, Feb. 14 (A. P.).—The British Government estimated today that 1,087,000 men and women would be needed for its armed forces in 1948, barring "improvements in the international situation."

The figure compared with a total of 1,427,000 serving on December 31, 1946, Minister of Defense A. V. Alexander said in a white paper on defense policies.

Alexander estimated total expenditures for defense in the 1947-48 fiscal year at £899,000,000 ($3,596,000,000). Because of changes in methods of computing costs, a comparable figure for the 1946 fiscal year was not immediately available.

"The progress made with the resettlement of the world, fhich for so long was disappointingly slow, now fortunately shows real signs of improvement," the white paper said. "But the reflection of that improvement, if it is maintained, in a reduction of the military responsibilities of this country can only be gradual.

British Exports During '46 Are 0.6% Under '38

1947

Third and Fourth Quarter Volume Up, but Too Low to Balance Earlier Slack

LONDON, Feb. 14 (AP).—Britons, urged by their government to expand exports to 175 per cent of 1938, learned today that exports for 1946 were slightly below those of 1938.

The Board of Trade in an analysis of foreign trade said volume of exports in the last quarter of 1946 was double that of a year earlier, but summed up as follows:

"The volume of exports in the third quarter was 4 per cent higher than in 1938, and in the last quarter 11 per cent, but these increases did not quite balance the lower figures earlier in the year, so that for the year as a whole exports were 0.6 per cent below those in 1938."

The report said, however, the 1946 trend of imports was upward, totaling £613,000,000 ($2,452,000,000), at average values of 1938, compared with exports of £468,000,000 ($1,872,000,000).

When the war ended, Britain's fighting men and exhausted civilians alike were given the grim news that if the country were to fight its way back to prosperity exports must spurt to unprecedented levels—and government officials set a target.

Exports, they said, must jump to 175 per cent of 1938.

Experts said this would mean people eager for new cars, radios, furniture and clothes must continue to tighten their belts and go without. These badly wanted goods, it was argued, must be shipped abroad so the country might earn dollars and other foreign currencies with which to buy steel, food and other things drastically needed for recovery.

Excerpts from the Board of Trade's report included:

(1) Exports of manufactured articles last year were 11 per cent greater than in 1938. The rise was continuous, but more marked between the first and second quarters than it has been subsequently.

(2) Exports of raw materials were very small, only 28 per cent of 1938, largely because of a sharp cut in coal exports.

(3) Exports of wool, a traditional British strongpoint, were 13 per cent below 1938 in the final quarter of 1946.

(4) Motor vehicles showed the greatest jump in manufactured goods, exports in the final quarter of 1946 being twice that of the first quarter.

PARIS PARALYZED HOURS BY FEDERAL WORKERS' STRIKE

MEL MOST (N)

PARIS, Feb. 14—(AP) A general strike of all government union workers, including police, transport and communications employes, paralyzed Paris for four hours this afternoon and Premier Paul Ramadier told the national assembly "there is cause to fear for our country, and even the republic."

The work stoppage, which threw downtown Paris into confusion and prevented hundreds of thousands of Parisians from getting home from their jobs, coincided with a strike of mechanical workers that closed all of the capital's 32 newspapers.

Huge Demonstration

While the strikers seethed into the streets in a massive demonstration that spread for a mile in the area of the Arch of Triumph Ramadier said their action raised the issue of whether "the nation is really sovereign or whether it has special interests that will triumph."

Depending on the branch of service the strike lasted from one to four hours. There was a complete shutdown by 4:30 p. m. Two mass meetings were held on the right and left banks of the Seine at 8 p. m. at which speakers attacked government policy.

Subways and busses were left standing where their operators walked off them at 4 p. m. Telephone, telegraph and postal communications ended at the same time. Uniformed gendarmes left their posts and joined the demonstrators. The busses and subways started up again after two hours, but hundreds of thousands of Parisian workers were unable to get home. Traffic was snarled to a halt without police or traffic lights.

Premier Ramadier had pleaded yesterday with union heads to defer strike action on the newspapers. He said their action would jeopardize the government's program of reducing prices to 10 per cent of the Jan. 1 levels.

"This," he said today, "is a vicious cycle of inflation."

The Socialist premier has been following the policy of Leon Blum, whom he succeeded, of increasing purchasing power by freezing wages and cutting prices.

Fears were expressed that the strikes in Paris might precipitate a wave of labor unrest throughout the country.

Communists Accused

It was charged in some quarters that Communists who dominate the Confederation General du Travail, France's largest labor organization, had planned today's demonstrations to embarrass the governmental price-wage control program which Communist cabinet members are pledged to uphold.

The only Paris paper to appear today was a special two-page edition of the Communist newspaper Humanite. Although employes insisted the edition was printed before the news strike went into effect last night its front page was take up chiefly with discussion of the four-hour strike called for this afternoon and rationing problems.

The National Union of Journalists, which won a 12.5 per cent wage increase earlier in the week, issued a statement that the increase was based upon a reclassification of the profession and declared the union's demand for a general 25 per cent hike was still in force.

The government workers were demanding a minimum monthly wage of 7,500 francs (about $62.50) without a government proposed rider which would bar corresponding increases in higher brackets. The government opposed the demand on the ground it would jeopardize its program for cutting the cost of living.

Newspaper mechanical workers were asking a 25 per cent increase

In anticipation of increases to lower income groups, Pressroom workers received about 15,000 francs ($125) a month and administrative employes between 8,000 and 10,000 francs ($66 to $85) a month.

Policemen Join Walkout of Government and Other Workers

PREMIER SEES NATIONAL PERIL

Tells Assembly of Fear for the Republic—Action Follows Newspaper Stoppage.

Paris, Feb. 14 (A. P.).—All Paris was paralyzed today by a four-hour strike of Government unions, including the police, Socialist Premier Paul Ramadier told the National Assembly "there is cause to fear for our country and even for the Republic."

Policemen left their posts and joined a massive demonstration of transportation and communications workers, postmen, ministry workers and other Government employees, which surged for a mile through the streets in the vicinity of the Arc de Triomphe

The stoppage came in the wake of a strike of mechanical workers in the capital's thirty-two daily newspapers, which kept all of them from publishing today. Ramadier had pleaded with union officials to defer the newspaper strike, which he said would jeopardize the Government's program to cut prices.

The afternoon walkout of the Government unions was a demonstration to dramatize their demand for a monthly wage boost of 7,500 francs (about $62.50) without a Government-proposed rider which would prevent corresponding increases in higher brackets. The stoppage lasted from one to four hours, depending upon the branch of service involved.

Newspapers Halted.

Later in the evening two mass meetings were held at which speakers attacked the Government's domestic policies.

In the complete shutdown, the capital's automatic telephone system ceased operation. Subways and buses stood where their operators left them. Telegraph and postal communications ended at the same time.

No Parisian newspapers appeared during the day. All print shops in town were tied up by a strike of typographical workers.

Buses and subways began operation again after two hours. Papers affected by the newspaper strike included the European edition of the New York Herald Tribune.

Pressroom activity in Paris came to a sudden halt last night when printers and pressmen, acting on union orders, joined administrative employees who went on strike Tuesday morning. Both groups want 25 per cent wage boosts, linking their demand with the general labor federation's projected nationwide minimum wage for all industry.

Other unions have announced they would order token sympathy strikes, which the government feared might precipitate a wave of labor unrest throughout France.

German Shutdown Worse Than British

A.M.G. Expert Cites Effect of Coal Shortages

BERLIN, Feb. 14 (AP).—American military government experts said today that the shutdown of industry in Germany because of coal and power shortages and lack of transport is much more paralyzing than Britain's current crisis.

The industrial curtailment in the American occupation zone amounts to about 75 per cent of existing capacity, said Colonel Harry L. Berno, chief of A. M. G.s industry branch. He said the British zone has had a comparable decline. Reports from the Russian zone also indicate sharp curtailments.

The shutdown has caused widespread unemployment, discomfort and distress. Lack of coal has also forced the closing of most schools throughout the American occupation zone and widespread and drastic curtailment of electricity and gas supplies for domestic use.

Bomb Damages Embassy Of Argentina at Madrid

Another Goes Off in Spanish Security-Police Office

MADRID, Feb. 14 (AP).—Bomb explosions in two widely separated sections of Madrid wrecked the reception rooms of the Argentine Embassy, injuring two persons slightly, and damaged headquarters of the criminal division of the security police today.

The explosion at the Embassy was described by some sources as a protest gesture from the Spanish Republican undeground against the close association of the Spanish government of Generalissimo Francisco Franco and that of President Juan D. Peron of Argentina, but neither Argentine Ambassador Pedro Radio nor the police would make any statement.

Argentine Minister Raul La Boucle, who was Argentine Charge d'Affaires here until Radio's arrival Jan. 16, said: "This is a family matter which interests only Spain and the Argentine. It has no journalistic interest."

A porter at the embassy said the time bomb that exploded there was left on a table in the reception room by a visitor. One of the men hurt in the blast was identified as Romualdo de Luis, private secretary to Ambassador Radio.

The explosion at the criminal division headquarters occurred a few minutes earlier. No one was reported injured and damage was confined to a staircase and windows.

Radio arrived in Madrid on Jan. 16.

14 Students Are Sentenced

PRAGUE, Feb. 14 (AP).—A special people's court today convicted fourteen of fifteen former Sudetan deputies in the Czechoslovak National Assembly on charges of crimes against the state, and sentenced six of them to be hanged. One was sentenced to life imprisonment, and seven received terms ranging from three to twenty-five years. All were charged with helping turn the Czechoslovak Republic over to Hitler as a German protectorate.

GREEKS ACCUSED BY YUGOSLAVS OF BACKING RAIDERS

L. S. CHAKALES

ATHENS, Feb. 14—(AP) Yugoslavia admitted officially for the first time today that armed bands opposed to Marshall Tito's leadership existed inside the country and charged that they were being financed by "Greek imperialists."

The admission was made by Vrleta Krulj, counsellor for the Yugoslav foreign ministry, at the hearing of the United Nations commission inquiring into causes behind Greek border warfare. The accusation was a counter-charge to Greek assertions that guerrilla activities inside Greece were being supported by Yugoslavia.

Charges "Hostile Plan"

Krulj asserted that support of the armed opposition to Tito was part of a "hostile plan" against Yugoslavia whose proponents awaited only "for some substantial advantage" before putting the plan into action.

He declared that "several hundred" Yugoslav "bandits" and "war criminals" also were being given refuge by Greek authorities, who were holding them for use by the "Albanian fascist committee." He said this committee had headquarters in Italy and was at the disposal of the exiled King Zog of Albania, now in Cairo. He said this also was part of a "hostile" plan against Yugoslavia.

Krulj named Midhat Frasheri, former Albania minister to Athens, as leader of the committee. Fasheri has been in Rome and for the past several months has been issuing a monthly bulletin which describes the present Albanian regime headed by Premier Hoxha as under the domination of Moscow and Belgrade. Fasheri, who fled Albania, was rescribed by Hoxha a year ago as Albania's "number one war criminal."

Accuses Greeks

Krulj asserted that the center for Albanian and Yugoslav "quislings" was in Phlorina, in Macedonia about 10 miles from the Yugoslav frontier, and that Greek authorities were facilitating passage of Yugoslav "bandits" in Yugoslavia from Greece.

Krulj asserted that Bulkjes, the camp near Belgrade described by the Greeks as a training center for guerrillas warring against the present Greek government, was only a haven where "poor refugees learn to make a living." He said there were a number of "Greeks and non-Greeks" in the camp.

Authoritative informants reported that a strong guerrilla band attacked Sparte (Sparta) in the southern Peloponnesus last night, overpowered the prison garrison and freed 200 prisoners. Two Greek soldiers were killed.

The ministry of public order said another band had attacked Sappai, southeast of Komotine near the Turkish border, destroying the gendarmerie station and telegraph office, burning the branch office of the agricultural bank and looting several shops.

Lane Leaving Warsaw For U. S., May Quit Diplomatic Post

Warsaw, Feb. 14—(AP)—U. S. Ambassador Arthur Bliss Lane prepared today to depart for Washington on February 24 to hold consultations with the State Department, and considerable doubt was expressed in official American circles here that the veteran diplomat would return to Warsaw.

Lane last night notified Jozef Olszewski, acting Polish Foreign Minister, of his intention to leave for the United States. A source close to the ambassador said he was not expected to return to Warsaw, but probably would get a new diplomatic post if he did not retire. Lane has been a career diplomat for 31 years.

(In Washington, a State Department official said that whether Lane returns to Warsaw depends upon Lane's own personal wishes. The official observed that living conditions in Warsaw are difficult and that the diplomatic assignment there is considered "the most rugged post in the Foreign Service." Lane took over the Warsaw post in April, 1945.

(The spokesman added that Lane would be granted a leave while in the United States and that a charge d'affaires would handle U. S. diplomatic interests in Warsaw during his absence.

U. S. TO RADIO RUSSIANS

Moscow, Feb. 14—(AP)—Russian-language broadcasts beamed toward the Soviet Union from Munich will be inaugurated Monday by the United States Office of Information and Cultural Affairs. The Russian people have short wave, long wave and medium wave receivers and are free to listen to whatever they like. The British beam Russian broadcasts from London and reception generally is good.

RED ASSAILS BRIDGES

Moscow, Feb. 14 (A. P.).—Izvestia, Soviet Government newspaper, accused Senator Bridges (R.-N. H.) today of trying to "hamper the unanimity of the great Powers on the most important question of the post-war organization of the world."

R. Morin, writer on many American topics, added that Bridges's January 29 speech was an "unsuccessful attempt to conceal the real aims of reactionary American politicians worried beforehand about the possible results of the Moscow conference" of Big Four Foreign Ministers scheduled to begin March 10.

"The future of Germany alarms Bridges," Morin wrote. "And of course the fact that the idea of making Germany into an advance post against the Soviet Union is being somewhat hampered makes him angry."

PRECAUTIONS FOR ROYALTY

Special Security Measures Adopted in Cape Town

R. LANDSTROM

Cape Town, South Africa, Feb. 14 (AP)—Special security measures were adopted here today for the protection of King George VI, Queen Elizabeth and Princesses Elizabeth and Margaret Rose, who are expected to arrive Monday to begin their tour of South Africa.

The precautions were prompted largely by a tense situation arising from Indian Nationalist feeling here, it was learned. For example, it was understood that police carefully were checking all personnel such as waiters and porters who might come close to the royal family.

"There is no sense of alarm whatever," one official said, "but it simply is a matter of doing everything possible to see that no untoward incident occurs. It is a matter of playing safe."

Vote To Ignore Royal Tour

Indians in parts of this country have voted to ignore the royal tour, although some of their leaders had counseled moderation and advised them to confine their quarrel to the South African Government. The British royal family is making the trip to Cape Town aboard the battleship Vanguard.

Ahmed Ismail, president of the South African Indian Congress, said in a statement he could not imagine it to be a consensus of Indians here to show discourtesy.

"No one is more conscious than I of the indignity to which we have been subjected as a result of the passing of Asiatic legislation and the grief it brought," he said, "but that should be no reason why we should show any discourtesy to the royal family as such. Discourtesy would not redound to our credit.

Party Politics Shelved

"South Africa as a whole has risen to accord the royal visitors a grand welcome. For the time being, party politics has been shelved. In this I am sure my community would not wish to act differently from other South Africans."

India has complained to the United Nations about South Africa, saying legislation against the Indian community there was discriminatory.

Cape Town now is a mass of color and ablaze with light. It is jammed with visitors for the royal family's arrival, when virtually all normal business activity will be halted.

U. S. MARINE KILLED

Peiping, Feb. 14 (A. P.).—An American Marine was shot and killed by an unidentified Chinese last night soon after he emerged from a downtown theater. He was an enlisted man, from Headquarters, Second Battalion, Fifth Marine Regiment.

Reports received by the Marine Corps, which is investigating the incident, said the Marine, in company with two friends, was walking along a street when the Chinese approached, drew a gun and shot. The Marine died twenty minues later. The killer escaped down a side street.

Soong Ouster Demanded In China's Money Crisis

Secret Police Seek Persons Who Drove Currency Down

SHANGHAI, Feb. 14 (AP).—Secret police probed China's financial crisis today, while various government officials proposed a variety of remedies ranging from restoration of war-time price controls to the ouster of Premier T. V. Soong.

The Chinese yuan (dollar) was being offered under the counter at 11,000 to $1 United States in Shanghai, Peiping and Nanking, but most dealers had suspended operations in fear of the secret police inquiry. The police were seeking the identities of persons whose operations sent the Chinese currency down to 19,400 to 1 on Tuesday. The official rate is still 3,350 to 1.

In Peiping, Mayor Ho Sze-Yuan said he would treat dealers in American currency as traitors to China. He ordered arrest of any one dealing in gold. He also proposed asking American military authorities to pay their men in Chinese currency instead of American dollars.

In Shanghai the government ordered prices pegged at the Feb. 5 level of 78,000 Chinese dollars a picul (133 pounds), compared with the current price of 200,000 a picul. Most authorities, however, expressed doubt whether a rationing and price-pegging system could be made to work.

In Nanking, Minister of Economy Wang Yun-wu proposed restoring all war-time price controls, and members of the financial committee of the Legislative Yuan demanded that Premier Soong and his Executive Yuan resign en bloc. One legislator, Chung Tien-sin, told a special session of the committee, "The people already have lost confidence in the government. Why hasn't Soong resigned?"

The paper "Hsin Min Pao" said Professor Fu Ssu-nien, member of the People's Political Council and a famed research worker, demanded liquidation of the personal fortunes of Soon and former Finance Minister H. H. Kung as a means of bolstering the national treasury.

Despite the pressure of the legislators, Soong continued holding conferences in an effort to stabilize the situation.

Tokyo Demonstration Staged by Viet Namese

They Ask Allied Council to Put Case Before U. N.

TOKYO, Feb. 14 (AP).—A small band of Viet Namese, supported by a handful of Indonesians, Chinese and Indians, demonstrated today before the French mission here, shouting: "United States lend-lease material for fighting Fascism, not for killing patriots!" and "Freedom for Viet Nam!"

The demonstrations filed resolutions with the Allied Council for Japan and with General Douglas MacArthur, asking that they be forwarded to the United Nations. The resolutions accused France of violating the United Nations Charter by attacking Viet Nam, "which she deliberately failed to defend against Japanese aggression." It urged that a United Nations commission be sent to Indo-China to investigate "claims of both belligerents."

France, the resolutions charged, is waging "a campaign of extinction against a people whose only crime is loving freedom," and is attempting to re-establish "colonial imperialistic rule over the people of Viet Nam."

Dairen Japs Kill Fellow Repatriate

Sasebo, Japan, Feb. 11 (Delayed) (A. P.).—One Japanese was beaten to death and seven were injured seriously recently by fellow repatriates aboard ship who accused them of abusing their spiritual and economic power in Russian-occupied Dairen. The ship bringing the repatriates from Dairen arrived at Sasebo yesterday.

Repatriates said that the victims were beaten with iron rods, clubs and belts after being accused of mistreating other Japanese in Dairen.

Major, 9 Filipinos Killed In Blast

Manila, *Saturday*, Feb. 15 (AP).—A United States Army major and nine Filipinos were killed and eight Filipinos and a second United States major were injured yesterday during a fire and explosion of 22 tons of dynamite at an Air Force ammunition dump 58 miles south of Manila.

The Filipinos were killed or injured when the dynamite let go at the height of the fire with a blast felt 10 miles away.

Major James L. Sedore, of Poughkeepsie, N.Y., an officer at a United States 13th Air Force base at Batangas, near which the fire took place, was killed when his jeep was struck by a fire truck speeding to the scene.

Major Peter M. O'Neill, Lynn, Mass., a passenger in the jeep, was injured seriously and was being brought to the Tenth General Hospital in Manila.

Col. William S. Eley, of Suffolk, Va., commander of the base at Batangas, said a fire of unknown origin broke out in the airplane ammunition dump Thursday night. There were no casualties.

Next day, he added, while Filipino laborers were moving demolition explosives in the near-by engineer depot, a second explosion took place at the dump. All the Filipino casualties were caused by this explosion.

"Twenty-two tons of dynamite went up," Eley reported. "It rocked us at headquarters here (in Batangas) 10 miles away. All damage was confined to the explosives storage area and no damage was done to civilian property."

18 REPORTED DEAD IN PHILIPPINE BLAST

Manila, Feb. 14 (A. P.).—A Manila Daily Bulletin correspondent reported that eighteen persons were killed, many missing and several injured today when a pile of TNT exploded at the United States Thirteenth Air Force ammunition depot at Barrio Rosario, town of Bauan, in the province of Batangas. The correspondent said the blast wrecked many houses and was heard for thirty miles.

Most of the casualties were civilian drivers and laborers transporting boxes of TNT from the depot to the seaport. The injured were taken to the United States Army hospital at Batangas.

Indonesian Troops Told To Cease Fire Tonight

Action Linked to Discussion With Dutch Regime

BATAVIA, Java, Feb. 14 (AP).—The Indonesian Republic's army, navy and air forces have been ordered to cease firing at midnight tomorrow, the Netherlands East Indies government announced today. This is expected to prevent further bloodshed while difference in interpretation of the Dutch-Indonesian draft settlement are ironed out.

A cease-fire order by the Indonesians was to have been the first step toward realization of the terms of the Cheribon agreement of last October, which provides for a politically independent United States of Indonesia under the Dutch crown. However, final settlement was stalemated when the Indonesian Cabinet refused to accept the interpretation by Netherlands Overseas Minister J. A. Jonkman of the draft settlement.

The Commission General acting here for the Netherlands had been authorized to sign the agreement only if the Republicans accepted the Jonkman interpretation as binding. Jonkman held that the agreement should be regarded as preliminary to the establishment of "a new rule of law in the Netherlands East Indies," and as giving the basis upon which the law would be framed.

Canada Speeds Wheat

Emergency Action Is Taken to Meet British Commitments

OTTAWA, Feb. 14 (AP).—The Canadian government is instituting emergency steps for the next few weeks to speed export wheat and feed grains from the West to the Atlantic, Pacific and Lake ports, it was learned authoritatively.

Government sources said this action is necessary because Canada has fallen far behind in her commitment to supply Britain with 160,000,000 bushels of wheat this year under the four-year Anglo-Canadian agreement.

Officials said the underlying reason for the delay was an acute shortage of box cars.

RUSSIA DEMANDS UN BAN MAKING OF ATOM BOMBS

Sharply Criticizes U. S. for Continued Manufacture of Weapon.

LINDBERGH HITS AMERICAN PLAN

Austin Reserves Comment Until He Studies Soviet Requests.

LAKE SUCCESS, N. Y., Feb. 14 —(AP) Russia demanded today that the United Nations ban production of the atom bomb as the first step toward an international atomic control system and sharply criticized the United States for continued manufacture of mass-destruction weapons.

Categorically rejecting the American control plan, Soviet Deputy Foreign Minister Andrei A. Gromyko told the Security Council that "atomic energy is still being used exclusively for the production of weapons which by their very nature are weapons of aggression."

Gromyko Assails A-Bomb

"They are destined mainly for attacks on large cities with numerous civilian population, but not on the armies of an enemy," the Russian declared. "The nature of atomic weapons is such that they can not be regarded as weapons of defense."

Gromyko then added that "the continuation of the production of atomic weapons is used as a certain lever for political pressure on some other nations."

Branding the principal points of the American plan as violations of the UN charter and of the general assembly's Dec. 14 resolution on general arms production, he said firmly that "they must be rejected." Gromyko did say that work could go ahead on "revising" the American proposals now but reiterated that the bomb itself must be scrapped before any system actually could be set up.

Warren R. Austin, chief American delegate, termed Gromyko's speech "a minority report" and said he would have more to say when he saw Gromyko's revisions in writing.

Austin's only optimistic note was a comment that Gromyko's speech "encourages us to believe that on policy we are in agreement."

In opening general debate on the whole atomic question before the council, Gromyko in effect restated all the original proposals put forward last summer by the Soviet Union. These suggestions were rejected by the UN Atomic Energy Commission which, after seven months, adopted a report for the parent council embodying all the basic ideas of Bernard M. Baruch's American plan. The commission vote, taken December 31, was 10 to 0 with Russia and Poland abstaining.

Veto Possibility Seen

During the commission debate, Gromyko had turned down the United States proposals but his outspoken opposition again today raised the possibility that he might go so far as to veto the whole report in the council.

Gromyko emphasized Russia's rejection of the American demand that the veto be eliminated in the punishment of atomic violators. He said such a decision would undermine "the foundations of the very existence of this organization."

Gromyko termed the American proposals "one-sided" and designed "to secure a position of monopoly in the atomic energy production for one country."

He quickly described such an aim as an illusion "since the position of monopoly of any one country in this field cannot continue for an indefinte period—it seems everybody agrees on this."

Demands Outlawing Bomb

Gromyko made these principal points:

1. That a convention outlawing the bomb must be the first step in any program.

2. That control machinery must operate under the security council where the power of veto holds.

3. That the American plan violates the U.N. charter and contradicts the assembly resolutions on arms reduction.

4. That despite "serious defects" of the report, Russia would accept it for a working paper and would offer "proposals, additions and amendments" in due course.

The American plan pivots on a system of international inspections and veto-free punishment for violators as a condition to outlawing atomic bombs. The United States has said it would reveal the secrets of the bomb stage by stage with the setting of such control machinery.

Thus the American-Russian differences boiled down to two major points:

Russia wants to scrap the bomb first and set up the control system in due course; the United States is directly opposite.

Russia wants all the machinery to operate under the security council where the veto holds; the United States says there can be no veto on atomic questions.

After hearing Gromyko and Austin, the council adjourned until (3 p.m., E.S.T.) Tuesday.

Soviet Russia Calls Upon U. N. To Outlaw Automic Armaments

New Demand Made Condition for Control Agreement —Gromyko Discloses Position as Security Council Meets to Debate Procedure in Line With U. S. Proposals

Lake Success, N. Y., Feb. 14—(AP)—The bitter conflict between the United States and Soviet Russia over atomic control was brought into the open again today by a new Soviet demahd that atomic weapons must be outlawed before any control system is set up.

Soviet Delegate Andrei A. Gromyko disclosed his position as the United Nations Security Council prepared to meet to resume debate on a blueprint for atomic control, based on American proposals and approved by the U. N. Atomic Energy Commission last December 30, with Russia and Poland abstaining.

Last-Ditch Fight

Since the Soviet proposal already had been rejected by the Atomic Commission last Summer, the move to raise the issue again was interpreted as an indication that Gromyko was prepared to make a last-ditch fight against the U. S. plan.

In disclosing his plans to reporters, Gromyko did not state whether he would go so far as to invoke the Big Power veto to kill the American proposals, but he did serve definite notice that he still stood by the basic proposition he first put before the Atomic Commission last June 19.

At the same time Warren R. Austin, U. S. delegate, said the United States stood firmly behind its own plan, which calls for a system of international controls of inspections and veto-free punishment for violators as a condition for outlawing atomic weapons.

Austin said it would be useless for the Council to try to approve a plan without unanimity of the big powers. It was apparent, however, that agreement would not be achieved immediately and not at all unless Gromyko eventually reversed his position.

The atomic debate was opened late yesterday by Gen. A. G. L. McNaughton, Canadian member of the atomic commission. He immediately brought the issue into the open by calling on Russia and Poland for frank statements on any reservations they might have.

Gromyko told Fernand van Langenhove of Belgium, council chairman, that he would be ready to state Russia's position at the opening of today's session.

Jerzy Michalowski, acting Polish delegate, told reporters there were only three or four points on which Poland disagreed with the majority.

Meanwhile, the machinery was set in motion to put the new U. N. Arms Reduction Commission into operation as a distinctly separate companion body to the atomic commission. Final approval of the resolution creating the new "conventional arms" commission was given by the council yesterday.

Gromyko's Remarks on Atom Policy

Special to The New York Times.

LAKE SUCCESS, N. Y., Feb. 14—Following are excerpts from the speech by Andrei A. Gromyko, Soviet representative, before the United Nations Security Council today:

The past work of the Atomic Energy Commission has been useful in the sense that it has made it possible to clarify the attitude of individual states on this question. Unfortunately, however, * * * the Commission has not been so far in a position to reach an agreement on recommendations concerning atomic energy control and to submit the agreed proposals to the Security Council for its approval. The report * * * submitted to us for consideration is not a document containing such agreed recommendations. This can be explained only by the fact that the findings and recommendations contained in the report are not in conformity with the decision of the General Assembly of Dec. 14, 1946, on principles governing the general regulation and reduction of armaments and armed forces, and in some respects they are not in conformity with the United Nations Charter. * * *

*** * * The proposals submitted * * * by the representative of the United States of America and then included in the report submitted to us, in their most important parts, are in conformity neither with the resolution of the General Assembly nor with the United Nations Charter.**

Plan Called One-Sided

First of all, these proposals are one-sided. They result from the tendency to secure a position of monopoly in the atomic energy production for one country. Although such an aim is an illusion, since the position of monopoly of any one country in this field cannot continue for an indefinite period—it seems everybody agrees on this—nevertheless, such a plan is being persistently advocated. Moreover, the proposals of the United States do not provide for such an essential measure as an urgent conclusion of an international convention prohibiting atomic weapons, though on the surface these proposals are concerned with the establishment of the international control of atomic energy. They do not provide for the adoption of immediate measures for the prohibition of atomic weapons, and consequently for the prohibition of the use of atomic energy for military purposes, which is required by the resolution of the General Assembly. The solution of this problem is postponed for an indefinite period of time, since it depends on a preliminary working out and establishment of a broad system of measures of the international control of atomic energy in accordance with the proposals submitted by the representative of the United States.

*** * * The Soviet Government submitted its proposal for the conclusion of an international convention prohibiting the production and use of atomic weapons and the draft of such a convention for the consideration of the Atomic Energy Commission as far back as June 19, 1946. In the course of the work of the Atomic Energy Commission and its committees, no one actually objected to the necessity of carrying out such a measure as the prohibition of atomic weapons. However, while agreeing in words with the proposal on the necessity of the conclusion of such a convention, the representatives of some countries, and, first of all, the representative of the United States, pointed out that the conclusion of such a convention was not acceptable until the American proposals were fully adopted and until, in accordance with these proposals, a comprehensive system of measures on atomic energy control providing the appropriate safeguards was worked out. As a result, the proposal on the conclusion of a convention on the prohibition of atomic weapons, as well as of all other kinds of weapons adaptable to mass destruction, has not yet been accepted. Eight months have been lost. * * ***

Problem Termed Urgent

In the General Assembly decision of Dec. 14, the prohibition and elimination from national armaments of atomic and other kinds of weapons adaptable to mass destruction are recognized as an urgent aim. * * *

The necessity for an urgent solution * * * is further evoked by the fact that atomic energy, as is known, is still being used exclusively for the production of weapons which, by their very nature, are weapons of aggression. They are destined mainly for attacks on large cities with numerous civilian population, but not on the armies of an enemy. * * *

Public opinion in the civilized world long ago condemned the use of suffocating, poisonous and other similar gases in war, as well as all kinds of analogous liquids and substances and bacteriological means of warfare. As a result, appropriate agreements were concluded prohibiting their use. But if there is a convention on the prohibition of gases and bacteriological warfare, so much the more necessary is it to conclude a convention on the prohibition of atomic weapons. * * *

The conclusion of such a convention would respond to the aspirations and conscience of the peoples of the whole world, as the use of atomic weapons is incompatible with the age-old conceptions of civilized humanity, according to which rules of warfare must not allow the annihilation of civilian population. The prohibition of atomic weapons would be in accordance with the aspirations of all peace-loving peoples striving toward the building up of a stable peace and once and forever to remove the threat of war.

Effect on Harmony Cited

The prompt conclusion of such a convention would strengthen the peoples' faith in the United Nations still more, would constitute a serious step toward the strengthening of mutual confidence among nations and would contribute to the development of friendly relations among them. * * *

The conclusion of a convention prohibiting atomic weapons should not stop the working out of a comprehensive system of measures on atomic energy control, working out the questions of inspection and other questions in connection with the solution of the tasks set forth by the General Assembly in this field. Work on these questions can and should continue until all these measures are worked out and until a still more comprehensive system of measures, insuring the fulfillment of the tasks, resulting from the General Assembly decision, is created. * * *

* * * There are some people who see nothing unusual in the fact that simultaneously with the discussion of the measures for the general reduction of armaments and armed forces and for the prohibition of atomic weapons the unhampered production of these weapons is taking place. Moreover, they sometimes try to prove to us that the continuation of the production of such weapons is almost an indication of peace-loving intentions and almost represents in itself the very thing that is required of the states-members of the United Nations by the decision of the General Assembly. * * * The continuation of the production of atomic weapons is used as a certain kind of lever for political pressure on some other nation. * * *

* * * During the discussion of the draft report of the Atomic Energy Commission I already pointed out in my statement at the meeting of the Commission on Dec. 30, 1946, that according to the proposals of the United States representative on the Commission, international control of atomic energy is to be established "within the framework of the United Nations," while the General Assembly decision definitely states that the international system of Atomic Energy Control is provided "within the framework of the Security Council."

Hidden Design Charged

That fact that, in spite of the obvious noncomformity between the American proposals and the General Assembly decision on this question, the representatives of the United States insist upon their proposals, probably is not incidental. It means that somebody has certain plans which are not in conformity with the decision adopted by the General Assembly.

I wish to draw the attention of the Security Council to the fact that while considering this question at the General Assembly none of the delegations objected to the appropriate item in the resolution, including the delegation of the United States. * * *

The report of the Atomic Energy Commission * * * contains recommendations which * * * provide for the creation of "an international authority" with broad rights and powers, up to granting to it the rights to possess and manage the plants connected with the production of atomic energy, though this authority is not granted real possibilities to exercise these powers. On the other hand, these recommendations undermine the foundation of the effective activities of the Security Council * * * since they provide that the principle of unanimity of the five great powers in the Security Council should not be applied while taking decisions on sanctions in cases when violation of the control system is determined.

Article 27 Held Breached

It is impossible to reconcile the recommendation, proposed in the report on this question, with Article 27 of the United Nations Charter, in which the principle of unanimity of the five powers * * * has been formulated. As is well known, this article * * * provides that the Security Council should take decisions on sanctions, as well as other important decisions under the condition of the unanimity of the five powers, permanent members of the Security Council. What is proposed by the recommendations contained in the report of the Atomic Energy Commission is actually a departure from the principle of unanimity of the five powers in the Security Council and leads to undermining the foundations not only of effective activities of the United Nations organiaztion, in particular of the Security Council, but also the foundations of the very existence of this organization as an instrument in the struggle for peace and international security, and therefore they cannot constitute a basis for an agreement and must be rejected.

Besides, such proposals are vicious because they sow seeds of suspicion toward the great powers and among them instead of strengthening mutual confidence among the states as well as confidence in respect to the great powers. Indeed, is it not clear that the adoption of the proposal of the United States representatives * * * would mean that from the very beginning of the establishment of atomic energy control we would proceed from the assumption that the great powers first of all might be violators of the control? Do proposals of such a kind correspond to the spirit of cooperation among the great powers which is necessary for the maintenance of peace?

Russian Sees Inconsistency

It is relevent to ask how it is possible to reconcile the statements on readiness and, moreover, on willingness to establish international control of atomic energy, in order to prevent the use of atomic energy for military purposes, with the demand for the retreat from the principle of unanimity of the great powers in the Security Council. Such a question is proper, especially if we take into account the fact that the demand for the retreat from the above-mentioned principle of unanimity is accompanied by the objections against the proposal on the prompt conclusion of a convention on the prohibition of atomicc and other major weapons adaptable to mass destruction. * * *

We are told that the retreat from the principle of unanimity in the Security Council while taking decisions on sanctions by the Security Council in cases of detection of violations of the established control is necessary in order to punish those who are guilty of such violations. The thesis on the necessity of punishing violators of control is undoubtedly correct. Is there any difference of opinionc on this question? I have not heard anyone who would object to the proposals and to the demands for punishment of violators on the control system.

Consequently, it is not a question that the American proposals provide for punishment of violators and as if other proposals did not provide for such measures. In reality the question is whether the decisions taken by the Security Council on sanctions against the violators of the control should be adopted in accordance with the United Nations Charter or in violation of the Charter. The question is whether such decisions should be taken on the basis of the principle laid down as a foundation of the activities and existence of the United Nations, or in violation of these principles.

Fear Called Groundless

The statements that the principle of unanimity, as such, may become an obstacle preventing the adoption of measures by the Council against the violators of the control are absolutely groundless. * * *

The interests of the maintenance of peace require that all the necessary effective measures be taken to this end against the violators of the convention on the prohibition of atomic and all other major weapons, adaptable to mass destruction, and against the violators of the established system of control.

The violators should not be left unpunished. With this purpose the Security Council must—and it has such a possibility—take effective measures against violators of an appropriate convention up to applications of sanctions. The Security Council must take such measures in accordance with the Charter, which determines such procedure and the terms under which appropriate decisions should be taken on the carrying out of measures to remove the threat to peace or to restore peace in case of its violation.

This only correct and justified

procedure by no means excludes the possibility that the body which under the convention will be responsible for the practical application of measures of control, including inspection, will exercise the functions of control and inspection assigned to it, acting on the basis of its own rules, providing for the adoption of decisions, in appropriate cases, by the majority. * * *

In spite of the serious defects of the report and the conclusions and recommendations contained in it, I am prepared to consider this report item by item and to submit appropriate amendments and counter-proposals. Such a procedure may permit the facilitation of the possibility of reaching an agreement on the questions dealt with in the report of the Atomic Energy Commission. * * *

MARSHALL WARNS OCCUPIED AREAS MUST HAVE FOOD

WASHINGTON, Feb. 14—(AP) Secretary of State Marshall asserted today in the midst of the congressional budget struggle that failure to vote adequate funds for food in the overseas occupied areas would result in an "intolerable situation."

He voiced the sharp warning at a news conference after advising in a meeting with the Senate Foreign Relations committee that "the world is in a very critical condition" politically.

Sounds Warning

Stressing that the State department's immediate concern in the budget fight is good for occupied Germany, Austria, Japan and Korea, Marshall said:

"We cannot expect to maintain an occupation of countries like those with our troops if the people are starving."

Marshall also:

1. Said in a statement that the United States hoped all loyal political parties in Greece would bury partisan differences and get together on a program to restore political and economic health to that country.

2. Described China's financial crisis as tragic. He made clear this government had not decided on measures to help restore stability. Some economists, he said, had advised a hands-off policy.

3. Said Ambassador Arthur Bliss Lane had not notified him whether he planned to return to Poland after his forthcoming visit to this country. Warsaw dispatches reported Lane would not return.

Seeks Greek Amity

In his statement on Greece, Marshall said this government welcomed indications that the Greek government's basis had now been broadened to represent politically almost 90 per cent of parliament.

"No country divided against itself can hope to solve problems which are national in scope and which affect all citizens and not merely those of one particular political belief," the statement said.

Specifically, Marshall expressed hope "partisan differences will be submerged in a dynamic program amnesty coupled with the disarming of illegal bands, just and rigorous tax reforms, modernization of civil service, realistic financial controls, and the even-handed dispensation of justice."

Wants Congress to Provide Food for Japan, Korea, Reich and Austria.

SEES IMPOSSIBLE CONDITIONS

Warns That Nations Cannot Be Occupied on Present System if People Are Starving.

Washington, Feb. 14 (A. P.).—Secretary of State Marshall said today that "impossible conditions" will be created for the Army and the Government's international commitments unless Congress provides food for the needy in occupied enemy countries.

Marshall told a news conference that the occupation of Germany, Austria, Korea and Japan could not be expected to continue under "present procedures" if the people were starving.

The conference was held after Marshall had reported to the Senate Foreign Relations Committee that "the world is in a very critical condition."

Talking for His Department.

At the news conference, the Secretary gave his views in response to a request for comment on budget cuts that have been proposed in Congress. Stressing that he referred soley to War Department appropriations for food in the occupied areas, Marshall replied, allowing direct quotations for emphasis:

"If the Army is deprived of adequate funds to provide foods for those people who are so sorely in need, a practically impossible condition is created for our troops and our Government's position in its international commitments.

"You cannot expect to maintain the occupation of countries like those if the people are starving. That would be an intolerable condition.

"Under those conditions the present procedure would be impracticable.

"I am not discussing now those budget cuts proposed for the Army and Navy which are purely military. The Secretary of War and the Secretary of the Navy have discussed these.

"I want to emphasize from the standpoint of the State Department its very immediate concern as it relates to the occupied countries."

Reveals Nature of Report.

The nature of his report to the Senate committee was given reporters by Marshall as he left the closed session.

The new Secretary gave this word to reporters as he left the closed committee session.

Senator Vandenberg (R.-Mich.), the chairman, said that he found Marshall's report on world affairs "encouraging in many respects."

Marshall declined to elaborate on his hour and a half talk. He told reporters on leaving that the recall of Ambassador Arthur Bliss Lane to report on conditions in Poland does not mean a rupture in diplomatic relations. He declined to say, however, whether Lane later would return to his post in Warsaw.

Discusses Moscow Talk.

Asked specifically whether he had made a "hopeful" or "encouraging" report to the Senators on international conditions, Marshall replied: "I told them the world is in a very critical condition."

Marshall said he talked about "most of the world's trouble spots."

After the committee meeting, Marshall was closeted with Senators Vandenberg and Connally (D.-Tex.), for fifteen minutes. The Secretary declined to say whether they discussed the possibility that the two, who served as advisers to former Secretary James F. Byrnes, might join him later in Moscow for the foreign ministers' conference there.

Vandenberg listed this conference of foreign ministers as one of the subjects covered by Marshall. Relations with other nations, particularly China and Latin-American republics, also were mentioned by the committee chairman.

Vandenberg commented that the review showed the new Secretary of State "certainly put his brief weeks to excellent advantage since he has been home and is obviously on top of his job."

Vandenberg has said he does not desire to attend the opening of the Moscow conference, but would answer any later "S O S" if Marshall wants his services. Connally also has indicated he would go if Marshall insists.

VANDENBERG SAYS RUSSIA SLIGHTS U.S.

Refers To Soviet Failure To Answer Requests On Lend-Lease Accounts

U. S. apparently has closed case of missing B-29's that showed up in Russian possession ... *Page 8*

Washington, Feb. 14 (AP)—Senator Vandenberg (R., Mich.) said tonight that Russia has failed to reciprocate the fair play and good will extended by the United States in foreign relations.

Vandenberg, president pro tem of the Senate and chairman of the Foreign Relations Committee, was referring specifically to Moscow's failure to answer requests for the settlement of lend-lease accounts.

Speaking at a dinner given by Michigan chambers of commerce in honor of the State congressional delegation, Vandenberg said:

"It should be our anxiety to establish mutual fair play and mutual good will" in Soviet-American relationships.

"It seems to me," he continued, "that we have rarely failed in this obligation. On the other hand, it seems to me that this cannot be said of Moscow."

Text Of Vandenberg Remarks

The text of remarks by Senator Vandenberg:

The over-riding, paramount question in the world today—involved at the base of every other question that arises—is whether the rival political and economic ideologies of eastern communism and western democracy can peacefully survive together on the same earth. More intimately, this poses the question of relationships between Soviet Russia and the United States of America.

I have no illusions about the difficulties which will continue to harass these relationships. I have no illusions about the fact that our own eternal vigilance will be the price of our own liberty.

But I am equally sure that Russia wants peace just as much as American wants peace; and if we are scrupulously careful to ask nothing but justice and fair play as our price for peace— and if we make it crystal clear that we shall vigorously decline to yield these deadlines in our ideals—I have the conviction that peace, under the aegis of the United Nations, can be our mutual destiny. We must exhaust every effort to this end.

Patience Required

This requires patience—until it ceases to be a virtue. It requires that we firmly say what we mean and clearly mean what we say—lest misunderstanding of our attitudes should invite a fatal invasion of those deadlines.

It requires maximum loyalty to the Charter and the procedures of the rapidly strengthening United Nations—because so long as disputes remain in the council chamber they will not graduate to battle fields and we shall stop World War III before it starts.

Pending the proven achievement of an alternative reliance, it requires the maintenance of a totally adequate national defense lest those who think in terms of force should misconstrue our weakness and be misled to test it out.

Co-Operation Required

On the other hand, it requires our wholehearted co-operation with Russia—and vice versa—in seeking universal, multilateral disarmament if, as and when the other great powers will enter such a system on a basis of absolute and workable disciplines which prevent bad faith.

Nothing could be a greater boon to this debt-ridden world than to rid it, in substantial degree, of the awful economic burden of its armaments; and nothing could be a greater discouragement to war. I am sure America will joyfully go to any reciprocal limits in this respect.

But nothing could be a greater error than for the United States to take anything for granted in this respect; to repeat the mistakes of yesterday when we disarmed alone; to depend merely upon fickle words for our reliance in respect to the attitudes of others; or to leave ourselves at the mercy of unshared ideals.

Will Give Us Nothing

This same philosophy of American action applies to atomic energy which, when used for destructive purposes, is a threat to the survival of civilization itself. We possess the final, telltale secret for a few more years.

We shall use this period of grace to seek an international formula which guarantees that the use of atomic energy for destructive purposes shall be outlawed everywhere forever. We are engaged in this effort right now—and it is the greatest exhibition of international good faith and good will in the whole story of human relations. We ask nothing for ourselves. We offer everything for peace.

But, again, the indispensable specifications are plain as day. We shall not be talked out of them. We shall not be maneuvered out of them. We will give up nothing, in respect to this destructive secret, until it is demonstrated, as a matter of practical reality, that this whole earth is rid of the ultimate menace of atomic bombs; nor until any violator of these protections is sure of the swift and certain punishment which such world-treason deserves and requires and must get.

American Notes Ignored

Now let me briefly return specifically to Soviet-American relationships. I repeat my belief that it should be our anxiety to establish mutual fair play and mutual good will. It seems to me that we have rarely failed in this obligation.

On the other hand, it seems to me that this cannot be said of Moscow. For example, we lend-leased $11,300,000,000 to Russia during the war. We gave it every priority. We never even hesitated long enough to count the cost.

But within the past year, Russia has, to all intents and purposes, completely ignored four American diplomatic requests to open negotiations for settlement of these accounts—although practically all other lend-lease accounts with other allies have been liquidated.

Symbolic Incidents

Included in our Russian lend-lease were 125 of our merchant ships. Ninety-six of them continue to operate commercially under the Soviet flag. On three separate occasions, the State Department has sent polite notes to Moscow suggesting that it is time to talk about the disposition of these ships. All three notes have been ignored.

These are just a couple of symbolic incidents. I respectfully suggest that such experiences are not calculated to fertilize mutual good will and understanding.

I further suggest that it could not be considered an unfriendly act on our part, and would not be out of keeping with the dignity and prestige of the Government of the United States, if we were to insist upon somewhat prompter official mail from Moscow. After all, Washington is not an inconsequential way station on an unimportant R.F.D. If we allow others to think it is, they may get the habit; and that could be a dangerous misconception for them as well as us.

I hope the next meeting of the Council of Foreign Ministers, soon to meet in Moscow to lay the foundations for the critically necessary German and Austrian treaties of peace, may bring better understandings between us in all aspects of our relationships.

Looks To Soviet Promise

To this end, I hope, among other things, that the Soviets will find it convenient and advisable to keep their promise—their very definite promise—to allow unlimited entry and unlimited facilities for the American press to cover the conference, instead of sharply restricting this privilege to an unpalatable minimum as recently announced.

*I hope our new and distinguished Secretary of State, Gen. George C. Marshall, may find himself the exponent of a united American foreign policy in these new conferences, as former Secretary Byrnes so successfully did before him.

Although I cannot accept his invitation to accompany him to Moscow, at least in the first instance, because of the accumulated pressure of my duties on the domestic front, he will have my unqualified support of any united American foreign policy which offers friendship and good will to every other people on earth; which seeks no conquest for itself and condones none for others; which aims toward peace with justice in a free world of free men; and which defends American rights to the uncompromising end.

2 MORE SENATORS OPPOSE NAMING OF LILIENTHAL

WASHINGTON, Feb. 4—(AP) Senators Overton (D-La) and Brooks (R-Ill) announced they will vote against David E. Lilienthal for chairman of the Atomic Energy Commission today and Senator Russell (D-Ga) said he might, too.

Secretary of the Navy Forrestal, meanwhile, said that what he knows about Lilienthal "is good," and the Oak Ridge Association of Engineers and Scientists announced the nominee has its "confidence."

The Federation of American Scientists, many of whom worked on the atomic project during the war, meanwhile urged prompt senatorial confirmation of all members of the Atomic Energy Commission.

"Any other action, we believe," the federation said, "will have the gravest consequences for our peace and security and for the future development of atomic energy."

The new pros and cons came during a lull in senate atomic committee hearings as Senator McKellar (D-Tenn), battling against Lilienthal's confirmation, mustered fresh witnesses. They will be heard on Monday, when the hearings enter their fourth week.

Brooks issued a statement saying that "anyone who has had affiliation or association with Communism or with those who have been associated or affiliated with Communism should be denied this important post." Lilienthal has denied any such affiliation and President Truman yesterday termed the charges "absolutely unfounded."

Overton, in another statement, declared that "the United States is not so meagerly supplied with capable men that it must place the peace and security of the nation and the world in the care of one about whom so much controversy rages. Mr. Lilienthal is not the indispensable man."

Russell arose in the senate to assail a newspaper column saying the senator, because he represents a state where "power people have a real grip on local politics," would probably oppose Lilienthal. Russell shouted he is no "tool" of private power interests and cited his legislative record.

Then he added that he is not announcing how he stands on the appointment but that he would vote against Lilienthal if he finds the latter has "been in association with such people as these (Communists) or has any respect for them."

There were reports that Senator Brewster (R-Me) would join the opposition to Lilienthal. Brewster would say only that he might have a statement later.

Forrestal was asked by newsmen whether he plans a statement in Lilienthal's support similar to the one given to the senate committee by Secretary of War Patterson.

"I know David Lilienthal very slightly," Forrestal replied. "What I know about him is good."

WHITE OPPOSES LILIENTHAL AS FOES INCREASE

G. O. P. Senate Leader Raps 'Temperament'—Scientists Support Nominee

Washington, Feb. 14—(AP)—Republican opposition to David E. Lilienthal as chairman of the Atomic Energy Commission piled up today.

Almost simultaneously with President Truman's personal pledge to stand behind his nominee to the finish, G. O. P. floor leader Wallace White announced his determination to vote against Lilienthal because he is "temperamentally unfitted" for the job.

Friends of the former TVA chief who speculated anxiously what effect White's declaration might have on his fellow Republicans, especially the big squad of first termers, had a quick if not conclusive answer.

Private Enterprise An Issue

Scarcely an hour after the floor leader issued his statement, freshman Sen. James P. Kem of Missouri joined the anti-Lilienthal forces with a declaration that he cannot countenance "an outstanding exponent of government ownership as head of the Atomic Energy Commission."

"Atomic energy may have unlimited commercial and industrial potentialities," Kem asserted. "I believe that the control of this great new force should be entrusted to staunch supporters of our characteristic American system of private initiative and free enterprise."

White said his "compelling objection" to Lilienthal "springs from his controversial and arbitrary mental attitude towards those who do not accept his views." He called Lilienthal "restive and defiant of Congressional restraints."

White is the second of the "big five" Senate Republicans to come out flatly against Lilienthal. Kenneth Wherry of Nebraska, the Republican whip, led the way Monday.

Taft Seen Hostile

The other three have not made their positions formally known—President Pro Tempore Vandenberg of Michigan; Ohio's Robert A. Taft, policy committee chairman, and Eugene Millikin of Colorado, chairman of the Republican Senate conference.

Taft's friends say confidently that he will vote against Lilienthal, although they do not profess to say whether he will try to put the party's machinery in gear against Mr. Truman's man.

Vandenberg and Millikin are members of the Atomic Energy Committee which is considering the nomination, and as such have refrained from delivering any prejudgment of the appointment. Vandenberg has likened his position to that of a juror who hasn't heard all the evidence.

Nevertheless, his questioning of Lilienthal has been friendly, as has that of Millikin. Hence many of their colleagues would be surprised if either voted "nay" on the showdown.

If any additional evidence were needed that a sharp floor fight is shaping up over the nomination, Mr. Truman filled the gap late yesterday when he told his news conference he was supporting Lilienthal all the way through.

Scientists Back Lilienthal

Oak Ridge, Tenn., Feb. 14—(AP)—The Oak Ridge Association of Engineers and Scientists said today that David E. Lilienthal, whose nomination as chairman of the Atomic Energy Commission is under attack before the Senate Atomic Energy Committee, has its "confidence."

"We don't want to enter into any discussion of Mr. Lilienthal's qualifications except to say that he has the confidence of the Oak Ridge scientists," said Dr. L. W. Nordheim, chairman of the Association's executive committee.

Federal Court Rules Against OPA's Industrial Sugar Ration System

WASHINGTON, Feb. 14—(AP) OPA, fighting a challenge to its industrial sugar rationing methods, lost in the U. S. Court of Appeals today and turned to the Supreme Court.

The appeals court, in a 2 to 1 decision, held invalid the agency's "historical use" system of rationing sugar to the bulk sweetened condensed milk industry.

OPA attorneys contended this might force scrapping of the industrial rationing system and ultimately affect its method of rationing for household use. Meanwhile, rationing continues as usual at least until March 4.

Carl Auerbach, chief OPA counsel, told the court in arguments last week that OPA officials had been unable to find any satisfactory method for industrial allocation other than the "historical use" basis. This is a formula under which sugar is rationed on the basis of use in pre-rationing periods.

On this point, Judge E. Barrett Prettyman wrote in the appeals court opinion:

"We do not see how or why the historical use basis is the only method x x x the injunction (ordered by a lower court) is not a sweeping invalidation of rationing or allotment."

The majority opinion was concurred in by Judge Wilbur K. Miller. Judge Henry W. Edgerton dissented. The court sustained a decision handed down Feb. 7 by District Judge F. Dickinson Letts in a suit by the Moberly (Mo.) milk company.

Ordinarily the judgment would have become effective in 15 days but OPA attorneys successfully sought an extension until March 4.

Congress may be asked to settle the entire sugar problem before the high court gets around to a ruling. Authority for rationing sugar is contained in the second warpowers act which expires March 31. Thus congress may rule on an administration request to extend sugar rationing for one year.

If rationing is continued congress also may be asked to set up new rationing regulations that would either validate the "historical use" formula for industrial users or set up a new rationing system for them.

OPA officials have said that congress may be asked to take industrial sugar rationing from under provisions of the war mobilization and reconversion act of 1944.

It was on this act that the Moberly company pinned its major attack. Its attorneys contended (1) the act prohibits "discrimination" against small business in allocating materials and (2) the OPA formula prevented the company from getting the sugar it needs.

BIG AND LITTLE INCH PIPELINES ARE SOLD

U.S. Agency Accepts Cash Offer Of $143,127,000

Washington, Feb. 14 (AP)—The Government knocked down its Big and Little Inch pipelines for $143,127,000 today to carry natural gas to the East.

The War Assets Administration accepted the cash offer by the Texas Eastern Transmission Corporation of Houston, Texas—only $2,700,000 short of what the lines cost to build—and Administrator Robert M. Littlejohn expressed hope the company would take over by May 1.

Two Steps Needed

Two steps, however, are necessary:

1. The Justice Department must approve from the anti-trust standpoint. Littlejohn said he was informed it could rule within a week.

2. The Federal Power Commission must grant a certificate of convenience and necessity. Senator Myers (D., Pa.) predicted the commission will "never permit the transmission of natural gas to the Eastern seaboard" and insisted there is "nothing final at all" about the sale.

The 1,340-mile pipelines were built in 1942 and 1943 to carry oil and gasoline from the Southwest to the New York-Philadelphia area when German U-boats were attacking water shipments and tankers were needed overseas. Coal and railroad interests have fought all proposals to use them for gas since the Government offered them for sale.

Purchaser A New Company

The Texas Eastern Transmission Corporation is a new company formed in January and headed by E. Holley Poe, of New York, an oil-and-gas operator. Its offer—by far the biggest ever received for war surplus—was entered as the highest of eleven sealed proposals opened Monday.

Littlejohn, plainly elated, announced the sale at a news conference. In November he had thrown out an entire batch of sixteen bids submitted in July, holding they did not represent a "fair return" to the Government. The offer accepted today is $77,000,000 higher than the top cash offer made then, he said.

Congressmen from the oil and coal producing State of Pennsylvania did not share Littlejohn's elation, however. The State forbids stream-crossing permits to any but petroleum products and has held that natural gas is not such a product.

To Pay Cash In Full

The new company, Littlejohn said, has announced its readiness to pay "cash in full when the Government delivers a quit-claim deed." Terms of the purchase permit a nine-month delay after the Government delivers a formal letter of intent to sell.

The company's proposal said it expects a total capitalization of $182,000,000 to swing the sale and start operations.

Housing in '47 Seen Nearing Million Total

Bureau of Labor Statistics Predicts Record Output at $6,000,000,000 Cost

WASHINGTON, Feb. 14 (AP).—The Bureau of Labor Statistics estimated today that if all goes well nearly a million new homes will be built this year, at a cost of $6,000,000,000.

New home construction hit a fast pace in December, with 58,000 homes completed—more than in any month in 1946. This brought the total for the year to 454,000, the bureau said.

The new housing projects employed about 520,000 construction workers in December, 55,000 below the November total, the report said. The homes cost $355,000,000.

According to preliminary estimates, employment on residential building dropped still further in January, to about 485,00, but the pay roll is expected to start climbing soon and reach a peak of about 925,000 next September. That would be 300,000 more than were employed at last year's peak.

The bureau's statement added:

"All estimates are predicated on an improved flow of materials in 1947 resulting in more efficient operations and better utilization of labor. Thus, it is assumed that any further rises in material prices or wage rates will be offset to a large degree, keeping construction costs on the whole at about current levels.

"It is also assumed that no major business recession or important work stoppages affecting construction will occur in 1947."

Steel for House Goods To Be Freed From Curbs

WAHINGTON, Feb. 14 (AP).—The Office of Temporary Controls announced today it will junk priority regulations covering steel for manufacturing housing products on March 31, thus ending the last remaining government control over the use of steel.

John C. Houston jr., Commissioner of the Civilian Production branch of O. T. C., said the decision was reached after the steel industry agreed to provide 305,000 tons of steel for housing products during the second quarter of this year under a voluntary program.

He said the action also was approved by Housing Expediter Frank R. Creedon, and quoted industry officials as saying that government regulations would not be needed to assure steel supplies for the second quarter. The voluntary allocation program will continue through this year, Creedon said.

C. P. A. said the second quarter steel quota is sufficient to provide products for 300,000 homes, including 4,000 prefabricated steel houses. C. P. A. ordered the industry to provide 295,200 tons of steel for housing during the first quarter under its directive powers.

DURANT TRIAL WITNESSES ARE HARD TO FIND

Some Of Jewels Hinted Still In Hands Of Chicago Underworld

Washington, Feb. 14 (AP)—The Army said today that some of its prospective witnesses against Col. Jack W. Durant, on trial in connection with the theft of the Hesse crown jewels, are evading subpoena servers.

This came out along with new evidence which hinted that the Chicago underworld may still have part of the $1,500,000 in gems taken from Kronberg Castle in Germany.

Major Joseph Robinson, prosecutor, said he may require another week or ten days to present his case because of difficulty in getting some witnesses.

Some Of Gems Still Missing

"I don't know if I will be successful in serving process on some witnesses," Robinson told the military court trying Durant. The colonel is charged with violating three articles of war, including one against larceny.

Dr. Lemoine Snyder, medical-legal director of the Michigan State police, told the court today that Durant, while held by army investigators, had arranged by telephone for a "fence" to place some of the missing jewels in a Chicago railroad station locker.

Dr. Snyder added that Durant contended the "fence" had not returned all the damonds and emeralds when the jewels were recovered later from the station.

Army investigators have said part of the jewels have not been located.

Durant's Customs Petition

The prosecution placed in evidence a petition by Durant to Federal customs officials asking that 106 assorted diamonds be returned to him on the grounds he "lawfully acquired" them although he brought them into this country illegally.

Phil G. Fraser, Chicago agent for the customs service, testified that Durant surrendered the diamonds to the Government voluntarily but admitted sending them through the mails from Germany and then trying to dispose of them in this country.

Durant's petition said that, while he did not declare them to customs officials, he felt it customary for members of the armed forces to mail packages home without declaring them for duty charges.

CHICAGO GANG MAY HAVE GOT HESSE JEWELS

Durant Trial Witness Brings Underworld Angle Into Case

Washington, Feb. 14—(AP)—New evidence was received in the Hesse jewel theft case today pointing toward the possibility that the Chicago underworld obtained and may still possess part of the $1,500,000 fortune.

It came in testimony from Dr. Lemoine Snyder, medical-legal director of the Michigan State Police, at the trial of Col. Jack W. Durant, accused looter of the Hesse family's Kronberg, Germany, castle.

Snyder backed up the story of earlier witnesses that Durant, while in custody of Army investigators in Chicago, arranged by telephone for a "fence" to leave some of the gems in a railroad station package lockbox.

When the package was recovered and opened, he said, Durant maintained the "fence had not returned all the diamonds and emeralds.

The Army Criminal Investigation division says a portion of the jewels taken from the Hesse castle never has been located.

The name of the "fence" has not been disclosed.

Snyder said he asked Durant whether the reason for his reluctance to tell Army investigators about the "fence" was "because you are afraid of him."

"You're — damn right I'm afraid of them," Snyder quoted Durant as replying.

Snyder said Durant at first accused the Army investigators of "double crossing" him and taking some of the jewels.

Durant's wife, former WAC Capt. Kathleen Nash, is serving a five-year term after her conviction of conspiracy in the case at a separate military trial.

U.S. Closes B-29's Case

Washington, Feb. 14 (AP)—The United States apparently has closed the books on the wartime incidents of four B-29's which failed to return from raids on Japan and then showed up in the possession of the Russians.

The Superfortresses, Army Air Forces indicated today, long since have been written off and any copying value they might have for other countries is negligible.

As far as could be learned, the United States at no time attempted to recover the three slightly damaged B-29's nor the wreckage of a fourth which also went down on Russian territory near Vladivostok.

Damaged Condition

The AAF, asked last summer about two of the B-29's in Russian hands, said that no effort was made to recover possession. This was because of their damaged condition and the long distance involved in sending possible repair parties or transporting the planes to a shipping point.

The four B-29's came down in Russia during the late Fall and Winter of 1944-45. They had been damaged or were low on fuel after long-distance strikes at Japan from bases in Southeast Asia and the Pacific area.

The international aspects of the landings were complicated by the fact that at the time Russia was not at war with Japan. Under strict interpretation of international law a neutral country is authorized to impound aircraft and intern the military personnel of a belligerent nation landing in neutral territory.

Soviet Fighter Gunfire

Members of some of the B-29 crews reported later that their planes were hurried down to landings by the gunfire of Soviet fighter planes and flak sent up from ground batteries.

The Americans reported they were well fed and housed, but said Russian officers questioned them repeatedly, raising demands to know why the United States had not supplied Russia with B-29's. Some of the crewmen were allowed to talk with an American consul while in Siberia.

As to the disclosure of the B-29 secrets by the acquisition of Superfortresses by any foreign power, an AAF spokesman pointed to the wide distribution since the war of many details of the Superfortress, including photographs, charts and official accounts.

Becoming Obsolescent

One AAF general, who declined the use of his name, pointed out that the B-29 is becoming obsolescent and that accordingly the United States already has in the experimental stage "other much better long-range bombers." Production of B-29's was stopped some months ago, he said.

The AAF, this general commented, does not feel that "any great harm would result" from the possession of a B-29 model by another nation. He added, however, that if a nation wanted merely to build a similar type bomber, without the improvements brought about since the B-29 was designed, the possession of a Superfortress, of course, would be useful.

FAVOR CONTINUING 'DEFICIENT' SHIPS

Army Operation of Substandard Troop Vessels To Dec. 31, '47, Approved by House Group

WASHINGTON, Feb. 14 (AP)—A House Merchant Marine subcommittee approved today legislation authorizing the Army to operate until Dec. 31, 1947, troopships that do not comply with marine safety standards.

The wartime authority under which the Army has operated such ships expires on March 31.

The committee acted after a War Department spokesman admitted that some transports have "serious (safety) deficiencies" but insisted that lives are not being jeopardized.

Testifying in support of the legislation, Maj. Gen. Edmond H. Leavey said the return of troops and civilians from abroad would be seriously delayed if the vessels were not used.

The main safety deficiency, he said, was lack of enough lifeboats to carry all passengers in the event a ship had to be abandoned. He declared, however, this deficiency is made up by the use of life floats, life rafts and lifeboats with devices to provide buoyancy for up to 50 per cent in excess of the normal number of passengers.

In addition, he said, there are two life belts for every passenger and crew member.

The reason the condition exists, the general told the committee, is that the ships are converted cargo vessels and are not adaptable to conversion that would meet standard requirements without major overhauling.

So far as he knows, General Leavey added, there has been no loss of life from troop carriers that do not meet standard safety requirements.

"The vessels may not be legally safe," he commented, "but practically they are far safer than the ones used during the war."

Ex-GI Describes His 17 Weeks Spent In Yugoslavian Prisons

Kearny, N.J., Feb. 14 (AP)—Roy Stoeckel sat beside his mother today and told the story of seventeen weeks of solitary confinement in Yugoslav prisons which resulted, he said, from a snapshot he took of what he thought was a quaint white farmhouse after he had inadvertently crossed the border from Austria.

Stoeckel, 24-year-old former GI, told of the months of confinement in unlighted cells, vain appeals for counsel, and meager meals consisting of soup, cereal and bread—all because of that snapshot, which, he said resulted in his imprisonment on espionage charges by a Yugoslav military court last July 14.

He was released December 29 and arrived home here last night aboard the American transport Coontz. Sitting alongside his mother, Mrs. Oscar E. Stoeckel, in their apartment on the top floor of a two-family house, Stoeckel talked freely of his experiences.

"I went on a picture-taking tour last summer—or at least started one—and apparently crossed the border from Austria to Yugoslavia without realizing it," he related.

The "military object" which he was accused of photographing, Stoeckel said, was the small white farmhouse, nestled in the hills. He said it was the last picture of a roll of film, and certainly the only picture he possibly could have taken inside the Yugoslav border.

Backs White Peoples' Rights, Columbians Organizer Asserts

Atlanta, Feb. 14 (AP)—Homer L. Loomis, Jr., organizer and secretary of the brown-shirted Columbians, described himself tonight as an "American nationalist" who believed in the "rights of white people."

On trial in Superior Court for incitement to ric, Loomis took the stand at a night session to make a lengthy, sometimes rambling, unsworn statement.

Under Georgia law, he was not required to take an oath and could not be questioned by either defense or prosecuting attorneys.

"We need an America which would have one people," the tall, black-haired Columbian leader declared at one point, adding that "people of one blood" had the best standards of living.

Columbians Lose Court Move

He said he had found that where races are mixed or have not assimilated, "living standards are lowered and conditions are bad."

Loomis had not, in an hour and twenty minutes of talking, reached an explanation of what his group would do about the Negroes and Jews against whom most of their efforts had been directed.

Earlier today, attorneys for the organization lost their efforts to establish the Anti-Nazi League of New York as the spearhead for prosecution of the Columbians.

H. L. Loomis, Sr., admiralty attorney, of New York, who is representing his son, argued that the league is directed by Jews who had worked agents into Columbian memberships.

Solicitor Wins Objective

E. E. Andrews, solicitor general, in winning his objection to mention of the league, said indictments against the younger Loomis, Columbian executive secretary, and Emory Burke, president, were returned before league agents came to Atlanta.

The fight ove rthe league's activities came as Betty Penland, Columbian office secretary, was on the stand. She previously had testified with bitterness against Jews and Negroes.

She said Columbians hoped to segregate the white and Negro races and were active mainly in neighborhoods where Negroes were moving into houses prevoiusly occupied by white persons.

She said Columbians "helped get Negroes out" of such neighborhoods but did not elaborate. She accused "Jews of taking their money" in selling such houses to Negroes.

'Jews Came Down From N.Y.'

"The Jews came down from New York," the witness said with reference to two agents of the Anti-Nazi League before the court ordered such testimony halted. Attorney Loomis argued that the league testimony was "the heart of this issue" but the court refused to alter its ruling.

Defense witnesses told the jury they had not seen rifles, shotguns and pistols around Columbian headquarters as had been testified by state witnesses.

Indiana Anti-Hate Bill Advances

Indianapolis, Feb. 14 (AP)—The Indiana House approved unanimously today a bill outlawing hate organizations in Indiana. The bill now goes to the Governor.

The bill outlaws organizations which promote differences between races and religious groups and is aimed at the Ku Klux Klan, Columbians and other organizations.

The bill provides fines up to $10,000 and ten years' imprisonment for "racketeering in hate."

F. B. I. Discusses Michigan Reds With Governor

Sigler Says He Seeks Aid to Divide 'Sheep,' 'Goats' in Drive on 'Agitators'

WASHINGTON, Feb. 14 (AP).—Governor Kim Sigler of Michigan, said today that he had had "a very satisfactory" conference with Federal Bureau of Investigation officials on his plans to expose subversive elements in the state.

He told reporters that "agitators, radicals and Communists" are trying to stir up discord among state employees, college students and labor unions.

If the F. B. I. would help him separate "the sheep from the goats," he said, he would need no other help from the Federal government. "I can take care of them myself," Governor Sigler said.

He discussed the situation with Edward Tamm and L. B. Nichols, assistant directors of the F. B. I. Senator Homer Ferguson, Republican, of Michigan, and Arthur H. Vandenberg jr., son of Michigan's senior Senator, also participated in the conference.

Earlier the Governor had explained that he wants to get the facts on subversive elements and publicize them so that "the people will not be misled." He stressed that he was not concerned about the activities of these groups if they are brought into the open.

Some of them operating in Flint, Governor Sigler said, call themselves Communists, but in other parts of the state they are organized "under some sugar-coated names."

He said he has indications of

30.24-7909

subversive activities among students at Michigan and Wayne Universities.

Mr. Sigler said there is "a definite cleavage" between a "radical crowd" and others in Michigan's labor unions. The "radical crowd" is responsible for raising "all the hell," he said. He added that infiltration of Communists into labor unions in the state is "a serious problem," accounting for "a great part of our labor trouble."

U. S. ASKS COURT BACK CLAIM ON GARSSON PROFITS

Washington, Feb. 14—(AP)—The Government asked the U. S. Tax Court today to back its demand that one of the former Garsson munitions firms return "excessive profits" on a war contract.

The War Price Adjustment Board charged that Erie Basin Metals Products, Inc., Elgin, Ill., made $1,270,000 in "excessive profits" during the 12 months ended November 30, 1943, although its "tangible net worth" at the beginning of that period was only $11,832. The court has jurisdiction in price adjustment cases where no amicable compromise is reached.

The board asked that the company be ordered to return to the Government $385,874.48 cash, saying that $884,125.52, the balance of the $1,270,000, has been recouped already in taxes.

The Garsson brothers, Murray and Henry, are under indictment along with former Rep. Andrew J. May of Kentucky on conspiracy charges connected with the operations of their wartime munitions empire. The Garssons are no longer associated with the Illinois firm.

Erie Basin asked the Tax Court earlier to bar the Government claim, denying that its profits were excessive.

The company also protested a move by Government contract renegotiators to disallow as exsessive $63,000 of its charges for executives salaries and $10,000 of its charges for expenses of operating its Washington office.

MORGENTHAU YIELDS

Washington, Feb. 14.—The matter of the diaries which Henry Morgenthau Jr. took with him upon his resignation as Secretary of the Treasury was ended today when Morgenthau agreed to permit Treasury officials to examine them and take whatever writings may be regarded as official. In a letter to his successor, Secretary Snyder, Morgenthau repeated that none of the papers he took from Washington were official or records of importance.

Snyder said that examination of the diaries will determine to what extent the materials contained in them are needed to complete the departmnt records.

The Secretary's representatives will have to wade through more than 900 volumes containing something like 60,000,000 words.

Anderson And Harriman Plan European Survey

Washington, Feb. 14 (AP)—Clinton P. Anderson, Secretary of Agriculture, and W. Averell Harriman, Secretary of Commerce, plan to leave about March 13 for a two-week survey of the food and livestock feed situation in Europe, the Agriculture Department announced today.

They will visit Germany, Austria, Italy, France and Britain to see whether the American food purchase and export programs for those countries are adequate.

LONDON--THIRD ADD NIGHT LEAD PALESTINE XXX PALESTINE PROBLEM.

BRITAIN'S TURN TO THE UNITED NATIONS ENDS AN EVENTFUL CHAPTER IN MIDDLE EAST HISTORY THAT BEGAN IN THE FIRST WORLD WAR WHEN LORD BALFOUR, THEN BRITISH FOREIGN SECRETARY, PROMISED THE JEWS A "NATIONAL HOME" IN PALESTINE AND LAWRENCE OF ARABIA MADE PLEDGES, WHICH PROVED CONFLICTING, TO THE ARABS REVOLTING AGAINST TURKEY.

IN DEALING WITH THE PROBLEM BRITAIN'S FOREIGN EXPERTS HAVE ALWAYS BEEN CONSCIOUS OF THE RISING NATIONALISM OF THE 70,000,000 MOSLEMS IN THE MEDITERRANEAN AND MIDDLE EAST AREAS AND THE DANGER OF A HOLY WAR. THIS RISING NATIONALISM HAS BECOME EVIDENT IN ORGANIZATION OF THE SEVEN-NATION ARAB LEAGUE BY EGYPT, ARABIA, IRAQ, SYRIA, LEBANON TRANSJORDAN, AND YEMEN IN 1945.

THESE EXPERTS HAVE REGARDED ANY UNFRIENDLY PALESTINE AS A DAGGER POINTED AT THE EMPIRE'S MOST VITAL ARTERY, THE SUEZ CANAL. THE STRATEGIC VALUE OF THE COUNTRY HAS INCREASED AS A STATION ON THE INTERNATIONAL AIR ROUTE TO INDIA, AND AS THE TERMINUS FOR THE MAIN OIL PIPELINES FROM BRITAIN'S OIL ENTERPRISES IN THE MIDDLE EAST.

SECOND LEAD BRITISH-COAL

BY TOM WILLIAMS

LONDON, FEB.14-(AP)-PRIME MINISTER ATTLEE SOUGHT WITH HIS "COAL CABINET" TONIGHT TO FIX AN APPROXIMATE DATE FOR ENDING BRITAIN'S DISASTROUS INDUSTRIAL SHUT-DOWN, AND A GOVERNMENT SPOKESMAN ANNOUNCED THERE WERE SIGNS THAT THE NATION HAD "TURNED THE CORNER" IN THE CRISIS.

AT THE SAME TIME THE PRIME MINISTER DECLINED WITH THANKS PRESIDENT TRUMAN'S OFFER TO DIVERT EUROPE-BOUND COAL TO BRITISH PORTS, SAYING THE NEED ON THE CONTINENT WAS NO LESS GREAT.

THE COAL CABINET CONFERENCE WAS THE FIRST INDICATION FOR THE ISLAND'S 49,000,000 SHIVERING AND BROWNED-OUT INHABITANTS THAT THE END OF THE FUEL CRISIS MIGHT BE IN SIGHT.

"BUT IF WE HAVE TURNED THE CORNER, IT IS ONLY JUST," SAID SIR GUY MOTT-BOWER, UNDERSECRETARY OF THE MINISTRY OF FUEL AND POWER.

THE SPECIAL NINE-MAN "COAL CABINET," HEADED BY PRIME MINISTER ATTLEE, SCHEDULED A MEETING WITH GAS COMPANY EXECUTIVES TODAY TO DISCUSS THE PROBLEM.

THE LABOR PARTY ORGAN, THE DAILY HERALD, PROCLAIMED IN FRONT PAGE HEADLINES THAT A GAS CUT WAS LIKELY IN A FEW DAYS.

ATTLEE REPORTED TO PARLIAMENT YESTERDAY THAT THE COAL SITUATION WAS "STILL CRITICAL DESPITE THE BREAKING OF THE SNOW AND ICE BLOCKADE BY SHIPS AND TRAINS CARRYING FUEL TO LONDON AND OTHER METROPOLITAN AREAS."

THE PRIME MINISTER SAID LOW COAL STOCKS AT GAS PLANTS ARE "GIVING CAUSE OF ANXIETY." THE GAS COUNCIL SHORTLY AFTERWARD ANNOUNCED THAT ALL GAS PLANTS WERE BEING WARNED TO PLAN FOR THE POSSIBILITY OF SHUTTING OFF SERVICE TO ALL INDUSTRIAL AND COMMERCIAL CONSUMERS EXCEPT THOSE "ENGAGED IN ESSENTIAL SERVICES OR CONTINUOUS PROCESS OPERATIONS." ADD LDN(D) - COAL CABINET +XXX -REMIVED

ATTLEE TOLD THE HOUSE OF COMMONS THAT 78,000 TONS OF COAL HAD BEEN SAVED AS A RESULT OF THE FIRST THREE DAYS' RESTRICTIONS ON ELECTRICITY SINCE MONDAY FACTORIES IN A 38-COUNTY INDUSTRIAL AREA OF ENGLAND AND WALES HAVE BEEN SHUT DOWN. HOUSEHOLDERS IN THAT AREA HAVE BEEN FORBIDDEN TO USE ANY ELECTRIC POWER DURING FIVE DAYLIGHT HOURS IN EACH DAY. THE LATTER BAN WAS EXTENDED YESTERDAY TO ALL OF ENGLAND, SCOTLAND AND WALES.

AUTHORITIES REPORTED, HOWEVER, THAT COMPLIANCE WITH THE HOUSEHOLD BAN WAS STILL "NOT SO GOOD" DESPITE THREATS OF HEAVY PENALTIES.

THIRTY-SEVEN COAL SHIPS CARRYING MORE THAN 60,000 TONS OF COAL BEAT THEIR WAY THROUGH ICY CHANNEL GALES TO LONDON YESTERDAY AND THE MOVEMENT OF SNOWBOUND COAL TRAINS IN NORTHERN ENGLAND AND THE MIDLANDS WAS SPEEDED BY THE LABOR OF THOUSANDS OF RAILWAY WORKERS, SOLDIERS AND GERMAN PRISONERS WORKING AROUND THE CLOCK.

ONE COLLIER, IDENTIFIED AS THE 642-TON ARY, OF PANAMAN REGISTRY, WAS REPORTED TO HAVE FOUNDERED AND SUNK OFF THE IRISH COAST WHILE CARRYING COAL FROM WALES TO EIRE. SIXTEEN OF HER 17 CREW MEMBERS WERE REPORTED MISSING.

AT LEAST ONE DEATH WAS ATTRIBUTED TO THE VIRTUAL WARTIME BLACKOUT OF STREET LIGHTS WHICH WENT INTO EFFECT LAST NIGHT. ALBERT JOHN BARNES, 71, WAS KILLED BY A TAXI WHEN HE STEPPED INTO A BLACKED OUT STREET NEAR HIS HOME IN SOUTH LONDON.

FREEZING WEATHER COONTINUED TO GRIP MOST OF BRITAIN AND VISCOUNT ADDISON, GOVERNMENT LEADER IN THE HOUSE OF LORDS, INFORMED PARLIAMENT LAST NIGHT THAT IT WAS IMPOSSIBLE TO FORECAST WHEN THE POWER RESTRICTIONS WOULD BE LIFTED.

ADDISON DEFENDED THE GOVERNMENT AGAINST CONSERVATIVE CHARGES OF COAL MISMANAGEMENT, RAISED DURING A HOUSE OF LORDS DEBATE MARKED BY STURDY OPPOSITION DEMANDS THAT EMANUEL SHINWELL BE OUSTED AS FUEL AND POWER MINISTER.

SHINWELL WAS DEFENDED BY THE NATIONAL UNION OF MINEWORKERS, WHOSE EXECUTIVE COMMITTEE ISSUED A STATEMENT RAPPING "ATTEMPTS THAT ARE BEING MADE BY ENEMIES OF LABOR TO EXPLOIT THIS SITUATION."

POSSIBILITIES OF MORE NEW RESTRICTIONS -- IN CLOTHING AND FOOD RATIONS -- WERE SUGGESTED BY OTHER CABINET MINISTERS LAST NIGHT.

SIR STAFFORD CRIPPS, PRESIDENT OF THE BOARD OF TRADE, SAID THAT AS A RESULT OF LOST CLOTHING PRODUCTION DURING THE EMERGENCY RATION COUPONS TO BE ISSUED MARCH 1 FOR THE USUAL SIX-MONTH PERIOD "MAY HAVE TO LAST FOR SEVEN MONTHS, POSSIBLY LONGER."

FOOD MINISTER JOHN STRACHEY TOLD THE CABINET YESTERDAY, INFORMED SOURCES SAID, THAT THE DISRUPTION OF TRANSPORT MIGHT CAUSE DIFFICULTY IN RE-STOCKING RETAILERS WITHIN SIX WEEKS, WHEN THE CURRENT FOOD RATION PERIOD ENDS.

BRITISH BANKS RAN OUT OF SMALL COINS FOR REGULAR DEALINGS BECAUSE THE POWER SHUTDOWN STOPPED OPERATIONS AT THE MINT. BRITISH STORES REPORTED THEIR STOCKS OF FLASHLIGHT BATTERIES EXHAUSTED. THE ARCHBISHOP OF CANTERBURY WAS FURIOUS BECAUSE HE HAD BEEN ASKED TO SET ASIDE A "FUEL AND POWER SUNDAY" FOR SPECIAL PRAYERS.

"IT MAKES ME FURIOUS SOMETIMES WHEN PEOPLE ASSUME THAT NOBODY CAN PRAY FOR ANYBODY UNLESS THEY ARE TOLD TO DO SO BY AN ARCHBISHOP," HE SAID.

LONDON, FEB 14-(AP)-PRESIDENT TRUMAN THREATENED A DOZEN EUROPEAN COUNTRIES WITH "MOST CRITICAL" SITUATIONS BY HIS OFFER TO DIVERT 50 TO 75 AMERICAN COAL SHIPS AT SEA TO BRITISH PORTS, OFFICIALS OF THE EUROPEAN COAL ORGANIZATION SAID TONIGHT.

THE TRUMAN SUGGESTION--REJECTED WITH THANKS BY PRIME MINISTER ATTLEE--WAS A "GENEROUS" GESTURE TOWARD BRITAIN IN HER CURRENT INDUSTRIAL CRISIS, J.EATON GRIFFITH, COAL ORGANIZATION CHAIRMAN, SAID IN A STATEMENT.

GRIFFITH AND OTHER OFFICIALS OF THE 19-NATION ORGANIZATION RESPONSIBLE FOR ALLOCATING SUPPLIES TO MOST OF THE FUEL-SHORT OLD WORLD, MADE NO SECRET, HOWEVER, OF HAVING BEEN GRAVELY CONCERNED THAT IT MIGHT BE ACCEPTED..

THEY ESTIMATED THE PROPOSAL WOULD BRING ABOUT 500,000 TONS OF AMERICAN COAL TO BRITAIN, WHICH HAS NOT SO FAR RECEIVED ANY OF THE 2,000,000-TON MONTHLY EMERGENCY SHIPMENTS FROM AMERICA SINCE THE WAR.

BUT IT WOULD TAKE AWAY THE SAME AMOUNT, THEY NOTED, FROM ITALY, FRANCE AND OTHER COUNTRIES OPERATING AT A BARE 69 PERCENT OF NORMAL PREWAR EVEN WITH THE AMERICAN SHIPMENTS.

AZEVEN A TEMPORARY DIVERSION OF COAL SUPPLIES FROM THE UNITED STATES WOULD PLACE THESE COUNTRIES IN A MOST CRITICAL POSTION" GRIFFITH SAID,

ITALY AND FRANCE WOULD BE HIT HARDEST, SINCE ITALY NOW GETS ABOUT 40 PERCENT AND FRANCE 26 PERCENT OF THE AMERICAN SHIPMENTS.

BELGIUM, THE NETHERLANDS, DENMARK, NORWAR, SWEDEN, FINLAND, SWITZERLAND, PORTUGAL, FRENCH NORTH AFRICA AND GREECE ALSO HAVE BEEN RECEIVING PARTS OF THE EMERGENCY SHIPMENTS.

"THE COAL POSITION OF THE UNITED KINGDOM," GRIFFITH SAID, "WHILE UNDOUBTEDLY MOST SERIOUS, IS NOT, EVEN TODAY, REALLY COMPARABLE WITH THE SITUATION WHICH HAS OBTAINED CONSISTENTLY IN MOST COUNTRIES ON THE CONTINENT OF EUROPE SINCE THE WAR."

LONDON, FEB 14-(AP)-GEORGE BERNARD SHAW PROPOSED TODAY THAT BRITAIN HARNESS THE VIOLENT TIDES THAT SWIRL THROUGH THE NARROW INLETS OF NORTHERN SCOTLAND TO OBTAIN THE POWER TO PREVENT A RECURRENCE OF THE COAL CRISIS. HE NOTED GLOOMILY, HOWEVER, THAT "MY SUGGESTIONS USUALLY TAKE 30 YEARS TO ATTRACT ANY ATTENTION."

IN A LETTER TO THE TIMES OF LONDON, THE PLAYWRIGHT RECALLED THAT ON A TRIP TO SCOTLAND YEARS AGO HE HAD SEEN "SEVERAL FLUMES LIKE THE KYLE OF TONGUE, READY-MADE BY NATURE, THROUGH WHICH THE TIDE RUSHED TWICE A DAY, CARRYING THOUSANDS OF TONS OF SHEER POWER BOTH WAYS."

"BUT NOBODY WAS DOING ANYTHING ABOUT IT," SHAW ADDED. "WHEN I ASKED ENGINEERS WHY, THEY SAID THEY DID NOT KNOW HOW TO CAPTURE MORE THAN A NEGLIGIBLE PERCENTAGE OF WATER POWER. I TOLD THEM THEY HAD BETTER FIND OUT."

TRIESTE, FEB.14-(AP)-WITH SIGNATURES ON THE ITALIAN PEACE TREATY BARELY FOUR DAYS OLD, ITALIAN SYMPATHIZERS HERE WERE CLAMORING TODAY FOR ITS REVISION.

STILL REFUSING TO ACCEPT ESTABLISHMENT OF THE TRIESTE FREE STATE AND CESSIONTO YUGOSLAVIA OF THE ISTRIAN PENINSULA AND THE ISONZO RIVER VALLEY IN VENEZIA GIULIA, MOST ITALIANS WERE BASING THEIR HOPES ON A LAST MINUTE CHANGE OF HEART OF THE ALLIES AND REFUSAL OF THE U.S. SENATE TO RATIFY THE TREATY.

A WAVE OF MINOR VIOLENCE THROUGHOUT VENEZIA GIULIA--WITH THE ITALIANS, ACCORDING TO COMPETENT ALLIED MILITARY GOVERNMENT OFFICIALS, "ON THE AGGRESSIVE"--MEANWHILE BORE WITNESS TO RESURGENCE OF ITALIAN YUGOSLAV ILL FEELING IN THIS DISPUTED CITY.

IN THE ARGUMENT OVER THE TREATY, BOTH SIDES INSISTED THAT THEY SIGNED "UNDER DURESS." BUT WHILE PRO-ITALIAN COMMENT RANGED FROM BITTER SARCASM TO OUTRIGHT ACCUSATIONS OF "BETRAYAL" BY THE WESTERN ALLIES, PRO-YUGOSLAVS GAVE THE IMPRESSION THAT THEY FELT YUGOSLAVIA HAD GOT RATHER MORE THAN SHE EXPECTED OUT OF THE TREATY.

THE PRO-ITALIAN NEWSPAPER VOCE LIBERA YESTERDAY PROMINENTLY DISPLAYED DISPATCHES FROM ROME, PARIS, WASHINGTON AND LONDON ABOUT PROSPECTS FOR REVISION OF THE TREATY "IN FAVOR OF ITALY." HEADLINES PROCLAIMED THAT AMERICAN "PUBLIC OPINION" SUPPORTED REVISION. THE PRO-YUGOSLAV PRESS DISMISSED THESE DEMANDS AS "CHAUVINISM."

ALTHOUGH HOPING AGAINST HOPE FOR AN ELEVENTH HOUR REPRIEVE, TENS OF THOUSANDS OF ITALIANS IN AREAS CEDED TO YUGOSLAVIA CONTINUED PREPARING TO LEAVE FOR ITALY BEFORE RATIFICATION DAY.

IN THE ANGLO-AMERICAN ENCLAVE OF POLA, PROPORTIONATELY THE MOST

ITALIAN CITY GAINED BY THE SLAVS, MORE THAN 10,000 ITALIANS ALREADY HAD LEFT AND AT LEAST 15,000 MORE WERE WAITING TO LEAVE.

OTTAWA, FEB. 14-(AP)-SPOKESMEN FOR THE COOPERATIVE COMMONWEALTH FEDERATION, THE THIRD STRONGEST PARTY IN THE CANADIAN PARLIAMENT, EVINCED SOME UNEASINESS TODAY OVER CANADA'S ANNOUNCED POLICY OF CONTINUED DEFENSE COOPERATION WITH THE UNITED STATES.

BOTH M.J. COLDWELL, LEADER OF THE SOCIALISTIC PARTY, AND H.G. ARCHIBALD, A PARTY MEMBER REPRESENTING THE SKEENA RIDING OF BRITISH COLUMBIA IN PARLIAMENT, EXPRESSED ALARM OVER THE AGREEMENT MADE PUBLIC WEDNESDAY BY WHICH CANADA AND THE U.S., AS IN WARTIME, WOULD GO ON EXCHANGING MILITARY PERSONNEL AND OBSERVERS AND STANDARDIZING EQUIPMENT.

IN THE HOUSE OF COMMONS LAST NIGHT, ARCHIBALD SAID THE POLICY THREW CANADA "ON THE MERCY OF UNCLE SAM" AND COULD "EASILY BE THE MUNICH OF

1947."

HE DECLARED THAT THE U.S. WAS "RIVEN WITH RACE HATRED, EVEN CLASS HATRED" AND HAD AN UNSTABLE POLITICAL STRUCTURE AND "THE MOST BACKWARD POLITICAL LEADERSHIP IN THE WORLD TODAY."

"THE GENERAL DRIFT OF OUR TIME HAS BEEN TOWARD FORMS OF DICTATORSHIP," HE SAID. "IF THEY HAD MASSES OF UNEMPLOYED IN THAT COUNTRY, WHO COULD STOP THE LEADERS OF THAT NATION FROM LEADING THEM INTO AN IMPERIALISTIC ADVENTURE?"

EARLIER, COLDWELL SAID IN PARLIAMENT THAT HE HOPED THAT THE DEFENSE POLICY DID NOT MEAN "THAT WE ARE GOING TO BE CONTROLLED TO ANY EXTENT BY EITHER THE AMBITIONS OR POLICIES OF OUR GREAT NEIGHBOR TO THE SOUTH."

"WE WERE A LONG TIME GETTING RID OF CONTROL BY DOWNING STREET (LONDON," HE DECLARED, "AND I DO NOT WANT TO SEE WASHINGTON SUBSTITUTED FOR DOWNING STREET."

COLDWELL SAID WEDNESDAY'S JOINT DECLARATION RAISED THE QUESTION OF CANADA'S RELATIONSHIP WITH RUSSIA AND MIGHT ADD TO "SUSPICIONS AMONG THE NATIONS." HE SUGGESTED THAT CANADA EXTEND HER COOPERATION TO OTHER COUNTRIES OF NORTH AMERICA AND OF THE UNITED NATIONS.

LAKE SUCCESS, N.Y., FEB. 14-(AP)-SOVIET DELEGATE ANDREI A.GROMYKO AGAIN REJECTED THE AMERICAN PLAN FOR CONTROL OF ATOMIC ENERGY TODAY AND DEMANDED THAT THE UNITED NATIONS SECURITY COUNCIL BAN THE MANUFACTURE OF ATOMIC BOMBS AT ONCE.

GH329PES

BULLETIN MATTER

LAKE SUCCESS-FIRST ADD FIRST LEAD U.N. XXX AT ONCE.

"ATOMIC ENERGY IS STILL BEING USED FOR THE PRODUCTION OF ATOMIC WEAPONS," GROMYKO SAID IN A SHARP ATTACK ON CONTINUED AMERICAN PRODUCTION. HE CONTENDED THAT THESE WERE "WEAPONS OF AGGRESSION" AND "NOT WEAPONS OF DEFENSE."

THE SOVIET DELEGATE THUS BROUGHT INTO THE OPEN AGAIN THE BITTER CONFLICT BETWEEN THE UNITED STATES AND RUSSIA OVER A PROGRAM TO BAN THE BOMB.

A218UN

PREVIOUSLY GROMYKO HAD REJECTED THE AMERICAN PLAN IN DISCUSSIONS BEFORE THE U.N. ATOMIC ENERGY COMMISSION, BUT RUSSIA ABSTAINED IN THE COMMISSION'S 10 TO 0 VOTE APPROVING THE UNITED STATES PROPOSAL LAST DECEMBER. TODAY'S SPEECH IN THE COUNCIL MADE IT CERTAIN THAT GROMYKO WAS READY FOR A LAST-DITCH FIGHT AND POSSIBLY A VETO.

GROMYKO SAID THE AMERICAN PLAN VIOLATED THE CHARTER OF THE U.N. AND WAS NOT IN ACCORD WITH THE GENERAL ASSEMBLY RESOLUTION OF LAST DEC. 14 LAYING DOWN BASIC PRINCIPLES FOR GENERAL REDUCTION AND REGULATION OF ARMAMENTS.

A219UN

IN EFFECT, GROMYKO'S ADDRESS TO THE COUNCIL WAS A PURE RESTATEMENT OF HIS ORIGINAL PROPOSALS PUT FORWARD LAST SUMMER.

THE NEXT MOVE WAS FOR SECRETARY-GENERAL TRYGVE LIE TO NOTIFY THE 11-MEMBER NATIONS FORMALLY AND ASK THEM TO DESIGNATE THEIR REPRESENTATIVES. LIE WILL CALL A MEETING OF THE COMMISSION AS SOON AS THE MEMBERSHIP IS COMPLETED.

AUSTIN SAW AS A HOPEFUL SIGN THE FACT THAT GROMYKO ABSTAINED FROM VOTING INSTEAD OF RAISING THE POSSIBILITY OF THE VETO.

"I THINK THAT INDICATES A MEASURE OF AGREEMENT," HE SAID.

GROMYKO, COMMENTING ON THE ARMS RESOLUTION, WHICH INCLUDED AMERICAN-SPONSORED LIMITATIONS TO PREVENT THE NEW COMMISSION

FROM ENCROACHING ON THE ATOMIC FIELD, SAID:

"WE CONSIDER THE IDEA IS GOOD AND HELPFUL. WHAT WE DO NOT LIKE IS THE FACT THAT THE CENTER OF GRAVITY IN THE RESOLUTION, IN A SENSE, IS IN THE QUESTION OF THE RELATIONSHIP BETWEEN THE TWO COMMISSIONS (ARMS AND ATOMIC ENERGY) AND IN THE SENSE THAT THE TWO COMMISSIONS OPPOSE EACH OTHER.

"IT WOULD OF COURSE BE HARMFUL IF THIS QUESTION OF RELATIONSHIP WOULD INTERFERE WITH THE WORK OF THE (ARMS) COMMISSION ON QUESTIONS OF UBSTANCE. WE SHALL TRY TO AVOID SUCH CONFLICT."

MICHALOWSKI SAID:

"THE QUESTION OF DISARMAMENT IS SO IMPORTANT THAT WE PREFERRED EVEN THE WORST RESOLUTION TO NO RESOLUTION AT ALL."

FOLO LONDON PALESTINE

BY JOHN A.PARRIS, JR.

LAKE SUCCESS, N.Y., FEB 14-(AP)-THE POSSIBILITY THAT DELEGATES OF ALL MEMBER COUNTRIES MIGHT BE CALLED FOR A SPECIAL SESSION OF THE GENERAL ASSEMBLY TO WRESTLE WITH THE PALESTINE PROBLEM CAUSED A FLURRY TONIGHT AT U.N. HEADQUARTERS BUT PROMPTED LITTLE COMMENT.

THERE WAS NO SURPRISE, HOWEVER, OVER BRITISH FOREIGN SECRETARY ERNEST BEVIN'S ANNOUNCEMENT IN LONDON THAT BRITAIN WOULD TURN THE PALESTINE ISSUE OVER TO THE U.N. IT HAD BEEN EXPECTED FOR WEEKS THAT SUCH A SOLUTION MIGHT BE FINALLY ATTEMPTED.

ALTHOUGH SIR ALEXANDER CADOGAN, BRITISH DELEGATE TO THE SECURITY COUNCIL, HAD NOT RECEIVED INSTRUCTIONS FROM HIS GOVERNMENT, THERE WAS A FEELING IN HIS DELEGATION THAT LONDON WOULD SEEK ACTION WITHOUT DELAY AND THAT IT MIGHT TAKE THE UNPRECEDENTED COURSE OF ASKING FOR AN ASSEMBLY SESSION.

THE ASSEMBLY THUS FAR HAS MET TWICE. THE FIRST PART OF ITS 1946 SESSION WAS HELD IN LONDON LAST WINTER, THE SECOND PART HERE AND IN NEW YORK LAST FALL.

THESE WERE THE WAYS IN WHICH THE PALESTINE PROBLEM MIGHT BE TURNED OVER TO THE U.N.:

1947

1. UNDER THE CHARTER BRITAIN COULD ASK THE SECRETARY GENERAL TO CALL A SPECIAL SESSION OF THE GENERAL ASSEMBLY WHICH MAY RECOMMEND MEASURES FOR THE PEACEFUL ADJUSTMENT OF ANY SITUATION, REGARDLESS OF ORIGIN, LIKELY TO IMPAIR FRIENDLY RELATIONS AMONG NATIONS.

2. THE CASE COULD BE BROUGHT BEFORE THE ASSEMBLY UNDER THE TRUSTEESHIP SYSTEM. IF THIS WAS DONE, BRITAIN WOULD HAVE TO SUBMIT A TRUST AGREEMENT TO THE ASSEMBLY. THIS WOULD INVOLVE ALL COUNTRIES WHO FELT THEY WERE DIRECTLY CONCERNED IN PALESTINE.

3. THE PROBLEM ALSO COULD BE HANDED DIRECT TO THE SECURITY COUNCIL--EITHER UNDER A CHARTER PROVISION CLASSIFYING PALESTINE AS A STRATEGIC AREA OR BY CONTENDING THAT THE ISSUE IS ENDANGERING WORLD PEACE.

SOME DELEGATES BELIEVED BRITAIN WOULD TAKE THE FIRST COURSE IN ORDER TO AVOID THE POSSIBILITY OF A VETO IN THE SECURITY COUNCIL.

MEMBERS OF THE BRITISH DELEGATION HERE, ACKNOWLEDGING THAT THEIR GOVERNMENT FACED ULTIMATE DEFEAT IN EFFORTS TO SETTLE THE PROBLEM IN THE STRIFE-TORN HOLY LAND, SAID PERHAPS THE UNITED NATIONS COULD WORK OUT SOME SOLUTION.

ONE BRITISH SOURCE SAID "WE WANT TO WASH OUR HANDS OF THE WHOLE THING--DON'T EVEN WANT TO BE TRUSTEE FOR PALESTINE," THUS INDICATING THAT BRITAIN WOULD BE RELUCTANT TO PUT THE CASE TO THE U.N. UNDER THE TRUSTEESHIP SYSTEM. #

U.N.-MILITARY (400)

BY LARRY HAUCK

LAKE SUCCESS,N.Y.,FEB.14-(AP)-THE UNITED NATIONS HAS PUT THE HEAT ON SOME OF THE WORLD'S TOP-FLIGHT GENERALS AND ADMIRALS OVER A REPORT THEY ARE SUPPOSED TO BE DRAFTING ON ORGANIZATION OF AN INTERNATIONAL MILITARY FORCE FOR THE U.N.

AFTER WAITING AN ENTIRE YEAR FOR WORD, THE SECURITY COUNCIL VOTED TO GIVE ITS MILITARY STAFF COMMITTEE UNTIL APRIL 30 TO BRING IN SOME RECOMMENDATIONS.

THE DEMAND FOR THE APRIL 30 REPORT ORIGINATED WITH GREAT BRITAIN, ONE OF FIVE COUNTRIES REPRESENTED ON THE MILITARY COMMITTEE, AND WAS FOLLOWED BY A ROUND OF BUCK-PASSING BETWEEN THE BRITISH AND RUSSIANS.

SIR ALEXANDER CADOGAN, BRITISH COUNCIL DELEGATE, SAID THE DELAY WAS THE FAULT OF RUSSIA. ANDREI A.GROMYKO, SOVIET DEPUTY FOREIGN MINISTER, RETORTED THAT HE HAD BEEN ADVISED THAT RESPONSIBILITY FOR THE DELAY RESTED WITH THE BRITISH.

THE UNITED STATES, CHINA AND FRANCE--THE OTHER NATIONS WITH ADMIRALS AND GENERALS ON THE COMMITTEE--SUPPORTED THE MOVE FOR A REPORT BUT DIDN'T GET INTO THE DEBATE OVER WHOSE FAULT IT WAS THAT THEY HADN'T HEARD FROM THE BRASS AND BRAID.

SOME MEMBERS OF TH COMMITTEE HAVE EXPECTED THE "BLAST" FROM THE COUNCIL FOR SOME TIME. THEY CONTEND THEIR HANDS ARE CLEAN AND IT IS ALL THE FAULT OF THE PARENT COUNCIL.

THE REASONING OF THE MILITARY MEN GOES SOMETHING LIKE THIS:

THE COUNCIL INSTRUCTED THE MILITARY TO LAY DOWN PLANS FOR A WORLD FORCE, BUT HOW CAN THE MILITARY MEN ACT WHEN EVERY MOVE THEY MAKE IS WRAPPED UP AND OVERSHADOWED BY MAJOR POLITICAL DEVELOPMENTS? THE COMMITTEE WOULD SET UP THE WHOLE FORCE SPEEDILY IF THEY HAD DEFINITE INSTRUCTIONS FROM THE COUNCIL AND WERE NOT FORCED TO SKIRT EVERY QUESTION OF ANY IMPORTANCE BECAUSE OF POLITICAL IMPLICATIONS.

THE U.N. CHARTER PROVIDES THAT CONTINGENTS FOR THE GLOBAL FORCE WILL BE DRAWN FROM MEMBER NATIONS. THE COUNCIL HAS LEFT THE DETAILS TO THE COMMITTEE.

A52

1947

IN THE MIDST OF THE COUNCIL DEBATE AUSTRALIA CAME FORTH AGAIN AS THE VOICE OF THE SMALL NATIONS AND DEMANDED TO KNOW WHAT HAD BEEN GOING ON BEHIND THE CLOSED DOORS OF THE COMMITTEE MEETINGS FOR OVER A YEAR. THE AUSTRALIANS SAID ALL 55 OF THE UNITED NATIONS HAVE A BIG STAKE IN THIS GLOBAL MILITARY PLAN AND THEY AT LEAST SHOULD HAVE A RIGHT TO KNOW WHAT PROGRESS, IF ANY, WAS BEING MADE.

ABOUT ALL THE PUBLIC--AND THIS GENERALLY INCLUDES THE 50 NATIONS NOT ON THE COMMITTEE--KNOWS ABOUT THE COMMITTEE IS THAT IT MEETS EVERY COUPLE OF WEEKS IN STRICT SECRECY IN A PENTHOUSE ATOP A WEST SIDE MANHATTAN HOTEL. ONCE THE COMMITTEE ALLOWED IT TO BE KNOWN THAT RUSSIA HAD DELAYED FIVE MONTHS IN OFFERING A WORKING PAPER ON BASIC PRINCIPLES. THEN IT LAPSED BACK INTO SILENCE, WITH AN OCCASIONAL COMMUNIQUE ON HOW IT WAS TACKLING "PRINCIPLES."

SOME OF THE BIG NAMES ON THE COMMITTEE, PAST AND PRESENT, HAVE INCLUDED GEN.HO YING CHIN OF CHINA; ADMIRAL RICHMOND KELLY TURNER, GEN.GEORGE C.KENNEY, REAR ADMIRAL J.J.BALLENTINE AND LT.-GEN.M.B. RIDGWAY OF THE UNITED STATES; LT.-GEN.A.F.VASILIEV, VICE-ADMIRAL V.L.BOGDENKO AND LT.-GEN.A.R.SHARAPOV OF RUSSIA; ADMIRAL SIR HENRY

30.24-7919

MOORE, AIR CHIEF MARSHAL SIR GUY GARROD AND GEN.SIR EDWIN L.MORRIS OF GREAT BRITAIN; AND AIR CHIEF MARSHAL M.VALIN, AND REAR ADMIRAL R. MOULLEC OF FRANCE.

ALL FIVE NATIONS KEEP THREE REPRESENTATIVES (ARMY, NAVY AND AIR) HERE AT ALL TIMES, BUT THEY SHIFT MEN OCCASIONALLY.

THE TOP UNITED STATES MEN NOW ARE ADMIRAL TURNER, LT.-GEN.RIDGWAY AND BRIG.-GEN.C.P.CABELL. TURNER SOON WILL BE REPLACED BY ADMIRAL HENRY HEWITT AND CABELL BY GEN.JOSEPH T.MCNARNEY.

WASHINGTON,FEB 14-(AP)-THREE GERMAN-OWNED PAINTINGS WHICH THE UNITED STATES HAS TAKEN OVER WILL BE BROUGHT FROM DAYTON,OHIO, TO BE HUNG IN THE NATIONAL GALLERY OF ART HERE, THE DEPARTMENT OF JUSTICE ANNOUNCED TODAY.

ATTORNEY GENERAL TOM C.CLARK SAID IN A STATEMENT THAT THE OFFICE OF ALIEN PROPERTY HAS ASKED SIEGFRIED WENG, DIRECTOR OF THE DAYTON ART INSTITUTE, TO SHIP THE PAINTINGS TO WASHINGTON AS SOON AS POSSIBLE.

THE THREE PAINTINGS, ONE OF WHICH IS DESCRIBED AS A SELF-PORTRAIT BY REMBRANDT, WERE SEIZED BY THE GOVERNMENT UNDER THE AUTHORITY OF THE TRADING WITH THE ENEMY ACT.

THE REMBRANDT IS VALUED AT $140,000, THE TWO OTHERS, BY TER BORCH AND J.H.TISCHBEIN, AT A TOTAL OF $3,200.

CLARK PREVIOUSLY HAD SAID THE PAINTINGS WERE STOLEN IN EUROPE, SMUGGLED INTO THIS COUNTRY AND SUBSEQUENTLY SOLD TO A DAYTON RESIDENT, WHO HAD KNOWLEDGE OF THE THEFT, AFTER THIS COUNTRY ENTERED WORLD WAR II.

TODAY CLARK PRAISED SIEGFRIED WENG OF THE DAYTON INSTITUTE, SAYING THAT IT WAS THROUGH HIS COOPERATION THAT THE GOVERNMENT CAME TO KNOW ABOUT THE GERMAN ORIGIN AND STATUS OF THE PAINTINGS.

MEANWHILE CLARK SAID HE WILL SEEK LEGISLATION AUTHORIZING HIM TO TRANSFER TITLE TO THE PAINTINGS TO A NATIONAL MUSEUM FOR THE BENEFIT OF THE PUBLIC.

PHILADELPHIA, FEB 14-(AP)-VIGOROUSLY ATTACKING TERRORISM IN PALESTINE, THE AMERICAN COUNCIL FOR JUDAISM TODAY SOUGHT PRESIDENTIAL ACTION TO BRING THE PALESTINE ISSUE BEFORE THE UNITED NATIONS.

THE COUNCIL CALLED UPON PRESIDENT TRUMAN AND THE UNITED STATES TO BRING THE ISSUE SQUARELY BEFORE THE INTERNATIONAL BODY AND TO ASSURE THAT "EQUAL RIGHTS AND RESPONSIBILITIES" BE GUARANTEED TO ALL IN THE HOLY LAND.

WINDING UP THE TWO-DAY SESSION OF ITS THIRD ANNUAL CONFERENCE, THE COUNCIL LAST NIGHT ALSO ASKED THE PRESIDENT TO ASSUME A LEADING ROLE IN PROVIDING HOMES FOR DISPLACED PERSONS.

MR.TRUMAN MUST "PERSEVERE IN THESE EFFORTS TO THE END THAT CONGRESS PASS LEGISLATION" WHICH WOULD ADMIT THOUSANDS OF JEWS TO THIS COUNTRY.

AT THE SAME TIME, THE COUNCIL RESOLUTION "CONDEMNED ALL THOSE WHO PRACTICE TERROR IN PALESTINE AND ALL WHO DIRECTLY OR INDIRECTLY MORALLY AND FINANCIALLY ENCOURAGE THE USE OF TERROR."

THE COUNCIL SAID JEWISH LEADERS IN THIS COUNTRY WISH TO BRING ATTENTION TO THE FACT THAT THEY DESIRE "UNQUALIFIED SEPARATION FROM AND REJECTION OF ALL THOSE WHO RESORT TO USE OR FORCE OR WHO ENCOURAGE USE OF FORCE BY OTHERS AS A MEANS TO THE SETTLEMENT OF THE PALESTINE PROBLEM."

IN ANOTHER VEIN, THE COUNCIL CONDEMNED EFFORTS TO CREATE THE IMPRESSION THAT THERE IS A "JEWISH VOTE" IN THE UNITED STATES, THAT JEWS VOTE AS A RELIGIOUS GROUP INSTEAD OF AS INDIVIDUALS.

THE COUNCIL'S EXECUTIVE DIRECTOR, DR.ELMER BERGER, FORMER RABBI AT FLINT, MICH., TOLD THE GROUP PROBLEMS EXISTING FOR JEWS IN UNDEMOCRATIC COUNTRIES ARE NOT ESSENTIALLY JEWISH AND WARNED THAT "IF WE INSIST UPON TREATING THEM AS SUCH, WE SHALL PERFORM A DISTINCT DISSERVICE FOR THE VERY JEWS WHOM WE WISH TO HELP AND OURSELVES."

"WE CAN SOLVE ALL OUR PROBLEMS BETTER AS AMERICANS CONCERNED WITH ALL MEN THAT WE CAN AS JEWS CONCERNED WITH JEWS," HE DECLARED.

THE COUNCIL REELECTED LESSING J.ROSENWALD OF PHILADELPHIA PRESIDENT.

REELECTED VICE PRESIDENTS WERE RABBI WILLIAM H.FINESHRIBER, PHILADELPHIA; RABBI IRVING F.REICHERT, SAN FRANCISCO; FRED F. FLORENCE, DALLAS, TEX.; MRS.WALTER FREIBERG, CINCINNATI; RALPH WOLF, NEW YORK AND DAVID E.STERN, CHICAGO.

(ADVANCE)..NEW YORK,FEB.14-(AP)-THE NEW YORK TIMES SAID TODAY THAT "AT LEAST THREE B-29'S IN OPERATIONAL CONDITION VANISHED AFTER HAVING MADE EMERGENCY LANDINGS NEAR VLADIVOSTOK," IN EXTREME EASTERN RUSSIA, BEFORE THE U.S.S.R. DECLARED WAR ON JAPAN.

"IN AT LEAST TWO INSTANCES," THE TIMES SAID, "RUSSIAN FIGHTER PLANES OPENED FIRE ON THE OBVIOUSLY FRIENDLY AMERICAN PLANES AND, IN AT LEAST ONE INSTANCE, RUSSIAN ANTI-AIRCRAFT BATTERIES OPENED UP, IN DAYLIGHT, ON A STRICKEN SUPERFORTRESS."

THE CREWS, THE TIMES SAID, WERE INTERNED WITH OTHER ARMY AND NAVY AVIATORS AT TASHKENT IN SOUTH CENTRAL RUSSIA IN A CAMP THAT AT ONE TIME HELD 131 AMERICANS.

THE TIMES STORY WAS WRITTEN BY SIDNEY SHALETT OF ITS WASHINGTON STAFF, WHO SAID THAT "WHILE THE WAR LASTED, IT WAS A 'TOP-SECRET' MATTER AND EVEN NOW WAR AND STATE DEPARTMENT AUTHORITIES ARE EXTREMELY RELUCTANT TO SEE IT IN PRINT."

"IT WAS ONLY AFTER PERSISTENT INQUIRIES BY THIS CORRESPONDENT, STRETCHING OVER A PERIOD OF MONTHS, THAT THE PART OF THE STORY RELATING TO THE 'APPROPRIATED' B-29'S WAS CONFIRMED AND THE WRITER RECEIVED OFFICIAL PERMISSION TO INTERVIEW ONE OF THE SURVIVORS, CAPT.WILLIAM J. MICKISH," SHALETT WROTE.

POSSESSION OF THE B-29'S GAVE THE RUSSIANS, THE STORY SAID, "AN EXCELLENT WORKING MODEL FOR A LONG-RANGE AND HIGHLY EFFECTIVE STRATEGIC BOMBER, WHICH THEY NEVER DEVELOPED FOR THEMSELVES DURING THE WAR."

THE TIMES CORRESPONDENT LISTED THE SUPERFORTRESSES INVOLVED AS FOLLOWS:

ONE PILOTED BY MAJ. RICHARD M. MC GLINN, NOW A LT.COL.STATIONED AT WILLIAMS FIELD, ARIZ., WHO BAILED OUT WITH HIS CREW WHEN THE B-29 DEVELOPED MECHANICAL TROUBLE AFTER A RAID ON YAWATA, JAPAN, IN JULY, 1944.

ANOTHER PILOTED BY CAPT. HOWARD R.JARRELL, WHICH RAN OUT OF GASOLINE AFTER A MISSION AGAINST MUKDEN, MANCHURIA, IN THE SAME MONTH.

A THIRD PILOTED BY CAPT. WESTON H.PRICE, NOW A MAJOR AT WRIGHT FIELD, OHIO, AFTER A RAID ON OMURA, JAPAN, IN NOVEMBER, 1944.

A FOURTH PILOTED BY CAPTAIN MICKISH, 25, NOW WITH THE AIR TRANSPORT COMMAND IN WASHINGTON, WHOSE PLANE DEVELOPED ENGINE TROUBLE AFTER ANOTHER RAID ON OMURA EIGHT DAYS LATER.

MICKISH RELATED THAT B-29 PILOTS "HAD A TACIT BELIEF THAT THEY COULD GET REPAIRS" FROM THE RUSSIANS AND ATTEMPTED TO MAKE VLADIVOSTO WHEN HE SAW HIS PLANE COULD NOT RETURN TO ITS BASE AT CHENGTU, CHINA. THE TIMES SAID MCKISH TOLD THIS STORY:

"WHEN WE WERE FORCED DOWN IT WAS 3 O'CLOCK IN THE AFTERNOON--BROAD DAYLIGHT. FIRST THE ANTI-AIRCRAFT BATTERIES STARTED SENDING FLACK AROUND US, ALTHOUGH THEY COULD SEE WE WERE AN AMERICAN SHIP AND THAT I HAD MY FLAPS DOWN FOR A LANDING.

"THEN SIX FIGHTERS CAME UP AND THE LEADER BEGAN SPRAYING TRACER BULLETS AROUND OUR NOSE. MY BOYS DIDN'T LIKE IT. I HAD A HARD TIME GETTING THEM TO KEEP THEIR TRIGGER FINGERS OFF THEIR GUNS."

WHEN THE PLANE LANDED, SOVIET SOLDIERS WITH GUNS RAN TO IT, THE TIMES ACCOUNT CONTINUED. THE ELEVEN AMERICANS WERE TAKEN TO AN ADMINISTRATION BUILDING WHERE THEY WERE DISARMED. THEY WERE FED WELL, AND WERE QUESTIONED BY A THREE-STAR GENERAL WHO, THE TIMES SAID, WAS "DISPOSED TO WINK AT THEIR STORY OF HAVING BEEN MERELY ON A TRAINING MISSION, ALTHOUGH HIS REMARKS INDICATED THAT HE HAD FULL KNOWLEDGE OF THE ATTACK ON OMURA." (THE CREW HAD JETTISONED MAPS AN OTHER EVIDENCE OF ITS MISSION.)

"THE GENERAL KEPT DEMANDING WHY THE UNITED STATES HAD NOT GIVEN RUSSIA ANY B-29'S. CAPTAIN MICKISH ASSURED HIM IT WAS BECAUSE WE WERE SO DESPERATELY SHORT OF THEM."

THE CREW WAS KEPT A WEEK AT AN ENCLOSED SUMMER RESORT NEAR VLADIVOSTOK BEFORE BEING TRANSFERRED TO THE TASHKENT CAMP, THE TIMES SAID.

MRS.CAROL KING, EISLER'S ATTORNEY, CONTENDED IN COURT TODAY THAT HE WAS NOT AN ENEMY ALIEN BECAUSE, ALTHOUGH BORN IN GERMANY, HE WAS AN AUSTRIAN CITIZEN. SHE SAID HIS PARENTS WERE AUSTRIANS.

EISLER REMAINED HERE THROUGHOUT THE WAR WITHOUT BEING DESIGNATED AN ENEMY ALIEN AND EVEN SERVED AS AN AIR RAID WARDEN, MRS.KING TOLD JUDGE CAFFEY. SHE ARGUED ALSO THAT THE ALIEN ENEMY ACT NO LONGER WAS IN EFFECT BECAUSE PRESIDENT TRUMAN HAD PROCLAIMED THE END OF THE WAR AS OF LAST DEC. 31.

RUSSIA PUTS UP PROTEST ON ACHESON

Calls Remarks At Lilienthal Hearing 'Hostile' To Soviet Union

London, Feb. 15 (AP)—The Moscow radio reported tonight that Vyacheslav M. Molotov, Soviet Foreign Minister, had protested to the United States Embassy in Moscow against the "hostile" attitude shown by Dean Acheson, Under Secretary of State, before a recent Senate hearing.

The report said the protest involved Acheson's remark on February 10 during a Senate hearing on the appointment of David Lilienthal as chairman of the United States Atomic Energy Commission.

In reply to a question from Senator McKellar (D., Tenn.), the radio said, Acheson stated: "Russia's foreign policy is aggressive and expansionist."

The report said the note contained "a request on the part of the Soviet Government that the Government of the United States should be informed" of the protest.

Text of Broadcast

The text of the broadcast as recorded here by the Soviet monitor:

"On February 10, 1947, when the Senate of the United States of America examined the question of the appointment of Mr. Lilienthal for the post of chairman of the Atomic Energy Com... Senator McKellar took the liberty of asking, 'don't you think Russia would have seized the rest of Europe and of the world if she had had bombs?'

"In reply to that rude attack by Senator McKellar against the Soviet Union, Vice Secretary of State Mr. Acheson declared: 'Russia's foreign policy is aggressive and expansionist.'

Declaration Called Slander

"The report on this session of the Senate, including the above mentioned statement by Mr. Acheson was published on February 11 in several American newspapers, including the Washington *Post*, the New York *Herald Tribune* and others, as well as by the United Press agency.

"On February 14, the Minister of Foreign Affairs of the U.S.S.R., V. M. Molotov, delivered a note to the Ambassador of the United States of America in Moscow, Gen. Bedell Smith, stating that the Soviet Government draws the attention of the United States Government to the inadmissible behavior of Mr. Acheson, who—despite his official position—allowed himself to make at the Senate a declaration which was a gross slander and hostile to the Soviet Union.

"The note contains also a request on the part of the Soviet Government that the Government of the United States should be informed of the above."

Deputies Balk Yugoslav Claim

A.P. Steindorf

London, Feb. 15 (AP)—The four-power Deputy Foreign Ministers Council overrode Russian protests today and voted three to one against a Yugoslav claim for 1,000 square miles of Austrian Carinthia.

Conference circles did not rule out the possibility that the deputies might still reach unanimity on the question. They pointed out that the Soviet Union appeared less interested in the border than in a strong prohibition against a revival of Pan-Germanism in Austria. It was felt in American quarters that Russia might yield on the frontier question if she won concessions on the Pan-German points.

Russian Uses 2 Arguments

Indications were, however, that the Austrian treaty being drafted by the deputies would not call for any changes in the border, and that Feodor T. Gousev, Russian deputy, would express his disapproval of the frontier clause to the Council of Foreign Ministers in Moscow next month.

Gous... NIGHT ...guments today in supporting the Yugoslav claim for the southern Austrian cities of Klagenfurt and Villach and surrounding territory. These were that Yugoslavia should be rewarded for her war record and that the British, by requesting Yugoslavia in May, 1945, to respect old borders until adjustments were made at a peace conference, virtually had promised that the frontiers would be changed.

Gousev's Effort Fails

Lord Hood, speaking for Britain, said no such promise was implied or intended.

Gousev sought to set up a committee to make additional inquiries, but United States General Mark Clark said he thought this would be a waste of time. France and Britain concurred with Clark.

Earlier, Australia asked that small nations be given a voice in deciding the policies for occupied Germany. The British Dominion said in a new note to the deputies all active Allied belligerents should participate as members of a policy-making body to guide the Allied Control Council for Germany.

The Australian note did not ask that smaller nations provide occupation troops.

ing substantial belligerents any share in the controls," the note said. DAY

Policy Body Proposed

Australia proposed a policymaking body to guide the Allied Control Council and said all smaller Allies in the category of active belligerents should have membership.

The note did not ask that smaller nations provide troops for the occupation.

The Australian Government said it did not "wish to extend sympathy to the Germans" but felt they should be allowed a higher level of prosperity to help "the growth of genuine democratic forces" and prevent "the resurgence of Fascism."

Rigid Rules Opposed

Opposing any "rigid rules" establishing Germany as a union, federation or confederation, the note said a forced decentralization would provide "an obvious and attractive slogan for a new Hitler 'united Germany.'"

China's place in treaty making for Germany was a new problem before the deputy foreign ministers, preparing German and Austrian treaty drafts.

In the conference on the Austrian treaty, Russia supported a Yugoslav claim to the Austrian province of Carinthia. France, Britain and the United States were opposed to it, British sources said, and the deputies decided to refer the issue to their principals at the Moscow meeting in March.

United States sources reported that Russia proposed last night that only the powers that accepted Germany's surrender in Berlin should be allowed to write the full treaty.

This would leave the job in the hands of the United States, Britain, France and Russia and shut out China. (1220)

Small-Nation Voice Asked On Reich

A.P. Steindorf

London, Feb. 15 (AP)—Australia asked today for a voice for small nations in dictating control policies in occupied Germany.

In a new note to the Big Four Foreign Ministers' deputies, the British Dominion said Germany had not yet proved herself fit for democratic self-government and existing control machinery was unsuitable.

"The Allied Control Council lacks full Allied sanction . . . deny-

Europe 'Crimes' Decried

Cardinal Griffin Likens "Secret Police" in East to Nazism

LONDON, Feb. 15 (AP).—Bernard Cardinal Griffin, Archbishop of Westminster, today asserted "crimes being perpetrated now" in many parts of Eastern Europe were similar to those committed by Nazi agents in Germany.

In a pastoral letter for Lent, the Cardinal said these "crimes" included "slave labor, concentration camps, secret police, persecution, imprisonment and murder." He said: "These crimes are now being committed in the name of freedom and democracy."

ATTLEE TELLS CONFIDENCE

Predicts Nation's Economic Life Will Be Brought to New High Level of Prosperity.

Tom Wetherall

London, Feb. 15 (A. P.).—Industrialists in the northwest of England gloomily decided today their plants could not resume operations for at least another week, though workers toiling through the week end were replenishing coal bunkers at the nation's power plants and Prime Minister Attlee declared he was confident that Britain would overcome her gravest fuel crisis.

A decision to continue the shutdown of all but essential industries in Lancashire, Cheshire, Cumberland and North Wales was taken by the Northwest Regional Board for Industry at a meeting in Manchester. "The members did not feel disposed to recommend a resumption of power for industry before a week from next Monday," an announcement said.

DAY

Sees Prosperity Ahead.

At the same time Attlee also was in Manchester, where he told a workers' meeting: "I am confident that despite the serious problems we have to overcome, we shall bring the economic and social life of this country to a new level of prosperity."

Observing that "the position is still difficult but improving," Attlee complained of "very unfair attacks" made upon Emanuel Shinwell, saying: "The Minister of Fuel and Power has done great work in the last eighteen

months." The crux of the problem, Attlee continued, is a shortage of labor. "We have been cribbed, cabined and confined by the shortage of man power in many of our essential industries," he said. "We have not, in fact, enough men and women to do all we need unless we can succeed in increasing individual output."

In London, on the other hand, a Government spokesman said that "there are signs that we have turned the corner," as trains and ships loaded with coal broke an icy blockade to ease the fuel famine that has shut down thousands of factories and reduced the consumption of electricity in millions of homes since Monday.

Officials emphasized, however, that no date yet was in sight for lifting the Government ban on domestic use of electricity for five hours daily in all England, Scotland and Wales and the total embargo on industrial use in thirty-eight English and Welsh counties.

While shivering Britons hoped for a break in the freezing weather that has prevailed for most of the last five weeks, these were the principal developments in the all-out struggle to get coal to the nation's power plants:

(1) More than a quarter of a million miners and railwaymen volunteered to work on Sunday to dig and transport coal. Even during the war the majority of miners didn't work Sundays.

(2) The special "coal cabinet" reported that shipment of coal by sea was nearly back to last falls level. Rail shipments were up, too; 212 coal trains reached London in the 48-hour period ended at 6 A. M. yesterday. Early in the week few trains got through the snowdrifts.

(3) The restriction on the use of household electricity was reduced to four and a half hours for tomorrow to allow more time for Sunday cooking. The five-hour ban will be in effect again Monday, however.

adoption.

Scores of Americans, the Army disclosed, want to give a home to German youngsters orphaned by the war. Other U. S. military personnel have volunteered to adopt the neglected illegitimate sons of America's more irresponsible soldiers.

"Hans was so miserable and ragged when he came up and asked me for something to eat," said a tall sergeant with a wife and two kids back home in Texas.

"I want to adopt him and get him out of this hell-hole. I don't care if he is a German."

The sergeant has to wait a while, but new regulations already are in the mill.

Gen. Joseph T. McNarney, officials said, has given his tacit approval to the adoption of German children as soon as a few complexities have been ironed out.

The hopeless misery and the dim future of many German children have sent Americans, from unmarried soldiers to War Department spinsters, to the military government seeking information.

Many have been prompted by sympathy. Others, mostly middle-aged American officers and their wives, have asked permission out of a desire for children.

"Many of these couples have waited for years in the United States to adopt children, and they realize it may be quicker and easier once it is permitted in Germany," said a military government official.

In Hesse, a middle-aged American spinster working for the War Department said she was lonely and asked to adopt the 2-year-old child of a German mother and a French soldier. The child was in an orphanage, put there when the German husband of the mother refused to keep the infant in his house on his return from a prisoner of war camp.

A Negro soldier from the Middle West has asked to take home an 11-year-old boy he befriended. "There is obvious attachment between the two," said a legal officer.

One 30-year-old sergeant wants to adopt a German child, officials said, "because the girl he expects to marry in the United States cannot have children."

A 28-year-old soldier and his 23-year-old wife with an infant child of their own have asked to adopt a 17-year-old fraulein.

"They said the German girl took care of their child and they had grown fond of her and wanted to provide her with a good home in the states," officials related.

Such cases as this are delaying official permission.

Army alert ends in Reich

FRANKFURT, Germany (AP)—The United States Army in Germany announced last night it had cancelled an unexplained alert for 28 American transport planes and declared mysteriously that "the emergency apparently has passed."

The crews of the 28 big C-47 planes at Riem airfield near Munich were alerted yesterday morning.

The mystery deepened with the announcement late last night by Col. George S. Eyster, theater public relations chief, who said:

"Whatever their mission was, it has been completely cancelled and dropped."

He indicated the alert and its cancellation were on orders from Washington, and said the action had "a planned purpose."

If he were required to speculate, Eyster continued, he would guess the planes possibly were alerted for a relief mission to a "stricken area."

U.S. 3d Army to Leave Europe, Last in Theater

FRANKFURT AM MAIN, Feb. 15 (AP).—The last of America's armies in Europe will cease operations in Germany tonight at midnight. The United States 3d Army will begin turning over its occupation duties to the American Military Constabulary.

The 3d Army is not being deactivated. It will be transferred to the United States on April 15 to assume a peace-time role in the national defense.

Third War Court Named

Clay Picks Justices to Sit On Nuernberg Tribunal

NUERNBERG, Feb. 15 (AP).—Lieutenant General Lucius D. Clay, American deputy military governor, announced today appointment of a third American tribunal to try war crimes cases. The court is expected to begin functioning within eight weeks.

Appointed were Carrington T. Marshall, former chief justice of the Ohio Supreme Court; James T. Brand, justice of the Oregon Supreme Court, and Mallory B. Blair, former associate justice of the Civil Appeals Court of the Third Texas District. Justin W. Harding, former assistant attorney general of Ohio, will be an alternate.

Two other American courts are now trying cases here.

American In Germany Is Jinx To Smugglers

Hersfeld, Germany, Feb. 15 (AP).—Staff Sergeant William E. Lamm, of Selma, N. C., is a smugglers' jinx.

A constabulary trooper stationed on the Frankfurt-Berlin highway, he halted a German and five self-stylied displaced persons driving in from the Russian zone. Searching them he found more than $450,000 and seven contraband precious stones.

A few hours later Lamm halted three Germans heading toward the Russian zone and carrying illegal communications equipment, American food and tobacco and 23 uncensored packages. A fraulein was hidden in a box in the rear of their truck. All were held for investigation.

De Gasperi Renews Emigration Talks

Argentina Citizenship for Workers Is Issue

ROME, Feb. 15 (AP).—Negotiations for large-scale emigration of Italian workers to Argentina were resumed today after a personal intervention by Premier Alcide de Gasperi. The Premier conferred with Adolfo Scilingon, head of the Argentine mission, after Rome newspapers had reported negotiations suspended and the mission about to leave for home.

The ten-man mission, which arrived here several weeks ago with plans to send 5,000 men monthly to Argentina, has received applications from 100,000 would-be emigrants. The mission wanted them to become permanent Argentine citizens. But the Italian government preferred to treat the emigration as a temporary relief of unemployment in Italy and asked guaranties of formal labor contracts for the men and their eventual repatriation to Italy.

Newspaper attacks have charged the Leftist-dominated Italian Confederation of Labor with trying to block the emigration project because it wanted to keep Italy filled with masses of discontented workers for political purposes.

Giuseppe di Vittorio, secretary general of the federation, replied that these "low attacks" give the impression some newspapers are "at the service of slavers."

Hoover Has Audience With Pope Pius

Rome, Feb. 15 (A. P.).—Herbert Hoover, in Europe to study food conditions for President Truman, had a thirty-five-minute audience today with Pope Pius XII.

The former President was accompanied by Hugh Gibson, retired diplomat and an old friend. Hoover will confer with President Enrico de Nicola, Premier Alcide de Gasperi and Foreign Minister Count Carlo Sforza before flying to Berlin tomorrow.

FRENCH TO STAND ALONE

Ramadier Denies Delegates Will Back Russians in Moscow

PARIS, Feb. 15 (AP)—Premier Paul Ramadier declared in an interview today there was no possibility that French diplomats would team up with Soviet delegates at the Big Four Foreign Ministers' meeting in Moscow next month. He added that French policy on Germany "does not coincide exactly with that of either America, Britain or the Soviet Union."

"We do not even know what Russia's policy may be tomorrow," he added.

He declared that France's policy of being a mediator between the East and West remained unchanged "and we will never change it because we cannot." He said France valued "American and British friendship as much as we do Russian friendship."

He was asked if French foreign policy depended more on her geographical location, marked by her vulnerability to land invasion, or her economic crisis, marked by her need of financial aid from the Anglo-Saxon countries.

"The geographical position of France in Europe is an invariable factor in our policy," he replied, "but it does not condemn us to an exclusive alliance with Russia.

Task Complicated

"The economic crisis is a variable factor, which can lead to changes of emphasis in our foreign policy as required by circumstances."

The Socialist leader of the coalition Cabinet was asked if the multiplicity of political parties in the Government did not complicate the task of evolving a foreign policy.

"On the contrary," he said, "it complicates the task of making any change in a policy, once it is elaborated. Even if I meant to orient our policy in one direction or the other, and had the full agreement of the Foreign Minister, I couldn't do it."

U. N. Inquiry in Greece Adopts 'Ethridge Plan'

Hearings on Border Fighting Will Be Speeded Up

ATHENS, Greece, Feb. 15 (AP).—The United Nations Commission investigating Greek border disturbances adopted today a plan submitted by Mark F. Ethridge, American member, to speed up the hearings and to move headquarters closer to the border.

The "Ethridge plan," which was supported by the Soviet and British representatives, provides for a heavy schedule during the remainder of the sessions in Athens.

Teams of advisers will visit camps for Albanians, Yugoslavs and Bulgarians accused of war crimes and for alleged Greek Quislings in the Athens area.

The plan also limits the four countries concerned to one hour's rebuttal each at hearings and allots time for non-governmental organizations to be heard, beginning Monday. The Communist-dominated E. A. M. (National Liberation Front) of Greece will have two hours to present its case. The other Leftist groups—the Socialist party, officers of the illegal Confederation of Labor and Left Liberals—will have one hour each.

Suspension of execution for two persons whose attorneys said they had "information essential to the commission" was requested pending a preliminary investigation by the U. N. secretariat. The secretariat is conducting an inquiry into a similar case at Yiannitsa.

American in Greece, Fined $210,000, Protests

Independent Tobacco Dealer Accused of Taking Out Cash

ATHENS, Feb. 15 (AP).—Willie Irving Talton, forty-seven-year-old tobacco dealer of Smithfield, N. C., said today he was fined $210,000 by a Greek court following his conviction on a charge that he had attempted to take $29,400 in cash out of Greece without declaring it to a customs officer. The money has been confiscated by the Greek government.

Talton told an American correspondent in the military barracks where he is being detained that he was denied "even elementary justice" when he was tried and convicted on the charge within a twenty-hour period. He was arrested Feb. 13 at Hassani Airport just before he was to have left by plane for Paris.

Talton, who has been an independent tobacco dealer in Greece since 1942, told the correspondent that "even the officer at the airport told the court I'd been told to proceed through customs before declaring the money because the personnel there was busy at the time.

"The money was found in my bags during a customs examination," he said. "I brought that money into Greece and I can prove it," Talton declared. "But they never gave me a chance."

Polish production exceeds estimates

WARSAW, Poland (AP)—The Communist backed newspaper Glos Ludu says figures now available show that Poland's industries in some divisions in 1946 exceeded the production estimated for the year.

The journal said the coal output had been set at 46,000,000 tons but 46,800,000 tons had already been mined by Dec. 12. The target for pig-iron was 691,000 tons with 726,000 produced; rolled goods, 800,000 tons and 810,000 produced.

Tells Polish Premier He Will Not Return to Warsaw

WARSAW, Feb. 15 (AP)—United States Ambassador Arthur Bliss Lane informed Premier Josef Cyrankiewicz in a farewell call today that he would leave Warsaw on Feb. 24 for consultations in Washington and that he did not intend to return.

Mr. Lane said he would fly to London Feb. 24 and leave for the United States on the liner Queen Elizabeth from Southampton Feb. 28. He declared that his future plans would be formulated after his talks in Washington.

U. S. grants $15,00,000 to Hungary

Added credit seen new support for anti-Communists

BUDAPEST (AP) — An additional United States grant of a $15,000,000 surplus property credit to Hungary was announced yesterday. It was viewed in some quarters as a political loan aimed at bolstering anti-Communist elements in Hungary.

DAY

The grant brought total U. S. credits to Hungary to $30,000,000.

The announcement, made by U. S. Minister H. F. Arthur Schoenfeld, said the step was taken "to the end that the Hungarian people under the leadership of their freely-elected government might attain political and economic stability and thus be in a position to participate fully within the family of independent nations."

A Hungarian political leader said the phrase "freely-elected government" in the announcement was its keynote. He said Communist Leader Tyas Rakosi in parliament had received the report of the grant "in cold silence."

Communists and Social Democrats have attempted to oust the elected Smallholder Party majority in parliament by charging the existence of a plot to restore the regime of the former regent, Adm. Nicholas Horthy. The Smallholders won a 57 per cent majority in parliament in the November, 1945, elections.

The Hungarian press said trial of persons accused in the plot would take place between Feb. 24 and Feb. 27. Persistent rumors say more than 300 persons are being held for complicity.

The political leader said the announcement of the credit grant expressed, so far as he was concerned, the American attitude toward "the Communist attempt to invalidate the outcome of the last free election."

U. S. Child Born in Hungary

Soviets charge Allied troops seize inventions

MOSCOW (AP)—The magazine New Times accused Americans and British yesterday, to obtaining millions of dollars worth of patents from Germany. The weekly said that United States occupation forces were "active" in aiding American monopolies to obtain data on German inventions.

DAY

"In Frankfurt, there is a special organization known as the Department of Technical Research, with large numbers of engineers and experts on micro-photography," New Times said. "In the United States there is a research bureau of publications under the Commerce Department which is directed to collect information on technical and scientific achievements and inventions. This bureau hands over to occupation authorities the demands and needs of American industries."

The article reiterated charges that America and Britain were removing much equipment from Germany and said that valuable patents were among the materials and data seized as reparations.

The ultimate receivers of these patents, New Times said, are "British and United States monopolies that no only did not suffer in the war but got richer and now are trying to rake in even greater profits."

The magazine said that before the Second World War, monopolistic trusts in Britain, the United States and Germany "concentrated in their hands hundreds of thousands of patents many of which were never used but merely served as weapons to bring pressure on competitors."

Later, these monopolies served as a weapon to arm the Nazis and to retard "military preparedness among the Allies," New Times scontinued.

Among American firms listed as having agreement with German trusts prior to the last war were Standard Oil, du Pont and Remington Arms. The article quoted liberally from what it said were the notes of an American named "William Bennett" in supporting the claims. (The dispatch did not identify Bennett further.)

British Hand Fort Back to Egypt

Alexandria, Feb. 15 (A. P.).—The British Army, after sixty-five years' occupation, handed over Alexandria's Fort Kom Ed Dik to Egypt today, and the Egyptian flag was raised. Despite efforts of an Egyptian police and army detachment, a crowd estimated at 20,000 broke into the fort cheering.

2 killings, kidnaping mark new Palestine outbreaks

JERUSALEM (AP)—Two slayings, a kidnaping, one arson attempt and other violence marked the traditionally quiet Jewish Sabbath yesterday in the Holy Land. Tension remained high in anticipation of underground retaliation following confirmation of death sentences for three young Jews convicted of carrying arms.

Assassins' guns cut down an Arab in Jaffa and a Jew in nearby Bnei Brok.

At Peta Tikva, a few miles northwest of Jaffa, two masked Jewish youths armed with machine guns and pistols entered a cafe and "forcibly abducted" Avichael Tanouri, another Jew, officials said. The incident was believed connected with recent encounters between Jewish groups urging violence against the British and those denouncing terrorism.

NIGHT

HAIFA

At Haifa, principal port of Palestine, unknown persons set fire to the Hasomer Hatzair Club, organization strongly opposing terroristic tactics.

In all-Jewish Tel Aviv, which adjoins Jaffa, Maurice Cohen was injured seriously when a booby trap exploded in the basement of a building. Police said the basement had been occupied by two young Jews until six months ago, and since then had been locked.

Unofficial reports from Tel Aviv said 20 young men who attempted to distribute leaflets of Irgun Zvai Leumi at a meeting hall were attacked and chased from the hall. Irgun Zvai Leumi is an underground group urging active resistance against the British in Palestine.

6 SHOT IN JERUSALEM

Six persons were wounded Friday night and early yesterday in two shootings on Jerusalem's wide King George ave.

Usually reliable informants in Tel Aviz declared no clemency would be sought by the three whose death sentences were confirmed by British commander Gen. Sir Evelyn Barker before he left Palestine for replacement.

These sources said the trio would follow the pattern set by Dov Bela Gruner, Irgun Zvai Leumi member sentenced to die for an attack on a Palestine police station. An appeal filed in his behalf, however, has resulted in a stay of sentence.

Because of the Sabbath no papers were published in Palestine yesterday and the public was generally noncommittal on the British decision to refer the Palestine case to the United Nations.

Masked Men Kidnap Jewish Youth

Jerusalem, Feb. 15 (AP)—Two masked men, armed with machine guns, abducted a Jewish youth at Petah Tiqva last night, an official announcement said today.

Unofficial sources said a crowd last night in a public hall in the all-Jewish city of Tel Aviv chased a group of Jewish underground members from the meeting after they had attempted to distribute anti-British pamphlets.

Lieut. Gen. Sir Evelyn Barker's confirmation of death sentences against three convicted members of an underground group was the topic of wide discussion throughout the tense Holy Land.

A *Reuter* dispatch reported Sheik Ali Shanin, former mayor of Jaffa, was murdered at the door of his home in Jaffa last night by an unknown Arab. It is believed the murder had a political motive. Shanin visited Cairo last year claiming to represent Palestine Moslem Ulemas (learned men), but was disowned on his return by the Supreme Moslem Council.

PALESTINE WOES SPEEDED TO U. N.

Britain Drafting Plan to Shift Problem.

London, Feb. 15 (A. P.).—Great Britain's plan for bringing the Palestine question before the United Nations is expected to be made known next week, informed observers said today.

Foreign Secretary Ernest Bevin and Colonial Secretary Arthur Creech Jones are to report in the House of Commons then on their latest deadlocked negotiations with Holy Land Arabs and Jews, last of a series begun in September.

DAY

Bevin's announcement on the issue yesterday said only that "since no proposals put forward by His Majesty's Government had proved acceptable as a basis for further discussion, His Majesty's Government had decided to refer the whole problem to the United Nations."

Under the U. N. charter, Britain might lay the problem before the Security Council on the grounds of Palestine's being a strategic area or a threat to peace; might ask the Secretary-General to call a special General Assembly session with the argument that the situation was likely to impair friendly relations among nations, or might submit a trust agreement on Palestine to the Assembly, now not scheduled to meet till September. A Foreign Office spokesman hinted at the second course.

Arabs Militant.

Dr. Jamal Husseini, leader of the Palestine Arab delegation here, said that Palestine Arabs "will not consider any U. N. decision as arbitrary—we will only be bound by our rights and continue fighting until we get them."

Moshe Shertok, Jewish Agency political chief and recent consultant with the British, said that the Jews had no objections to the U. N.'s settling the issue but would insist that Britain lift its restriction on Jewish immigration into Palestine while the question was being handled in the U. N.

In Jerusalem, one Jew said that he expected to get from the U. N. "the consideration we have not been able to get from the British." Another predicted what he termed "the usual brushoff," since "Arabs already have representation in the U. N., we have none."

Palestine, governed by Britain under a 1923 League of Nations mandate, now has a population that includes some 600,000 Jews and more than 1,000,000 Arabs. It has served the British as a middle-eastern base, a guardian of ship lanes to the east and an airline way station.

Government sources indicated that Britain for the present would keep in Palestine the 100,000 troops she now has there, maintain current security measures and the present 1,500-a-month limit on Jewish immigration.

Chiang Bitter At U.S. Action Ending Help

Says America Prolongs China War by Keeping Back Arms and Credit

Generalissimo Calls Force Only Solution

Rejection of Communist Leaders' Communique Damps Peace Hopes

Nanking, Feb. 15 (AP)—The United States decision to withhold further armaments and credits from the Chinese Government is blamed by Generalissimo Chiang Kai-shek for prolonging the civil war, which he is determined to end by smashing the Chinese Communist armies, sources closest to the Chinese leader declared today.

As supporting evidence of these sources assertion that Chiang is fully convinced force is the only means of settling the Communist problem were these developments:

His armies today were fighting their way inside the Communist stronghold of Lini in southern Shantung province, and Chiang sternly declined to accept delivery of a communication from Communist political leaders.

Confidantes said Chiang reasoned that the Communist problem could have been settled quicker if the United States had continued supplying him with guns, ammunition and credits so his armies could destroy the Communist forces which for more than a year have been hamstringing reconstruction.

NIGHT

Plans to Reorganize

One of the high sources said, "the Generalissimo is bitter that this argument failed to move President and General Marshall, who insisted that the civil war be halted and the Government be reorganized before they would be willing to extend the Kuomintang (Government party) further support."

The war continued and Government reorganization was delayed. In January, General Marshall ended more than a year of mediation efforts with a blast at both factions. Marshall was appointed Secretary of State and the United States abandoned its peacemaking efforts and started pulling its small forces out of China.

Chiang's Government had dis-

closed plans to reorganize, including minority elements but not including the Communists.

One Of Keys To Railway

In the Lini campaign, the vanguard of Government assault troops was reported in Chinese dispatches to have fought into the city last night after six hours of "savage battling" on the outskirts.

Lini is one of the keys to the Tientsin-Pukow railway. Pukow is the railhead across the Yangtze River from Nanking. Government armies had been trying to enter and had been shelling the city for a week but had met stubborn opposition.

One Chinese press report from the Government base at Suchow said the Communists lost 9,000 men on the outskirts of Lini, then fell back into the hills, indicating that the Government troops had failed in one main objective—destruction of the Communist main body.

Communist "Not Surprised"

Official government military sources said the campaign to clear the east-west Lunghai railway was making good progress and had driven the Communists northward off a 12-mile stretch of the line.

Meanwhile, on the political front Communist General Chou En-lai sent Chiang a copy of the Communist Central Committee manifesto of February 1, which refused to recognize any treaties or international agreements made by the one-party government.

Chiang's secretary sent it back with a curt note: "We are not authorized to receive documents of this nature."

Solution To Crisis Sought

Wang Ping-nan, official Communist spokesman in Nanking, commented, "we are not surprised," but informed sources said this by-play was nevertheless a clear indication of the widening and bitter schism of the Chinese factions.

Wang said the Communist manifesto implied "no thought of establishing our own diplomatic relations abroad," but that foreign business interests were welcome in Communist territory.

Asked why the Communists had forbidden consulates in Harbin, he said it was because that area of Manchuria was "in a state of war," but that "very possibly the Communists will permit all nations to open consulates in our territory as soon as the military situation permits."

The Government was continuing to grope for a solution of the current financial crisis which this week drove the Chinese currency to new lows, but economic sources said, "there is little hope of the patient's improvement until the cause of the illness—civil war—is removed."

Force Only Way Out, Chiang Is Said To Feel

Nanking, Feb. 15 (AP)—Sources closest to Generalissimo Chiang Kai-shek said today that he was fully convinced force is the only means of settling the Chinese Communist problem and that he blamed the United States suspension of arms sales and credits to his Government for emboldening the Communists to continue fighting the Government.

Chiang's reasoning, these high sources said, was that the problem would have been settled more quickly if the United States had continued to supply arms and provide credits for his Government to take the military steps necessary to destroy the Communists' "private army."

Reorganization Demanded

One source said Chiang was bitter because this argument had failed to move President Truman and General Marshall, who insisted that the civil war be halted and the Government reorganized before they would extend further support.

Following the American decision in January to cease further mediation attempts after more than a year of fruitless effort by General Marshall the Chiang Government disclosed plans to reorganize but without including the Communists.

At the same time the Government is continuing a military policy of driving Communist forces from lines of communication that must be reopened before China's economic machinery can function.

Red Missive "Rejected"

Chiang blames the Communists, astride or harassing many of these lines, for hamstringing his Government's efforts at rehabilitation and reconstruction during the past year.

Chiang's secretary this afternoon was reported to have rejected a communication addressed to the Generalissimo by top Communist leaders. Observers cited this as further evidence that prospects for peace were nonexistent.

Communist spokesman Wang Ping-nan said a communication from the Communist Central Committee, accompanied by a covering letter from Communist leader Chou En-lai, had been returned by the generalissimo's secretary with a curt note that "we are not authorized to receive documents of this nature."

Reds "Not Surprised"

The document, Wang said, was the Communist committee's February 1 manifesto that the party refused to recognize any international agreements made by the Government because of its "one-party" nature.

Wang said the Communists were "not surprised" at the secretary's action. Informed sources said Chiang's refusal even to accept delivery of a communication from Communist leadership was clearly indicative of the ever-widening split between the two groups.

Meanwhile, Chinese dispatches said the vanguard of Government assault troops had entered Lini, Communist regional capital in Shantung province, last night after six hours of "savage battling" on the outskirts.

Primary Aim Fails

A spokesman for the Ministry of National Defense told the Associated Press this morning that the reports were "possibly accurate," but that official confirmation was lacking.

A report from Suchow, Government base in northern Kiangsu province, said the Chinese Reds had suffered 9,000 casualties in fighting on the outskirts of Lini before withdrawing the bulk of their armies into the surrounding hill country.

The reports indicated Government forces had failed to achieve their primary objective of crushing Communist strength. Earlier advices said Chiang Kai-shek's troops were encircling Lini in an effort to bottle up the Communists.

Insists Moslems Help Draft Charter

New Delhi, Feb. 15 (A. P.).—A Congress party Minister said today that the Congress would withdraw from India's interim Government unless Moslem League members were required either to share in drafting India's new constitution or to leave the Cabinet.

Sardar Vallabhai Patel, one of the top-ranking leaders of the Hindu-dominated All India Congress party, said it would remain in the Cabinet if the Moslem League reversed a recent decision against sharing in the drafting of a constitution. The Moslem League has contended that the Congress failed to comply with the terms of the Cabinet award, and has proposed scrapping of the whole program set up thus far for India's independence.

AMMUNITION DUMP BLAST KILLS TEN

Manila, Feb. 15 (A. P.).—An Air Force ammunition dump fire and the resulting explosion of twenty-two tons of dynamite took the live of a United States Army major and nine Filipinos and injured nine others yesterday. The dynamite went off with a blast that was felt ten miles away, said Col. William S. Eley, commander of the base at Batangas, more than fifty miles south of Manila.

Major James L. Sedore, Poughkeepsie, N. Y., an officer at the base, was killed in the collision of his jeep and a fire truck rushing to the scene. His companion, Major Peter M. O'Neill, Lynn, Mass., was gravely injured and was brought to Tenth General Hospital in Manila.

The nine Filipinos were killed and eight comrades were injured by the blast which occurred while they were moving explosives from the engineer depot, menaced by a fire in a nearby airplane ammunition dump. The origin of the fire was unknown.

ROXAS AFFIRMS STAND

Says Hukbalahaps Must Give Up Arms in Surrender

MANILA, Feb. 15 (AP)—President Manuel A. Roxas today directed that the pacification campaign against Hukbalahap armed peasants go on unabated. In an almost simultaneous statement, Hukbalahap leader Luis Taruc called on the Government to "halt raids against us" as the first step for restoration of law and order.

Mr. Roxas, replying to statements made last week by Mr. Taruc, said the Government would receive "without prejudice" the surrender of arms by any group or individual. He promised protection during negotiations for any leader who wished to discuss surrender terms.

But, Mr. Roxas said, there could be no question of amnesty "nor of any deal other than submission to legal authority." The only solution aside from surrender, he said, was "continuation of force to bring into line individuals who defy law and order."

LST Rescues 39 Off U.S. Ship

Pearl Harbor, Feb. 15 (AP)—The 39 officers and men of the American freighter Lake Sapor, aground on little Minami Island 50 miles south of Iwo Jima, have been rescued by an LST, the Navy announced last night.

The Navy said the LST, which reached the Lake Sapor yesterday afternoon, had reported that all members of the freighter's crew were safe.

The crew being taken to Iwo Jima, the Navy said.

Sinking Ship Abandoned

The 3,389-ton Lake Sapor was reported to be in a sinking condition.

The Navy had announced that two vessels, the Colgate Victory and the LST-625, were headed for the distressed ship. Later, Globe Wireless in Manila picked up a message that the Lake Sapor was being abandoned by her crew.

The freighter was reported carrying 8,000 barrels of high octane gasoline, together with dismantled quonset huts and mixed cargo.

There was no indication whether the cargo could be salvaged.

The Lake Sapor left Honolulu January 25 for Shanghai. She was registered from Mobile, Ala.

Palawan Jungle Searched For Secret Jap Garrison

By Spencer Davis

Palawan, P.I., Feb. 15 (AP)—A war-crimes investigator and a group of observers aboard a 13th Air Force search plane today cruised over desolate jungles of the west coast of Palawan in search of a reputed garrison of 200 Japanese stragglers hiding out in this forsaken outpost of the Philippines.

Dipping to treetop level, we sighted some clearings and a few village shacks. Several appeared well kept, but there was no one visible.

"That's an indication they are Japs," exclaimed Prentice (Pete) Miles, of West Frankfort, Ill., owner of a lumber mill near Mayday Bay.

It was Pete who first spotted a Japanese barracks believed to contain the remnants of the garrison which slaughtered 150 American prisoners of war at Puerto Princesa December 14, 1944, in one of the worst atrocities of the war.

Flaming gasoline was thrown on the Americans as they huddled in three shelter trenches.

were mowed down by machine

Depositions describing this tragedy set Maj. Richard R. Prewitt, of Houston, Texas, former 4th Armored Division combat officer, on the trail.

There were other reports last week of Filipino fishermen stepping ashore for fresh water and being abducted by Japanese soldiers.

Today, with the aid of Major Albert T. Haviland, of Orange, N.J., chief of the flight-control section of the 13th Air Force headquarters, we sought the Japanese hideout. Haviland flew so close to the steaming earth that hot-air blasts set the powerful B-25 rocking and shaking. But there was no evidence of Japanese.

The search is not over. Major Prewitt plans to keep on the job and call on the holdouts to surrender. If they fail to, force will be used.

Uranium Reported in Chile

SANTIAGO, Chile, Feb. 15 (AP)—The newspaper Extra said today that discovery of a "rich deposit" of uranium in northern Chile had been reported to the Minister of Economy. The newspaper said "absolute secrecy" was being maintained by the Government.

South Africans Spend Fortune For Royal Visit

Silk Hats in Great Demand for a Lavish Reception Due to Start Tomorrow

CAPETOWN, Feb. 15 (AP).—South Africans are spending a fortune to extend an unprecedented welcome to the British royal family, due here Monday, on board the battleship Vanguard for a state visit.

Despite King George VI's avowed wish that the people curtail expenses, there has been a rush for formal costumes, including silk hats and morning coats. At night brilliant lights flood Table Mountain, government and private buildings and the parks and squares. The city resembles a vast, sparkling carnival.

There is plenty of money here and plenty of things to buy. Capetowners are willing to pay almost any price for luxury clothes and jewelry. The food is rich and abundant, especially fruit, vegetables, pastries and ice cream.

The newspaper "Die Burger" said today "The luxury in which the royal family will be received in South Africa is in sharp contrast to the misery in which the British people are living." It expressed belief that correspondents' reports of the tour would "have a most unfortunate effect on the British people.

Excitement is growing particularly among South Africans of British stock. Some Afrikanders (South Africans of Dutch and Huguenot ancestry) are roused, too, but generally they are restrained. Their sentiments have been summed up by a member of Parliament who said: "We are not impressed. We welcome the King as we would an important person of any country, and we hope the royal family will find us hospitable. But we don't intend to make the fuss the English do.

"Afrikanders are much amused by what the Americans call ballyhoo, as we watch our friends and neighbors make fools of themselves."

He cited the omission of the word "loyalty" from an address of welcome to be presented by the Parliament to the King.

"It will be the first time an English king has ever visited a dominion in whose address of welcome that word has not appeared," he said.

King Nears South Africa

LONDON, Feb. 15 (AP)—King George gave a cocktail party tonight for officers of the battleship Vanguard as the weather-beaten vessel neared the end of her 16-day voyage to South Africa. An exchange telegraph correspondent said the ship was twelve hours ahead of schedule. The correspondent said the Vanguard might have to pull into Capetown Monday "looking a little weather worn."

UNITED AFRICA URGED BY PREMIER SMUTS

B. Landsborough

CAPETOWN, South Africa, Feb. 15 (AP)—Prime Minister Jan Christiaan Smuts said in an interview today that a United Africa would be one of the greatest bulwarks of peace and mainstays of western civilization.

"A conflict has arisen between western civilization and other claimants to its high position, and we want to preserve this part of the world in particular—young, uninhibited South Africa—for that civilization," the veteran statesman said.

Visualizing a "quite loose but highly cooperative" Pan-African system, Premier Smuts said a "consortium of sovereign units on this Continent would exercise profound influence as an international stabilizer."

"Our goal lies somewhere between" the federal system of the United States and the grouping of independent republics in South America, he said in reference to his idea of a Pan-Africa—"a kind of federation which leaves local administration and state sovereignty to their tasks and does not overload the master machine."

He added that although "no one can predict the tempo of events in Africa, particularly north of the Sahara," it was likely that "for quite an appreciable time the present state of affairs probably will continue, so long as various economic interests are properly administered."

Official Of Sask. Favors Ousting Of U.S. Troops

Regina, Sask., Feb. 15 (AP)—Agriculture Minister I. C. Nollet told the Saskatchewan Legislature last night that American troops still stationed at North Battleford, Sask., should be told to go home.

Assailing the "imperialistic tendencies of the United States," Nollet said there had been a gradual change in United States policy since the death of President Roosevelt and added that little is heard now of the Four Freedoms.

He declared that the United States had imported Fascist scientists to improve the death-dealing capacity of the atom bomb.

Nollet said Canada might avert another war by raising its voice against the trend taking place in America and asserted that "the secrets of the atomic bomb should be given to the United Nations."

Nollet made his address at the conclusion of the throne-speech debate in the Saskatchewan Legislature, which adopted the throne speech, 40 to 6, two of the three armed services representatives voting with four of the Liberal opposition against the Co-Operative Commonwealth Federation Government.

Vandenberg Warns Russians U. S. Demands Fairer Dealings

Michigan Senator Calls Upon Moscow for Replies on Lend-lease Accounts and Loan of 125 Merchantmen.

Washington, Feb. 15 (A. P.).—A blunt assertion by Senator Vandenberg (R.-Mich.) that it would be a dangerous misconception for Russia to underestimate this country's rank among world powers, gave a clear sign today of mounting congressional impatience with Soviet diplomacy.

The chairman of the Foreign Relations Committee and President Pro Tem of the Senate declared, in unvarnished language, that Russia does not seem to share "our anxiety to establish mutual fair play and good-will."

He said that the Soviet Union (1) had ignored completely four American requests in the past year to discuss the settlement of lend-lease accounts and (2) had paid no attention to a State Department note suggesting negotiations for the final disposal of 125 lend-leased American merchant ships. Terming these "just a couple of symbolic incidents" in Russo-American relations, Vandenberg last night told guests at a dinner for the Michigan congressional delegation:

"I respectfully suggest that such experiences are not calculated to fertilize mutual good-will and understanding." He said that it would be neither unfriendly nor undignified for this country to "insist upon somewhat prompter official mail from Moscow."

Senatorial Advisers.

"After all," Vandenberg went on, "Washington is not an inconsequential way station on an unimportant R. F. D. If we allow others to think it is, they may get the habit; and that could be a dangerous misconception for them as well as us."

There was no indication whether the Michigan Senator's address had been made known beforehand to the State Department. However, Vandenberg and Senator Connally of Texas, the ranking Democrat on the Foreign Relations Committee, symbolize the administration's bi-partisan foreign policy as congressional counselors to the Secretary of State.

They performed this function for James F. Byrnes and have been asked by his successor, George C. Marshall, to continue the role with him. Pleading the pressure of senatorial business, Vandenberg and Connally have declined Marshall's invitation to attend the opening session of the Moscow Big Four foreign ministers' conference on March 10, but they have agreed to join the Secretary of State later if he needs their help in drafting the German and Austrian peace treaties.

Lane on Way Home.

Even while Vandenberg was giving his estimate of the diplomatic situation, Ambassador Arthur Bliss Lane was en route home from Warsaw, one sore spot. The United States has declared that the Polish elections on January 19, which resulted in heavy majorities for Communist-favored candidates, were not "free and unfettered" as Poland had promised they would be.

Officially, Lane, is returning for consultations, but the United States has used this device in the past to express displeasure with foreign regimes. The State Department says that a Charge d'Affaires will continue to maintain American diplomatic ties at Warsaw.

Vandenberg told his audience last night that the United States cannot depend "merely upon fickle words for our reliance in respect to the attitudes of others." He said that this country must not make again "the mistakes of yesterday, when we disarmed alone."

Atomic Bomb Secret.

Saying that this country may hold the secret of the atomic bomb a few more years, Vandenberg added:

"We will give up nothing in respect to thise destructive secret until it is demonstrated that, as a matter of practical reality, this whole earth is rid of the ultimate menace of atomic bombs." The secret will be kept, he said, "until any violator of these protections is sure of the swift and certain punishment which such world treason deserves and requires and must get."

Marshall said in a general policy statement on February 7 that the United States would not give in to Russian demands that world control of atomic energy be considered along with disarmament proposals before the United Nations.

HEMISPHERE UNITY ON ARMS PROPOSED

Inter-American Defense Board Would Broaden Agreement Completed With Canada

WASHINGTON, Feb. 15 (AP)—The Inter-American Defense Board took the secret label today off plans under which standardized land, sea and air forces of the Americas would move swiftly to repel any would-be attacker of the Western Hemisphere.

Standardized equipment, material and training keynote the plan. For example, Brazilian artillery could fire United States-made shells, or the same vital parts could be fitted into patrol bombers of half a dozen or more countries. Battle maneuvers would follow a common pattern.

Lieut. Col. Calixto C. Valle, public relations officer of the defense board, said the recommendations had been submitted to the twenty-one American republics for consideration. The board is made up of military representatives of all the countries.

Formal suggestions that the Latin-American nations re-equip their armed forces along United States lines follow by a week announcement of a similar agreement with Canada.

Canadian Plan Recalled

The United States and Canada announced last week they had agreed to project their wartime military cooperation and exchange of information into post-war operations.

Likewise, the British Government has made known that it ultimately intended to build its defense arms along lines employed by the United States.

The Inter-American Defense Board, created in 1942 to coordinate military activities and planning with the Latin-American Governments, urged the twenty-one Western Hemisphere nations:

(1) To create a permanent military agency, to include representatives of each of the General Staffs of every nation in the Inter-American system.

(2) To adopt the principle of "dynamic long-range defense," using naval and air forces operating from "advance bases" to defend the hemisphere.

(3) To exchange Army, Navy and Air Force officers for the purpose of familiarizing each country's armed services with equipment and operations of the others.

The board recommended "unity of command" for the armed forces and suggested that studies be made of strategic raw materials reserves. Other recommendations included suggestions for strengthening Inter-American agreements controlling the use of bases and military establishments.

Continued Research Urged

It urged that there be no let-up in "scientific research of the future."

Standardization of the American Republic's armed forces, the board said, must be "progressive" to be successful. Any such program should look toward possible aggression against the hemisphere from an outside attacker.

The board concluded in a report accompanying its recommendations:

"Hemisphere security of the future will be based on a self-sufficiency of raw materials which will permit this hemisphere to equal or surpass the production of any possible enemies.

"This self-sufficiency does not apply to any one nation of this hemisphere. Therefore, if we are to have and continue any standard material, we must preserve the integrity of the hemisphere."

"We must be prepared to work and fight together," the board said.

The defense board recommendations followed President Truman's proposal of last year that the hemisphere's armed forces be standardized. Legislation authorizing the United States to undertake such a program was approved by the House, but died in a Senate committee when the Seventy-ninth Congress adjourned.

Hungary Gets 2d U. S. Credit Of $15,000,000

Grant for Non-Communist Regime Is for Purchase of Surplus War Goods

WASHINGTON, Feb. 15 (AP).—The United States, in a new move to bolster a friendly non-Communist European government, extended a second $15,000,000 credit to Hungary today to buy surplus American war material.

The State Department announced the grant. It also held out hope of further economic aid soon to what it referred to as Hungary's "freely elected" regime. It has been involved in a struggle by Communist and other parties to oust the Smallholder party majority in Parliament.

The action came on the heels of yesterday's plain-spoken advice by Secretary of State George C. Marshall to Greece to put her house in order. Further American help for Greece, which likewise has a non-Communist government in an area where nearly all others take their cue from Moscow, is scheduled to await recommendations by a survey mission headed by former Office of Price Administration Administrator Paul Porter.

The latest credit to Hungary was earmarked for purchase of surplus goods from the $1,000,000,000 store of war materiel just put on sale in the American occupied zone of Germany.

The State Department made plain in its announcement that, with or without Russian co-operation, this government proposes, as a contribution to peace in Europe, to help underwrite Hungary's post-war political and economic stability, as agreed to at the Yalta conference.

Moscow rejected last year three proposals by this government that Russia, the United States and Great Britain take part in a joint effort to bolster Hungary.

Thus far, it was noted, the United States also has:

1. Returned Hungary's monetary gold reserves valued at about $32,000,000.

2. Increased a previous surplus purchase credit from $10,000,000 to $15,000,000.

3. Returned considerable quantities of goods looted by the Nazis and instructed American commanders in Germany and Austria to return displaced property removed under duress during the German occupation.

The United States, it was added, is "continuing its consideration of various possible means of extending additional economic assistance" and "it is hoped that arrangements can be concluded at an early date under which further economic aid for Hungary will be forthcoming."

'EMERGENCY' LIKELY TO END NEXT JULY 31

Truman Expected To Act Soon To Eliminate 105 Wartime Laws

Washington, Feb. 15 (AP)—President Truman plans to declare the national emergency ended before July 31, a high official disclosed to-

day, erasing most of 105 wartime laws then or six months later.

In preparation for this declaration, the official said, Mr. Truman expects to send to Congress within the next fortnight a message recommending permanent extension of such laws as she deems necessary.

NIGHT

This legislative job can be completed during the present session, the official said. Thereupon Mr. Truman "can seriously consider ending the emergency before the adjournment this summer."

250 Laws Would Remain

White House advisers have decided that the "state of emergency" can be terminated before the war itself is officially ended. An additional 250 or more laws based on "the duration of the war," or some limited period thereafter, would remain in force.

Members of the White House staff expect to go to work on "end-of-the-war" recommendations to Congress immediately after the emergency message is sent, on the theory that the war could be ended for most domestic purposes before the peace treaties are signed.

The end-of-emergency message will cover powers granted under both the "limited" emergency declared on September 8, 1939, just after the outbreak of war overseas, and the full emergency proclaimed May 27, 1941, after the German sweep of Europe.

Powers Not Announced

It was not disclosed which powers Mr. Truman will ask to have extended. Those which would otherwise expire upon the termination of the emergency—many of them already dormant or nearly so—include:

The requisitioning of ships, lease of vessels to friendly nations, arming of merchant vessels, authority to transfer the Coast Guard to the Navy, purchase of military supplies by "streamlined" methods without advertising, hiring of dollar-a-year men, suspension of duties on scrap iron imports, tax-free withdrawal of alcohol from distilleries for industrial use, appointment of an Under Secretary of the Navy, and certain relaxations of ship manning and operating standards.

Other Statutes Included

Lower dates are pinned to other emergency statutes: free importation privileges for service men, for instance, would end six months after the emergency, as would the right to sell or lease public lands for munitions manufacture. War housing would have to be disposed of within two years.

A large number of laws were written to expire either at the end of the emergency or the war. These, Government legal officials hold, should be interpreted as ending with the war instead of the emergency.

The proposed pattern of decontrol for the "emergency" statutes will follow generally that used by the President in his proclamation ending hostilities on December 31, it was reported. This wiped out some 53 powers, 20 of them immediately—including the authority to seize strikebound plants—and 33 others at some later date, like the high excise taxes on furs and amusements which expire June 30. In some cases, like the latter one, Mr. Truman asked Congress to write new legislation replacing the old.

May Wait For Congress

In the case of the "emergency" laws, however, the President may wait for Congress to act before issuing the proclamation.

Government officials said the end of the war could be proclaimed either by the President or by a joint resolution of Congress, signed by the President. They hold that a "concurrent" resolution of Congress, not carrying the Chief Executive's signature, would probably suffice for most statutes but not all of them.

For most international purposes, the actual signing of a peace treaty would be required.

Democrats Map Fight On Budget Cut Effort

Plan House Action Behind Closed Doors—May Have Minority Report—Gurney of G. O. P. Pledges Senate Battle.

DAY

Washington, Feb. 15 (A. P.).—House Democratic members of the Joint Congressional Budgetary Committee opposing a $6,000,000,000 slash in the White House budget met behind closed doors today to map an all-out floor fight against the cut.

The committee yesterday recommended a budget of $31,500,000,000 as opposed to the $37,500,000,000 figure submitted to Congress by President Truman.

Representative Cannon (D.-Mo.), ranking minority member of the House Appropriations Committee, promised reporters a statement later in the day. This was expected to take the form of a minority report, representing the views of the Democrats on the Appropriations Committee and the Ways and Means Committee who voted against the huge cut in yesterday's budgetary committee session.

Cannon said that all of the Democratic members opposing the reduction were represented at the meeting, or had sent their proxies by telegram.

Senate Battle Pledged.

Senator Gurney (R.-S. D.), chairman of the Senate Armed Services Committee, announced today that he will wage a last-ditch battle on the Senate floor against a $6,000,000,000 budget slash which he declared would hamstring the Army and Navy.

A 50 to 22 vote in favor of the cut by the House-Senate Budgetary Committee threatened President Truman with his first major defeat in the new Republican-controlled Congress.

If upheld by the House and Senate the committee decision will trim the President's $37,500,000,000 budget to $31,500,000,000.

Senator Brewster (R.-Me.), predicted in a radio interview last night the Senate will never agree to the reduction recommended by the committee.

"I voted for it because it was that or no reduction at all," he said, "but I will oppose it on the Senate floor and I predict the final figure will be $4,500,000,000."

Knutson Sees Tax Cut.

However, the committee action was hailed by Representative Knutson (R.-Minn.), chairman of the House Ways and Means Committee, as clearing the way for a 20 per cent reduction of personal income taxes this year.

The Budget Committee action yesterday, taken in a meeting from which the press and public were excluded, is subject to ratification by both houses. The vote will come next Wednesday.

Gurney said that the $6,000,000,000 cut contemplates a $1,750,000,000 reduction in Army and Navy funds and he told reporters: "I refuse to vote for anything that will hamstring our armed forces while the peace of the world is unsettled."

Senate Republican Leader Taft of Ohio joined Gurney in an effort to hold the committee's budget cutting at a lower figure, but the group flatly rejected all compromises.

It voted down, 52 to 23, a motion by Gurney to limit the cut to $4,150,000,000, and defeated, 46 to 29, a proposal by Chairman Millikin (R.-Col.) to make it $4,500,000,000.

The committee rejected all efforts to stipulate that any specific amount of the budget savings be used to begin payments on the nation's debt. Knutson argued that this would delay the Republican tax-cutting program.

Representative Dingell (D.-Mich.) asserted that the committee action "just about amounts to the Republicans risking the national security in an effort to meet their promises to cut taxes."

The reduced budget figure of $31,500,000,000 is not necessarily the amount which will be made available for the next fiscal year, beginning July 1. What the committee adopted is a resolution saying that should be the ceiling. Congress is not bound to stay within the figure, and whether it will do so will not be known until appropriations bills are voted later in the session.

Warning by Marshall.

Just before the committee acted, Secretary of State Marshall asserted that failure to vote adequate funds for food in the overseas occupied areas would result in an intolerable situation.

"If the Army is deprived of adequate funds to provide food for those people who are so sorely in need," he told reporters, "a practically impossible condition is created for our troops and our Government's position in its international commitments."

Republicans who drew up the $6,000,000,000 figure refused to say just where the slashes will be applied. There was a clause in the resolution, however, saying that at least 500,000 of the Government's 2,300,000 civilian workers shall be fired. Representative Mahon (D.-Tex.) said he understood a severe slash is contemplated in the Agricultural Department, including elimination of the school lunch program.

Vandenberg's View.

There were also indications of opposition to the broad budget slash from Senator Vandenberg (R.-Mich.), president of the Senate and chairman of the Foreign Relations Committee. He told a congressional dinner given by the Michigan Chambers of Commerce here last night that he "will not join in any movement" for "false economy" at the expense of the armed forces.

He criticized budgetary cuts that would "cripple our armed defenses" at a time when "all the chips are down in the world peace game," and said that in 1947 the armed forces "must be kept at par if we are to have the slightest hope of negotiating the world into disarmament."

Vandenberg, in remarks added to a prepared address, went on to tell the Michigan delegation that there was no reason, however, why there should not be "very substantial reductions" in the $37,500,000,000 budget proposed by President Truman.

O.K. EXPECTED ON LIFTING OF RENT CONTROL

Senator's Plan Ends All Ceilings In 10 Months, Permits 10% Raise

Washington, Feb. 15 (AP)—Senate approval was predicted today for a plan to end all rent controls in ten months and allow a general ten per cent increase.

Senator Wherry (Neb.), the Republican whip, said that if this plan is approved by the Banking Committee "I think it will carry in the Congress."

The author of the proposal is Senator Buck (R., Del.). He is chairman of a Banking subcommittee which was directed to draft rent-control legislation after the full committee heard more than two weeks of highly conflicting testimony.

NIGHT

Taylor Gives Approval

Senator Taylor (D., Idaho), a member of the subcommittee and advocate of a full year's extension of rent ceilings without any general increase, agreed that the Buck proposal probably would be approved.

Taylor also denied reports that President Truman threatened to veto any flat across-the-board increase. The Senator reported Mr. Truman merely reaffirmed his opposition to blanket increases or removal of controls, now scheduled to expire June 30.

"The veto matter was not mentioned by me or the President," Taylor said of his White House conference earlier this week.

Takes Controls From OPA

The Buck proposal would remove all rental controls from the jurisdiction of the OPA and vest enforcement in Federal Courts.

All new housing or that not previously under control would be free from ceilings, as would all hotel quarters.

Owners of housing that was rented at the start of this year could increase rents up to ten per cent. If they went above that figure they could be prosecuted in Federal courts, with a fine of $1,000 possible.

Wherry had asked that all OPA controls be ended April 30. He said he still prefers that, but the Buck proposal "differs very little from mine except that state Legislatures would have ten months instead of two to enact any state rent controls."

"Best Offered So Far"

Senator Cain (R., Wash.), a member of the subcommittee, commented the Buck proposal appears "to be the best one offered thus far." Cain had joined other Republican senators in a different bill that would have allowed a fifteen per cent increase.

Buck has called his subcommittee to meet in closed session Tuesday to hear testimony by several senators who have offered different proposals for ending controls or allowing rent increases.

Next Thursday the entire Banking Committee will consider rental legislation. A bill may reach the Senate the following Monday.

More Pipe Lines Are Predicted

Littlejohn Says Purchasers of Conduits May Increase Gas Supply for the East.

Washington, Feb. 15 (A. P.).—Robert M. Littlejohn, War Assets Administrator, predicted today that additional conduits may be built alongside the Big-inch and Little-inch pipe lines sold yesterday for the movement of natural gas to the Eastern seaboard.

The lines went to the highest among eleven bidders, the newly formed Texas Eastern Transmission Corporation of Houston, Tex., for $143,127,000 in cash—or about 98 per cent of the original wartime cost to the Government.

DAY

"The high prices offered were the result of long range vision," Littlejohn told a reporter. "I think that more pipe lines—either for gas or oil—may be laid along the right of way."

The big ribbon of real estate, which also goes to Texas Eastern, is seventy-five feet wide where the lines run jointly and fifty feet wide where the 1300-mile tubes follow separate courses.

Sale Awaits Rulings.

Littlejohn voiced the hope the corporation will be ready to take over on May 1, the expiration date of a temporary lease granted during the coal strike to the Tennessee Gas and Transmission Company. Texas Eastern has nine months in which to pay up and take possession, but two other steps remain first:

(1) A finding by the Justice Department that the sale does not infringe Anti-Trust Laws, and (2) Issuance of a certificate of public convenience and necessity by the Federal Power Commission.

Littlejohn said he had assurance that the Justice Department could rule within a week.

Senator Myers (D.-Pa.) declared there was nothing final at all about the sale, and predicted the Power Commission will never permit the transmission of natural gas to the Eastern Seaboard.

Coal and railroad interests have opposed use of the lines for natural gas ever since they went out of wartime petroleum-carrying service. The anthracite-producing State of Pennsylvania has

30. 24 - 7927

ruled that gas pipe lines are not qualified for stream-crossing permits which Pennsylvania grants only for petroleum and petroleum products.

Taken Where Not Needed.

Myers said Texas Eastern's plan would cut off "badly needed" natural gas now being delivered to the Pittsburgh area and divert it to the Atlantic Coast, "where it is not needed and where it would compete with anthracite and other long-established fuels." He proposed that FPC delay action for an exhaustive study.

The new company, which plans an ultimate capitalization of $182,000,000, is headed by E. Holley Poe, former oil and gas operator and now a natural gas consultant in New York, as president, and George R. Brown of Houston, board chairman.

Tobey To Vote For Lilienthal

1947

Washington, Feb. 15 (AP)—Senator Tobey (R., N.H.) announced today he will vote to confirm David E. Lilienthal as chairman of the new Atomic Energy Control Commission.

Tobey said that he is supporting Lilienthal "unqualifiedly."

"I am glad to find myself in the company of such eminent gentlemen as President Conant of Harvard University, the noted scientist, Dr. Vannevar Bush; the Under Secretary of State, Dean Acheson, and the Secretary of War, Robert Patterson, as well as many others," Tobey said.

DAY

The Senator added that he could not help but feel that the "real motiviation" of some of Lilienthal's critics "does not appear in the language which they have used."

Chance To Reply

Lilienthal has been promised a chance to tell Senator Russell (D., Ga.) at hearings next week what he thinks about the Georgian's record on public vs. private power.

The nominee's answer will probably determine whether Lilienthal gets Russell's vote in the close battle.

Specifically, Russell said, he will ask whether Lilienthal approves a statement by a Washington columnist that the Georgia Senator probably was against confirmation because he represents a state where private "power people have a real grip on local politics."

Called Misrepresentation

"If he puts any credence in that kind of misrepresentation, I don't think he is the man to head the Atomic Commission," Russell said.

Russell, long a public power advocate, declared in the Senate yesterday he will vote against Lilienthal if the nominee has "been in association with such people as these (the columnist) or has any respect for them."

The question of confirmation comes to a showdown before the Senate Atomic Committee possibly late next week.

To Discuss Uranium Prices

WASHINGTON, Feb. 15 (AP).—Operators of small uranium mines in western Colorado will meet next Monday with Colorado Congressmen and officials of the Atomic Energy Commission. Aids of Senator Edwin C. Johnson, Democrat, of Colorado, in whose office the meeting will be held, said they understand the operators will seek to have the government fix prices of uranium ores so as to encourage operations by small producers.

UN arms cut work slated to start soon

Austin expected to be named to new commission

2: MAY 2

NEW YORK (AP) The newly-created United Nations commission to strip down the world's armaments will begin its momentous task within two weeks, authoritative sources said yesterday.

President Truman is expected to name Warren R. Austin, Security Council delegate, as American representative.

Prodded by a May 13 deadline on getting proposals to the parent Security Council, the 11-nation body faces a strenuous program.

Only official designation of representatives by the 11 countries stood in the way of an immediate start and it was expected that nominations would be completed speedily after the council decision authorizing the commission and calling for haste.

NIGHT

Great Britain took the lead by naming Sir Alexander Cadogan, its Council delegate, as envoy to the officially-titled "Commission for Conventional Armaments."

It was reported from competent sources that Alexandre Parodi would sit for France. Like Austin and Cadogan, he also represents his government on the Council and Atomic Energy Commission. As a matter of procedure Austin will have to be confirmed by the Senate.

No word has come from the Russians, but it was anticipated that Deputy Foreign Minister Andrei A. Gromyko would add this job to his other tasks as delegate to the Council and Atomic Commission.

Other nations with seats on the arms body are China, Poland, Syria, Australia, Brazil, Belgium and Colombia.

The nub of the Council's directive to the commission is that it shall "submit proposals for the general regulation and reduction of armaments and armed forces." This wide field is limited only in that the new group may not infringe on the work of the Atomic Energy Commission, which handles the atomic bomb and other weapons of mass destruction.

Colonel Leaving To Face Jap Gem Probe

San Francisco, Feb. 15 (AP)—Col. Edward J. Murray, former custodial officer of the Bank of Japan and a bemedaled veteran of two world wars, heads back to Tokyo by air today to explain to army authorities how he obtained $210,000 worth of Japanese jewels.

Arrested by the Army last week after customs officials seized the precious stones—mostly diamonds—the 55-year-old one-time California State bridge engineer admitted bringing the jewels into the United States as souvenirs."

But he denied they came from the fabulous war chest of Japanese jewels and gold placed in his trust by General MacArthur.

Holds Legion Of Merit

Murray was accompanied by Lieut. Col. John S. Condon, intelligence officer; a customs service representative, and an agent of the Army's criminal investigation department.

Murray, whose home is at Palo Alto, served in the Mexican punitive expedition and in both world wars. He commanded an infantry regiment in the Philippines and after the occupation was commander of the military forces on Panay Island.

For his services there he was presented with the Legion of Merit.

Should the Army absolve Murray, customs authorities have announced that they will hold him on smuggling charges.

Deportation Rule Upheld Against Former Sergeant

Man Who Served in U. S. and German Armies Loses Plea

CHICAGO, Feb. 15 (AP).—The Federal Circuit Court of Appeals today upheld a Department of Justice deportation order against Frederick Emil Bauer, former United States Army staff sergeant, once a lieutenant in the German Army.

The ruling, written by Judge J. Earl Major, was latest in a chain of government actions against Bauer which began Sept. 4, 1945, when he was arrested on suspicion of having been a German espionage agent.

Bauer told an Army board of officers that he had received spy training in Germany in 1940, but insisted he joined the German intelligence service only to effect his return to America, to which he had first come in 1930. He was naturalized here in 1935 and went to Germany shortly thereafter.

Bauer was discharged from the United States Army at Fort Benjamin Harrison, Ind., Dec. 10, 1945, after it was found that he had committed no acts of espionage. Subsequently, a Federal district court at Indianapolis ruled that he had lost his American citizenship when he joined the German Army in 1940. He was ordered deported.

12 MONTHS METED OUT TO COLUMBIAN

Loomis Sent To Works Camp For Incitement To Riot

Atlanta, Feb. 15 (AP)—Homer L. Loomis, Jr., secretary of the Columbians, Inc., was convicted today of incitment to riot in a case which stemmed from the beating of a Ntgro passing through a white residential section.

The 33-year-old organizer of the anti-Negro, ant-Jewish group was sentenced by Fulton Superior Court Judge Clarke Edwards, Jr., to serve twelve months in a public works camp. The jury required only 29 minutes to reach its verdict.

The defendant's father, Homer L. Loomis, Sr., New York lawyer, immediately filed notice of appeal. Bond was set at $2,000.

Led Off To County Jail

However, Loomis, Sr., was unable to raise the bond immediately and the convicted man was led off to the county jail. Just before he left, Loomis, Sr., placed his hand on his son's shoulder, smiled and said, "I a msure the office of the Columbians will be kept open while you are gone."

There was a chorus of assent from the half dozen supporters of Loomis who were clustered around him, one dressed in the khaki uniform of the group with lightning-bolt shoulder patch.

Loomis received the verdict calmly. When Judge Edwards asked if he had a statement, Loomis replied, "Is there anything to be gained by making a statement?"

Judge Warns Spectators

Judge Edwards answered, "I do not know," and then sentenced Loomis, saying, "I have to enforce the law." Previously, Judge Edwards warned the courtroom he would "punish severely" any expressions of opinion in the courtroom.

Last night Loomis, Jr., expounded his beliefs for three hours and 35 minutes to the court in an unsworn personal statement—permitted under Georgia law. Only toward the end of his dissertion did he touch directly on the charge against him, asserting, "I did not beat the Negro nor conspire with anyone to have it done. The only thing I have done was try to start a political movement to work for the white working people."

An "American Nationalist"

Loomis described himself as an "American nationalist" who loved his country and race. He said he advocated deportation of all Negroes to Africa and forced assimilation of Jews with other races or their deportation.

He said the Columbians had been instructed to patrol white residential areas to prevent "encroachment" of Negroes but had been instructed not to carry weapons. He said the patrols had been requested by white residents.

Solicitor General E. E. Andrews said Emory Burke, president of the Columbians, would be placed on trial next. Both Burke and Loomis are also charged with usurping police powers and illegal possession of dynamite.

"I AM CONFIDENT," HE ADDED, "THAT DESPITE THE SERIOUS PROBLEMS WE HAVE TO OVERCOME, WE SHALL BRING THE ECONOMIC AND SOCIAL LIFE OF THIS COUNTRY TO A NEW LEVEL OF PROSPERITY."

INDUSTRIALISTS AND TRADE UNIONS IN YORKSHIRE, OUTSIDE THE POWER BLACKOUT AREA, AGREED TO VOLUNTARY SHORT-TERM SHUTDOWNS TO SAVE COAL.

ATTLEE'S SPECIAL "COAL CABINET" WILL MEET TUESDAY WHEN IT IS HOPED LOWERING TEMPERATURES AND IMPROVED COAL DISTRIBUTION WILL PERMIT A DAY TO BE SET FOR INDUSTRIAL PRODUCTION TO BE RESUMED.

WHEN RESTRICTIONS ARE GRADUALLY LIFTED, THE CURRENT WILL FLOW FIRST TO THE FACTORIES IN 38 COUNTIES, BIGGEST INDUSTRIAL PRODUCERS IN THE NATION, WHERE ALL BUT ESSENTIAL INDUSTRY HAS BEEN SHUT DOWN.

HOUSEHOLDERS IN ENGLAND, SCOTLAND AND WALES WHO ARE REQUIRED UNDER THREAT OF FINE AND IMPRISONMENT TO USE NO ELECTRICITY DURING FIVE HOURS OF DAYTIME EACH DAY, WILL BE THE LAST TO HAVE RESTRICTIONS LIFTED.

SIR GUY, IN REFERRING TO BRITAIN'S LONG-RANGE PLIGHT, SAID "IN VIEW OF THE RISING CONSUMPTION OF ELECTRICITY SOME FORM OF RESTRICTION, THOUGH NOT NECESSARILY THE PRESENT RESTRICTION, WILL CONTINUE INDEFINITELY.

THE GOVERNMENT HAS SAID REPAIRS AND ADDITIONS TO BRITAIN'S RUN-DOWN POWER GENERATING PLANTS CANNOT BE COMPLETED BEFORE 1950.

"THE GOVERNMENT IS ALREADY WORKING OUT PLANS AND CONSIDERING MEASURES THEY COULD ADOPT UNTIL NEW POWER STATIONS ARE BUILT AND NEW EQUIPMENT PROVIDED TO MEET DEMAND," SIR GUY [illegible].

[illegible]-DAY [illegible] CTION, HE ADDED, HAS SAVED A TOTAL OF 152,770 TONS OF COAL, OVER A DAY'S NORMAL CONSUMPTION BY POWER GENERATORS. STOCKS HAVE RISEN SIGNIFICANTLY IN LONDON AND THE SOUTHEAST INDUSTRIAL AREA, HE REPORTED. HE SAID THE GOVERNMENT CONSIDERED A TWO-WEEK SUPPLY WAS THE "ROCK BOTTOM" FOR SAFETY.

AT LEAST 100 TRAINS, EACH CARRYING 450 TO 500 TONS OF COAL, WERE DUE TO REACH LONDON TONIGHT AND TOMORROW. COAL SHIPS POURED INTO THE THAMES IN SUCH NUMBERS THAT MOST DOCK SPACE WAS FILLED AND PLANS WERE MADE TO ANCHOR LATE ARRIVALS IN MID-STREAM AND UNLOAD THEM INTO BARGES AND LIGHTERS TO SPEED THEIR TURN-AROUND.

MANY ARMY TRUCKS, MANNED BY TROOPS, WERE ROUNDED UP AND WILL BE SENT TO MIDLAND COAL MINES MONDAY TO HAUL FUEL DIRECT TO POWER STATIONS. FIVE THOUSAND SNOWPLOWS AND BULLDOZERS WERE AT WORK OPENING ROADS AND RAIL LINES.

SIR GUY SAID THE POSITION OF GAS PLANTS, ALSO DEPENDENT ON COAL, "IS STILL VERY TIGHT AND DIFFICULT."

THE MINISTRY OF LABOR REPORTED A STEADY RISE IN THE NUMBER OF WORKMEN THROWN ON TO THE DOLE BY THE BLACKOUT. UP TO LAST NIGHT 971,000 HAD APPLIED FOR UNEMPLOYMENT BENEFITS.

HANLEY, ENGLAND, FEB. 15-(AP)-PRIME MINISTER CLEMENT ATTLEE SAID TONIGHT THAT TALK OF A COALITION GOVERNMENT FOR GREAT BRITAIN WAS "COMPLETE AND UTTER NONSENSE."

"WE HAVE NO INTENTION WHATEVER OF HAVING A COALITION AND I DON'T THINK THE OTHER SIDE WOULD ANT IT," ATTLEE DECLARED IN A SPEECH AT A MEETING SPONSORED BY THE HANLEY LABOR PARTY.

LABOR PARTY MINISTERS JOINED WINSTON CHURCHILL'S WAR-TIME COALITION GOVERNMENT "FOR THE PURPOSE OF WINNING THE WAR," ATTLEE SAID, ADDING THAT IF ANY MEMBERS OF THE CONSERVATIVE PARTY JOINED HIS LABOR GOVERNMENT "THEY WILL HAVE TO CARRY OUT A MANDATE OF SOCIALIST POLICY."

A WEEK AGO CHURCHILL ALSO REJECTED ANY POSSIBILITY OF AN ALL-PARTY GOVERNMENT WHEN HE SNAPPED "NO COALITION" IN THE HOUSE OF COMMONS DURING A BITTER DEBATE CONCERNING THE CAUSE OF GREAT BRITAIN'S CURRENT COAL SHORTAGE AND INDUSTRIAL CRISIS.

TALK OF A COALITION GOVERNMENT HAS BEEN WIDESPREAD FOR WEEKS IN POLITICAL CIRCLES AND HAS FOUND SOME SUPPORT IN THE CONSERVATIVE PRESS.

SUCH TALK, ATTLEE SAID, "CERTAINLY NEVER REACHES ME. WE ARE GOING AHEAD WITH OUR FULL PROGRAM."

THE PRIME MINISTER ADMITTED THAT "DIFFICULTY" FACES THE LABOR GOVERNMENT'S PROGRAM, WHICH INCLUDES THE SOCIALIZATION OF SEVERAL INDUSTRIES. THE COAL INDUSTRY WAS NATIONALIZED ON JAN. 1.

"WE ARE SURE THAT WE CAN CARRY IT THROUGH IF WE GET THE SUPPORT OF THE MASS OF THE PEOPLE AND I BELIEVE WE SHALL GET THAT," HE DECLARED.

GREAT BRITAIN'S PRESENT DIFFICULTIES, ATTLEE SAID, ARE "A GODSEND TO SOME OF OUR OPPONENTS. IF THEY CAN'T MAKE HAY WHILE THE SUN SHINES, THEY CAN THROW SNOWBALLS WHILE THE SNOW IS ON THE GROUND AND IF THERE IS A BIT OF MUD IN THE SNOW THEY DON'T MIND."

THE PRESS AND THE PEOPLE WHO COMPLAINED WHEN THE GOVERNMENT RATIONED BREAD WERE "THE VERY PEOPLE WHO COME TO US TODAY AND SAY WHY DON'T YOU RATION FUEL," THE PRIME MINISTER ADDED.

THE GOVERNMENT, HE SAID, "TOOK THE REASONABLE PRECAUTIONS WE COULD, BUT WHEN YOU ARE WALKING ON A NARROW EDGE YOU HAVE TO TAKE A CAREFUL BALANCE AS TO WHAT YOU CAN DO BEST FOR YOUR PEOPLE, WHERE TO PUT ON RESTRAINTS AND WHERE TO TAKE THEM OFF."

LONDON, FEB 15-(AP)-PUNCH MAGAZINE NEXT WEEK MAY FAIL TO PROVIDE ITS WEEKLY MEASURE OF DROLL JABS OF BRITISH MANNERS, MORALS AND POLITICS FOR THE FIRST TIME SINCE QUEEN VICTORIA WAS A BRIDE.

UNLESS THE GOVERNMENT HAS AN UNEXPECTED CHANGE OF HEART, 106-YEAR-OLD PUNCH AND THOUSANDS OF OTHER WEEKLY PUBLICATIONS WILL NOT BE PUBLISHED FOR AT LEAST TWO WEEKS, IN AN EFFORT TO SAVE ELECTRICITY.

THERE WAS NO INDICATION TODAY THAT THE "COAL CABINET" WOULD RESCIND ITS SWEEPING ORDER HALTING PUBLICATION OF ALL PERIODICALS --AN ORDER WHICH BREAKS THE UNINTERRUPTED PUBLICATION RECORD OF MORE THAN A HUNDRED YEARS FOR SEVERAL OTHER PUBLICATIONS.

THE EDITORS OF PUNCH, HOPING FOR A GOVERNMENTAL ABOUT-FACE, SAID ISSUE NO. 5,539 WAS READY TO ROLL IF THE GOVERNMENT PERMITS.

THE LONDON ILLUSTRATED NEWS, WITH 5,626 UNINTERRUPTED ISSUES IN ITS FILES, WAS ALSO HOPEFUL. IN THE GENERAL CRISIS 21 YEARS AGO IT WAS PRINTED IN PARIS AND FLOWN TO LONDON.

THE GOVERNMENT HAD REFUSED EVEN THE SPECIAL PLEA FOR CONTINUED PUBLICATION OF THE WEEKLIES OF POLITICAL OPINION, A STATE OF THINGS WHICH MADE THE ECONOMIST OBSERVE IT WAS BEING TREATED "ON A DEAD LEVEL WITH THE ASTROLOGERS, THE PORNOGRAPHERS AND THE TRASHMONGERS."

THE ECONOMIST, LIKE MANY ANOTHER, NOTED THAT THE FUEL CRISIS WAS STOPPING PUBLICATION WHEN NEITHER THE GENERAL STRIKE OF 1926 NOR THE WAR WAS ABLE TO DO SO. IT STARTED PUBLISHING IN 1843 AND NEVER HAS MISSED AN ISSUE. ANOTHER POLITICAL WEEKLY, SPECTATOR, WILL LOSE THE LONGEST RECORD OF ALL, 113 YEARS OF UNINTERRUPTED PUBLICATION.

THE POLITICAL WEEKLIES WILL SUFFER LEAST IN THE ECLIPSE ON PERIODICALS, HOWEVER. THEIR EDITORIAL OPINIONS WILL APPEAR AS GUEST COLUMNS IN DAILY AND SUNDAY NEWSPAPERS WHICH ARE UNAFFECTED BY THE POWER-BLACKOUT.

THE PUBLICATIONS CLOSING DOWN RANGE FROM THE ANGLER'S NEWS TO THE YACHTSMAN AND MOTOR BOATING, AND INCLUDE INNUMERABLE COMMUNITY WEEKLIES.

(ADVANCE)..LONDON, FEB. 15-(AP)-ALLIED COUNTRIES STILL HOLDING 4,000,000 TO 5,000,000 GERMAN PRISONERS OF WAR SHOULD RETAIN THEM IDENTIFINITELY AS "FREE WORKERS" OUTSIDE THE REICH, THE INTERNATIONAL COMMITTEE FOR THE STUDY OF EUROPEAN QUESTIONS RECOMMENDED TODAY.

THE PRIVATELY FINANCED RESEARCH GROUP SAID IN ITS SECOND REPORT OF THE YEAR ON GERMANY, THE GOVERNMENTS OF BRITAIN, FRANCE, BELGIUM AND RUSSIA THUS COULD:

1. MAKE GERMANS CONTRIBUTE TOWARD THE RESTORATION OF EUROPE'S "SHATTERED ECONOMY" WITHOUT RISKING REVIVAL OF A STRONG GERMANY.

2. BUILD UP FUNDS--BY WITHHOLDING RART OF EACH GERMAN'S WAGES--TO APPLY ON REPARATIONS, T CREATE FOREIGN EXCHANGE WHICH GERMANY COULD USE FOR IMPORTS, AND TO HELP PAY SOME OF GERMANY'S POSTWAR DEBTS.

THE REPORT SAID THE PLAN WOULD APPLY TO ABOUT 300,000 PRISONERS NOW HELD IN BRITIN, 650,000 IN FRANCE, 30,000 IN BELGIUM AND UP TO 4,000,000 IN RUSSIA.

THE REPORT WAS SIGNED BY SEVERAL WELL-KNOWN PUBLIC FIGURES OF BRITAIN, FRANCE, DENMARK AND BELGIUM. THE UNITED STATES HAS NO MEMBERS OF THE PRIVATELY ORGANIZED COMMITTEE.

DR. ROBERT BOREL, GENERAL SECRETARY, SAID PART OF THE REPORT CAME FROM "BIG INDUSTRIAL AND SHIPPING CONCERNS WHOSE LEADERS BELIEVE IN OUR ACTION."

SUPPORTING ITS MAIN THESIS, THE COMMITTEE SAID THE RETURN OF 4,000,000 OR 5,000,000 GERMAN PRISONERS OF WAR WOULD FORCE THE ALLIES TO RAISE THE LEVEL OF GERMAN ECONOMY TO PREVENT STARVATION.

LONDON, FEB 15-(AP)-THE BRITISH GOVERNMENT'S DECISION TO KEEP MORE THAN A MILLION MEN IN THE ARMED FORCES AND SPEND $3,596,000,000 ON MILITARY ACTIVITIES IN THE NEXT YEAR WAS SUPPORTED TODAY BY THREE INFLUENTIAL MORNING NEWSPAPERS.

ONLY THE COMMUNIST DAILY WORKER, WHICH DECLARED "THIS PRICE OF BEVINISM IS A LUXURY WE CANNOT AFFORD," ATTACKED THE DEFENSE PROGRAM AS "FANTASTIC IN PEACETIME."

THE TIMES ACKNOWLEDGED IN ITS LEAD EDITORIAL THAT THE PRESENT COAL CRISIS HAS EMPHASIZED BRITAIN'S DESPERATE MANPOWER SHORTAGE IN INDUSTRY BUT ADDED:

"IT HAS BEEN TOO READILY ASSUMED IN SOME QUARTERS THAT A GRADING-DOWN OF MILITARY RESPONSIBILITIES IS A FEASIBLE REMEDY FOR THE MANPOWER SHORTAGE. AN ATTEMPT TO STIMULATE THE FOREIGN TRADE, UPON WHICH THE PROSPERITY OF THE COUNTRY DEPENDS BY DENUDING THE TRADE ROUTES OF PROTECTION MIGHT BE ROBBING PETER TO PAY PAUL.

"A NATION WHICH LIVES BY OVERSEAS TRADE AND WHICH, HOWEVER GRIEVOUS ITS PRESENT DISTRESS, YET POSSESSES AND CONTROLS MUCH THAT IS ENVIABLE CANNOT AFFORD REMEDIES OF THIS KIND."

THE TIMES SAID "THE CALL FOR A FIRM BUT PRUDENT FOREIGN POLICY WAS NEVER MORE IMPERIOUS" AND SAID IT WOULD "BE UNWISE TO SUPPOSE THAT FURTHER LARGE ECONOMIES (IN THE DEFENSE BUDGET) COULD NOT BE MADE WITHOUT SERIOUS RISK."

THE NEWS CHRONICLE WHICH USUALLY SUPPORTS THE GOVERNMENT, POINTED OUT THAT THE MILITARY BUDGET FOR A YEAR WAS NEARLY AS LARGE AS THE ENTIRE AMERICAN LOAN AND SAID IT WAS TO BE HOPED THAT FURTHER REDUCTIONS IN EXPENDITURES AND STRENGTH COULD BE MADE AFTER SETTLEMENT OF THE PALESTINE QUESTION.

"IT WILL BE ASKED WHETHER, IN PRESENT CIRCUMSTANCES, THE COUNTRY CAN AFFORD THIS TREMENDOUS DRAIN OF BOTH MANPOWER AND MONEY," THE NEWS CHRONICLE SAID. "BUT A SUDDEN WITHDRAWAL OF OUR LEGIONS IS IMPOSSIBLE."

THE CONSERVATIVE DAILY TELEGRAPH SAID THE BUDGET WAS NOT EXCESSIVE IN VIEW OF HEAVY COMMITMENTS OF FOREIGN POLICY.

PARIS, FEB.15-(AP)-MILITANT LABOR AND A DETERMINED GOVERNMENT CONFRONTED ONE ANOTHER ACROSS THIS NEWSLESS CITY TODAY IN A CONFLICT HIGHLIGHTED BY YESTERDAY'S TEMPORARY TOKEN STRIKE OF GOVERNMENT EMPLOYES WHICH PARALYZED PARIS FOR FOUR HOURS.

PREMIER PAUL RAMADIER, WHO TOLD THE NATIONAL ASSEMBLY YESTERDAY THAT NATIONAL SOVEREIGNTY ITSELF WAS AT STAKE IN WORKERS' DEMANDS FOR A "VITAL MINIMUM" WAGE OF 7,500 FRANCS A MONTH (ABOUT 62), PLANNED FURTHER CONFERENCES TODAY IN AN EFFORT TO RESTORE PEACE TO THE LABOR FRONT. NUERNBERG, FEB 15-(AP)-A GERMAN BORN ATTORNEY, WHOSE PROSECUTION SENT WILHELM FRICK, FORMER NAZI MINISTER OF INTERIOR, TO THE GALLOWS, IS FLYING FROM WASHINGTON TO NUERNBERG TODAY TO TAKE UP THE CASE AGAINST 15 OTHER NAZIS--INCLUDING OFFICIALS OF THE DREAD "PEOPLES COURT."

PROCEEDINGS IN THE THIRD MASS WAR CRIMES TRIAL HERE, IT WAS DISCLOSED, WILL BE HANDLED BY DR.ROBERT M.W.KEMPNER OF PHILADELPHIA, WHOM FRICK OUSTED FROM A GERMAN GOVERNMENT OFFICE AFTER THE NAZI SEIZURE OF POWER IN 1933.

SEVENTEEN HIGH-RANKING OFFICIALS ORIGINALLY WERE SCHEDULED FOR JOINT TRIAL, BUT TWO KILLED THEMSELVES WHILE IN ALLIED CUSTODY.

FIRST TO DIE BY HIS OWN HAND WAS OTTO GEORG THIERACK, FORMER MINISTER OF JUSTICE, HELD AT THE TIME IN A BRITISH ZONE INTERNMENT CAMP.

CARL WESTPHAL, JUSTICE MINISTRY COUNCILLOR, KILLED HIMSELF A FEW WEEKS AGO IN THE NUERNBERG JAIL, WHERE AMERICAN AUTHORITIES HAVE BEEN PLAGUED BY THREE OTHER NAZI SUICIDES, INCLUDING HERMANN GOERING'S.

THE 15 SURVIVORS ARE ACCUSED OF CRIMINAL CONSPIRACY, WAR CRIMES AND CRIMES AGAINST HUMANITY. THE INDICTMENT WILL BE READ MONDAY IN THE PALACE OF JUSTICE MAIN COURTROOM, WHERE TRIAL OF 23 NAZI DOCTORS WILL RECESS FOR THE DAY.

AFTER ARRAIGNMENT, IT IS EXPECTED A DELAY WILL BE GRANTED AND THE PROSECUTION WILL NOT BEGIN PRESENTATION OF EVIDENCE UNTIL MARCH 15.

TO FOREIGNERS, VIRTUALLY NONE OF THE DEFENDANTS IS WELL KNOWN, YET THEY INCLUDE SEVERAL OFFICIALS OF THE DREADED "PEOPLES COURT" WHICH SERVED AS A NOTORIOUS WEAPON OF NAZI TERROR.

FRANKFURT, GERMANY, FEB. 15-(AP)-A GERMAN PRIEST WHO ASSAULTED AN AMERICAN SOLDIER AND A POLISH GUARD IN PROTEST AGAINST THE REMOVAL OF REQUISITIONED FURNITURE FROM A HOUSE AT DURLACH, NEAR KARLSRUHE, WAS SHOT AND KILLED BY THE POLISH GUARD, THE ARMY REPORTED TONIGHT.

THE PROVOST MARSHAL'S OFFICE SAID THE PRIEST, THE REV. ERICH BLINK, APPARENTLY WAS MENTALLY DERANGED.

HE ENTERED THE HOUSE AND STRUCK AMERICAN SERGEANT REED W. HOOKER, WHO THEN ORDERED PVT. FRANCISZEK BILSKI, THE POLE, TO ESCORT HIM FROM THE PREMISES, THE OFFICIAL REPORT STATED.

THE PRIEST TOOK OFF HIS COAT AND HAT AND CHARGED THE GUARD WITH A HEAVY CLUB, THE REPORT CONTINUED. THE GUARD FIRED A WARNING SHOT IN THE AIR AND, WHEN THE PRIEST CONTINUED TO ADVANCE, THE GUARD SHOT HIM IN THE HEAD.

AN "INTENSIVE INVESTIGATION" IS BEING CONDUCTED, THE PROVOST MARSHAL'S OFFICE SAID.

MUNICH, FEB 15-(AP)-TWENTY-EIGHT U.S. CREWS OF C-47 TRANSPORT PLANES WERE ALERTED TODAY AT RIEM AIRFIELD, BUT OFFICIALS HERE AND AT WIESBADEN HEADQUARTERS DECLINED TO DISCLOSE THE REASON.

A SOURCE AT THE AIRFIELD SAID A BRIEFING FOR THE CREWS, SCHEDULED FOR THIS AFTERNOON, HAD BEEN POSTPONED TO TOMORROW MORNING.

AMONG THE RUMORS WHICH FOLLOWED THE DISCLOSURE WERE THESE: THAT THE PLANES WERE GOING TO PALESTINE TO EVACUATE BRITONS AND AMERICANS; THAT THE FLIERS WERE TO DROP SUPPLIES IN ROMANIA, AND THAT THE PLANES WOULD BE USED IN A SEARCH FOR A MISSING AIRCRAFT. WITH REGARD TO THE LATTER, IT WAS LEARNED DEFINITELY THAT NO PLANE WAS MISSING.

MT1148AES

EYSTER SAID IT WAS "OBVIOUS" THAT THE PLANES WOULD NOT HAVE CARRIED TROOPS SINCE THEY WERE UNARMED AND THAT HE "DID NOT THINK" THEY WERE ALERTED FOR FLIGHT TO PALESTINE TO EVACUATE AMERICAN OR BRITISH RESIDENTS.

DECLARING HE HAD NO IDEA WHY THE PLANES WERE ALERTED, EYSTER ADDED: "I ASSUME THE CRISIS WAS MET LOCALLY."

IT APPEARED UNLIKELY THAT THE MYSTERY WOULD BE CLEARED UP HERE UNLESS THE PLANES WERE RE-ALERTED, SINCE AIRFORCE OFFICIALS SAID THE ENTIRE AFFAIR WAS TOP SECRET AND NO INFORMATION COULD BE DIVULGED.

A MINISTRY SPOKESMAN SAID TSAGRES MARRIED 22-YEAR-OLD JELENA NAJDANOVICH LAST MONTH, SUPERIMPOSED HER PICTURE ON HIS OWN PASSPORT, THEN STAMPED THE PASSPORT PHOTOGRAPHS WITH THE SEAL OF THE GREEK LEGATION. HIS WIFE WAS THE DAUGHTER OF A ONCE WEALTHY YUGOSLAV INDUSTRIALIST.

SHE NOW IS IN JAIL AND, IT WAS REPORTED UNOFFICIALLY, TSAGRES WAS ISSUED A YUGOSLAV VISA WHICH GIVES HIM ONLY 10 DAYS IN WHICH TO LEAVE THE COUNTRY. HE WAS NOT AVAILABLE FOR COMMENT.

THE YUGOSLAV FOREIGN AFFAIRS MINISTRY SAID ALSO THAT TSAGRES HAD BEEN MARRIED PREVIOUSLY AND THAT HIS FIRST WIFE LEFT BELGRADE ABOUT 10 MONTHS AGO. THERE WAS NO EVIDENCE, THE MINISTRY SAID, THAT THE DIPLOMAT DIVORCED HIS FIRST WIFE.

MOSCOW, FEB 15-(AP)-SOVIET ECONOMIST EUGENE VARGA DECLARED IN PRAVDA TODAY THAT BRITAIN'S RELATIONSHIP WITH THE UNITED STATES WAS BASED ON A FUNDAMENTAL LAW OF IMPERIALISM IN WHICH THE STRONGER DEFEATS THE WEAKER, CAUSING THE BRITISH BOURGEOSIE TO SENSE AN AMERICAN THREAT TO THEIR INTERESTS.

"THIS" VARGA SAID, "IS WHY A FURTHER DEEPENING OF CONTROVERSIES CANNOT BE AVOIDED DESPITE THE POLICY OF BEVIN AND CHURCHILL."

IN A REVIEW OF FORMER DOMINIONS SECRETARY L.S.AMERY'S BOOK, "WASHINGTON LOAN AGREEMENT," VARGA SAID:

"THE ANTI-AMERICAN TENDENCIES IN THE BRITISH POLICY HAVE A DEEPER SIGNIFICANCE THAN THE THREAT TO BRITISH EMPIRE SUNG BY AMERY. ALL LAYERS OF BRITISH PEOPLE ARE BECOMING MORE AND MORE CONVINCED THAT THE BURDEN OF WAR AND THE FRUITS OF VICTORY ARE UNFAIRLY DIVIDED BETWEEN THE U.S. AND ENGLAND."

THUS, HE SAID, FOREIGN SECRETARY ERNEST BEVIN'S POLICY OF A UNITED FRONT WITH AMERICA IS MEETING WITH INCREASING OPPOSITION AT HOME.

REFERRING TO THE BOOK, VARGA SAID AMERY'S MAIN THESIS WAS THAT THE UNITED STATES USED THE "COOPERATIVE SITUATION OF ENGLAND DURING THE WAR AND AFTER THE WAR IN ORDER TO UNDERMINE THE POSITION OF THE BRITISH EMPIRE AND MAKE ENGLAND DEPENDENT ECONOMICALLY AS WELL AS POLITICALLY."

VARGA SAID IT WAS THE AUTHOR'S OPINION THAT AMERICAN POLICY WISHES TO ESTABLISH ECONOMIC SOVEREIGNTY OF THE UNITED STATES THROUGHOUT THE ENTIRE WORLD AND THAT THE MOVING FORCE BEHIND THIS POLICY IS BIG INDUSTRY WHICH WANTS AN UNLIMITED MARKET FOR ITS PRODUCTS.

"THE SYSTEM OF PREFERENTIAL TARIFFS AND THE STERLING BLOC OF BRITAIN HINDERS THE CARRYING OUT OF THIS POLICY," VARGA OBSERVED. "THIS IS WHY THE MAIN GOAL OF AMERICAN ECONOMIC POLICY IS TO DYNAMITE THIS SYSTEM."

VARGA SAID AMERY, WHO WROTE HIS BOOK BEFORE CONGRESS RATIFIED THE LOAN, SOUGHT TO UNDERLINE THE GREAT SACRIFICES MADE BY BRITAIN DURING THE WAR.

"THE UNITED STATES DID GATHER THE FRUITS OF THE WAR," SAID VARGA. "ENGLAND WON ONLY TEMPORARY USE OF THE ITALIAN COLONIES. THE U.S. OBTAINED NAVAL BASES THROUGHOUT THE WORLD, INCLUDING BRITISH COLONIES. SHE STRENGTHENED HER POSITION IN SOUTH AMERICA AGAINST BRITAIN. SHE RULES THE PACIFIC FROM HAWAII TO THE PHILIPPINES TO JAPAN. SHE HAS ALMOST DRIVEN BRITAIN FROM CHINA AND HAS SETTLED IN THE NEAR EAST.

"MORE AND MORE CRACKS ARE APPEARING BETWEEN INDIA, EGYPT AND PALESTINE. MANY ENGLISHMEN BELIEVE THAT AMERICAN HANDS ARE SILENTLY BEHIND THESE DRIVES AGAINST THE EMPIRE."

LONDON, FEB. 15-(AP)-JEWISH IMMIGRATION TO PALESTINE REMAINED A MAJOR PROBLEM FOR THE BRITISH GOVERNMENT TODAY DESPITE THE ANNOUNCEMENT BY FOREIGN SECRETARY ERNEST BEVIN THAT THE HOLY LAND ISSUES WOULD BE REFERRED TO THE UNITED NATIONS.

BRITONS LOOK FOR LESSENED ACTIVITY ON THE PART OF JEWISH EXTREMISTS IF IMMIGRATION QUOTAS ARE HIKED IN THE PERIOD PRIOR TO ANY U.N. SETTLEMENT. BUT THEY FEEL ALSO THAT SUCH PROCEDURE MIGHT TOUCH OFF CONFLICT WITH THE ARABS, WHOSE SPOKESMEN HAVE THREATENED WAR IF AN ADDITIONAL JEW IS GIVEN LEGAL ENTRY TO THE HOLY LAND.

THE GOVERNMENT CLAMPED A STRICT BLACKOUT ON ITS IMMIGRATION PLANS. ONE GOVERNMENT SOURCE SPECULATED YESTERDAY, HOWEVER, THAT IF UNITED NATIONS CONSIDERATION IS DEFERRED UNTIL THE SEPTEMBER MEETING OF THE GENERAL ASSEMBLY SOME MODIFICATION OF PRESENT IMMIGRATION POLICIES MAY BE MADE.

NEW DELHI, FEB.15-(AP)-SARDAR VALLAB HAI PATEL, A TOP-RANKING LEADER IN THE ALL-INDIA CONGRESS PARTY, SAID TODAY THAT THE CONGRESS WOULD QUIT THE INTERIM GOVERNMENT IF THE BRITISH FAIL TO COMPEL THE MOSLEM LEAGUE TO PARTICIPATE IN THE CONSTITUENT ASSEMBLY.

LEADERS OF THE PREDOMINANTLY HINDU CONGRESS HAVE ASKED THE BRITISH TO REQUIRE THE MOSLEM LEAGUE TO TAKE PART IN THE ASSEMBLY'S WORK OF DRAFTING A CHARTER FOR INDIAN INDEPENDENCE OR GET OUT OF THE INTERIM CABINET. THE LEAGUE, WHICH CLAIMS IT WOULD BE OUTVOTED IN THE ASSEMBLY, HAS REFUSED TO LEAVE THE CABINET.

PATEL, A MEMBER OF THE INTERIM CABINET, SAID IN AN INTERVIEW THAT THE ONLY WAY CONTINUED PARTICIPATION OF THE CONGRESS IN THE GOVERNMENT COULD BE ASSURED WAS BY GETTING THE MOSLEM LEAGUE INTO THE ASSEMBLY. OTHERWISE, HE SAID, "UNLESS THE MOSLEM LEAGUE GETS OUT, WE WILL GET OUT."

"WHAT WOULD BE THE USE OF OUR STAYING IN THE GOVERNMENT?" HE DEMANDED, ASSERTING THAT THE CONGRESS CAME IN TO IMPLEMENT THE BRITISH CABINET PLAN FOR GRANTING INDIAN INDEPENDENCE, FIRST, BY CREATING AN IMTERIM GOVERNMENT AND, SECOND, BY SETTING UP AN ASSEMBLY TO WRITE A CONSTITUTION.

THE MOSLEM LEAGUE HAS TAKEN THE STAND THAT THE CONGRESS HAS FAILED TO COMPLY WITH THE CABINET MISSION PLAN BY ITS INTERPRETATION OF VARIOUS CABINET STATEMENTS. THE CONGRESS CHARGED THAT LEAGUE REFUSAL TO ENTER THE ASSEMBLY CONSTITUTED REPUDIATION OF THE PLAN.

MANILA, FEB. 15-(AP)-A U.S. ARMY PLANE FLEW OVER NORTHWESTERN PALAWAN FOR HOURS AT TREETOP LEVEL TODAY IN AN INCONCLUSIVE SEARCH FOR SOME 200 JAPANESE SOLDIER HOLDOUTS WHO MAY BE THE MOST-WANTED MEN ON THE WAR CRIMINAL LIST--PERPETRATORS OF THE FIENDISH FLAMING-GASOLINE EXECUTION OF 150 AMERICAN PRISONERS.

A WAR CRIMES INVESTIGATOR AND A GROUP OF OBSERVERS INCLUDING THIS CORRESPONDENT CRUISED OVER THE DESOLATE JUNGLES OF PALAWAN SOME 310 MILES SOUTHWEST OF MANILA. WE COVERED AN AREA ALONG THE NORTHWEST COAST STRETCHING FROM MAYDAY BAY 30 TO 50 MILES INLAND IN ALL DIRECTIONS.

MAJ.ALBERT T.HAVILAND OF ORANGE, N.J., PILOTED THE 13TH AIR FORCE B-25 SO CLOSE TO THE EARTH THAT GUSTS OF STEAMING JUNGLE AIR SET THE PLANT TO PITCHING, BUT WE SAW NO POSITIVE EVIDENCE OF THE JAPANESE.

"THAT'S AN INDICATION THEY ARE JAPS," SAID PRENTICE (PETE) MILES OF WEST FRANKFORT, ILL., WHO OWNS A LUMBER MILL NEAR MAYDAY BAY AND WHO PREVIOUSLY HAD REPORTED JAPANESE WERE IN THAT AREA.

THERE HAVE BEEN OTHER REPORTS WITHIN THE WEEK OF FILIPINO FISHERMEN BEING ABDUCTED BY THE JAPANESE. MAJ.R.R.PREWITT, CHIEF INVESTIGATOR OF THE WAR CRIMES LEGAL SECTION HERE, RECEIVED A REPORT THURSDAY THAT EIGHT FILIPINOS HAD BEEN KILLED BY THE STRAGGLERS.

NIGHT LEAD ATOMIC

BY JACK BELL

WASHINGTON,FEB 15-(AP)-TWO REPUBLICANS AND A DEMOCRAT APPEARED TODAY TO HOLD THE KEY TO SENATE CONFIRMATION OR REJECTION OF DAVID E.LILIENTHAL AND HIS ASSOCIATES ON THE NEW ATOMIC ENERGY COMMISSION.

HOW SENATORS VANDENBERG (R-MICH), HICKENLOOPER (R-IOWA) AND RUSSELL (D-GA) FINALLY DECIDE TO VOTE FOR THE [illegible] COMMISSION NOMINEES, POSSIBLY LATE NEXT WEEK, MAY HAVE A DETERMINING INFLUENCE ON ENOUGH OF THEIR COLLEAGUES TO BE DECISIVE.

IF VANDENBERG AND HICKENLOOPER SHOULD COME OUT IN SUPPORT OF THE NOMINATION, THEIR COLLEAGUES SAID, REPUBLICAN OPPOSITION WHICH HAS BEEN SNOWBALLED INTO FORMIDABLE SIZE BY SENATOR WHERRY OF NEBRASKA, THE GOP WHIP, MIGHT BE SPLIT WIDE OPEN.

SIMILARLY, IF RUSSELL ELECTS TO SUPPORT LILIENTHAL, HIS JUDGMENT MAY INFLUENCE STRONGLY MANY OF THE DEMOCRATS WHO ARE UNENTHUSIASTIC ABOUT PRESIDENT TRUMAN'S SELECTION FOR THE COMMISSION CHAIRMANSHIP BUT WOULD BE WILLING TO STRING ALONG WITH THE GEORGIA SENATOR.

EMPHASIZING THE SPLIT AMONG REPUBLICANS, SENATOR BUSHFIELD (SD) ANNOUNCED TODAY HE IS OPPOSED TO LILIENTHAL AND SENATOR AIKEN (VT) TOLD A REPORTER HE WILL SUPPORT THE NOMINEE UNLESS SOME NEW AND STARTLING DISCLOSURES ARE MADE.

BUSHFIELD SAID HE DOES NOT AGREE WITH LILIENTHAL'S "PHILOSOPHY OF GOVERNMENT."

AIKEN DECLARED THE WHOLE MATTER INVOLVES "A FIGHT BETWEEN THOSE WHO WANT TO ERECT A WALL AROUND THIS COUNTRY AND THOSE OF US WHO BELIEVE THAT WE MUST TAKE PART IN THIS NEW ATOMIC WORLD."

ON THE DEMOCRATIC SIDE, SENATOR ELLENDER (LA) SAID HE WILL VOTE FOR LILIENTHAL "UNLESS SOME PROOF IS PRODUCED THAT HASN'T BEEN SHOWN YET TO SUBSTANTIATE THE CHARGES AGAINST HIM."

EARLIER, SENATOR TOBEY (R-NH) SAID IN A STATEMENT HE INTENDS TO SUPPORT LILIENTHAL AND THE OTHER NOMINEES "UNQUALIFIEDLY."

THE EVIDENT SPLIT AMONG REPUBLICANS MADE IT LIKELY THAT OPPOSITION BY HICKENLOOPER, CHAIRMAN OF THE ATOMIC COMMITTEE, WOULD INFLUENCE MANY OF THAT PARTY WHO ARE ON THE FENCE. VANDENBERG HAS REFUSED TO COMMIT HIMSELF PUBLICLY BUT IS CONSIDERED BY SOME OF HIS COLLEAGUES AS LIKELY TO VOTE FOR LILIENTHAL IN THE END.

IF RUSSELL SHOULD JOIN IN OPPOSITION, ALL OF THE CONSIDERABLE PRESSURE THE ADMINISTRATION IS REPORTED READY TO BRING TO BEAR PROBABLY COULD NOT SAVE THE NOMINEES.

DEMOCRATIC ANALYSTS WITH A KNOWLEDGE OF SENATORS' GENERAL VIEWS REPORTED A PRESENT MARGIN OF THREE OR FOUR VOTES IN FAVOR OF CONFIRMATION FOR LILIENTHAL.

IT HAS BEEN THE TACIT UNDERSTANDING FOR SOME TIME THAT THE WHOLE COMMISSION STANDS OR FALLS ON THE LILIENTHAL VOTE, SINCE OTHER NOMINEES PROBABLY WOULD REFUSE TO SERVE IF HE WERE DEFEATED.

THUS FAR SENATORS' THINKING ON THE NOMINATIONS APPEARS TO HAVE TAKEN SEVERAL DIRECTIONS.

IN ONE CAMP ARE THOSE WHO SUPPORT LILIENTHAL AND WHAT HIS OPPONENTS HAVE CALLED HIS "NEW DEAL PHILOSOPHY OF GOVERNMENT." PUBLICLY, THESE INCLUDE SUCH DEMOCRATIC STALWARTS AS SENATORS HATCH OF NEW MEXICO, MYERS OF PENNSYLVANIA, SPARKMAN OF ALABAMA, MCMAHON OF CONNECTICUT AND ELLENDER. REPUBLICAN SUPPORTERS INCLUDE SENATORS MORSE OF OREGON, AIKEN AND TOBEY, ALL OF WHOM OFTEN DISAGREE WITH PARTY COLLEAGUES.

A159WX

IN ANOTHER CAMP ARE BOTH DEMOCRATS AND REPUBLICANS WHO DISLIKE LILIENTHAL FOR VARIOUS REASONS, SUCH AS HIS ALLEGED NEW DEAL OR "LEFTIST" LEANINGS, HIS REPUTED "DISREGARD FOR CONGRESS" AS SOME HAVE PUT IT, OR BECAUSE THEY SAY NO MAN SHOULD HEAD THE ATOMIC COMMISSION ABOUT WHOM THERE IS ANY CONTROVERSY.

THIS GROUP INCLUDES SUCH DEMOCRATS AS SENATORS OVERTON OF

30.24-7937

LOUISIANA, O'DANIEL OF TEXAS AND STEWART OF TENNESSEE. SENATOR MCKELLAR, STEWART'S COLLEAGUE, IS AMONG THIS GROUP, WITH HIS CHARGE THAT LILIENTHAL HAS BEEN AN ASSOCIATE OF COMMUNISTS. LILIENTHAL DENIES THIS.

REPUBLICANS IN THE GROUP INCLUDE SENATORS MOORE OF OKLAHOMA, WHERRY, BRIDGES OF NEW HAMPSHIRE, KEM OF MISSOURI, BROOKS OF ILLINOIS. BREWSTER OF MAINE AND BUSHFIELD. SENATOR TAFT OF OHIO, THE GOP POLICY COMMITTEE CHAIRMAN, IS CREDITED BY SOME WITH SHARING THEIR VIEWS, BUT HAS DECLINED TO MAKE PUBLIC HIIS STAND.

THE THIRD AND BY FAR THE LARGEST CAMP, HOWEVER, EMBRACES THOSE WHO HAVE NOT SAID PUBLICLY WHICH WAY THEY WILL VOTE, IN ADDITION TO THOSE WHO HAVE NOT MADE UP THEIR MINDS.

AMONG THESE ARE SOME WHO RESENT PRESIDENT TRUMAN'S ACTION IN MAKING RECESS APPOINTMENTS BY WHICH THE NOMINEES TOOK OVER ACTUAL CHARGE OF THE NATION'S ATOMIC PLANTS JAN. 1.

OTHERS SAY PRIVATELY THEY WISH THE PRESIDENT HAD NOT PICKED SUCH A CONTROVERSIAL FIGURE AS LILIENTHAL, BUT THEY DO NOT KNOW WHAT CAN BE DONE ABOUT IT NOW.

THE MOSCOW RADIO SAID FOREIGN MINISTER MOLOTOV HAD PROTESTED TO AMBASSADOR BEDELL SMITH THAT THE UNDERSECRETARY'S REMARKS WERE "HOSTILE" TO THE SOVIET UNION AND "A GROSS SLANDER." MOSCOW, HOWEVER, HAD ACHESON CALLING THE RUSSIAN POLICY "EXPANSIONIST" WHEN HE ACTUALLY SAID "EXPANDING."

CHAIRMAN HICKENLOOPER (R-IOWA) TOLD A REPORTER ACHESON HAD ONLY PUT INTO WORDS "WHAT IS APPARENT TO ANY IMPARTIAL OBSERVER OF RUSSIA'S ACTIONS AND PROGRAM."

SENATOR EDWIN C.JOHNSON (D-COLO) EXPRESSED BELIEF THE RUSSIANS "ARE PUTTING THE WRONG INFERENCE ON WHAT HE SAID."

SENATOR KNOWLAND (R-CALIF) TOLD A NEWSMAN ACHESON WAS "ONLY STATING WHAT IS COMMON KNOWLEDGE."

THE PROTESTED REMARKS CAME FEB.10 IN QUESTIONING OF ACHESON IN CONNECTION WITH THE NOMINATION OF DAVID E.LILIENTHAL TO BE CHAIRMAN OF THE ATOMIC ENERGY COMMISSION WHICH WILL DIRECT AND CONTROL ALL DOMESTIC ACTIVITIES IN NUCLEAR FISSION.

SENATOR MCKELLAR (D-TENN), WHO HAS ACCUSED LILIENTHAL OF PRO-COMMUNIST LEANINGS, DIRECTED THE DISCUSSION INTO INTERNATIONAL POLITICS.

HE EXPRESSED HIS DISLIKE FOR THE ACHESON-LILIENTHAL REPORT ON ATOMIC ENERGY WHICH FORMS THE BASIS OF THE PRESENT UNITED STATES PLAN FOR INTERNATIONAL CONTROLS OF THE NEW POWER, CRITICIZING IT AS A PLAN TO "GIVE THE ATOMIC BOMB TO RUSSIA."

THEN MCKELLAR ASKED ACHESON IF IT WAS THE UNDERSECRETARY'S IDEA THAT RUSSIA IS THE CHIEF RIVAL OF THE UNITED STATES IN THE POLITICAL WORLD.

"SENATOR, IF YOU THINK IT IS RELEVANT FOR ME TO GO INTO A GENERAL DISCUSSION OF OUR RELATIONS WITH ALL OTHER COUNTRIES, OF COURSE I SHALL HAVE TO DO IT," ACHESON REPLIED. "I THINK IT IS MOST ILL-ADVISED FOR ME AND FOR THE STATE DEPARTMENT AND FOR THE COUNTRY TO GET INTO THIS SORT OF GENERAL TALK."

MCKELLAR PERSISTED, AND THE COMMITTEE'S TRANSCRIPT SHOWS THE FOLLOWING EXCHANGE:

MCKELLAR--MR.ACHESON, AS UNDERSECRETARY OF STATE, YOU CERTAINLY KNOW THAT RUSSIA HAS GENERAL CONTROL OF A NUMBER OF NATIONS AROUND HER LIKE ROMANIA AND POLAND AND CZECHOSLOVAKIA AND YUGOSLAVIA. YOU KNOW THAT THE COMMUNISTS HAVE CHARGE OF ALL THOSE, UNDER THE OVERLORDSHIP, SO TO SPEAK, OF RUSSIA?

1947

A7SWX

ACHESON--I AM FAMILIAR WITH THE FACTS OF RUSSIAN INFLUENCE IN THAT AREA.

MCKELLAR--WELL, MY STATEMENT ABOUT IT IS CORRECT, IS IT NOT?

ACHESON--I BEG YOUR PARDON SIR?

MCKELLAR--MY STATEMENT ABOUT IT THAT THEY ARE UNDER THE GENERAL CONTROL OF THE COMMUNIST GOVERNMENT OF RUSSIA, THOUGHT OF AS A SUPERIOR POWER RIGHT NEAR THEM, AND YIELDING TO RUSSIA ALL THE TIME--

ACHESON--THE RUSSIAN INFLUENCE, I THINK, IS THE DOMINANT INFLUENCE IN THAT AREA.

MCKELLAR--THE DOMINANT INFLUENCE IN THOSE COUNTRIES NOW, ASSUMING THAT RUSSIA IS REACHING OUT NOT ONLY FOR THOSE COUNTRIES THAT SHE ALREADY HAS, BUT IS REACHING OUT FOR ADDITIONS TO HER TERRITORY--DO YOU NOT BELIEVE THAT IF SHE GETS THIS BOMB DISCOVERY, SHE WOULD TAKE NOT ONLY THE REMAINDER OF EUROPE BUT PERHAPS THE REMAINDER OF THE WORLD?

ACHESON--SENATORS, I DON'T THINK THAT THAT IS A QUESTION WHICH IS CAPABLE OF BEING ANSWERED IN THE WAY IN WHICH YOU ASKED IT. I AM QUITE AWARE OF THE FACT THAT RUSSIAN FOREIGN POLICY IS AN AGGRESSIVE AND EXPANDING ONE. I THINK THAT ONE OF THE GREAT EFFORTS WHICH EVERYONE IS MAKING IN THE UNITED NATIONS IS TO ATTEMPT TO FIND MEANS OF SOLVING PROBLEMS OF THAT SORT. IF THOSE MEANS AND AGREEMENTS CAN BE FOUND, THEN THERE IS HOPE THAT THERE WILL NOT BE MAJOR CLASHES. IF THEY CAN'T BE FOUND, THEN I THINK THE SITUATION IS VERY SERIOUS.

KNOWLAND, AFTER HIS REFERENCE TO "COMMON KNOWLEDGE" OF WHAT ACHESON REPORTED, ADDED:

"I BELIEVE THAT THE KREMLIN HAS PICKED A PART OF A SENTENCE OUT OF THE CONTEXT OF HIS TESTIMONY AND IS ATTEMPTING TO GIVE A DIFFERENT COMPLEXION TO IT THAN THE FULL TESTIMONY OF MR.ACHESON WOULD WARRANT."

"UNDERSECRETARY ACHESON SAID NOTHING WHICH COULD BE FAIRLY CRITICIZED," HICKENLOOPER DECLARED. "RUSSIAN DEMANDS FOR TERRITORY AROUND THE WORLD CERTAINLY PROVE THAT THERE IS NO QUESTION THAT WHAT ACHESON SAID IS TRUE." #

WASHINGTON,FEB.15-(AP)-THE STATE DEPARTMENT WILL START MONDAY ITS LONG-PLANNED EFFORT TO JUMP OVER THE "IRON CURTAIN" AND TELL THE AMERICAN STORY DIRECTLY TO THE RUSSIAN PEOPLE BY RADIO IN THEIR OWN LANGUAGE.

THE ONE-HOUR PROGRAM GETS UNDER WAY AT 1 P.M.(EST), WHICH IS 9 P.M. IN MOSCOW, FROM THE DEPARTMENT'S INTERNATIONAL BROADCASTING DIVISION STUDIOS IN NEW YORK. IT WILL BE RELAYED FROM A NEW STATION IN MUNICH, GERMANY, WITH THE BEAM POINTED AT THE MOSCOW-LENINGRAD AREA.

"FACTUAL, UNBIASED NEWS OF THE WORLD" IS WHAT THE STATE DEPARTMENT SAYS IT INTENDS TO SEND TO THE RUSSIANS SEVEN DAYS A WEEK.

HOW BIG THE AUDIENCE WILL BE IS SOMETHING OFFICIALS OF THE DEPARTMENT WILL NOT UNDERTAKE TO ESTIMATE. LATEST INFORMATION HERE IS THAT THERE ARE ONLY ABOUT HALF A MILLION RADIO RECEIVING SETS IN THE SOVIET UNION.

AND THE QUESTION OF OFFICIAL ATTITUDE TOWARD TUNING IN ON THE AMERICAN PROGRAM WILL HAVE SOMETHING TO DO WITH THE RECEPTION. THE KREMLIN HAS NOT OFFICIALLY INDICATED HOW THE IDEA IS BEING RECEIVED THERE.

THE PROGRAM WILL BE PREPARED BY A CAREFULLY CHOSEN STAFF OF RUSSIAN-SPEAKING AMERICAN CITIZENS, ASSEMBLED OVER A PERIOD OF MONTHS.

THE HEAD OF THE STAFF IS CHARLES W.THAYER, WHO WAS IN THE MOSCOW EMBASSY FOR SEVEN YEARS. NICHOLAS NABOKOFF, FORMER PROFESSOR OF PHILOSOPHY AT ST.JOHN'S COLLEGE, MARYLAND, IS CHIEF EDITOR.

(ADVANCE) WASHINGTON,FEB.15-(AP)-THE ARMY AIR FORCES SAID TONIGHT IT EXPECTED TO PUT ITS "PUSH BUTTON" C-54 TRANSPORT INTO SERVICE ON THE EXPERIMENTAL ALL-WEATHER AIR ROUTE FROM WASHINGTON TO OHIO IN THE NEAR FUTURE.

THE AAF'S BIG, FOUR-ENGINED TRANSPORT IS EQUIPPED WITH ELECTRONIC DEVICES WHICH MAKE MUCH OF THE OPERATION OF THE PLANE OVER A BEAMED ROUTE VIRTUALLY AUTOMATIC, THUS ELIMINATING MUCH OF THE CREW HANDLING OF THE AIRPLANE.

IN THIS CONNECTION, THE AAF ANNOUNCEMENT SAID THAT "WHILE ALL-WEATHER FLYING CENTER OFFICERS BELIEVE THE APPLICATION OF WAR-DEVELOPED RADAR DEVICES IS THE IMMEDIATE ANSWER TO SAFE, ALL-WEATHER FLYING, THE FINAL ANSWER PROBABLY WILL BE SOME SORT OF AUTOMATIC UNIT WHICH WILL BRING THE AIRCRAFT FROM TAKEOFF TO FINAL LANDING WITHOUT THE ELEMENT OF PERSONNEL ERROR."

THE AAF SAID ITS ALL-WEATHER AIRLINE BETWEEN CLINTON ARMY AIR BASE AT WILMINGTON, OHIO, AND ANDREWS FIELD, MD., NEAR WASHINGTON, HAS JUST COMPLETED THE FIRST SIX MONTHS OF OPERATION WITH MORE THAN 98 PERCENT OF THE FLIGHTS MADE IN SOME OF THE YEAR'S WORST WEATHER.

IN THAT TIME, 125 ROUND TRIPS HAVE BEEN MADE WITH MORE THAN 20 PERCENT OF THEM FLOWN DURING "SEVERE INSTRUMENT CONDITIONS," WHEN THE PILOTS RELIED ON WHAT THEIR INSTRUMENTS SHOWED RATHER THAN SIGHT OF THE GROUND OR ANY OTHER OBJECTS. ONLY TWO FLIGHTS WERE UNABLE TO COMPLETE THEIR RUN AND NEITHER OF THESE BECAUSE THE WEATHER STOPPED THEM.

THE C-54S USED ON THE ROUTE EMPLOY GCA (GROUND CONTROL APPROACH) RADAR AND RADIO SYSTEMS BY WHICH THE PILOTS ARE "TALKED DOWN" BY A CONTROLLER ON THE GROUND WHO WATCHES THE POSITION OF THE AIRPLANE IN HIS RADAR SCOPE.

(ADVANCE) WASHINGTON,FEB.16-(AP)-THE FOREIGN POLICY ASSOCIATION SAID TONIGHT IT IS UP TO CZECHOSLOVAKIA TO PROVE THAT "THE ROAD IT HAS CHOSEN TO SOCIALISM IS DETERMINED BY CZECHOSLOVAKIA'S OWN TRADITIONS RATHER THAN A SLAVISH IMITATION OF RUSSIAN PRACTICES."

ON THE BASIS OF THIS SHOWING, SAID THE ASSOCIATION, WILL DEPEND WHETHER THE CZECHS CAN OBTAIN GREATER ECONOMIC COOPERATION FROM THE WESTERN NATIONS. IT ADDED THAT THIS COOPERATION IS NEEDED, AS WELL AS CONTINUED CLOSE TIES WITH SOVIET RUSSIA, IF CZECHOSLOVAKIA IS TO ACHIEVE RECOVERY ANY TIME SOON.

THE ASSOCIATION IS A PRIVATE RESEARCH ORGANIZATION. ITS REPORT ON CZECHOSLOVAKIA WAS PREPARED BY MRS.WINIFRED HADSEL.

MRS.HADSEL SAID THAT INDUSTRIES NATIONALIZED BY THE GOVERNMENT HAVE OPERATED, FOR THE MOST PART, AT A LOSS. SOME OF THE LOSSES WERE ATTRIBUTED TO CAPITAL EXPENDITURES WHICH MAY RESULT IN PROFITS IN THE NEAR FUTURE.

IN OTHER INSTANCES, THEY WERE ATTRIBUTED TO INCREASED WAGES WHICH THE GOVERNMENT GRANTED INDUSTRIAL WORKERS "UNDER PRESSURE OF THE COMMUNIST PARTY." THE REPORT CONTINUED:

"ALTHOUGH THESE INCREASES WERE MADE ON THE ASSUMPTION THAT THEY WOULD IMPROVE THE WORKERS' MORALE AND THUS INCREASE PRODUCTION, PER CAPITA OUTPUT AT THE END OF 1946 AVERAGED ONLY ABOUT 70 PERCENT OF THE PRE-WAR FIGURE.

"BUT PRODUCTION HAS ALSO APPARENTLY SUFFERED FROM LACK OF COMPETITION UNDER THE NEW ECONOMIC SYSTEM. IN AN EFFORT TO DEVISE SUBSTITUTES FOR THE KIND OF STIMULATION WHICH COMPETITION PROVIDED UNDER PRIVATE ENTERPRISE, THE GOVERNMENT HAS HELD NUMEROUS OUTPUT MATCHES, WITH APPROPRIATE PRIZES. NONE OF THESE MATCHES SEEMS TO HAVE INCREASED OVER-ALL PRODUCTION RATES, HOWEVER, AND NEWSPAPERS AND POLITICAL PARTIES CONTINUE TO EXHORT THE WORKERS TO GREATER PRODUCTION.

"ANOTHER REASON FOR THE LOSSES SUFFERED BY THE NATIONALIZED INDUSTRIES HAS BEEN THE UNQUESTIONABLE INEFFICIENCY OF A LARGE NUMBER OF THE 'POLITICAL'MANAGERS WHO GAINED THEIR POSITIONS WHEN THE RESISTANCE GROUPS TOOK OVER GERMAN-CONTROLLED ENTERPRISES."

WHILE THE COMMUNIST PARTY IS RESPONSIBLE FOR THE CONDUCT OF GOVERNMENT, MRS.HADSEL REPORTED THAT ITS PROBLEMS ARE DIFFICULT SINCE IT "DOES NOT CONTROL PARLIAMENT NUMERICALLY, HAS BEEN REJECTED BY A SOLID MAJORITY OF VOTERS IN SLOVAKIA AND HAS NOT BEEN ABLE TO OBTAIN A PROMISE OF CONSISTENT SUPPORT FROM THE SOCIAL DEMOCRATS."

(ADVANCE) WASHINGTON,FEB.15-(AP)-THE AMERICAN LEGION OFFERED ITS SERVICES TONIGHT FOR NEXT SUMMER'S SAD HOMEWARD PARADE OF AMERICAN WAR DEAD FROM OVERSEAS.

JOE RABINOVICH OF INDIANAPOLIS, LEGION DIRECTOR OF SPECIAL ACTIVITIES, SAID 16,000 LEGION POSTS THROUGHOUT THE NATION WILL HELP TO HONOR THE DEAD AND COMFORT THE SORROWING RELATIVES.

WITH THE APPROVAL OF THE WAR DEPARTMENT, LEGIONNAIRES WILL VISIT FAMILIES OF DEAD SERVICEMEN TO OFFER:

1. FREE CEREMONIAL SERVICES, INCLUDING AN HONOR GUARD TO ESCORT THE BODY FROM THE TRAIN, AND FULL MEMORIAL RITES AT THE CEMETERY.

2. FREE COUNSELING SERVICES IN CONNECTION WITH DEATH OR BURIAL BENEFITS, COMPENSATION OR INSURANCE CLAIMS, AND PROCUREMENT OF GOVERNMENT HEADSTONES OR MARKERS.

"IF THE FAMILIES WOULD LIKE A CHAPLAIN, A FIRING SQUAD, BUGLER OR UNIFORMED GUARD, WE WILL BE HAPPY TO PROVIDE THEM," RABINOVICH SAID IN A STATEMENT.

WASHINGTON, FEB.15-(AP)-THE HOUSE COMMITTEE ON UNAMERICAN ACTIVITIES SOUGHT TODAY TO FIND OUT HOW GERHARD EISLER, DESCRIBED AS MOSCOW'S NO.1 AGENT IN THIS COUNTRY, MANAGED TO GET THE PASSPORT THAT BROUGHT HIM HERE.

IT CALLED LEON JOSEPHSON AND SAMUEL LIPTZEN TO TESTIFY THE WEEK OF FEB.24 AS TO WHAT THEY KNOW ABOUT THE BASIS FOR CHARGES AGAINST EISLER OF PASSPORT FALSIFICATION.

THERE WAS NO ANNOUNCEMENT AS TO WHAT JOSEPHSON MIGHT HAVE TO DO WITH THE CASE. IN A COMMITTEE HEARING FEB.6, A SELF-DESCRIBED EX-COMMUNIST IDENTIFIED A PICTURE ON A PASSPORT ISSUED TO "SAMUEL LIPTZEN" AS ACTUALLY THAT OF EISLER.

AT THIS HEARING, EISLER'S SISTER DESCRIBED HIM AS THE TOP AMERICAN WORKER FOR THE COMMUNIST INTERNATIONAL AND FBI REPORTS WERE INTRODUCED SAYING HE CONTROLLED AND DIRECTED AMERICAN COMMUNIST ACTIVITIES.

PASSPORT FALSIFICATION IS ONE OF SEVERAL CHARGES ON WHICH THE COMMITTEE ASKED THE JUSTICE DEPARTMENT TO ACT. EISLER REFUSED TO TESTIFY UNDER OATH AND IS BEING HELD AT ELLIS ISLAND IN NEW YORK.

REP.MUNDT (R-SD) MEANWHILE OUTLINED A RED-CURBING PROGRAM INCLUDING STEPS TO MAKE IT MORE DIFFICULT FOR FOREIGN-BORN COMMUNISTS TO GET INTO THIS COUNTRY AND FOR NATIVE-BORN COMMUNISTS TO TRAVEL ABROAD. EISLER IS A NATIVE OF GERMANY.

MUNDT'S OTHER TWO GOALS ARE (1) TO GET ALL COMMUNISTS OFF THE FEDERAL PAYROLL AND (2) TO REDUCE THEIR ABILITY TO CIRCULATE PROPAGANDA.

HE SAID THE UNAMERICAN ACTIVITIES COMMITTEE; OF WHICH HE IS A MEMBER, IS STUDYING THE POSSIBILITY OF LEGISLATION TO DEFINE COMMUNISM ITSELF AS "CONSPIRACY" AGAINST THE GOVERNMENT. WITH SUCH A LAW, HE CONTENDED, IT WOULD BE POSSIBLE TO DENY COMMUNISTS THE RIGHT TO USE THE MAILS TO "SPREAD THEIR PROPAGANDA."

MUNDT NOTED ONE FACTOR AGAINST SUCH AN APPROACH IS "THE LIKELIHOOD IT WOULD DRIVE THE COMMUNISTS UNDERGROUND."

"AT THE PRESENT TIME," HE ADDED, "WE HAVE, AT LEAST, A FEW LETTERHEAD NAMED FOR USE IN PICKING UP THEIR TRAIL."

(ADVANCE) WASHINGTON, FEB.15-(AP)-THE UNITED JEWISH APPEAL FOR $170,000,000 FOR THE RELIEF, REHABILITATION AND RESETTLEMENT OF EUROPE'S 1,500,000 JEWS WILL BEGIN FEB.22, HENRY MORGENTHAU, JR., GENERAL CHAIRMAN OF THE DRIVE, ANNOUNCED TONIGHT.

FINAL DETAILS OF THE CAMPAIGN WILL BE WORKED OUT AT A TWO-DAY CONFERENCE HERE BEGINNING NEXT SATURDAY, MORGENTHAU, FORMER SECRETARY OF THE TREASURY, SAID IN A STATEMENT.

WASHINGTON, FEB.15-(AP)-SENATOR FLANDERS (R-VT) CALLED TONIGHT FOR REPUBLICAN SUPPORT OF THE ADMINISTRATION'S RECIPROCAL TRADE PROGRAM, BUT SENATOR BUTLER (R-NEB) ARGUED THAT UNDER THIS SYSTEM THE UNITED STATES IS A HEAVY LOSER.

THEIR VARYING VIEWS WERE OUTLINED ON A "FOREIGN POLICY," NBC BROADCAST.

THE TRADE PROGRAM, FATHERED BY EX-SECRETARY OF STATE CORDELL HULL UNDER PRESIDENT FRANKLIN D.ROOSEVELT, HAS THE ANNOUNCED PURPOSE OF INCREASING INTERNATIONAL TRADE BY MUTUAL LOWERING OF TARIFFS. UNDER IT, THE STATE DEPARTMENT CAN REDUCE U.S.TARIFFS ON FOREIGN GOODS AS MUCH AS 50 PERCENT IN RETURN FOR TRADE CONCESSIONS FROM OTHER COUNTRIES.

FLANDERS SAID THAT THE ALTERNATIVE TO SUCH A POLICY "IS A WORLD OF GOVERNMENTALLY CONTROLLED TRADE, TAKEN OUT OF THE HANDS OF PRIVATE TRADERS. X X X IT MEANS A LOWERING OF THE LIVING STANDARDS OF THE UNITED STATES AS WELL AS OTHER COUNTRIES."

"IF OUR TARIFFS ARE SO HIGH THAT OUR FOREIGN CUSTOMERS CANNOT PAY FOR OUR EXPORTS," FLANDERS ADDED, "THERE IS GOING TO BE UNEMPLOYMENT IN EXPORTING INDUSTRIES AND DISTRESS IN EXPORTING AGRICULTURE."

BUTLER ARGUED THAT THE UNITED STATES GIVES TOO MUCH AND GETS ONLY PAPER CONCESSIONS IN RETURN. HE CONTINUED:

"THE AMERICAN PEOPLE ARE FIRMLY CONVINCED OF THE NECESSITY FOR COOPERATION WITH ALL OTHER NATIONS TO OUR MUTUAL BENEFIT. BUT IN RECENT MONTHS THEY HAVE GIVEN UNMISTAKEABLE EVIDENCE OF A NEW SPIRIT OF REALISM IN LOOKING AT THOSE RELATIONS.

"THEY ARE NO LONGER WILLING TO APPEASE RUSSIA IN THE NAME OF PEACE. X X X I BELIEVE THE PEOPLE ARE NOW DISPOSED TO INSIST A LITTLE MORE STRONGLY THAT SO-CALLED 'RECIPROCAL TRADE AGREEMENTS' BE TRULY RECIPROCAL. THEY ARE TIRED OF ECONOMIC DISARMAMENT IN THE FORM OF TARIFF CONCESSIONS ON A ONE-WAY STREET."

BUTLER SAID THE STATE DEPARTMENT SHOULD NOT MAKE DEALS ON ITS OWN AND "CANNOT EXPECT THE SUPPORT OF CONGRESS IF IT DECLINES TO GIVE RECOGNITION TO THE VIEWS OF CONGRESS."

BY JOHN A. PARRIS, JR.

(ADVANCE)...LAKE SUCCESS, N.Y., FEB 15-(AP)-THE PALESTINE PROBLEM THAT BRITAIN HAS STRUGGLED WITH UNSUCCESSFULLY FOR 20 YEARS PROBABLY WILL BE DUMPED INTO THE LAP OF THE UNITED NATIONS NEXT WEEK.

OFFICIALS HERE SAID THEY EXPECTED BRITAIN TO CALL FOR A SPECIAL SESSION OF THE U.N. GENERAL ASSEMBLY TO DECIDE THE FATE OF THE HOLY LAND.

MOST DELEGATES EXPRESSED SURPRISE THAT BRITAIN HAD DECIDED TO HAND PALESTINE'S WOES TO THE UNITED NATIONS. THIS SURPRISE WAS CAUSED BY THE FACT THAT PALESTINE'S POTENTIAL VALUE AS A MILITARY BASE WAS KNOWN TO HAVE WEIGHED HEAVILY IN BRITAIN'S DEFENSIVE PLANS.

BRITISH MILITARY LEADERS LONG HAVE CONSIDERED PALESTINE THE KEY TO THE STRATEGIC MIDDLE EAST. IT IS A STRATEGIC LOCATION ON BRITAIN'S LIFE LINE. IT IS AT THE DOORSTEP OF THE OIL FIELDS OF THE MIDDLE EAST AND IS AT THE CROSSROADS OF THREE CONTINENTS.

WHEN BRITAIN FIRST ANNOUNCED SHE WAS READY TO WITHDRAW HER TROOPS FROM EGYPT, STRATEGISTS IN THE LONDON WAR OFFICE BEGAN LOOKING TOWARD PALESTINE AS THE MAJOR BRITISH BASE.

FOR, WITH THE BRITISH OUT OF EGYPT, THEY CONTENDED THAT WITH PALESTINE AS A BASE THE EMPIRE ROUTES THROUGH THE SUEZ CANAL, THE EASTERN MEDITERRANEAN, THE RED SEA AND THE INDIAN OCEAN STILL COULD BE PROTECTED.

NOW, APPARENTLY, THE BRITISH HAVE DECIDED TO GAMBLE ON A DECISION BY THE UNITED NATIONS.

IF THE HOLY LAND WERE PLACED UNDER A TRUSTEESHIP, BRITAIN STILL COULD DEVELOP HER PLANS FOR STRATEGIC DEFENSE.

BUT ON THE BASIS OF CONVERSATIONS WITH BRITISH OFFICIALS HERE, THE LONDON GOVERNMENT APPEARS TO HAVE DECIDED IT WANTS TO BE RID

OF THE PROBLEM OF PALESTINE--EVEN AS A MANDATORY POWER OR TRUSTEE.

THE BRITISH SAY PALESTINE HAS BEEN A HEADACHE EVER SINCE GENERAL ALLENBY DROVE THE TURKS OUT OF JERUSALEM IN 1917.

YEAR AFTER YEAR SINCE THEN THE BRITISH HAVE BEEN CONFRONTED WITH JEWISH-ARAB DISSENSION.

DOZENS OF SOLUTIONS TO THE PALESTINE PROBLEM HAVE BEEN PUT FORWARD IN THE LAST QUARTER OF A CENTURY, BUT NONE HAS BEEN ACCEPTABLE TO EITHER THE ARABS OR THE JEWS.

THE SOLUTIONS BOIL DOWN ROUGHLY TO WHETHER THIS MUCH-DISPUTED LAND SHALL BE JEWISH, ARAB, N NEITHER OR BOT

THE SOLUTIONS BOIL DOWN ROUGHLY TO WHETHER THIS MUCH-DISPUTED LAND SHALL BE JEWISH, ARAB, NEITHER OR BOTH.

ONE OF BRITAIN'S MOST FAVORED PROPOSALS, WHICH WAS TURNED DOWN BY BOTH JEWS AND ARABS, PROVIDED THAT PALESTINE WOULD BECOME A FEDERATED TERRITORY WITH FOUR COMPONENTS:

1947

A136

1. A JEWISH PROVINCE.
2. AN ARAB PROVINCE.
3. JERUSALEM AND ENVIRONS UNDER BRITISH CONTROL.
4. NEGREB IN SOUTHERN PALESTINE, WHERE THE BRITISH WOULD HAVE ESTABLISHED THEIR BASE.

THE LATEST PLAN, HOWEVER, WHICH ALSO WAS TURNED DOWN AND CAUSED THE BRITISH TO DECIDE ON TURNING THE PROBLEM OVER TO THE UNITED NATIONS, PROPOSED THAT PALESTINE BE SPLIT UP NOT IN TWO SEPARATE ARAB AND JEWISH STATES BUT INTO A PATCHWORK OF SEMI-AUTONOMOUS ARAB AND JEWISH "CANTONS."

FOR A PERIOD OF FIVE YEARS THESE WOULD, ACCORDING TO THE PLAN, FUNCTION UNDER BRITISH CENTRAL CONTROL.

IT ALSO CALLED FOR JEWISH IMMIGRATION DURING THE NEXT TWO YEARS AT A RATE OF 4,000 MONTHLY--A TOTAL OF 96,000. AFTER THAT THE RATE WOULD BE DETERMINED BY THE BRITISH HIGH COMMISSIONER.

IN THE MEANTIME, THE PLAN ADDED, BRITAIN WOULD APPLY TO THE UNITED NATIONS FOR A TRUSTEESHIP OVER THE COUNTRY, WITH A PROVISION THAT THE HOLY LAND BE PREPARED FOR INDEPENDENCE.

THE ARABS ARE DEMANDING INDEPENDENCE. THEY WANT PALESTINE TO BE AN ARAB STATE. THEY ARE OPPOSED TO FURTHER JEWISH IMMIGRATION.

THE JEWS WANT TO ESTABLISH A PERMANENT HOME IN PALESTINE. THEY WANT TO BE ABLE TO OPEN IT TO ALL JEWS IN EUROPE OR WHEREVER THEY ARE IF THEY DESIRE TO COME THERE.

BUT NO AUTHORITY DOUBTS THAT TO GIVE PALESTINE TO EITHER THE ARABS OR JEWS, RELEGATING THE OTHER TO THE ROLE OF AN INTRA-NATIONAL MINORITY, WOULD STAIN THE HOLY LAND SO COPIOUSLY WITH BLOOD IT SOON WOULD SPROUT THE SEEDS OF ANOTHER WORLD WAR.

TWICE PREVIOUSLY IN RECENT PALESTINE HISTORY THERE HAVE BEEN SUGGESTIONS OF A FEDERATION.

THE FIRST WAS IN 1937, SHORTLY AFTER THE OUTBREAK OF THE ARAB UPRISING AGAINST JEWISH IMMIGRATION AND LAND PURCHASES, WHEN A ROYAL COMMISSION HEADED BY LORD PELL, RECOMMENDED AND MAPPED A SCHEME OF PARTITIONING PALESTINE INTO JEWISH AND ARAB STATES.

A137

THE FOLLOWING YEAR, SIR JOHN WOODHEAD AND HIS PARTITION COMMISSION CAME TO PALESTINE TO SEE WHETHER THE PEEL SCHEME WOULD WORK. IT WOULDN'T, SAID THE WOODHEAD COMMISSION, WHICH PROMPTLY RECOMMENDED THREE OTHER PLANS ON SIMILAR LINES, ONE OF WHICH IT CLAIMED WOULD SOLVE THE PROBLEMS.

BOTH ARABS AND JEWS SO VEHEMENTLY DENIED THE CLAIM THAT THE BRITISH MANDATORY PIGEONHOLED THE IDEA.

FIVE YEARS LATER, IN 1943, NURI AS-SAID PASHA, AN "ELDER STATESMAN" OF THE ARAB WORLD, AND IRAQ'S WARRIOR HERO AND TOPMOST POLITICIAN, ISSUED A "CONFIDENTIAL" MEMORANDUM CALLING FOR A SYRIAN CONFEDERATION OF SYRIA, LEBANON, PALESTINE AND TRANSJORDAN ARABS, WITH THE JEWS OF PALESTINE TO BE GIVEN SEMI-AUTONOMY.

THE IRAQUI'S PLAN PLEDGED THE JEWS "THE RIGHT TO THEIR OWN RURAL AND URBAN DISTRICT ADMINISTRATION, INCLUDING SCHOOLS, HEALTH INSTITUTES AND POLICE, SUBJECT TO THE GENERAL SUPERVISION OF THE SYRIAN STATE." THE MEMO ALSO PROVIDED FOR A HOLY CITY ENCLAVE AT JERUSALEM.

BUT NOTHING EVER CAME OF IT.

1947

ZIONIST OPPOSITION TO THE FEDERATION OF PALESTINE HINGES ON THE PLAN'S FAILURE TO PUT THE JEWS IN CONTROL OF THEIR OWN IMMIGRATION.

ARABS OPPOSE FEDERATION IN A FEW WORDS: "PALESTINE, EVEN JEWISH-OWNED LANDS, IS ARAB TERRITORY AND MUST FOREVER SO REMAIN."

FEW OF PALESTINE'S 1,000,000 ARABS DOUBT THAT JEWRY HAS COME BACK TO STAY AFTER A 2,000-YEAR EXODUS. BUT ARAB LEADERS CONTEND THAT ADDITIONAL JEWISH IMMIGRATION WOULD LEAD INEVITABLY TO A JEWISH STATE. THERE ARE NOW NEARLY TWO ARABS TO EVERY JEW IN PALESTINE.

ON THE OTHER HAND, A LARGE PROPORTION OF THE WORLD'S 14,000,000 JEWS ARE REPRESENTED AS BEING UNWILLING TO ACCEPT ANYTHING LESS THAN ACTUAL STATEHOOD FOR THEIR NATIONAL HOME.

THEY CONTEND THAT JEWS LIVED IN PALESTINE CENTURIES BEFORE THE ARABS AND THAT SENTIMENTAL, RELIGIOUS AND RACIAL TIES MAKE IT THE ONLY LOGICAL PLACE FOR A JEWISH HOMELAND.

THEY SAY THEY NEED A COUNTRY OF THEIR OWN TO ESCAPE BEING FOREVER A MINORITY, A STRANGER IN SOMEONE ELSE'S LAND.

FINANCIALLY, THE JEWISH INVESTMENT IN PALESTINE IS SOMETHING LIKE $6,000,000,000, SPENT IN THE LAST HALF CENTURY. JEWS OWN $100,000,000 WORTH OF LAND AND THEY HAVE INVESTED $80,000,000 IN INDUSTRY.

OUTNUMBERED BY ARABS, JEWS PAID 62 PER CENT OF ALL TAXES IN THE 1944-45 FISCAL YEAR.

MORE THAN ONE-FOURTH OF PALESTINE'S 600,000 JEWS TILL THE SOIL AND PRODUCE SOME $50,000,000 WORTH OF CROPS A YEAR.

BY JOHN A. PARRIS, JR.

LAKE SUCCESS, N. Y., Feb. 15--(AP)--Russia was expected today to formally propose that the United Nations Security Council ban immediately the production of the atom bomb.

There was a possibility that Soviet Delegate Andrei A. Gromyko would make this proposal when the council reconvenes Tuesday to debate the whole atomic question.

In an address to the council yesterday, Gromyko demanded that the United Nations ban production of the atom bomb as the first step toward an international atomic control system.

The Russian diplomat sharply criticized the United States for continued manufacture of mass-destruction weapons.

Categorically rejecting the american control plan, Gromyko announced he would the text of soviet proposals, additions and amendments at the next council session.

These were the principal points Gromyko made:

1. That a convention outlawing the atom bomb must be the first step in any program.

2. That control machinery must operate under the security council where the power of veto holds.

3. That the american plan violates the U. N. charter and contradicts the assembly resolutions on arms reduction.

4. That despite "serious defects" of the report, Russia would accept it for a working paper and would offer "proposals, additions and amendments" in due course.

Meanwhile, the United Nations Palestine

Most observers believed that Britain would call for a special

session of the U. N. general assembly to handle the case rather than submitting it to the security council where the vote on any action could be taken.

There also were indications from official quarters in London that the British intended to ask for a special assembly session.

Most delegates here expressed surprise that Britain had decided to hand Palestine's woes to the United Nations. This surprise was caused by the fact that Palestine's potential value as a military base was known to have weighed heavily in Britain's defensive plans.

British military leaders long have considered Palestine the key to the strategic middle east.

Now, apparently, the British have decided to take a gamble on a decision by the United Nations.

British sources here were frank to admit that they want to turn the Palestine case over to the United Nations and let the world body struggle with the problem that has been a thorn in the side of the British for 20 years.

NEW YORK, FEB. 15-(AP)-THE ASSOCIATION OF NEW YORK SCIENTISTS INCLUDING MANY MANHATTAN PROJECT "ALUMNI," ANNOUNCED TODAY ITS ENDORSEMENT OF DAVID E. LILIENTHAL AS A "COMPETENT ADMINISTRATOR" FOR THE ATOMIC ENERGY COMMISSION AND A SPOKESMAN SAID THE SQUABBLE OVER THE APPOINTMENT HAD RETARDED NUCLEAR RESEARCH.

"THERE'S NO DOUBT THAT IT HAS SLOWED THINGS DOWN," SAID DR. CLARKE WILLIAMS, 1946 CHAIRMAN OF THE ASSOCIATION AND ONE OF FOUR EXECUTIVE COUNCIL MEMBERS WHO ANNOUNCED THE ENDORSEMENT AT A NEWS CONFERENCE.

DR. HUGH C. WOLFE, PRESENT CHAIRMAN, SAID THE ENDORSEMENT WAS ACTED UPON BY THE COUNCIL TUESDAY AND THAT THE COUNCIL REPRESENTED 550 SCIENTISTS.

THE SCIENTISTS SAID THE DELAY OVER SENATORIAL CONFIRMATION OF LILIENTHAL'S APPOINTMENT HAD SLOWED DOWN RESEARCH BECAUSE OF DOUBT OVER FUTURE CONTRACTS AND BECAUSE KEY SPECIALISTS HAVE BEEN CALLED AWAY FROM THEIR WORK TO TESTIFY BEFORE SENATE COMMITTEES.

THE ASSOCIATION'S TRITEN ENDORSEMENT TERMED LILIENTHAL "AN ABLE ADMINISTRATOR WHO UNDERSTANDS THE SIGNIFICANCE OF ATOMIC POWER," AND SAID THE FORMER TENNESSEE VALLEY AUTHORITY ADMINISTRATOR HAD DEMONSTRATED HIS GRASP OF THE ATOMIC PROBLEM AS CHAIRMAN OF THE BOARD OF CONSULTANTS WHICH PREPARED THE REPORT ON THE INTERNATIONAL CONTROL OF ATOMIC ENERGY.

NEW YORK, FEB 15-(AP)-AUSTRIAN-BORN DR.KARL VON KLECZKOWSKI, WHO IS FIGHTING DEPORTATION, SAYS A BRITISH INTELLIGENCE OFFICER THREATENED TO HANG HIM AND HIS WIFE, STELLA, UNLESS HE RETRACTED STATEMENTS MADE TO U.S. AUTHORITIES ABOUT THE TITO-MIHAILOVIC STRUGGLE IN YUGOSLAVIA.

VON KLECZKOWSKI, WHOSE WIFE ALSO IS FIGHTING DEPORTATION, GAVE THIS TESTIMONY YESTERDAY AT A HABEAS CORPUS HEARING BEFORE FEDERAL JUDGE SIMON H.RIFKIND.

THE WITNESS, WHO SERVED FIRST THE GERMAN AND THEN THE ALLIED CAUSES AS A SPY DURING WORLD WAR 2, SAID THE THREAT WAS MADE IN CAIRO, EGYPT, IN 1944, DURING THREE WEEKS OF QUESTIONING BY AMERICAN AND BRITISH INTELLIGENCE OFFICERS AS THE VON KLECZKOWSKIS WERE AWAITING TRANSPORTATION TO THIS COUNTRY.

THE COUPLE WAS SEIZED UPON ARRIVAL IN THE UNITED STATES AND AFTER THEY WERE HELD AT ELLIS ISLAND AND IN ALIEN PRISON CAMPS THE IMMIGRATION AUTHORITIES ISSUED AN ORDER FOR DEPORTATION ON THE GROUND THEY HAD NO VISAS.

THE VON KLECZKOWSKIS CLAIM THE LATE PRESIDENT ROOSEVELT OFFERED THEM SANCTUARY IN THIS COUNTRY IN RETURN FOR THEIR COUNTER-ESPIONAGE AID TO THE ALLIES IN THE BALKANS.

THE HUSBAND TESTIFIED THAT THE BRITISH OFFICER IN CAIRO ASKED HIM WHETHER HE WAS "PRO-MIHAILOVIC OR PRO-TITO, AND I REPLIED THAT I WAS NEITHER, THAT IN MY REPORT I GAVE THE FACTS AS I KNEW THEM."

THE SPY HAD MADE THE REPORT TO GEORGE H.EARLE, FORMER GOVERNOR OF PENNSYLVANIA WHO AT THAT TIME WAS ACTING AS PRESIDENT ROOSEVELT'S PERSONAL REPRESENTATIVE IN THE BALKANS. THE NATURE OF THE INFORMATION WAS NOT REVEALED, BUT EARLE TESTIFIED FOR THE VON KLECZKOWSKIS AT THE OPENING OF THE HABEAS CORPUS HEARING.

VON KLECZKOWSKI SAID THE BRITISH OFFICER GRILLED HIM ABOUT A REPORT HE HAD MADE TO U.S. OFFICIALS ON THE CHETNIK LEADER MIHAILOVIC AND DESCRIBED IT AS "ALL LIES AND NONSENSE," AND THEN WARNED HIM THAT IF HE DID NOT RETRACT THE STATEMENT "YOU AND YOUR WIFE WILL BE HANGED."

PHILADELPHIA, FEB 15-(AP)-THE UNITED STATES SHOULD NOT FORGET THAT "WE LIVE IN A WORLD THAT STILL TALKS IN TERMS OF POWER," SECRETARY OF WAR ROBERT P.PATTERSON, SAID TONIGHT.

WORLDWIDE DISARMAMENT IS A "WORTHY IDEAL," HE SAID AT THE FOUNDER'S DAY DINNER OF TEMPLE UNIVERSITY, AND "AN OBJECTIVE TO BE EARNESTLY SOUGHT," ADDING:

"WE SHOULD NOT PERMIT DISCUSSION OF DISARMAMENT TO CONFUSE US TO THE POINT WHERE WE ARE THE ONLY PEOPLE TO DISARM.

" FOR ONE THING, ALL TALK OF WORLD DISARMAMENT WILL BE MISLEADING UNTIL THE FUTURE OF GERMANY AND JAPAN CAN BE FAIRLY FORECAST. DISARMAMENT ON A WHOLESALE SCALE IS SIMPLY NOT IN THE CARDS SO LONG AS THERE IS A CHANCE THAT GERMANY AND JAPAN WILL RESUME THEIR PREDATORY HABITS."

THE UNITED STATES' "BEST INSURANCE AGAINST THE CALAMITY OF ANOTHER WAR," HE SAID, IS TO MAINTAIN MILITARY STRENGTH BECAUSE "NO ONE PICKS A FIGHT WITH JOE LOUIS."

THE MEN NOW DIRECTING U.S. FOREIGN POLICY, PATTERSON SAID, KNOW "FROM BITTER EXPERIENCE" THAT ISOLATIONISM IS A FAILURE. THEY REALIZE ALSO, HE CONTINUED, THAT COLLECTIVE SECURITY UNDER UNITED NATIONS' AUSPICES IS STILL IN THE PLANNING STAGE AND THAT "OUR NATIONAL SECURITY STILL RESTS ON OUR OWN RESOURCES."

SPEAKING OF THE BUDGET NOW UNDER DISCUSSION IN WASHINGTON, THE SECRETARY OF WAR POINTED OUT THAT 46 CENTS OF EVERY DOLLAR REQUESTED BY PRESIDENT TRUMAN WOULD GO TO PAY FOR PREVIOUS WARS.

"THAT AMOUNT IS MUCH LARGER THAN THE AMOUNT DESIGNATED IN THE BUDGET FOR CURRENT EXPENSES OF THE ARMY AND NAVY," PATTERSON SAID, "AN AMOUNT THAT MAY FAIRLY BE LABELLED, I BELIEVE, PREMIUM ON INSURANCE AGAINST MORE AND WORSE WARS IN THE FUTURE."

EARLIER PATTERSON RECEIVED AN HONORARY DOCTORATE OF LAWS AT THE MID-WINTER COMMENCEMENT EXERCISES OF TEMPLE UNIVERSITY.

LONDON, FEB.12-(AP)-REPRESENTATIVES OF THE PRIVATE ENTERPRISE MERCHANT MARINES OF 14 COUNTRIES TODAY DECIDED TO DEMAND HEARING BEFORE THE UNITED NATIONS EQUALLY WITH A PROPOSED INTER-GOVERNMENTAL SHIPPING ADVISORY GROUP.

AN APPLICATION FOR CONSULTATIVE STATUS WITH THE U.N. ECONOMIC AND SOCIAL COUNCIL WAS APPROVED AT THE FIRST POSTWAR MEETING OF THE INTERNATIONAL SHIPPING CONFERENCE.

IF SUCCESSFUL, THE MOVE WOULD PLACE THE UNOFFICIAL CONFERENCE ON THE SAME PLANE, SO FAR AS U.N. IS CONCERNED, AS THE INTER-GOVERNMENTAL MARITIME CONSULTATION ORGANIZATION, PROPOSED LAST OCTOBER AND APPROVED BY U.N.'S TRANSPORT AND COMMUNICATIONS COMMISSION AT LAKE SUCCESS, N.Y.

1947

THE TWO-DAY CONFERENCE HERE WAS ATTENDED BY REPRESENTATIVES OF REGIONAL AND NATIONAL SHIPPING ASSOCIATIONS OF THE UNITED STATES, CANADA, GREECE, INDIA, THE SCANDINAVIAN COUNTRIES, FINLAND, BRITAIN, BELGIUM THE NETHERLANDS AND SPAIN.

"IT WAS A VERY SUCCESSFUL MEETING," SAID C.H. KEMP OF UNITED STATES LINES, THE AMERICAN REPRESENTATIVE, "AND IT IS GRATIFYING TO KNOW THAT THE ORGANIZATION, CHIEF VOICE OF PRIVATE SHIPPERS, IS AGAIN IN OPERATION."

THE CONFERENCE VOTED TO LIMIT MEMBERSHIP TO ASSOCIATIONS OF PRIVATE SHIPOWNERS, EXCLUDING BOTH INDIVIDUAL COMPANIES AND "GOVERNMENT SHIPPING ORGANIZATIONS OF WHATEVER NATURE," AND TO MEET AGAIN IN ABOUT A YEAR.

ARGENTINA HAS NOT APPLIED FOR MEMBERSHIP AND CANNOT UNDER PRESENT RESTRICTIONS, SINCE HER SHIPOWNERS ARE NOT ORGANIZED IN AN ASSOCIATION.

U.S. ASKS CONTROL OF JAP-MANDATE ISLES IN PACIFIC

Petitions UN to Place Areas in Trusteeship Under American Direction.

OPPOSITION SEEN

Russia, Britain Favor Waiting Until Jap Treaty Is Signed.

NEW YORK, Feb. 16. — (AP) The United States government today asked the United Nations to designate the chains of Japanese-mandate islands in the Pacific as a "strategic area" under American administration.

The official request, informed sources said, will reach the desk of Secretary-General Trygve Lie tomorrow and then will be circulated to security council delegates. Due to council occupation with the pressing problem of atomic energy, the American proposal may not reach the floor for several days.

U. S. as Administrator

The United States asks that the whole area, including most of the Marshalls, the Marianas and the Carolines, be placed under UN trusteeship with the United States as administrator.

The 623 islands, extending north from the equator about 1,200 miles and for about 2,500 miles from East to west, have a total land area of only 829 square miles. Their total population is about 85,000.

With the exception of Guam in the Marianas, an American possession received from Spain, these islands formerly were German possessions, but were mandated by the League of Nations to Japan.

If approved the agreement would give the United States, as administering authority, virtually the same rights as would come under outright annexation.

Indications were that the plan would meet immediate opposition in the council from Russia, Great Britain, Australia and perhaps others. The text already has been sent directly to nations on the council with copies to the Philippines and New Zealand.

Moscow, London and Canberra were reported to have advised the State Department that they were opposed to acceptance of any agreement until the peace treaty with Japan was signed.

None was said to have raised any objection to continued United States occupation of the islands, nor to have opposed any particular part of the agreement.

A British spokesman said his government welcomed evidence that the United States wanted to bring the islands under UN trusteeship, but for legal reasons doubted that the time was ripe for making any agreement. It was understood that London felt that until the peace treaty was signed, Japan would not have officially abandoned its claims and therefore there could not be clear title.

There was no definite indication of how Warren R. Austin, American council delegate, would view the objections, but it was apparent that he could not get approval of the plan with two major powers opposed.

U. S. Presents Legal Argument

As to legal argument, the United States contends that title to the mandates did not rest with Japan but with the league. It adds that Tokyo broke the terms of the mandate agreement and was no longer in a position to exercise authority.

Acceptance of the British-Russian position would mean a wait of perhaps two or three years. However, the United States has made it clear that it will stay on the islands and some observers saw little harm in the delay.

No detailed explanation was available on the position taken by Russia which previously urged that all former league mandates be placed under the UN system as soon as possible.

Major points covered in the agreement submitted by the U. S. included:

1—That the administering authority (U.S.) shall have full powers on administration, legislation and jurisdiction over the territory, subject to provisions of the agreement, as an integral part of the United States.

2—That the United States shall be entitled to establish naval, military and air bases and to erect fortifications; and to station and employ armed forces in the territory.

3—That nothing in the agreement shall be so construed as to accord traffic rights to aircraft flying into and out of the trust territory. Such rights shall be subject to agreement between the United States and the state whose nationality such aircraft possesses.

4—The provisions of Articles 87 and 88 of the UN charter (calling for reports and on-the-spot inspections) shall apply, provided that the United States may determine the extent of their applicability to any areas which from time to time be specified by it as closed for security reasons.

5—The United States shall be entitled to constitute the trust territory into a customs, fiscal or administrative union or federation with other territories under American jurisdiction.

British Labor Regime Denies 'Collapse' Over Coal Crisis

LONDON, Feb. 16. — (AP) Britain served notice in a variety of ways today that she does not propose to be counted out or to abandon her experiment in socialism because of the staggering setback stemming from the nation-wide fuel crisis. ED CREAGH

Miners, stevedores and railway crews gave up their Sunday rest to speed an ever-increasing flow of coal to power stations.

As the nation entered the second week of industry-crippling electrical cuts, the ministry of fuel still declined to forecast an end to the shortage. But Deputy Minister Sir Guy Nott-Bower said "everybody without exception has done magnificent work."

Denies Government Crisis

Air Secretary Philip J. Noel-Baker, speaking at Derby, said "overseas observers" could be certain there would be "no government crisis, no breakdown of British reconstruction."

"Foreign journalists are suggesting that it (the coal shortage) is a sign that we are down and out—that if, with our splendid coal resources, we cannot meet our needs, then it is plain that we cannot again play a part in the economic or political affairs of mankind," Noel-Baker said.

"I would warn all non-British observers that there could be no more dangerous or unjust fallacy than this. We are not down and out."

Noel-Baker spoke less than 24 hours after Prime Minister Attlee,

30-24-7945

dismissing talk of a coalition government as "utter nonsense," declared the government would continue its socialization program and that "we shall bring the economic and social life of this country to a new level of prosperity."

Both speeches could be read in the light of last week's defense white paper which expressed Britain's intention of keeping her troops where she thinks she needs them. It was noted, too, that in announcing she intended to hand the Palestine problem to the United Nations, Britain made no move to withdraw soldiers from the Holy Land.

David Raymond, foreign editor of the pro-government Reynolds News, cautioned against accepting too much American economic help.

"If the price of American relief is our relegation to the role of a dependent buffer state between America and Russia, let's do without it," he wrote.

Meanwhile Nation Shivers

Meanwhile, millions of families shivered in cold houses with not enough heat to cook the Sunday roasts until evening. The "Sunday joint" is almost the only meat many Britons get, and the difficulty of cooking it brought housewives to tears.

"It was a bit too much like an obstacle race," a South London woman said. "I decided to have sausages at midday and cook the Sunday dinner tonight."

Daytime cutoff regulations—no electric current may be used in homes between 9 a. m. and noon or between 2 p. m. and 4 p. m.—were relaxed in some sections for a half hour at 11:30 a. m. to help out the Sunday cooks.

Industrialists, whose plants have been shut down in half of England and Wales, worked on the assumption that some form of power rationing would continue until the end of May, with the result that exports would drop 40 to 50 per cent below the 1946 figure.

France To Lower Prices 5% Again

Rodez, France, Feb. 16 (AP)—Premier Paul Ramadier announced today that the French Government, "within a few days," would order a second five per cent general price cut.

He appealed to the French people to sacrifice "in silence and with discipline" to rebuild a sound currency.

The first price cut was ordered by interim Premier Leon Blum in December.

Ramadier, speaking at the Decazeville City Hall on his first official visit to his home district in southeastern France since becoming Premier, said he realized some salaries were too low, but added the Government was attempting to restore purchasing power through its price and wage control.

While groups of schoolchildren brought flowers for the occasion, members of the local Communist party displayed banners demanding a break with Generalissimo Francisco Franco's Spanish Government, more cuts in prices and support for the "vital minimum" wage of 7,500 francs ($62) a month which the *Confederation Generale Du Travail* is demanding.

Ramadier apparently was appealing to the French to resist any drive to increase wages, which the Government feels would result in higher prices and defeat its attempts to reduce the cost of living.

Sforza Tells Italians Of Treaty Change Hope

Rome, Feb. 16 (AP)—Carlo Sforza, Foreign Minister, told Italians by radio tonight that he still held hopes of a revision of the peace treaty in Italy's favor.

"We can take into account as positive elements," Sforza said, "the noble message of (British Foreign Secretary Ernest) Bevin, the note which we received from the British Government through the Embassy in Rome and the acts and personal opinions of many American senators. To this may be added the prospect of various direct economic understandings which promise to have considerable importance."

Pope Hoping for 'Dawn' In China, He Tells Envoy

Dr. Wu, a Michigan Graduate, Welcomed at Vatican

VATICAN CITY, Feb. 16 (AP).—Pope Pius XII today invoked "the protection of the Almighty over the rugged and arduous journey of the Chinese people from twilight to dawn."

Welcoming the new Chinese Minister to the Holy See, Dr. John C. H. Wu, the Pope said he hoped "the dawn" would "soon shine forth in a secure internal and external peace" in China.

Dr. Wu is a graduate of the University of Michigan and a member of the Chinese Legislative Yuan (Council). He brought to Rome his new translation of the Book of Psalms and the New Testament.

PRIEST ASSAULTS GI, KILLED BY POLISH GUARD

FRANKFURT, Germany, Feb. 16—(AP) A German priest who assaulted an American soldier and a Polish guard in protest against the removal of requisitioned furniture from a house at Durlach, near Karlsruhe, was shot and killed by the Polish guard, the Army reported tonight.

The provost marshal's office said the priest, the Rev. Erich Blink, apparently was mentally deranged.

He entered the house and struck American Sergt. Reed W. Hooker, who then ordered Pvt. Franciszek Bilski, the Pole, to escort him from the premises, the official report stated.

The priest took off his coat and hat and charged the guard with a heavy club, the report continued. The guard fired a warning shot in the air and, when the priest continued to advance, the guard shot him in the head.

Communists Plan Unity In Germany

KAISCH

Berlin, Feb. 16 (AP)—In an attempt to project its influence westward throughout Germany, the Soviet-sponsored Socialist Unity party, which is not authorized in the Western Occupation Zones, announced today that it had established a working union with the Communist party in the American, British and French zones.

The announcement said that this arrangement, which will be directed by a permanent central committee established with headquarters in Berlin, was to be "preliminary to the formation of a unified Socialist party for all Germany."

Committee Members Named

Four Communist leaders from the American zone and four from the British were appointed to the committee. It was announced that representatives for the French zone would be named in the near future.

Slogan of the new agreement is "unification of the German working classes across the zonal boundaries."

American Military Government political officials said they regarded the Socialist Unity Party's action as a bid to spread its influence westward through use of the Communist party, which has been the weakest of major parties in the Western zones and able to win only between five and ten per cent of the vote in American zone elections.

[The Socialist Unity party (SED) was formed in the Soviet zone by a fusion of the Communists and Social Democrats. This fusion was rejected by Berlin Social Democrats, who charged that it was performed under pressure, with the result that SED was severely defeated by the Independent Social Democrats in the Berlin municipal elections last fall. In the Soviet zone the Communists wield dominant influence in SED.]

American officials said there was no rule against political party leaders from one zone conferring with those of another zone.

Army Clearing Way for Americans To Adopt War Waifs in Germany

FRANKFURT, Feb. 16—(AP) The cold, hungry waifs of Germany have found a warm place in the hearts of childless American couples—and the U. S. Army is clearing the way for their adoption.

Scores of Americans, the Army disclosed, want to give a home to German youngsters orphaned by the war. Other U. S. military personnel have volunteered to adopt the neglected illegitimate sons of America's more irresponsible soldiers.

"Hans was so miserable and ragged when he came up and asked me for something to eat," said a tall sergeant with a wife and two kids back home in Texas.

"I want to adopt him and get him out of this hell-hole. I don't care if he is a German.'

The sergeant has to wait awhile, but new regulations already are in the mill.

Gen. Joseph McNarney, officials said, has given his tacit approval to the adoption of German children by military personnel as soon as a few complexities have been ironed out.

The hopeless misery and the dim future of many German children have sent Americans, from unmarried soldiers to War department spinsters, to the military government seeking information.

Many have been prompted by sympathy. Others, mostly middle-aged American officers and their wives, have asked adoption permission out of a desire for children.

Hoover Reaches Berlin By Airplane From Rome

Berlin, Feb. 16 (AP)—Herbert Hoover and his party of experts studying food conditions in Germany, Austria and Italy arrived at Templehof Airdrome today by plane from Rome.

Hoover was met by Gen. Lucius Clay, deputy American military governor. Data collected on Hoover's three-nation survey was to be co-ordinated here.

Narcotics Ring Uncovered

Wiesbaden, Germany, Feb. 16 (AP)—A Germany-wide narcotics and black-market ring dealing in millions of marks has been uncovered by the arrest of a German doctor accused of smuggling narcotics, American Military Government officials said today. He was identified as Dr. Ludwig Mandler of Niederweisel.

Yugoslav Court Dooms 8 Former Nazi Generals

Belgrade, Feb. 16 (AP)—A Yugoslav military court today sentenced to death eight former Nazi generals, including Col.-Gen. Alexander von Lehr, Austrian Nazi commander in the southeastern area, on war crimes charges.

Von Lehr, who was ordered shot, was specifically charged with commanding the 1941 Belgrade bombing in which an estimated 20,000 to 30,000 persons were killed.

The seven other generals, who will be hanged, are August Schmidthuber, Fritz Heitholdt, Adalbert Lontschar, Hans Fortner, Josef Hibler, Ginter Trebucheidt and Paul Gerhardt.

Flyers Strike in Prague

PRAGUE, Feb. 16 (AP).—The newspaper "Svobodne Slovo" said today that all flying personnel of Czechoslovak air lines had gone on "strike" in a demand for greater safety measures as a result of a crash last Thursday at the Prague airport which killed three crew members.

Pilots reached an agreement not to fly until action is taken to correct some features of their planes' navigation instruments, the newspaper said. A snowstorm today halted all flights, so the effect of the "strike" could not be ascertained.

REPUBLICANS IRK IZVESTIA

Termed Ready To Join Britain In War Against Russia

GILMORE

Moscow, Feb. 16 (AP)—*Izvestia* said today Republicans in the United States were ready to join Britain in a "military attack against Russia," and accused John Foster Dulles of seeking to wreck American Soviet relations on the eve of the Moscow meeting of foreign ministers.

Leveling its sharpest attack on the Republicans since they gained a majority in Congress last fall, the Government newspaper said Dulles and other leaders of the party had launched a "cynical undermining of the affairs of peace."

The reason for the so-called anti-Russian campaign, *Izvestia* said, was that the Soviet Union had succeeded during recent sessions of the United Nations in "showing up the United States as a military and imperialistic state."

Dulles And Churchill

The article said that Dulles, in a New York speech January 17 to the National Publishers Association, in effect answered Winston Churchill's request for British-American co-operation as follows:

"Yes, Mr. Churchill, we Republicans are ready to hasten a union with Britain and launch a military attack against Russia."

Dulles's speech, *Izvestia* continued, contained "everything—even evil claims and unfounded fabrication of 'claims the Soviet Union seeks to rule the world.'"

"Since other fairy tales are old, Dulles has thought up a new one that the Soviet Union wishes to rule the world, and the United States must defend the whole world from Russian greed," the article declared.

Molotov And Acheson

Soviet newspapers gave considerable space to Foreign Minister V. M. Molotov's protests to the United States Embassy against what he called "rudely slanderous and hostile" statements by Dean Acheson, Under Secretary of State. Molotov took exception particularly to a statement by Acheson at a Senate committee hearing February 10 that "Russian foreign policy is an aggressive and expanding one."

Pravda, meanwhile, discussed the part small Allied nations should play in shaping Germany's future, and said the claims of countries such as Poland and Yugoslavia, which had suffered at the hands of the Nazis, were far more valid than those of South Africa, Australia or Brazil.

Council Of Ministers Of Russia Is Named

Moscow, Feb. 16 (AP)—Maxim Zakharovich Saburov, vice chairman of the State Planning Commission, was appointed today vice president of the important Council of Ministers, of which Prime Minister Stalin is president.

(The Council is the Russian Cabinet, in which is vested the power of legislation by decree and executive authority.)

The appointment brought the number of council vice presidents to ten.

Other vice presidents are Foreign Minister V. M. Molotov, L. P. Beria, Andrei A. Andreyev, A. I. Mikoyan, Alexei Kosygin, Nikolai A. Voznesensky, Marshall Klementi E. Voroshilov, Georgi M. Malenkov and L. M. Kaganovich.

Amnesty Policy May Draw Poles From Hiding

Warsaw, Feb. 16 (AP)—The Polish Government's recently announced broad amnesty policy, scheduled for adoption by Parliament this week, is expected to bring scores of members of underground bands out of their forest hideouts.

An official announcement said that 244 men—comprising groups operating in the Krakow, Lublin and Rzeszow districts—had gone to security police headquarters, laid down their arms and been permitted to resume a normal civilian life.

Passage of the Amnesty Act will free nearly 100,00 Poles held in jails, prisons and labor camps, in addition to those who leave their underground organizations. Poles living abroad who are still citizens but have opposed the Warsaw regime also will receive amnesty benefits if they return to their homeland.

Pole Reports Berling's Return

WARSAW, Feb. 16 (AP)—An authoritative source said today that Gen. Zygmunt Berling, one of the key figures in Warsaw's insurrection against the German occupation in the fall of 1944, was back in the Polish capital. It was learned that General Berling, regarded as one of Poland's best military organizers, had been attending a Russian Army staff school in Moscow for many months.

REFUGEE SHIP TAKEN TO HAIFA

portation Transports British Move 790 Jews To De-

CARTER L. DAVIDSON

Jerusalem, Monday, Feb. 17 (AP). Approximately 800 would-be immigrants to Palestine, all lacking immigration certificates, were transferred today from the refugee vessel which carried them into this port under British destroyer escort to the ships which will take them to detention camps on Cyprus.

Their ship was the San Miguel, but its name had been changed to "Heruth," the Hebrew word for freedom. It was brought into Haifa harbor late Sunday after its interception off Tel Aviv.

Court Action Planned

Its arrival and the announcement that two brigades of the British 6th Airborne Division had been ordered to conduct transshipment of the illegal immigrants to Cyprus stirred Jewish leaders to call a one hour general strike for today as a protest and to plan court action in their behalf.

The passengers were quiet and orderly as they walked the 100 yards along Haifa pier from the San Miguel to the British transport. Only a few gave way to grief or hysteria in their disappointment at being turned away from their goal.

Some told Hebrew-speaking reporters that six of their company had been wounded, two by gunshot, when the British naval boarding party took over the refugee vessel.

Four Reported In Hospital

Earlier, it was reported at the Athlit detention camp hospital that four of the San Miguel passengers, one a woman and one a 14-year-old girl, had been admitted for treatment of bullet wounds.

The official report, however, said there was "very little resistance" to the boarding party and that four passengers found to be ill had been sent to the hospital.

The ship, which was reported manned by an American crew and officers and sponsored by an American Jewish group, was sighted last night 27 miles southwest of Tel Aviv. It was the second in a little more than a week to attempt to run the British immigration blockade on the Palestine coast.

Curfew Imposed On Port Area

A curfew was placed on the Haifa port area, as was done prior to the transfer of 650 Jews from the schooner La Negev on February 8.

The deportation ships Ocean Vigor and Empire Heywood arrived in Haifa harbor a few hours after imposition of the curfew. The Vigor had brought 700 Jews from Cyprus to Palestine yesterday and was en route to the island when it received orders to turn back.

Jewish leadership called a one-hour general strike for tomorrow morning and a ten-minute traffic stoppage in all Jewish communities in Palestine to protest against the assumed deportation of the illegal immigrants.

Plea For Writ Forecast

A usually reliable source said that an appeal for a writ of *habeas corpus* would be addressed to the Palestine high court by several Jewish lawyers tomorrow to prevent the immediate transshipment of the immigrants to Cyprus. He said the names of all the 790 Jews aboard the ship apprehended today would be attached to the appeal.

Two Jews jumped overboard when the Heruth was intercepted but were rescued.

On the political scene, it was learned that Emil Khouri, member of the Palestine Arab delegation to the London conference, would return to Jerusalem Friday and probably address a mass meeting in Mosque el Aksa. Jamal Bey el Husseini, head of the delegation, was reported planning to stop in Paris for two weeks prior to his return to Jerusalem.

Authorities were inclined to blame the latest violence in the Holy Land on factional strife between Irgun Zvai Leumi and other Jewish groups opposed to the violent methods of Irgun.

CHIANG TAKES DRASTIC STEPS TO MEET CRISIS

Fixes Dollar At 12,000 To $1—Orders Home Private Fortunes Abroad

MILES

Nanking, Feb. 16 (AP)—Generalissimo Chiang Kai-shek, declaring that China's survival as a nation was at stake, late today fixed the Chinese dollar at 12,000 to $1, ordered home all private fortunes abroad, and set wage-price ceilings in a drastic omnibus decree.

Other high points of the desperate measures to meet the country's economic crisis included:

1. Decision by the Government to get out of industry, completely reversing the previous policy.

2. Prohibition of all dealings in and circulation of gold and foreign currency.

Strikes And Lockouts Banned

3. A flat ban on strikes and lockouts.

4. Stern governmental economy, coupled with new teeth for tax collection.

5. A $500,000,000 import program.

6. A campaign against hoarders and speculators.

7. Dire but generally unspecified penalties for violation of any of these provisions; and abandonment of the 100 per cent export subsidy and 50 per cent import tax which sharpened the crisis when it was announced February 5.

Simultaneously, the long-rumored reorganization of the Government was promised within a few days.

Premier T. V. Soong flew to Shanghai to supervise the new economic policy, which becomes effective with the opening of business Monday.

Question "Even Of Survival"

In announcing the program through the Ministry of Information, Chiang blamed the Communists for much of his Government's difficulty, but said:

"Today we are not facing a question of political parties, but a program of democratic development and even the survival of the Chinese nation. I call on all patriots to join me in working out the salvation of the country, and I pledge loyal co-operation."

All actions were taken in the name of the Supreme National Defense Council, which has been holding continual emergency sessions since China's creeping economic debility turned to chaos last week.

Aimed At Black Market

The new exchange rate of 12,000 yuan (Chinese dollars) to $1 United States, compared with the old rate of 3,350 to 1, was another effort to destroy the black market. During frantic speculation last week the illegal rate fell to 19,400 to 1 but later recovered to 11,000 to 1 and then weakened to 12,500 to 1 yesterday.

Of major importance was the order that Chinese individuals and corporations with holdings abroad immediately report their possessions to the Government and either transfer them to Chinese banks or sell them to the Chinese Government at the official currency rate.

About-Face On Industry

This measure affects great numbers of Chinese, including some of the top-ranking officials of the Government itself. The amounts involved are not known but are reputed to be huge. (Rumors in the United States last week placed the holdings of only a few families at several billions of United States dollars.)

One of the most significant aspects of the order was the Government decision to get out of industry, reversing the previous policy to nationalize all heavy industry and leave only light industry to private enterprise.

Chiang said "all industries owned by the Government except those essential to national defense and public utilities" would be speedily transferred to private interests, with details to be announced later. Money thus raised will be used to try to balance a stringent national budget.

Imports of $472,590,000 (United States) worth of raw materials and machinery most urgently needed by Chinese industry also were promised.

Wages At January Levels

Wages and prices of basic commodities in the lines of food and clothing were set at January levels, before the inflation doubled, tripled and quadrupled many of them.

The announcement said hoarders and profiteers would be punished "severely as the crisis requires."

No payments in foreign currency will be tolerated and all foreign money must be exchanged at the Central Bank of China. All other banks are forbidden to deal in it and newspapers are forbidden to publish any foreign exchange quotations except the official ones.

The prohibition against sale or purchase of gold extends even to gold ornaments, with a promise that regulations for jewelers will be worked out later.

"Rough-And-Ready" Tax Policy

Admitting that "since we have not developed a modern accounting system, collection of income and other direct taxes has proved very ineffective," Chiang said from now on collections would involve "rough and heady justice."

In mapping his program, Chiang said, "following on the heels of the Japanese devastation, internal strife has been raging with the Communist armies even during periods of negotiation.

"The Communists occupied large areas of North China and Manchuria, set up seperartist administrations, introduced their own currency, and established economic blockades.

"The destruction and dislocation caused by the Communists during the past year exceeded in intensity any similar period of Japanese occupation."

Government Reorganization

While settlement with the Communists has failed, he said, within a few days the Government would reorganize a new state council with "membership given to the best men in the country, regardless of party affiliations. At the same time the executive and other Yuans (government departments) will be immediately reorganized in a similar manner to broaden the base of the Government."

Expressing hopes of improved production in many lines, Chiang concluded his long statement by declaring:

"There is no reason to give way to panic. The basic factors of the agricultural and industrial situations are sound. . . . I bespeak the sympathetic understanding of friendly nations as China labors to recover her economy and equip herself for full participation in world trade and make her contribution to world peace."

Lagged For Several Days

It was recalled that when the former rate of 3,350 to one was set, superseding the older 2,000 to one rate, the black market lagged behind for several days, but then grew bolder and soon far surpassed the Government rate.

The ban on dealings in gold was held to be almost impossible to enforce.

There was intense speculation on just how the Government could go about forcing its nationals to convert their assets abroad into Chinese currency.

The Government undoubtedly is aware of some of the bigger individual holdings but it cannot know of all.

Success Of Economic Plan Held Doubtful

Shanghai, Feb. 16 (AP)—Doubts were expressed in many quarters of this huge banking and commercial center tonight that some of the new Chinese governmental economic regulations could be enforced.

In connection with the new 12,000 to one exchange rate for United States dollars and the ban against trading in foreign currency, old-timers remarked that the Japanese tried the same thing during the occupation and failed even though they enforced the death penalty.

It was felt that the danger involved in black-market transactions might depress the illegal rate for dollars well below the new official rate for a while.

CHINESE RED PROTESTS

Says Government Planes Bomb UNRRA's Supplies

SHANGHAI, Feb. 16 (AP)—Tung Pi-wu, head of the Communist office in Nanking, charged today that Chinese Government planes were deliberately bombing United Nations Relief and Rehabilitation Administration relief supplies destined for Communist areas in Shantung Province.

In a letter to Maj. Gen. Glen E. Edgerton, director of the UNRRA's China office here, Mr. Tung said the Government was trying to frighten UNRRA and Chinese officials "so that all shipments to Communist areas will be stopped." He declared that this "policy of intimidation" had already resulted in the withdrawal of the UNRRA's personnel from the Communist-held ports of Chefoo and Shichiuso despite Communist protests.

Mr. Tung requested General Edgerton to try to halt the attacks and to get the UNRRA's personnel to return.

Pacific Admiral to Confer

SHANGHAI, Monday, Feb. 17 (AP)—Admiral Charles M. Cooke Jr, commanding United States Naval Forces, Western Pacific, left last night by air for Washington for conferences of an undisclosed nature. He was accompanied by staff members and by Rear Admiral Stuart S. Murray, head of the naval advisory group in China.

Manila May Bar U. S. Families

MANILA, Feb. 16 (AP)—"The Manila Post" reported today, without confirmation, that no more families of American military personnel would be brought to the Philippines, because of the serious housing shortage. The paper said the plan had been tentatively approved at a conference of Philippines Immigration Commissioner Engracio Fabre and American representatives.

Philippines Claiming Jap War Reparations

Manila, Feb. 16 (AP)—The Philippines Government is claiming $1,000,000,000 war reparations from Japan in equipment and materials, a group of Manila business men has been informed by H. E. Beyster, head of a technical advisory mission to the Philippines.

Chief Burma Party Ratifies British Pact

Accepts Independence Plan but Qualifies Approval

RANGOON, Feb. 14 (Delayed) (AP).—The Supreme Council of the Anti-Fascist People's Freedom League, the dominant political party in Burma, today ratified unanimously the agreement with Great Britain for bringing independence to Burma, but declared it was "not in full accord with A. F. P. F. L. demands."

A Socialist representative told the council his party also was accepting the agreement on the ground that, "although it did not fulfill the nation's demands, the agreement provided the means for speedy attainment of independence for Burma."

U Aung San, A. F. P. F. L. leader, headed a delegation to London last month which negotiated an agreement with the British under which Burma obtained virtual independence. It calls for creation of an interim government while a constitution is being drafted. Delegates to a constituent assembly will be elected in April.

U Aung San is facing opposition outside his party to the agreement, which gives Burma the right to decide whether to remain in the British Commonwealth as a dominion or sever all ties.

BRITISH ARE WARNED BY ALL-INDIA PARTY

NEW DELHI, Feb. 16—(AP) Sardar Vallab Hai Patel, a top-ranking leader in the All-India Congress party, said today that the Congress would quit the interim government if the British fail to

compel the Moslem league to participate in the Constituent Assembly.

Leaders of the predominantly Hindu Congress have asked the British to require the Moslem league to take part in the Assembly's work of drafting a charter for Indian independence or get out of the Interim cabinet. The league, which claims it would be outvoted in the Assembly, has refused to leave the cabinet.

5 JAPS KILLED; U.S. GI'S HELD

Murder Charges Placed Against Five Soldiers

Tokyo—*Monday*, Feb. 17 (AP)—United States Army authorities, announcing detention of five American soldiers on murder charges, said today that clubs of firewood had been used to kill five Japanese and injure twenty in the town of Hachioji, 14 miles west of Tokyo, on January 31.

An earlier Air Forces statement said the five men held were accused of "shooting up" the town. Japanese police, however, said no shots were fired and that a group of American soldiers had roamed the area in a jeep, stopping to attack passing Japanese with 3-foot sticks of firewood. This version proved correct, the Army said. The five men held were captured ten days later.

Names Of Men Listed

The police said the violence continued from 7.20 P.M. to 8.50 P.M., and that they were notified but called American Military Police instead of going out themselves. They said the MP's did not arrive until next morning.

All five men held were attached to the Tachikawa Airbase, ten miles west of Tokyo, and the base listed them as:

Corporal—Willard L. Grooms, Seaman, Ohio; Corporal George E. Craig, Winchester, Ohio; Pfc. Rosey W. Harper, Stab, Ky.; Private Edward W. Smith, Savannah, Ga., and Pfc. Carl J. Havalda, Owosso, Mich.

The Japanese police said five soldiers drove along the highway from Tachikawa, four miles east of Hachioji. They asserted that whenever the soldiers met a pedestrian, they got out, battered him with the firewood and then drove on.

At one point they encountered an automobile which they pushed off the highway against a tree, the police account said.

Appeared To Have Been Drinking

In Hachioji, the police added, the Americans entered restaurants and smashed furniture and glass, then continued on west to the suburban station of Asakawa, where they turned back because the road entered a mountainous pass.

Both the Air Forces and the Japanese police said the soldiers appeared to have been under the influence of liquor, but the police added that "they could not be thought very drunk."

Circumstances of their apprehension was not disclosed.

Hirohito's Assets Put At Three Billion Yen

Tokyo, Feb. 16 (AP)—Assets of Emperior Hirohito and his immediate family were estimated at 3,000,000,000 yen today as all members of the imperial lineage filed for the first time under the new tax law which makes them liable the same as ordinary citizens.

The size of the holdings indicated the Emperor would come into the 90 per cent taxation bracket, presaging sharp curtailment of the imperial family's possessions.

[The yen is officially fixed at 15 to $1 making the total $200,000,000, but its actual purchasing power is 75 to $1 or less, which would make the imperial wealth about $40,000,000.]

British Buy Canadian Timber

VANCOUVER, B. C., Feb. 16 (AP)—A British timber mission, headed by Sir Archibald Harris, has completed negotiations here for the purchase of British Columbia lumber estimated to be worth $25,000,000, it was disclosed yesterday. A spokesman said the volume would be considerably higher than purchases made in 1946.

Lend-Lease Obligation To Russia

Washington, Feb. 16 (AP)—State Department officials, is was learned today, have informed senators the United States must ship Russia some $25,000,000 worth of goods ordered originally under lend-lease or violate "agreements made in good faith."

At the same time, Chester Lane, lend-lease administrator under the State Department, vigorously denied that officials used "subterfuge" to get around a deadline of last December 31 fixed by Congress on such lend-lease shipments.

The State Department's view was made public by Senator Bridges (R., N.H.), chairman of the Senate Appropriations Committee. The committee had heard Lindsay C. Warren, comptroller general, testify that the shipments to Russia, as well as China, Brazil, France, Belgium, the Netherlands and Australia, were prohibited by Congress.

"Bills" Ignored By Russia

During the squabble, senators learned from Lane that Russia had ignored four consecutive requests for a final settlement of some $11,260,000,000 of wartime lend-lease aid. All other nations who received aid have negotiated settlements.

In answer to critical queries of senators about the agreed shipments beyond the congressional deadline, Lane said there is "no question in my mind that they are binding on our Government."

He noted that the agreements were made before Japan surrendered and before Congress reduced lend-lease or fixed the December 31 deadline after which this country was to pay no further shipping costs.

Lane Cites Warren's Ruling

Lane said Warren had ruled that funds could be so used "by virtue of the international agreements theretofore entered into."

Congress extended broad powers to make the lend-lease agreements, Lane stated, and added:

"Under this provision, any foreign government contracting with the United States was entitled to assume the good faith of an act of Congress which stated in effect that even if the Congress were to terminate in general the lend-lease powers by concurrent resolution, the termination would be inapplicable to agreements made before the passage of the resolution."

Lane added that "conversations with representatives of those Governments"—which would include Russia—indicated that failure to carry out the lend-lease shipments would be considered "to be a violation of the agreements."

Bulk Ready For Shipment

He reported the "bulk of material" is ready for shipment, including "all of the refinery equipment for the U.S.S.R."

When Congress prohibited use of lend-lease funds for shipments after December 31, the State Department asked the lend-lease nations to advance funds for shipping costs. It was these funds that Warren ruled could not be used and termed a "subterfuge calculated to circumvent the will of Congress."

Lend-lease officials disagreed, Lane said, and so asked Congress to settle the issue.

Lane said every effort was made to get the lend-lease goods moved before the deadline but this was not possible because of strikes and other delays, including material shortages.

Manufacturers Must Be Paid

If Congress declines to act and the Comptroller General's ruling stands, Lane said, manufacturers of all the lend-lease goods must be paid and the goods then declared surplus and sold, possibly for far less than offered under the lend-lease agreements.

Lane added that foreign governments already have deposited $873,211.98 to pay shipping costs, and this would have to be refunded. Congressional authority would be needed for the refunds.

Under this plan, Lane said, the foreign governments would have to take chances in getting the goods at surplus sales and pay all costs. This, he added, would be "particularly offensive to a government like Australia, which has already paid for all the material in its pipeline and would have to pay again to purchase the material as surplus."

U.S. Good Faith Demands Goods Be Sent to Reds, Says State Dept.

WASHINGTON, Feb. 16 — (AP) The United States is under a moral obligation to ship Russia some $25,000,000 in lend-lease goods, despite a congressional ban against such shipments beyond last Dec. 31, State department officials have told senators, it was learned today.

The question of whether Russia and other countries are entitled to receive such goods has been raised by Comptroller General Lindsay C. Warren. He told the Senate Appropriations Committee ten days ago that he would not approve vouchers to cover the shipping expenses unless Congress sanctions the arrangement.

Congress in providing for the liquidation of the lend-lease program had banned the payment of any administrative expenses to ship supplies after Dec. 31, 1946.

Chairman Bridges (R-N. H.), of the Senate Appropriation Committee, disclosed that the committee was told the State department had arranged for interested governments to pay the cost of the materials they had ordered under lend-lease contracts, plus 2 1-2 per cent to meet the expense of shipping them.

The senator said the committee was informed by E. L. Fisher, assistant general counsel of the Lend-Lease administration that the State department advised Russia that if she would contribute 2 1-2 per cent of the value of the goods now, 2 1-2 per cent would be knocked off what she might owe at the time of final settlement.

Senator Russell (D.-Ga.), held that this plan constituted "a subterfuge to escape the intent of Congress."

Chester Lane, lend-lease administrator, has denied that any "subterfuge" was used to get around the congressional deadline against lend-lease shipments.

Every effort was made to get the goods moved before the deadline, he said, adding that this was not possible because of strikes and other delays, including materials shortages.

Lane also declared Warren previously had ruled that government funds could be used to pay shipping costs "by virtue to the international agreements heretofore entered into."

Last year the State department had explained that Russia was getting about $290,000,000 in goods and services on a credit basis with most of it already shipped.

The agreement, as outlined by the department, calls for payment of the goods in 22 annual installments beginnnig July 1, 1954. The credit carries an interest rate of 2 3-8 per cent beginning July 1, 1947.

The State department's view on the current dispute over shipping costs was made public by Bridges. The appropriations committee members had heard Warren testify that Congress had prohibited shipments to Russia as well as to China, Brazil, France, Belgium, the Netherlands and Australia.

WAA HEAD SEES BILLION MONTHLY SALES IN SIGHT

WASHINGTON, Feb. 16. — (AP) War Assets Administrator Robert M. Littlejohn, confident he has found a successful sales formula, today forecast surplus disposals of more than $1,000,000,000 a month for the next six months.

His estimate is in terms of original cost to the government. Proceeds run about 24 cents on the dollar.

"If we drop below that, everybody in the agency will get kicked in the pants—we've finally got the organization, system and sales program, and it's working," he told an interviewer. He predicted also:

Optimistic Prediction

That his agency can go out of business by the end of 1948 if Congress decides promptly on the peacetime size of the armed forces, permitting the army and navy to release their unneeded goods. Property which cost $16,000,000,000 to $21,000,000,000 still must be sold but the full amount will not be known until the services can determine what they will not need.

That WAA can make good its end of Rep. Taber's plan to balance the budget for the current fiscal year ending June 30 by ringing up $1,000,000,000 in receipts for the treasury by then. Taber, chairman of the House Appropriations Committee, said such a record could put the government in the black if spending is pared.

While Littlejohn outlined these rosy prospects, Senator Knowland (R-Calif) criticized the State Department for failure to obtain a bigger return on surpluses sold abroad. He said a report by Secretary Marshall makes it appear that 80 per cent of all surplus property overseas was disposed of at a return of 23.3 cents on the dollar of original cost but that is "three-fourths credit and one-fourth cash" and "even that 23 cents may turn out to be nine cents on the dollar when it is finally washed out."

Raps Marshall Report

Knowland told a reporter the Marshall report attempts to gloss over "indefensible" actions and "conceal the true situation." He declared it conflicts in many instances with information he gathered abroad as a member of a Senate War Investigating subcommittee.

Under the new domestic sales program, the WAA lays down broad general rules for as many as 15 classes of goods for disposal programs running three or four months each.

"Then we leave it to the people in the field offices to decide how the goods can be sold fastest—by spot sales, regional sales, sealed bids or even auctions," Littlejohn said.

"Now we are pretty well organized. We expect to get consumer and capital goods from the army to the public in 80 days, instead of up to a year in some cases."

JOINT PLANS BARED BY DEFENSE BOARD

WASHINGTON, Feb. 16 — (AP) The Inter-American Defense board took the secret label today off plans under which standardized land, sea and air forces of the Americas would move swiftly to repel any would-be attacker of the western hemisphere.

Standardized equipment, material and training keynote the plan. For example, Brazilian artillery could fire United States-made shells, or the same vital parts could be fitted into patrol bombers of half a dozen or more countries. Battle maneuvers would follow a common pattern.

Lt. Col. Calixto C. Valle, public relations officer of the Defense board, said the recommendations have been submitted to the 21 American republics for consideration. The board is made up of military representatives of all the countries.

Formal suggestions that the Latin American nations re-equip their armed forces along U. S. lines follows by a week announcement of a similar agreement with Canada.

The U. S. and Canada announced last week they have agreed to project their wartime military cooperation and exchange of information into postwar operations.

Likewise, the British government has made known that it ultimately intends to build its defense arms along lines employed by the United States.

U. S. READY TO SEND ITS STUDENTS ABROAD

WASHINGTON, Feb. 16 (AP) — The State Department reported tonight that it was ready to negotiate agreements with fifteen countries to send additional hundreds of Americans to study and teach in foreign universities.

Expenses will be borne by proceeds of overseas sales of United States surplus war property as provided in an act passed last year by Congress.

Predicting an extensive flow of students and teachers when the agreements were concluded, the department said in a statement that more than 900 already had applied. Some foreign students also may be brought to the United States.

Selections are to be made by a board of foreign scholarships selected by the President. Veterans will get priority.

Without specific Congressional approval, no more than $20,000,000 may be spent for educational purposes in a single country, nor more than $1,000,000 annually.

Some 2,500 Americans already are studying in foreign countries with funds provided mostly from the GI Bill of Rights, and the number is growing.

About 17,000 foreigners, by official estimates, are studying in the United States. The State Department is financing about 500 of these, mostly Latin Americans, from former appropriations and remaining wartime allotments.

Nimitz Lists Safeguards To Precede Arms Cuts

Urges Treaties, Inspection and Strong U. N. First

WASHINGTON, Feb. 16 (AP)—Fleet Admiral Chester W. Nimitz, chief of naval operations, today listed three prerequisites he said must be met before America can safely reduce its military forces.

"First, it is important that satisfactory peace treaties be written, so as to eliminate at the outset much of the cause of a future war," he told the mid-winter graduating class at American University.

"Second, we must have reliable safeguards which include inspection and, finally, we must have reasonable assurance that the United Nations is a going, workable organization."

He expressed strong faith in the ability of the world to bring about permanent peace.

"World war III is not inevitable," he said. "We can avoid it. If all people work earnestly and intelligently to keep the peace."

HUNGARY GRANTED U. S. CREDIT TO BUY WAR SURPLUS

WASHINGTON, Feb. 16—(AP) The United States, in a new move to bolster a friendly non-Communist European government, extended a second $15,000,000 credit to Hungary yesterday to buy surplus American war material.

The State department announced the grant. It also held out hope of further economic aid soon to what it referred to as Hungary's "freely elected" regime. It has been involved in a struggle by Communist and other parties to oust the Smallholder party majority in parliament.

The action came on the heels of yesterday's plain-spoken advice by Secretary of State Marshall to Greece to put her house in order. Further American help for Greece, which likewise has a non-Communist government in an area where nearly all others take their cue from Moscow, is scheduled to await recommendations by a survey mission headed by former OPA Administrator Paul Porter.

The latest credit to Hungary was earmarked for purchase of surplus goods from the $1,000,000,000 store of wartime material just put on sale in the American occupied zone of Germany.

With or without Russia's cooperation, the State department made plain in its announcement that this government proposes, as a contribution to peace in Europe, to help underwrite hungary's post-war political and economic stability, as agreed to at the Yalta conference.

Moscow last year rejected three proposals by this government that Russia, the United States and Great Britain take part in a joint effort to bolster Hungary.

EISENHOWER'S VIEWS ON REFUSAL TO RUN

WASHINGTON, Feb. 16 (AP)—Mid-Western friends of Gen. Dwight D. Eisenhower reported today that he indicated he never would be available as a Presidential candidate and gave three major reasons.

These friends told reporters, on the understanding their names would not be used, that some of them urged him some months ago to consider seeking the Republican nomination for 1948. They said the Army Chief of Staff gave these reasons in turning them down:

1. He believes he topped his career when he accepted the surrender of the Germans as Supreme Allied Commander in Europe and that even the Presidency would be somewhat of an anticlimax.

2. He is a professional soldier, trained since boyhood in the military profession, and believes military training is not the best for an occupant of the White House.

3. His military mind clings to the thought that he cannot be disloyal to his Commander in Chief, President Truman, for whom he has great affection.

21 National Organizations Back Lilienthal in Atomic Post Fight

WASHINGTON, Feb. 16 — (AP) Three Democratic senators threw their support behind David E. Lilienthal for chairman of the Atomic Energy Commission today and representatives of 21 National organizations gave him backing in a statement.

Meanwhile Republican leaders listed a dozen uncommitted GOP senators whose final decisions may determine the fate of the nomination.

The three senators who announced support for Lilienthal and the men named to serve with him on the Atomic Energy Commission were Kilgore (W.Va.), Hill (Ala) and McMahon (Conn).

The position of the 21 representatives of organized groups was announced in a statement made public by the Rev. A. Powell Davies, Washington Unitarian minister.

The signers represented organizations in the religious, international affairs, scientific, women's, farmers', educational, labor and veterans' fields.

They said they were concerned over attacks, in the committee hearings on Lilienthal, on the principles of the Acheson-Lilienthal report of which the nominee was a principal author and which forms the basis of American proposals for international control of atomic energy.

A Republican strategist who did not want to be quoted by name reported a survey shows at least 12 of his party still on the fence. He listed Senators Donnell of Missouri, Wiley of Wisconsin, Gurney of South Dakota, Smith of New Jersey, Dworshak of Idaho, Flanders of Vermont, Millikin of Colorado, Baldwin of Connecticut, Ball of Minnesota, Cordon of Oregon, Revercomb of West Virginia and Young of North Dakota.

None of these has said publicly how he stands, but Democratic lieutenants expressed confidence at least three would support the nomination.

Three Republicans — Senators Morse of Oregon, Aiken of Vermont and Tobey of New Hampshire —already have announced for Lilienthal.

To these, Republican leaders concluded after preliminary surveys, the names of Senators Vandenberg of Michigan, Hickenlooper of Iowa, Knowland of California, Cooper of Kentucky, Ives of New York and Langer of North Dakota may be added later. These six have declined to state their position publicly.

If three or four of the dozen doubtful Republicans should join to give Lilienthal 12 or more GOP votes, Democratic chieftains said they think they can hold enough of their own party members in line to win confirmation. They place their probable losses from the Democratic ranke at eight, while Republican opponents of the nominee claim 15 will go along with them.

As many senators view the controversy, the committee's vote may have a decisive effect on the doubtful Republicans and some doubtful Democrats as well. If Vandenberg and Hickenlooper of the committee support the nominee, that may sway their GOP colleagues.

This effect would be countered only in part if Senator Taft of Ohio came out against Lilienthal and Senator Bricker of Ohio voted against the nominations in committee, as some of his colleagues have been predicting.

On the Democratic side of the committee, Lilienthal proponents have been counting on the support of Senators McMahon, Connally of Texas and Edwin C. Johnson of Colorado. Connally and Johnson have not announced their stands. Senator Russell (D-Ga), the fourth Democratic member, cast doubt on his attitude in a Senate speech Friday when he said he might oppose Lilienthal.

The committee resumes hearings tomorrow with two witnesses who may shed some light on the existence of a letter Senator McKellar (D-Tenn) sees as proof of some Communist infiltration into the Tennessee Valley Authority when Lilienthal headed it. The witnesses are Robert Stripling, on the staff of the House Committee on Un-American Activities, and Robert Barker, formerly connected with it.

McKellar produced what he said was a copy of a letter to Robert F. Hall, secretary of a local Communist party, from Henry C. Hart, then a TVA employe. The purported copy of an original McKellar said is missing described the success of TVA Communists in obtaining the discharge from the agency of "a reactionary bourgeois supervisor."

Hickenlooper told a reporter he would regard the letter as "serious evidence" if it can be determined from Hart that he wrote it. A subpoena has been issued for Hart, reported to be taking graduate studies at the University of Wisconsin.

In separate statements today, Kilgore, McMahon and Hill all defended Lilienthal.

Hill told a reporter he regards Lilienthal as "a gerat public servant."

Kilgore predicted in his statement that the Senate will confirm Lilienthal "if it by-passes partisan politics and personal grievances and acts solely on the merits on the case."

"The record clearly shows that he is an able administrator," Kilgore said. "Even some of his political foes have refrained from attacking him on this question."

McMahon, in an interview for a local station, declared he hopes Lilienthal is confirmed because he would "do a great job."

He added he believes charges of Communism against the appointee are "baseless."

Tonight representatives of 21 national organizations joined the fight for Lilienthal in a statement made public by the Rev. A. Powell Davies, Washington Unitarian minister.

The organizational statement bore the following names:

Division of Social Education and Action, Board of Christian education, Presbyterian church, U.S.A.; United Council of Church Women; Federal Council of Churches of Christ in America; American Association for the United Nations; Federation of American Scientists; Americans United for World Government; National Council of Jewish Women; National Farmers Union; Friends Committee on National Legislation; Council for Social Action of the Congregational Christian churches; National Association for the Advancement of Colored People; American Veterans Committee; National Commission for the Defense of Democracy through Education; National League of Women Voters; Women's Action Committee for Victory and Lasting Peace; American Unitarian Association; Council on Christian Social Progress of the Northern Baptist Convention; Tri-state Conference of Scientists, Educators and Religious Leaders on Atomic Energy and Related Problems; Bishop G. Bromley Oxnam, secretary, Council of Bishops of the Methodist church; National Women's Trade Union League of America; American of University Women.

Army Training Unit Holds First GI Court Martial-Verdict: Guilty

WASHINGTON, Feb. 16—(AP) The Army's universal military training experimental unit has conducted its first test of a "G.I. court-martial" system. Verdict:

The court of seven trainees found another trainee guilty of leaving his guard post and sentenced him to seven days' hard labor.

The War department made the results of the initial experiment available today in answering questions regarding operation of the "pilot model" unit at Fort Knox, Ky.

Army Conducts Tests

The Army has assembled at Fort Knox a cross-section of 'teen age regular army recruits to study actual operation of the proposed universal training plan. One of the major problems has been to devise a system of discipline and conduct for an organization which, because it will not be part of the army, will not be subject to military law.

The "trainee court," the nub of the proposed judicial system, is composed of seven trainees from the accused's own company, three of them senior to him and all appointed by the senior member of the company. The latter also appoints a prosecutor and defense counsel from trainee ranks. An officer acts as adviser on military law but has no vote. Sentences passed by the experimental unit trainees will not include confinement. However, a third offense by a trainee of the experimental unit will subject him to a regular army military court martial.

The private (his identity was not disclosed) tried by the first G.I. court contended that the urgency of going to the latrine gave him no time to summon the corporal of the guard to place a substitute at his post. The prosecution argued that in doing this he violated general orders for guard duty. The court, in a secret ballot and by a two-thirds vote, sentenced the private.

Old-time regular army men commented to a reporter that the action of the G.I. court surprised them a little. They said that in times other than actual war a similar infraction by a soldier probably would bring nothing more than the angry words of a sergeant and a warning.

Educational Courses Offered

The directors of the experimental unit at Fort Knox are emphasizing educational aspects of the program. Among the offerings of the camp is a course in automotive engineering. The quota for this was over-subscribed quickly by the youngsters in the unit. Typing was a close second in the choice of the trainees, with mathematics and American history high in the academic courses offered by the United States armed forces institute.

The unfinished, rough barracks used for regular army troops have been ceiled and otherwise made more comfortable for the experimental unit. A camp newspaper, "The UMT Pioneer," has turned out its first edition.

The approximately 700 men are organized into a battalion, with five companies of four platoons each. The training of the platoons will be allocated among infantry, artillery, armored cavalry, engineer, transportation and the other branches.

In addition to its value for the army's own study, the unit will serve as a sample to be shown to the people who will decide whether universal training for 'teen agers is good or bad. President Truman's civilian advisory commission, headed by Dr. Karl T. Compton of the Massachusetts Institute of Technology and charged with recommending to him on the advisibility of the proposal, probably will inspect the unit. Members of congressional committees also will look in at the Camp Knox experiment.

BROADCASTS TO SOVIET WILL START TODAY

WASHINGTON, Feb. 16—(AP) The State department will start Monday its long-planned effort to jump over the "iron curtain" and tell the American story directly to the Russian people by radio in their own language.

The one-hour program gets under way at 1 p. m., which is 9 p. m. in

Moscow, from the department's international broadcasting division studios in New York. It will be relayed from a new station in Munich, Germany, with the beam pointed at the Moscow-Leningrad area.

CZECHS ARE TOLD THEY'RE ON TRIAL

1947

WASHINGTON, Feb. 16 — (AP) The Foreign Policy association said tonight it is up to Czechoslovakia to prove that "the road it has chosen to socialism is determined by Czechoslovakia's own traditions rather than a slavish imitation of Russian practices."

On the basis of this showing, said the association, will depend whether the Czechs can obtain greater economic cooperation from the western nations. It added that this cooperation is needed, as well as continued close ties with Soviet Russia, if Czechoslovakia is to achieve recovery any time soon.

Industries Operate at Loss

The association is a private research organization. Its report on Czechoslovakia was prepared by Mrs. Winifred Hadsel.

Mrs. Hadsel said that industries nationalized by the government have operated, for the most part, at a loss. Some of the losses were attributed to capital expenditures which may result in profits in the near future.

In other instances, they were attributed to increased wages which the government granted industrial workers "under pressure of the Communist party." The report continued:

"Although these increases were made on the assumption that they would improve the workers' morale and thus increase production, per capita output at the end of 1946 averaged only about 70 per cent of the pre-war figure.

No Competition Hurts Production

"But production has also apparently suffered from lack of competition under the new economic system. In an effort to devise substitutes for the kind of stimulation which competition provided under private enterprise, the government has held numerous output matches, with appropriate prizes. None of the matches seems to have increased over-all production rates, however, and newspapers and political parties continue to exhort the workers to greater production.

"Another reason for the losses suffered by the nationalized industries has been the unquestionable inefficiency of a large number of the 'political' managers who gained their positions when the resistance groups took over German-controlled enterprises."

While the Communist party is responsible for the conduct of government, Mrs. Hadsel reported that its problems are difficult since it "does not control parliament numerically, has been rejected by a solid majority of voters in Slovakia and has not been able to obtain a promise of consistent support from the Social Democrats."

U.S. Officer In Gem Case Off To Japan

Fairfield, Cal., Feb. 16 (AP)—Col. Edward J. Murray, former custodian of the Bank of Japan, today left by army plane for Tokyo under orders of General MacArthur to explain what the colonel termed his souvenir collection of Japanese gems worth $210,000.

The 55-year-old officer, whose splash of war decorations rivals the jewels he brought back from occupation duty in Japan, was flown under technical arrest in a C-54 Skymaster from the army airbase here.

He was accompanied by Lieut. Col. John S. Condon, intelligence officer; an army criminal investigator and a representative of customs authorities, who have said they would hold Murray on smuggling charges if the Army absolves him.

Customs agents said they seized $10,000 in jewels from Murray upon his recent return to this country and found stones worth $200,000 in his safe deposit box.

Columbian Secretary Released From Jail

Atlanta, Feb. 16 (AP)—Homer L. Loomis, Jr., secretary of Anti-Jewish, Anti-Negro Columbians, Inc., was released from jail today on a $2,000 bond set by the trial judge following Loomis's conviction yesterday on a charge of riot.

Superior Judge Clarke Edwards, Jr., sentenced Loomis to twelve months' imprisonment, but the sentence was stayed when the defendant's father, Homer L. Loomis, Sr., New York lawyer, filed notice of appeal. Hearing on the appeal was scheduled for May 1.

On Wednesday Emory C. Burke, president of the Columbians, will go on trial on the same charge of which Loomis was convicted.

The case of Loomis and Burke stemmed from the beating last October of a Negro passing through a white residential section.

BY ROBERT HEWETT

LONDON, FEB. 17-(AP)-FORECASTS OF CONTINUED COLD WEATHER TREATENED TODAY TO PROLONG FOR AT LEAST ANOTHER WEEK A FUEL CRISIS RESPONSIBLE FOR CRIPPLING FACTORY SHUTDOWNS AND ELECTRIC POWER CUTS THROUGHOUT THE NATION.

ALTHOUGH THE CABINET WAS REPORTED HOPEFUL OF SETTING A DATE FOR EASING EMERGENCY MEASURES IT INVOKED LAST WEEK TO MEET THE CRISIS, NO IMMEDIATE END WAS IN SIGHT FOR POWER RATIONING DECREES WHICH HAVE LEFT HOMES, STORES AND OFFICES WITHOUT ELECTRICITY FOR FIVE HOURS DAILY.

THE MINISTRY OF FUEL REPORTED THE EMERGENCY MEASURES HAD RESULTED IN SLIGHT INCREASES IN COAL STOCKS AT POWER GENERATING STATIONS, BUT DECLINED TO FORECAST AN END TO THE CRISIS.

"THE WEATHER REMAINS A THREAT TO THE BUILDING UP OF STOCKS," DECLARED SIR GUY NOTT-BOWER, DEPUTY SECRETARY TO THE MINISTRY OF FUEL AND POWER TOLD A NEWS CONFERENCE LAST NIGHT. "TEMPERATURES ARE LIKELY TO BE AROUND FREEZING FOR SOME DAYS, AND THE RETURN OF SNOW OR A STORM WOULD INEVITABLY CAUSE AN IMMEDIATE AND SERIOUS SETBACK."

SIR GUY REPORTED THAT 182,150 TONS OF COAL HAD BEEN SAVED IN THE FIRST SIX DAYS OF RESTRICTED POWER USAGE, OR ABOUT ONE-THIRD THE AMOUNT NORMALLY USED IN GENERATING ELECTRICITY IN THAT PERIOD.

COAL STOCKS AT POWER STATIONS HAVE BEEN BUILT UP TO A 10 1/2-DAY SUPPLY AS COMPARED WITH THE NINE-DAY SUPPLY WHICH WAS ON HAND WHEN THE GOVERNMENT FIRST ORDERED ALL PLANTS CLOSED IN 38 ENGLISH AND WELSH COUNTIES AND BEGAN RESTRICTIONS ON DOMESTIC CONSUMERS.

MINERS BROKE INTO TRADITIONAL "NO SUNDAY WORK" RULE YESTERDAY, THOUSANDS WORKING OVERTIME TO BIG COAL AS A SIGN OF SUPPORT FOR THE LABOR GOVERNMENT THAT NATIONALIZED THE MINES AND PROMISED IMPROVED

RKING CONDITIONS.

A HINT THAT CONSERVATIVES WOULD RENEW IN THE HOUSE OF COMMONS THEIR CRY TO ABANDON THE GOVERNMENT'S PROGRAM TO NATIONALIZE MAJOR INDUSTRIES CAME YESTERDAY FROM ANTHONY EDEN, CONSERVATIVE DEPUTY LEADER. EDEN ISSUED A STATEMENT DECLARING:

"IT IS THE DUTY OF EACH ONE OF US TO DO EVERYTHING IN HIS OR HR POWER TO ASSIST THE COUNTRY IN THIS CRITICAL HOUR. A NATIONAL EFFORT IS NEIDED TO MEET A NATIONAL EMERGENCY.

"NOBODY WOULD SEEK CONTROVERSY AT A TIME LIKE THIS. YET WHEN THE PRIME MINISTER CHOOSES THIS MOMENT TO TELL US THAT HE IS GOING AHEAD WITH THE FULL SOCIALIST PROGRAM, NATIONAL UNITY IS NOT THEREBY ENCOURAGED. 1947

"LET US RATHER PUT FIRST THINGS FIRST X X X. THE RESPONSIBILITY OF THE GOVERNMENT IS INDEED A HEAVY ONE. LET THEM SHOULDER IT IN A NATIONAL AND NOT A PARTISAN SPIRIT."

THE TIMES OF LONDON, WHICH HAS SUPPORTED MUCH OF THE LABOR GOVERNMENT'S PROGRAM, ENDORSED EDEN'S APPEAL. THE TIMES ASSERTED IN A LEAD EDITORIAL:

"THERE ARE OTHER EMERGENCIES AHEAD FOR WHICH NATIONALIZATION WILL PROVIDE NO PANACEA; AND EVEN WHERE THE SOCIALISTS HOLD THAT NATIONALIZATION IS RELEVANT TO CURRENT ECONOMIC NEEDS, FAILURE TO ATTEND TO THE DIFFICULTIES OF 1947 AND 1948 WILL DEFEAT THE PROFESSED LONG-TERM PURPOSES OF NATIONALIZATION."

THE PRODUCTION LOSS SUFFERED LAST WEEK HAS BEEN ESTIMATED UNOFFICIALLY AT $160,000,000, AND MANUFACTURERS BELIEVE THE UNEMPLOYMENT FIGURE MAY REACH 5,000,000 BY NEXT SATURDAY.

HOTT-BOWER SAID AT A NEWS CONFERENCE THAT "WEATHER REMAINS THE THREAT TO THE BUILD UP OF STOCKS. TEMPERATURES ARE LIKELY TO BE AROUND FREEZING FOR SOME DAYS AND THE RETURN OF SNOW OR STORM WOULD INEVITABLY CAUSE AN IMMEDIATE AND SERIOUS SETBACK."

DURING THE WEEK, POWER STATIONS INCREASED THEIR RESERVE STOCKS TO AN AVERAGE OF TEN AND A HALF DAYS SUPPLY, COMPARED WITH NINE DAYS RESERVE WHEN RESTRICTIONS BEGAN. PREVIOUSLY, THE GOVERNMENT ESTIMATED TWO WEEKS SUPPLY AS THE ABSOLUTE MINIMUM FOR SAFETY.

COAL SAVINGS OF POWER STATIONS SATURDAY WERE 29,360 TONS, 32.5 PERCENT OF THE CONSUMPTION OF THE PREVIOUS SATURDAY. TODAY'S PEAK CONSUMPTION OF ELECTRICITY WAS WELL BELOW THE SUNDAY AVERAGE.

ROME, FEB 16-(AP)-HERBERT HOOVER, AFTER A THREE-DAY SURVEY OF THE FOOD SITUATION IN ITALY, LEFT ROME AT 9:16 A.M. TODAY (3:16 A.M., EST) TO FLY TO BERLIN.

THE FORMER PRESIDENT OF THE UNITED STATES, INVESTIGATING FOOD NEEDS IN EUROPE FOR PRESIDENT TRUMAN, CAME HERE FROM VIENNA.

MOSCOW, FEB.17-(AP)-IZVESTIA ASSAILED THE U.S. REPUBLICAN PARTY YESTERDAY AND ACCUSED JOHN FOSTER DULLES OF SPEARHEADING A MOVEMENT TO JOIN BRITAIN IN A "MILITARY ATTACK AGAINST RUSSIA", AS WELL AS SEEKING TO SABOTAGE RELATIONS BETWEEN AMERICA AND RUSSIA.

THE ATTACK CLOSELY FOLLOWED FOREIGN MINISTER V.M. MOLOTOV'S WIDELY PUBLICIZED PROTEST TO THE U.S. EMBASSY AGAINST WHAT HE DESCRIBED AS "RUDELY SLANDEROUS AND HOSTILE" STATEMENTS BY UNDER-SECRETARY OF STATE DEAN ACHESON.

THE IZVESTIA ARTICLE SAID THAT DULLES, IN AN ADDRESS BEFORE THE NATIONAL PUBLISHER'S ASSOCIATION IN NEW YORK ON JAN.17, HAD IN EFFECT ANSWERED WINSTON CHURCHILL'S REQUEST FOR BRITISH-AMERICAN COOPERATION AS FOLLOWS:

30.24-7951

"YES, MR. CHURCHILL, WE REPUBLICANS ARE READY TO HASTEN A UNION WITH BRITAIN AND LAUNCH A MILITARY ATTACK AGAINST RUSSIA."

IZVESTIA SAID THAT DULLES HAD BUILT UP A FABRICATION THAT "THE SOVIET UNION WISHES TO RULE THE WORLD AND THE UNITED STATES MUST DEFEND THE WHOLE WORLD FROM RUSSIAN GREED."

MOLOTOV'S PROTEST WAS FOCUSSED IN PARTICULAR ON A STATEMENT BY ACHESON AT A SENATE COMMITTEE HEARING FEB.10 THAT "RUSSIAN FOREIGN POLICY IS AN AGGRESSIVE AND EXPANDING ONE."

--DASH-- 1947

IN DULLES JAN.17 SPEECH, HE SAID:

"LAST YEAR HAD SOME GOOD ASPECTS. THERE RECEDED A SERIOUS RISK THAT THE VICTORIOUS WAR COALITION MIGHT BREAK UP AND ITS MEMBERS FIGHT AMONG THEMSELVES. IT DID NOT END THE BID OF THE SOVIET UNION FOR WORLD LEADERSHIP. THAT WAS HARDLY TO BE EXPECTED. BUT 1946 DID SEE THAT BID DEFLECTED INTO CHANNELS MORE COMPATIBLE WITH PEACE.

"THE SOVIET CHALLENGE IS DOUBLE-BARRELED. ONE BARREL AIMS AT SOCIAL REVOLUTION THROUGHOUT THE WORLD. THE OTHER BARREL AIMS AT NATIONALISTIC EXPANSION. THE WAR MADE BOTH TARGETS EASIER TO HIT. ECONOMIC MISERY, THE BY-PRODUCT OF WAR, BRED RADICAL AGITATION THROUGHOUT THE WORLD. THE MILITARY POSITION OF RUSSIA AS THE GREAT LAND POWER NEXT TO GERMANY AND JAPAN, GAVE SOVIET LEADERSHIP UNIQUE OPPORTUNITIES TO BARGAIN FOR AN EXPANSION OF THEIR NATIONAL DOMAIN. IT IS THE LATTER TYPE OF AGGRESSIVENESS WHICH WAS CHECKED IN 1946 WHEN IT HAD ALREADY GONE SO FAR THAT PERSISTENCE WOULD HAVE JEOPARDIZED THE PEACE."

DULLES ASSERTED THAT IRAN, TURKEY AND GREECE WERE THREATENED AT THE BEGINNING OF 1946, AND SAID: "THE RESULT, HOWEVER, WAS NOT A SOVIET SUCCESS. THROUGHOUT THE WORLD, PUBLIC OPINION REACTED ADVERSELY. SOVIET LEADERS FOUND THAT THEY COULD NOT FIRE BOTH BARRELS AT ONCE. NATIONALISTIC AGGRESSION CANCELED OUT IDEALISTIC PROPAGANDA. AS AGAINST THAT LOSS, THERE WAS NO COMPENSATING GAIN, FOR SOVIET AGGRESSIVENESS HAD PROVOKED IN THE UNITED STATES AND GREAT BRITAIN A STRONGER RESISTANCE THAN SOVIET LEADERSHIP CARED TO FACE."

MOSCOW, FEB.16-(AP)-U.S. AMBASSADOR WALTER BEDELL SMITH INFORMED RUSSIAN NEWSMEN TODAY THAT THE UNITED STATES WOULD BEGIN RUSSIAN LANGUAGE BROADCASTS TO THE SOVIET UNION STARTING TOMORROW NIGHT. THE PROGRAMS WILL BE RELAYED BY MUNICH.

THE BROADCASTS WILL START AT 9 P.M. (1 P.M. EST). PRELIMINARY TESTS HAVE BEEN HEARD CLEARLY IN MOSCOW. THE BRITISH BROADCASTING

CORPORATION HAS BEEN BEAMING RUSSIAN LANGUAGE PROGRAMS TO THIS COUNTRY FOR NEARLY A YEAR.

(INFORMATION AVAILABLE IN WASHINGTON IS THAT ONLY 500,000 OF RUSSIA'S 197,000,000 INHABITANTS HAVE RADIO RECEIVERS.)

A STATEMENT ISSUED IN RUSSIA BY THE U.S.EMBASSY SAID "THE AMBASSADOR BELIEVES THESE BROADCASTS, WHICH ARE IN LINE WITH THE DESIRE FREQUENTLY EXPRESSED BY REPRESENTATIVES OF THE GOVERNMENTS OF BOTH COUNTRIES FOR A WIDER EXCHANGE OF INFORMATION OF CULTURAL AND SCIENTIFIC CHARACTER, WILL HELP BROADEN THE BASE OF UNDERSTANDING AND FRIENDSHIP BETWEEN THE PEOPLES OF THE SOVIET UNION AND THE UNITED STATES."

AUTHORITIES WERE INCLINED TO BLAME THE LATEST VIOLENCE IN THE HOLY LAND ON FACTIONAL STRIFE BETWEEN IRGUN ZVAI LEUMI AND OTHER JEWISH GROUPS OPPOSED TO THE VIOLENT METHODS OF IRGUN.

AMONG THE GROUPS OPPOSING VIOLENCE IS HASHOMIR HATZAIR (THE YOUNG GUARD), WHICH IS LEFT-WING IN POLITICS BUT WHICH HAS OPPOSED IRGUN'S "DIRECT ACTION" FOR MANY YEARS. CLUB ROOMS OF THE ORGANIZATION HAVE BEEN HIT BY BOMBS AND BULLETS IN TEL AVIV, PETAH TIKVAH REHOVOTH AND OTHER JEWISH COMMUNITIES IN THE HOLY LAND.

POLICE REPORTED, MEANWHILE, THAT AVIGHAEL TANGURI, WHO WAS KIDNAPED FROM A PETAH TIKVAH CAFE FRIDAY NIGHT, HAD BEEN RETURNED SAFELY AND WAS BEING QUESTIONED BY JAFFA DISTRICT POLICE.

TANGURI, HIMSELF A JEW, WAS ABDUCTED BY TWO MASKED JEWISH YOUTHS AND THE INCIDENT WAS BELIEVED CONNECTED WITH THE CONFLICT BETWEEN JEWISH GROUPS URGING VIOLENCE AGAINST THE BRITISH AND THOSE WHICH OPPOSE EXTREME MEASURES.

NANKING, FEB.16-(AP)-THE CHINESE GOVERNMENT TODAY BOOSTED THE OFFICIAL EXCHANGE RATE OF THE CHINESE DOLLAR FROM 3,350 TO 12,000 FOR ONE U.S. DOLLAR, BANNED CIRCULATION OF FOREIGN CURRENCY, AND ORDERED CHINESE NATIONALS ABROAD TO REPORT HOLDINGS FOR SURRENDER AT THE OFFICIAL RATE.

THE GOVERNMENT ORDERED THE CHINESE NATIONALS TO REPORT BOTH FOREIGN AND DOMESTIC HOLDINGS IN FOREIGN EXCHANGE OR SECURITIES AND TO SURRENDER THEM ON "PAIN OF SEVERE PENALTIES."

THE NEW RATE GOES INTO EFFECT MONDAY.

GENERALISSIMO CHIANG KAI-SHEK ANNOUNCED THE MOVE IN A STATEMENT ISSUED THROUGH THE MINISTRY OF INFORMATION IN WHICH HE SAID:

"TODAY WE ARE NOT FACING A QUESTION OF POLITICAL PARTIES, BUT A PROBLEM OF ECONOMIC DEVELOPMENT AND EVEN OF SURVIVAL OF THE CHINESE NATION. I CALL ON ALL PATRIOTS TO JOIN ME IN WORKING OUT THE SALVATION OF THE COUNTRY, AND I PLEDGE LOYAL COOPERATION.

"WE MUST NOW TAKE STOCK OF OUR SITUATION AND MEET IT REALISTICALLY AND STEADFASTLY BY FOLLOWING EMERGENCY MEASURES," HE SAID.

"FIRST, THE FOREIGN EXCHANGE RESOURCES OF THE GOVERNMENT INCLUDING GOLD WILL BE CONSERVED FOR RAW MATERIALS AND MACHINERY OS COMMUNICATIONS AND FACTORIES CAN BE OPERA

GOLD WILL BE CONSERVED FOR RAW MATERIALS AND MACHINERY SO COMMUNICATIONS AND FACTORIES CAN BE OPERATED.

"AFTER CAREFUL CONSIDERATION," HE CONTINUED, "WE ARE FIXING THE NEW EXCHANGE RATE AT TWELVE THOUSAND (DOLLARS) CHINESE CURRENCY TO ONE UNITED STATES DOLLAR COMMENCING MONDAY. THE NEW RATE WHILE MUCH HIGHER THAN THE OLD RATE IS NO HIGHER THAN THE PREVAILING DOMESTIC PRICE LEVEL."

IN ADDITION HE DETAILED OTHER MOVES AIMED AT RELIEVING CHINA'S ECONOMIC CRISIS, INCLUDING ELIMINATION OF USURIOUS INTEREST RATES, REDUCTION OF GOVERNMENT EXPENDITURES, IMPROVED TAX COLLECTION AND REMOVAL OF ALL INDUSTRIES EXCEPT THOSE FOR NATIONAL DEFENSE FROM GOVERNMENT OWNERSHIP.

30.24-7953

THE EMERGENCY PROGRAM DIRECTLY AFFECTING MOST OF CHINA'S 460,000,000 PEOPLE WAS APPROVED AT AN EMERGENCY SESSION OF THE SUPREME NATIONAL DEFENSE COUNCIL. THE COUNCIL IMMEDIATELY SENT PREMIER T.V.SOONG TO SHANGHAI TO SUPERVISE ITS ENFORCEMENT.

A SUBSTANTIAL PORTION OF CHINA'S HEAVY INDUSTRY WAS AFFECTED BY THE DECISION TO TRANSFER INDUSTRIES FROM GOVERNMENT OWNERSHIP. MUCH OF THE HEAVY INDUSTRY HAS BEEN EITHER GOVERNMENT OWNED OR GOVERNMENT SPONSORED.

THE MINISTRY OF INFORMATION ANNOUNCED THE FOLLOWING REGULATIONS GOVERNING FOREIGN EXCHANGE:

1-CIRCULATION OF FOREIGN CURRENCY NOTES IN CHINA IS PROHIBITED.
2-USE OF FOREIGN CURRENCY AS A MEDIUM OF EXCHANGE OR SUBSTITUTE FOR NATIONAL CURRENCY IS PROHIBITED.
3-EXPORT OF FOREIGN CURRENCY IN EXCESS OF ONE HUNDRED U.S. DOLLARS IS PROHIBITED.
4-IMPORTS OF FOREIGN CURRENCY MUST BE DECLARED TO CUSTOMS AND CONVERTED INTO NATIONAL CURRENCY AT THE CENTRAL BANK OF CHINA.
5-PAYMENT OF SALARIES, ALLOANCES OR STIPENDS IN FOREIGN EXCHANGE PROHIBITED.
6-A HOLDER OF FOREIGN CURRENCY MAY EXCHANGE NOTES INTO NATIONAL CURRENCY AT THE CENTRAL BANK AT THE OFFICIAL RATE.
7-BANKS OTHER THAN THE CENTRAL BANK OF CHINA ARE NOT PERMITTED TO DEAL IN FOREIGN CURRENCY. MANAGERS OF VIOLATING BANKS ARE SUBJECT TO FIVE-YEAR PRISON SENTENCES AND BSNKS SUBJECT TO LOSS OF LICENSES.

NO NEWSPAPER OR PERIODICAL MAY PUBLISH QUOTATIONS FOR FOREIGN EXCHANGE NOTES OTHER THAN THE OFFICIAL RATES OF THE BANK OF CHINA.

NANKING,FEB.17-(AP)-GENERALISSIMO CHIANG KAI-SHEK'S GOVERNMENT IN A DESPERATE FIGHT FOR NATIONAL SURVIVAL COMPLETELY REVAMPED CHINA'S TOTTERING BUSINESS STRUCTURE TODAY AND PROMISED TO REORGANIZE THE GOVERNMENT ITSELF.

SHANGHAI'S TOUGH BLACK MARKET OPERATORS PROMPTLY MOVED "UNDERGROUND" AND DEFIED THE NEW REGULATIONS -- BUT CHIANG THREATENED "SEVERE PENALTIES" AND SAID THAT "ROUGH AND READY JUSTICCE" WOULD MAKE UP IN SOME CASES FOR LACK OF ENFORCEMENT MACHINERY.

THE DRASTIC DECREES:

1. ORDERED HOME ALL FORTUNES ABROAD. (A FEW CHINESE ARE REPORTED TO HAVE FOREIGN INVESTMENTS WORTH BILLIONS; AND MANY HAVE MODERATE NESTEGGS.)

2. PROVIDED FOR GOVERNMENT WITHDRAWAL FROM INDUSTRY. (IT HAD BEEN MOVING TOWARD VIRTUAL MONOPOLY OF HEAVY INDUSTRY, BUT NOW PLANS TO RETAIN ONLY UTILITIES AND DEFENSE-ESSENTIAL PLANTS.)

3. RESTRICTED WAGES AND PRICES TO JANUARY LEVELS, AND PROHIBITED STRIKES AND LOCKOUTS.

4. FIXED THE OFFICIAL EXCHANGE RATE AT 12,000 CHINESE DOLLARS TO ONE U.S. (INSTEAD OF 3,350 TO ONE) AND BANNED ANY USE OF FOREIGN CURRENCY OR ANY TRADING IN GOLD IN CHINA. THIS ALREADY IS BEING VIOLATED IN SHANGHAI.

5. PROVIDED FOR A CURTAILED GOVERNMENT BUDGET AND STRICTER TAX COLLECTIONS, ALONG WITH EXPENDITURE OF $472,590,000 U.S. FOR IMPORTING URGENTLY NEEDED MACHINERY AND RAW MATERIALS.

6. PLEDGED A CAMPAIGN AGAINST HOARDING AND SPECULATING, AND SAID "SEVERE PENALTIES" WOULD BE IMPOSED FOR VIOLATION OF ANY DECREES.

THE GOVERNMENT ALSO ANNOUNCED A TIGHTENING CONTROL OF FINANCIAL INSTITUTIONS AND SAID ALL GOVERNMENT LOANS MUST BE USED TO PROMOTE PRODUCTION OF NECESSITIES FOR HOME USE AND COMMODITIES FOR EXPORT. SURPLUS FUNDS OF GOVERNMENTAL AND PROVINCIAL, MUNICIPAL AND LOCAL BANKS MUST BE DEPOSITED WITH THE CENTRAL BANK TO ELIMINATE "IDLE CAPITAL."

NO FINANCIAL INSTITUTIONS MAY BUY OR SELL ANY COMMODITIES UNLESS SPECIFICALLY AUTHORIZED BY THE GOVERNMENT.

BRUCE SMITH, CHAIRMAN OF THE AMERICAN CHAMBER OF COMMERCE IN SHANGHAI, SAID THE NEW PROGRAM WOULD STOP AMERICAN BUSINESS IN CHINA "FOR A WHILE."

CHIANG SAID THAT ALTHOUGH SETTLEMENT OF THE CHINESE COMMUNIST-GOVERNMENT STRIFE HAS FAILED AT LEAST TEMPORARILY, THE KUOMINTANG

(NATIONAL PARTY) WILL WITHIN A FEW DAYS ORGANIZE A NEW STATE COUNCIL WITH SUPREME POLICY-MAKING POWERS IN THE INTERIM GOVERNMENT, AND WITH MEMBERSHIP GIVEN TO THE BEST MEN OF THE COUNTRY IRRESPECTIVE OF PARTY AFFILIATIONS.

"AT THE SAME TIME THE EXECUTIVE AND OTHER YUANS (COUNCILS) WILL IMMEDIATELY BE REORGANIZED IN A SIMILAR MANNER TO BROADEN THE BASIS OF THE GOVERNMENT." (IT IS NOW A ONE-PARTY GOVERNMENT.)

THE ECONOMIC CRISIS IS NOT A QUESTION OF POLITICAL PARTIES, BUT A PROBLEM OF "THE SURVIVAL OF THE CHINESE NATION," THE GENERALISSIMO DECLARED. "I CALL ON ALL PATRIOTS TO JOIN ME IN WORKING OUT THE SALVATION OF THE COUNTRY, AND I PLEDGE LOYAL COOPERATION."

HE SAID DESTRUCTION CAUSED BY CHINESE COMMUNISTS IN THE PAST YEAR "EXCEEDED IN INTENSITY ANY SIMILAR PERIOD OF JAPANESE OCCUPATION," BUT THAT "THERE IS NO REASON TO GIVE WAY TO PANIC. THE BASIC FACTORS OF THE AGRICULTURAL AND INDUSTRIAL SITUATIONS ARE SOUND."

PREMIER T.V.SOONG WAS SENT TO SHANGHAI TO SUPERVISE THE NEW ECONOMIC POLICY WHICH BECOMES EFFECTIVE TODAY--BUT ALREADY, SHANGHAI BLACK MARKET OPERATORS WERE VIOLATING THE NEW EXCHANGE RESTRICTIONS. OBSERVERS DOUBTED, TOO, THE GOVERNMENT'S ABILITY TO STOP GOLD TRADING, TO LOCATE FORTUNES ABROAD, AND TO ENFORCE SOME OF ITS OTHER DECREES.

CHIANG HIMSELF MENTIONED "ROUGH AND READY JUSTICE" SPECIFICALLY IN CONNECTION WITH TAX COLLECTIONS WHICH IN THE PAST, HE SAID, HAVE "PROVED VERY INEFFECTIVE."

THE NEW EXCHANGE RATE OF 12,000 TO ONE WAS APPROXIMATELY THAT OF CURRENT BLACK MARKET QUOTATIONS---AN EFFORT TO DESTROY THE BLACK MARKET IN CURRENCY.

NO PAYMENTS OF ANY SORT MAY BE MADE IN FOREIGN MONEY; IT MUST BE EXCHANGED AT THE CENTRAL BANK FOR CHINESE CURRENCY. AND THE BAN AGAINST BUYING OR SELLING GOLD INCLUDES EVEN PERSONAL ADORNMENTS--WITH A PROMISE OF LATER RELIEF TO JEWELERS.

UM1206APS NM

THE GOVERNMENT UNDOUBTEDLY IS AWARE OF SOME OF THE BIGGER INDIVIDUAL HOLDINGS BUT IT CANNOT KNOW OF ALL. A CHINEE WITH A NEST-EGG SAFELY HIDDEN AWAY ABROAD IS SURE TO BE RELUCTANT TO DECLARE AND CONVERT IT INTO A CURRENCY WHICH HAS LOST MORE THAN FOUR-FIFTHS OF ITS VALUE IN A YEAR.

IT WAS A QUESTION HOW THE GOVERNMENT COULD APPREHEND THOSE WHO SIMPLY KEPT MUM.

IF, HOWEVER, ANY SUBSTANTIAL AMOUNT OF PRIVATE HOLDINGS ABROAD COULD BE FORCED HOME, THE GOVERNMENT'S DANGEROUSLY LOW FOREIGN EXCHANGE POSITION WOULD BE GREATLY STRENGTHENED AND WOULD PERMIT IMPORTS VITALLY NEEDED AT THIS CRITICAL TIME.

CANCELLATION OF THE 100 PERCENT BOUNTY ON EXPORTS HAS NOT PROVED TO MEAN MUCH, PRICE INCREASES ALREADY HAD ABSORBED THE BOUNTY BEFORE THE PLAN HAD A CHANCE TO WORK.

LAHORE, INDIA, FEB.16-(AP)-THREE DEVELOPMENTS APPEARED TODAY TO BE PUSHING POLITICAL ACTIVITIES IN THE PUNJAB TO A CRISIS AS A RESULT OF THE MOSLEM LEAGUE'S CIVIL DISOBEDIENCE MOVEMENT NOW IN ITS FOURTH WEEK.

THE FIRST DEVELOPMENT WAS THE ANNOUNCEMENT OF THE SIKH PANTHIC BOARD'S WORKING COMMITTEE THAT IT DISAPPROVED OF THE MOSLEM LEAGUE MOVEMENT.

ONE COMMITTEE MEMBER INDICATED THAT THE SIKHS THEMSELVES MIGHT TAKE ACTION TO SETTLE THE PRESENT SITUATION IF THE GOVERNMENT FAILED TO DO SO. THE SIKHS, A SEPARATE POLITICAL AS WELL AS RELIGIOUS GROUP, HOLD THE BALANCE OF POWER BETWEEN MOSLEMS AND HINDUS IN THE PUNJAB AND ITS PROVINCIAL GOVERNMENT. INDEPENDENT AND AGGRESSIVE, THEY HAVE DECLARED PREVIOUSLY THAT IF THE MOSLEM LEAGUE AIM OF PAKISTAN, A SEPARATE MOSLEM STATE WITHIN INDIA, WAS ACHIEVED AND EMBRACED THE PUNJAB, THE SIKHS WOULD DEMAND A SEPARATE COUNTRY, TOO.

THE SECOND DEVELOPMENT WAS THE FACT THAT GOVERNMENT OFFICIALS, ESPECIALLY IN BRITISH QUARTERS, WHO HAD TALKED OF COMPROMISE WITH THE LEAGUE, WERE SPEAKING OF "FIRM ACTION" AS AN ALTERNATIVE.

THE THIRD DEVELOPMENT WAS THE ADMISSION BY A MOSLEM LEADER THAT THERE HAD BEEN DISCUSSION OF COMPROMISE, ALTHOUGH WITH "PEOPLE WHO

30.24-7955

CANNOT DELIVER THE GOODS."

THIS STATEMENT CAME FROM MAULANA DAUD GHAZNAVI, THE SEVENTH MAN TO BE ELEVATED TO THE PRESIDENCY OF THE PROVINCIAL LEAGUE IN THE PAST THREE WEEKS AS SUCCESSIVE LEADERS WERE ARRESTED.

GHAZNAVI SAID "IF THE GOVERNMENT CEASED TO BAN PROCESSIONS AND MEETINGS, THE MOVEMENT WOULD STOP--I HOPE." BUT HE SEEMED UNCERTAIN OF THE CONSEQUENCES OF SUCH CAPITULATION BY THE GOVERNMENT.

THE LEAGUE PRESIDENT IN THE PROVINCE SAID THE SOLE AIM OF THE DISOBEDIENCE MOVEMENT WAS TO MAKE THE GOVERNMENT LIFT ITS BAN ON PUBLIC MEETINGS AND PROCESSIONS AND INSISTED THAT THE LEAGUE WAS NOT TRYING TO DEPOSE THE PROVINCIAL GOVERNMENT. HOWEVER, LEAGUE DEMONSTRATORS IN LAHORE AGAIN TONIGHT SHOUTED ANTI-MINISTRY SLOGANS.

GHAZNAVI SAID HE HAD ORDERED THAT SLOGANS WERE "NOT TO BE SHOUTED AGAINST ANY PERSONS."

THE PUNJAB NOW IS GOVERNED BY A COALITION OF ANTI-LEAGUE MOSLEMS AND HINDUS.

TONIGHT'S DEMONSTRATION DISPLAYED NO ABATEMENT IN THE FERVOR OF THE LEAGUE ADHERENTS. MORE THAN 100 OF THE DEMONSTRATORS WERE ARRESTED FROM THE THRONG ESTIMATED AT MORE THAN 7,500.

CAPETOWN, SOUTH AFRICA, FEB. 16-(AP)-KING GEORGE VI, HIS QUEEN AND TWO PRINCESS DAUGHTERS WILL ARRIVE TOMORROW ABOARD THE BATTLESHIP VANGUARD FOR A 10,000 MILE TOUR OF THIS YOUNGEST OF HIS BRITISH DOMINIONS.

THE NORMAL SEASONAL POPULATION OF CAPETOWN WAS SWELLED BY MANY THOUSANDS WHO MADE THE MOST OF A RELATIVELY QUIET WEEKEND IN THIS SWELTERING CITY BEFORE THE NEXT GALA FIVE DAYS IN WHICH ALL ORDINARY ACTIVITIES WILL BE PUT ASIDE.

PREMIER JAN CHRISTIAAN SMUTS, THE ELDER BRITISH STATESMAN AND FIELD MARSHAL, WHO WILL BE THE FIRST ABOARD THE GREAT WARSHIP TO WELCOME HIS MONARCH, SAID THE ROYAL VISIT WOULD BE OF IMMEASURABLE BENEFIT TO THE UNION AND COMMONWEALTH. HE PREDICTED THE ROYAL FAMILY'S HUMAN QUALITIES WOULD ENDEAR THEM TO SOUTH AFRICANS.

SOMETHING OF THE SAME FEELING WAS EXPRESSED BY LESSER CITIZENS.

MANY AFRIKANDERS WERE INTERESTED AGREEABLY IN REPORTS THAT PRINCESSES ELIZABETH AND MARGARET ROSE WERE LEARNING BITS OF THEIR LANGUAGE WITH THE INTENTION OF USING IT ON THEIR 10,000 MILE TOUR OF SOUTH AFRICA.

THE UNION LIES BELOW THE EQUATOR IN A ZONE COMPARABLE TO THAT BETWEEN KEY WEST AND CHARLOTTE, N.C., IN THE NORTHERN HEMISPHERE. TEMPERATURES DURING THIS MID-SUMMER DAY ROSE ABOVE 90.

B4

RUMORS STILL CIRCULATED THAT THE KING MIGHT FLY BACK TO ENGLAND BECAUSE OF THE GRAVE ECONOMIC CRISIS AT HOME, CAUSED BY THE COAL SHORTAGE, BUT HIGHEST GOVERNMENT AUTHORITIES CONSIDERED IT UNLIKELY BECAUSE THE COUNCIL OF STATE IN LONDON COULD DEAL WITH VIRTUALLY ANY DOMESTIC SITUATION.

THE VANGUARD WAS TO DOCK AT 9:45 A.M. (2:45 A.M. EASTERN STANDARD TIME), FLANKED BY THREE FRIGATES WHICH ALREADY WAITED IN THE CAPETOWN HARBOR AS AN ESCORT. PLANES OF THE SOUTH AFRICAN AIR FORCE WILL FLY A WELCOME.

SMUTS WILL BE ACCOMPANIED ABOARD BY GOVERNOR GENERAL AND MRS. G. BRAND VAN ZYL, AND THEN WILL GO ASHORE AND RECEIVE THE ROYAL FAMILY AT THE FOOT OF A DECORATED GANGWAY. SMUTS WILL GIVE THE KING, QUEEN ELIZABETH AND THE PRINCESSES A STATE DINNER AT WHICH HE AND THE MONARCH WILL SPEAK.

A NAVAL GUARD OF HONOR WILL BE DRAWN UP AT THE QUAYSIDE FOR KING GEORGE'S INSPECTION. THE KING WILL RECEIVE MILITARY LEADERS, CABINET MEMBERS AND THEIR WIVES, REPRESENTATIVES OF THE OTHER COMMONWEALTH GOVERNMENTS AND PROVINCIAL ADMINISTRATORS.

WASHINGTON, FEB. 16-(AP)-THE NATIONAL BOARD OF THE WOMEN'S INTERNATIONAL LEAGUE FOR PEACE AND FREEDOM ASKED CONGRESS TONIGHT TO "REJECT ALL PROPOSED ANTI-UNION LEGISLATION."

IT SUGGESTED STRENGTHENING OF FEDERAL ARBITRATION MACHINERY AND THE PROVISION OF COMPETENT INDUSTRIAL RELATIONS ADVISERS FOR BOTH LABOR AND MANAGEMENT. MISS ANNA LEE STEWART OF CHICAGO PRESIDED OVER THE BOARD MEETING, ATTENDED BY 60 WOMEN FROM A DOZEN STATES.

OTHER RESOLUTIONS ADOPTED BY THE BOARD IN A TWO-DAY MEETING HERE:

1. EXPRESSED OPPOSITION TO THE BILL OF REP. KNUTSON (R-MINN), FOR A 20 PER CENT ACROSS-THE-BOARD CUT IN INCOME TAXES. OBJECTIONS WERE RAISED TO CUTS IN "USEFUL PEACEFUL FUNCTIONS" OF GOVERNMENT AND TO TAX CUTTING IN GENERAL "UNTIL THE END OF THIS INFLATIONARY TREND."

2. URGED PASSAGE OF THE WAGNER-ELLENDER-TAFT HOUSING BILL BUT ASKED ELIMINATION OF THE "UNFORTUNATE PATTERN OF (RACIAL) SEGREGATION NOW PRACTICED" IN PUBLIC HOUSING.

3. BACKED THE ADMINISTRATION'S RECIPROCAL TRADE AGREEMENT POLICY, URGING THAT CONTINUATION OF THE PROGRAM IS NECESSARY TO THE FUNCTIONING OF THE UNITED NATIONS INTERNATIONAL TRADE ORGANIZATION.

4. CALLED FOR U.S. ACCEPTANCE OF A "FAIR SHARE" OF THE WAR'S DISPLACED PERSONS, SUGGESTING THAT IF LESS THAN HALF OF THE WAR YEARS' UNUSED IMMIGRATION QUOTA NUMBERS WERE DIVERTED TO THAT END 400,000 OF THE REFUGEES COULD BE GIVEN ASYLUM.

THE LABOR RESOLUTION SAID BOTH LABOR AND MANAGEMENT SHOULD ASSUME RESPONSIBILITY IN MAKING AND KEEPING CONTRACTS, AND SHOULD MAKE THEIR RECORDS AVAILABLE FOR PUBLIC INSPECTION. IT FAVORED LEGISLATION THAT WOULD REQUIRE "RECALCITRANT UNIONS" TO LIVE UP TO THOSE STANDARDS BUT SAID THAT IN HASTE TO LEGISLATE CONGRESS SHOULD NOT "IGNORE SIMILAR MISDEEDS OF MANAGEMENT."

IT OPPOSED PARTICULARLY THE ANTI-CLOSED SHOP PROPOSALS, AND LEGISLATION TO BAN INDUSTRY-WIDE BARGAINING.

BY JOHN A. PARRIS, JR.

LAKE SUCCESS, N.Y., FEB.17-(AP)-THE UNITED STATES INFORMED THE WORLD TODAY THAT SHE INTENDS TO KEEP THE STRATEGIC CHAINS OF JAPANESE-MANDATE ISLANDS IN THE PACIFIC TO INSURE AMERICAN SECURITY.

IN A DRAFT AGREEMENT SUBMITTED TO SECRETARY-GENERAL TRYGVE LIE AND CIRCULATED TO MEMBERS OF THE U.N. SECURITY COUNCIL, THE U.S. GOVERNMENT ASKED THE UNITED NATIONS TO DESIGNATE THESE ISLANDS, INCLUDING MOST OF THE MARSHALLS, MARIANAS AND CAROLINES, AS A "STRATEGIC AREA" UNDER AMERICAN ADMINISTRATION. 1947

INDICATIONS WERE THAT THE PLAN WOULD MEET IMMEDIATE OPPOSITION IN THE COUNCIL FROM RUSSIA, GREAT BRITAIN, AUSTRALIA AND PERHAPS OTHERS. MOSCOW, LONDON AND CANBERRA WERE REPORTED TO HAVE ADVISED THE U.S. STATE DEPARTMENT THAT THEY WERE OPPOSED TO ACCEPTANCE OF ANY AGREEMENT UNTIL THE PEACE TREATY WITH JAPAN WAS SIGNED.

BUT WHETHER THE UNITED NATIONS APPROVES THE AGREEMENT OR NOT, THE U.S. MADE IT CLEAR THAT SHE HAS NO INTENTION OF GIVING UP THE ISLANDS THAT SHE CONSIDERS SO ESSENTIAL TO AMERICAN DEFENSE.

AUTHORITATIVE SOURCES SAID THAT NO ONE HAS RAISED ANY OBJECTION TO CONTINUED AMERICAN OCCUPATION OF THE ISLANDS, NOR TO HAVE OPPOSED ANY PARTICULAR PART OF THE AGREEMENT.

30.24-7957

DUE TO COUNCIL OCCUPATION WITH THE PRESSING PROBLEM OF ATOMIC ENERGY, THE U.S. PROPOSAL MAY NOT REACH THE FLOOR FOR SEVERAL DAYS.

SPECIFICALLY, THE UNITED STATES ASKS THAT ALL OF THE FORMER GERMAN ISLANDS NORTH OF THE EQUATOR WHICH WERE TURNED OVER TO JAPAN AS MANDATES BY THE LEAGUE OF NATIONS BE PLACED UNDER U.N. TRUSTEESHIP WITH THE U.S. AS ADMINISTRATOR. 1947

IF APPROVED, THE AGREEMENT WOULD GIVE THE UNITED STATES, AS ADMINISTERING AUTHORITY, VIRTUALLY THE SAME RIGHTS AS WOULD COME UNDER OUTRIGHT ANNEXATION.

THE 625 ISLANDS, EXTENDING NORTH FROM THE EQUATOR ABOUT 1,200 MILES AND FOR ABOUT 2,900 MILES FROM EAST TO WEST, HAVE A TOTAL LAN AREA OF ONLY 829 SQUARE MILES. THEIR TOTAL POPULATION IS ABOUT 83,000.

WITH THE EXCEPTION OF GUAM IN THE MARIANAS, AN AMERICAN POSSESSION RECEIVED FROM SPAIN, THESE ISLANDS WERE FORMERLY GERMAN POSSESSIONS, BUT WERE MANDATED BY THE LEAGUE OF NATIONS TO JAPAN.

THE MARSHALLS CONSIST OF 33 CORAL ATOLLS AND HAVE A POPULATION OF 10,489.

EACH OF THE THREE GROUPS HAS A LANGUAGE OF ITS OWN.

THE ISLANDS INCLUDE SUCH VITAL BASES AS SAIPAN AND TINIAN IN THE MARIANAS, TRUK IN THE CAROLINES AND KWAJALEIN IN THE MARSHALLS.

A BRITISH SPOKESMAN SAID HIS GOVERNMENT WELCOMED EVIDENCE THAT THE UNITED STATES WANTED TO BRING THE ISLANDS UNDER U.N. TRUSTEESHIP, BUT FOR LEGAL REASONS DOUBTED THAT THE TIME WAS RIPE FOR MAKING ANY AGREEMENT.

IT WAS UNDERSTOOD THAT LONDON FELT THAT UNTIL THE PEACE TREATY WAS SIGNED, JAPAN WOULD NOT HAVE OFFICIALLY ABANDONED HER CLAIMS AND THEREFORE THERE COULD NOT BE ANY CLEAR TITLE.

THERE WAS NO DEFINITE INDICATION OF HOW WARREN R. AUSTIN, AMERICAN COUNCIL DELEGATE, WOULD VIEW THE OBJECTIONS, BUT IT WAS APPARENT THAT HE COULD NOT GET APPROVAL OF THE PLAN WITH TWO MAJOR POWERS OPPOSED.

AS TO THE LEGAL ARGUMENT, THE UNITED STATES CONTENDS THAT TITLE TO THE MANDATES DOES NOT REST WITH JAPAN BUT WITH THE LEAGUE OF NATIONS. IT ADDS THAT TOKYO BROKE THE TERMS OF THE MANDATE AGREEMENT AND IS NO LONGER IN A POSITION TO EXERCISE AUTHORITY.

MAJOR POINTS COVERED IN THE AGREEMENT SUBMITTED BY THE U.S. INCLUDED:

1--THAT THE ADMINISTERING AUTHORITY (U.S.) SHALL HAVE FULL POWERS OF ADMINISTRATION, LEGISLATION AND JURISDICTION OVER THE TERRITORY, SUBJECT TO PROVISIONS OF THE AGREEMENT, AS AN INTEGRAL PART OF THE UNITED STATES.

2--THAT THE UNITED STATES SHALL BE ENTITLED TO ESTABLISH NAVAL, MILITARY AND AIR BASES AND TO ERECT FORTIFICATIONS; AND TO STATION AND EMPLOY ARMED FORCES IN THE TERRITORY.

3--THAT NOTHING IN THE AGREEMENT SHALL BE SO CONSTRUED AS TO ACCORD TRAFFIC RIGHTS TO AIRCRAFT FLYING INTO AND OUT OF THE TRUST TERRITORY. SUCH RIGHTS SHALL BE SUBJECT TO AGREEMENT BETWEEN THE UNITED STATES AND THE STATE WHOSE NATIONALITY SUCH AIRCRAFT POSSESSES.

4--THE PROVISIONS OF ARTICLES 87 AND 88 OF THE U.N. CHARTER (CALLING FOR REPORTS AND ON-THE-SPOT INSPECTIONS) SHALL APPLY, PROVIDED THAT THE UNITED STATES MAY DETERMINE THE EXTENT OF THEIR APPLICABILITY TO ANY AREAS WHICH FROM TIME TO TIME BE SPECIFIED BY IT AS CLOSED FOR SECURITY REASONS.

5--THE UNITED STATES SHALL BE ENTITLED TO CONSTITUTE THE TRUST TERRITORY INTO A CUSTOMS, FISCAL OR ADMINISTRATIVE UNION OR FEDERATION WITH OTHER TERRITORIES UNDER AMERICAN JURISDICTION.

THE U.N. CHARTER PROVIDES FOR "STRATEGIC AREAS", BUT INSISTS THAT BASIC AIMS SUCH AS "RESPECT FOR HUMAN RIGHTS AND FOR FUNDAMENTAL FREEDOMS FOR ALL, WITHOUT DISTINCTIONS AS TO RACE, SEX, LANGUAGE OR RELIGION" BE SUPERVISED IN THESE AREAS BY THE UNITED NATIONS.

UNDER THE U.S. PLAN, THE AREAS SUBJECT TO SUCH SUPERVISION ARE TO BE DETERMINED BY THE U.S. ALONE.

Austria To Have Army; Deputies Split On Size

London, Feb. 17 (AP)—Deputy Foreign Ministers of the four leading Allied nations agreed today that the "free, independent Austria" of the future should have an army.

The military affairs committee of the deputies divided, however, on the size of the army and the character of equipment, an American informant said.

It was certain that limitations would be imposed to make it impossible for Austria ever to assume an aggressive attitude toward even her weakest neighbors. Austria will also be obliged to forego ultra-modern weapons and perhaps an air force.

Perhaps About 50,000

The deputies of the United States, Russia, Great Britain and France were preparing draft treaties for the Ministers who will meet in Moscow next month to write the peace for Germany and Austria, which was a part of the Reich during the war.

The American informant said the trend of the military committee negotiations suggested that Austria would be allowed a security guard of about 50,000, including gendarmerie and guards for forests, rivers and frontiers.

This strength would be far below that of Yugoslavia, Greece and Czechoslovakia and probably a little less than the military potentials of the late Axis states, Bulgaria, Romania and Hungary.

The deputies were said to have decided that the manufacture of modern and heavy arms would be prohibited, but there was difficulty over the regulation of machinery and transport industries that might be converted to military purposes.

Army May Precede Peace

The four powers occupying Austria have undertaken to withdraw their forces soon after ratification of the Austrian treaty, possibly within 90 days. That would allow a short time to organize even small forces to maintain internal order.

It was indicated that, once the general policy has been fixed, the formation of the Austrian army might be permitted to proceed even before ratification of the treaty.

Both German and Austrian divisions of the deputies' conference speeded their activities as they entered the last week of the negotiations here.

Single Word Disputed

The deputies conceded they could not agree on the degree of Austria's responsibility for participating in the war, and decided to submit the question to the Foreign Ministers' Conference in Moscow.

The problem of determining the degree of Austrian culpability for fighting on the side of Nazi Germany was raiesd in a preamble phrase which, according to a committee draft, said the country could not avoid certain "responsibilities."

Gen. Mark W. Clark preferred the word "consequences." Considerable importance was attached to selection of the word because it was held that it might influence future interpretations of the whole treaty.

the smaller allies to full committee membership.

Earlier today the deputies conceded they could not agree on the degree of Austria's war responsibilities and the question was referred to the Moscow council meeting.

The deputies' military committee agreed that Austria should have an army but could not reach agreement on its exact size and equipment.

SMALLER NATIONS' STATUS DISCUSSED

LONDON, Feb 17—(AP) Russia, Britain and France agreed in principle today on a plan for establishing a committee to consult with and advise smaller nations on all phases of the German peace treaty negotiations. The United States abstained, pending a study of views presented.

The agreement came after a two hour discussion by the Big Four Deputy Foreign Ministers on possible ways of meeting demands of the smaller allies for greater participation in the peace making.

The three European powers, while agreeing on the principle, disagreed on the makeup and functions of the proposed committee, which would operate at the council of foreign ministers in Moscow next month and at any later Big Four treaty meetings.

Soviet Deputy Feodor Gousev said the committee should be made up only of Big Four representatives with the smaller allies permitted to attend meetings, participate in discussions and ask questions. Britain and France proposed naming

BRITISH FUEL CRISIS REPORTED EASING

LONDON Feb 17—(AP) Britain's industrial shutdown and island-wide rationing of electric power to homes saved 202,750 tons of coal in its first week, the government announced tonight. It gave no indication of when the restrictions, imposed last Monday, would be removed.

Hundreds of trains and ships were speeding coal from the mines to the great manufacturing cities. The army sent 850 trucks and nearly 2,000 men into the northern fields, where 50 mines remained snowbound, in order to speed deliveries.

Weather Still Threat

Snow and gales still threatened to disrupt the movement of coal, however, and government meteorologists reported no sign of a break in the month-long cold wave, the worst the country has experienced since 1894.

The ministry of fuel and power, in announcing the savings in coal, said that "improvement continues." London newspapers speculated that the industrial power restrictions, affecting all but essential plants in 38 of 64 Welsh and English counties, would be lifted late this week or by next Monday.

The government has announced that when power is restored industry will be given priority over domestic users.

Minister of Transport Alfred Barnes said 1,750 passenger trains had been taken out of service since the beginning of cold weather to save fuel and make way for coal shipments.

There was no accurate estimate of the loss in national wealth caused by the fuel crisis, but the ministry of labor said the number applying for the dole had reached 1,136,200 by Saturday night.

Coal Output Spur: Nylons

London, Feb. 17 (AP)—Nylon stockings for miners' wives were advocated last night by Arthur Horner, general secretary of the National Union of Mineworkers, as an incentive to spur production of coal, needed to meet Britain's fuel crisis.

"We want something for our wives," Horner told a public meeting. "Why not Nylons for miners' wives?"

World-Wide Political Drive By Zionists Urged

London, Feb. 17 (AP)—Moshe Shertok, head of the political department of the Jewish Agency in Palestine, declared today that Zionists must launch a world-wide political offensive to mobilize United Nations support for creation of a Jewish state in the Holy Land.

Dr. Fahdel Jamali, an Arab spokesman, told a news conference that the Arab League states, five of them United Nations members, were convinced that Arab demands for an independent Palestine with the Jews in a minority were right and just and that "no earthly power, including the United Nations, can make our arguments less right or just."

Shertok, addressing a meeting of the Friends of Palestine Pioneers, a pro-Zionist group, charged that the British decision to refer the Palestine problem to the United Nations was a "new time-gaining device."

Arab Makes Response

He added:

"A global political effort on our part is now called for. We shall have to plead our case in every capital of the members of the United Nations and defend it before the Assembly itself, addressing to it our claim for a rightful place for the Jewish people in its own midst."

Dr. Jamali, official spokesman for the Arab delegation which has been discussing the Palestine situation with British officials, made this response when asked if the Arab states would consider themselves bound by a United Nations decision:

"I will say nothing to prejudice the situation. If the decision on Palestine is not favorable to the Arab states, I can only say that all member states of the Arab League will have to study the situation again."

British Plea For Trade With Japan Wins Favor

London, Feb. 17 (AP)—A Foreign Office spokesman said today Britain had received a "favorable" response from the United States State Department to a request for facilities to resume trading with Japan.

KESSELRING ACCUSED OF 'CAVES' MASSACRE

VENICE, Feb. 17—(AP) Field Marshall Albert Kesselring, once one of Germany's foremost military strategists, was accused today of having ordered the reprisal killings of more than 1,000 Italians, including school children and two-year-old babies.

The chief prosecutor, Col. R. C. Halse, declared in his opening address to a British military tribunal that the balding 60-year-old former commander of all Nazi troops in Italy was directly responsible for the Ardeatine Caves massacre and for the slaughter of 1,078 other Italian civilians.

Two other Nazi military leaders, Col. Gen. Eberhard von Mackensen and Lt. Gen. Kurt Maeltzer, have been sentenced to death by the British for the Ardeatine massacre, in which 335 Italians were shot to death March 24, 1944, for the slaying of 32 German police troops.

Prelate Blames Aid Delays On U.S. Red Tape

Munich, Germany, Feb. 17 (AP)—Msgr. Karl Oesch, Swiss prelate who is on a special mission to Germany, said here yesterday that "American bureaucracy" has retarded the Vatican's charity work among the Germans.

Msgr. Oesch brought an episcopal letter from the Pope to German Catholic bishops.

"His Holiness said that he wished his charity work would not meef so many obstacles," the prelate said. Asked what he meant by obstacles, Msgr. Oesch answered: "American bureaucracy."

He said the Vatican had sent two carloads of clothing and perishable food to Germany and that occupation authorities had sidetracked them until some of the food spoiled.

Yule Gift Is Delayed

The cars were sent to Frankfurt, where American officials transferred them to Stuttgart for inspection, he added.

Because of such regulations and the time consumed in carrying them out, he continued, one carload intended for distribution at Christmas was made available much later.

Occupation authorities have stringent rules regarding inspection of any commodities shipped into Germany.

Msgr. Oesch commented that he thought the responsibility attached to the Vatican should be enough to cut through any needless red tape.

Only 38,250 Germans In Europe U.S. Prisoners

Frankfurt, Germany, Feb. 17 (AP). Only 38,250 German prisoners of war still are in custody of the United States Army in Europe, and virtually all of them will be released by June 30, army headquarters reported today.

An additional 579,000 German prisoners "are on loan from United States authorities to Allied countries where they are used on rehabilitation and reconstruction tasks," the report said.

15 German Judges Indicted

NUREMBERG, Germany, Feb. 17 (AP)—Fifteen justice officials who carried out Hitler's legal policies were indicted in a United States court today as criminal oppressors. All pleaded innocent and obtained continuances until March 15.

German State Heads Meet

WIESBADEN, Germany, Feb. 17 (AP).—The eight German Ministers-President of states in the American and British occupation zones met here today to work out administrative problems in setting up bi-zonal economic agencies. The pressing questions of coal and food—aggravated by the prolonged cold wave—were expected to occupy much of the discussions.

Russ Backing Of Sweden

Stockholm, Feb. 17 (AP)—The Swedish Government declared tonight that Russia, then a nonbelligerent, had backed Sweden's hand when she refused during the Spring of 1940 to transport Nazi arms to German forces in Norway.

The disclosure was contained in a White Paper removing from the secret category Swedish-Norwegian relations during and after the German invasion of Norway on April 9, 1940. FOLKE FALM

Several hours earlier, the Norwegian Government issued a separate White Paper saying that it had agreed with Sweden's neutrality during the war, but had been "disappointed" when Sweden refused to transit arms intended for the defending Norwegians.

Parallel Versions

The Norwegian Telegraph Agency said in an official summary of its Government's White Paper that Sweden and Norway had conferred before issuing the documents, so that they might present parallel versions of questions about which there have been "rumors."

The Swedish document said Hitler feared that British forces in the Narvik section of northern Norway might strike across the Swedish frontier and occupy Sweden's iron fields. This was the principal reason for his firm demands, immediately after the Nazis occupied Norway, for Sweden to allow him to send troops across Sweden to reinforce Nazis already in Norway, the White Paper said.

Hitler had a distrust of Sweden's intentions to defend her border if the British attacked in the direction of the iron fields, and was not assured until King Gustav in a personal letter had declared that any invader would meet with resistance, the White Paper said.

Protests From England

After resistance ceased in Norway, Foreign Minister Joachim von Ribbentrop referred to the new situation and threatened possible forcible action, the document added.

Protests to the Swedish action came from England saying the act was "an open breach of neutrality and equivalent to direct assistance to the enemy." Norway had protested that "all war material moved to Norway means weapons against the Norwegian Government and the Allies."

The Swedish Government learned that Vyacheslav M. Molotov, Russian Foreign Minister, had told Germany that it was to Russia's interest that Sweden remain neutral, the Stockholm White Paper said, and this evidently was the principal reason why Germany did not attack the Swedes.

Demands By Goering

Norway fell to the Germans June 10—two months after the invasion. The Germans invaded Russia twelve days later, on June 22, ~~1944~~ 1941.

Sweden said that as long as actual fighting was going on in Norway, she stood fast in her refusal to allow Germans to march across her country, despite repeated demands by Hermann Goering.

Among Goering's proposals, the document said, were that German artillery be moved across Sweden in freight cars marked with red crosses, and that Sweden should sell armaments to the Germans, with delivery on the Norwegian frontier.

These demands were rejected on grounds that they would be "an infamous action against a brother nation," the White Paper added.

The Swedes conceded that, after Norway fell, they allowed Nazi war materials and "soldiers on leave" to cross their territory.

The document said that 133,135 Germans moved through Sweden from Norway during the last half of 1940, and that 129,105 Germans moved through Sweden into Norway. Among those entering Norway was Nazi Propaganda Minister Paul Joseph Goebbels.

Oslo's Summary Of Ties In War

Oslo, Norway, Feb. 17 (AP)—King Haakon's Government said in a long-awaited White Paper tonight that it had agreed with Sweden's neutrality stand during the war but was "disappointed" when Sweden refused transit of arms to Norway.

"The Norwegian Government was from the beginning of the war of the opinion that it was for the best . . . that Sweden maintained her neutrality," said an official summary of the White Paper, issued through the Norwegian Telegraph Agency.

Neutrality Violations Charged

Norway was invaded by the Nazis April 9, 1940, and collapsed two months later. The White Paper was described as a "cards on the table" document intended to dispel any misunderstanding between future generations of the sister Nordic states.

The summary said the Swedish ban against arms shipments during the brief period of active Norwegian resistance was "unfriendly," and that certain "accommodations" granted to the Germans—such as allowing them to evacuate naval personnel through Sweden—were definite violations of strict neutrality.

Norway noted, however, that there was no evidence that Sweden ever yielded to German demands, backed with "great force," for transit of German arms and troops to Norway, and that Sweden aided Norway "unofficially" both before and after the Norwegian collapse of June 10, 1940.

Consultations With Swedes

First promised more than a year ago, the White paper was revised after consulations with the Swedes. Sweden also is preparing a White Paper on the situation, so that the two countries may present parallel versions of questions about which there have been "rumors," the summary said.

Several subjects, including the stay of King Haakon and Government officials on Swedish territory, were held up for treatment in another volume.

"It has rarely happened in history that two countries, as it were after friendly agreement, put the cards on the table in this way, so that no misunderstanding with regard to the past shall throw any shadow over the relationship between these two peoples at present or in the future," the summary said.

Greece Charges Slavs Tried Macedonia Grab

Athens, Feb. 17 (AP)—Greece accused Yugoslavia today of "underhanded aggression in league with our local bandits and extremists" in an effort to seize the northern province of Macedonia.

The charges before the United Nations Investigating Commission came from Alexis Kyrou, Greek liaison officer, in a rebuttal to defenses of Yugoslavia, Bulgaria and Albania against Greek accusations that those neighboring states were fomenting revolt in the kingdom.

Kyrou said Albanian President Omar Nishani and Spyro Moisi, chief of the Albanian general staff, had collaborated in the plot. He accused Moisi of leading one of the thirteen Albanian battalions against Greece in the recent war.

EAM Denounced

Kyrou spoke against the extreme Leftists in Greece, which he charged were aided and abetted by the neighboring states, saying:

"The EAM is camouflage for those who are in league with foreigners, who are fighting overtly and subterraneously to undermine the Greek state and kill civil liberties."

He charged that Greek Communists were trained for guerrilla fighting in the Albanian village of Rubig. He said both Albania and Bulgaria were "satellite aggressor states."

Speeches Recalled

He said it was with "deep regret" that he replied to Yugoslavia because the representative of that country, long a friend and ally, had been "violent against my country."

He quoted numerous addresses of Yugoslav officials, including Marshal Tito, asserting that Macedonia should become part of Yugoslavia.

Kyrou said a total of 950,000 troops, gendarmerie and secret police were in the three northern states and that Greek military strength was less than 100,000.

Rebuttal Made

Albanian and Bulgarian spokesmen replied. The Albanian, Nesti Kerenxhi, insisted that the investigation be confined to Greece and alleged two Greek violations of the Albanian border. The Bulgarian George Koulischev, repeated a charge that Greece wanted the investigation to hide her internal affairs.

EAM Asks Role In Inquiry Into Greek Border Incidents

CHAKALES

Athens, Greece, Feb. 17 (AP)—A spokesman for the Communist-dominated EAM today demanded that the organization be represented by a liaison officer to the United Nations Commission investigating Greek border incidents.

Michael Kyrkos, member of the central committee of EAM (National Liberation Front), read a statement to the commission which insisted the Leftist group should have the same "formal and virtual rights" with respect to the commission as Yugoslavia, Albania, Bulgaria and Greece.

Agreement Violation Charged

A member of the commission said later that the EAM petition would not be considered. He pointed out that the United Nations Security Council resolution setting up the commission specifically invited the four countries concerned with the inquiry to send liaison officers. He classified EAM as a nongovernmental agency.

Kyrkos told the commission that E.A.M.'s claim to representation was based on the fact it was a signatiry to the Varkiza agreement ending the civil war in February, 1945. He charged that the Greek Government subsequently violated this agreement.

Earlier, Alexis Kyrou, the Greek liaison officer, told the commission that the extreme left wing inside the country was a "camouflage for those who, in league with foreigners, are fighting consciously or unconsciously to undermine the Greek state and to kill all civil liberties."

Yugoslavia Accused

Kyrou accused Yugoslavia of teaming up with "our local bandits and extremists" in order to seize Macedonia. He called Albania, Bulgaria and Yugoslavia "satellite aggressor nations."

Nesti Kerenxhi, the liaison officer for Albania, said that two violations of the Albanian frontier by Greeks had been confirmed by the chief of the British military mission in Tirana prior to his withdrawal last fall.

George Koulischev, Bulgarian liaison officer, referring to Greek charges that Bulgaria wanted to annex western Thrace, commented "we hope that one day justice will be given Bulgaria."

Internee Camp Visited

One of the commission's inquiry teams visited an internee camp at Piraeus today and questioned Voislav Mirkvitch, a former major in the Yugoslav Army, who told them that Greeks were being organized and armed in Yugoslavia and sent to Greece to fight Greek Government forces.

Fiqri Dina, former Premier and Interior Minister of Albania, told the team he had fled from Albania to avoid persecution.

Laborites And Pravda

GILMORE

Moscow, Feb. 17 (AP) — *Pravda* accused the British Labor party today of employing the "trump card of reaction" in an effort to split the ranks of workers throughout the world and to prevent them from taking united action with the Communists.

In an article interpreted as an all-out appeal for workers of the world to unite, the Communist party newspaper also charged that capitalism was making a last stand "fight against democracy."

"The forces of reaction are not laying down their arms," said the article, by Commentator B. Ponomarev. "They do not wish to leave this historical stage voluntarily."

"Trump Card Of Reaction"

One of the lessons of the war, Ponomarev declared, was that a unity of democratic states and a unity of all workers will play a leading part in the "struggle against aggressive imperialistic reaction."

"Reactionaries all over the world, feeling the growth of a crisis in the capitalistic system, are seeking to retain and strengthen their position," he said. "They are increasing their fight against democracy, against the mighty desire of the masses toward a Socialist reorganization."

He added that "we must not forget that the trump card of reaction is this attempt to divide the ranks of democracy, to split up those organizations who have successfully united, and to intensify this split where it exists as in the prewar period."

"U.S. Reactionaries" Assailed

The commentator said that as soon as the war was over, reactionary "war mongers" began threatening the world with a new war, hoping thereby to "regain the power and influence which slipped from their hands."

He said that "American reactionaries" had attempted to inflame civil war in China, and mentioned Spain, Italy, Japan and Greece as among other countries in which an attempt was being made by capitalistic interests to divide workers.

The British Labor party, Ponomarev asserted, is attempting to induce Social Democrats throughout the world to join with "bourgeois" (commercial or middle-class) parties instead of with the Communists.

Conference Of Communists

"The Labor party, due to its position as Government party in one of the largest states in the capitalistic world, could play a big part in the unity of forces of the worker class," he said. "However, its attention and force are directed against the unity of workers movement."

The article added that "reactionary" members of the American Federation of Labor and the American Socialist party "are acting in the same manner" in preventing a unity of workers.

[British Communists announced in London they would hold an empire-wide conference of Communists there next week, to discuss Britain's foreign policy and "its alignment with the reactionary policy of the dollar imperialists in the United States." William Z. Foster, national chairman of the Communist party of the United States, is slated to attend as a fraternal delegate.]

Shanghai Black Mart Moves 'Underground'

Shanghai, Feb. 17 (AP) — Black-market operators in United States currency and in gold "went underground" less than 24 hours after Chiang Kai-shek announced a drastic revision of China's entire shaky business structure.

"There's already an underground black market," one importer said. "The operators are cautious but will trade with you if they know and trust you."

"One dealer quoted me a rate of 11,500 Chinese dollars for buying and 12,500 for selling one United States dollar (the official rate is now 12,000 to 1) and said he would quote me a rate for gold later in the day," he added.

To Stop U.S. Business

Bruce Smith, chairman of the American Chamber of Commerce here, said the Government's stringent new regulations would "stop American business in China, at least for a while." He added that the measures would make it very difficult for all business.

One stock broker said "the basic economic situation has not been solved." Another financier described the regulations as "not a solution, but a temporary stopgap."

Still another viewed the decrees as "an attempt by the Government to show, both at home and abroad, that it has taken adequate measures. The Government obviously is angling for a half-billion-dollar loan from the United States."

Back To Last August

The Government faces a "Herculean task" in enforcement, financiers said.

"We are right back where we started from last August, when the Government set the official exchange at 3,350 to 1," one bank manager said. "The black-market rate remained at a standstill for a while but soon began to climb. It will do the same thing this time. It should have been set at 18,000 to 1 instead of 12,000 to 1."

"The Government made no mention of stopping its money-printing presses, which are the basis of evil in China's economic conditions," another banker concluded.

Government Change Pledged

Nanking, Feb. 17 (AP)—Chiang Kai-shek's Government, in a desperate fight for national survival, completely revamped China's tottering business structure today and promised to reorganize the Government.

Chiang's decrees:

1. Ordered home all fortunes abroad. (A few Chinese are reported to have foreign investments worth billions; and many have moderate nest eggs.)

2. Provided for Government withdrawal from industry. [It had been moving toward virtual monopoly of heavy industry, but now plans to retain only utilities and defense-essential plants.)

3. Restricted wages and prices to January levels, and prohibited strikes and lockouts.

4. Fixed the official exchange rate at 12,000 Chinese dollars to 1 United States (instead of 3,350 to 1) and banned any use of foreign currency or any trading in gold. (The new rates is about that of current black-market quotations.]

5. Provided for a curtailed Government budget and stricter tax collections, along with an expenditure of $472,590,000 (United States) for importing urgently needed machinery and raw materials.

6. Pledged a campaign against hoarding and speculating, and said "severe penalties" would be imposed for violating any decrees.

Chiang said that although settlement of the Chinese Communist-Government strife has failed, at least temporarily, the Kuomintang (National party) will within a few days organize a new state council with supreme policy-making powers in the interim Government, and with "membership given to the best men of the country irrespective of party affiliations."

A resolution requesting the Supreme National Defense Council to punish Premier Soong for failure to check skyrocketing exchange was adopted today by the People's Political Council resident committee, a member of the committee said.

Bar Agitation, Hodge Tells Koreans

Seoul, Feb. 17 (AP)—Lieut. Gen. John R. Hodge, in a statement released today, urged Koreans to discontinue agitation against Allied trusteeship of their country, which "can only delay establishment of a provisional government for united Korea."

The commander of American occupation forces in Korea, who is en route to Washington for conferences on Korean affairs, declared that the belief of many Koreans that trusteeship means national strangulation and complete subservience to foreign nations is absurd.

"Trying To Aid Nation"

He reiterated that trusteeship means only that the Allies will give assistance to the New Korean nation after a provisional government has been formed.

Hodge added that anti-trusteeship riots last fall may have "somewhat shaken" the confidence of the Allies in the ability of Koreans to maintain law and order.

"Koreans must understand," he said, "that there are persons inside and outside Korea who would welcome disorders so they might aggrandize their personal ends."

5 GIs Admit Fatally Clubbing 5 Japs

Tokyo, Feb. 17 (AP) — United States Far East Air Forces announced tonight that five American soldiers accused of clubbing five Japanese to death and injuring others had signed statements "admitting participation."

The announcement said this word was received from Nagoya headquarters of the 5th Air Force, to which the men were assigned. Court-martial of the men on charges of murder will be held in Tokyo, the announcement added.

The clubbings occurred in Hachioji, 14 miles west of Tokyo, on January 31. The United States airbase at Tachikawa, near Hachioji, listed the Americans as:

Corporal Willard L. Grooms, Seaman, Ohio; Corporal George E. Craig, Winchester, Ohio; Pfc. Rosey W. Harper, Stab, Ky.; Private Edward W. Smith, Savannah, Ga., and Pfc. Carl J. Havalda, Owosso, Mich.

The five were taken into custody ten days after Hachioji's night of violence.

Japanese police said five soldiers had driven in a jeep along rural roads, stopping to beat passers-by with three-foot sticks of firewood. In Hachioji, they smashed furniture and glass in restaurants.

American Flier Killed in Japan

NAGOYA, Japan, Feb. 17 (AP)—Lieut. William George Morgan, 22 years old, of Sharon, Pa., was killed today when he bailed out of his plane at 200 feet after it developed engine trouble. His parachute barely had time to open before he crashed through trees and hit the ground a few miles from Kogushi, on the southern tip of Honshu Island.

Soldiers Test Quickness On the Draw, One Is Killed

HONOLULU, Feb. 17 (AP).—The corporal of the guard at Fort Kamehameha got into an argument with another soldier over which of them was faster on the draw and put it to a test which resulted in the death of Private First Class John B. Watkins, of Newark, N. J., the Army announced today.

A headquarters spokesman said the corporal, not identified, did not know there was a cartridge in the chamber of his service automatic when he pulled the trigger Sunday.

Jap Sentenced in War Deaths.

Yokohama, Feb. 17 (A. P.).—Chogo Hashimoto, civilian foreman at a coal mine, was sentenced by a United States Eighth Army Military court today to fifteen years imprisonment for contributing to the deaths of two Canadian prisoners of war employed under his direction. G. R. MacLaughlin of Hamiota, Man., and Gerald Sneddin of Toronto, died as a result of beatings and forced labor while ill, witnesses testified.

Admiral Cooke Called to Capital

Hongkong, Feb. 17 (A. P.).—Admiral Charles M. Cooke Jr., commander of United States Naval forces in the Western Pacific, was recalled to Washington yesterday while his flagship, the Estes, was visiting Hongkong.

Cooke took off in a four-motored DC-54 but was forced to return shortly afterward, when one of the engines went dead. The Admiral transferred to a Naval courier plane and resumed his trip.

Touring Editors Visit McNutt

MANILA, Feb. 17 (AP).—Nine American editors touring the Orient flew to Baguio today to be guests of American Ambassador Paul V. McNutt. They will inspect Army installations here tomorrow and take off for Guam Wednesday.

Wins Red Cross Contest

Michigan Engineer Stationed on Okinawa Has Prize Essay

MANILA, Feb. 17 (AP).—A civilian engineer stationed on Okinawa, Arne Arntzen, of Escanaba, Mich., today was announced as winner of the American Red Cross "Star Your State" contest, conducted throughout the Far Eastern theater. Arntzen, together with other prize winners in Japan, China and Korea and four Red Cross girls, will be given a de luxe tour of Japan.

The essay which brought the Michigan engineer top prize was based on his plan to develop industry in the Upper Peninsula of Michigan by construction of a canal connecting Lakes Superior and Michigan.

Gen. Merrill in Manila Post

MANILA, Feb. 17 (AP)—Brig. Gen. Frank Merrill, wartime leader of "Merrill's Marauders," has assumed his duties as deputy chief of the American Advisory Military Mission to the Philippines Government. He is serving under Maj. Gen. Albert Jones, who, reliable sources say, plans to return to the United States soon.

COY IS MENTIONED AS M'NUTT SUCCESSOR

MANILA, Feb. 17 — (AP) The Manila press gave prominent mention today to the name of Wayne Coy, visiting executive editor of the Washington Post, as a possible successor to U. S. Ambassador Paul V. McNutt.

Coy, formerly administrative assistant in the U. S. high commissioner's office, visited McNutt at Baguio today with a party of touring editors.

The American ambassador has made no secret of the fact that he will return to Washington after conclusion of an agreement on military bases and submit his resignation to President Truman.

Jews On Strike In Protest Against Deportations

Jerusalem, Feb. 17 (AP) — Hundreds of Jews went on strike for an hour today in protest against the deportation of 800 uncertified immigrants from Haifa to Cyprus.

Traffic was halted for the first ten minutes in most Jewish communities. No incident was reported.

Meanwhile, Jewish lawyers were reported by a usually reliable source to be planning a plea for a writ of habeas corpus in the Palestine High Court to keep the British from sending the immigrants to detention camps on Cyprus.

Transferred For Deportation

The intercepted Jews, numbering nearly 800, were transferred early today from their ship, the San Miguel, to the British deportation vessels, Ocean Vigor and Empire Heywood, in Haifa harbor.

Members of the group said six of the immigrants had been wounded, two by shooting, when British sailors boarded the San Miguel. The Athlit detention camp hospital was reported to have taken in four of the voyagers, including a woman and a girl of 14, to treat bullet wounds.

Official reports said that the boarding party saw two of the Jews jump overboard and fished them out and that four sick passengers were sent to a hospital. Otherwise, said the official version, resistance was slight.

Curfew Ordered

As three British destroyers brought the ship—which the Jews had rechristened the Heruth (Freedom)—to Haifa, a curfew was applied in the city and two brigades of the British 6th Airborne Division moved in to transfer the immigrants to the deportation vessels. The transfer was reported quiet.

The refugee ship was spotted Saturday night 27 miles southwest of Tel Aviv.

Kidnapped Jew Freed

Jaffa district police reported yesterday that kidnappers of Avichael Tanouri, a Jew, had freed him and that the police were questioning him. Two masked young Jews seized Tanouri in a Petah Tikvah cafe Friday night—evidently in a feud between Jewish groups favoring and those opposed to violence against the British.

Irgun Zvai Leumi, underground Jewish army, last night broadcast a warning that there would be a payoff "in British blood" if three young Jews condemned for carrying arms were put to death.

Lieut. Gen. Sir Evelyn Barker confirmed sentences of the three last week before giving up the Palestine army command to Maj. Gen. G. H. A. MacMillan.

An unofficial report was spread that the British would put off executing the three until the case of Dov Bela Gruner, 33, Hungarian Jew, had been disposed of.

JEWS STRIKE IN PALESTINE

Deportation Of 800 Protested By One-Hour Action

Jerusalem, Feb. 17 (AP)—Palestine Jewry staged a one-hour strike today in protest against the deportation of 800 would-be immigrants to Cyprus.

British authorities continued to hunt out suspected terrorists in a tightening of security measures in the Holy Land.

All traffic was halted for the first ten minutes of the strike in most Jewish communities, but there were no incidents in connection with the gesture of protest on behalf of 600,000 Palestine Jews.

The deportation ship Empire Rival left Haifa harbor at 7 A.M. for Cyprus with the immigrants, who sought to enter Palestine without the necessary immigration certificates.

Boy Scout Badly Hurt

British authorities said six persons were detained for questioning today in the screening of 70 hotel residents in the all-Jewish city of Tel Aviv. In Petah Tikvah two teenage Jewish youths were arrested while posting pamphlets of Irgun Zvai Leumi, an underground group urging active resistance against the British mandate government.

A police report said a Jewish Boy Scout was injured seriously last night when he and other scouts attempted to halt Irgun members from placing posters on Tel Aviv walls.

Maj. Gen. G. H. A. MacMillan, new commander of British troops in Palestine, was reported to have visited today with Dr. Chaim Weizmann, former president of the World Zionist Organization, at his home in Rehovoth. The subject of their conversation was not learned.

Dutch Warn U. S. Cargo Ship Of Seizure in Java Exporting

STANLEY SWINTON

ABOARD THE SS MARTIN BEHRMAN OFF CHERIBON, Java, Feb. 17 — (AP) This New Orleans Liberty ship, in the face of repeated Dutch warnings that the United States flag will not protect her from seizure if she attempts to leave East Indies territorial waters, was cramming her holds today with a multi-million-dollar cargo from republican Java.

While the loading continues, a Dutch destroyer, the Kortenaar, bars the lane to the open sea and three Dutch sailors are posted as armed guards on the decks of the American ship.

Serving as Test Case

The Martin Behrman is serving as a test case which holds the commercial spotlight of all southeast Asia.

The issue is whether American and other foreign shippers, by dealing directly with the unrecognized Indonesian republic, can carry to world markets huge stockpiles of sugar, rubber, cinchona and sisal which have been bottled up inside Java by a Dutch naval blockade during the 18 months the Netherlands government and the Indonesians have negotiated a political agreement on independence of the island empire.

The Dutch say:

"No export without our permission. Ours is the internationally recognized jurisdiction here. These products are the property of Dutch estate owners. The revolution prevents their return to their estates. Foreign credits from the stockpiles are needed for the eventual rehabilitation of Indonesia."

Enforcing their view, the Dutch have intercepted 10 small British ships carrying produce from the republican held territories in the past six weeks.

The Indonesian View

The Indonesian contention is:

"The republic is the de facto authority in 98 per cent of Java. The products were grown by Indonesians during the absence of the Europeans. Indonesia needs the credits as badly as the world needs the products, the raw materials of vital industries."

The fate of the Martin Behrman's cargo will depend upon which view prevails.

The Dutch navy permitted the ship to enter this republican-held harbor on Feb. 6 after a search failed to reveal any war equipment or materials aboard. It is allowing the loading to proceed, but has warned the captain of the American vessel that Netherlands East Indies regulations require seizure of products from Dutch or foreign owned estates which are not covered by an export license.

The Dutch say no license has been granted for the cargo being placed aboard the Martin Behrman and that they consider all of it—rubber, chinchona, sugar and sisal—produce of Java estates.

SOUTH AFRICA CROWDS HAIL ROYAL GUESTS

Roaring Welcome Greets British Monarchs At Cape Town

Cape Town, South Africa, Feb. 17 (AP) — The British royal family stepped ashore at Cape Town on a red plush carpet today and received a roaring, friendly welcome from a gay throng of 200,000 whites and blacks who jammed the streets for their first sight of the rulers.

From the moment they left the battleship Vanguard, which had brought them 6,000 miles from England for the history-making visit, the royal party was plunged into a series of gala welcoming parties unprecedented in South Africa.

King George VI, cheered by the multi-colored population at every turn, told the South Africans at a state dinner tonight that they "can show a troubled world how peoples of different race and color may live and work together for the common good."

Confident On Statesmanship

"Like all nations, you have hard problems to solve in the aftermath of war, but statesmanship has not failed you in the past 100 years and I am confident it will guide you steadily toward a just and contented relationship between all dwellers in your many people land," he said.

The King's speech was in response to a welcoming address by Prime Minister Jan Christian Smuts, who said "We are convinced that your visit will serve to strengthen those bonds of goodwill and friendship among the members of your great family—nations of the commonwealth."

"I need not point out that this is an historic event," Smuts added. "It is the first occasion on which the dominion has been honored by a visit of our reigning sovereign."

Given Order Of Merit

Earlier, the King formally decorated Smuts with the Order of Merit, awarded several months ago.

The royal family's first glimpse of Cape Town was the slopes of Signal Hill, where 1,200 school girls dressed in white formed the word "welcome."

Sailors stood at attention as the Vanguard nosed alongside the quay, and an artillery salute boomed out. After a welcoming ceremony aboard the battleship, the party came ashore across the red-carpeted gangway.

In contrast to chill fuel-short Britain, the sun was blazing hot—so hot that numerous persons fainted. Two members of the South African naval guard of honor collapsed on the quay just before their outfit was reviewed by the King.

Sends Message Of Sympathy

The ruler, mindful of the situation at home, sent a message to Britain of "sympathy . . . with the people and an earnest hope for an early alleviation of the hardships."

The streets were jammed from the curbs to the tops of telegraph poles and roofs, as the party rode slowly in new automobiles along a three-mile route from the pier to Government House.

The cheering people waved British and South African flags, and the royal family smiled and nodded.

The King was in a white naval uniform; the Queen wore her favorite blue, topped with an ostrich-feather hat and a parasol; Princess Elizabeth wore beige crepe and Princess Margaret light pink.

Lines Of Ex-Service Men

The King seemed especially touched when the motorcade passed through lines of ex-service men—some of them greybeards—standing at attention.

The princesses, traveling abroad for the first time, seemed amazed at everything—from the strikingly beautiful mountains in the background to the tree-lined streets and exotic flowers.

The royal family relaxed briefly at Government House, and then received legislators, who presented a joint parliamentary address approved unanimously a few weeks ago. The King, Queen and princesses lunched privately with Governor General and Mrs. Gideon Van Zyl.

The party will leave by train Friday for a 10,000-mile tour of South Africa, youngest British dominion.

Cape Town Hails Royal Guests

Cape Town, South Africa, Feb. 17 (AP)—A joyous multitude of 200,000 packed Cape Town streets today and toared a friendly welcome to King George VI, Queen Elizabeth and their daughters. It was the youngest dominion's first sight of a British royal family.

The royal party stepped ashore into the sweltering South African heat from the battleship Vanguard after a 6,000-mile cruise from frigid, coal-shy England. Blacks and whites cheered and waved South African and British flags.

Queen Carries Parasol

The family rode in motor cars from the docks to Government House, evincing interest in everything along the 3-mile route.

The Queen was the most animated in the party. She was dressed in her favored blue, with fluttering ostrich feathers in her hat and a small parasol protecting her from the sultry sun.

King George wore a white naval uniform. He was responsive to every show of good will and seemed touched as his limousine passed slowly by long lines of former service men, some of them gray beards, standing at attention.

Many In Crowds Faint

Princesses Elizabeth and Margaret Rose were on their first trip abroad and appeared to find novelty and stimulation in all they saw. The pageant was unrivaled in South African history.

The procession started a half hour ahead of schedule because the King expressed a wish that the crowds be kept waiting in the sun no longer than necessary. Many in the crowds fainted and even before the King inspected a naval honor guard at the Quayside, two of its members collapsed.

At Government House, the royal family relaxed briefly and then received legislators, who presented a joint parliamentary address.

Train Trip To Start Friday

The royal family then lunched with Governor General and Mrs. Gideon Van Zyl.

The royal family will leave on a new train Friday for a 10,000-mile tour of the dominion.

Thousands lined the shores to greet the vanguard.

As the giant battleship slipped into her berth, crewmen stood at attention. It was the royal family's first view of Cape Town.

1,200 Girls Signal "Welcome"

On the slopes of signal hill 1,200 schoolgirls dressed in white formed the word "welcome." Thousands watched from mountain roads, building tops and even from the tops of flag poles.

The Vanguard was escorted to her mooring by three South African frigates and six venturas of the South African Airforce.

Limited Jap Foreign Trade Expected Soon

Tokyo, Feb. 17 (AP)—Limited private trading between foreign and Japanese business men will be possible within a short time.

Frank Pickelle, of Chicago, deputy chief of the foreign trade division, said he could not specify the date such trading would begin but indicated commercial transactions might be possible by next summer.

Msgr. Ligutti Urges U.S. Ship D. P.s to Australia

SYDNEY, Feb. 17 (AP).—Monsignor Luigi G. Ligutti of Des Moines, Iowa, executive secretary of the National Catholic Rural Life Conference, urged today that the United States loan Liberty ships to transport displaced persons from American occupation zones in Europe to Australia and New Zealand.

Monsignor Ligutti, who has been making a study of rural conditions in Australia and New Zealand for the last month, said he was convinced both countries would welcome immigrants in large numbers and could readily absorb them. He expressed belief that the United States should help in breaking a shipping bottleneck that precludes mass immigration.

"It would be in the interests of the United States to do this, for the American taxpayer is now paying a dollar a head to keep 800,000 displaced persons in Europe alive," said the Monsignor.

He added that success of the scheme would be assured, since these dominions have adequate plans for the absorption of immigrants.

Monsignor Ligutti asserted that Australia and New Zealand with their great undeveloped natural resources would have to populate or perish. He declared the governments of the two countries were fully aware of the need for an expansive immigration policy in the interests of national prosperity and national security.

Egypt to Appeal to U. N. For Control Over Sudan

CAIRO, Feb. 17 (AP).—Premier Mahmoud Fahmy Nokrashy Pasha said today Egypt would ask the United Nations Security Council for immediate removal of British forces from the Sudan as well as from Egypt.

He spoke during a debate in the Egyptian Senate. The Senate defeated an opposition resolution calling for abandonment of negotiations with Great Britain over the Egyptian case, an appeal to the U. N. for evacuation of British troops and a declaration that the 1936 British-Egyptian treaty and the 1889 convention giving Britain and Egypt an equal share in rule over the Sudan were null and void.

Nokrashy Pasha, who opposed the resolution, said he already had "definitely broken off negotiations with Britain and that the government would take its case to the Security Council."

Viet-Nam Radio Defies Ramadier

Saigon, Indo-China, Feb. 16 [AP—*Delayed*]—The Viet Nam radio declared today that "if the agreement of last March 6 is to be considered void by France, we renounce any integration into the French union and will fight for absolute independence."

The statement was an answer to French Premier Paul Ramadier, who told a news conference last week that Viet Namese aggressions had nullified the force of the March 6 agreement reached in Paris.

Republic Recognized

That agreement recognized the Viet-Nam Republic as "a free state within the Indo-Chinese Federation and French Union." Subsequent to its signing, French and Viet-Namese quarreled over details of the setup. Their forces became embroiled in hostilities last December 19.

Military authorities announced here today that stories submitted by correspondent would be examined immediately in the correspondents' presence. They said censors would not permit stories of losses and orders of battle to be sent.

Chile to Seek Italian Workers

SANTIAGO, Chile, Feb. 17 (AP).—The Chilean government is sending an envoy to Rome to investigate the possibilities of recruiting Italian emigrants skilled in agriculture and industry, it was announced today. The new Chilean Minister to Czechoslovakia, Luis Feliu Hurtado, will visit Rome for that purpose while en route to Prague from his former post at Lisbon.

Washington and Ottawa Trading Army Officers

OTTAWA, Feb. 17 (AP).—Twelve American Army officers will be temporarily attached to Army Headquarters at Ottawa and fourteen Canadian officers will be similarly attached to United States Army Headquarters at Washington, it was announced tonight. This interchange of military per-

sonnel was the first under the peace-time defense collaboration between the two countries.

Defense Minister Brooke Claxton said in a statement that the American officers now "are beginning to arrive from Washington to take up their new duties here" and some Canadians already have been attached to American formations at Washington.

He said the American group numbered six lieutenant colonels, five majors and one captain, but did not further identify them. The Americans are being attached for duty to the General Staff branch, the Adjutant General's branch, Quartermaster General's branch, the branch of the Master General of Ordnance and the Directorate of Defense Research.

REPLY SENT TO PROTEST ON ACHESON

Marshall Acts Amid Demands For Firmer Stand On Russia

Washington, Feb. 17 (AP)—Amid a flurry of congressional criticism of Russia, the United States replied today to a Moscow protest that Dean Acheson, Under Secretary of State, slandered the Soviets by calling them "aggressive."

The State Department announced that Secretary Marshall had replied to the protest which Vyacheslav M. Molotov, Foreign Minister, filed with Ambassador Walter Bedell Smith. No indication of the tenor of the American response was given but the Department said the communication will be made public after delivery. That usually takes a couple of days.

Charged Hostile Attitude

Molotov was quoted by the Moscow radio Saturday as complaining that Acheson had shown a "hostile attitude" and indulged in "gross slander" in testimony before the Senate Atomic Energy Committee.

He objected especially to an Acheson remark that Soviet diplomatic policy is "aggressive and expanding."

That was the Under Secretary's language as shown in the committee transcript, but Moscow had quoted him as saying "expansionist" rather than "expanding."

Representative Celler (D., N.Y.) told the House that the Russian protest should be "thrown in the wastebasket," and asserted that Acheson's description of Soviet policy was "eminently sound."

Rankin Sounds Demand

Representative Rankin (D., Miss.), in another House speech, demanded that United States diplomats stop "licking the boots of Joe Stalin."

Rankin took the floor after Representative Keating (R., N.Y.) had protested the Russian limitation on the number of news correspondents permitted to cover the Moscow conference of Big Four foreign ministers starting March 10. Keating said this country should insist that the meeting be held elsewhere unless Russia lets more newsmen in. The limit—imposed by Russia on the ground of a housing shortage—stands now at twenty reporters.

Calls For U.S. Ideals

Senator Wayland Brooks (R., Ill.) told the Senate that Secretary Marshall and Ambassador Smith "must stand steadfast for the American ideals and stop the eternal appeasement of the enemies of the liberties we hold so dear."

Brooks pointed his address specifically at the situation in Lithuania and other Baltic States. He said they had been denied freedom and independence through "appeasement of Russia" at international conferences.

The Illinois Senator said the late President Roosevelt had gambled that Russia needed peace badly enough to pay for it through collaboration with the west, adding:

"From all the evidence apparent now he lost and humanity lost and civilization will pay dearly for years to come."

MARSHALL REPLIES TO SOVIET PROTEST

Washington, Feb. 17 (A. P.).—The State Department announced today that Secretary Marshall has sent to Moscow a reply to Soviet Russia's protest against what it termed a "hostile attitude" shown by Under-Secretary Dean Acheson.

Michael J. McDermott, department press officer, said the reply would be made public when delivered by Ambassador Bedell Smith. He declined to indicate its tenor.

In Congress, meanwhile, demands were voiced for a firmer attitude toward Russia and Representative Celler (D.-N. Y.) told the House that Russia's protest "should be thrown in the wastebasket."

The protest was announced Saturday night by the Moscow radio. It was made by Foreign Minister Molotov on the basis of testimony given by Acheson at a hearing last week on the nomination of David Lilienthal to be chairman of the Atomic Energy Commission. Acheson was quoted by the Russian radio as saying that Russia's foreign policy was "aggressive and expansionist." A transcript of the testimony recorded his phrase as "aggressive and expanding" rather than "expansionist."

Marshall Faces Quiz On Russ Relations

Washington, Feb. 17 (AP)—Secretary of State Marshall drew advance notice today that Russian-American relations will be up for critical review when he pays his second visit in a week to Capitol Hill tomorrow.

Representative Mundt (R., S.D.) said he will ask for assurances that Marshall will demand a "policy of realism and reciprocity" with the Soviet Union when the Big Four Foreign Ministers get together in Moscow next month.

"It's time this friendship stopped working just one way," said Mundt, a member of the House Foreign Affairs Committee, which summoned the Cabinet officer to a closed-door session.

Before Senate Group Last Week

Marshall last Friday appeared before the Senate Foreign Relations Committee and reported later that he had advised the lawmakers that "the world is in a very critical condition" politically.

A high congressional official who keeps in close touch with the Administration said Marshall will caution the House members against dulling the adge of American diplomacy by chipping away at the nation's armed forces.

This Democratic lieutenant said the Secretary also will stress that he is "gravely concerned" lest lack of funds for relief abroad and foreign commitments drive additional millions "into the arms of Communism."

Reciprocity Demands

Mundt, backing up his demond for greater reciprocity from Russia, said:

"Take the question of visas, for example. We've issued over 3,500 for Russians to come into this country, as compared to 250 issued by the Russians for admission of Americans over there."

The South Dakotan said he will direct Marshall's attention, too, to the contrast between circulation of the State Department's Russian-language publication *America* in the Soviet Union, and the distribution here of the weekly U.S.S.R. *Bulletin*.

Silent On Distribution

The Kremlin has put a top circulation of 50,000 on the American monthly, "but has refused to tell us where they are going or who is getting them," Mundt asserted. "For all I know, they may be dumping them into the Volga."

The Soviet *Bulletin*, on the other hand, he said, is distributed here to anyone who wants a copy, with no restrictions on its contents. "Why," Mundt added, "we even pay part of the cost of this propaganda by allowing it to go through the subsidized second-class mail."

State Department Promises Factual Unbiased News of the World.

Washington, Feb. 17 (A. P.).—The United States—addressing the Russian people by radio in their own language—said today that "full harmony exists in this country between the Federal Government and the forty-eight States.

The first broadcast beamed to Soviet Union by the State Department's "Voice of America" short wave station presented a 2,000 word dissertation on "State's Rights" and a summary of world news, interspersed with such tunes as "Turkey in the Straw" and "Git Along Little Dogie."

The program marks this country's initial effort to hurdle Russia's "iron curtain" by means of radio.

A translation of the script for the hour - long program was released by the State Department. It led off with an introductory statement quoting Secretary of State Marshall as saying that the United States will "attempt to give the peoples of the world the pure and unadulterated truth."

In the review of this country's political structure, the Russians were told: "American States are not artificial territorial factions established for administrative expediency. They are healthy organisms created by historical forces.

"They will never give up their status of fully equal members of the union, and there never will be such a necessity, inasmuch as at the present time full harmony exists between State's rights and the expanded functions of the Federal Government."

The Russians also received a brief report on such recent American scientific developments as a new cure for hay fever and a method of constructing highly sensitive photo electric elements.

The program went on the air at 1 P. M., Eastern Standard Time, 9 P. M., in Moscow.

Mundt Demands Reciprocity.

Meanwhile, Secretary of State Marshall got an advance notice from Representative Mundt (R.-S. D.) that he will be asked for assurances that he will demand "a policy of realism and reciprocity, "with Russia at the Big Four Foreign Ministers' meeting in Moscow when the Secretary faces the House Foreign Affairs Committee tomorrow.

Programs of much the same nature are planned for the same hour, seven days a week. Later the time may be extended.

Originating in the New York studios of the State Department's international broadcasting division, they will be relayed to the Moscow-Leningrad area by way of three new transmitters set up at Munich.

Moscow has not indicated what the Soviet Government thinks of the new enterprise, but Secretary Marshall has made it clear that he deems it of top importance in view of the current state of Soviet-American relations.

How many Russians can and will tune in is problematical. Only about 500,000 radio receiving sets are thought to be in all of Russia now, but the latest five-year plan calls for producing almost a million new ones by 1950.

Until now American efforts to break down Russian barriers to the flow of information about this country have been limited chiefly to distribution of about 50,000 copies monthly of the magazine America, with articles and pictures about life in the United States.

Mundt Expresses Views.

In his warning to Marshall that American relations will be up for critical review when he pays his second visit in a week to Capitol Hill tomorrow, Mundt told reporters: "It's time this friendship stopped working just one way."

The House Foreign Affairs Committee has summoned the Cabinet officer to a closed session. Marshall last Friday appeared before the Senate Foreign Relations Committee and reported to reporters later that he had advised the lawmakers that "the world is in a very critical condition" politically.

A high congressional official who keeps in close touch with the administration said that Marshall will caution the House members tomorrow against dulling the edge of American diplomacy by chipping away at the nation's armed forces. This Democrat said that the Secretary also will stress that he is "gravely concerned" lest lack of funds for relief abroad and foreign commitments drive additional millions into the arms of Communism.

WASHINGTON, Feb. 17 (AP)—The State Department beamed its first Russian language official news broadcast on Moscow and Leningrad today with only a dim idea of how many listened.

Those who did tune in received a carefully rehearsed one-hour program. It included a news summary, more or less typical American music such as the "Battle Hymn of the Republic" and "Turkey in the Straw" and a 2,000 word report on how the American union functions with 48 state administrations as well as the federal government.

Talk on Science

The was a brife talk also on recent scientific advances in the United States, which made no mention whatever of the atomic bomb.

Aimed at giving Russians "factual, unbiased news" of the world and the United States, other such programs are to follow daily by shortwave at the same time—1 p.m. EST. It is 9 p.m. then in Moscow.

Eventually officials hope the broadcast will build up a following in Russia as they have in other countries to which such programs already are being transmitted in 24 other languages.

At the outset, however, they have no way of finding out whether the number of listeners was substantial and would be satisfied with assurances that a few thousand tuned in.

Receiving sets in the Soviet Union have been estimated from 80,000 to 500,000. Only part are equipped for short wave. All shortwave sets were rounded up by the government in wartime to prevent listening to Axis radio, but are reported to have since been returned.

RED LISTENERS CRITICAL OF FIRST U.S. BROADCAST

MOSCOW, Feb. 17. — (AP) The United States State Department's first official Russian language radio broadcast was heard, along with considerable static, in Moscow tonight, occasionally was mixed up with European broadcasts and received various notices from the Russians who heard it.

Atmospherically, the night was bad and all shortwave broadcast reception was poor. Also the one hour program, beamed by shortwave from the United States, was blanked out frequently by other stations, particularly one French and one Russian transmitter.

However, three groups of Russians who heard the broadcast in different parts of the city considered the program carefully and stated their opinions to an American correspondent.

Some of the Russians thought the program was too highbrow, while others said the announcers sounded amateurish and put too much effort into their voice inflections.

"The announcers sounded too like intelligent people who speak Russian perfectly, but people who are very conscious that they are speaking over the radio," one listener declared.

3o 24-7963

However, a number of the Soviet citizens who tuned in said the program generally was interesting.

DURANT SIGNED HIS DISCHARGE, COURT IS TOLD

Testimony Takes Bizarre Turn In Hesse Crown Jewels Theft Trial

1947

Washington, Feb. 17 (AP) — The Hesse crown-jewels theft trial took a bizarre turn today with testimony before a military court that the defendant, Col. Jack W. Durant, signed his own separation papers from the Army.

Durant, an Air Forces officer, formerly worked in AAF headquarters here before going to Europe, where he is accused of stealing the $1,500,000 Hesse jewels. However, no explanation showed up in the evidence as to how he was able, on returning to this country, to sign his own discharge.

Signature Initialed "J. W. D."

Col. Charles Maylin, former executive officer for AAF personnel, testified that while he was in the hospital someone signed his name to Durant's discharge papers. He said the signature was initialed "By J.W.D.," Durant's initials. Colonel Maylin, who knew Durant before he went to Europe and had worked with him, identified the initialing as having been made by Colonel Durant himself.

Maylin further testified that "no one was authorized to sign my name to anything" while he was in the hospital.

Another colonel, named Barlow, was signing discharges in his absence, Maylin said.

The separation papers bearing Durant's initials went through military channels, Colonel Maylin testified, and Colonel Durant was placed on terminal leave May 17, 1946, the day after the papers had been dated. However, the terminal leave was canceled abruptly a short time later, and Durant was ordered back to active duty to face the gem-theft charges.

Package For "Lady Friend"

Durant is charged with taking the jewels from the historic Kronberg Castle in Germany. His wife, former WAC Captain Kathleen Nash and an army major already have been convicted and sentenced for conspiracy in separate trials.

Another witness today testified that Colonel Durant tried without success at one point to send a package to a "lady friend" from Germany to the United States in an official AAF mail pouch. Earlier, it was testified Durant mailed a package of gems to himself in the United States without declaring them for customs duty.

The day's final witness, Lieut. Col. Ralph W. Pierce, chief of the criminal investigation branch of the Army's Provost marshal general's office, testifiel how army agents quizzed Colonel Durant in Chicago last June when he led the investigators to a shoebox full of jewels at the Illinois Central Railroad depot there.

Luten, now an official of the National Archives here, testified that Durant, during their acquaintance in Europe, asked him to let him put the package in the official pouch. He said he rejected the request.

United States customs officials have testified that Durant while in Germany mailed gems addressed to himself in the United States without declaring them for customs duty charges.

Luten, was formerly deputy chief of the Army Air Forces personnel in Europe.

An earlier witness, Miguel Carrasco, testified that James E. Durant of Falls Church, Va., tried last spring to arrange a trade of some diamonds possessed by his brother for an automobile.

Carrasco is a former grocer at Falls Church where James E. Durant is a town councilman.

Surprise Sprung in Durant Trial

Witness Testifies Accused Colonel Signed His Own Discharge Papers.

1947

Washington, Feb. 17 (A. P.).—Testimony that Col. Jack W. Durant signed his own discharge from the Army came out today during his military trial for theft of the Hesse crown jewels.

Col. Charles Malin, former executive officer for Army Air Forces personnel, testified that his name was signed to Durant's discharge papers and initialed "by J. W. D." Durant's initials.

The paper was signed on May 16, 1946, Col. Malin testified. He said that he was in a hospital at the time and that "no one was authorized to sign by name to anything." Another Army colonel named Barlow, he explained, had taken his place and was authorized to sign discharge papers with the name Barlow.

Reporters asked Major Joseph Robinson, chief prosecutor, whether Durant had been successful in getting out of the Army through the papers on which Col. Malin's signature and Durant's initials were placed.

"Sure it worked," Robinson replied, "but Col. Durant was brought back in. This will come out later."

Ralph W. Luten, a former Army officer, told the court that Col. Durant had tried unsuccessfully to send a package "for a lady friend" in an official Army mail pouch.

Truman Sends Romania Huge Food Shipment

Orders Distribution, With No Politics, to 500,000 Starving in the North

WASHINGTON, Feb. 17 (AP).—President Truman acted today to supply huge shipments of American food to Romania's northern province o. Moldavia, where 500,000 are reported starving. The President laid down the condition that the food not be used for political purposes.

He directed that 7,000 tons of food now en route to the United States Army overseas be diverted to Constanza, Romanian port, and asked the American Red Cross to supervise its distribution by the Romanion Red Cross "without charge and with guarantees against discrimination on political, racial, religious or social grounds."

He also announced that "urgent attention" is being given to permitting Romania to buy an unspecified amount of American grain, "despite the magnitude of world demands on existing stocks," on three conditions:

1. That Romania will use none of it to pay reparations.
2. That Romania will not export it for trade or any other purposes.
3. That American representatives will be free to supervise its distribution "in such manner as they see fit." This distribution, the Presidential statement said, also is to be "without racial, religious or social discrimination."

The Army food being diverted to Romania is already at sea, and Mr. Truman said it should reach Constanza within ten days. It consists of 4,500 tons of "ten-in-one" rations and 2,500 tons of beans. The "ten-in-one" rations include meat, cheese, crackers, cereal and other food, as well as cigarettes and candy. They are so called because each set of packages is designed to provide one day's breakfast, dinner and supper for ten men.

"I have just been informed by American officials in Romania that 500,000 people are now starving in Moldavia, the northern province of Romania," Mr. Truman said. "Thousands have already died, hundreds are dying daily and conditions are steadily worsening.

"I have taken this action on humanitarian grounds. It is the tradition of the American people to take all possible steps to alleviate the present suffering of the people of Romania, no matter what may be the cause of the dire emergency in which these people now find themselves."

Truman Plane to Fly Emir Saud to London

WASHINGTON, Feb. 17 (AP).—Emir Saud, Crown Prince of Saudi Arabia, is scheduled to leave here Wednesday for London in President Truman's personal airplane, the Sacred Cow, to climax a three-week tour of the United States.

The White House said today that President Truman had offered the plane to the Crown Prince for part of the return trip home, and that the offer had been accepted.

Eben Ayers, Assistant White House Press Secretary, explained that the War Department makes the plane available for the President's use and that the President has authority to lend it to the visiting Prince.

SENATOR BARKLEY BACKS LILIENTHAL

McMahon Says Atomic Board Nominee's Prospects Have Taken Upswing.

1947

WASHINGTON, Feb. 17 — (AP) Senate Democratic Leader Barkley (Kentucky) announced today he is supporting David E. Lilienthal for confirmation as chairman of the Atomic Energy Commission.

At the same time, Senator Brien McMahon (D-Conn), former chairman of the Senate Atomic Energy Committee, expressed the belief that Lilienthal's prospects have taken an up-swing after hitting a low last week. A third Democratic strategist said the situation looks better for the nominee than before the week-end.

However, Senator McKellar (D-Tenn), outspoken opponent of Lilienthal throughout the latter's service on the Tennessee Valley Authority board, told a reporter he is convinced he has the nomination blocked.

Red Issue Argued

The nine-man senate committee digging into Lilienthal's qualifications held both morning and afternoon sessions. It ranged over a field which ran from talk by McKellar of the possibility of a five-man world dictatorship by the atomic commission, to whether an often-discussed letter telling of Communistic activities in the TVA ever existed.

Robert E. Barker, one-time investigator for the old Dies Committee of the House, said he and a city detective found such a letter in the files of Communist party headquarters in Birmingham, Ala., and had photographic copies made of it.

Robert Stripling, who was employed by bothe the Dies committee and its successor, the standing House Committee on UnAmerican Activities, testified earlier that he never had seen the alleged original of the letter or even photographic copies of it.

Both Praise, Criticism

Earlier in the afternoon session, Lilienthal came in for both praise and criticism.

The Rev. Thomas E. O'Connell of Richmond told of the award of a scroll to Lilienthal by the Catholic committee of the south. The priest said Lilienthal's philosophy of life and government are "in complete accord" with American ideals.

On the other side, Frank M. Farris, president of the Third National Bank at Nashville, declared that Lilienthal is "not the sort of a man who could best serve the interests of the United States" in the atomic post.

"Such feeling," he said, "is based primarily on Mr. Lilienthal's general reputation for contentiousness and arbitrariness in his administration of the TVA, on the record of the TVA as a harbor for Communists and Communist sympathizers and as an agency that tends to ride roughshod over local sentiment of the peoples brought under its control."

Chester I. Barnard, president of the New Jersey Bell Telephone company and a member of the Secretary of State's advisory board on international control of atomic energy, described Lilienthal during the morning session as "a man of great ability in certain directions," whose honesty was not open to question.

He said Lilienthal told him one time that "if it requires a totalitarian regime to control the atomic bomb I hope one falls on me and my family."

POLL OF SENATORS ON LILIENTHAL

1947

Washington, Feb. 17 (A. P.).—Here is how Senators willing to state their position publicly have lined up on the question of confirming David E. Lilienthal as chairman of the Atomic Control Commission:

For confirmation, 10.

Republicans—Aiken, Vermont; Morse, Oregon; Tobey, New Hampshire.

Democrats—Hatch, New Mexico; Hill, Alabama; Kilgore, West Virginia; Ellender, Louisiana; Myers, Pennsylvania; McMahon, Connecticut; Sparkman, Alabama.

Against confirmation 13.

Republicans—Bridges, New Hampshire; Brooks, Illinois; Brewster and White, Maine; Bushfield, South Dakota; Kem, Missouri; Moore, Oklahoma; Wherry, Nebraska; Flanders, Vermont.

Democrats—O'Daniel, Texas; Overton, Louisiana; McKellar, Tennessee; Stewart, Tennessee.

Republican leaders say these twelve party members still are on the fence and may cast the deciding votes: Donnell, Missouri; Wiley, Wisconsin; Gurney, South Dakota; Smith, New Jersey; Dworshak, Idaho; Flanders, Vermont; Millikin, Colorado; Baldwin, Connecticut; Ball, Minnesota; Cordon, Oregon; Revercomb, West Virginia, and Young, North Dakota.

SENATE VOTES TO RETAIN HIGH EXCISE TAXES

1947

Knutson Sees His 20 Percent Income Levy Slash Plan Imperiled.

CITES ECONOMY NEED

Democrats Accuse GOP of Seeking to 'Gag' House in Budget Fight.

WASHINGTON, Feb. 17 — (AP) A "hold everything" order today forced the postponement of House legislation to cut income taxes, even as the Senate voted to keep in effect the high wartime tax rates on luxuries, travel and telephone bills.

In announcing the order, Chairman Knutson (R.-Minn.) of the House Ways and Means Committee told reporters that if Congress fails to slash $6,000,000,000 from President Truman's $37,500,000,000 budget, "it will kill any idea of a 20 per cent (income) tax cut."

Knutson declined to estimate when he may set income tax hear-

ings to begin, saying only the matter must wait until the budget issue is settled.

Tax Cut Uncertain

With the Senate apparently ready to hold the budget cutting to $4,500,000,000—to avoid slashes for the Army and Navy—Knutson said that if the lower cut prevails "the tax reduction this year certainly will be something less than 20 per cent."

The ways and means committee, with no end of the budget battle yet in sight, announced he had called off hearings set to begin Wednesday on his House Bill No. 1 calling for a 20 per cent "across the board" tax reduction.

The Senate decision to retain wartime excise rates, on whiskey, beer, fur coats, lipsticks, luggage, admissions, passenger fares, etc., was on a simple voice vote. The House had likewise voted to retain them, but because of differences of wording, the Senate and House versions will have to be adjusted in conference.

Knutson emphasized that postponement of income tax legislation would not upset his plan to apply retroactively to Jan. 1 whatever cut is voted. On this point he differs with Senate Republican Leader Taft, of Ohio, who insists that tax reductions not become effective before July 1.

These were the principal developments in a day during which the budget battle broke out all over Capitol Hill:

Democrats Cry "Gag"

Democrats accused Republicans of seeking to "gag" the House by preventing any member from offering an amendment to the $6,000,000,000 budget slashing resolution when it is brought to the floor on Thursday for a vote.

Rep. Keefe (R.-Wis.) shouted that Democrats are "throwing up a political smokescreen" to prevent economy, in their contentions that the military security of the nation would be jeopardized if Army and Navy appropriations are cut.

The Senate Republican policy committee called for a conference of G.O.P. senators tomorrow for an expression on whether they favor a $6,000,000,000 or a $4,500,000,000 slash in Mr. Truman's budget.

Chairman Bridges (R.-N. H.) of the Senate Appropriations committee, whose resolution to cut by $6,000,000,000 was approved by the Senate-House budgetary committee, told reporters "it looks like the Senate may decline to go along with that figure."

The budget committee's recommendation is subject to House and Senate ratification. While the Senate appeared to favor a smaller cut, leaders say the House is virtually certain to approve the $6,000,000,000 figure.

Bridges said the squabble may end up in a compromise budget cut of around $5,000,000,000.

HOUSE GROUP CUTS TRUMAN REQUEST FOR VA, OPA FUNDS

Vets' Administration Criticized but Review of Needs Is Promised.

SLASH IS 56 P. C.

Committee Recommends Liquidation of CPA by June 30.

WASHINGTON, Feb. 17. — (AP) The House Appropriations Committee cut President Truman's requests by 56 per cent today in the first appropriations bill sent to the House floor since Republicans won control of Congress.

The Veterans Administration was the chief target, but the cut recommended for it is only tentative.

Of a total reduction of $176,186,600 in an overall deficiency measure approved by the Appropriations committee for House action tomorrow, $175,683,500 was applied to the Veterans Administration.

To Review VA Needs

But the committee coupled with the proposed cut and with criticism of VA practices a promise to review the agency's needs in detail later and provide additional funds as required. It said the amount recommended, $136,200,000, would tide the VA over until the end of March.

An OPA reduction was ordered in the form of a recommendation that $9,000,000 of funds already provided for that agency for the fiscal year ending next June 30 be cancelled. This was on the assumption that economical operation would permit OPA to liquidate its activities in June. The OPA had indicated it would need about $6,000,000 more.

The combination appropriation-cutback measure carried a total of $139,360,000 in new funds for the balance of this fiscal year—a 56 per cent reduction from President Truman's requests for $315,546,600. The committee urged that $706,148,579 in money already made available be cancelled. The president had recommended cancellations of $695,888,579.

The bill has no effect on the president's budget for the year starting next July 1, since it deals only with current year operations. Appropriations recommended are to make up the difference between original estimates as to needs and what was later found to be necessary.

The committee also recommended that the Civilian Production Administration be liquidated by June 30 instead of December 31 and approved a two-months extension of life—until June 30—for the Office of Defense Transportation.

ODT Faces Problems

The ODT, the committee explained, is confronted with unexpected problems due to the boxcar shortage. (The committee said this resulted largely from failure of the war assets administration to make surplus steel available for use.)

In explanation of its action toward the Veterans Administration, which had requested $307,258,000 to supplement its original allotment of $553,805,915 for this year, the committee said:

"Existing conditions in the Veterans Administration require very careful hearings and exhaustive study before the appropriation of the amount proposed. The committee recognizes the fact that the laws providing for veterans' care and rehabilitation must be carried out and is anxious to make every provision necessary to meet all requirements.

"However, the committee is not at all satisfied that the Veterans Administration is taking proper precautions to conserve the government's funds in the cost of administration and desires to secure full information on this point."

DECISION ON LEWIS OFF TILL MARCH 3

Washington, Feb. 17 (A. P.).—A Supreme Court decision in the Government's contempt action against John L. Lewis and the United Mine Workers today was delayed until at least March 3, the court's next opinion day.

The Lewis case was not among those decided by the justices today and a two-week recess intervenes before the next opinion Monday.

Votes Exemption Of Gift of U. N. Site

Washington, Feb. 17 (A. P.).—The House passed today legislation exempting John D. Rockefeller from paying taxes on his gift of a site for United Nations headquarters in New York city.

The value of the property has been estimated at $8,500,000, on which the normal gift tax would be about $3,000,000. The legislation now goes to the Senate.

A-Bomb of Future May Be 1,000 Times More Deadly, Expert Warns

CHICAGO, Feb. 17. — (AP) Future atomic bombs may be 1,000 times more powerful than those used on Japan and may devastate 400 square miles "at a single blow," Edward Teller, a leading atomic scientist, said tonight.

And an enemy releasing them off the Pacific coast, he added, could endanger the entire United States by their radioactivity without delivering a single bomb into American territory.

Teller, University of Chicago physics professor who worked on the atomic bomb, outlined the possibilities in an article in the new "Bulletin of the Atomic Scientists," monthly publication of the scientific group.

Terrific Power Cited

"It has been repeatedly stated that future bombs may easily surpass those used in the last war by a factor of a thousand," Teller wrote. "I share this belief.

"One consequence of such bigger bombs would be that instead of three or four square miles, three or four hundred square miles might be devastated at a single blow. But such bigger bombs may prove to be even more dangerous in an indirect way.

"The radioactivity produced by the Bikini bombs was detected within about one week in the United States. In the meantime the westerly winds had swept the air mass from Bikini to this country. The activity when it reached our shores was weak, completely harmless, but still detectable. The same activity, if present even in many thousand times as great amounts, would not impair living organisms.

"But there is a threshold beyond which radioactivity has lethal effects. This threshold is somewhat different for humans, and for various kinds of animal and plant life. Sufficiently strong radioactivity will kill all living tissue.

Radioactivity Peril

"If the activity liberated at Bikini were multiplied by a factor of 100,000 or 1,000,000, and if it were to be released off our Pacific coast, the whole of the United States would be endangered.

"That the enormous amounts of activity just mentioned can in actuality be released at some future date is by no means an established fact; but it is much more than a fantastic possibility. If such great quantities of activity should become available, an enemy could make life hard or even impossible for us without delivering a single bomb into our territory."

There are possible defenses for present atom bombs, he said in the article, but these defenses, such as dispersion, would require enormous effort which would profoundly change our economic and social lives. If these defenses were adopted, he said, a few thousand Hiroshima type atom bombs would kill presumably not more than one per cent of Americans. And the United States might survive heavy bombardment and win the war.

"The advance of the radioactive air mass," he wrote, "can easily be followed and some counter-measures taken. Gas masks may be useful but will probably not be sufficient. Shelters provided with a careful system of air filters will probably answer the purpose better. But what fraction of our population can we provide with such elaborate protection? And in what shape will we find our flora and fauna on which we depend for our livelihood—when we emerge from the shelters?

SMYTH DISCLOSURE AMAZED SAVANTS

Chicago Atomic Scientists Say They Were 'Dumfounded' at Report—Writer Defends It

CHICAGO, Feb. 17 (AP)—American scientists were "dumfounded" by the publication of industrial aspects of the atomic bomb project in the Army-approved Smyth Report in 1945, the Bulletin of the Atomic Scientists asserted today.

Denying charges that scientists had urged release of the report, the Bulletin said editorially that disclosures that the fissionable material plutonium could be fabricated in large plants "was in no way urgent and an invitation to engineers abroad to try and duplicate the processes which they know can be successful."

Bernard M. Baruch testified before the Senate Atomic Committee last week that American scientists "lambasted" the Army into releasing the report prepared by Prof. Henry De Wolf Smyth on atomic energy work in the United States. David E. Lilienthal, nominated for chairman of the United States Atomic Energy Commission, called the Smyth report "the biggest breach of security since the beginning of the [atomic bomb] project."

Calls Baruch View Ridiculous

The Bulletin, official publication of the Atom Scientists of Chicago, Inc., which represents many of the nation's top scientists who isolated the bomb-making materials, called Mr. Baruch's statement "ridiculous."

"The firms which have participated in the immense enterprise may have had an understandable desire to publicize their achievement, and the Manhattan District was anxious to show what it did with two billion dollars; but the scientists were and are indifferent to the revelation of technoligical aspects of the production of fissionable materials and manufacture of bombs," the Bulletin said.

It added, however, that the scientists "greeted" the Smyth report as "a portent of resumption of free publication of the result of scientific research." The physical properties of plutonium and its fissionability, the editorial added, are facts of nature "certain to be discovered by scientists in other countries." Attempted suppression of these facts, it said, "would have hampered American science, causing confusion and unnecessary repetition."

The Bulletin continued:

"The Smyth report was prepared under the instructions of the Manhattan District and approved by General Groves [Maj. Gen. Leslie R. Groves, head of the Manhattan District]. * * *

"No scientist would have protested—as a scientist—if complete secrecy were preserved as to the plants at Oak Ridge and Hanford. * * *

"It is ironical that scientists are accused of a desire to reveal 'atomic secrets' because they want to publish the properties of a new uranium compound, the nuclear characteristics of a new isotope, or clinical observations on the effects of radiation, while the only important—and from the point of view of scientific progress, unnecessary—revelations concerning the military and industrial aspects of atomic energy have come from the professeed 'guardians of atomic security.'"

Gem-Case Colonel Japan-Bound

Fairfield, Cal., Feb. 17 (AP)—Col. Edward J. Murray, former custodian of the Bank of Japan, was en route back to General MacArthur's Headquarters today to explain how Japanese gems worth $210,000 came into his possession and why he smuggled them into the United States.

When arrested in San Francisco recently by United States Customs officials, upon his return from overseas duty, the colonel said he regarded the gems, mostly diamonds, as "legitimate" war souvenirs.

Murray, 55, and a veteran of both World Wars, was being returned to Japan under technical arrest and in custody of army and United States Customs officers. They departed yesterday from the Fairfield-Suisun army air field.

Customs agents said the colonel, a resident of Palo Alto, Cal., had $10,000 in jewels concealed on his person when he arrived recently from Japan, and that they later discovered gems worth $200,000 in his safe deposit box.

"I looked on them as legitimate war souvenirs," Murray said, denying that they came from the Bank of Japan. "I thought of them as something like war bonds, something to keep and use if I needed them."

Russ Crop Experts On Tour Of Florida

Orlando, Fla., Feb. 17 (AP)—Four Russian citrus and subtropical crop experts are touring Florida after conferring with Dr. F. E. Gardner, of the United States Bureau of Plant Industry in Orlando.

They are M. A. Kaptzinel, chief agronomist of the citrus division, Ministry of Technical Crops; Imd. Gamkrelidze, director of the All-Union Tea Culture and Subtropical Plants Institute at Makharadze; A.

Gogiberidze, director of the All-Union plant-breeding station of subtropical plants at Sukhum; and M. V. Tabliashvili, associate professor of the Agricultural Institute at Tbilisy.

The Russians plan to visit several research and experiment stations in this area. They will go to Texas and California in several weeks, and then return to Florida for a more extended tour.

UN FACES ATOMIC, ALBANIAN ISSUES AT TODAY'S PARLEY

LAKE SUCCESS, N. Y., Feb. 17 —(AP) The United Nations Security Council decided today to hold two sessions tomorrow, taking up a British complaint against Albania in the morning and then resuming debate on atomic control at the previously scheduled afternoon session.

As meetings were called for 11 a. m. (E.S.T.) and 3 p. m. another highly controversial issue was handed to the council by the United States—a proposal that the Japanese mandated islands in the Pacific be placed under a U- S.-administered "strategic area" trusteeship.

One More Headache

Although no immediate action was expected on the trusteeship proposal, its formal submission added one more headache to the growing list already awaiting disposition by the council, including such questions as world-wide arms reduction.

The long-delayed Albanian case will get under way tomorrow morning when British delegate Sir Alexander Cadogan presents a 20-page memorandum backing up British charges that Albania laid mines in Corfu Channel and, as a result, caused the death of 44 British seamen and damage to two destroyers.

Britain will demand that Albania apologize and pay indemnity for the lives lost and the damage to British vessels.

To Take Up Atom Issue

At the afternoon session, the delegates expected to receive formal amendments to the American atomic control plan from Poland and Russia, which in effect would make the plan entirely unacceptable to the United States and most other delegates.

The Soviet plan, as outlined last week by Soviet Delegate Andrei A. Gromyko, calls for immediate steps to outlaw the production of atomic weapons as a preliminary to any atomic control program. Polish Delegate Jerzy Michalowski indicated he had several amendments, all of which involved the vital section of the Atomic Energy Commission's report proposing veto-free punishment of violators.

Meanwhile, United Nations officials awaited an expected statement by British Foreign Secretary Ernest Bevin in the House of Commons tomorrow on Britain's plans for bringing the Palestine question before the UN.

U.S. Tells World Of Desire For Pacific Isles

Lake Success, N.Y., Feb. 17 (AP)— The United States informed the world today that she intends to keep the strategic chains of Japanese-mandate islands in the Pacific to insure American security.

In a draft agreement submitted to Secretary General Trygve Lie and circulated to members of the United Nations Security Council, the United States Government asked the United Nations to designate these islands, including most of the Marshalls, Marianas and Carolines, as a "strategic area" under American administration.

Wide Opposition Seen

Indications were that the plan would meet immediate opposition in the Council from Russia, Great Britain, Australia and perhaps others, who want the peace treaty with Japan signed first.
